COCKY DODD Raced keenly when leading. I NEEDA CARDY Slow into stride, losing 3L. RINGER SOAK Raced keenly through the early stages. A veterinary examination revealed the mare to have returned with synchronous diaphragmatic flutter (thumps). In relation to the mare's apparent improved performance Trainer advised the mare previously had a tendency to over-race and the today the rider was instructed to allow it to stride freely and work into the race from the 800m and it will be his intention to have the mare ridden in a similar manner in future.
