2YO INSPECTION ON RACE DAY

All two year old horses engaged to race are required to be inspected by the Raceday Veterinarian as soon as they arrive on course to ascertain soundness to compete. This process must be completed prior to the commencement of betting on the given race.

Any two year old examined and diagnosed as being shin sore will incur the disabilities of Local Rule 64 (c). In the event of a horse being withdrawn from its engagement under this rule, every endeavour should be made to have the trainer or stable representative present for the Veterinarians' examination.
