Vega's

magical return

By Michael Heaton

After a long and tedious comeback from an underwhelming last campaign which cast serious doubt over his racing future, multiple Group 1-winning sprinter Vega Magic bounced back in characteristic fashion to take out the \$160,000 Group 3 Amelia Park Roma Cup (1200m) at Ascot on May 16.

In emotional scenes, the striking chestnut son of Lope De Vega brought tears to co-trainer Sean Casey after breaking his 652-day winning drought, when thoughts of retirement for the now \$4.06 million-earner were feared only months ago.

Uniquely, the seven-year-old has gone full-circle in his illustrious 27-start career, having had his first 14 races under the care of Casey before being transferred to the world-class operation of David Hayes, Ben Hayes and Tom Dabernig in Melbourne, and then returning to the Casey family for his final racing days.

The gelding burst on the east-coast racing scene to win his first three starts for Hayes, Hayes and Dabernig in 2017, including the \$1 million Group 1 The Goodwood and \$1 million Group 1 Memsie Stakes before finishing a luckless second in the inaugural \$10 million The Everest — however — he disappointed to finish at the tail of the field at his final three races for the stable last year.

Breeder-owner Wally Daly then made the decision to send Vega Magic home to Casey and his now co-trainer son Jake, a former successful apprentice jockey who rode the star galloper to his first nine wins, for the first time in almost two years.

"He came back about two or three weeks after his last start and he had a bit of time off before we started again with him," Jake Casey said.

"He had that first prep where he just had the two trials and, we thought we were pretty happy with him then, but we shied away from it because he was going to get 62 kilos in the races he could go in.

"We thought we'd be better off waiting for the Weight-For-Age races and they looked the better option for him.

"It definitely did him the world of good having that prep where he just did the trials and we got a good guide of where he was at, too."

Asked if he had any reservations about whether one of the country's best sprinters in recent years would be able to make a successful comeback as a seven-year-old, Casey says he was pleasantly surprised by the way the gelding had progressed through his preparation.

"I actually thought he was going to be worse than what he was problem-wise," he said.

"He did have a few little issues with his feet that we had to keep on top of and Steve Routledge did a really good job with them, but I thought there'd be a few more little issues along the way.

"He got through quite well and it's amazing how the horse handled it and got to the races."

In a similar vein to the Casey clan's 360-degree rotation in Vega Magic's career, jockey Patrick Carbery first rode the galloper as an unraced horse and partnered him in his first

two barrier trials and first two races before the pair reunited some 25 starts later in the Roma Cup victory.

Asked how he assessed Vega Magic's lead-up to his race return, more than five years after having last sat on him, Carbery says he was quietly confident.

"I knew that he was going really well," he said.

"He'd never really been pressured that much, in a trial or on the track, and his last piece of work before the Roma Cup on the Tuesday was as good as you can get.

"I told Sean and Jake that my only concern was if his heart was going to be in it when the pressure goes right on in a race but, credit to the horse, he was all heart on Saturday.

"For a fleeting moment I thought he might not be able to hold them out but, when Durendal kicked back through on the inside and gave him something to compete with, he seemed to lift a bit.

"He wanted to win and in the last 70 metres I thought, 'they're not going to get him now'."

"My confidence is definitely sky high... especially riding Vega Magic"

Carbery's early involvement with the horse was through the gelding's former champion trainer and part-owner, George Daly, who sadly passed away only two months ago.

The brother to Vega Magic's breeder and managing owner, Wally, was a highly-astute horseman who prepared the future star for his first two trial appearances before transferring the then-two-year-old to Casey when his health started to deteriorate.

The three-time Group 1-winning Carbery labels his maiden Roma Cup success as one of the most sentimental victories of his career to date, not only as a brilliant tribute to the late and great George Daly, but as a marvellous training effort by a tight-knit team who consider the horse part of their family.

"I've got some great Italian friends and it's good that I can get the trophy to finally put on the mantelpiece," Carbery said.

"I really wanted the horse to win for Sean, Kristy and Jake, too.

"They just love the horse so much and were feeling the pressure a bit.

"They obviously wanted him to win, but first and foremost they just wanted the horse to come back safe.

"If he didn't win, the horse would've showed that he'd had enough of racing and he could live out the rest of his days in their backyard.

"It was just a massive, massive buzz for me because of them, more than anything.

"When I was pulling up, I had tingles all over me knowing how rapt they would be and, even talking about it now, I'm half-choking up a little bit."

Asked if the pressure the family felt was based on expectations on results with such a well-credentialed galloper, Jake says the wellbeing of the horse was always their primary concern.

"It was a range of reasons," Casey said.

"We weren't going there expecting the horse to win, we were just hoping he could show a bit of the old fire he had once upon a time.

"On the corner I was a bit worried because he was entitled to give it away if he wasn't right, but he dug deep and it was a tough win.

"The horse meant a lot to George, too, and he definitely would've been up there helping us along."

The Casey training partnership has enjoyed a spectacular start since the pair joined forces only two months ago, with their first 30 starters netting an incredible eight victories,

including five individual winners, at a winning strike-rate of more than 26 per cent.

Casey says he had always planned to one day train alongside his father after he left the family nest to gain further experience on his own accord.

"Probably since I stopped riding, it has been something we were thinking of doing eventually," he said.

"I had my trainer's licence and was going to Broome for the last two seasons but, once we got everything in line and crossed off to get the dual licence, it was always the plan to make it happen.

"The horses are all going really good.

"Especially Laverrod, he seems like a really exciting horse.

"I've chimed in at the right time."

Carbery is also enjoying a purple patch in the saddle, with Vega Magic and Laverrod's wins on Roma Cup day rounding out a race-to-race treble after dead-heating aboard She's Alight earlier in the program.

The in-form hoop is one of the hottest properties in the WA riding ranks at the moment, having ridden 13 metropolitan winners within the past eight weeks at a healthy winning strike-rate of 24 per cent.

"My confidence is definitely sky high," Carbery said.

"Especially riding Vega Magic.

"I'm not on Twitter but apparently a few people potted my ride on Twitter, but I know the horse as good as anyone and I knew what I had to do.

"I backed myself in and knew the horse would do the rest if his heart was still in it and it was sure was.

"We're having a good bit of luck and we're enjoying it, but I'm just really proud of the Casey team and how they got that horse to the races."

Reflecting back on the recent achievements, the youngest Casey prodigy says he has to pinch himself at being given the opportunity to work with Vega Magic again and hopes he can return to Group 1 glory later this year.

"To be able to ride him and have the success I had with him, then to train him and win a race like the Roma Cup with him, I just can't believe it," Casey said.

"He knew he'd been around the other day and he jarred-up a bit, but we'll take it steady with him now and will bring him up with a Winterbottom aim.

"We'll just take it day-by-day with him and he'll tell us where he's at.

"He definitely doesn't have to prove anything to anyone."

Yuill & Cripps

a strong partnership

By Julio Santarelli

From star apprentice and history-making win in the Perth Cup, to a serious fall and a loss of confidence and opportunities.

Kyra Yuill has experienced the highs of lows of racing as much as anyone.

But in the past season the popular jockey has struck back with a vengeance and is enjoying renewed resurgence in the saddle.

At Ascot on May 16, Yuill cracked a century of winners after combing with We've Got Dreams and Kia Ora Star.

It's a remarkable achievement from Yuill and a tally that appeared unlikely at the commencement of the 2019-2020 racing season in August.

One person who has played a pivotal role in Yuill's revival has been long-time friend and manager Daniel Cripps.

Julio Santarelli from Racing and Wagering Western Australia (RWAA) spoke to Cripps to gain an insight into Yuill's spectacular past 10-months.

JS: How did you and Kyra form a professional relationship?

DC: My parents and her parents, Graham and Belinda, have been best friends before Kyra and I came around. Our dads were best men at each other's weddings. Graham and Belinda are my godparents and Kyra's brother Reece is the godson to my parents. We have been really close family friends for pretty much ever. Even though she (Kyra) was living in Dardanup and I was up north, we used to go on holidays every January to Dunsborough. Pretty much I have grown up with Kyra my whole life.

JS: Was racing a part of your family?

DC: Probably not so much horse racing. My parents and Kyra's parents did a lot of horse riding, eventing, dressage and cross country. That's how they formed their connection. They did all of that together when they were in their early to mid-20s. Once Graham got his trainers license that's how he got into the racing industry. My great grandmother is Sheila Gwynne, she was one of the pioneers for women's racing and my grandmother is Sally Oakes. She had a breeding farm as well. Mum and dad almost skipped a generation, like they didn't have

a lot of involvement in the horse racing side. I've sort of got into it through family connection and the love of betting and the love of horses.

JS: You have such rich family history in racing, when did your personal interest and involvement commence.

DC: As soon as I left school. I was always a mad keen punter and like anyone you are a weekend warrior. I liked to have a few bets on a Saturday. I guess it slowly evolved and since 2017 I've been taking it semi-professionally. I quit my full time job in finance in the middle of last year and have since being doing full time racing analysis which coincided with Kyra as well.

JS: Was it a natural fit that you would manage Kyra?

DC: I have to give a shout out to my close friend Dane Hollingworth who manages Mitch Pateman. They really set a blue print. Mitch was similar to Kyra, he was only getting a handful of rides down at Albany, he was almost a part time jockey and he wasn't really riding many in the city. But within six months he went from being a casual rider in Albany to one of the best jockeys in WA. Kyra was doing the same, she was just riding part time and then she got her trainer's license, she was part time training, part time riding. She was also working on her dad's breaking business. I was chatting to Dane and he said if he could do it with Mitch I could do the same with Kyra. I rang her to express an interest and we said we will have a crack and if it didn't work out it didn't work out.

JS: It probably came at a good time for her. Professionally was she at a low ebb?

DC: She wasn't down in the dumps or anything, but I guess she was only getting a handful of rides, in Kalgoorlie and Broome, but pretty much wasn't getting any rides in the city, she was just battling away. From a riding point of view she was at one of her lowest points I guess.

JS: Were your initial goals modest to begin with?

DC: At the start we didn't set any goals, we just said let's see how it goes. She is the best jockey to manage because she said send me anywhere. She never complains about what

horses she gets on, where she has to travel to, she is just a hard worker. I had a real free role in that sense, she said here is the trainer's directory, talk to anyone and everyone. I remember the first few month's we were still only getting 25 to 30 rides a month and then it's funny how it slowly builds. You might make nine calls and not have any luck, then the tenth call you get a ride and if she happens to win it has a real snow-ball effect. We thought if we could ride 50 winners for the season that would be unbelievable and all of a sudden it took off and now we have cracked the 100 mark.

JS: Before your involvement was Kyra ever at the crossroads as a jockey, almost a sense that this is the last roll of the dice because of the lack of opportunities in Perth?

DC: I reckon it was. She was having just enough success to say I will give it one more go. Whether she was going to give it way I wasn't sure, but I think she thought she was going to do everything she could to make the most of this opportunity I guess

JS: What would you say is her best asset?

DC: Her number one thing is her work ethic. She is unbelievable in what she does, not only does she travel the most out of any jockey in WA, she rides a lot of track work in Bunbury, but the main thing people don't realise is she actually works all of her dad's breakers. So she breaks horses for Bob Peters and all the big trainers, all the big owners in the mornings, she might be riding 15 breakers, and they are the hardest horse to ride. No one sees that behind the scenes. She is always smiley, bubbly, has a big smile on her face and she is like that all the time. I call her the smiling assassin because deep down she is one of the more competitive people you will meet. She probably doesn't come across like that all the time, but she hates getting beaten, she wants to win every race she rides in.

JS: She loves travelling for rides.

DC: She realised if she was going to come back to be right up there in the riding ranks that it had to happen. She wasn't going

to get seven in town every week, she knew she had to put in the hard yards, but she has had great supporters along the way. We made a great connection with Graeme Hammarquist in Geraldton which has been huge. I don't think she had ridden for him too much. I gave him a call before the season started and said Kyra is keen to come up all season, I'm looming for a trainer who will support her and he was awesome. He said straight away no worries and every week she had four or five rides at Geraldton and that set her up. Now they have a really good relationship.

JS: She looks to be riding with renewed confidence. She sits well on the saddle.

DC: I wasn't in the racing industry when she was absolutely flying as an apprentice. I hadn't seen first-hand how good a jockey she was and how much potential she had, but it's even surprised me how well she is riding at the moment. I was with Terry Leighton the other day, a respected form analyst and he said on his podcast last week that he rates her at the moment as a top five jockey in Perth which is a huge wrap for her. She sits well, she looks aesthetically pleasing on a horse, she is always strong through the line and the one thing she has improved on this season is that she is prepared to sit her horses closer or race them right on speed. Probably as an apprentice she rode a lot for Bob Peters who has that get back run on style, that's where she learnt her craft. But when you are not riding the Ferrari's of WA racing you can't win by sitting in the back of the field. This season she is happy to show intent out of the gates and put them right on speed. It's paying dividends for her.

JS: Did she suffer a major loss of confidence after a serious fall a few years back?

DC: She did. She had bleeding on the brain and I think she had three months out of the saddle. She even admits to me now she didn't realise at the time, but it had an immense impact on her confidence. There were gaps she used to take and all of a sudden she was second guessing herself. It's a long way in the rear vision mirror now.

JS: There is no lack of confidence now.

DC: Jockeys are no different to footballers or any other sportsperson. When they have confidence and when they are in the zone, I just think it happen for them. Michael Lane has been one of her biggest supporters. She rides a lot of track work for him during the week. He always said if her form warrants it he was prepared to give her the opportunity. He has been great for her and now has the confidence to put her on one of his stable stars Resortman. Chris Parnham is his number one jockey but Kyra rode Resortman on debut and even though Chris is back she got to keep it. Not only that, he gave her a ride in the Perth Cup which she had not ridden in since 2010. That shows you his support. She has total confidence in herself at the moment.

JS: Is she a great form student?

DC: We speak a lot about form actually, we speak at length for most meetings, pretty much go over ever runner. The biggest kick I get out of managing her is when we come up with a game plan to win a race and it goes to plan. I really love that part of it. She is a student of the game, we love bouncing ideas of each other and speak on the phone at length most days. Even after the races she will ring and go through what went right and what went wrong. I'm infatuated with racing and so is she. We live and breathe it.

JS: You have cracked a century of winners. Do you reassess further goals? Is your phone running hot these days?

DC: The transition to get regular rides in the city probably hasn't happened as quickly as what I would have thought, but it's been a gradual process. The phone does ring a little bit more and I would like it a lot more. I think she just has to keep producing

on the track and I have to keep making those calls and find as many opportunities as I can, it will happen. We never really had goals at the start of the season except 50 wins. I feel we are still in that mindset of taking everything as it comes. We might look back at the end of the season and think about how we can make next season even bigger and better. At the moment she is enjoying the ride and loving every bit of it - and I'm loving it too.

JS: I don't think anyone could begrudge the success she is currently experiencing

DC: She is persistence personified and has never given up. She just keeps having a crack. Even though she is still enjoying opportunities in town she still loves going to Kalgoorlie, loves going to Geraldton. Just because she has got back in Perth she is pretty keen to keep riding in the country. She loves her country racing

JS: Are you open to managing other jockeys? What are your plans?

DC: I'm open to it, but not actively seeking other jockeys. I'm pretty busy as I have just started up my new tipping company, busy organising that. I've got plenty on my plate, maybe one day down the track, but I'm really enjoying managing Kyra with that close family connection. One is enough for now.

JS: There has been a lot spoken and written about Kyra, but thank you in providing another insight into her career. Good luck and continued success.

DC: Sounds good, thank you.

FASHIONS ~~ON~~ THE FIELD

#ISOEDIT

Fashionistas have been given the chance to win the ultimate racing holiday in 2021 all from the comfort of their home, with Racing and Wagering WA (RWWA) taking its state-wide racing fashion competition "off the field", with a series of virtual regional heats that commenced from the 4 May.

Any female winner of a Fashions on the Field competition held at a WA thoroughbred race club is able to nominate themselves for the 2020 WA Fashions on the Field Final.

However, in light of the national and international public health response to the COVID-19 pandemic, all Fashions on the Field events scheduled to take place at WA racecourses have been cancelled, with only essential persons being allowed on-course.

In order to provide racing fashion goers with the opportunity to still get frocked up, RWWA's WA Fashions on the Field competition is running seven heats online for those regions affected by the restrictions.

General Manager of Racing Charlotte Mills said racing, and the accompanying Fashions on the Field competitions, is often a highlight in the regional community calendar, and one that many people look forward to.

"We understand the current situation has put a damper on the overall enjoyment of racing for all and that for many Fashions on the Field provides the opportunity to dress up and feel glamorous, particularly in regional areas," Ms Mills said.

"In a time like this we need a bit of fun and colour, so rather than cancelling the heats planned for the coming months, we decided to take the fashion online and give our entrants something to look forward to."

The virtual WA Fashions on the Field heats are open ladies living within each respective region:

- **Kimberley, 4 May - 10 May: Winner, Broome local Naomi Hall**
- **Pilbara, 18 May - 24 May: Winner, Wickham local Kelly Rutherford**
- **Metro/Peel, 1 June - 7 June**
- **Wheatbelt, 15 June - 21 June**
- **Mid West, 29 June - 5 July**
- **Great Southern, 13 July - 19 July**
- **Gascoyne, 27 July - 2 August**

The winners of the heats will be shortlisted for the WA Fashions on the Field Final, with the chance to score a major prize including a trip for two to London to attend the 2021 Royal Ascot, \$10,000 in spending money and a \$5,000 Linneys voucher. Each heat winner will also receive \$750 cash plus a \$500 donation to a local charity of their choice.

The Final in November 2020 will comprise of a Top 12, with ten to be selected by a RWWA judging panel and the other two determined by a public vote.

Melbourne Cup

Dream alive

By Julio Santarelli

The Melbourne Cup. It's a race that stops the nation.

It's an intrinsic part of Australia's sporting and cultural landscape since the first race was won by Archer in 1861.

Australia's iconic race on the first Tuesday in November is one that is intensely sought after by national and international trainers, jockeys and owners.

For Perth part-owner, Chris Blackwell, since the Flemington card on May 16, he has been consumed about winning the Melbourne Cup.

He was granted that luxury after his horse Oceanex won the Listed Ramsden Stakes (2800m) and gained automatic entry into the great race.

Assured of a certain spot, Blackwell can now sit back and for the next six months at least, dare to dream of winning the iconic race.

A life-long ambition is within his grasp. A race that was a distant dream before the Ramsden last weekend, has swiftly turned to reality.

"It was quite emotional," Blackwell told The Races WA.

"It's been surreal and has been ever since.

"It's a lifelong dream come true, there is no doubt.

"Words still fail me."

Racing is not just an interest for Blackwell, it's a passion. He has lived and breathed the sport for more than 30 years.

Aside from ownership, he's also a keen form student and respected tipster on ozrace.com.au.

Casting aside sentiment, Blackwell says Oceanex, trained by Mick Price and Michael Kent junior at Caulfield, isn't in the Melbourne Cup just to make up the numbers.

He rates her staying credentials highly. That assessment validated after she won the Port Adelaide Cup (2500m) in Adelaide before stepping up in distance in the Ramsden Stakes.

Last year she earned Group 2 status after taking out the Matriarch Stakes (2000m) at Flemington.

"She is bred to be a stayer," Blackwell said.

"I always thought from day dot that she was a stayer in the making and could be something special."

As part of Oz Racing syndication, Blackwell is keen to catch up with a big cast of Oceanex owners in Melbourne later in the year.

That meeting is dependent on COVID-19 travel restrictions being eased by state authorities and a relaxation of on-course attendance rules.

Blackwell is sweating on the outcome.

"It's up in the air, but at this point in time I'm sitting back and will wait until next month," Blackwell said.

"With what is going on things are changing quite rapidly.

"But there are a few family and friends who are keen to go over.

"It will be disappointing if we can't, but at the end of the day we might have a bit of a get together anyway, or a bigger get together at home."

Could anything top Oceanex's win for Blackwell? Not really. But a Playing God four-year-old in Perth ensured Blackwell remained in a celebratory mood.

If you get an opportunity to win one race as an owner you grab it. If you happened to win two then you are privileged. If you win two on the same day across two states you are blessed.

Not long after Oceanex won in Melbourne, Blackwell's festive disposition continued when Bruce Almighty got up to win a 1400m handicap at Ascot.

"It was ridiculous," Blackwell said.

"As an owner you are lucky to get one win every now and then, let alone two in one day.

"Gee whiz he won well."

Giving back to the WA community

COMMUNITY TAB SUPPORTS HORSEPOWER HORSES THROUGH COVID-19 CRISIS

Community TAB is extending its support of HorsePower Australia to assist the organisation and horse welfare during the suspension of their programs in response to COVID-19.

Community TAB will be matching the first \$5,000 raised through this campaign, helping to ensure the health and wellbeing of HorsePower horses so they can continue to provide their vital service to people with disabilities throughout WA once their programs commence again.

HorsePower Australia is a registered voluntary, charitable not-for-profit organisation in Western Australia that provides equine assisted programs and activities for people with physical, intellectual, emotional and social challenges – Diversabilities.

In accordance with government directives and to ensure their participants, volunteers and local communities were protected from the spread of coronavirus (COVID-19) HorsePower made the decision in March to suspend all programs and activities until further notice.

HorsePower Australia currently has 125 specially trained assistance horses and ponies who support 280 children and 160 adults with diversabilities across WA to develop new skills, discover new abilities and define the life they want to live. Research shows that working with horses in programs such as those offered by HorsePower is not only fun but delivers physical benefits, boosts confidence, improves communication skills and helps participants to build relationships.

HORSEPOWER ORANGE GROVE PARTICIPANT RECEIVES COMMUNITY TAB SCHOLARSHIP

Miley Gossage from HorsePower Orange Grove has received one of our Community TAB Hearts and Horses Scholarships. The scholarship supports participants to access the vital therapy our major partner HorsePower Australia offers.

Miley's story:

Miley is currently 7 years old and has a huge passion for horses. Finding a therapeutic horse program such as those offered by HorsePower Australia has been hugely beneficial for Miley. Miley has both Visual and Auditory Processing Disorders along with anxiety issues which makes focusing on tasks for an extended period of time difficult. We chose to enrol Miley with HorsePower Australia as an ongoing weekly therapy, allowing Miley to benefit from the therapeutic opportunities that each session brings. Miley directly benefits from Physical, Occupational, Speech/Auditory Therapy all whilst having some fun on the back of a horse. During her weekly riding sessions, we have noticed an increase in her self-confidence and happiness, she is able to positively work her brain, listening, processing, and performing tasks that are given to her by her coach and volunteer supports, which is wonderful to see.

Through HorsePower Australia, Miley not only has access to the therapeutic benefits of being with horses, but she also gets to learn Horse Riding and Horsemanship Skills, that teach her how to care for these animals that bring her such joy. As a participant of HorsePower Australia Miley also gets the opportunity to participate in State sporting competitions including Dressage and the famous Community TAB State Games that are held every year, this event is loads of fun!

The Coaches, Assistant Coaches, and all the volunteers associated with HorsePower Australia are wonderful and highly skilled, we are extremely grateful for all their continued support.

Lastly a massive thanks to Community TAB for the funding behind the Hearts & Horses Scholarship program, this year Miley was fortunate enough to be granted a scholarship and we are extremely grateful for this support.

ANOTHER BOOST FOR WA FASHIONS ON THE FIELD

Following the announcement of WA Fashions on the Field going "off the field" with seven virtual heats between May and August, there is more good news in store for entrants, with Community TAB announcing each heat winner will receive \$750 cash, along with a \$500 donation to a local charity of their choice.

As Primary Sponsor, Community TAB has supported the popular race wear competition since its inception, giving fashionistas across the State the chance to win a racing holiday of a lifetime.

WA Fashions OFF the Field 'Iso' Heats will give entrants the chance to win the ultimate racing holiday in 2021, all from the comfort of their home with a series of heats taking place online.

Son of a God stays in WA

South West breeder Shaun Maiden has turned down a sizeable offer for Son Of A God from Hong Kong.

Son Of A God attracted international interest after kick-starting a winning streak at Bunbury on February 27. The untapped talent is trained by Simon Miller and has kept on raising the bar with Willie Pike aboard at Pinjarra and Ascot (twice).

Son Of A God (3g Playing God – Faslizan by Fasliyev) has also built his bank balance to \$133,090 including Westspeed Bonuses of \$58,350.

"He's had a quick spell and is back in work with Simon," Maiden said.

"We will target more of those Westspeed bonuses and then give him another freshen-up before coming back for next season. And if he keeps winning, the agents might come back with more money."

Playing God's 3yo division is going gangbusters with G1 Kingston Town Classic winner Kay Cee leading the charge. Other black-type performers include Mood Goddess, Wine Night and Pambella.

Those results are off just 20 individual starters but the numbers will continue to swell now that Playing God is covering double the mares of his early books at Mungrup Stud. Son Of A God's dam Faslizan will go back to him this year.

"Playing God is doing a good job and hopefully there's a good race in Son Of A God," Maiden said.

"He was still figuring it all out in his first prep. Simon reckons the penny hasn't dropped yet but said watch out when it does because he has a tremendous will to win."

Maiden is a Director of Dash Civil Contracting and is based in the South West at Stratham. His mares foal down with Wayne and Jane Beynon nearby at Einoncliff Park in North Boyanup.

"Jane told me Faslizan's filly foal is one of the best on the property from about 40 born there earlier this season. She's by Universal Ruler and the mare is in foal to Ducimus who stands at Rivercrest Park. Last year was his first season at stud and he's an awesome looking stallion," Maiden said.

Playing God (Blackfriars) will head the Mungrup Stud roster this season at a service fee of \$16,500 (inc gst).

New President at TBWA

Fiona Lacey took over as the new President of Thoroughbred Breeders' WA in April.

She succeeds Brent Atwell who had been a member of the committee for six years and served as President for the last three. Troy van Heemst is the new vice-president in addition to his role as treasurer of TBWA.

Lacey owns the Olive Grove Equine Veterinary Clinic and is a partner in Mogumber Park Stud with her husband Colin Brown.

"We're very lucky to have a really good team on the committee with a wealth of experience from quite diverse backgrounds," Lacey said.

"I would also like to thank Brent for his service to TBWA."

"There are tough times ahead and one of our biggest challenges will be steering through the effects of COVID-19. We also have to bring the governance and culture of our committee into line with modern times and attitudes.

"The increasing awareness of animal welfare, transparency and traceability are all issues we hope to work through with the respective bodies.

"That said, we are fortunate to have just completed one of our most successful yearling sales in recent years, thanks in no small part to the efforts of David Houston and Magic Millions.

"Their massive investment in our State and the new Swan Valley sales complex is a positive signal for our breeders to have the faith and foresight to reinvest in the industry."

Born and bred in Perth, Fiona loved horses from the outset despite not having a family background in the industry. She left school at 16 to pursue a career with trainers like Greg Harper, Lou Luciani and Paul Jordan.

"I took out a trainers licence for a brief period prior to returning to school and then completing a veterinary degree. After graduation, I worked in racetrack practice before discovering a love of equine reproduction that took me around the world."

Returning to Perth in 2005, she met Colin and they started a family as well as launching Mogumber Park from very humble beginnings. Starting out with 50 acres of weeds, the Bullsbrook couple have developed the property into one of the larger stud farms in WA.

Scenic Lodge fees unchanged for 2020

Scenic Lodge has pledged its ongoing commitment to the WA industry by keeping all service fees at the same level as last year.

Snippetson and Universal Ruler remain at \$6,600 and Dash For Cash at \$2,750. All fees are GST inclusive with a free return.

"We have made the decision not to make any changes with the uncertainty due to COVID-19," stated Scenic Lodge General Manager Jeremy Smith.

"In saying that, Snippetson and Universal Ruler are definitely worthy of fee increases on the back of their superb form in the last year or two."

"We are confident our stallions are standout choices for broodmare owners this season. All three are completely free of Danehill blood which gives breeders some great options looking for an outcross to their mares."

Snippetson (Snippets) is the leading active stallion in Western Australia this season with progeny earnings of \$2.6 million as at May 1. He has an excellent chance of also winning the WA 2YO premiership.

He sired Champion WA 2YO Tinsnip in his first crop from Scenic Lodge in 2018-19 and he's done it again with Gemma's Son who won the RL Magic Millions Classic and LR Perth Stakes earlier this year.

Snippetson leads the 2YO table with \$593,720 and there's more to come in the final quarter of the season with the likes of Pinjarra winner Samsurian and smart trialists Playing For Keeps and Snipillicious.

Universal Ruler (Scenic) was WA Champion active sire last season and that success has been reflected in his popularity with breeders. He has been the busiest local stallion for the last two seasons covering 93 mares at \$4,950 in 2018 and topping that with 117 mares at a \$6,600 fee in 2019.

His Melbourne-based mare Bam's On Fire won the G3 Victoria Hcp at Caulfield and then produced a career-high performance when Group 1 placed in the \$400,000 Robert Sangster Stakes (1200m) at Morphettville on May 2.

Closer to home, Universal Ruler sired six winners over the Anzac long-weekend and his LR Sheila Gwynne Classic winner Angelic Ruler will be set for more black-type during the winter season at Belmont.

Dash For Cash (Secret Savings) is great value for a proven stallion with 395 individual winners at an amazing 65% strike-rate. He reached 1200 wins on Anzac Day before turning the corner with I'm Pretty at Pinjarra on Sunday.

DASH FOR CASH

Long Leaf to stand at Rangeview Stud

Long Leaf has settled in at Rangeview Stud ahead of his first book at the Burekup property owned and operated by Robbie & Jody Gray.

A precocious 2yo colt, Long Leaf commenced his career with a winning hat-track culminating in the LR Blue Diamond Preview at Caulfield in 2018. From that point, he competed in the very best of company with a 6th in the G1 Golden Slipper Stakes from barrier 15 and 4th in the G1 Sires' Produce Stakes. In both races, he was the second colt past the post in a filly-dominated season.

"He's a very professional colt and we were thrilled the way he won today," co-trainer Ben Hayes said after the Blue Diamond Preview.

"He's a very exciting and, as a son of Fastnet Rock, is a real stallion prospect now."

Lindsay Park kept the bar high for Long Leaf as a spring 3yo and he responded with Group placings in the Vain Stakes, Caulfield Guineas Prelude and Sandown Guineas. He then showed his

versatility when travelling to New Zealand to win the LR Karaka Million (1600m) at Ellerslie. All up, Long Leaf won 4 races from 1000m to 1600m and collected \$947 000 in stakes.

His sire Fastnet Rock (Danehill) is a dual Champion Australian Sire with 37 individual Group 1 winners allied to an outstanding 71% winning strike rate. He's also established as the sire of sires Hinchinbrook, Smart Missile and Foxwedge.

Long Leaf's dam Frustrating is a daughter of Stravinsky from the family of 'blue-hen' Parfore. She is a half-sister to four individual million-dollar earners including Group 1 gallopers Tiger Tees (The Galaxy) and Terravista (Darley Classic & Lightning Stakes) plus Group 2 winner Ball Of Muscle and Singapore Champion Super Easy who is now a successful Stallion in NZ.

Long Leaf has been purchased by a group of prominent WA breeders to stand at Rangeview Stud alongside Galah (Redoute's Choice) and So Secret (Danetime).

Mogumber Park farewells

Natural Blitz

Mogumber Park reported its resident sire Natural Blitz died a day before his born-again gelding King Blitz won at Ascot last month.

King Blitz is a homebred for Geraldton owner-trainer Barry Newnham and was winning for the first time since a hat-trick during the 2018 winter season at Belmont. An injury-enforced spell stretched to 18 months before his return to racing in February.

"It was so fitting for King Blitz to win as we've just lost Natural Blitz on what was a very sad day for all of us," Mogumber owner Colin Brown said.

"I am sure 'Blitz' was barracking hard from his big paddock in the sky."

Natural Blitz (Dehere) was rising 21 and stood alongside Safeguard (Exceed And Excel) and Rommel (Commands) in Bullsbrook. He was a Group 2 winner at Caulfield, Moonee Valley, Rosehill and Eagle Farm for Victorian trainer Doug Harrison. It took an all-time champion like Northerly to deny him a Group 1 in the 2003 Australian Cup at Flemington.

Initially retiring to Rangeview Stud in 2007, he made subsequent moves to Cromarty Park and Touchstone Farm before settling at Mogumber Park in 2012.

His first winner Classic Blitz saluted at Ascot in December 2010 for owner-trainer Mike Santich and there were numerous city winners including Destroy (LR Bunbury Cup), Ningaloo Blitz (Albany Cup) & Bollywood Blitz (Coolgardie Cup).

Free trade books ticket to *Railway Stakes*

Trainer Michael Lane will give Free Trade a chance to make the grade in Group 1 company following a running double in WA's premier provincial sprints this campaign.

Free Trade won the LR Pinjarra Classic (1300m) by three lengths and he was just as impressive in the LR Bunbury Stakes (1400m) when stable jockey Chris Parnham settled him outside the leader Flower Of War (War Chant) before cutting the ribbons rounding the home turn.

It improved his record to 8 wins in 15 starts while clocking 1:22.69s to get within 0.08s of the race record held by Black Heart Bart.

"We will put him away now and get him ready for the (G1) Railway Stakes," Lane said at Bunbury.

"He's an amazing animal but the pressure was on today as a \$1.65 favourite.

"I didn't gallop him after Pinjarra and all credit to the horse. He's a natural but didn't start racing until he was a 4yo so he's still a bit raw."

Lane won the 2009 Bunbury Stakes with Keytomoney (Key Business) who led them up in that year's Railway only to get a stitch when Sydney raider Sniper's Bullet let loose in the straight.

Free Trade is the 14th stakes winner by Trade Fair (GB) who died Alwyn Park in March 2018. He was bred by the late Harry Capararo and is raced by his son Peter under Canal Enterprises.

His dam Lady Xena (Dr Johnson) descends from a celebrated English family that includes Royal Ascot Group 1 winners Matatina (King George & Queen Elizabeth Stakes) and her half-brother Showdown (Queen Anne Stakes) who later reigned as Australia's champion sire at Stockwell Stud in Victoria.

Heytesbury Stud owner Robert Holmes a Court imported Matatina's daughter Kallissima (Tudor Melody) to Western Australia and among her foals was successful Mungrup Stud sire Steel Glow (Pago Pago).

THANK YOU FROM THE CEO

A sincere thank you to the WA thoroughbred racing industry for your ongoing support and understanding during these uncertain times.

We still find ourselves in uncharted territory with the effects of COVID-19. However, I want to reassure you that RWWA is working tirelessly to ensure the short and long-term sustainability of our great industry. We are all in this together.

The WA thoroughbred racing industry has over 14,000 participants and more than 4,600 racing animals. We understand participants heavily rely on their income derived from racing to support their families and the animals in their care, which is why we are doing everything in our power to ensure racing can continue during this time.

We are aware that the strict bio-security measures currently in place at our racecourses impact the ordinary enjoyment of racing, but we trust you understand these are temporary, yet necessary measures to ensure the continuation of racing.

We would like to acknowledge the impact that these changes have had on thoroughbred owners and trainers, specifically the effect of running less thoroughbred meetings with no Pilbara or Kimberley seasons in 2020 and suspension of all community racing. Further to this, a big thank you to our thoroughbred race clubs for their understanding and cooperation while we navigate through changes.

The national and international public health response has had a significant impact on our income. However, RWWA has made a concerted effort to reduce overall expenditures to sustain the WA racing industry over the longer term. This has involved significant reductions within internal operations, including a number of staff being temporarily stood down and a hold on all major projects.

There has also been a reduction in prizemoney in response to the significant decline in revenue we are facing as an industry. However, RWWA is actively supporting the continuation of racing at 80% of usual stake levels, through a time where our income has been impacted by at least 50%.

These changes to stakes, together with RWWA's reserves and other internal operational savings we have implemented, will be used to support the racing industry over the coming months.

As a business we are also undertaking considerable financial modelling and planning for a multitude of potential scenarios to ensure we are well prepared for any future hurdles that we may face as an industry.

Together, these initiatives will ensure our industry is in the best possible position when racing is able to resume as normal.

For up to date information on COVID-19 regarding the WA racing industry, I encourage you to visit the dedicated information page on RWWA's website – www.rwwa.com.au.

Once again, I would like to thank the WA thoroughbred racing industry for the continuous support and patience during this time.

Yours Sincerely,

Richard Burt

Chief Executive Officer, Racing and Wagering WA

WORKING TOGETHER TO RACE SAFELY

From 16 March 2020, we have been working together as an industry to implement a range of strict bio-security measures to ensure the continuation of racing throughout the COVID-19 pandemic. Since then 300 thoroughbred races, and counting, have been run safely under strict measures.

The WA thoroughbred racing industry continues to take the threat of COVID-19 seriously, with responsibly adhering to requirements and adapting to the necessary changes.

On the track we compete against each other but over the last few weeks we have been on the same team, working together, to race safely.

It is with the commitment of the thoroughbred racing industry that the following bio-security measures have been successfully implemented at our racetracks.

Essential Persons Only

Essential persons are attending our racetracks.

Proof of Identity

Essential participants display their RWWA issued licence card as proof of identity to gain access at racetracks.

Consolidated Race Meetings

Participants have reduced their travel with thoroughbred race meeting being consolidated to only six venues.

Good Hygiene & Social Distancing

Participants have adapted and are adhering to guidelines around good hygiene and social distancing practices at racetracks as well as at their own private properties.

Race Clubs

Thoroughbred race clubs have been ensuring general and sensible hygiene practices are maintained.

Guidelines

Trainers and stable staff have been adhering to guidelines outlining strict bio-security measures both on and off the track.

Restricted Areas

Participants have respected the increased security in restricted areas to ensure social distancing.

Stable Staff Restrictions

Trainers and strappers/stable staff have changed their usual processes to observe the restricted number of staff allowed to accompany trainers at racetracks.

Race Day Practices

Participants have adapted to a number of race day practices that have been adjusted to ensure social distancing, including the gearing up of horses.

Jockey Segregation

a 'Blue Team' has been created who have been segregated from all other jockeys, so that in the event a member became impacted not all jockeys will be required to isolate.

Equipment

Participants have been cleaning and disinfecting all horse gear regularly and when interchanging who is handling the equipment.

Jockey Silks

Jockeys have not been using the same set of silks more than once at the same race meeting to adhere to good hygiene practices.

We are in this, TOGETHER.

Once again RWWA would like to thank the thoroughbred racing industry for their continuous understanding and support through these uncertain times.

STOP!

For the continuation of racing and the protection of our participants it is imperative that all on course entrants adhere to the following health and safety precautions:

Social distancing

Keep 1.5 metres away from other people

Sneeze and cough

into your elbow and don't touch face or shake hands

Dispose

of used tissues in a closed bin

Washing hands

for minimum of 20 seconds with soap and water

Use hand sanitiser and disinfectant

wipes to clean equipment

These precautions are important to the protection of our people and our racing product.

Abuse of any kind towards our staff or each other will not be tolerated.

Non-compliance with these guidelines will result in your immediate removal from the venue and referral to the stewards.

TRIALS AND JUMPOUTS

ELIGIBILITY TO TRIAL

Trainers are advised that restrictions on horses permitted to barrier trial, as printed in each edition of The Races WA.

Trainers are advised to familiarise themselves with the eligibility restrictions for horses to trial by clicking [here](#). Horses entered for trials that are not eligible under this criteria, will be permitted to trial but be subject to a further fee of \$110 (additional to the standard trial fee).

HORSES ELIGIBLE FOR TRIALS ARE:

Horses referred back to trials by Stipendiary Stewards.

Horses which have not raced or trialled in the preceding 6 weeks.

All two-year-old horses. Must be ridden by a licensed jockey or apprentice who has ridden in at least fifty races.

All three-year-old horses.

All unraced horses. Must be ridden by a licensed jockey or apprentice who has ridden in at least fifty races.

Horses ridden by non-permit apprentices, or apprentices who have had less than fifty race rides.

PLEASE BE ADVISED

Trainers wishing to trial a horse not eligible under the standard conditions (see above) must declare this at the time of nomination and will be subject to a further fee of \$110 (additional to the standard trial fee).

LATE NOMINATIONS will **NOT BE ACCEPTED** unless under exceptional circumstances, such as communication or clerical error.

TRIAL ENTRIES

Trainers are reminded that no horse shall be permitted to start in a trial unless the following has been completed.

- Horse registered with Racing Australia (48 hours prior to close of nominations)
- Stable return lodged with Racing Australia (24 hours prior to close of nominations)

TRIAL FEES

Metropolitan: \$87.00 *(ex gst)

Provincial/Country: \$101.50* (ex gst)

*inclusive of jockey riding fee of \$54.00 where applicable. (as of 3/08/2018)

HORSES ELIGIBLE FOR SUPERVISED JUMP OUTS ARE:

Unraced horses.

Unnamed horses (must be branded).

In accordance to the Register of Nationally Approved Gear –

Prior to being permitted to wear a combination of Blinkers/Visor Blinkers or Winkers with a Nose Roll in a race, a two year old or unraced horse must trial to the satisfaction of the Stewards prior to acceptance time wearing the relevant gear. Horses which have previously raced do not have to trial for approval.

Trainers please be advised that it is an obligation that the ID CARD is presented when a horse first trials and if such requirement is not met, Stewards will record that the inspection was not completed and as such the horse will not be permitted to trial or race until the ID CARD is presented - This can be at its second trial or first race start.

These are organised trials and will be conducted under the supervision of the Stipendiary Stewards. Heats will be for:

* In determining the eligibility of any horse to compete in "Special Conditions" races in Western Australia, any wins in a group, listed, or restricted listed race in any area shall be deemed to be a metropolitan win.

CONDITIONS FOR RESTRICTED RACES

AR1A.A Maiden Race is one restricted to horses which at the time of starting have never won on the flat a race at a registered meeting or any advertised race in any country.

A Trophy Race is a race in which the prizemoney and/or value of any trophy to the winner does not exceed \$5,000.

A Class A Race is one restricted to horses which, at the time of starting, have not generated prizes in the aggregate worth more than \$6,000 for wins in races on the flat and have never won a race on the flat outside Australia.

A Class B Race is one restricted to horses which, at the time of starting, have not generated prizes in the aggregate worth more than \$12,500 for wins in races on the flat and have never won a race on the flat outside Australia.

* The value of the prize to the winner shall not exceed:

in a Class A Race - \$6,000

in a Class B Race - \$12,500.

Provided that Class A and/or Class B races shall not be programmed for TAB meetings, except in the Northern Territory, King Island and approved country areas of Western Australia, and that each Principal Racing Authority should restrict Class A and Class B races to "remote/minor" race meetings, as determined by the Principal Racing Authority.

AClass One Race is one restricted to horses which, at the time of starting, have not won more than one race on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse.

Further provided that, notwithstanding the foregoing provisions, the winner of any Group Race, Listed Race or Restricted Listed Race shall be ineligible.

A Class Two Race is one restricted to horses which, at the time of starting, have not won more than two races on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse. Further provided that, notwithstanding the foregoing provisions, the winner of any Group Race, Listed Race or Restricted Listed Race shall be ineligible.

A Class Three Race is one restricted to horses which, at the time of starting, have not won more than three races on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse. Further provided that, notwithstanding the foregoing provisions, the winner of any Group Race, Listed Race or Restricted Listed Race shall be ineligible.

A Class Four Race is one restricted to horses which, at the time of starting, have not won more than four races on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse. Further provided that, notwithstanding the foregoing provisions, the winner of any Group Race, Listed Race or Restricted Listed Race shall be ineligible.

AClass Five Race is one restricted to horses which, at the time of starting, have not won more than five races on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse. Further provided that, notwithstanding the foregoing provisions, the winner of either of the following races shall be ineligible:

- (a) Any Group Race; or
- (b) Any Listed Race or Restricted Listed Race in which horses older than 2yo could run.
- (c) More than one Listed Race or Restricted Listed Race in which 2yos only could run.

AClass Six Race is one restricted to horses which, at the time of starting, have not won more than six races on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse. Further provided that, notwithstanding the foregoing provisions, the winner of the following races shall be ineligible:

- (a) Any Group Race; or
- (b) Any Listed Race or Restricted Listed Race in which horses older than 2yo could run; or
- (c) More than one Listed Race or Restricted Listed Race in which 2yos only could run.

GENERAL RACING AND TRAINING CONDITIONS

RULES

All race meetings in Western Australia shall be held under the Rules, Regulations and Conditions of Racing and Wagering Western Australia (RWWA).

POWERS OF RWWA

RWWA reserves the right from time to time to alter the date of running to make any alteration or modification in the programme, including the sequences or times of the races; to alter the dates and times for taking entries, the declaration of handicaps and acceptances, to vary the amounts of prize-money, forfeits and acceptance fees advertised, or the distance of any race; to combine any two races on such conditions as RWWA may think fit; to extend the time for taking entries in the case of insufficient entries and call further entries; to delete a race from the program; to impose any other conditions, regulations and directions the Committee or Stewards may consider necessary; to change the venue of the meeting should it consider the conditions existing so warrant or to cancel the meeting for any reason thought fit.

LIABILITY DISCLAIMER

Notwithstanding that it or he may have acted negligently neither the Club, Chairman, RWWA nor any member of these bodies nor any officer, agent, independent contractor or employee shall be under any liability to any person for any loss, damage or injury (including death) of or to any horse or person while on any premises of the Club or while on any approach thereto or while using any facility provided by the Club or while in the custody or control or under the direction of any officer, agent, independent contractor or employee acting in the course of his duty as such officer, agent, independent contractor or employee.

IMPORTED HORSES

Any owner, or trainer who nominates a horse which has raced outside the State of Western Australia shall:

- (i) lodge with Racing and Wagering Western Australia at or before the time of starting of the race in which it is entered, a clearance from the Principal Club in whose territory such horse last raced or from an Association recognised by such Principal Club, and
- (ii) for the first nomination of such horse for any race in this State, supply at or before the time of closing of entries, particulars in writing of all its wins and of its last six performances and for any future nominations by subsequent performances of such horse until its first start in this State provided that where the weights for a race are declared within twenty four hours of the closing of nominations the aforementioned details shall be supplied at least twenty-four hours before the time of closing of such entries.

CLUB NOT LIABLE FOR ENTRY

Neither RWWA, the Club nor the Secretary shall in any way be responsible for any errors which may occur in any entry, acceptance or other form filled in by any Official at the request of the nominator or trainer or the agent of any nominator or trainer.

BOUND BY RULES

Every nominator and trainer whose horse is entered for any race. Whether such entry is made by the nominator or trainer or the agent of any nominator or trainer or any Official at the request of or on behalf of any nominator, trainer or agent, shall be bound by the RWWA Rules and Regulations and the By-Laws and Conditions of the Club.

GROUP, LISTED & PRIME METROPOLITAN RACES

In Group/Listed races or any prime metropolitan race in which horses older than three can compete, entries are accepted on the condition that the nomination or declaration of acceptance for any horse may be rejected by the Handicapper.

DISCRETIONARY BALLOTING

In any race where discretionary balloting is to apply, the Committee may, in the event of the number of horses exceeding the safety limit at the barrier, in its absolute discretion, irrespective of a horse's weight, eliminate any horse or horses from the race and/or exclude any horse or horses from the operation of the usual balloting conditions.

DOUBLY ENGAGED

No horse shall run more than once on the same day at any meeting.

PENALTY

Except where otherwise stated, the winner of any race or races after the declaration of weights, shall carry such penalty (if any) as the Handicapper may impose for each win.

RACE DIVISIONS

Where the division of a race will result in more races being conducted at the meeting than that funded by RWWA, then a minimum of 75% of the original advertised prize money must be offered for each division. Each division shall be worth an equal amount. The division of any race must be approved by the RWWA Racing Manager.

UPDATED SCHEDULE OF FEES

(effective from 2 August 2019)

Non-Acceptance Fee: \$45

Late Scratching Fee (prior to close of final riders): \$100

Late Scratching Fee: \$219.00

Trial Fees:

Metropolitan \$87.00

Provincial & Country \$101.50

*All fees are exclusive of GST

BALLOTING CONDITIONS

Where the number of horses in any race exceeds the number set down by the Stewards or Committee of the Club RWWA may, except where special balloting conditions apply, implement any or all of the following conditions to eliminate horses to meet the limits.

- (a) Subject to the provisions of LR51A (1) any horse considered a final acceptor for more than one race at the same meeting shall be withdrawn from the race with the higher number of acceptors. Provided that horses will always be withdrawn from a non-feature race and not be withdrawn from a Group, Listed or other race advertised as Discretionary Balloting. A horse declared an emergency runner in any race may be engaged as an acceptor for another race at the same meeting.
 - (b) Any horse engaged to run at a meeting that has already accepted will be relegated to the lowest emergency position in any subsequent race that horse is entered for. Provided that horses will be exempt from this clause if the subsequent race is a Group, Listed or other race advertised as Discretionary Balloting.
 - (c) In the event of the time for nominations being extended because of insufficient entries (or some other reason), any horse which had been nominated by the inaugural nomination time shall be given preference for a start over any horse which was nominated after the time for extending entries was announced, except when the horse is engaged to run at a meeting that has already accepted.
 - (d) Any horse classified by the Handicapper below the declared minimum weight shall be eliminated in order of the Handicappers rating. Horses with the same rating will be separated at the Handicapper's discretion. The Handicapper may, at his discretion, elevate any horse in the ballot, irrespective of that horse's rating, to correct an obvious anomaly in the ballot. For ballot purposes, the rating of all fillies and mares is increased by 4 points to recognise the 2kg sex allowance
 - (e) Any maiden horse nominated to run in a handicap race will be relegated in the ballot below horses that have already won a race, unless the maiden horse was placed second or third within its last three starts where it will be balloted by the Handicappers rating. Maiden horses relegated under this clause will be balloted in accordance with the standard maiden balloting conditions listed below under section (I).
 - (f) Notwithstanding the foregoing conditions RWWA and the Committee of the Club may, in its absolute discretion, eliminate any horse or horses from a race, and/or exclude any horse or horses from the operation of any or all of the preceding elimination conditions, irrespective of the age, allotted weight or Handicappers rating of the horse concerned.
 - (g) RWWA reserves the power to make provision for the naming of horses as Emergency Runners subsequent to any ballot; provided that when it is determined that a race shall be run in two or more divisions at close of nominations, the Emergency Runners named in any division may be placed in any other division to take the place of horses withdrawn at time of final acceptances.
 - (h) RWWA and the Committee of the Club reserves to itself the power to transfer the nomination of any horse balloted or withdrawn from the race in which it was entered to a suitable race on the same day, or another meeting where entries close on the same day. Provided that where a horse has not been withdrawn from the race prior to the time appointed for final acceptances the acceptance of the horse so transferred shall be taken as the nominator's approval of such transfer and for the purpose of eligibility, qualification or race conditions shall be deemed to have been nominated in the race to which it was transferred. Further provided that where the other horses in such race have not been withdrawn prior to the time appointed for final acceptances, the acceptance of such horses shall be taken as confirmation of the nominator's approval of the transfer of the horses concerned.
 - (i) RWWA reserves to itself the power to extend the acceptances of any given race and allow any horse withdrawn between release of weights and original scratching time to be reinserted into the field prior to the release of acceptances.
 - (j) No liability shall be incurred to the nominator of any horse or to any other person in consequence of or by reason of any departure whether intentional or otherwise from these conditions.
 - (k) In any case not provided for under the Rules, the decision of RWWA shall be final.
- (I) MAIDEN RACES
- i. Horses which have not received prize money within their last 5 starts to be placed in order of total number of starts.
 - ii. Horses which have received the lowest aggregate prize money within their last five starts. Horses with equal aggregate prize money to be placed in order at the Handicappers discretion.
 - iii. Horses which have had two unplaced race starts.
 - iv. Horses which have had one unplaced race start.
 - v. Unraced horses. (Horses placed first in trials will take preference over trial placegetters. Trial placegetters will take preference over unplaced trial runners. Horses which need to be separated within trial categories shall be done so at the discretion of the Handicapper ie: Trial winner category, trial placegetter category etc.)
 - vi. Horses which have earned prizemoney by placing 2nd – 5th in a prime metropolitan race within their last 3 starts; or have earned prizemoney by placing 2nd – 4th in a provincial or midweek metropolitan race within their last 3 starts; or have earned prizemoney by placing 2nd – 3rd in a country race within their last 3 starts. Horses to be placed in descending order of prizemoney earned in last 3 starts.

* In balloting maiden races prizemoney for placings 1st to 6th only is taken into account.

TRAINER & OWNER REFORMS (TOR)

NOTICE OF AMENDMENTS TO CO-OWNER AGREEMENT (COA)

Summary:

Since the commencement of the TOR in August 2017, Racing Australia has been continually monitoring the effectiveness of its processes and agreements, including via feedback from Principal Racing Authorities and industry participants.

Racing Australia is now amending the COA to address issues that have arisen during the TOR's first year of operation.

A summary of the amendments to the COA is set out below.

- **Clause 1.1 & 1.2** – To identify the effective date (1 August 2018) of the revised COA.
- **Clause 3.6(d)** – Proviso that where owners with 50% ownership of a horse wish to accept a trainer's fees notice, and owners with the other 50% ownership wish to object to the fees notice, the managing owner must object on behalf of the owners.
- **Clause 4.3** – To clarify the sale process where an owner wants to sell only their interest in the horse, as opposed to where the ownership group (with majority consent) wants to sell the whole horse.

The revised COA is available at www.racingaustralia.horse

Date of effect: 1 August 2018

NOTICE REGARDING THE NUMBER OF MEMBERS IN A SYNDICATE AND NEW RULE IN RELATION TO SECRET COMMISSIONS

NUMBER OF MEMBERS IN A SYNDICATE

Racing Australia previously made an amendment to AR.69(c) to correlate with ASIC's decision to increase the maximum number of members in a registered syndicate from 20 to 50 (for the purposes of obtaining exemption from a number of the provisions of the Corporations Act in respect of managed investment schemes).

Syndicates containing from 20 to 50 members are restricted to those entitled to exemption under ASIC Corporations (Horse Schemes) Instrument 2016/790 (or any instrument, regulation or class order that replaces or supersedes that Instrument.)

Any queries in regard to the number of members permitted in a Syndicate should be directed to the RWWA Licensing and Registration Department

Provided the syndicate has been registered in accordance with the Rules of Racing and complies with the Regulations."

RULE AR.48 IN RELATION TO SECRET COMMISSIONS

This rule deals with the issue of Secret Commissions in racing.

This new rule applies to all those involved in the selling and trading of Thoroughbreds. Any such person must not receive, solicit or offer any payment or benefit that has not been fully disclosed and consented by all parties involved in the ownership, sale and purchase of that horse.

Please refer to the RWWA Rules of Racing that appear in the Industry - Integrity section of the RWWA website for details of the wording of AR.48.

PRE-ACCEPTANCE FINANCIAL INFORMATION REQUIREMENTS (GST COMPLIANCE)

When participants win stakes, bonuses or are paid any fees, a financial transaction has occurred that requires the correct treatment of GST. In order for this to take place all participants are required to submit a completed GST Declaration Form, prior to racing, so that the appropriate payment calculation can be made when stakes are processed. This form also provides RWWA with the participants banking information to make a timely payment.

If RWWA does not have completed GST Declaration Forms, the ATO require that RWWA withhold payments at a rate of 46.5% (highest tax rate) and forward to the ATO, when a GST Declaration Form has not been completed. This is a requirement under the GST Act and participant can obtain this information under the NAT 3346 guidelines on the ATO website. These funds can then be claimed as a credit by the participant in their annual income tax return.

In order to avoid payments being withheld, it is vital that your completed GST Declaration Forms is submitted prior to acceptance for a race. RWWA is currently working on system changes to implement this.

TRANSFER OF OWNERSHIP

Funds are often withheld at the request of the 'new' owner when a transfer of ownership has taken place, as the outgoing owner has not submitted the paperwork to RWWA's Licensing & Registrations Department within the correct time. There are specific rules that apply to each code in the treatment of transfers. These being;

Harness Rule 109 - the paperwork must be submitted within 7 days of entering into a lease or prior to the horse next racing, whichever is earlier and Rule 111 in respect to a transfer of ownership.

Thoroughbred AR.34 - in respect to a lease the Principal Racing Authority may refuse to accept for registration any lease, and may insist on the inclusion in a lease of provisions it considers essential.

Greyhounds R117 - within ten (10) days lodge a prescribed transfer of ownership form and Rule 119 in respect of a lease.

These rules will now be enforced so that the owner recorded with RWWA at the time of racing will be paid any monies earned. Payments will no longer be held due to paperwork not being lodged within the required time. With regard to licences, GST forms must be included with each Lease or Transfer submitted to RWWA.

LEADING OF TWO OR MORE HORSES

Local Rule 124 states:

Leading of Horses

1. The practice of leading two or more riderless horses at the same time is prohibited
2. The Stewards may penalise any person breaching this rule or found responsible for a breach of this rule

The rule prohibits any person from leading two or more riderless horses at the same time at any place or time.

TRAINER'S RESPONSIBILITY REGARDING 'NOTIFICATION OF ANY HORSE'S ILLNESS, CONDITION OR OCCURRENCE THAT MAY AFFECT ITS RUNNING IN A RACE'.

Trainers are reminded of the provisions and potential implications of rule of racing, AR.140.

X' The following are examples of, but not limited to, conditions or occurrences requiring notification to Stewards under the provisions of this rule;

- Any surgery aimed at correcting a condition that may have

NOTICES

adversely impacted a horse's prior performances i.e. upper respiratory tract surgery or surgery to correct lameness, limb inflammation/pain or gait dysfunction.

- A horse is required to have a long period of rest to heal a pre-existing injury i.e. tendon/ligament strain.
- Lameness or musculoskeletal inflammation/pain.
- Injury to any part of the body which could potentially adversely impact on the horse's performance or consist of a welfare or public perception issue on race day, or have resulted in an interrupted preparation.
- Any condition or occurrence that has resulted in a horse missing consecutive days of normal exercise or sufficiently interrupted, and thus adversely impacted, a horse's preparation for its next race.
- Any systemic illness that has adversely impacted on a horse's health or wellbeing or may have resulted in an interrupted preparation i.e. colic attack, any illness causing loss of appetite.

IMPORTANT CHANGES TO THOROUGHBRED REGISTRATION ARRANGEMENTS

Thoroughbred Racing participants using the RWWA CRIS site would have noticed the below link from Racing Australia (RA). Racing and Waging Western Australia (RWWA) wishes to confirm important changes to registration functions.

From 1 December 2019, administrative duties attached to registration queries and applications will be moved from RWWA to Racing Australia (RA).

This is being done to help facilitate a more streamlined registration process for industry participants.

While RWWA will retain the functions of New Jockey Silk Applications and Promotor Syndicates, all applications for Transfer of Ownership, Syndicates, Leases, Jockey Silk Renewals, Change of Percentage, Change of Share, Deceased Estates, Banking & GST, will be received and processed by RA.

These documents will be able to be processed online or by lodging them direct to RA by email deputyregistrar@racingaustraliahorse.com.au. RA can be contacted via their website, email or by phone 1800 870 799.

APPROVED PROMOTERS

The following named persons are the only persons approved by RWWA and licensed by the Australian Securities and Investments Commission (ASIC) to promote ownership shares in horse racing schemes.

Prospective owners should be mindful that any person promoting shares in a racehorse must hold a current Australian Financial Services Licence (AFSL) with the *conditions shown below.

Person	Name	AFSL No:	*Conditions
P V Morley	Belhus Racing Stables	226693	1 (a) & (b)

Australian Financial Services Licence *Conditions

1. This licence authorises the licensee to carry on a financial services business to:

(a) provide financial product advice for the following classes of financial products:

interests in managed investment schemes limited to:

(A) horse racing schemes only; and

(b) deal in a financial product by:

issuing, applying for, acquiring, varying or disposing of a financial product in respect of the following classes of financial products:

(A) interests in managed investment schemes limited to:

(1) horse racing schemes only; to retail clients.

TRANSFER'S OF OWNERSHIP - POLICY ADVICE

It is a requirement under the Rules of Racing for the name or names of every person or persons having any share or interest in the ownership or lease of a horse to be declared to RWWA prior to racing. Back-dating transfers or similar where such dates retrospectively affect the ownership of a horse in a race already run is therefore contrary to these principles. Furthermore once payments have been correctly made by RWWA based on recorded ownership details, it is impractical to attempt to re-allocate stakes to revised owners after the event.

Industry participants, in particular those involved in horse ownership, are therefore advised when completing the required Application to Transfer (or similar document that alters the official recorded ownership,) the Date of Transfer cannot be dated prior to the horse's last race start. The practice of back-dating the Date of Transfer so as to include dates where the horse has already raced will not be accepted and instead the Date of Transfer will be given the effective date of processing. Where race starts are not included in any back-dating then the indicated Date of Transfer will be recorded.

This policy shall be consistently applied across all codes.

SPECIAL NOTICE TO ALL RACE CLUBS, LICENSED TRAINING VENUES, TRACK MANAGERS AND TRAINERS.

Section 22 of the Occupational Health and Safety Act 1984, places certain obligations on persons in control of a workplace that may relate to Clubs and Training tracks in the following terms:

22. Duties of persons who have control of workplaces

(1) A person that has, to any extent, control of –

THE RACES WA NOTICES

(a) a workplace where persons who are not employees of that person work or are likely to be in the course of their work; or

(b) the means of access to and egress from a workplace, shall take such measures as are practicable to ensure that the workplace, or the means of access to or egress from the workplace, as the case may be, are such that persons who are at the workplace or use the means of access to and egress from the workplace are not exposed to hazards.

(2) Where a person has, by virtue of a contract or lease, an obligation of any extent in relation to the maintenance or repair of a workplace or the means of access to and egress from the workplace, the person shall be treated for the purposes of subsection (1) as being a person that has control of that workplace or that means of access or egress.

(3) A reference in this section to a person having control of any workplace or means of access to or egress from a workplace is a reference to a person having control of that workplace or that means of access or egress in connection with the carrying on by that person of a trade, business or undertaking (whether for profit or not).

(Sections 4-6 repealed)

(7) This section does not apply to a person whose duties are set out in section 20.

Where a trainer engages a person to carry out any type of work either inside or outside his/her premises and the person suffers an injury or disease as a result of that engagement and the injury or disease is of a prescribed nature it must be reported forthwith to WorkSafe. The kinds of injuries to an employee which must be notified are:

- A fracture of the skull, spine or pelvis
- A fracture of any bone in the arm other than in the wrist or hand and any bone in the leg other than in the ankle or foot;
- An amputation of an arm, hand, finger, joint, leg, foot, toe or toe joint;
- The loss of sight of an eye;
- Any injury other than those referred to above which, in the opinion of a medical practitioner, is likely to prevent the employee from being able to work within 10-days of the day on which the injury occurred.

Section 35 (1)(a) & (d) of the RWWA Act 2003 prescribes that it is a function of RWWA to "(a) control, regulate and supervise racing in the State" and "(d) to supervise racing clubs and their affairs." Further Section 43 provides RWWA with authority to issue directions to a racing club or an allied body to carry out works to improve safety at racecourses or training tracks and obligates such clubs to comply with any such directions.

In order to ensure proper discharge of its legislated functions, RWWA directs that all race clubs, managers of training venues and Trainers notify RWWA Stewards of any diseases or injuries of the nature of the above sustained by jockey's, driver's or any other registered persons whilst engaged in activity regulated by licence that occurs at their venues. It is not intended that this alleviates race clubs, manager's of training venues or trainers of any legal responsibilities they may have under other Acts, such as the OHS Act 1984, however ensures RWWA can discharge its functions in relation to racing in Western Australia and ensure the proper investigation and reporting of these incidents to WorkSafe.

DISPUTE RESOLUTION - ONE CENTRAL POINT FOR LODGEMENT OF COMPLAINTS

From time to time RWWA customers seek assistance in resolving disputes regarding horse ownership, the training of horses, unpaid accounts etc.

The Racing Integrity Department (Stewards) understand how difficult, at times, it is for these matters to be settled amicably and can offer advice, and to some extent assistance, on how these matters may be

resolved.

Any queries in regards to disputes of this nature should be directed to the Integrity Operations Coordinator - Mark Kemp on 9445 5227.

Notwithstanding the wide powers of RWWA and its officials, particularly the Stewards, have under the Rules those powers do not extend to dispute resolution to the extent that Stewards can compel a party to act in any way not specifically outlined in the Rules themselves. Neither do the Stewards have authority to force a person to sign away or forsake a share or interest in an animal, which has been afforded to them in accordance with the relevant Rules of Racing, or make any orders with respect to compensatory payments. This should not deter a person contacting the RWWA Integrity Department (Stewards), on the above number, who will provide advice in terms of Rules and RWWA procedures and policies and ensure these are being complied with. Matters that cannot be resolved through the application of the Rules and policies, become a civil dispute between the parties which must be resolved accordingly.

Unless a dispute involves an alleged breach of the Rules, RWWA and its officials will not become directly involved. The exception is where a dispute is the subject of proceedings at law, in which case RWWA and its officials will be guided by any decision of a court.

Any complaint against a person for an alleged breach of the Rules must be made in writing and directed to the Chief Steward of the respective racing code.

SYNDICATES & PARTNERSHIPS

All current and prospective syndicate or partnership members should be aware of the ramifications of buying shares in a racehorse.

The promotion of a scheme which sells shares in a racehorse is subject to Corporations Law and there are significant penalties for schemes that are found to be operating contrary to the law.

Importantly the laws are in place to provide protection for persons who may purchase an ownership interest in a racehorse which is offered in such a scheme.

A horse racing syndicate must be registered with the Australian Securities and Investment Commission (ASIC) before it can operate if it is a "managed investment scheme" (MIS) for the purposes of the Corporations Act. This will generally be the case if the syndicate:

- has more than 20 members; or
- is promoted by a person in the business of promoting syndicates

unless the investors in the scheme are "wholesale clients" for the purpose of the Corporations Act.

The promoter is required to have an Australian Financial Services Licence (AFSL).

A promoter of a syndicate can avoid the requirement to register a managed investment scheme with ASIC if it registers as an approved promoter with RWWA. Once approved by RWWA, the promoter can then apply to ASIC for an AFSL.

RWWA is a Lead Regulator and as such is required;

- (a) to keep a register of all promoters of horse racing schemes to which the co-regulation arrangements applies;
- (b) to register schemes which the lead regulator has agreed to regulate;
- (c) to ensure that a promoter's disclosure statement or offer document contains sufficient information to allow investors to make an informed decision and to check the accuracy of this information;

HORSES CANNOT RUN MORE THAN ONCE ON THE SAME DAY

No horse shall run more than once on the same day at any meeting except at meetings conducted by the following club:

Landor (East Gascoyne Race Club)

NOTICE REGARDING TONGUE TIE POLICY

Racing Australia, in accordance with stewards throughout Australia, has issued a change in regards to Tongue Tie Policy. The new standers will come into effect as of 1 April 2020 are as shown below.

Tongue Ties & Tongue Clips

Approval for use: Tongue Ties and Tongue Clips are approved for use for the purposes of AR 206(1), subject to the conditions set out below.

Specifications: Tongue Ties must be either: (a) leather strap or rubber band (at least 15mm wide); or (b) lycra or neoprene (at least 50mm wide).

Application: Tongue Ties and Tongue Clips must not be applied more than 30 minutes prior to race time.

Proper application: All Tongue Ties are to be looped around the tongue and secured around the lower jaw. Tongue Ties must be clearly visible at all times. Tongue Ties must never be attached to the bit or bridle.

Tongue position: Tongues which are tied must remain inside the horse's mouth in its usual position.

Tongue Clips: Tongue Clips must be rubber and attached to the bit. Tongue Clips with strap are also permitted.

Removal: Tongue Ties and Tongue Clips must be removed as soon as practicable.

Effective date: 1 April 2020

THE RACES WA VETERINARY NOTICES

Trainers are reminded that all race horses must be presented to race free of prohibited substances. For advice concerning the use of therapeutic products that may contain prohibited substances trainers should consult their stable veterinarian, or contact the RWWA Veterinary Department on (08) 9445 5459 or (08) 9445 5305.

ARSENIC - Notice to Horse Trainers

Trainers and industry participants are reminded that Arsenic is a prohibited substance under both the Harness and Thoroughbred Australian Rules of Racing, when found at a level above the threshold value of 0.30 milligrams per litre in urine.

Arsenic is a chemical element which occurs in many minerals and trace amounts may be present commonly in feeds and in groundwater in the environment.

Registered veterinary products that contain Arsenic based compounds include:

Arcyl Solution for Injection Ferrocytl injection

Troy Invigorate Injection Jurocyl Injection.

Horse trainers are therefore reminded to avoid using these preparations close to racing, and a useful guideline is not to administer them following a single dose within a 5 clear day period before racing. Multiple administrations will prolong this period, so extreme caution must be exercised if administering them on consecutive days. The administration of any of these preparations must be recorded as treatment in a trainer's medication log book.

A recent Australian study concluded that it is possible that Arsenic levels in horse urine may be elevated following the ingestion by a horse of Chromated Copper Arsenate (CCA) treated pine timber, a common component of horse stables and paddock fencing.

Consequently, RWWA Stewards advise that it would be prudent for trainers and industry participants to conduct an environmental audit of their facilities to ensure they eliminate access of the racehorses in their care to CCA treated pine timber products, or any other product that may present a similar risk of an elevated Arsenic level in any race day sample.

RWWA Stewards recently concluded several inquiries into matters relating to the presentation of horses by trainers with Arsenic levels above the threshold. In those matters a conviction without penalty was recorded and the horses concerned were disqualified. RWWA provides notice to trainers and industry participants that future action taken by RWWA Stewards, in matters relating to the presentation of horses with Arsenic levels which exceed the threshold, may result in penalties being imposed, regardless of any evidence relating to ingestion of CCA treated timber products or any other source.

Queries can be directed to your Veterinarian or the RWWA Veterinary Department on (08) 9445 5459.

22 February, 2018.

COBALT - NOTICE TO TRAINERS

Cobalt is a naturally occurring trace element which may normally be present in horses at very low levels as a result of the ingestion of feedstuffs that contain it in trace amounts. Cobalt is also present in the structure

of vitamin B12 (cyanocobalamin). However, it is known that excessive amounts of cobalt have an effect on the blood system and therefore it can also be considered as a prohibited substance according to the Rules of Racing when it is at levels above those naturally occurring or as a result of routine nutritional sources, thus a threshold level was introduced into the rules of racing to control the use of cobalt in race horses.

The rules of racing prescribe a threshold limit for cobalt in race day urine samples at 100 micrograms per litre and in race day plasma samples at 25 micrograms per litre.

Therefore trainers are advised:

- That a normal racing diet is more than sufficient to meet a horse's nutritional requirements for cobalt and vitamin B12.
- That registered injectable cobalt supplements offer no nutritional advantages because incorporation of cobalt into the vitamin B12 molecule occurs within the horse's gut.
- To consult with their veterinarians to ensure that their oral supplementation regimen provides only the amount of cobalt necessary to meet the scientifically established nutritional requirements of the horse for cobalt.
- To administer only nutritional supplements that are manufactured or marketed by reputable companies and to administer such supplements only at the manufacturer's recommended dose and frequency of administration.
- To avoid the simultaneous use of multiple supplements containing cobalt and vitamin B12.
- That administering products that are inadequately labelled, that make claims to enhance racing performance or to be 'undetectable', or which are marketed over the internet is extremely unwise.
- To comply with the one clear day restriction on the injection of any substance prior to racing.

Whilst the threshold has been set at a level to allow for normal levels of cobalt supplementation through routine nutritional sources, trainers are advised that the administration of certain registered vitamin supplements, particularly by injection, close to racing may result in a level of cobalt in a subsequent sample that exceeds this threshold. Trainers are therefore advised to avoid the use of these supplements close to racing.

Examples of injectable vitamin supplements that contain cobalt and/or vitamin B12 include, but are not limited to, V.A.M. injection, Hemo-15 and Hemoplex

No injections within one clear day prior to racing

The rules of racing make it an offence for any person (including a trainer, anyone else in charge of a racehorse or a veterinarian) to insert a hypodermic needle into a horse within the one clear day prior to a race

By way of example, if a horse is racing on a Saturday, the last time that the horse may be injected is midnight on the Thursday prior to the race. The horse must not be injected on the Friday or at any time on the Saturday prior to the running of the race. The one clear day ban on injections prior to competition includes, but is not limited to, the administration by injection, whether intravenously, intramuscularly, subcutaneously or any other route, of the following medications and substances:

- intravenous infusions, fluids and electrolytes;
- vitamin and mineral supplements;
- haematopoietic (blood building) agents;
- all Schedule 4 Prescription Animal Remedies and Prescription Medicines for injection; and
- any other agents for administration by injection.

However, it is noted that, for the purpose of proving a breach of AR.178AB, it is not necessary to establish what (if any) substance was injected, or was attempted to have been injected, into the horse.

Importantly, under the new rule, a person must not, without the permission of the Stewards, insert a needle into a horse for the purpose of blood sampling for health and fitness assessment during the one clear day prior to a race. The obvious exception to the Rule is the collection of official pre-race or out-of-competition blood samples at the direction of the Stewards for the purpose of drug analyses.

IMPORTANT NOTE: The timing of the administration of many injectable products will be determined by the detection periods for the prohibited substances contained in those products. In most cases, the detection periods will be in excess of the one clear day prior to competition.

VETERINARY NOTICES

TESTING OF NON-RACE DAY (ELECTIVE) SAMPLES

Trainers should be aware that unpredictable and prolonged excretion times can result from the therapeutic use of certain, specific prohibited substances including long-acting corticosteroids (particularly Depo-Medrol - methyl-prednisolone acetate) and procaine, from the use of procaine penicillin.

Elective testing is strongly recommended for the above drug categories as reliable detection times are difficult, and in some cases impossible, to provide.

Through the Stewards, the Racing Chemistry Laboratory (RCL) will analyse non-race day elective urine samples for certain long-acting therapeutic drugs.

The purpose of this service is twofold. It allows trainers to determine the suitability for racing of an animal after the administration of long-acting medications; or where an animal has been transferred from the premises of another trainer.

The following long-acting drugs can be tested for under the program:

- Corticosteroids (i.e. Depo-Medrol)
- Procaine (from procaine penicillin)

Trainers and veterinarians are encouraged to use this service; however, it does not remove the responsibility, under the Rules of Racing, for a trainer to present all animals under their control free of any prohibited substances on race-day.

a) Sample Submission

1. Urine is required for testing unless specified otherwise.
2. Samples are submitted through the RWWA Stewards or Veterinary Department.
3. Stewards/RWWA Veterinarians must be advised prior to sample submission.
4. Trainers will be charged through the RWWA accounting system.
5. Samples should be submitted in a clean jar/container with lid or a urine collection bottle available from the Stewards.
6. The following details must be supplied when samples are submitted.
 - Animal name and sex.
 - Drug name/s for which the sample is to be tested.
 - Treatment details i.e. drug/dose/date administered.
 - Trainer's name and contact details
7. Stewards will advise trainer when results are received

Cost of sample analysis (all prices include GST)

- \$200.00 per drug category when received at least 2 working days prior to the day of the race.
- For further information contact the RWWA Veterinary Department 9445 5459 or Stewards

SCREENING LIMITS

For the purpose of Thoroughbred Rule AR 257 and Harness Rule HRR 188B, it is hereby notified that screening limits applicable to the following therapeutic substances, as approved by Racing Australia and Harness Racing Australia, are set out as follows;

- acepromazine - 0.02 nanograms per millilitre (ng/mL) in plasma
- acepromazine - 10ng/mL of the 2-(1-hydroxyethyl) promazine sulphoxide metabolite in urine
- betamethasone - 0.20ng/mL in urine
- butorphanol - 0.01ng/mL in plasma
- butorphanol - 1ng/mL in urine

- carprofen - 100ng/mL in plasma
- carprofen - 100ng/mL in urine
- dantrolene - 3ng/mL of 5-hydroxydantrolene in unhydrolysed urine
- detomidine - 0.02ng/mL of the 3'-hydroxydetomidine metabolite in plasma
- detomidine - 2ng/mL of the 3'-hydroxydetomidine metabolite in urine
- dexamethasone - 0.2ng/mL in urine
- diclofenac - 50ng/mL in urine
- dipyrone - 1000ng/mL of the 4-methylaminoantipyrine metabolite in urine
- eltenac - 50ng/mL in urine
- firocoxib - 2 ng/mL in plasma
- flunixin - 1ng/mL in plasma
- flunixin - 100ng/mL in urine
- frusemide - 0.1ng/mL in plasma
- frusemide - 50ng/mL in urine
- hyoscine butylbromide (or n-butylscopolammonium) - 0.05ng/mL in plasma
- hyoscine butylbromide (or n-butylscopolammonium) - 25ng/mL in urine
- ipratropium - 0.25ng/mL in urine
- ketoprofen - 100ng/mL in urine
- ketoprofen - 2 ng/mL in plasma under the condition of a single IV or oral dose
- lignocaine - 0.05ng/mL in plasma
- lignocaine - 10ng/mL of the 3'-hydroxylignocaine metabolite in urine
- meclofenamic acid - 5ng/mL in plasma
- meclofenamic acid - 250ng/mL in urine
- medetomidine - 0.02ng/mL of 3'-hydroxymedetomidine in plasma
- medetomidine - 5ng/mL of 3'-hydroxymedetomidine in urine
- meloxicam - 1ng/mL in plasma
- meloxicam - 10ng/mL in urine
- mepivacaine - 0.05ng/mL in plasma
- mepivacaine - 10ng/mL of the 3'-hydroxymepivacaine metabolite in urine
- methocarbamol - 100ng/mL in urine (when restricted to a single oral or IV treatment of no more than 5 grams of methocarbamol)
- naproxen - 250ng/mL in urine
- phenylbutazone - 100ng/mL in plasma
- phenylbutazone - 100ng/mL in urine
- romifidine - 1ng/mL in urine
- salbutamol - 0.5ng/mL in urine
- triamcinolone acetonide - 0.5ng/mL in urine
- vedaprofen - 50ng/mL in urine
- vedaprofen - 5 ng/mL in plasma

THE RACES WA VETERINARY NOTICES

Screening limits do not affect liability

The implementation of screening limits in racing is not intended and

does not operate to mean that for the purpose of the Rules of Racing the therapeutic substance only becomes a prohibited substance if and when the screening limit is exceeded.

It shall not be a defence to any charge under the rules of racing that the result of any initial screening test should have been below the screening limit for the therapeutic substance in question."

Advice of detection periods

Industry participants are advised that more information on the detection periods for many of the therapeutic drugs assigned screening limits is available on the Agrifutures

website: agrifutures.com.au/rural-industries/thoroughbred-horses/

In making any decision regarding the administration of a prohibited substance to a horse that is entered to race, industry participants are reminded of their responsibilities in undertaking the appropriate level of due diligence and risk analysis in researching the available information on detection periods, including the seeking of veterinary advice and adding an adequate safety margin. Participants are advised to take a conservative approach, and consider all variables such as dose, length of treatment and route of administration, when calculating withdrawal times for therapeutic substances where information on detection times is available.

Participants are also advised that a best-practice approach would dictate that no medication, irrespective of its detection period, should be given within 2 clear days of racing.

OFFICIAL RACING LABORATORIES

"Official Racing Laboratory" means an analytical racing laboratory which is approved by Racing Australia.

Note: The following have been approved by Racing Australia as Official Racing Laboratories:

Australian Racing Forensic Laboratory, Sydney

Queensland Racing Integrity Commission - Racing Science Centre, Brisbane

Racing Analytical Services Limited, Melbourne

Racing Chemistry Laboratory, Chemistry Centre (W.A.), Perth

The Hong Kong Jockey Club Racing Laboratory, Sha Tin, Hong Kong

New Zealand Racing Laboratory Services Limited, Avondale, Auckland, New Zealand

Sport and Specialised Analytical Services, LGC, Fordham, Ely, Cambridgeshire, United Kingdom

Australian Sports Drug Testing Laboratory, Sydney ChemCentre, Western Australia

National Measurement Institute (NMI), Sydney (trace element analysis)

Institute of Biochemistry, German Sport University, Cologne, Germany

Laboratory of Racing Chemistry, Tochigi, Japan (reserve portion/B sample analysis)

CONTROL OF RACE DAY TREATMENT/MEDICATION OF RACEHORSES

With a number of Rules now restricting medication and treatments of various kinds before competition, the following are guidelines regarding medications/treatments that may be approved by the Stewards on veterinary advice when a request is made to the Stewards for permission to treat a horse on race day.

Guidelines for treatments/medications that can be permitted on race

day prior to the race – prior approval of the Stewards not required

Topical application of hoof oils/dressings/grooming products

The application of routine, non-medicated hoof oils/dressings is permitted on the day of racing. The exception is those products that contain medications or herbs that claim therapeutic effects such as analgesia or anti-inflammatory actions.

The application of commercial baby oil or petroleum jelly preparations to lubricate/prevent chaffing of a body area, or a grooming product, is permitted to be applied pre-race. Any product so used must be kept in its original container that has applied to it the original product label, must not be altered or modified by the addition of any other substance/s, and must be available for inspection by the Stewards and official veterinarian. The Stewards may take possession of any such preparation for testing for prohibited substances.

Shampoos and fly sprays

Shampoos, including those that are antiseptic or contain an anti-fungal agent, are permitted to be used on race day prior to racing. Fly sprays are permitted to be used on race day prior to racing.

Physical therapy as treatment

Vibratory massage systems may be used in the stable on the morning of the day of the race but are not permitted on the racecourse.

The application of ice/cold water to musculoskeletal structures

The application of ice or chilled water to, or the use of whirlpool boots or systems such as "Game Ready" on musculoskeletal structures are permitted in the trainer's stables on the morning of race day but are not permitted to be used pre-race in the race day stalls on-course.

Treatments/medications permitted on race day before the race - prior approval of the Stewards required

Other topical preparations

While creams, ointments and powders for topical use are considered to be medications, circumstances may arise when a horse suffers a minor wound that does not affect its suitability to race but would benefit from the application of a topical antibiotic or antiseptic treatment. Such a preparation must be a registered veterinary preparation or human therapeutic good which contains only an antibiotic or antiseptic as its active ingredient, and which is clearly stated as such on its product label. Any product so used must be kept in its original container that has applied to it the original product label, must not be altered or modified by the addition of any other substance/s, and must be available for inspection by the Stewards and official veterinarian. The Stewards may take possession of any such preparation for testing for prohibited substances.

Trainers must apply to the Stewards for permission to administer a topical antiseptic/antibiotic preparation before a race on race day. Horses having received such permission for the application of a topical medication must be inspected by an official veterinarian on arrival at the racecourse.

Treatments/medications prohibited on race day prior to the race;

Routes of administration

Unless excepted in the guidelines above, any substance administered by injection, by stomach tube, by paste, by dose syringe, by topical application or by inhalation will be considered to be a treatment and just not be administered on race day prior to the race. Furthermore, there are other pre-competition restrictions on certain treatments/procedures that are imposed by AR.64G, AR.178AA and AR.178AB.

Clay poultices

Clay poultices may be applied to the legs no later than the day before racing but must be removed the morning of the race and must not be re-applied on race day before the race. All traces of clay poultices must be removed prior to arrival on-course.

VETERINARY NOTICES

Glycerine and Vicks Vaporub®

The application of products such as Glycerine and/or Vicks Vaporub® by any means is not permitted prior to racing on race day.

Physical therapy as treatment

The following physical treatments are not permitted to be used at any time before racing on the day of a race:

- acupuncture
- laser and infra-red treatments

- chiropractic manipulations
- magnetic field therapy
- transcutaneous electrical nerve stimulation (TENS) and any other form of electrical stimulation
- Extra-corporeal shock wave treatment (ESWT)
- Shock wave treatment of racehorses is prohibited for seven clear days prior to racing

NOTICE TO TRAINERS

PROHIBITED SUBSTANCE – ZOLEDRONIC ACID

Racing Australia is aware that the APMVA has issued a PERMIT TO ALLOW SUPPLY AND MINOR USE OF AN UNREGISTERED VETERINARY CHEMICAL PRODUCT for Zoledronic Acid.

The substances set out in Schedule 1, Part 1, Division 1 of the Rules of Racing (i.e. Prohibited List A) are specified as prohibited substances at all times.

Racing Australia is of the view that these substances have no place in the treatment of racehorses and that their use is a risk to the integrity of racing and/or the welfare of horses.

Trainers are reminded that pursuant to Item 23 of Prohibited List A, Zoledronic Acid is listed as a prohibited substance. Accordingly, it is prohibited at all times.

Trainers are reminded of their obligations under the Rules of Racing with respect to substances that are listed in Prohibited List A, bearing in mind that any finding of guilt could result in a substantial penalty.

This includes Trainers' obligations under AR 250, which provides that a person must not have in their possession any prohibited substance on Prohibited List A or any substance or preparation containing a prohibited substance on Prohibited List A. Accordingly, Trainers are reminded that they must not have in their possession (which clearly includes being located/stored at their stables) any Zoledronic Acid or any preparation containing Zoledronic Acid.

NOTICE TO TRAINERS

NEW SCREENING LIMITS FOR THERAPEUTIC SUBSTANCES

On the recommendation of the Veterinary and Analytical Committee, Racing Australia is introducing the following screening limits for the therapeutic substances set out below:

- Vedaprofen – 5 ng/mL in plasma
- Dantrolene – 3 ng/mL of 5-hydroxydantrolene in unhydrolysed urine
- Firocoxib – 2 ng/mL in plasma
- Ketoprofen – 2 ng/mL in plasma under the condition of a single IV or oral dose

Note: the screening limit for Dantrolene is a revision of the current 1 ng/mL limit, thus reducing the detection time to 48 hours (as per the advice of the International Federation of Horseracing Authorities (IFHA)).

The above screening limits are consistent with the screening limits approved by the IFHA (Vedaprofen and Dantrolene) and the Asian Racing Federation (Firocoxib and Ketoprofen).

These screening limits will come into effect on **1 April 2020**.

AMENDMENTS TO RULES OF RACING

AMENDMENTS TO RWWA RULES OF RACING

In accordance with Section 45 (1) (a) of the Racing and Wagering Western Australia Act 2003, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Thoroughbred be amended as follows;

Amendments of National (Australian) Rules applicable 1 April 2020

Racing Australia (RA) has advised of amendments to the Australian Rules which are applicable from 1 April 2020 as follows;

Amend AR 51 and AR 78 as follows:

AR 51 Manager to notify Racing Australia of the retirement of a horse

(1) Within 1 month of a decision to retire a named horse, or not commence racing an eligible horse, the manager of the horse or his or her authorised agent must notify Racing Australia of that, by lodging the relevant form (including a Stable Return or relevant retirement form) prescribed by Racing Australia.

(2) Once a form has been lodged in accordance with subrule (1), the horse will be ineligible to race or be trained unless it is reinstated to race or be trained.

(3) If a horse ceases to be eligible to race or be trained under subrule (1), a person must not reinstate the horse to race or be trained without the express permission of a PRA or the Stewards.

(4) Within 1 month of a horse turning 13 years of age (upon which it is immediately ineligible to race, trial or be trained), the manager of the horse or his or her authorised agent must notify Racing Australia of the horse's retirement by lodging the relevant form (including a Stable Return or relevant retirement form) prescribed by Racing Australia.

AR 78 12+ year old horses

(1) Subject to subrule (2), if a horse is aged 12 years or more:

(a) the horse is ineligible for; and

(b) a person must not enter or start the horse in, any race.

(2) The Stewards may give their express permission for a horse aged 12 years to start in a race/s during its 12 year old racing season, if:

(a) the trainer provides to the Stewards a veterinary report in respect of the horse's condition and suitability to race, and any other information, examination or report as required by the Stewards; and

(b) the Stewards are satisfied that the horse is suitable to race.

(3) Any permission granted by the Stewards under subrule (2) expires at the conclusion of the horse's 12 year old racing season, or earlier as provided by the Stewards.

(4) Upon a horse turning 13 years of age, it is immediately ineligible to race, trial or be trained.

(5) If a horse aged 12 years participates in any race without the permission of the Stewards in accordance with this rule, or if a horse over 12 years participates in a race, the horse must be disqualified from the relevant race.

Rationale;

Racing Australia has approved amendments to AR 51 and AR 78 to improve traceability of horses retired upon turning 13 years of age.

Under the revised rule, within 1 month of a horse turning 13 (upon which it is immediately ineligible to race, trial or be trained), the manager or his or her authorised agent must notify Racing Australia of the horse's retirement.

This change seeks to ensure that racing authorities are receiving

accurate and timely information from the horse's last registered trainer or owner as to its retirement plans, including its location and the details of the person responsible for its care.

AR 78(5) has also been amended to make disqualification mandatory where a horse aged over 12 years participates in a race without the requisite permission of the Stewards.

Delete and replace AR 123 as follows:

AR 123 Safety vests

(1) When mounted on a horse, including but not limited to in a race, official trial, jump-out or trackwork, a rider must wear a properly fastened safety vest which:

(a) complies with a standard prescribed by Racing Australia;

(b) has been approved by Racing Australia;

(c) is in a satisfactory condition;

(d) has not been modified in any way; and

(e) has attached to it a manufacturer's label that states that it complies with a standard prescribed by Racing Australia.

(2) A rider required by these Australian Rules to wear a safety vest must not have in his or her possession a safety vest that does not comply with the requirements in subrule (1).

(3) The Stewards may confiscate or order the satisfactory repair of any safety vest that does not comply with the requirements in subrule (1).

(4) If an apprentice jockey breaches subrule (1), the apprentice jockey's master and/or any other person who was in charge of the apprentice jockey at any relevant time may also be penalised unless that person satisfies the Stewards that he or she took all proper care to ensure that the apprentice jockey complied with that subrule.

Note: Pursuant to this rule, Racing Australia has ordered that:

(a) the following standards of safety vests are prescribed:

(i) ARB Standard 1:1998; and

(ii) European Standard EN 13158;

(b) the following Level 1 safety vests are approved:

(i) Hows Racesafe;

(ii) Ozvest;

(iii) Racelite Pro;

(iv) Vipa;

(v) Vipa I;

(vi) USG Flexi Race; and

(vii) Airowear Swift;

(c) the following Level 2 safety vests are approved:

(i) Vipa II.

Rationale;

Racing Australia has approved the use of Level 2 safety vests by riders. However, riders may continue to use Level 1 safety vests. The rule has been amended accordingly.

The Level 2 safety vest is significantly thicker and bulkier than the Level 1 safety vest and, therefore, may not always be appropriate in Australian conditions. This is why riders may wear either a Level 1 or 2 safety vest, provided it complies with the relevant standard and has been approved for use by Racing Australia.

The only Level 2 safety vest that Racing Australia has approved for use is the 'Vipa II' (manufactured by Vipatech), which satisfies the

THE RACES WA

AMENDMENTS TO RULES OF RACING

requirements of EN 13158:2018.

Other Level 2 safety vests which meet the relevant standard may be subsequently approved upon provision of appropriate evidence to Racing Australia.

A number of amendments have also been made to improve the readability of the rule.

Amendments of National (Australian) Rules applicable 1 January 2020

Racing Australia (RA) has advised of amendments to the Australian Rules which are applicable from 1 January 2020 as follows;

Add;

qualified veterinary surgeon means a veterinarian who is:

(a) registered with the Veterinary Practitioners Board (or equivalent regulatory body) in a State or Territory of Australia; and

(b) approved by the relevant PRA (including by way of permit, approval or licence) if required by a Local Rule of that PRA.

Rationale;

The term "qualified veterinary surgeon" is currently used in AR 34(3) (regarding horse registration) and AR 225

(regarding euthanasia).

From 1 January 2020 the term will also be used in new/amended rules which provide that:

- only a qualified veterinary surgeon can perform shockwave therapy on a horse – AR 86(4);
- only a qualified veterinary surgeon can perform endoscopy of the respiratory tract on a horse – AR 231(6); and
- a defence to blood doping offences exists where certain therapy is provided by a qualified veterinary surgeon – AR 257A.

The term is being defined in the Rules to provide clarity as to what constitutes a qualified veterinary surgeon.

In addition to having the relevant qualifications, the definition includes an additional requirement that the veterinarian

be approved by the relevant PRA if required, given such a requirement applies under the Racing NSW Local Rules.

Add AR 86(4)

(4) A person must not perform shockwave therapy on a horse unless he or she is a qualified veterinary surgeon.

Rationale;

Nationally there is increasing evidence of the use of shockwave therapy by lay people and that this treatment is not being reported as required under the Rules of Racing; and

There are increased risks of tissue injury in horses that are subject to shockwave therapy performed by untrained lay people.

Amendment is made to restrict the performance of shockwave therapy

to qualified veterinarians only.

Amend AR 87 Horses that have had an intra-articular injection

(1) If a horse has been subjected to an intra-articular injection:

(a) the horse is ineligible for; and

(b) a trainer must not enter or start the horse in, any race, official trial, or jump-out for 8 clear days following midnight on the day of the administration.

(2) If a horse has been subjected to, or the Stewards reasonably suspect a horse has been subjected to, an intra-articular injection at any time during the 8 clear days prior to the day of a race, official trial, or jump-out, the Stewards may order the scratching of the horse from the relevant event.

(3) If a horse has been nominated and/or entered for a race, official trial, or jump-out, a person must not:

(a) administer;

(b) cause to be administered;

(c) attempt to administer; or

(d) be party to the administration of, an intra-articular injection to the horse at any time within 8 clear days of the race, official trial, or jump-out.

Note: By way of example, if a horse was subjected to an intra-articular injection at any time on a Monday (1st day of the month), the horse would be ineligible to race, trial or jump-out until the Wednesday of the following week (10th day of the month).

Rationale;

AR 87 is expanded to prohibit the intra-articular administration of any substance at any time during the 8 clear days

prior to a race, official trial or jump-out.

Add AR 143(12)(c)

(c) An apprentice jockey must provide his or her winning rides book to a Steward before weighing-out in any race.

Accords with the current practice of apprentice jockeys being required to provide their winning rides book to a Steward before weighing-out in a race.

Add AR 231(6) Care and welfare of horses

(6) A person must not perform endoscopy of the respiratory tract on a horse unless he or she is a qualified veterinary surgeon.

Rationale;

Endoscopy of the respiratory tract on a horse can now only be performed by a qualified veterinarian.

Add AR 257A Prohibition on blood doping

(1) A person must not:

AMENDMENTS TO RULES OF RACING

(a) *withdraw and re-infuse; or*

(b) *withdraw, manipulate and re-infuse,*

homologous, heterologous, or autologous blood, blood products or blood cells into the circulatory system of a horse.

(2) *A person must not administer any quantity of homologous, heterologous, or autologous blood, blood products or blood cells of any origin into the circulatory system of a horse.*

(3) *Notwithstanding subrules (1) and (2), a PRA or the Stewards may find that it is a complete defence to a charge laid under subrule (1) or (2) if in their opinion:*

(a) *the relevant conduct was for life-saving purposes; and/or*

(b) *the relevant conduct was part of a veterinary regenerative therapy for the treatment of musculoskeletal injury or disease administered by or under the supervision of a qualified veterinary surgeon.*

Rationale;

Mitigates the manipulation of normal blood parameters by infusing stored blood or blood products (commonly referred to as 'blood doping' in human sports).

Note the rule contains a defence in subrule (3) to any charge where blood doping was conducted for life-saving purposes and/or as part of certain veterinary regenerative treatment.

Add AR 270A Penalty for breach of terms of suspension

(1) Except with the consent of the PRA or the Stewards in whose territory a suspension was imposed, a suspended person must not during the period of the suspension contravene any of the Rules in respect of, or the terms or conditions of, the suspension.

(2) Unless otherwise determined by the PRA or the Stewards in whose territory a suspension was imposed or adopted, if a person breaches subrule (1), the period of suspension imposed on that person must automatically restart from the most recent date of the breach, and the person may also be subject to further penalty.

(3) The provisions of subrules (1) and (2) apply to any suspended person, regardless of when the suspension was imposed.

Rationale;

When licensed or registered persons are suspended, they are subject to certain express restrictions under the Rules of Racing and may also be subject to other conditions imposed by the relevant PRA or Stewards.

In contrast to the rules regarding disqualifications (AR 263(4)) – which expressly provide that a breach of any restriction while disqualified results in an automatic recommencement of the disqualification and possible further penalty (subject to PRA discretion) – the rules regarding suspensions do not specify the consequence of a breach of any restriction while suspended.

Rule is introduced for any breaching of suspension restrictions while suspended, which is consistent with the rule in respect of disqualified persons. This will add a further deterrent for suspended persons who may be inclined to contravene the conditions of their suspension.

Amendment to Local Rule applicable 17 December 2019

Amend Local Rule LRSR 14(1)

(1) *A syndicate registered pursuant to these rules shall, unless otherwise cancelled or terminated in accordance*

with these rules, be taken for the purposes of Syndicate Regulation (k) to be renewed ad infinitum unless the following activity has not occurred for a period of 5 years at which time the registration will be deemed to have expired;

(a) *Have a horse owned by the syndicate or any horses that they are listed as the breeder of start in a race or;*

(b) *have a horse owned by the syndicate involved in any breeding activity.*

Rationale;

Under the previous rule if a Syndicate did not have a horse owned by it start in a race for a period of five years the registration of it was deemed to have expired and the syndicate name would therefore be available to re-used by another group.

There are however other situations other than ownership where a syndicate name may still need to be retained within the system. The syndicate may have bred a horse that is still racing and they therefore may be entitled to breeder's bonuses. They may have horse that is still be involved in breeding activity for a number of years once it is finished racing. Rule amendment now covers these situations.

Amendment of National (Australian) Rules applicable 1 August 2019

Racing Australia (RA) has advised of amendments to the Australian Rules which are applicable from 1 August 2019 as follows;

Amend AR 170

AR 170 provides allowances for horses bred in the northern hemisphere when they compete in weight-for-age (WFA) races in Australia.

A comparative review of AR 170 and European WFA scales revealed allowances provided to northern hemisphere 3-year-olds under AR 170 are more generous than the allowances these horses would receive from older horses under the European WFA scales across various distances if they were run on the same day and over the same distance in their country of origin.

Accordingly, Racing Australia has decided to amend the allowances under AR 170 in respect of WFA races run (i) over 2000m to 2400m, (ii) over 2400m to 3000m, and (iii) over 3000m.

There has not been any change to the allowances for WFA races up to 2000m.

Amendments to Local Rules applicable 1 August 2019

Amend Local rule 55(3)

Amend rule to match current practice

(3) The draw for barrier positions for the runners shall be carried out;

(a) by random computer algorithm in the office of the club or Principal Racing Authority at the place where the club or Principal Racing Authority normally transacts its public business: or

(b) by such random method approved by the Stewards which is to be conducted by at least two persons nominated for that purpose by either the club conducting the race or the Principal Racing Authority. Such random draw is to be conducted in a public place, in a manner that permits public scrutiny of the draw.

Delete Local Rule 159

THE RACES WA

AMENDMENTS TO RULES OF RACING

There are no races that are now conducted in heats.

Amendments to Local Rules applicable 20 September 2019

Currently the apprentice claim is based on winners in the following classification of race meetings:

- Metropolitan
- Provincial (Inner Provincial venues of Bunbury, Pinjarra, Northam & York)
- Other (Outer Provincial venues of Kalgoorlie, Geraldton, Albany, Mt Barker, Broome, Esperance, Narrogin and all the country meetings such as Carnarvon, Port Hedland, Leinster, Mt Magnet etc.)

This structure can lead to WA apprentices outriding their claim in the category of Other too soon, leaving them without a claim at the outer provincial venues such as Kalgoorlie.

Amendments have been structured to alleviate this situation.

Amend Local Rule definition of Provincial Area in AR 2 Dictionary to remove the reference to York-Beverley Turf Club;

Provincial Area means race meetings conducted by the Bunbury Turf Club, Northam Race Club, Pinjarra Race Club, York-Beverley Turf Club.

Add local rule definitions of Country Area A and Country Area B in AR 2 Dictionary

Country Area A means race meetings conducted by Albany Racing Club, Coolgardie Racing Club, Geraldton Turf Club, Kalgoorlie Boulder Racing Club, Narrogin Race and Pace, Mt Barker Turf Club, Toodyay Race Club, York Racing.

Country Area B means race meetings not defined as Metropolitan, Provincial or Country Area A.

Delete sub-rule LR 143 (b), amend sub-rule LR 143 (c) and re-number it to (b) then re-number LR 143 to LR 143A;

LR 143-143A

(a) Apprentices shall not claim a weight allowance in races run at Standard Weight For Age.

~~(b) Apprentices shall not claim their allowance in any open class race run outside the metropolitan area where the total prize money of the race is \$20,000.00 or more, unless specified otherwise in the race programme advertised in the Racing Calendar.~~

(c) In all other races, unless otherwise specified in the conditions advertised for the race in the Racing Calendar, or specified in LR 143, any Apprentice entitled to ride under the Rules, may claim the weight allowance specified under the provisions of AR 143.

Add a new LR143 as described below;

LR 143

(1) For races run in Western Australia in Country Area A the permitted weight allowances for an apprentice jockey are:

- (a) 3kg until the apprentice jockey has ridden 20 winners on the flat in a metropolitan area, a provincial area and/or country area A;
- (b) 2kg until the apprentice jockey has ridden 50 winners on the flat in a metropolitan, a provincial area and/or country area A;
- (c) 1.5kg until the apprentice jockey has ridden 80 winners on the flat in a metropolitan area, a provincial area and/or country area A.

(2) For races run in Western Australia in Country Area B the permitted weight allowances for an apprentice jockey are:

- (a) 3kg until the apprentice jockey has ridden 20 winners on the flat;
- (b) 2kg until the apprentice jockey has ridden 50 winners on the flat;
- (c) 1.5kg until the apprentice jockey has ridden 80 winners on the flat.

For the purposes of this rule, Country Area A and Country Area B means race meetings as defined as such in the Local Rule definitions contained in AR 2 Dictionary.

Any apprentice race wins prior to the effective date of this rule will not be re-classified and will be subject to the rules applicable at the time of such win/s.

AMENDMENTS TO RWWA RULES OF RACING

In accordance with Section 45 (1) (a) of the Racing and Wagering Western Australia Act 2003, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Thoroughbred Racing 1 March 2019 be amended as follows;

Amendment of National (Australian) Rules applicable 1 June 2019

Racing Australia (RA) has advised of amendments to the Australian Rules which are applicable from 1 June 2019 as follows;

Prohibited List A & B thresholds - Testosterone

Article 6A of the International Agreement on Breeding Racing and Wagering (IABRW) now contains a plasma testosterone threshold for fillies and mares (unless in foal): 100 picograms free testosterone per millilitre in plasma from fillies and mares.

Racing Australia has approved the inclusion of the international threshold in the Rules.

Prohibited List A & B thresholds - Estradiol

Racing Australia has approved an amendment to the way in which the threshold is expressed in the Rules.

Prohibited List B thresholds - Prednisolone

There is now evidence that prednisolone is an endogenous substance in horses. In light of this, Article 6A of the International Agreement on Breeding, Racing and Wagering (IABRW) now includes a prednisolone threshold.

Racing Australia has approved the inclusion of this threshold in the Rules.

AR 2 Dictionary definition of "Official Racing Laboratory"

Add - Laboratory of Racing Chemistry, Tochigi, Japan (reserve portion/B sample analysis) to the list of Official Racing Laboratories.

Add AR 121 (3) Clothes, footwear and equipment

Under the Rules of Racing, Stewards have specific powers to confiscate riders' safety gear and equipment such as helmets, safety vests and whips that do not meet the required standards or are not in a suitable condition.

In circumstances where the Rules provide that only clothes, footwear, apparel and equipment approved by Stewards are allowed to be worn or used by riders, this provides an expansion of the rule to give Stewards powers to confiscate such items that have not been approved.

The primary aims of such an amendment are to improve rider safety (by restricting use of potentially dangerous clothing and footwear) and to improve equine welfare (by restricting use of potentially harmful equipment).

Amend AR 184 (b) (ii)

To accord with the current practice of including the neck strap in the rider's weight.

Amend AR 219 (4)

Protests for interference per AR 130(1) may be made on behalf of horses finishing up to one place after the last place for which prizemoney is awarded.

AMENDMENTS TO RULES OF RACING

This can result in the Stewards having to deal with largely inconsequential matters (e.g. 9th vs 10th), as well as creating significant delays in authorising betting payouts.

Accordingly, Racing Australia has approved that such protests be restricted to horses finishing up to 5th place, with discretion for the Stewards to consider protests in respect of any lower placed horses.

Discretion for the Stewards to hear protests for lower placings provides flexibility, and may be particularly relevant for bigger races where prizemoney is significant below 5th place.

Amend AR 227 (b)

Under the Rules of Racing it is an offence for a person to attempt to commit, aid, abet, counsel, procure, connive at, conspire with another person to commit, or be a party to another person who commits, a breach of the Rules.

Further, where a person is approached or requested to engage in corrupt, improper etc conduct, or conduct detrimental to the interests of racing, that person has an obligation under the Rules to report such approach or request to the Stewards (see AR 230).

Amendment introduces a specific offence where a person approaches or requests a person to commit a breach of the Rules. This will help improve integrity measures by creating an offence where a person takes steps with the intent of having an offence committed by another person, despite the other person potentially refusing or having no intention to carry it out.

A copy of these rules is located within the Thoroughbred Rules of Racing which appear in the integrity section of the RWWA website.
