Stewards queried the improved performance of the greyhound CROWN MONELLI who won race 1 in 22.70. Stewards spoke with trainer Mr D. Hobby who advised the greyhound had been given a month off after being very disappointing in her first 5 starts. Mr Hobby advised the greyhound would consistently trial in similar times to what she ran tonight before qualifying and the only thing that may have affected her early on in her racing career was unfavourable box draws which dented her confidence.

During the month off Mr Hobby trialled the greyhound twice, once by herself and the other time with a greyhound where she ran similar times to her performance tonight. The greyhound has not had any injury concerns and there has been no other changes to the way the greyhound was prepared.

Mr Hobby advised he had no money on the greyhound tonight and has only ever had money on the greyhound once before where he believed she was value and ran very disappointingly. Mr Hobby was unaware if connections had anything on the greyhound tonight but he certainly didn't advise them to.

A urine sample was taken from the greyhound for further analysis.
