STEWARDS ADVICE: All races tonight were conducted with the finish on lure system.

The Heat Policy was applied to tonight's race meeting. Several measures were taken to limit and moderate all greyhounds' exposure to these conditions. These included but were not limited to, greyhounds went straight to the starting boxes for all races (no parading), greyhounds did not return to the dais after racing, greyhounds were held in the air-conditioned kennels for at least 20 minutes after competing; under the observation of the O.T.V, greyhounds were not loaded into their transport vehicles until leaving immediately thereafter, barking muzzles are fully prohibited in greyhound racing and ample hydration and cooling practises were implemented both at kennelling time and during the race meeting.
No cases of Heat Stress were reported to Stewards or signs of distress, due to the heat, were observed by the O.T.V.
As a result of the heat policy being applied, no pre-race sampling was carried out.

There was slight delay to the commencement of Race 4 due to the lure cover coming off during the stir up. A new cover was fitted and checked and as a result the race commenced at 7.44pm.

T1 Trainer Mr S Williams was questioned by the Stewards in respect to allowing RIPPIN' CROW to fulfil it's engagement in Race 5 this evening when it had qualified to take part in the final of the Young Stars Classic on Saturday 16th November.
Mr Williams informed the Stewards that RIPPIN' CROW had previously backed up races 3 days apart and in addition the effect of the finish on lure this evening would assist the greyhound's preparation for the final on Saturday.
RIPPIN' CROW was examined post race by the On-Track Veterinarian with no abnormalities detected.
Stewards noted also that Mr Williams runner RIPPIN' MANU had the first reserve in the Young Stars Classic final and in the circumstances Mr Williams was advised should RIPPIN' CROW be withdrawn from the final he should expect further action from the Stewards.
