HEAD WEST threw its head on jumping, inconvenienced near 1100m, buffeted on straightening - to spell. CONSTANTINOPLE bumped at start, raced wide final 600m, buffeted on straightening. Jockey was questioned as to why he did not elect to improve his position prior to the 800m. Jockey stated that he was instructed to settle the gelding back in the field and improve his position from the 600m. Jockey advised he considered taking the gelding out from the 800m, however he felt this would not be in the gelding's best interest and he believed that another runner which was racing in the three wide position, would have then been allowed to stride forward, thereby forcing the gelding to race wider. He also stated that the gelding had not been suited by the lack of genuine pace in the early and middle stages and because of this was unable to make sufficient ground in the straight, Trainer was in agreeance with jockey's remarks and advised that in her opinion the gelding had performed in a credible manner in which the race was run. A post race Veterinary examination revealed no abnormalities. SHOTGUN KID bumped at start. BADMINTON bumped at start. FIELD COMMANDER bumped at start. PI MESON slipped behind on jumping losing ground, raced ungenerously near 1100m. VINDALOO steadied near 1310m.
