Regal Power

TOO STRONG IN RAILWAY

By MICHAEL HEATON

Blue-blooded Piero four-year-old Regal Power defied the lost faith of punters by producing an exhilarating win in one of the most open editions of WA's premier race, the \$1 million Group 1 Kirin Railway Stakes, at Ascot on November 23.

A three-quarter brother to Group 1 winner Arcadia Queen and out of stakes-winning mare Broadway Belle, Regal Power had to overcome barrier 13 in a 14-horse starting field and subsequently drifted to \$10 on the sixth line in betting before unleashing a devastating turn-of-foot from last position to defeat Godolphin's Best Of Days (\$9.50) by a half-length.

The Neville Parnham-trained Platoon (\$31) finished a long-neck away in third place, with Simon Miller's Achernar Star (\$14) a further head back in fourth.

The maiden Group 1 victory was Regal Power's fifth win from 15 career starts, taking his current stake earnings past the \$1 million mark off the back of a standout three-year-old autumn feature race campaign which culminated in another incredible win from near-last in the \$400,000 Group 2 WATC Derby at Ascot on April 13.

Raced by the state's leading owner-breeders, Bob and Sandra Peters, and boasting the state's most dominant trainer-jockey combination, Grant and Alana Williams and champion hoop William Pike, the gelding had plenty of admirers for this year's Railway after returning with three impressive trial performances over September and October.

Speaking after his fourth victory in the race, Peters said that, despite an initial disappointment of drawing barrier 15 out of the initial 16 acceptors, he felt the draw could prove to be a blessing in disguise.

"I said to him (Pike) when he went out, 'it's probably a good thing that I drew you wide'," Peters said.

"I was a bit worried after the last race in the Guineas when they went so slow.

"I thought a lot of those horses on the inside are going to get caught up and it's probably good that we're out there."

Gallopers linked to the masterful Peters'-Williams'-Pike trio are typically found at the top of betting markets and have the burden of incredible hype and expectation in WA racing, however many tipsters and racing analysts alike were prepared to risk Regal Power from his wide alley at his second run back from a spell.

Despite the reduced confidence levels externally, Peters says he relished the rare opportunity of a lack of pressure on his runners.

"I don't think anyone tipped him, everything was easy for us today," he said.

"We were always happy with this horse".

"Everyone's dropped off him and I thought he was our best chance in the race.

"You only had to look at his Derby run and the sectionals he can run."

The husband-and-wife powerhouse team of Grant and Alana Williams have now been part of three Railway Stakes

victories, with Grant preparing late mare Elite Belle to victory in 2014 before the pair scored their first win as a training partnership with Galaxy Star last year.

Widely-regarded as grand final specialists with a tremendous ability to get their horses to peak on the big days, Grant echoed the thoughts of Peters' regarding Regal Power's barrier draw leading into this year's main event.

"We were confident that we had the horse in pretty good condition," Williams said.

"Obviously the barrier threw us out a bit, but I spoke to Bob on Thursday and he had the option of three or 15 and I still think the 15 would've been his better option.

"I don't know if we needed to draw in close and ride him too close.

"He's one of those horses that needs to run on to them."

After finishing second to exciting four-year-old Samizdat in the Group 3 Asian Beau Stakes at Ascot first-up on November 2, a joint decision was made for Regal Power to wear blinkers for the first time in the Railway Stakes if he were able to gain a start in the field.

Despite the gelding's consistent record and feature race successes to that point, Williams says he always felt there was further improvement to come with the gear change.

"We always knew that this horse needed them," he said.

"His ability has got him through, but just going into a high-pressure mile like that, it was always up our sleeve that we could put them on.

"If it improved him by half-a-length, it done the job.

"It was a great effort from where he was in the run, to get home like he did we were very pleased."

Pike, who Williams lauded following Regal Power's victory and labelled a vital figure in his racing operation, was also aboard Elite Belle and Galaxy Star's in their Railway triumphs and has now etched one win closer to equalling Paul Harvey's race record of four wins.

Asked what difference he felt the blinkers made for the state's latest Group 1 winner, he felt they were instrumental to the winning performance.

"Just that bit sharper and a bit more responsive," he said.

"I don't think I could've made that wide move on him first-up without them, he just wasn't quite there for me.

"Once those blinkers went on and when I pressed the button, he was responsive and I think that's what the blinkers do for him.

"His first-up run was good enough, he did everything he had to, and the fact we still had the blinkers up our sleeve, it probably just kept us as happy as anything."

Despite being forced back to the tail of the field, Pike found a suitable position three-wide-with-cover on the back of Platoon before peeling to the extreme outside upon straightening.

After conceding seven lengths to the leaders approaching the 600-metre mark, the man dubbed "the wizard" admits he still felt he had some work to do, however his confidence grew rapidly once straightening for home.

"It was a pretty steady-run race and we ended up out in the flowing line," Pike said.

"I probably wouldn't have wanted to swap my run for anyone else's.

"When he let down coming around the bend, probably from the 500 to the top of the straight, when I first let him go and he got me into contention I knew I was a good chance then.

"Sometimes you turn that corner feeling like the winner, then you look up and someone's skipped on you, so I wasn't too confident until I'd straightened up and seen that no one had skipped."

2020 ROYAL ASCOT TOUR

10-21 June 2020

Join us for a right Royal Tour!

How about spending nine days in the heartland of horse racing, with a seat at Royal Ascot and visits to two of the world's most prestigious thoroughbred studs?

Arguably the most famous horse race in the world, Royal Ascot is an unforgettable parade of tradition, pageantry and fashion in one of the most beautiful settings in the country. This fabulous trip includes the quaint English town of Newmarket, where you will mix with the racing elite as everything gears towards Royal Ascot. You will be visiting some of the world's leading stud farms, including Dalham Hall and Banstead Manor. You'll have time to immerse yourself in the wonders of London, seeing sights like the Houses of Parliament, Westminster Abbey, Big Ben and Buckingham Palace for the changing of the guards.

If this trip looks like your cup of tea, make sure you don't miss it!

TOUR COST FROM

OWNERS ONLY
Own the dream

THE VANTAGE

The Owners Only at The Vantage is an exclusive area at Ascot Racecourse for owners and trainers to enjoy on the day their horse is racing. Owners with a horse accepted to race on the Saturday will receive a QR invite via email on the Thursday prior which is scanned upon arrival on race day. They will also receive a complimentary beverage and enjoy light refreshments throughout the day.

Owners Only was created in 2015 with the intention to reward and recognise owners across all three codes of racing. The Owners Only at The Vantage was launched at the start of the Ascot Racing Season and has since provided owners with a new home on race day to enjoy with fellow part-owners and trainers.

THE RACES WA

Rockingham
Beach Cup

Rockingham
Beach Cup

The Races WA hosted a VIP marquee at the iconic Rockingham Beach Cup on Sunday 17 November.

The day combined two of WA's most beloved pastimes - a day at the races, and a day at the beach, to showcase Rockingham's natural coastal beauty and WA's thoroughbred racing industry.

This seaside soiree was amplified this year with the newly completed Rockingham Foreshore Revitalisation and the premium beach side hospitality packages on offer.

Princess Satab, ridden by Renee Forrest, took out the 2019 City of Rockingham Beach Cup.

Community / TAB

Giving back

TO THE WA COMMUNITY

LIGHTS FOR LIFELINE

Community TAB is the Foundation Partner of Lifeline WA's Lights for Lifeline campaign, and this year has pledged \$4,000 to the campaign which will help train a volunteer who will answer calls from people in need.

Lights for Lifeline shines a light on suicide awareness throughout the festive season, and supports people who are lonely or in crisis this Christmas. Every 32 seconds, someone will call Lifeline WA lonely or in crisis this Christmas.

The 47,000 lights on the Lights for Lifeline Christmas tree in Yagan Square represents every person who called Lifeline WA this year.

Lifelines suicide prevention service is available 24/7 through the Telephone Crisis Support line on 13 11 14.

COMMUNITY TAB GRASSROOTS NETBALL HERO GRANT

In conjunction with Netball WA, Community TAB is launching the Hero Grant for Netball WA grassroots sites.

Netball WA grassroots sites are welcome to submit a story to Community TAB/Netball WA about how their club combats issues in the community, overcomes barriers for their participants, encourages participation and volunteering, and celebrates their indigenous culture.

Community TAB will be giving two \$2,500 Hero Grants to two grassroots sites who apply.

RACE CLUB COMMUNITY PROGRAM

Community TAB has been continuing to partner with WA race clubs in 2019 to raise funds for community groups. Over \$600,000 has been raised through the program.

Any race clubs that have already or will be taking part in the program in 2019 is going into the running to receive a \$4,000 grant from Community TAB for their race club.

The draw will take place in early January.

MUSCULAR DYSTROPHY WA

Community TAB supported Muscular Dystrophy WA Marquee Day fundraiser at Perth Racing again last weekend, by matching donations up to \$5,000, to support MDWA in delivering social programs, advocacy, counselling and NDIS support.

Amy Evans, who has muscular dystrophy, is the event ambassador and currently owns shares in six racehorses and has cheered home 18 winners.

"I've been involved in horse racing for a few years now and I couldn't imagine my life without it. I love everything about it, from watching the horse you picked out as a yearling winning their first race, to getting dressed up," said Amy.

Image: MDWA at Perth Racing

"It's great that I've been able to help MDWA raise some funds doing something that I love, with these funds going towards activities such as their Young Adult Social Group which I take part in."

MDWA CEO Hayley Lethlean said the organisation is very grateful for the extra support from Community TAB.

"Without any ongoing government funding, by partnering with us Community TAB helps MDWA to raise funds and awareness for our community and their condition and we are delighted they have chosen to support us once again at our 2019 Marquee Race Day" she said.

"This event is an annual fundraiser that provides much-needed funds to ensure MDWA can deliver social programs, advocacy, counselling and NDIS support as part of our community services program. It's what we call Support For Life."

"We are grateful for the support of Community TAB for the second year in a row, providing dollar for dollar donation support up to \$5,000," says Hayley.

TBA PUSH FOR *Welfare Reform*

Thoroughbred Breeders Australia (TBA) has outlined an eight-point plan, including an audit of the horse retirement data, it says will help tackle the industry's horse welfare issues.

The publication of the plan comes after TBA chief executive Tom Reilly met with Racing Australia chair Greg Nichols to discuss issues highlighted in the recent 7.30 report on the ABC.

"There are no easy fixes in this welfare discussion, but having an independent task force will be the foundation of developing good policy," Reilly wrote to members last month.

"It goes without saying, that breeders must be widely consulted in any discussions."

"The board of TBA believe the issues that have been raised need a national and collaborative response and we are determined to play our part in good policy outcomes. I have already received a number of good suggestions from breeders with ideas to assist the industry and all are gratefully received."

Establish an industry welfare taskforce: This body needs to be chaired by an independent person of standing within the industry and make recommendations to Racing Australia and the wider industry. It must include welfare experts and senior veterinarians independent of the industry's regulators.

An independent audit and review of Racing Australia's retirement data: Their data, which provides information on where a horse goes to upon retiring from racing, has been heavily criticised in the past week. While some reports have misrepresented or confused what these numbers represent, it is crucial that both the thoroughbred industry and wider public have confidence in their accuracy. As such, there must be an independent audit

of the numbers and the collection and compliance with retirement forms.

A review of the number of thoroughbreds going to livestock sales, abattoirs and meatworks: It is essential the thoroughbred industry understand the extent of the numbers as we deal with issues of horses leaving the racing or breeding industry. This will enable the thoroughbred industry to appropriately fund rehoming and retraining programs.

TBA and RA to review patterns in the foal crop: The number of horses being bred has decreased by a quarter since the mid 2000s, but we need to better understand how supply meets demand. We also need to review the number of horses being bred that do not enter racing or return to breeding.

Ensure the development of a national horse traceability register: We need to be able to follow our horses after they leave the racing or breeding industry. An industry working group needs to be established urgently to build on the political momentum for the register.

Develop national standards and guidelines for horse welfare: At present horses are not part of the Animal Health Australia framework, unlike cattle or sheep. Developing this framework would encourage best practice, especially for horses that leave the racing and breeding industry.

Start a full circle program for Australian thoroughbreds: This scheme, developed by the US Trotting Association allows people with an interest in a horse to put their name on a register so that if the animal is ever discovered to be in trouble, for example is offered at a livestock sale, the person or people on the register can be contacted. It does not oblige that person to take over responsibility for the horse, but is a way of enabling people to assist a horse they care about in times of trouble. Read more here <http://lifeafterracing.ustrotting.com/full-circle.cfm>

Establishment of an organisation similar to Drinkwise: In 2005 the alcohol industry decided to collaborate – despite their fierce commercial competition – to form a body that could promote responsible drinking and also assist them with issues around perception. Such a body would be invaluable for the thoroughbred industry, especially if driven by participants. It would also be tasked with disseminating accurate and transparent information, even on challenging issues.

PROMISING *Amelia* WINNER AT ASCOT

Amelia's Contraire has the potential and the pedigree to make the grade in black-type company this season.

Trained by Simon Miller for a syndicate managed by Amelia Park owner Peter Walsh, she's still learning the trade but was a very impressive winner of the Fifth Leg Hcp (1200m) at Ascot's Melbourne Cup day program.

Amelia's Contraire (3f Hinchinbrook – Different To by High Chaparral) was resuming after a short break following a winter prep that included a Belmont maiden win in August. She levelled up with Admiration Street (My Admiration) at the furlong and sprinted clear to score by a length.

"We drew wide so I went back and then got a good cart into the race," winning jockey Chris Parnham said.

"We knew she had plenty of ability early on and I think she can improve into Listed races."

Amelia's Contraire is from a half-sister to the dam of Dorabella (G1 NZ 1000 Guineas) and cost \$200,000 at the 2018 Inglis Easter Yearling Sale. More black-type on the page in Perth will boost her residual value when she retires to Amelia Park in Vasse.

Amelia Park welcomed a stunning Kingman colt at Segenhoe Stud in the Hunter Valley last month. His USA-bred dam Bound Copy (Street Cry) was covered to southern-hemisphere time at Juddmonte Farms last year and arrived out here in February.

Bound Copy cost 45,000gns (AUD 84,190) at the 2018 Tattersalls July Sale not long before her first foal Chairmanoftheboard won his maiden by 8 lengths at Goodwood.

Second-dam In A Bound (Ashkalani) won a G2 Queen of the Turf Stakes at Rosehill for Gai Waterhouse before being exported to England. Third-dam Bounding Away (Biscay) was Australia's Champion 2YO in 1986 for owner-breeder Tommy Smith.

SEGENHOE

All American Expat

SET FOR SAUDI CUP

All American's Hong Kong star Elusive State will be set for the world's richest horse race following his victory in the Kwangtung Cup (1600m) at Sha Tin last month.

Shouldering 59.5kg under Joao Moreira, the all-weather track-specialist posted his 8th win for owner Eden Wong and trainer Tony Millard. He had won on debut at Te Rapa before transferring off-shore in 2017.

Connections are hoping he can qualify for the \$20 million Saudi Cup (1800m) at Riyadh on February 29.

"I hope he gets enough points to go to Saudi Arabia," Wong said.

"But he needs to get a high enough rating."

Elusive State's rating has topped the 100 mark, nevertheless, his options at Sha Tin's all-weather are all but gone. "It's very tough because we've got to get an international Group class dirt horse qualified by running on the grass," Millard said.

"There are so few races for him in Hong Kong but we've got a plan and hopefully we can pull it off.

"There's more improvement to come. He won that with authority while giving the second horse 10 pounds and a hiding."

Elusive State was given the run of the race before taking over from front-runner Buddies (So You Think).

"When I pulled him out and gave him a clear run, I was always going to be the winner because I know his finish is strong," Moreira said.

"Even with top-weight, he was giving me so much confidence through the race.

"He's a nice horse and Tony has improved him tremendously. It's a real pleasure to ride him."

Elusive State (6g All American – Jarada by Redoute's Choice) is a half-brother to Absolut Excelencia (LR Gore Guineas) and Fasika (LR South Pacific Classic).

The Hong Kong result came a day after All American 2yo filly Too Spicy scored an eye-catching victory in Perth. She is the first of her sire's WA-bred progeny from Geisel Park Stud where he stands for a \$6,600 service fee.

SESSIONS WINNER FEELS LIKE A *ferrari*

Back in May, Oakland Park owner Neville Duncan predicted the winners would start flowing for Sessions towards the end of the year.

They're doing that and more in the spring and summer of their 3yo season with Massimo adding his name to the growing list of winners at Ascot last month. The Adam Durrant-trained gelding controlled the Myatts Field Vineyards Hcp (1200m) and was strong through the line for Willie Pike.

"He's a proper horse and I thought he could win wherever he landed although I didn't think it would be ideal in the lead," Durrant conceded.

"He's a natural and, when you're on board, it feels like a Ferrari"

"We will keep banking the Westspeed bonuses and set him for those 3yo stakes races at the carnival."

Massimo is an Oakland Park homebred and is raced in partnership with Adam's sister Renee Durrant. He's a half-brother to the dam of G1 Golden Rose winner Exosphere (Lonhro).

Sessions was purchased from Godolphin after a career that garnered five wins to Group 2 level in The Shorts (1100m) at Randwick.

"He has the temperament and physique to match that ability," Duncan said.

"The Lonhro connection also won me. He's really making a name for himself as a sire of sires."

Superstorm complemented the Sessions haul for Oakland Park in the Mrs Mac's Hcp (1400m) at Ascot on Tuesday. The Sebring 3yo is a homebred for Peters Investments but his dam Stormy Nova (Metal Storm) was catalogued for the 2017 Magic Millions National Sale and Duncan swooped with \$45,000 to take her back to WA.

Stormy Nova has a yearling colt by Street Boss and she had a delayed date with Sessions last December.

Sessions stands for a \$5,500 service fee at Oakland Park alongside King's Troop who is available for \$2,750.

Additional Fee for Horses Ineligible to Trial	\$100.00	\$10.00	\$110.00

TRIALS AND JUMPOUTS

ELIGIBILITY TO TRIAL

Trainers are advised that restrictions on horses permitted to barrier trial, as printed in each edition of The Races WA.

Trainers are advised to familiarise themselves with the eligibility restrictions for horses to trial by clicking [here](#). Horses entered for trials that are not eligible under this criteria, will be permitted to trial but be subject to a further fee of \$110 (additional to the standard trial fee).

HORSES ELIGIBLE FOR TRIALS ARE:

Horses referred back to trials by Stipendiary Stewards.

Horses which have not raced or trialled in the preceding 6 weeks.

All two-year-old horses. Must be ridden by a licensed jockey or apprentice who has ridden in at least fifty races.

All three-year-old horses.

All unraced horses. Must be ridden by a licensed jockey or apprentice who has ridden in at least fifty races.

Horses ridden by non-permit apprentices, or apprentices who have had less than fifty race rides.

PLEASE BE ADVISED

Trainers wishing to trial a horse not eligible under the standard conditions (see above) must declare this at the time of nomination and will be subject to a further fee of \$110 (additional to the standard trial fee).

LATE NOMINATIONS will **NOT BE ACCEPTED** unless under exceptional circumstances, such as communication or clerical error.

TRIAL ENTRIES

Trainers are reminded that no horse shall be permitted to start in a trial unless the following has been completed.

- Horse registered with Racing Australia (48 hours prior to close of nominations)
- Stable return lodged with Racing Australia (24 hours prior to close of nominations)

TRIAL FEES

Metropolitan: \$87.00 *(ex gst)

Provincial/Country: \$101.50* (ex gst)

*inclusive of jockey riding fee of \$54.00 where applicable. (as of 3/08/2018)

HORSES ELIGIBLE FOR SUPERVISED JUMP OUTS ARE:

Unraced horses.

Unnamed horses (must be branded).

In accordance to the Register of Nationally Approved Gear –

Prior to being permitted to wear a combination of Blinkers/Visor Blinkers or Winkers with a Nose Roll in a race, a two year old or unraced horse must trial to the satisfaction of the Stewards prior to acceptance time wearing the relevant gear. Horses which have previously raced do not have to trial for approval.

Trainers please be advised that it is an obligation that the ID CARD is presented when a horse first trials and if such requirement is not met, Stewards will record that the inspection was not completed and as such the horse will not be permitted to trial or race until the ID CARD is presented - This can be at its second trial or first race start.

These are organised trials and will be conducted under the supervision of the Stipendiary Stewards. Heats will be for:

TWO-YEARS-OLD (from September onwards if sufficient entries)

Belmont Park 400 metres & 1000 metres

Lark Hill 400 metres & 950 metres

Bunbury 400 metres & 1000 metres

THREE-YEARS-OLD

Belmont Park 400 metres & 1000 metres

Lark Hill 400 metres & 950 metres

Bunbury 400 metres & 1000 metres

FOUR-YEARS-OLD & OVER

Belmont Park 1000 metres & 1200 metres

Lark Hill 950 metres & 1450 metres

Bunbury 400 metres, 1000 metres & 1400 metres

Ascot/Belmont Park

First Heat will not run before 8.30am

Lark Hill

First Heat will not be run before 8.30am (summer); First Heat will not run before 9.00am (winter)

Bunbury

First Heat will not run before 9.30am (weather permitting)

TRAINERS PLEASE NOTE: Nominations for LARK HILL (only) jump outs close at the same time as TRIAL NOMINATIONS.

RACE TYPES & CONDITIONS

2YO 0MW - SPECIAL CONDITIONS RACE

For horses two-years-old which at the time of starting have not won a race on the flat in a metropolitan area in Australia or anywhere outside Australia other than:

- (i) a race on the flat in a metropolitan area in Australia where the prize to the winner is less than \$24,000; OR
- (ii) a race on the flat anywhere outside Australia where the prize to the winner is less than \$A24,000.

3YO 0MW-LAST-YEAR HANDICAP - SPECIAL CONDITIONS RACE

For horses three-years-old which at the time of starting have not won a race on the flat in a metropolitan area in Australia or anywhere outside Australia within the last year other than:

- (i) a race on the flat in a metropolitan area in Australia where the prize to the winner is less than \$24,000; OR
- (ii) a race on the flat anywhere outside Australia where the prize to the winner is less than \$A24,000.

3YO GRADUATION HANDICAP - SPECIAL CONDITIONS RACE

For horses three-years-old which at the time of starting have not won more than one race on the flat in a metropolitan area in Australia or anywhere outside Australia other than:

- (i) a race on the flat in a metropolitan area in Australia where the prize to the winner is less than \$24,000; OR
- (ii) a race on the flat anywhere outside Australia where the prize to the winner is less than \$A24,000.

3UP 0MW-LAST-YEAR HANDICAP - SPECIAL CONDITIONS RACE

For horses three years-old and upwards which at the time of starting have not won a race on the flat in a metropolitan area in Australia or anywhere outside Australia within the last year other than:

- (i) a race on the flat in a metropolitan area in Australia where the prize to the winner is less than \$24,000; OR
- (ii) a race on the flat anywhere outside Australia where the prize to the winner is less than \$A24,000.

3UP GRADUATION HANDICAP - SPECIAL CONDITIONS RACE

For horses three years-old and upwards which at the time of starting have not won more than one race on the flat in a metropolitan area in Australia or anywhere outside Australia other than:

- (i) a race on the flat in a metropolitan area in Australia where the prize to the winner is less than \$24,000; OR
- (ii) a race on the flat anywhere outside Australia where the prize to the winner is less than \$A24,000.

* In determining the eligibility of any horse to compete in "Special Conditions" races in Western Australia, any wins in a group, listed, or restricted listed race in any area shall be deemed to be a metropolitan win.

CONDITIONS FOR RESTRICTED RACES

AR1A.A Maiden Race is one restricted to horses which at the time of starting have never won on the flat a race at a registered meeting or any advertised race in any country.

A Trophy Race is a race in which the prizemoney and/or value of any trophy to the winner does not exceed \$5,000.

A Class A Race is one restricted to horses which, at the time of starting, have not generated prizes in the aggregate worth more than \$6,000 for wins in races on the flat and have never won a race on the flat outside Australia.

A Class B Race is one restricted to horses which, at the time of starting, have not generated prizes in the aggregate worth more than \$12,500 for wins in races on the flat and have never won a race on the flat outside Australia.

* The value of the prize to the winner shall not exceed:

in a Class A Race - \$6,000

in a Class B Race - \$12,500.

Provided that Class A and/or Class B races shall not be programmed for TAB meetings, except in the Northern Territory, King Island and approved country areas of Western Australia, and that each Principal Racing Authority should restrict Class A and Class B races to "remote/minor" race meetings, as determined by the Principal Racing Authority.

A CLASS ONE RACE is one restricted to horses which, at the time of starting, have not won more than one race on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse.

Further provided that, notwithstanding the foregoing provisions, the winner of any Group Race, Listed Race or Restricted Listed Race shall be ineligible.

A CLASS TWO RACE is one restricted to horses which, at the time of starting, have not won more than two races on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse. Further provided that, notwithstanding the foregoing provisions, the winner of any Group Race, Listed Race or Restricted Listed Race shall be ineligible.

A CLASS THREE RACE is one restricted to horses which, at the time of starting, have not won more than three races on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse. Further provided that, notwithstanding the foregoing provisions, the winner of any Group Race, Listed Race or Restricted Listed Race shall be ineligible.

A CLASS FOUR RACE is one restricted to horses which, at the time of starting, have not won more than four races on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse. Further provided that, notwithstanding the foregoing provisions, the winner of any Group Race, Listed Race or Restricted Listed Race shall be ineligible.

A CLASS FIVE RACE is one restricted to horses which, at the time of starting, have not won more than five races on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse. Further provided that, notwithstanding the foregoing provisions, the winner of either of the following races shall be ineligible:

- (a) Any Group Race; or
- (b) Any Listed Race or Restricted Listed Race in which horses older than 2yo could run.
- (c) More than one Listed Race or Restricted Listed Race in which 2yos only could run.

A CLASS SIX RACE is one restricted to horses which, at the time of starting, have not won more than six races on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse. Further provided that, notwithstanding the foregoing provisions, the winner of the following races shall be ineligible:

- (a) Any Group Race; or
- (b) Any Listed Race or Restricted Listed Race in which horses older than 2yo could run; or
- (c) More than one Listed Race or Restricted Listed Race in which 2yos only could run.

Standard 'Set Weight & Penalties' Conditions for Two-Years-Old Plates**Colts & Geldings 56.0kg; Fillies 54.0kg****Penalties for 2YO Open Races:**

- Horses which have won a race of the advertised value to the winner of \$12,000 or over to carry 1kg extra; for each additional such race thereafter a further 1kg penalty applies.
- Horses which have won a race of the advertised value to the winner of \$18,000 or over to carry 2kg extra; of two such races 3.5kg extra; for each additional such race thereafter a further 1kg penalty applies.
- Horses which have won a race of the advertised value to the winner of \$45,000 or over to carry 3kg extra; of two or more such races 5kg extra.
- Horses which have won a race of the advertised value to the winner of \$100,000 or over to carry 4kg extra; of two or more such races 6kg extra.

Penalties for 2YO No Metropolitan Win Races:

- Horses which have won a race of the advertised value to the winner of less than \$12,000 to carry 1kg extra; for each additional such race thereafter a further 1kg penalty applies
- Horses which have won a race of the advertised value to the winner of \$12,000 or over to carry 2kg extra; of two such races 3.5kg extra; of three or more such races 5kg extra; for each additional such race thereafter a further 1kg penalty applies.

Penalties not to be cumulative

If the highest weighted horse at close of nominations will be allocated less than 57.0kg, the weight of all horses in the race will be increased to reach a minimum top-weight of 57.0kg.

For races restricted to colts and geldings or fillies only, all horses shall carry 55.0kg plus the applicable penalties.

Standard 'Set Weight & Penalties' Conditions for Three-Years-Old Plates**Colts & Geldings 56.0kg; Fillies 54.0kg****Penalties for 3YO Open Races:**

- Horses which have won a race of the advertised value to the winner of \$12,000 or over to carry 1kg extra; for each additional such race thereafter a further 1kg penalty applies.
- Horses which have won a race of the advertised value to the winner of \$18,000 or over to carry 2kg extra; of two such races 3.5kg extra; for each additional such race thereafter a further 1kg penalty applies.
- Horses which have won a race of the advertised value to the winner of \$45,000 or over to carry 3kg extra; of two such races 5kg extra; of three or more such races 6kg extra.
- Horses which have won a race of the advertised value to the winner of \$100,000 or over to carry 4kg extra; of two such races 6kg extra; of three or more such races 7kg extra.

Penalties not to be cumulative

If the highest weighted horse at close of nominations will be allocated less than 57.0kg, the weight of all horses in the race will be increased to reach a minimum top-weight of 57.0kg.

GENERAL RACING AND TRAINING CONDITIONS

RULES

All race meetings in Western Australia shall be held under the Rules, Regulations and Conditions of Racing and Wagering Western Australia (RWWA).

POWERS OF RWWA

RWWA reserves the right from time to time to alter the date of running to make any alteration or modification in the programme, including the sequences or times of the races; to alter the dates and times for taking entries, the declaration of handicaps and acceptances, to vary the amounts of prize-money, forfeits and acceptance fees advertised, or the distance of any race; to combine any two races on such conditions as RWWA may think fit; to extend the time for taking entries in the case of insufficient entries and call further entries; to delete a race from the program; to impose any other conditions, regulations and directions the Committee or Stewards may consider necessary; to change the venue of the meeting should it consider the conditions existing so warrant or to cancel the meeting for any reason thought fit.

LIABILITY DISCLAIMER

Notwithstanding that it or he may have acted negligently neither the Club, Chairman, RWWA nor any member of these bodies nor any officer, agent, independent contractor or employee shall be under any liability to any person for any loss, damage or injury (including death) of or to any horse or person while on any premises of the Club or while on any approach thereto or while using any facility provided by the Club or while in the custody or control or under the direction of any officer, agent, independent contractor or employee acting in the course of his duty as such officer, agent, independent contractor or employee.

IMPORTED HORSES

Any owner, or trainer who nominates a horse which has raced outside the State of Western Australia shall:

- (i) lodge with Racing and Wagering Western Australia at or before the time of starting of the race in which it is entered, a clearance from the Principal Club in whose territory such horse last raced or from an Association recognised by such Principal Club, and
- (ii) for the first nomination of such horse for any race in this State, supply at or before the time of closing of entries, particulars in writing of all its wins and of its last six performances and for any future nominations by subsequent performances of such horse until its first start in this State provided that where the weights for a race are declared within twenty four hours of the closing of nominations the aforementioned details shall be supplied at least twenty-four hours before the time of closing of such entries.

CLUB NOT LIABLE FOR ENTRY

Neither RWWA, the Club nor the Secretary shall in any way be responsible for any errors which may occur in any entry, acceptance or other form filled in by any Official at the request of the nominator or trainer or the agent of any nominator or trainer.

BOUND BY RULES

Every nominator and trainer whose horse is entered for any race. Whether such entry is made by the nominator or trainer or the agent of any nominator or trainer or any Official at the request of or on behalf of any nominator, trainer or agent, shall be bound by the RWWA Rules and Regulations and the By-Laws and Conditions of the Club.

GROUP, LISTED & PRIME METROPOLITAN RACES

In Group/Listed races or any prime metropolitan race in which horses older than three can compete, entries are accepted on the condition that the nomination or declaration of acceptance for any horse may be rejected by the Handicapper.

DISCRETIONARY BALLOTING

In any race where discretionary balloting is to apply, the Committee may, in the event of the number of horses exceeding the safety limit at the barrier, in its absolute discretion, irrespective of a horse's weight, eliminate any horse or horses from the race and/or exclude any horse or horses from the operation of the usual balloting conditions.

DOUBLY ENGAGED

No horse shall run more than once on the same day at any meeting.

PENALTY

Except where otherwise stated, the winner of any race or races after the declaration of weights, shall carry such penalty (if any) as the Handicapper may impose for each win.

RACE DIVISIONS

Where the division of a race will result in more races being conducted at the meeting than that funded by RWWA, then a minimum of 75% of the original advertised prize money must be offered for each division. Each division shall be worth an equal amount. The division of any race must be approved by the RWWA Racing Manager.

UPDATED SCHEDULE OF FEES

(effective from 3 August 2018)

Non-Acceptance Fee: \$45

Late Scratching Fee (prior to close of final riders): \$100

Late Scratching Fee: \$219.00

Trial Fees:

Metropolitan \$87.00

Provincial & Country \$101.50

*All fees are exclusive of GST

BALLOTING CONDITIONS

Where the number of horses in any race exceeds the number set down by the Stewards or Committee of the Club RWWA may, except where special balloting conditions apply, implement any or all of the following conditions to eliminate horses to meet the limits.

- (a) Subject to the provisions of LR51A (1) any horse considered a final acceptor for more than one race at the same meeting shall be withdrawn from the race with the higher number of acceptors. Provided that horses will always be withdrawn from a non-feature race and not be withdrawn from a Group, Listed or other race advertised as Discretionary Balloting. A horse declared an emergency runner in any race may be engaged as an acceptor for another race at the same meeting.
 - (b) Any horse engaged to run at a meeting that has already accepted will be relegated to the lowest emergency position in any subsequent race that horse is entered for. Provided that horses will be exempt from this clause if the subsequent race is a Group, Listed or other race advertised as Discretionary Balloting.
 - (c) In the event of the time for nominations being extended because of insufficient entries (or some other reason), any horse which had been nominated by the inaugural nomination time shall be given preference for a start over any horse which was nominated after the time for extending entries was announced, except when the horse is engaged to run at a meeting that has already accepted.
 - (d) Any horse classified by the Handicapper below the declared minimum weight shall be eliminated in order of the Handicappers rating. Horses with the same rating will be separated at the Handicapper's discretion. The Handicapper may, at his discretion, elevate any horse in the ballot, irrespective of that horse's rating, to correct an obvious anomaly in the ballot. For ballot purposes, the rating of all fillies and mares is increased by 4 points to recognise the 2kg sex allowance
 - (e) Any maiden horse nominated to run in a handicap race will be relegated in the ballot below horses that have already won a race, unless the maiden horse was placed second or third within its last three starts where it will be balloted by the Handicappers rating. Maiden horses relegated under this clause will be balloted in accordance with the standard maiden balloting conditions listed below under section (I).
 - (f) Notwithstanding the foregoing conditions RWWA and the Committee of the Club may, in its absolute discretion, eliminate any horse or horses from a race, and/or exclude any horse or horses from the operation of any or all of the preceding elimination conditions, irrespective of the age, allotted weight or Handicappers rating of the horse concerned.
 - (g) RWWA reserves the power to make provision for the naming of horses as Emergency Runners subsequent to any ballot; provided that when it is determined that a race shall be run in two or more divisions at close of nominations, the Emergency Runners named in any division may be placed in any other division to take the place of horses withdrawn at time of final acceptances.
 - (h) RWWA and the Committee of the Club reserves to itself the power to transfer the nomination of any horse balloted or withdrawn from the race in which it was entered to a suitable race on the same day, or another meeting where entries close on the same day. Provided that where a horse has not been withdrawn from the race prior to the time appointed for final acceptances the acceptance of the horse so transferred shall be taken as the nominator's approval of such transfer and for the purpose of eligibility, qualification or race conditions shall be deemed to have been nominated in the race to which it was transferred. Further provided that where the other horses in such race have not been withdrawn prior to the time appointed for final acceptances, the acceptance of such horses shall be taken as confirmation of the nominator's approval of the transfer of the horses concerned.
 - (i) RWWA reserves to itself the power to extend the acceptances of any given race and allow any horse withdrawn between release of weights and original scratching time to be reinserted into the field prior to the release of acceptances.
 - (j) No liability shall be incurred to the nominator of any horse or to any other person in consequence of or by reason of any departure whether intentional or otherwise from these conditions.
 - (k) In any case not provided for under the Rules, the decision of RWWA shall be final.
- (I) MAIDEN RACES
- i. Horses which have not received prize money within their last 5 starts to be placed in order of total number of starts.
 - ii. Horses which have received the lowest aggregate prize money within their last five starts. Horses with equal aggregate prize money to be placed in order at the Handicappers discretion.
 - iii. Horses which have had two unplaced race starts.
 - iv. Horses which have had one unplaced race start.
 - v. Unraced horses. (Horses placed first in trials will take preference over trial placegetters. Trial placegetters will take preference over unplaced trial runners. Horses which need to be separated within trial categories shall be done so at the discretion of the Handicapper ie: Trial winner category, trial placegetter category etc.)
 - vi. Horses which have earned prizemoney by placing 2nd – 5th in a prime metropolitan race within their last 3 starts; or have earned prizemoney by placing 2nd – 4th in a provincial or midweek metropolitan race within their last 3 starts; or have earned prizemoney by placing 2nd – 3rd in a country race within their last 3 starts. Horses to be placed in descending order of prizemoney earned in last 3 starts.
- * In balloting maiden races prizemoney for placings 1st to 6th only is taken into account.

AR175B.(3) OWNERS LAYING RUNNERS

Please be aware that there have been some recent instances of owners laying their own runner on betting exchanges, which is an offence under the Australian Rules of Racing. To date Stewards' investigations have revealed no malign intent in these lay bets and as such cautions have been issued to first time offenders. However with an increasing number of these cases, the RWWA Stewards feel it is appropriate to remind owners of their obligations in regards to AR175B.(3)

AR175B.

...

(3) A nominator must not lay any horse that is or may be entered by him or on his behalf, provided that a bookmaker may lay a horse in accordance with his licence.

...

(7) For the purposes of this rule "lay" means the offering or the placing of a bet on a horse:

- (a) to lose a race; or
- (b) to be beaten by any other runner or runners; or
- (c) to be beaten by any margin or range of margins; or
- (d) that a horse will not be placed in a race in accordance with the provisions of AR.157

AR.175C. In circumstances where it is an offence for a person to lay a horse under AR.175B. it shall also be an offence for that person to:

- (a) have a horse laid on his behalf; or
- (b) receive any moneys or other valuable consideration in any way connected with the laying of the horse by another person.

"Nominator" means any owner or if the horse is leased any lessee by or on whose behalf a horse is entered and includes any Registered Manager for a Company and any trustee for a Syndicate and any person exercising the rights of a nominator under the Rules by reason of the death of a nominator, the sale of a horse with engagements, the termination of a lease or otherwise.

FINE APPLICABLE FOR FAILURE TO PRODUCE A RECORD OF TREATMENT/S

The requirements for the recording of treatment records are set out in Rule AR178F and are also described in the Prohibited Substances section of this magazine. Trainers should ensure that they are familiar with this rule and requirements.

Currently there are no set penalties applied for a breach of this rule.

Trainers are now advised that, in order to encourage compliance, commencing 1 September 2015 a minimum mandatory fine of \$300 will be applied by Stewards for any first offence breach of AR178F.

RACING OF AGED HORSES 12 YEARS OR OLDER - REPLACEMENT OF AR.45B

Currently Rule 45B provides that a horse that is aged 12 years or more 'shall not be permitted to start in any race unless it has undergone a pre-race veterinary examination which satisfies the Stewards that the horse should be permitted to start.' The effect of this rule is to allow horses aged 12 years or more to race, but only after a veterinary examination which is to the satisfaction of the Stewards.

The Australian Racing Board (now Racing Australia) sought advice from the Veterinary and Analysts Committee (VAC) in respect of an appropriate compulsory retirement age of horses. The critical premise of the advice obtained was the fundamental importance of animal welfare, and related public perception.

The VAC's advice, which is supported by data, research and sound welfare policy, recommended a new rule which prohibits horses from racing once they reach 13 years of age, and also that more stringent steps be taken to approve 12 year old horses to race.

Furthermore, VAC recommended that Rule 45B be re-drafted to require that any horse aged 12 years must obtain the Stewards' permission to race during its 12 year old racing season. The re-drafted rule sets out more comprehensive provisions in respect of how the Stewards' permission is to be granted.

It has been decided to replace AR.45B as follows;

AR.45B

(1) Subject to AR.45B(2), a horse that is aged 12 years is not permitted to race.

(2) The Stewards may give their express permission for a horse aged 12 to start in a race or races during its 12 year old racing season, if:

- a. the trainer provides to the Stewards a veterinary report in respect of the horse's condition and suitability to race, and any other information, examination or report as required by the Stewards; and
- b. the Stewards are satisfied that the horse is suitable to race.

(3) Any permission granted by the Stewards pursuant to AR 45B(2) expires at the conclusion of the horse's 12 year old racing season, or earlier as provided by the Stewards.

(4) Upon a horse turning 13 years of age, it is immediately retired and de-registered under these Rules and is ineligible to race, trial or be trained.

(5) If a horse aged 12 participates in any race without permission given by the Stewards in accordance with this rule or if a horse over 12 years participates in a race:

- a. the trainer and any other relevant person may be penalised; and/or
- b. the horse may be disqualified for the relevant race."

Date of Effect: 1 August, 2015

Notwithstanding AR45B owners are reminded that upon a horse being retired that they must comply with rule 64JA(1) as follows;

AR.64JA

(1) Where a horse has been retired from racing, the Manager (as defined in AR.1) of the horse at time of its retirement must, within one month of the horse's retirement, notify the Registrar by lodging the relevant form prescribed by the Registrar.

"OFFICIALLY ELIGIBLE TO TRIAL"

Trainers please be advised that, if you are wishing to trial a horse, they must come under the following categories to be 'officially eligible to trial' as stated below:

- Horses referred back to trials by Stewards
- Horses which have not raced or trialed in the preceding 12 weeks.
- All two year - old horses.
- All three year old horses.
- All unraced horses.
- Horses ridden by a non-permit apprentice, or apprentice that has had less than 50 race rides.

If they do not fall under any of the categories above, an ADDITIONAL FEE of \$110 will apply on trialling.

LATE NOMINATIONS will NOT BE ACCEPTED unless under exceptional circumstances, such as a communication or clerical error.

NOTICES

TRAINER & OWNER REFORMS (TOR)

NOTICE OF AMENDMENTS TO CO-OWNER AGREEMENT (COA)

Summary:

Since the commencement of the TOR in August 2017, Racing Australia has been continually monitoring the effectiveness of its processes and agreements, including via feedback from Principal Racing Authorities and industry participants.

Racing Australia is now amending the COA to address issues that have arisen during the TOR's first year of operation.

A summary of the amendments to the COA is set out below.

- **Clause 1.1 & 1.2** – To identify the effective date (1 August 2018) of the revised COA.
- **Clause 3.6(d)** – Proviso that where owners with 50% ownership of a horse wish to accept a trainer's fees notice, and owners with the other 50% ownership wish to object to the fees notice, the managing owner must object on behalf of the owners.
- **Clause 4.3** – To clarify the sale process where an owner wants to sell only their interest in the horse, as opposed to where the ownership group (with majority consent) wants to sell the whole horse.

The revised COA is available at www.racingaustralia.horse

Date of effect: 1 August 2018

TRAINER & OWNER REFORMS (TOR)

NOTICE OF AMENDMENTS TO STANDARD TRAINING AGREEMENT (STA)

Summary:

Since the commencement of the TOR in August 2017, Racing Australia has been continually monitoring the effectiveness of its processes and agreements, including via feedback from Principal Racing Authorities and industry participants.

Racing Australia is now amending the STA to address issues that have arisen during the TOR's first year of operation.

A summary of the amendments to the STA is set out below.

- **Clause 1.1** – To identify the effective date (1 August 2018) of the revised STA.
- **Clause 3.1 & 3.3** – For consistency with amendments to TOR Rule 3 (effective 1 August 2018).
- **Clause 8.1(d)** – A trainer's right to retain horse identification documents only applies where the defaulting owner/s has an interest in more than 50% of the horse (but does not apply to the thoroughbred identification card).
- **Clause 8.1(h)** – A trainer's right to sell a defaulting owner's interest in a horse is only permitted where: (a) the trainer has filed a valid Enforcement Action Application with Racing Australia; or (b) a Training Disputes Tribunal has made an order in favour of the trainer but the owner has not complied with that order.

- **Clause 8.2** – A trainer's right to sell a defaulting owner's interest in a horse ceases if payment of the outstanding debt is made during the notice period. If the interest is not sold within 60 days of being offered for sale, the trainer must comply with the notice/sale process again.
- **Clause 14** – New provision that requires a trainer and owner/s to attempt to resolve, including through mediation, any disputes not concerning payment (i.e. which are not covered by the TOR) before commencing legal proceedings.

The revised STA is available at www.racingaustralia.horse

Date of effect: 1 August 2018

NOTICE REGARDING THE NUMBER OF MEMBERS IN A SYNDICATE AND NEW RULE IN RELATION TO SECRET COMMISSIONS

NUMBER OF MEMBERS IN A SYNDICATE

Racing Australia previously made an amendment to AR.69(c) to correlate with ASIC's decision to increase the maximum number of members in a registered syndicate from 20 to 50 (for the purposes of obtaining exemption from a number of the provisions of the Corporations Act in respect of managed investment schemes).

Syndicates containing from 20 to 50 members are restricted to those entitled to exemption under ASIC Corporations (Horse Schemes) Instrument 2016/790 (or any instrument, regulation or class order that replaces or supersedes that Instrument.)

Further amendments are therefore required to Rules AR.69 and AR.69A(b), to properly reflect the decision of ASIC.

Also, the wording "Subject to AR.69F" at the beginning of AR.69 is redundant as AR.69F was rescinded in December 1998.

The following rules will therefore be amended accordingly as follows;

1. Amend AR.69 as follows:

"AR.69. A horse shall not be entered or raced except by;

- (a) A natural person, or a combination of not more than twenty natural persons.
- (b) A syndicate.
- (c) A combination of one or more registered syndicates and/or natural persons totalling in all not more than twenty.

Provided the syndicate has been registered in accordance with the Rules of Racing and complies with the Regulations."

2. Amend AR.69A(b) as follows:

"AR.69A.

"(b) A combination of persons not exceeding twenty (or fifty in the case of a horse racing syndicate entitled to exemption under ASIC Corporations (Horse Schemes) Instrument 2016/790 (or any instrument, regulation or class order that replaces or supersedes that Instrument))."

Any queries in regard to the number of members permitted in a Syndicate should be directed to the RWWA Licensing and Registration Department.

NEW RULE AR.28 IN RELATION TO SECRET COMMISSIONS

This rule deals with the issue of Secret Commissions in racing.

This new rule applies to all those involved in the selling and trading of Thoroughbreds. Any such person must not receive, solicit or offer any payment or benefit that has not been fully disclosed and consented by all parties involved in the ownership, sale and purchase of that horse.

Please refer to the RWWA Rules of Racing that appear in the Industry - Integrity section of the RWWA website for details of the wording of AR.28.

PRE-ACCEPTANCE FINANCIAL INFORMATION REQUIREMENTS (GST COMPLIANCE)

When participants win stakes, bonuses or are paid any fees, a financial transaction has occurred that requires the correct treatment of GST. In order for this to take place all participants are required to submit a completed GST Declaration Form, prior to racing, so that the appropriate payment calculation can be made when stakes are processed. This form also provides RWWA with the participants banking information to make a timely payment.

If RWWA does not have completed GST Declaration Forms, the ATO require that RWWA withhold payments at a rate of 46.5% (highest tax rate) and forward to the ATO, when a GST Declaration Form has not been completed. This is a requirement under the GST Act and participant can obtain this information under the NAT 3346 guidelines on the ATO website. These funds can then be claimed as a credit by the participant in their annual income tax return.

In order to avoid payments being withheld, it is vital that your completed GST Declaration Forms is submitted prior to acceptance for a race. RWWA is currently working on system changes to implement this.

TRANSFER OF OWNERSHIP

Funds are often withheld at the request of the 'new' owner when a transfer of ownership has taken place, as the outgoing owner has not submitted the paperwork to RWWA's Licensing & Registrations Department within the correct time. There are specific rules that apply to each code in the treatment of transfers. These being;

Harness Rule 109 - the paperwork must be submitted within 7 days of entering into a lease or prior to the horse next racing, whichever is earlier and Rule 111 in respect to a transfer of ownership.

Thoroughbred AR.34 - in respect to a lease the Principal Racing Authority may refuse to accept for registration any lease, and may insist on the inclusion in a lease of provisions it considers essential.

Greyhounds R117 - within ten (10) days lodge a prescribed transfer of ownership form and Rule 119 in respect of a lease.

These rules will now be enforced so that the owner recorded with RWWA at the time of racing will be paid any monies earned. Payments will no longer be held due to paperwork not being lodged within the required time. With regard to licences, GST forms must be included with each Lease or Transfer submitted to RWWA.

LEADING OF TWO OR MORE HORSES

Local Rule 87A states:

Leading of Horses

1. The practice of leading two or more riderless horses at the same time is prohibited
2. The Stewards may penalise any person breaching this rule or found responsible for a breach of this rule

The rule prohibits any person from leading two or more riderless horses at the same time at any place or time.

TRAINER'S RESPONSIBILITY REGARDING 'NOTIFICATION OF ANY HORSE'S ILLNESS, CONDITION OR OCCURRENCE THAT MAY AFFECT ITS RUNNING IN A RACE'.

Trainers are reminded of the provisions and potential implications of rule of racing, AR.140.

X'The following are examples of, but not limited to, conditions or occurrences requiring notification to Stewards under the provisions of this rule;

- Any surgery aimed at correcting a condition that may have adversely impacted a horse's prior performances i.e. upper respiratory tract surgery or surgery to correct lameness, limb inflammation/pain or gait dysfunction.
- A horse is required to have a long period of rest to heal a pre-existing injury i.e. tendon/ligament strain.
- Lameness or musculoskeletal inflammation/pain.
- Injury to any part of the body which could potentially adversely impact on the horse's performance or consist of a welfare or public perception issue on race day, or have resulted in an interrupted preparation.
- Any condition or occurrence that has resulted in a horse missing consecutive days of normal exercise or sufficiently interrupted, and thus adversely impacted, a horse's preparation for its next race.
- Any systemic illness that has adversely impacted on a horse's health or wellbeing or may have resulted in an interrupted preparation i.e. colic attack, any illness causing loss of appetite.

NOTICES

IMPORTANT CHANGES TO THOROUGHBRED REGISTRATION ARRANGEMENTS

Thoroughbred Racing participants using the RWWA CRIS site would have noticed the below link from Racing Australia (RA). Racing and Waging Western Australia (RWWA) wishes to confirm important changes to registration functions.

From 1 December 2019, administrative duties attached to registration queries and applications will be moved from RWWA to Racing Australia (RA).

This is being done to help facilitate a more streamlined registration process for industry participants.

While RWWA will retain the functions of New Jockey Silk Applications and Promotor Syndicates, all applications for Transfer of Ownership, Syndicates, Leases, Jockey Silk Renewals, Change of Percentage, Change of Share, Deceased Estates, Banking & GST, will be received and processed by RA.

These documents will be able to be processed online or by lodging them direct to RA by email deputyregistrar@racingaustraliahorse.com.au. RA can be contacted via their website, email or by phone 1800 870 799.

APPROVED PROMOTERS

The following named persons are the only persons approved by RWWA and licensed by the Australian Securities and Investments Commission (ASIC) to promote ownership shares in horse racing schemes.

Prospective owners should be mindful that any person promoting shares in a racehorse must hold a current Australian Financial Services Licence (AFSL) with the *conditions shown below.

Person	Name	AFSL No:	*Conditions
P V Morley	Belhus Racing Stables	226693	1 (a) & (b)
Grand Syndicates	226693	1 (a) & (b)	1 (b)
B E Saxild	OZ Racing Pty Ltd	269277	1 (b)
WATA	TrotSynd Pty Ltd	269076	1 (a) & (b)
D. Connell (contact - M. Cullen)	Thoroughbred Trainers Service Centre Ltd.	288213	1 (a) & (b)
T. Johnson	Stable Connect Pty Ltd	336964	1 (a) & (b)
J V O'Neill	Prime Thoroughbreds Pty Ltd	226395	1 (a) & (b)
R J Slade	Slade Bloodstock Pty Ltd	226373	1 (a) & (b)

Australian Financial Services Licence *Conditions

1. This licence authorises the licensee to carry on a financial services business to:

(a) provide financial product advice for the following classes of financial products:

interests in managed investment schemes limited to:

(A) horse racing schemes only; and

(b) deal in a financial product by:

issuing, applying for, acquiring, varying or disposing of a financial product in respect of the following classes of financial products:

(A) interests in managed investment schemes limited to:

(1) horse racing schemes only; to retail clients.

TRANSFER'S OF OWNERSHIP - POLICY ADVICE

It is a requirement under the Rules of Racing for the name or names of every person or persons having any share or interest in the ownership or lease of a horse to be declared to RWWA prior to racing. Back-dating transfers or similar where such dates retrospectively affect the

ownership of a horse in a race already run is therefore contrary to these principles. Furthermore once payments have been correctly made by RWWA based on recorded ownership details, it is impractical to attempt to re-allocate stakes to revised owners after the event.

Industry participants, in particular those involved in horse ownership, are therefore advised when completing the required Application to Transfer (or similar document that alters the official recorded ownership,) the Date of Transfer cannot be dated prior to the horse's last race start. The practice of back-dating the Date of Transfer so as to include dates where the horse has already raced will not be accepted and instead the Date of Transfer will be given the effective date of processing. Where race starts are not included in any back-dating then the indicated Date of Transfer will be recorded.

This policy shall be consistently applied across all codes.

Thoroughbred and Harness Racing - Appeal or Leave to Appeal \$388

Greyhound Racing - Appeal or Leave to Appeal \$156

All codes - Application for a Stay of Proceedings \$76

Transcript of RPAAT hearings - per page \$4

SPECIAL NOTICE TO ALL RACE CLUBS, LICENSED TRAINING VENUES, TRACK MANAGERS AND TRAINERS.

Section 22 of the Occupational Health and Safety Act 1984, places certain obligations on persons in control of a workplace that may relate to Clubs and Training tracks in the following terms:

22. Duties of persons who have control of workplaces

(1) A person that has, to any extent, control of —

(a) a workplace where persons who are not employees of that person work or are likely to be in the course of their work; or

(b) the means of access to and egress from a workplace, shall take such measures as are practicable to ensure that the workplace, or the means of access to or egress from the workplace, as the case may be, are such that persons who are at the workplace or use the means of access to and egress from the workplace are not exposed to hazards.

(2) Where a person has, by virtue of a contract or lease, an obligation of any extent in relation to the maintenance or repair of a workplace or the means of access to and egress from the workplace, the person shall be treated for the purposes of subsection (1) as being a person that has control of that workplace or that means of access or egress.

(3) A reference in this section to a person having control of any workplace or means of access to or egress from a workplace is a reference to a person having control of that workplace or that means of access or egress in connection with the carrying on by that person of a trade, business or undertaking (whether for profit or not).

(Sections 4-6 repealed)

(7) This section does not apply to a person whose duties are set out in section 20.

Where a trainer engages a person to carry out any type of work either

inside or outside his/her premises and the person suffers an injury or disease as a result of that engagement and the injury or disease is of a prescribed nature it must be reported forthwith to WorkSafe. The kinds of injuries to an employee which must be notified are:

- A fracture of the skull, spine or pelvis
- A fracture of any bone in the arm other than in the wrist or hand and any bone in the leg other than in the ankle or foot;
- An amputation of an arm, hand, finger, joint, leg, foot, toe or toe joint;
- The loss of sight of an eye;
- Any injury other than those referred to above which, in the opinion of a medical practitioner, is likely to prevent the employee from being able to work within 10-days of the day on which the injury occurred.

Section 35 (1)(a) & (d) of the RWWA Act 2003 prescribes that it is a function of RWWA to "(a) control, regulate and supervise racing in the State" and "(d) to supervise racing clubs and their affairs." Further Section 43 provides RWWA with authority to issue directions to a racing club or an allied body to carry out works to improve safety at racecourses or training tracks and obligates such clubs to comply with any such directions.

In order to ensure proper discharge of its legislated functions, RWWA directs that all race clubs, managers of training venues and Trainers notify RWWA Stewards of any diseases or injuries of the nature of the above sustained by jockey's, driver's or any other registered persons whilst engaged in activity regulated by licence that occurs at their venues. It is not intended that this alleviates race clubs, manager's of training venues or trainers of any legal responsibilities they may have under other Acts, such as the OHS Act 1984, however ensures RWWA can discharge its functions in relation to racing in Western Australia and ensure the proper investigation and reporting of these incidents to WorkSafe.

DISPUTE RESOLUTION - ONE CENTRAL POINT FOR LODGEMENT OF COMPLAINTS

From time to time RWWA customers seek assistance in resolving disputes regarding horse ownership, the training of horses, unpaid accounts etc.

The Racing Integrity Department (Stewards) understand how difficult, at times, it is for these matters to be settled amicably and can offer advice, and to some extent assistance, on how these matters may be resolved.

Any queries in regards to disputes of this nature should be directed to the Integrity Operations Coordinator - Mark Kemp on 9445 5227.

Notwithstanding the wide powers of RWWA and its officials, particularly the Stewards, have under the Rules those powers do not extend to dispute resolution to the extent that Stewards can compel a party to act in any way not specifically outlined in the Rules themselves. Neither do the Stewards have authority to force a person to sign away or forsake a share or interest in an animal, which has been afforded to them in accordance with the relevant Rules of Racing, or make any orders with respect to compensatory payments. This should not deter a person contacting the RWWA Integrity Department (Stewards), on the above number, who will provide advice in terms of Rules and RWWA procedures and policies and ensure these are being complied with. Matters that cannot be resolved through the application of the Rules and policies, become a civil dispute between the parties which must be resolved accordingly.

Unless a dispute involves an alleged breach of the Rules, RWWA and its officials will not become directly involved. The exception is where a dispute is the subject of proceedings at law, in which case RWWA and its officials will be guided by any decision of a court.

Any complaint against a person for an alleged breach of the Rules must be made in writing and directed to the Chief Steward of the respective racing code.

SYNDICATES & PARTNERSHIPS

All current and prospective syndicate or partnership members should be aware of the ramifications of buying shares in a racehorse.

The promotion of a scheme which sells shares in a racehorse is subject to Corporations Law and there are significant penalties for schemes that are found to be operating contrary to the law.

Importantly the laws are in place to provide protection for persons who may purchase an ownership interest in a racehorse which is offered in such a scheme.

A horse racing syndicate must be registered with the Australian Securities and Investment Commission (ASIC) before it can operate if it is a "managed investment scheme" (MIS) for the purposes of the Corporations Act. This will generally be the case if the syndicate:

- has more than 20 members; or
- is promoted by a person in the business of promoting syndicates

unless the investors in the scheme are "wholesale clients" for the purpose of the Corporations Act.

The promoter is required to have an Australian Financial Services Licence (AFSL).

A promoter of a syndicate can avoid the requirement to register a managed investment scheme with ASIC if it registers as an approved promoter with RWWA. Once approved by RWWA, the promoter can then apply to ASIC for an AFSL.

RWWA is a Lead Regulator and as such is required;

- (a) to keep a register of all promoters of horse racing schemes to which the co-regulation arrangements applies;
- (b) to register schemes which the lead regulator has agreed to regulate;
- (c) to ensure that a promoter's disclosure statement or offer document contains sufficient information to allow investors to make an informed decision and to check the accuracy of this information;

HORSES CANNOT RUN MORE THAN ONCE ON THE SAME DAY

No horse shall run more than once on the same day at any meeting except at meetings conducted by the following club:

Landor (East Gascoyne Race Club)

VETERINARY NOTICES

The presence of prohibited substances in racehorses is viewed very seriously and punishments in this area are generally severe. Therefore Racing and Wagering WA would like to draw the attention of trainers to Australian Rule of Racing 178, which states in part:

“When any horse that has been brought to a racecourse for the purpose of engaging in a race and a prohibited substance is detected in any sample taken from it prior to or following its running in any race, the trainer and any other person who was in charge of such horse at any relevant time may be penalised.

All trainers are reminded of the strict provisions of AR. 178 and of their responsibility for not only the condition, but also the care of their horses, especially in the period leading up to racing. Therefore trainers are urged, in their own interests and in the interests of racing, to take proper precautions in regard to the feeding and safeguarding of horses that are to race, and to ensure that any person having contact with these horses is fully aware of the serious consequences that could flow should a ‘positive’ sample be returned.

For advice on the use of products that may contain prohibited substances trainers should consult their veterinarian, or contact the RWWA Veterinary Department (08) 9445 5459 or 0419 933 719.

ARSENIC - Notice to Horse Trainers

Trainers and industry participants are reminded that Arsenic is a prohibited substance under both the Harness and Thoroughbred Australian Rules of Racing, when found at a level above the threshold value of 0.30 milligrams per litre in urine.

Arsenic is a chemical element which occurs in many minerals and trace amounts may be present commonly in feeds and in groundwater in the environment.

Registered veterinary products that contain Arsenic based compounds include:

Arcyl Solution for Injection
Ferrocyl injection
Troy Invigorate Injection
Jurocyl Injection.

Horse trainers are therefore reminded to avoid using these preparations close to racing, and a useful guideline is not to administer them following a single dose within a 5 clear day period before racing. Multiple administrations will prolong this period, so extreme caution must be exercised if administering them on consecutive days. The administration of any of these preparations must be recorded as treatment in a trainer’s medication log book.

A recent Australian study concluded that it is possible that Arsenic levels in horse urine may be elevated following the ingestion by a horse of Chromated Copper Arsenate (CCA) treated pine timber, a common component of horse stables and paddock fencing.

Consequently, RWWA Stewards advise that it would be prudent for trainers and industry participants to conduct an environmental audit of their facilities to ensure they eliminate access of the racehorses in their care to CCA treated pine timber products, or any other product that may present a similar risk of an elevated Arsenic level in any race day sample.

RWWA Stewards recently concluded several inquiries into matters relating to the presentation of horses by trainers with Arsenic levels above the threshold. In those matters a conviction without penalty was recorded and the horses concerned were disqualified. RWWA provides notice to trainers and industry participants that future action taken by RWWA Stewards, in matters relating to the presentation of horses with Arsenic levels which exceed the threshold, may result in penalties being imposed, regardless of any evidence relating to ingestion of CCA treated timber products or any other source.

Queries can be directed to your Veterinarian or the RWWA Veterinary Department on (08) 9445 5459.

22 February, 2018.

SPECIFIED SUBSTANCES FOR OUT-OF-COMPETITION TESTING

Summary:

AR.177B(2) is the list of specified substances and categories of substances for the purposes of the out-of-competition testing rule AR.177B.

The list must be periodically updated to include new substances and classes of substances that are identified by Racing Australia as risks to the integrity of racing and to the welfare of horses.

The updated AR.177B(2) appears below with 3 additional classes of substances and a change in order to a more logical progression. Racing Australia is of the view that these 3 substances have no place in the treatment of racehorses and that their use is a risk to the integrity of racing and the welfare of horses.

The three new categories of substance in the re-ordered list in AR.177B(2) are:

- (i) (g) haematopoietic growth factors, including but not limited to filgrastim.
- (ii) (l) corticotrophins, including adrenocorticotrophic hormone (ACTH) and tetracosactrin (tetracosactide), and corticotrophin releasing factors.
- (iii) (w) zoledronic acid and any other bisphosphonate drug not registered for veterinary use in Australia.

1. Delete AR.177B(2) and replace with the following:

“(2) For the purposes of subrule (1), the following substances are specified as prohibited substances:-

- (a) erythropoiesis-stimulating agents, including but not limited to erythropoietin (EPO), epoetin alfa, epoetin beta, darbepoetin alfa, and methoxy polyethylene glycol-epoetin beta (Mircera),
- (b) non-erythropoietic EPO-receptor agonists,
- (c) hypoxia-inducible factor (HIF) stabilisers, including but not limited to cobalt and FG-4592,
- (d) HIF activators, including but not limited to argon and xenon,
- (e) allosteric effectors of haemoglobin, including but not limited to ITPP (myo-inositol trispyrophosphate),
- (f) oxygen carriers including but not limited to perfluorochemicals, efaproxiral and modified haemoglobin products,
- (g) haematopoietic growth factors, including but not limited to filgrastim,
- (h) insulins,
- (i) growth hormones and their releasing factors,
- (j) insulin-like growth factor-1,
- (k) synthetic proteins and peptides and synthetic analogues of endogenous proteins and peptides not registered for medical or veterinary use in Australia,
- (l) corticotrophins, including adrenocorticotrophic hormone (ACTH) and tetracosactrin (tetracosactide), and corticotrophin releasing factors,
- (m) anabolic androgenic steroids (other than an anabolic androgenic steroid which is present at or below the relevant concentrations set out in AR.178C(1)),
- (n) selective androgen receptor modulators (SARMs),
- (o) selective estrogen receptor modulators (SERMs),
- (p) selective opioid receptor modulators (SORMs),
- (q) peroxisome proliferator activated receptor (PPAR) agonists, including but not limited to GW 1516,
- (r) AMPK activators, including but not limited to AICAR (5-amino-1-

D-ribofuranosyl-imidazole-4-carboxamide),

(s) other agents that directly or indirectly affect or manipulate gene expression,

(t) agents modifying myostatin function, including but not limited to myostatin inhibitors,

(u) thymosin beta,

(v) venoms of any species or derivatives thereof,

(w) zoledronic acid and any other bisphosphonate drugs not registered for veterinary use in Australia

(x) substances listed in Schedule 8 and Schedule 9 of the Standard for the Uniform Scheduling of Medicines and Poisons contained in the Australian Poisons Standard,

(y) metabolites, artifacts and isomers of any of the substances specified in paragraphs (a) to (x)."

...

Date of Effect: 1 November, 2016

FIVE CLEAR DAY RULE FOR VACCINATIONS

Summary:

There is no restriction on how close to race day a vaccine may be given to a horse.

Equine vaccines are known to produce transient local and systemic reactions following their administration, and a prohibition from starting within a specified period after their administration should be introduced.

As a vaccinated horse could present performance and integrity concerns, it is undesirable to have horses in competition inside a specified period before such vaccinations.

Consequently, Racing Australia has decided that a five clear day rule be introduced with an additional provision that vaccinations be included in the horse's treatment record. Prior permission of the Stewards could be sought for administering a dose of vaccine to a horse within the five clear day period only for the purpose of facilitating international travel, such vaccination being notified publicly.

1. Amend AR.64N as follows:

"AR.64N. (1) A trainer must not, without the express permission of the Principal Racing Authority (or the Stewards exercising powers delegated to them), enter or permit a horse that has been administered a dose of vaccine against, including but not limited to, equine herpesvirus 1 and 4, equine influenza, Hendra virus, strangles or tetanus, to participate in any race during the five clear days (as defined in AR.1) following midnight on the day the dose of vaccine was administered.

(2) A trainer must ensure a record of any administration of a dose of vaccine is included in the trainer's record of treatment for such horse in accordance with the requirements of AR.178(F)(1).

(3) Where a horse has been administered a dose of vaccine, or the Stewards reasonably suspect that a horse has been administered a dose of vaccine, during the five clear days prior to the day of a race, the Stewards may order the withdrawal of the horse from the relevant race.

(4) Any trainer who breaches AR.64N(1) or AR.64N(2) may be penalised.

Note: For the purpose of AR.64N and by way of example, if a horse was subjected to a vaccine administration at any time on a Monday (1st day of month), that horse would be ineligible to race until the following Sunday (7th day of month)."

Date of Effect: 1 November, 2016

INDUSTRY NOTICE - THOROUGHBRED RACING

REVISED URINE and NEW PLASMA THRESHOLDS FOR COBALT

Cobalt is a naturally occurring trace element which may normally be present in horses at very low levels as a result of the ingestion of feedstuffs that contain it in trace amounts. Cobalt is also present in the structure of vitamin B12 (cyanocobalamin). However, it is known that excessive amounts of cobalt have an effect on the blood system and therefore it can also be considered as a prohibited substance according to the Rules of Racing when it is at levels above those naturally occurring or as a result of routine nutritional sources, thus a threshold level was introduced into the rules of racing to control the use of cobalt in race horses.

Please be aware that:

The urine threshold for cobalt will be lowered from 200 micrograms per litre (µg/L) to 100µg/L with effect from 1st September 2016.

- 1. A plasma threshold of 25 µg/L will also be implemented from 1st September 2016. The lowered urine cobalt threshold and the introduction of a plasma cobalt threshold provide a significantly more sensitive means of detecting the abuse of cobalt in racing.**

Therefore trainers are advised:

- That a normal racing diet is more than sufficient to meet a horse's nutritional requirements for cobalt and vitamin B12.
- That registered injectable cobalt supplements offer no nutritional advantages because incorporation of cobalt into the vitamin B12 molecule occurs within the horse's gut.
- To consult with their veterinarians to ensure that their oral supplementation regimen provides only the amount of cobalt necessary to meet the scientifically established nutritional requirements of the horse for cobalt.
- To administer only nutritional supplements that are manufactured or marketed by reputable companies and to administer such supplements only at the manufacturer's recommended dose and frequency of administration.
- To avoid the simultaneous use of multiple supplements containing cobalt and vitamin B12.
- That administering products that are inadequately labelled, that make claims to enhance racing performance or to be 'undetectable', or which are marketed over the internet is extremely unwise.
- To comply with the one clear day restriction on the injection of any substance prior to racing.

Whilst the threshold has been set at a level to allow for normal levels of cobalt supplementation through routine nutritional sources, trainers are advised that the administration of certain registered vitamin supplements, particularly by injection, close to racing may result in a level of cobalt in a subsequent sample that exceeds this threshold. Trainers are therefore advised to avoid the use of these supplements close to racing.

Examples of injectable vitamin supplements that contain cobalt and/or vitamin B12 include, but are not limited to, V.A.M. injection, Hemo-15 and Hemoplex.

Please direct any inquiries to the RWWA Veterinary Department or the Stewards.

VETERINARY NOTICES

INDUSTRY NOTICE – NEW AR.178AB

OFFICIAL TRIALS EXEMPT FROM THE BAN ON INJECTIONS ONE CLEAR DAY

Trainers will be aware of the new rule proposed for introduction to ban all injections to horses within One Clear Day of competition.

This proposed Rule prohibited the use of injections of any type in horses during the One Clear Day prior to racing and official trials.

However, it has now been decided by Racing Australia to remove Official Trials from the rule. This means that the ban on injections one clear day applies to scheduled races only. This rule was introduced in Western Australia on 13 October, 2015.

“AR.178AB:

- (1) A person must not, without the permission of the Stewards, inject a horse, cause a horse to be injected or attempt to inject a horse, which is engaged to run in any race or official trial:
 - (a) at any time on the day of the scheduled race or official trial, prior to the start of such event; and
 - (b) at any time during the One Clear Day prior to 12.01am on the day of the scheduled race or official trial.
- (2) Where there has been a breach of AR.178AB(1), or the Stewards reasonably suspect that there has been a breach of AR.178AB(1), the Stewards may order the withdrawal of the horse from the relevant race or official trial.
- (3) Where there has been a contravention of AR.178AB(1), the horse may be disqualified from the relevant race in which it competed.
- (4) Any person who breaches, or is a party to a breach of, AR.178AB(1), commits an offence and may be penalised.
- (5) For the purpose of this rule:
 - (a) injection includes, but is not limited to, the insertion of a hypodermic needle into a horse;
 - (b) it is not necessary to establish whether any substance was injected, or the nature of any substance injected.”

Implications of AR.178AB

The new rule makes it an offence for any person (including a trainer, anyone else in charge of a racehorse or a veterinarian) to insert a hypodermic needle into a horse within the one clear day prior to a race

By way of example, if a horse is racing on a Saturday, the last time that the horse may be injected is midnight on the Thursday prior to the race. The horse must not be injected on the Friday or at any time on the Saturday prior to the running of the race. The one clear day ban on injections prior to competition includes, but is not limited to, the administration by injection, whether intravenously, intramuscularly, subcutaneously or any other route, of the following medications and substances:

- intravenous infusions, fluids and electrolytes;
- vitamin and mineral supplements;
- haematopoietic (blood building) agents;
- all Schedule 4 Prescription Animal Remedies and Prescription Medicines for injection; and
- any other agents for administration by injection.

However, it is noted that, for the purpose of proving a breach of AR.178AB, it is not necessary to establish what (if any) substance was injected, or was attempted to have been injected, into the horse.

Importantly, under the new rule, a person must not, without the permission of the Stewards, insert a needle into a horse for the purpose

of blood sampling for health and fitness assessment during the one clear day prior to a race. The obvious exception to the Rule is the collection of official pre-race or out-of-competition blood samples at the direction of the Stewards for the purpose of drug analyses.

IMPORTANT NOTE: The timing of the administration of many injectable products will be determined by the detection periods for the prohibited substances contained in those products. In most cases, the detection periods will be in excess of the one clear day prior to competition.

INDUSTRY NOTICE

AUSTRALIAN RULE OF RACING - AR.80E

DEFERMENT

Racing Australia has previously advised that an amended AR.80E dealing with Compounded Pharmaceuticals would be introduced on 1 August, 2015.

Racing Australia has received a number of submissions regarding the jurisdiction of the Australian Pesticides and Veterinary Medicines Authority (APVMA), especially matters related to dietary supplements and nutritional products.

In light of these representations, Racing Australia has deferred the commencement date of AR.80E to a later date to enable further consultation with stakeholders and consideration of the matters thereto.

IMPORTANT NOTICE REGARDING THE DETECTION OF THE CORTICOSTEROID DRUG DEXAMETHASONE

The International Screening Limit (ISL) for dexamethasone of 0.2ng/mL in urine has been adopted by the Australian Racing Board and will be implemented by Australian racing laboratories with effect from 1 May, 2015.

This will have important implications for the detection of dexamethasone following its administration to racehorses, and will lead to a prolongation of detection times for this corticosteroid drug.

By way of an example, the ISL was applied to the analysis of samples collected during an administration trial involving a short-acting dexamethasone preparation (dexamethasone sodium phosphate) given intravenously and conducted as part of the Equine Therapeutics Research Australia (ETRA) project and published by the Rural Industries Research Development Corporation (RIRDC). The published ETRA data sheet for dexamethasone reports a detection time of three days for the dosage regimen and pharmaceutical preparation used in the ETRA trial, and is valid for the new ISL to be applied by the Australian racing laboratories.

It should be noted that this three day detection time for dexamethasone sodium phosphate is longer than the detection time of 48 hours previously reported in the Australian Equine Veterinary Association (now Equine Veterinarians Australia – EVA) publication ‘Detection of Therapeutic Substances in Racing Horses’ (‘The White Book’), using the analytical methodology at that time.

Therefore veterinarians are advised that recommended withdrawal periods for treatment with dexamethasone sodium phosphate (for example, in products including Colvasone, Dexadrenon, Dexapent, Dexason, Dexol-5, Dexone-5) must be based on the new ETRA data sheet detection time of three (3) days and not on the previous advice provided in the EVA publication, and that trainers are warned accordingly.

It is important to note that a withdrawal (or withholding) period is not the same as a detection period. Any withdrawal period should be calculated based on the published detection time, with the addition of a suitable safety margin based on the circumstances of the administration, including dose, route of administration, preparation administered.

There have been no studies conducted on the detection of long-acting forms of injectable dexamethasone in relation to the ISL, and due to their long and unpredictable excretion, their use in racehorses should be avoided.

Date of Effect: 1 May, 2015

INTRA-ARTICULAR CORTICOSTEROID TREATMENT STAND-DOWN PERIOD

Trainers and veterinarians should note the introduction of an Australian Rule of Racing that prohibits the administration of an intra-articular ("into the joint") corticosteroid preparation to a Thoroughbred racehorse within 8 Clear Days of racing. This Rule is effective from 1st August 2014.

The Australian Racing Board has made this decision in the best interests of the welfare of the horse and safety of riders whilst being cognisant of Australian racing conditions.

The Rule reads as follows:

"AR.64M. A horse that has been subjected to an intra-articular administration of a corticosteroid preparation, whether the preparation is administered alone or in combination with other preparations, is ineligible to participate in any race, official trial or jumpout at any time during the 8 Clear Days (as defined in AR.1) following midnight on the day of the administration.

Note: A Clear Day is defined within the Rule to mean a twenty-four hour period from 12:01 a.m. to 12 midnight. For practical purposes, a clear day restriction means that the calculation of the number of days for which the procedure/treatment is banned does not take into account the day of treatment nor the day of racing."

As such a stand down time of 8 clear days equates to 10 regular days when including the day of administration and the day of racing.

For the purpose of AR.64M and by way of example, if a horse was subjected to an intra-articular administration of a corticosteroid at any time on a Monday (1st day of the month), that horse would be ineligible to race until the Wednesday of the following week (10th day of the month). Similarly, a horse treated with an intra-articular corticosteroid on a Thursday is ineligible to race until the 2nd Saturday after treatment.

Corticosteroid preparations that are subject to this rule include, but are not limited to: triamcinolone (Kenacort, Triamalone Forte), betamethasone (Celestone Chronodose), dexamethasone and methylprednisolone (Depo-Medrol) preparations. They are all Schedule 4 Prescription Medicines or Prescription Animal Remedies, and in the case of an intra-articular administration, must be administered by a veterinarian.

The minimum stand down time is intended as a minimum period before racing within which any corticosteroid preparation must not be administered intra-articularly, including the shorter-acting corticosteroids. This stand down period must not be confused with the recommended "withdrawal" time of the particular drug used. The "withdrawal" period for a prohibited substance is calculated to ensure a horse is presented clear of the prohibited substance when sampled. In certain situations, specifically for longer acting corticosteroid preparations such as methylprednisolone and for injections into low volume joints such as the lower hock joints, the recommended "withdrawal" period may be much longer than the minimum stand down time prescribed by AR.64M, and as such must continue to be observed.

Note: The administration of intra-articular corticosteroids is "treatment" according to AR.178F and therefore must be recorded by a trainer and/or their veterinarian as required by this Rule. Examination of treatment records will be one of the tools used by the Stewards to ensure trainer compliance with AR.64M.

NEW RULES PERTAINING TO THE BANNING OF ANABOLIC STEROIDS IN THE AUSTRALIAN THOROUGHBRED INDUSTRY

The Australian Racing Board (ARB) has introduced new Rules completely banning the use of anabolic steroids in thoroughbred racehorses, effective from 1 May 2014.

The relevant rules pertaining to the ban on anabolic steroids can be found following this advice. The rules ban the use of "anabolic androgenic steroids" in Thoroughbred horses at any time from birth until retirement. There are no therapeutic exemptions of any kind. The ban applies to all unregistered and registered racehorses until their retirement as a racehorse. Horses of any age can be tested at any time and this includes when spelling and in training and racing. Further, any person who either administers or attempts to administer an anabolic androgenic steroid to a thoroughbred horse at any time commits an offence under these rules.

There are many implications arising from the implementation of these rules, and to assist trainers and veterinarians in their compliance, the following explanatory note is provided.

Which steroids are banned under these rules?

The new rules ban the use of "anabolic androgenic steroids" in Thoroughbred horses at any time from birth until retirement.

"Anabolic androgenic steroids" include those that are currently registered in Australia by the APVMA for use in horses, such as boldenone, ethylestrenol (in Nitrotrain), methandriol, nandrolone, stanozolol and testosterone.

Exogenous anabolic androgenic steroids that are banned also include but are not limited to those listed in the WADA prohibited list, such as 1-androstenediol; 1-androstenedione; bolandiol; bolasterone; boldione; calusterone; clostebol; danazol; dehydrochloromethyltestosterone; desoxymethyltestosterone; drostanolone; fluoxymesterone; formebolone; furazabol; gestrinone; 4-hydroxytestosterone; mestanolone; mesterolone; metenolone; methandienone; methasterone; methyldienolone; methyl-1-testosterone; methylnor-testosterone; methyltestosterone; metribolone; mibolone; 19-norandrostenedione; norbolone; norclostebol; norethandrolone; oxabolone; oxandrolone; oxymesterone; oxymetholone; prostanazol; quinbolone; stenbolone; 1-testosterone; tetrahydrogestrinone (THG); trenbolone; and other substances with a similar chemical structure or similar biological effect(s).

Endogenous anabolic androgenic steroids are also banned when administered exogenously, and include but are not limited to: androstenediol; androstenedione; dihydrotestosterone; prasterone (dehydroepiandrosterone or DHEA); and testosterone; and their metabolites and isomers.

Altrenogest (in, for example, Regumate) is still permitted to be used in fillies and mares to regulate their oestrus cycle.

Which horses are affected by these rules?

The use of anabolic androgenic steroids will be banned from birth. There are no time or therapeutic exemptions of any kind. The ban applies to all unregistered and registered racehorses until their retirement as a racehorse. Horses can be tested at any time and this includes when spelling and in training and racing.

Can I have anabolic steroids present in my stables even when prescribed by a veterinarian?

No – the possession of any anabolic androgenic steroid, including oral paste preparations such as Nitrotrain, at any premise used in relation to the training and racing of horses will be considered an offence under the new rules. Further any person who either administers or attempts to administer an anabolic androgenic steroid to a thoroughbred horse at any time commits an offence under these rules.

VETERINARY NOTICES

How will compliance with this ban be enforced by Principal Racing Authorities?

Compliance with these rules will be enforced by Principal Racing Authorities through regular stable inspections, inspections of medications and medication records and regular out of competition testing of Thoroughbred horses, as well as through routine race day sampling.

Any registered horse that tests positive at any time for a banned anabolic androgenic steroid will not be eligible to trial or race for 12 months from the date of collection of the sample.

Any unregistered horse that tests positive at any time for a banned anabolic androgenic steroid will not be eligible to trial or race for 12 months from the later of a) the date on which the horse, having been registered, is allowed to start in a race or b) the date of collection of the sample.

RULES RELATING TO THE TREATMENT OF RACEHORSES

Trainers and Veterinarians should be aware of the implications of AR. 178C(2) and AR. 178E which have an impact on the way racehorses can be treated before racing.

AR. 178C(2) specifies a limited number of therapeutic substances that have been exempted from the provisions of the Prohibited substances rule - AR. 178B.

AR. 178C (2):

The following substances are excepted from the provisions of AR.178B: -

- antimicrobials (antibiotics) and other anti-infective agents but not including procaine penicillin (amended 1/6/11)
- antiparasitics approved and registered for use in horses (amended 1/6/11)
- ranitidine
- omeprazole
- ambroxol
- bromhexine
- demborexine
- registered vaccines against infectious agents (amended 1/6/11)
- orally administered glucosamine (added 1/12/05)
- orally administered chondroitin sulphate (added 1/10/06)
- altrenogest when administered to fillies and mares (added 1/10/06)

(sub-rule (2) added 1 June 2011)

These substances listed in AR.178C(2) effectively will no longer be considered as prohibited substances according to the Rules of Racing when administered in the manner specified. These substances include antibiotics (except for procaine penicillin), antiparasitic drugs approved and registered for use in horses, registered veterinary anti-ulcer treatments for use in horses, registered mucolytic agents for horses, registered vaccines against infectious agents in horses, the progestagen altrenogest when used in fillies and mares only, and preparations for oral administration containing glucosamine and chondroitin sulphate.

Note: the antiparasitic agent levamisole, which is contained in some sheep and cattle drenches, is not approved or registered for use in horses, and would therefore be considered a prohibited substance. The detection of levamisole and/or its metabolites, artifacts and isomers in a race day sample would be a contravention of the Australian Rules of Racing.

The administration of altrenogest to a colt, gelding or stallion, and its subsequent detection in a sample from that animal would be a contravention of the Australian Rules of Racing.

The introduction of AR 178C(2) does not imply the unrestricted use of these substances prior to racing. Their administration will still be considered as medication according to AR.1 and AR.178E, and therefore their administration to a horse is not permitted on race day prior to the horse running in its race.

NO MEDICATION ON RACE-DAY

Trainers should be aware of AR. 178E. -

(1) Notwithstanding the provisions of AR. 178C. (2), no person without the permission of the Stewards may administer any medication to a horse on race day prior to such horse running in a race.

(2) The Stewards may order the withdrawal from a race engagement any horse that has received medication in contravention of subrule (1) of this rule.

For the purposes of this rule and as defined under AR.1, medication means any treatment with drugs or other substances; whether they are Prohibited substances or not. Veterinary advice should be sought at all times.

There are a number of implications arising from this Rule:

- AR. 178E effectively prohibits all treatment of horses with drugs and other substances by injection, stomach tubing, oral syringe, topical application, inhalation or other means on race day prior to racing. Essentially, only normal feeding and drinking will be permitted in this period.
- Prior permission can be sought from the Stewards to permit race day treatment under special circumstances. Such permission, however, can only be sought by trainers and is on an individual case-by-case basis.
- Trainers should contact the RWWA Veterinary Department or the Stewards if they have any queries about the meaning of this Rule.

TESTING OF NON-RACE DAY (ELECTIVE) SAMPLES

Trainers should be aware that unpredictable and prolonged excretion times can result from the therapeutic use of certain, specific prohibited substances including long-acting corticosteroids (particularly Depo-Medrol - methyl-prednisolone acetate) and procaine, from the use of procaine penicillin.

Elective testing is strongly recommended for the above drug categories as reliable detection times are difficult, and in some cases impossible, to provide.

Through the Stewards, the Racing Chemistry Laboratory (RCL) will analyse non-race day elective urine samples for certain long-acting therapeutic drugs.

The purpose of this service is twofold. It allows trainers to determine the suitability for racing of an animal after the administration of long-acting medications; or where an animal has been transferred from the premises of another trainer.

The following long-acting drugs can be tested for under the program:

- Corticosteroids (i.e. Depo-Medrol)
- Procaine (from procaine penicillin)

Trainers and veterinarians are encouraged to use this service; however, it does not remove the responsibility, under the Rules of Racing, for a trainer to present all animals under their control free of any prohibited substances on race-day.

a) Sample Submission

1. Urine is required for testing unless specified otherwise.
2. Samples are submitted through the Stewards or RWWA Veterinary Department.
3. Stewards/RWWA Veterinarian must be advised prior to sample submission.
4. Trainers will be charged through the RWWA accounting system.
5. Samples should be submitted in a clean jar/container with lid or an RCL urine collection bottle available from the Stewards.
6. The following details must be supplied when samples are submitted.
 - Animal name and sex.
 - Drug name/s for which the sample is to be tested.
 - Treatment details i.e. drug/dose/date administered.
 - Trainer's name and contact details
7. Stewards will advise trainer when results are received from the RCL.

Cost of sample analysis (as advised by the RCL - all prices include GST)

- \$160.00 per drug category when received at RCL at least 2 working days prior to the day of the race.
- \$350.00 per drug category when received at RCL 1 working day prior to the day of the race.

For further information contact the RWWA Veterinary Department 9445 5459 or Stewards.

RULE REQUIRING COMPULSORY TREATMENT RECORDING IN RACING STABLES

Trainers and other industry participants are reminded of the provisions of AR.178F which makes it compulsory for trainers to keep accurate records of any and all treatments or medications administered to racehorses in their care. AR.178F reads:

AR.178F (1) A trainer must record treatment and medication administered to each horse in his or her care by midnight on the day on which the administration was given, and each record must include the following information:

- (a) the name of the horse;
- (b) the date and time of administration of the treatment or medication;
- (c) the name of the treatment or medication administered (brand name or active constituent);
- (d) the route of administration including by injection, stomach tube, paste, topical application or inhalation;
- (e) the amount of medication given (if applicable);
- (f) the duration of a treatment (if applicable);
- (g) the name and signature of person or persons administering and/or authorizing the administration of the treatment or medication.

(2) For the purposes of this rule:

- (a) "treatment" includes:
 - (i) shock wave therapy;
 - (ii) acupuncture (including laser treatment);
 - (iii) chiropractic treatment;

- (iv) the use of any electrical stimulation device (including transcutaneous electrical nerve stimulation (TENS));
- (v) magnetic field therapy;
- (vi) ultrasound;
- (vii) any form of oxygen therapy, including hyperbaric oxygen therapy; and
- (b) "medication" includes:
 - (i) all Controlled Drugs (Schedule 8) administered by a veterinarian;
 - (ii) all Prescription Animal Remedies (Schedule 4), including those listed in AR.178C(2);
 - (iii) all Prescription Only Medicines (Schedule 4), prescribed and/or dispensed by a veterinarian for off-label use;
 - (iv) all injectable veterinary medicines (intravenous, intramuscular, subcutaneous, intra-articular) not already included above;
 - (v) all Pharmacist Only (Schedule 3) and Pharmacy Only (Schedule 2) medicines;
 - (vi) all veterinary and other medicines containing other scheduled and unscheduled prohibited substances;
 - (vii) all alkalinising agents;
 - (viii) all herbal preparations.

(3) All records required to be kept in accordance with this AR.178F must be retained by the trainer for not less than two years.

(4) When requested, a trainer must make available to the Stewards the record of any administration of a treatment and/or medication required by sub-rule (1).

(5) A trainer who fails to comply with any provision of AR.178F commits a breach of this Rule and may be penalised.

These records must be retained for at least two years and be produced if requested by the Stewards, for example, during a stable inspection or at an official Stewards' inquiry.

Provided the required details as specified in AR.178F are entered for each treatment, there is currently no prescribed format for the recording of treatment. This is because methods of record keeping for invoicing and other purposes vary from stable to stable, depending on the size and complexity of the operation.

Suggested methods include the use of an A4 day-to-a-page diary where the required treatment details are entered daily for each horse on the corresponding page. Columns on each page would include racing name of horse, treatment administered, route of administration (oral, IV, etc), amount given, name and signature of person administering treatment, and name of person authorising treatment.

Alternatively, an A4 or similar-sized page-numbered account book might be used to enter the required treatment details on a page (or pages) for each horse in consecutive order as treatments are administered, ensuring the same details under the headings specified above are recorded, but also including the date of administration.

Electronic records using appropriate computer software are also acceptable, provided the required details as specified in AR.178F are entered, especially including the name of the person administering and/or authorising the treatment.

It is anticipated, as shown in overseas jurisdictions, that compulsory treatment recording will improve stable medication practices more generally, and will hopefully reduce the incidence of inadvertent positives to therapeutic medications (the vast majority of "positive swabs" in racing).

VETERINARY NOTICES

BRONCHODILATORS

Trainers and veterinarians are advised that human prescription bronchodilators such as IPRATROPIUM [Atrovent®], SALBUTAMOL [Ventolin®] and TERBUTALINE [Bricanyl®] are prohibited substances and as such are screened for in race day samples. Furthermore their administration to a horse pre-race on race day would constitute an offence under AR. 178E.

BICARBONATE AND OTHER ALKALINISING AGENTS (TCO₂ TESTING)

Horses presented to race with elevated levels of total carbon-dioxide (TCO₂) for any reason, including pre-race treatment with sodium bicarbonate or other alkalising agents, contravene the rules. Trainers are advised that the administration of any preparation containing alkalising agents including sodium bicarbonate, citrates, lactates, acetates, succinates, propionates, trometamol (neutrolene/neutradex/ urinary alkalisers) or hind gut buffer products within 24 hours prior to racing may lead to a breach of the Rules of Racing.

3 - METHOXYTYRAMINE

Under the Rules of Racing there is a threshold for 3-methoxytyramine, exceeding which the substance can be considered a prohibited substance, which has implications for certain stable management and feeding practices. To reduce the likelihood of inadvertent or uninformed contravention of this rule the following advice is provided.

The administration (including supplementation through feeding) of certain substances to horses has been shown, under certain circumstances, to elevate urinary levels of 3- methoxytyramine. The relevant substances include:

- tyrosine
- phenylalanine
- feeds or feed supplements containing broadbeans (*Vicia faba*) and/ or Jackbeans and horsebeans (*Mucuna species* beans).

The concurrent administration of vitamin B6 (pyroxidine) and/or magnesium with the above substances may also result in an elevation of urinary levels of 3- methoxytyramine. Trainers are therefore advised to avoid the administration of these substances close to racing.

HERBAL REMEDIES

Trainers are reminded that herbal remedies and medicines, including those obtained over-the-counter at a pharmacy, may contain prohibited substances. Trainers are strongly advised to avoid their use close to racing because the constituents of many of these preparations are unlisted or unknown. Specific examples of preparations that should be avoided include those containing guarana, kava and valerian.

WARNING ON THE USE OF HYDROCORTISONE SODIUM SUCCINATE (SOLU-CORTEF) WITHIN 48 HOURS OF RACING.

As from 1 November 2009, a new testing method has been introduced by the Australian racing laboratories which will allow the direct detection of hydrocortisone hemisuccinate (arising from the use of hydrocortisone sodium succinate) in blood and urine. This method does not require quantitative measurement of the hydrocortisone concentration and the application of the urinary threshold specified in AR.178C(1)(f).

The method detects recent use of the human prescription medicine Solu-Cortef whose active ingredient is hydrocortisone sodium succinate and which therefore should not be used within 48 hours of racing. This method can be extended to cover other injectable forms

of hydrocortisone although none of these are currently registered for use in Australia.

Industry participants are therefore advised to avoid the use of hydrocortisone sodium succinate within the 48 hours prior to racing, and are also advised that the detection of hydrocortisone hemisuccinate in a blood or urine sample at any concentration constitutes a breach of the Rules. Further, the urinary threshold in AR. 178C(1)(f) does not apply to hydrocortisone hemisuccinate.

WARNING ON THE USE OF AMINOCAPROIC ACID

Trainers and others in the racing industry are warned that aminocaproic acid is a prohibited substance and as such is screened for in race day samples.

Industry participants are also warned that there are currently no registered veterinary or human pharmaceuticals available in Australia that contain aminocaproic acid and therefore it has no legitimate use in racing horses. The presence in a racing stable of any product containing aminocaproic acid would be an offence under the Rules, and the presence of aminocaproic acid in a swab sample would be deemed to be a prohibited substance under the Rules of Racing.

Further, the administration of any “anti-bleeder” medications to a horse on raceday would constitute an offence under AR. 178E.

HYDROXYPROGESTERONE CAPROATE

Hydroxyprogesterone caproate is a female sex hormone used in a range of veterinary preparations to provide behaviour modification and pregnancy maintenance in mares and to provide a weight maintenance effect.

Hydroxyprogesterone caproate is a prohibited substance in racing under the provisions of AR. 178B.

Hydroxyprogesterone caproate is a long acting depot preparation and as such can have prolonged and extremely variable excretion times, especially after multiple administrations. Effectively the only reliable advice that can be provided to industry participants is to avoid the use of products containing hydroxyprogesterone caproate in racing horses. Elective testing is available to trainers to avoid the likelihood of positive race day samples. For advice on elective testing please contact the RWWA Veterinary Department.

Hydroxyprogesterone caproate (also known as hydroxyprogesterone hexanoate) is an active constituent of such veterinary products as; Hydroxy P 500®, Calm P®, Reepair® and Tissue Repair® (RWR). Trainers should consult their veterinary surgeon or the RWWA Veterinary Department if unsure whether veterinary preparations contain prohibited substances before they commence to use them. Screening of samples for hydroxyprogesterone caproate will involve all horses regardless of their gender i.e. involve females, geldings and entire males.

OVER-THE-COUNTER PHARMACY MEDICATIONS

Trainers should be aware that some “over-the-counter” human and/ or veterinary preparations may contain prohibited substances. Examples include but are not limited to: Enerselen (Jurox) & Kynoselen (Vetoquinol) which contain heptaminol, DADA 250 (Nature Vet); Dadal (Ranvet); Heptenal (Nature Vet) & Tridenosen (Nature Vet) which contain DADA (di-isopropylamine dichloroacetate).

Trainers are advised to avoid administering these preparations close to race-time. Furthermore trainers are advised to discuss the use of any human or animal over-the-counter pharmacy medications purchased for use on racing horses with their veterinarian as they may contain prohibited substances and their use should be avoided close to racing.

**UNREGISTERED AND IMPROPERLY PRESCRIBED/
SUPPLIED MEDICATIONS**

Trainers, veterinarians and other industry participants should be aware of Australian Rule of Racing 80E (effective 1/12/05) which states:

1. Any person commits an offence if he has in his possession or on his premises any substance or preparation that has not been registered or labelled, or prescribed, dispensed or obtained, in compliance with the relevant State and Commonwealth legislation.
2. The Stewards may take possession of any substance or preparation mentioned in sub-rule (1), and may use it as evidence in any relevant proceedings.

This Rule makes it an offence for a trainer (or anyone else in charge of racehorses in training) to have in their possession prescription medicines (whether veterinary or human) that have not been properly prescribed; or unregistered veterinary chemical products.

Trainers and others are officially warned of the dangers of administering to horses that are in work and racing:

- Unregistered medicines (veterinary and human)
- Over-the-counter pharmacy medicines
- Restricted human prescription (schedule 4 or 8) medicines
- Registered veterinary medicines not intended for use in horses
- Registered veterinary prescription (schedule 4) medicines that are not prescribed for a specific horse or are otherwise improperly labelled

The use of these preparations could lead to the risk of a treated horse returning a positive to prohibited substances when sampled on race day, and in some situations, may constitute a contravention of Commonwealth and State regulations regarding the supply and use of these preparations.

Industry participants are urged to examine their stable medicine supplies for unregistered medicines, prescription (S4) medicines that are not properly labelled by a veterinarian and medicines beyond their expiry date, and dispose of such products appropriately. Trainers should consult with their veterinarian or the RWWA Veterinarian if they are unsure as to whether a product is registered or not. Trainers are reminded to always seek professional advice whenever any racehorse is treated with any veterinary medicine or other preparation that may contain a prohibited substance.

POSSIBILITY OF CONTAMINATION

Trainers should be aware of the possibility of contamination of stables and feed by certain drugs and drug treatment regimes. Contamination of the stable area is most likely to occur with the administration of granules, powders or liquids/pastes mixed into feed. Oral treatments; are often long-term, may involve the use of larger amounts of drugs than with injectable treatments, can be subject to spillage when they are added and mixed with feed and are likely to contaminate other feeds if appropriate precautions are not taken during preparation.

In addition environmental contamination can also result from; 'messy' eaters and the urine and manure from horses, under treatment by any route of administration, which can contain low levels of a drug.

Trainers are advised that where possible a separate stable (preferably a dedicated medication stall) should be used for all treatments. Treated horses should be removed after the completion of treatment. All medications, particularly oral and topical, should be administered by a responsible person and then stored securely. Medicated feeds should be prepared separately to avoid the possibility of cross contamination or feed mix-ups. Disposable gloves should be worn when adding/mixing drugs into feed; and if the person mixing the feeds is using any personal topical medications. Topical medications such as gels, pastes

or creams may have the potential to accumulate in the hair or on the skin and act as a reservoir of the substance. Horses may also lick the treated area and ingest the substance.

If a prohibited substance is detected in a sample, the possibility of 'recycling' or environmental contamination does not absolve the trainer from their responsibilities under the Rules of Racing.

OUT-OF-COMPETITION TESTING

Australian Rule of Racing AR. 177B facilitates out of competition testing in the thoroughbred racing industry. The rule is designed to assist in the control of the use of substances that are considered to have no place in racing, such as the peptide hormones and illicit drugs. The substances to be tested out-of-competition, as well as metabolites, isomers and artefacts, are specified in the Rule below. Although the Rule allows for testing of a racehorse at any time whilst in training, out of competition testing will not apply to testing for the use of legitimate therapeutic substances within normal stable routines.

AR.177B.

(1) When a sample taken at any time from a horse being trained by a licensed person has detected in it any prohibited substance specified in sub-rule (2):

(a) The trainer and any other person who was in charge of such horse at the relevant time may be penalised unless he satisfies the Stewards that he had taken all proper precautions to prevent the administration of such prohibited substance.

(b) The horse may be disqualified from any race in which it has competed subsequent to the taking of such a sample where, in the opinion of the Stewards, the prohibited substance was likely to have had any direct and/or indirect effect on the horse at the time of the race.

(2) For the purposes of subrule (1), the following substances are specified as prohibited substances:-

(a) erythropoiesis-stimulating agents, including but not limited to erythropoietin (EPO), epoetin alfa, epoetin beta, darbepoetin alfa, and methoxy polyethylene glycol-epoetin beta (Mircera),

(b) insulins,

(c) growth hormones,

(d) insulin-like growth factor-1,

(e) substances listed in Schedule 8 and Schedule 9 of the Standard for the Uniform Scheduling of Medicines and Poisons contained in the Australian Poisons Standard,

(f) selective androgen receptor modulators (SARMS),

(g) selective estrogen receptor modulators (SERMS),

(h) selective opiate receptor modulators (SORMS),

(i) peroxisome proliferator activated receptor (PPAR) agonists, including but not limited to GW 1516,

(j) AMPK activators, including but not limited to AICAR (5-amino-1-D-ribofuranosyl-imidazole-4-carboxamide),

(k) other agents that directly or indirectly affect or manipulate gene expression,

(l) hypoxia inducible factor (HIF) stabilisers, including but not limited to cobalt and ITPP (myo-inositol trispyrophosphate), and hypoxia inducible factor (HIF) activators, including but not limited to xenon and argon,

(m) agents modifying myostatin function, including but not limited to myostatin inhibitors,

(n) oxygen carriers including but not limited to perfluorochemicals, efaproxiral and modified haemoglobin products,

VETERINARY NOTICES

- (o) thymosin beta,
- (p) venoms of any species or derivatives thereof,
- (q) synthetic proteins and peptides and synthetic analogues of endogenous proteins and peptides not registered for medical or veterinary use,
- (r) anabolic androgenic steroids (other than an anabolic androgenic steroid which is present at or below the relevant concentrations set out in AR.178C(1)),
- (s) metabolites, artifacts and isomers of any of the substances specified in paragraphs (a) to (r).

(3) The Australian Racing Board may determine at any time any addition to this list of substances in subrule (2) and publish such additions in the Racing Calendar.

(4) The substances bufotenine, butorphanol, 3-(2-dimethylaminoethyl)-4-hydroxyindole, N,N-dimethyltryptamine, ketamine, methadone, morphine, pethidine and quinalbarbitone, and their metabolites, artifacts and isomers, are excepted from the provisions of this Rule, but would be specified as prohibited substances for the purposes of AR.175(h), AR.177, AR.177A, AR.178 and AR.178A.

(5) If any substance or preparation that could give rise to an offence under this rule if administered to a horse at any time is found at any time at any premises used in relation to the training or racing of horses then any owner, trainer or person who owns, trains or races or is in charge of horses at those premises is deemed to have the substance or preparation in their possession and such person shall be guilty of an offence and liable to penalty.

(6) Any person who, in the opinion of the Stewards, administers, attempts to administer, causes to be administered or is a party to the administration of, any prohibited substance specified in subrule (2) to a horse being trained by a licensed trainer must be penalised in accordance with AR.196(5).

STORAGE OF SAMPLES

Trainers and others in the racing industry are notified of the provisions of AR. 178DD:

which empowers the Stewards to direct the ChemCentre to store any race day samples taken from horses. Any samples may be analysed at a later date, and any positive findings on analysis would, prima facie, indicate a contravention of the relevant provisions of the Australian Rules of Racing.

SCREENING LIMITS

For the purpose of Thoroughbred Rule AR 257 and Harness Rule HRR 188B, it is hereby notified that screening limits applicable to the following therapeutic substances, as approved by Racing Australia and Harness Racing Australia, are set out as follows;

- acepromazine – 0.02 nanograms per millilitre (ng/mL) in plasma
- acepromazine – 10ng/mL of the 2-(1-hydroxyethyl) promazine sulphoxide metabolite in urine
- betamethasone – 0.20ng/mL in urine
- butorphanol – 0.01ng/mL in plasma
- butorphanol – 1ng/mL in urine
- carprofen – 100ng/mL in plasma
- carprofen – 100ng/mL in urine
- dantrolene – 1ng/mL of the 5-hydroxydantrolene metabolite in unhydrolysed urine
- detomidine – 0.02ng/mL of the 3'-hydroxydetomidine metabolite in plasma

- detomidine – 2ng/mL of the 3'-hydroxydetomidine metabolite in urine
- dexamethasone – 0.2ng/mL in urine
- diclofenac – 50ng/mL in urine
- dipyrone – 1000ng/mL of the 4-methylaminoantipyrine metabolite in urine
- eltenac – 50ng/mL in urine
- flunixin – 1ng/mL in plasma
- flunixin – 100ng/mL in urine
- frusemide – 0.1ng/mL in plasma
- frusemide – 50ng/mL in urine
- hyoscine butylbromide (or n-butylscopolammonium) – 0.05ng/mL in plasma
- hyoscine butylbromide (or n-butylscopolammonium) – 25ng/mL in urine
- ipratropium – 0.25ng/mL in urine
- ketoprofen – 100ng/mL in urine
- lignocaine – 0.05ng/mL in plasma
- lignocaine – 10ng/mL of the 3'-hydroxylignocaine metabolite in urine
- meclofenamic acid – 5ng/mL in plasma
- meclofenamic acid – 250ng/mL in urine
- medetomidine – 0.02ng/mL of 3'-hydroxymedetomidine in plasma
- medetomidine – 5ng/mL of 3'-hydroxymedetomidine in urine
- meloxicam – 1ng/mL in plasma
- meloxicam – 10ng/mL in urine
- mepivacaine – 0.05ng/mL in plasma
- mepivacaine – 10ng/mL of the 3'-hydroxymepivacaine metabolite in urine
- methocarbamol – 100ng/mL in urine (when restricted to a single oral or IV treatment of no more than 5 grams of methocarbamol)
- naproxen – 250ng/mL in urine
- phenylbutazone – 100ng/mL in plasma
- phenylbutazone – 100ng/mL in urine
- romifidine – 1ng/mL in urine
- salbutamol – 0.5ng/mL in urine
- triamcinolone acetonide – 0.5ng/mL in urine
- vedaprofen – 50ng/mL in urine

Screening limits for highlighted substances are effective from 13 July 2018.

Screening limits do not affect liability

The implementation of screening limits in racing is not intended and does not operate to mean that for the purpose of the Rules of Racing the therapeutic substance only becomes a prohibited substance if and when the screening limit is exceeded.

It shall not be a defence to any charge under AR.177, AR.177A or AR.178 that the result of any initial screening test should have been below the screening limit for the therapeutic substance in question."

Advice of detection periods

Industry participants are advised that more information on the detection periods for many of the therapeutic drugs assigned screening limits is available on the RIRDC website <https://rirdc.infoservices.com.au/items/13-038>

In making any decision regarding the administration of a prohibited substance to a horse that is entered to race, industry participants are reminded of their responsibilities in undertaking the appropriate level of due diligence and risk analysis in researching the available information on detection periods, including the seeking of veterinary advice and adding an adequate safety margin. Participants are advised to take a conservative approach, and consider all variables such as dose, length of treatment and route of administration, when calculating withdrawal times for therapeutic substances where information on detection times is available.

Participants are also advised that a best-practice approach would dictate that no medication, irrespective of its detection period, should be given within 2 clear days of racing.

OFFICIAL RACING LABORATORIES

"Official Racing Laboratory" means an analytical racing laboratory which is approved by Racing Australia.

Note: The following have been approved by Racing Australia as Official Racing Laboratories:

Australian Racing Forensic Laboratory, Sydney

Queensland Racing Integrity Commission - Racing Science Centre, Brisbane

Racing Analytical Services Limited, Melbourne

Racing Chemistry Laboratory, Chemistry Centre (W.A.), Perth

The Hong Kong Jockey Club Racing Laboratory, Sha Tin, Hong Kong

New Zealand Racing Laboratory Services Limited, Avondale, Auckland, New Zealand

Sport and Specialised Analytical Services, LGC, Fordham, Ely, Cambridgeshire, United Kingdom

Australian Sports Drug Testing Laboratory, Sydney

ChemCentre, Western Australia

National Measurement Institute (NMI), Sydney (trace element analysis)

Institute of Biochemistry, German Sport University, Cologne, Germany

Laboratory of Racing Chemistry, Tochigi, Japan (reserve portion/B sample analysis)

CONTROL OF RACE DAY TREATMENT/MEDICATION OF RACEHORSES

With a number of Rules now restricting medication and treatments of various kinds before competition, the following are guidelines regarding medications/treatments that may be approved by the Stewards on veterinary advice when a request is made to the Stewards for permission to treat a horse on race day.

Guidelines for treatments/medications that can be permitted on race day prior to the race – prior approval of the Stewards not required

Topical application of hoof oils/dressings/grooming products

The application of routine, non-medicated hoof oils/dressings is permitted on the day of racing. The exception is those products that contain medications or herbs that claim therapeutic effects such as analgesia or anti-inflammatory actions.

The application of commercial baby oil or petroleum jelly preparations to lubricate/prevent chaffing of a body area, or a grooming product, is permitted to be applied pre-race. Any product so used must be kept in its original container that has applied to it the original product label, must not be altered or modified by the addition of any other substance/s, and must be available for inspection by the Stewards and official veterinarian. The Stewards may take possession of any such preparation for testing for prohibited substances.

Shampoos and fly sprays

Shampoos, including those that are antiseptic or contain an anti-fungal agent, are permitted to be used on race day prior to racing. Fly sprays are permitted to be used on race day prior to racing.

Physical therapy as treatment

Vibratory massage systems may be used in the stable on the morning of the day of the race but are not permitted on the racecourse.

The application of ice/cold water to musculoskeletal structures

The application of ice or chilled water to, or the use of whirlpool boots or systems such as "Game Ready" on musculoskeletal structures are permitted in the trainer's stables on the morning of race day but are not permitted to be used pre-race in the race day stalls on-course.

Treatments/medications permitted on race day before the race – prior approval of the Stewards required

Other topical preparations

While creams, ointments and powders for topical use are considered to be medications, circumstances may arise when a horse suffers a minor wound that does not affect its suitability to race but would benefit from the application of a topical antibiotic or antiseptic treatment. Such a preparation must be a registered veterinary preparation or human therapeutic good which contains only an antibiotic or antiseptic as its active ingredient, and which is clearly stated as such on its product label. Any product so used must be kept in its original container that has applied to it the original product label, must not be altered or modified by the addition of any other substance/s, and must be available for inspection by the Stewards and official veterinarian. The Stewards may take possession of any such preparation for testing for prohibited substances.

Trainers must apply to the Stewards for permission to administer a topical antiseptic/antibiotic preparation before a race on race day. Horses having received such permission for the application of a topical medication must be inspected by an official veterinarian on arrival at the racecourse.

Treatments/medications prohibited on race day prior to the race;

Routes of administration

Unless excepted in the guidelines above, any substance administered by injection, by stomach tube, by paste, by dose syringe, by topical application or by inhalation will be considered to be a treatment and just not be administered on race day prior to the race. Furthermore, there are other pre-competition restrictions on certain treatments/procedures that are imposed by AR.64G, AR.178AA and AR.178AB.

Clay poultices

Clay poultices may be applied to the legs no later than the day before racing but must be removed the morning of the race and must not be re-applied on race day before the race. All traces of clay poultices must be removed prior to arrival on-course.

Glycerine and Vicks Vaporub®

The application of Glycerine and/or Vicks Vaporub® by any means is not permitted prior to racing on race day.

Physical therapy as treatment

The following physical treatments **are not permitted** to be used at any time before racing on the day of a race:

- acupuncture
- laser and infra-red treatments
- chiropractic manipulations
- magnetic field therapy
- transcutaneous electrical nerve stimulation (TENS) and any other form of electrical stimulation

Extra-corporeal shock wave treatment (ESWT)

Shock wave treatment of racehorses is prohibited for seven clear days prior to racing

(AR. 64H). 9 November 2015

AMENDMENTS TO RULES OF RACING

AMENDMENTS TO RWWA RULES OF RACING

In accordance with Section 45 (1) (a) of the Racing and Wagering Western Australia Act 2003, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Thoroughbred be amended as follows;

Amendment of National (Australian) Rules applicable 1 August 2019

Racing Australia (RA) has advised of amendments to the Australian Rules which are applicable from 1 August 2019 as follows;

Amend AR 170

AR 170 provides allowances for horses bred in the northern hemisphere when they compete in weight-for-age (WFA) races in Australia.

A comparative review of AR 170 and European WFA scales revealed allowances provided to northern hemisphere 3-year-olds under AR 170 are more generous than the allowances these horses would receive from older horses under the European WFA scales across various distances if they were run on the same day and over the same distance in their country of origin.

Accordingly, Racing Australia has decided to amend the allowances under AR 170 in respect of WFA races run (i) over 2000m to 2400m, (ii) over 2400m to 3000m, and (iii) over 3000m.

There has not been any change to the allowances for WFA races up to 2000m.

Amendments to Local Rules applicable 1 August 2019

Amend Local rule 55(3)

Amend rule to match current practice

(3) The draw for barrier positions for the runners shall be carried out;

(a) by random computer algorithm in the office of the club or Principal Racing Authority at the place where the club or Principal Racing Authority normally transacts its public business: or

(b) by such random method approved by the Stewards which is to be conducted by at least two persons nominated for that purpose by either the club conducting the race or the Principal Racing Authority. Such random draw is to be conducted in a public place, in a manner that permits public scrutiny of the draw.

Delete Local Rule 159

There are no races that are now conducted in heats.

Amendments to Local Rules applicable 20 September 2019

Currently the apprentice claim is based on winners in the following classification of race meetings:

- Metropolitan
- Provincial (Inner Provincial venues of Bunbury, Pinjarra, Northam & York)
- Other (Outer Provincial venues of Kalgoorlie, Geraldton, Albany, Mt Barker, Broome, Esperance, Narrogin and all the country meetings such as Carnarvon, Port Hedland, Leinster, Mt Magnet etc.)

This structure can lead to WA apprentices outriding their claim in the category of Other too soon, leaving them without a claim at the outer provincial venues such as Kalgoorlie.

Amendments have been structured to alleviate this situation.

Amend Local Rule definition of Provincial Area in AR 2 Dictionary to remove the reference to York-Beverley Turf Club;

Provincial Area means race meetings conducted by the Bunbury Turf Club, Northam Race Club, Pinjarra Race Club, ~~York-Beverley Turf Club~~.

Add local rule definitions of Country Area A and Country Area B in

AR 2 Dictionary

Country Area A means race meetings conducted by Albany Racing Club, Coolgardie Racing Club, Geraldton Turf Club, Kalgoorlie Boulder Racing Club, Narrogin Race and Pace, Mt Barker Turf Club, Toodyay Race Club, York Racing.

Country Area B means race meetings not defined as Metropolitan, Provincial or Country Area A.

Delete sub-rule LR 143 (b), amend sub-rule LR 143 (c) and re-number it to (b) then re-number LR 143 to LR 143A;

LR 143-143A

(a) Apprentices shall not claim a weight allowance in races run at Standard Weight For Age.

~~(b) Apprentices shall not claim their allowance in any open class race run outside the metropolitan area where the total prize money of the race is \$20,000.00 or more, unless specified otherwise in the race programme advertised in the Racing Calendar.~~

~~(c)~~(b) In all other races, unless otherwise specified in the conditions advertised for the race in the Racing Calendar, or specified in LR 143, any Apprentice entitled to ride under the Rules, may claim the weight allowance specified under the provisions of AR 143.

Add a new LR143 as described below;

LR 143

(1) For races run in Western Australia in Country Area A the permitted weight allowances for an apprentice jockey are:

(a) 3kg until the apprentice jockey has ridden 20 winners on the flat in a metropolitan area, a provincial area and/or country area A;

(b) 2kg until the apprentice jockey has ridden 50 winners on the flat in a metropolitan area, a provincial area and/or country area A;

(c) 1.5kg until the apprentice jockey has ridden 80 winners on the flat in a metropolitan area, a provincial area and/or country area A.

(2) For races run in Western Australia in Country Area B the permitted weight allowances for an apprentice jockey are:

(a) 3kg until the apprentice jockey has ridden 20 winners on the flat;

(b) 2kg until the apprentice jockey has ridden 50 winners on the flat;

(c) 1.5kg until the apprentice jockey has ridden 80 winners on the flat.

For the purposes of this rule, Country Area A and Country Area B means race meetings as defined as such in the Local Rule definitions contained in AR 2 Dictionary.

Any apprentice race wins prior to the effective date of this rule will not be re-classified and will be subject to the rules applicable at the time of such win/s.

AMENDMENTS TO RWWA RULES OF RACING

In accordance with Section 45 (1) (a) of the Racing and Wagering Western Australia Act 2003, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Thoroughbred Racing 1 March 2019 be amended as follows;

Amendment of National (Australian) Rules applicable 1 June 2019

Racing Australia (RA) has advised of amendments to the Australian Rules which are applicable from 1 June 2019 as follows;

Prohibited List A & B thresholds – Testosterone

Article 6A of the International Agreement on Breeding Racing and Wagering (IABRW) now contains a plasma testosterone threshold for fillies and mares (unless in foal): 100 picograms free testosterone per millilitre in plasma from fillies and mares.

AMENDMENTS TO RULES OF RACING

Racing Australia has approved the inclusion of the international threshold in the Rules.

Prohibited List A & B thresholds – Estranediol

Racing Australia has approved an amendment to the way in which the threshold is expressed in the Rules.

Prohibited List B thresholds – Prednisolone

There is now evidence that prednisolone is an endogenous substance in horses. In light of this, Article 6A of the International Agreement on Breeding, Racing and Wagering (IABRW) now includes a prednisolone threshold.

Racing Australia has approved the inclusion of this threshold in the Rules.

AR 2 Dictionary definition of “Official Racing Laboratory”

Add - Laboratory of Racing Chemistry, Tochigi, Japan (reserve portion/B sample analysis) to the list of Official Racing Laboratories.

Add AR 121 (3) Clothes, footwear and equipment

Under the Rules of Racing, Stewards have specific powers to confiscate riders' safety gear and equipment such as helmets, safety vests and whips that do not meet the required standards or are not in a suitable condition.

In circumstances where the Rules provide that only clothes, footwear, apparel and equipment approved by Stewards are allowed to be worn or used by riders, this provides an expansion of the rule to give Stewards powers to confiscate such items that have not been approved.

The primary aims of such an amendment are to improve rider safety (by restricting use of potentially dangerous clothing and footwear) and to improve equine welfare (by restricting use of potentially harmful equipment).

Amend AR 184 (b) (ii)

To accord with the current practice of including the neck strap in the rider's weight.

Amend AR 219 (4)

Protests for interference per AR 130(1) may be made on behalf of horses finishing up to one place after the last place for which prizemoney is awarded.

This can result in the Stewards having to deal with largely inconsequential matters (e.g. 9th vs 10th), as well as creating significant delays in authorising betting payouts.

Accordingly, Racing Australia has approved that such protests be restricted to horses finishing up to 5th place, with discretion for the Stewards to consider protests in respect of any lower placed horses.

Discretion for the Stewards to hear protests for lower placings provides flexibility, and may be particularly relevant for bigger races where prizemoney is significant below 5th place.

Amend AR 227 (b)

Under the Rules of Racing it is an offence for a person to attempt to commit, aid, abet, counsel, procure, connive at, conspire with another person to commit, or be a party to another person who commits, a breach of the Rules.

Further, where a person is approached or requested to engage in corrupt, improper etc conduct, or conduct detrimental to the interests of racing, that person has an obligation under the Rules to report such approach or request to the Stewards (see AR 230).

Amendment introduces a specific offence where a person approaches or requests a person to commit a breach of the Rules. This will help improve integrity measures by creating an offence where a person takes

steps with the intent of having an offence committed by another person, despite the other person potentially refusing or having no intention to carry it out.

A copy of these rules is located within the Thoroughbred Rules of Racing which appear in the integrity section of the RWWA website.

SPECIAL NOTICE – NEW RULES OF THOROUGHBRED RACING APPLY AS OF 1 MARCH 2019

In accordance with section 45 (1) (a) of the Racing and Wagering Western Australia Act 2003, the Board of Racing and Wagering WA gives notice of the making of the RWWA Rules of Thoroughbred Racing 1 March 2019.

Re-Write of National (Australian) Rules applicable 1 March 2019

Racing Australia (RA) has completed a review and re-write of the national rules of Thoroughbred racing which have been adopted by the RA Board.

The rewrite of the Australian Rules of Racing underwent an extensive review process which involved legal advice provided by RA and a lengthy consultation with Principal Racing Authorities (PRA), Stewards throughout Australia and RWWA's RA Directors.

As part of the review process it was decided that the numbering of the new Local Rules be determined by inserting the local rules amongst the new Australian Rules that they relate to, similar to how the current rules appear. The opportunity was also taken to review the Local Rules of racing which relate to Integrity a summary of amendments of which appears below.

The Australian and the Local Rules would thereafter become the RWWA Rules of Thoroughbred Racing 1 March 2019 and be introduced on **1 March 2019**.

The significant majority of National Rule amendments are logical, non-controversial changes which seek to improve the rules' structure, numbering and readability (including via language modernisation). The intent of the rules largely remains as applied previously.

Although the adoption of the new rule book does not represent any significant changes in relation to prescribed requirements for those bound to the rules (i.e. Jockey's, Trainers etc.), it is a requirement of being licensed to ensure you are aware of those rules that relate to you and the activities you undertake in racing.

The RWWA Rules of Thoroughbred Racing 1 March 2019 will be accessible via the Integrity section of the RWWA website.

Below are listed the Local Rule amendments and a brief covering explanation for amendment.

Amend definition/dictionary of “Australian Rules of Racing” to read;

Australian Rules of Racing means the Rules made by Racing Australia herein printed and include all modifications thereof and all new Australian Rules of Racing as therein provided.

Replace the words “the Australian Racing Board” with “Racing Australia”

Delete definition/dictionary of “Official” and “Owner”

These rules are not required as covered within the New Australian Rules.

Amend definition/dictionary of “Training” to read;

Training includes the preparation, education and exercising of a horse to race, or trial, but not the mere process of keeping a horse in good health.

Adds the words “or trial” to include horses competing in trials within the dictionary.

Amend current Local Rule 7 and re-number it as Local Rule 12

Replace the wording “AR& AR7A” with “the Australian Rules”.

Delete current Local Rule 7A

Not required any further.

Add new Local Rule 13.

The current Local Rule 80H sets out criteria that persons who apply for a trainers licence which is not approved/granted may not re-apply for a period of six months thereafter and in the event that the second application is not granted within 12 months of the initial application they cannot re-apply for a further period of 12 months. The new rule is taken from the RWWA Rules of Greyhound Racing which includes all applications for licence, not just trainers, and this distinction is also now included within the Local Thoroughbred Rules. The previous Local Rule 80H is to be deleted as the new Local Rule 13 which applies to all applications for licence now supersedes it.

Delete current Local Rule 56

This rule is no longer required.

Delete Local Rule 60

Clearances are now provided by the PRA.

Amend current Local Rule 80A and re-number it to Local Rule 97A.

This amendment is to make licensing requirements consistent with those published on the RWWA website and current licensing practice.

Delete Local Rule 80H

Now superseded by the new Local Rule 13.

Delete Local Rule 81C

This rule is no longer in use and in practice Jockeys are not compelled to attend tracks to ride track work.

Delete Local Rule 81F

A rule is not required to publish list of Jockeys in the Racing Calendar.

Delete Local Rule 81I

This rule is now covered within other rules.

Delete Local Rule 38

Now covered within the Australian Rules.

Delete Local Rule 40

Clubs no longer issue fines which are recognised by RWWA.

Amend current Local Rule 114A(2) and re-number it to Local Rule 181A(2)

Replaces the word "inflict" with "impose".

Delete Local Rule 119

Rule is no longer required.

Delete current Local Rule 140B(a) (i) (ii) (iii) and (b) and re-number current Local Rule 140B(c) to Local Rule 206

Rules regarding blinkers are not required as these are covered within the National List of Gear. Retain rule in regards to blinkers on Two year olds.

Delete Local Rule 140C

Race gear is covered within the National List of Gear

Delete Local Rule 140D.

Race gear is covered within the National List of Gear

Amend current Local Rule 175(1) and re-number it to Local Rule 250(1).

Amendment to references to rule numbers within the rule and to also refer to the Prohibited List A which appears in the Australian Rules.

AUSTRALIA PROVIDES FURTHER INFORMATION ON THE RE-WRITE OF THE AUSTRALIAN RULES

WWW.RACINGAUSTRALIA.HORSE

New version to take effect 1 March 2019

The first major rewrite of the rules governing Australia's Thoroughbred racing industry will take effect from 1 March.

Racing Australia Chair, Frances Nelson QC, said the rewrite was a modernisation and reordering of the Australian Rules of Racing, but did not change the substance or effect of existing rules.

"Racing Australia's purpose in commissioning this rewrite was to make it easier for racing participants to navigate and comply with the Australian Rules of Racing," Ms Nelson said.

The introduction of the new version will not affect decisions made or procedures commenced under the existing Rules. Matters like Stewards' decisions, investigations underway, penalties imposed, liabilities incurred, licences granted or being processed, will continue to apply under the new, rewritten Rules.

The new version represents a significant change to the language, structure and numbering of the existing Australian Rules of Racing. To assist with transition, a new Schedule has been included with comparative tables cross-referencing the existing and new version of all rules.

For the first time, a Table of Contents is also included to help users in locating relevant rules. The Rules are also divided into 13 parts, which contain various divisions, to further assist navigation and identification of relevant rules.

In addition, in the new version, each individual rule has been named to provide a brief description of the rule's subject matter. For example, the existing AR 137 is referred to in the rewritten Rules as "AR 131 Riding offences".

The rewritten Rules also contain the following 5 schedules:

- Schedule 1 - Prohibited Substances Lists (currently AR 177B, AR 178B & AR 178C)
- Schedule 2 - Trainer & Owner Reform (TOR) Rules (currently Schedule 1)
- Schedule 3 - Syndicate Rules (currently AR 69 - AR 69P & Syndicate Regs (a) - (k))
- Schedule 4 - List of Restricted Races (currently AR 1A)
- Schedule 5 - Table of Comparative Provisions

The rewrite was undertaken in consultation with Principal Racing Authorities and the Chairmen of Stewards' Committee. The draft new version has been with PRAs and Stewards since December to ensure smooth transition on 1 March.

A copy of the rewritten Rules-which do not take effect until 1 March-is available on the Racing Australia website: www.racingaustralia.horse.

For further information:

LIFESTYLE BLOCK WITH SUB DIVISION POTENTIAL

5.9 ACRES OF FLAT LAND
3 BEDROOM RESIDENCE
HOLDING PADDOCKS
TRAINING TRACK
11 BRICK STABLES

ALL OFFERS CONSIDERED

This has to be one of the best opportunities the Perth hills has to offer and something very rare in today's market. 5.91 acres of land with a 3 bedroom 1 bathroom residence and ample horse facilities including holding paddocks, a training track and brick Stables. A more centralized and well amenitized horse property this close to transport links and of course the city.

Potential sub division with current zoning allowing you to split into 2x 1 hectare lots, (s.t.c.a) positioned close distance to local shopping precinct, park lands, public transport and the local schools.

Features in summary include:

- 5.91 acre flat block
- 3 bedroom 1 bathroom residence
- Master has walk in robe
- Split system air conditioning
- NBN ready
- Lounge opens up to a dining room/study
- Kitchen is well equipped with plenty of cupboard space
- Electric appliances
- Back living room has second split system a/c
- Single carport
- Built 1975
