Rules & Conditions for registering a 'BREEDING FEMALE'

Breeding Female Registration:

R127 (6) A bitch shall not be used for breeding purposes unless registered as a 'breeding female'.

R127 (8) Application for registration as a breeding female may be made by the owner or authorised person by lodging with the Controlling Body in the state in which they reside –

- (a) a completed prescribed form with any fee that may apply; and
 - (b) at the expense of the applicant, a DNA fingerprint analysis carried out by a laboratory designated by Greyhounds Australasia on a sample taken by a veterinary surgeon or other person approved by the Controlling Body; and
 - (c) evidence of a current vaccination status against parvovirus, hepatitis, canine distemper, parainfluenza virus and bordetella bronchiseptica (C5) issued by a veterinary surgeon identifying the greyhound by reference to its sex, colour, ear branding and/or microchip identifications and stating the next vaccination/booster due date.
- (d) The period of registration will be for one (1) year from the current vaccination date pursuant to sub-rule (c).**

Breeding Restrictions:

R127 (10) The owner of a breeding female, or the person with authority to breed that female, shall not cause her to be mated if that breeding female is over eight (8) years of age without prior veterinary certification of appropriate health and fitness, and the approval of the Controlling Body in writing. The approval granted by the Controlling Body under this sub-rule will be to allow one (1) service/insemination only, irrespective of the result of said service/insemination. The veterinary certification must be obtained within 120 days prior to the date of the service.

R127 (11) A breeding female cannot be used for breeding more than three (3) litters without prior veterinary certification of appropriate health and fitness for further litters, and the approval of the Controlling Body in writing. The approval granted by the Controlling Body under this sub-rule will be to allow one (1) additional service/insemination only, irrespective of the result of said service/insemination. The veterinary certification must be obtained within 120 days prior to the date of the additional service.

R127 (12) The owner of a breeding female, or the person with authority to breed that female, shall not cause her to whelp more than two (2) litters in any 18 month period.

Identity Confirmation:

R127A (1) Prior to any service or artificial insemination, the appropriate registered person shall, by reference to its Greyhound Breeding Identification Card, positively identify the breeding female presented to be served or inseminated. The appropriate registered person shall also, prior to any service or artificial insemination, confirm that the breeding female is currently eligible for breeding. Should there be any doubt over the identity of the breeding female or her eligibility for breeding, the person carrying out the identity examination shall, forthwith, inform the Controlling Body of the doubt and ensure that the breeding female is not served or inseminated until the doubt has been resolved.

***Please Note:** Ongoing registration as a Breeding Female will require you to maintain current vaccination status – details of booster vaccinations will need to be provided each year or she will not be eligible for breeding
