Club officials were reminded of their obligations in respect to turning the air conditioning on prior to 9am on race day. The car park was watered prior to the greyhounds arriving on course to ensure their safety and well being. During kennelling, Stewards carried out transport and trailer inspections. All were found to be in a satisfactory condition with there being no requirement to issue any directives.

The Heat Policy was applied to tonight's race meeting. Several measures were taken to limit and moderate all greyhounds' exposure to these conditions. These included but were not limited to, greyhounds went straight to the starting boxes for all races (no parading), greyhounds did not return to the dais after racing, greyhounds were held in the air-conditioned kennels for at least 20 minutes after competing; under the observation of the O.T.V, greyhounds were not loaded into their transport vehicles until leaving immediately thereafter, barking muzzles are fully prohibited in greyhound racing and ample hydration and cooling practises were implemented both at kennelling time and during the race meeting. No cases of Heat Stress were reported to Stewards or signs of distress, due to the heat, were observed by the O.T.V.

As a result of the heat policy being applied, no pre-race sampling was carried out.
