DARRYN PATEMAN

THE KING OF

COUNTRY RACING

By Michael Heaton

Leading country trainer Darryn Pateman landed a rare feat not once, but twice, in October when preparing a stable trifecta with his only three runners in both the Moora Toyota Cup (1800m) and Elders Collie Cup (2000m).

Pateman's staying trio Andreini, Ombudsman and Tell Me This finished first, second and third respectively in each of the historical races in a year where the thought of racing in country Western Australia seemed improbable only months ago.

The wide-spanning effects of COVID-19 even threatened racing being brought to a halt as a whole and Pateman, who has been a permanent fixture at Broome's annual winter

racing season for the past decade, breathed a huge sigh of relief when it was announced that the Carnarvon Race Club's season was still able to proceed.

Asked if he thought racing on the north-west circuit would be able to go ahead during the early stages of the coronavirus pandemic, Pateman says he'd lost hope.

"No, definitely not," he said.

"Not when it first happened and especially when Broome and Port Hedland went.

"Then all of the little tracks started to go and I thought, 'well, Carnarvon's got to go, too'.

"I actually still kept all of mine going because I thought they couldn't sit in a paddock for a year.

"I thought we were going to have to drive to Northam or somewhere where they could fit in, but I'm surprised we even raced at all.

"Everyone did a good job."

Once the Broome season had been called off and Carnarvon's was still undecided, Pateman was in the midst of trying to work out a contingency plan.

However, a sense of optimism was restored after speaking to Racing and Wagering Western Australia's General Manager Racing, Charlotte Mills.

"We did think of going to Kalgoorlie for about 30 seconds but it's too cold there," Pateman said.

"Then Kevin Scott said to me, 'ring Charlotte Mills', and he gave me her number.

"I thought, 'bugger it, what do I have to lose?', so I gave her a ring and spoke to her for about half-an-hour or so.

"She was good and the quote she made was, 'don't give up on Carnarvon, we're going to really try for Carnarvon'.

"That was good enough for me, so I kept mine going and thought, 'we'll just see what happens'."

Once Carnarvon was given the green light to start racing in June, much to the delight of country trainers and jockeys state-wide, Pateman headed north with his usual number of 18 horses to take part in the new season.

It was his 11th consecutive year of chasing the sun in WA's north after having based himself in Broome for the previous 10 winters and, after saddling-up a winning double with Lucky Charlie and Costa Lante at Geraldton on June 6, he's since trained 21 winners across meetings at Carnarvon, Junction, Moora and Collie.

Asked how he first started his annual tradition, the state's leading country trainer in five of the past six seasons

says a short-term venture eventually turned into a yearly operation.

"I'm not a fan of the cold," Pateman said.

"I took six horses to Broome in 2009 just to dip my toe in the water and we won the Broome Sprint that year.

"We had six or eight winners or something and it was beautiful weather, so I thought it was alright.

"I didn't have any young horses and had no one buying yearlings or anything for me, so I went again the next year and progressively got bigger and bigger."

Following Cognac Bay's Broome Sprint triumph in 2009, Pateman has since taken out the race another two times with Liquidation in 2011 and 2014 and the horse is a marvellous story in himself.

Pateman prepared the Giant's Causeway gelding to finish fourth to eventual \$1.16-million earner Grand Nirvana in the 2008 Listed Supremacy Stakes as a two-year-old before winning the Listed Placid Ark Stakes later that year as a three-year-old and placing in the Group 3 Sir Ernest Lee-Steere Stakes, Listed TJ Smith Trophy and Listed JC Roberts Stakes in the same season.

As a four-year-old, Liquidation placed in the Listed Carbine Club of WA Stakes and was beaten a nose when second to Group 1 performer Power Princess in the Northam Sprint before winning the Broome Sprint at his next start.

In rather unorthodox fashion, Pateman and the gelding later travelled to the east coast of Australia, almost 4,000 kilometres away from the dirt track where the pair had resided only weeks prior.

"Liquidation won in Broome and then his next start was in Melbourne," Pateman said.

"The owners of Liquidation said, 'if he wins the Broome Sprint he can go to Melbourne because we've always wanted to have a runner on Melbourne Cup day'.

"So, we used the Broome Sprint stake money and went to Melbourne with him and Need Luck.

"They went really good, they both ran third on the same day and, because it was Geelong Cup day, all of the races were good stake money.

"Both of them paid for themselves over there.

"Then we ran Need Luck in the all-greys race at Flemington and he ran sixth, but Liquidation got crook and didn't do much on Cup day."

Fast forward to 2020 and the jockey who was not only with Pateman as an apprentice at Broome's pearl coast in 2009 but has also ridden each of his three Broome Sprint winners, Yannick Valenti, played a significant role in the stable's success this year.

The comeback jockey, as well as apprentices Jessica Gray and Kristo Sardelic, were based in Carnarvon for the season and Pateman says were large contributors to his operation.

Gray, who also made a return to the saddle this year after a period of absence, piloted Andreini to his Moora Toyota Cup victory on October 10 before fellow apprentice Hannah Fitzgerald took the reins in the Elders Collie Cup a fortnight later.

"I was actually away on holidays and (son) Aaron was looking after them and said, 'Andreini will win, he's flying'," Pateman said.

"As soon as we got back from Carnarvon we went on a couple-week holiday doing a wander out yonder.

"We went all the way to Kununurra and Derby just to get away for a couple weeks.

"Our plan was to finish in Moora on our way home and we were there when they got there for the Cup which was good."

The dual-cup trifectas weren't the first time Pateman has claimed the feat in a feature race, with Wise Decision, Marcamjo and Oneofus filling the first three placings for him in the 2015 Pearl Classic, whilst having also trained a stable quartet with his only four runners in Jelani Express, Well Spoken Man, Ferngrove and Megafactory at Broome in July last year.

Asked what his off-season now consists of, Pateman says he takes the opportunity to have a break before gearing up for the following year's north-west racing season.

"Once upon a time we went to Esperance for the summer, but it just gets too hard," he said.

"You've got to give the horses a break and you either work on giving them a short let-up and going to Esperance and then having another short let-up before Broome, or you just give them the whole summer off.

"We've got to the point now where we just do that and they go out into a 40 or 50-acre paddock in Harvey and away they go.

"10 of them live out there together and they live on grass and rolls of hay.

"With that four or five months off, any little problems they have seem to settle down.

"They come back on the first of March and they're generally ready to race somewhere around the first of June when Broome starts again."

Broome will be a most-welcome addition to WA's racing calendar next year and there's no doubting Pateman will prove hard to beat again.

The veteran horseman says he's always looking to improve his team and is looking forward to normality restoring when he returns to the campsite he knows so well at the picturesque Broome Turf Club.

"If someone could send me a fast horse that would be alright," he laughed.

"But if nothing else happens everything should be right to go for Broome next year and I couldn't see why things wouldn't go back to normal.

"I'm looking forward to getting back there again, I don't think I've seen a winter in 10 years."

ASHLEY MALEY

HIS ADMIRATION FOR PUSH TO PASS

By Julio Santarelli

Push To Pass: A resilient, competitive horse, no frills or fanfare, just honest and consistent who always puts in.

Those same attributes could also easily apply to the gelding's trainer Ashley Maley.

What you see is what you get from the self-taught horseman, a knockabout type, who goes about his job in a quiet and efficient manner.

A popular member of the WA racing industry, Maley prefers the low-key approach over the attention or glare of racing's spotlight.

His stable is not littered with stars, but he regularly churns out winners, particularly in the provincials and he's not adverse to producing winners at good odds.

Now 10-years of age, Push To Pass and Maley have been regular companions from almost the very beginning. Their journey has taken them up and down the state in search of success.

Maley shares genuine affection for Push To Pass, reflecting how horses don't always have to be great champions or snare racing's rich prize pickings to generate great fondness.

That connection between Maley and Push To Pass was strengthened again in November after they combined to take out the York Cup (1920m).

Adding to previous wins in the Albany Cup and Esperance Cup, Push To Pass defeated Saucy Jack and Juicing Carrots to burst through half a million dollars in stake earnings.

Maley says he can't hide his admiration for Push To Pass.

"Matt Harris and I bought him sight unseen as a weanling when he was three days off his mum," Maley said.

"He was pretty small and nothing much to look at, fluffy, but a half-brother to Benny's Halo, who ran second in the Perth Stakes and Karrakatta Plate.

"He arrived at a good time and means a lot to me because at that time of my life I didn't have a lot of money.

"He was about the third horse I had, but has paid me back by now.

"We have been together a long time and he just rolls up and tries his best all the time.

"He always gives 100 per cent whenever he goes around.

"He's run some very good races, even in Perth.

"I would have to say he is one of my favourite horses.

"He certainly pulls at the heart strings."

As a 90-start veteran with 15 wins and 16 placings, Maley knows the end is closer than the beginning for Push To Pass.

He takes every win and race as a bonus, an understandable sentiment after Push To Pass suffered a tendon injury 18 months ago.

"I thought we would have had to retire him," Maley said.

"But after a few months in the paddock we took him to the vets to have him scanned and they said he was not sore at all.

"I was struggling about bringing him back because I would never forgive myself if anything went wrong.

"But he wanted to be a racehorse and is a determined bugger.

"I would like to have another go at the cups in Albany, Esperance and Geraldton again, but only if he is sound.

"I'm not sure how long he can go for, but I will let him tell me."

SECRET HARBOUR LOCAL TAKES OUT STATE-WIDE RACING FASHION TITLE

Photo: Winner Anna Hildebrandt and RWWA General Manager Racing, Charlotte Mills

Anna Hildebrandt from Secret Harbour was crowned the winner of the prestigious WA Fashions on the Field Final, held at the Crown Perth Winterbottom Race Day at Ascot Racecourse, on Saturday 28 November 2020.

The competition saw 12 finalists from across the State battle it out for the ultimate prize including a racing holiday for two with Motive Travel, \$10,000 spending money from TABtouch and \$5,000 worth of jewellery from Linneys' Jewellers.

Ms Hildebrandt made her claim in the Final after winning the metropolitan and Peel Fashions off the Field 'iso-edit' heat in June 2020.

After winning the esteemed State title, Ms Hildebrandt said she was humbled by the experience.

"It's incredible, I am absolutely astonished, I'm speechless really. All the finalists are amazing, it was a very hard job for the judges," Ms Hildebrandt said.

Ms Hildebrandt said that her winning outfit was inspired by all things vintage.

"I'm a big lover of vintage, I love the 70's, and when I found this piece online, I knew I just had to have it and it just brought everything together."

When asked what she loved most about racing and Fashions on the Field, Ms Hildebrandt highlighted it was the people involved.

"The comradery with all the girls, we are all just so close. About seven of these ladies I didn't know before this

weekend and now I'm best friends with them. Just having that mateship, drinking bubbles and having a punt, it's awesome."

Second place was taken out by Brooke Scott representing Kalgoorlie after winning the Hannans Handicap fashions event, and third place was won by Holly Keily who took out the Moora Cup Fashions on the Field.

Any female winner of a Fashions on the Field competition held at a WA thoroughbred race club, and each virtual Fashions off the Field iso-edit heat winner, was able to nominate themselves for the 2020 WA Fashions on the Field Final.

A Racing and Wagering Western Australia (RWWA) judging panel then selected the top ten finalists to compete at the State Final. A further two contestants, Holly Kiely and Amy Evans, the winners of heats held at Moora Cup and Ascot Racecourse Opening Day respectively, were voted to the Final by way of a public vote.

The Final was panelled by a stellar line-up of judges including Perth socialites Tayla Damir and Amy Zempilas, lifestyle blogger Ashleigh Jade, Suited Events Managing Director Simon Crossland and Community TAB's Matthew Thomas.

RWWA's General Manager Racing Charlotte Mills said Fashions on the Field has an important place in Western Australian racing.

"Originally introduced in 1962 to attract more women to the races, race day fashion and Fashions on the Field competitions across the country have become symbiotic with racing," Ms Mills said.

"The finalists have captured the essence of race day fashion with style, creativity and attention to detail."

"I would like to congratulate the finalists and of course our winner Anna Hildebrandt, in what was a very strong field of contestants this year."

Dino Mak's racing career consisted of 31 starts for two wins, six seconds and four thirds, earning his connections \$187,025 in prize money. 21 of these starts were under trainer Wally Mitchell and his last 10 were with Racquel Langridge.

Mia Langridge first met Dino Mak, by Fastnet Rock and out of New Zealand mare Huka, when he was spelling in Toodyay before recommencing his racing career with her mum, Racquel. Mia recalls that Dino Mak, or Roy as he's known to his friends, as the golden child. When he arrived there was a lot of excitement about his future on the track.

Roy came to Racquel having some issues with the barriers, but her dedicated team, gave him time and persevered, and soon he was ready to race again. While it was clear Roy had ability, it became apparent that his heart wasn't in it anymore and he was retired in early 2014.

Racquel was determined to find him the best home possible and asked family friend and Show Horse rider, Sara Naylor, if she'd take him on. Sara had one ride on the gelding at the beach and immediately knew he had a great Show Horse career ahead of him.

Roy was the perfect fit for the Naylor's stables, having the potential to make a top Show Hunter. Roy is a quirky horse, which made Sara even more excited to take him on and bring out his best.

"He was a rather easy horse to ride and educate, he loved working and hated seeing me ride other horses or having a day off." Sara says.

Roy soon learned to relax and enjoy his down time.

"He thought he was the king at home, on show day we'd have to catch him and tie him up before doing anything or good luck catching him if he knew what was going on!" Sara recalls.

Together Roy and Sara won a list of titles including the 2015 Runner Up EA Newcomer, Champion Large Hunter Hack at the 2017 Show Horse Classic, and Champion Hunter Hack at the 2018 Western Stars Grand National Qualifier. While they earned many ribbons and sashes together, Sara's favourite accomplishment when they won Champion Hunter at the 2017 Perth Royal Show. That year Mia also won Champion Child's Large Hunter Hack at the Show Horse Classic on Roy which qualified them for the Grand Nationals in Sydney.

In late 2019 Sara and Corrine decided that it was time to move Roy on so he could teach a younger rider the Show Horse ropes. Mia had always loved the gelding and

understood his quirks, so the decision was made that Roy should return to the Langridge's stables.

Mia and Roy have now competed at the Show Horse Council Horse of The Year, Perth Royal Show and the Gosnells Masters. Roy is proving himself an all-rounder; taking Mia on bush rides, jumping and by developing his Dressage skills. Mia hopes to compete him in not only Show Horse events, but Show Jumping and Eventing.

Roy loves company and knows he deserves lots of love and attention.

"Roy is a snuggler. He loves company and will give cuddles all day if that means you won't leave him. He is really great around children and non-horsey people and is just a genuinely great horse that I am very fortunate to have the privilege of owning." Mia says.

THE VANTAGE AT ASCOT

The Owners Only at The Vantage is an exclusive area at Ascot Racecourse for owners with a horse racing on the day. Located adjacent to the Mounting Yard overlooking the course, owners and trainers enjoy premium hospitality which includes a complimentary beverage and light refreshments.

Due to Phase 4 Covid-19 restrictions, capacity is unfortunately reduced to 50 owners at any one time. Demand to access The Vantage has often exceeded the limit of 50 persons since racing returned to Ascot this season. Accordingly, to provide the opportunity for as many owners as possible to access the area for their race, we have implemented a race-to-race format where owners may only access in their timeslot that their horse is racing.

QR code invites are sent to all owners including syndicates within syndicates each Friday prior to the Saturday race meeting. Owners who are unable to locate their invite are encouraged to check their junk inbox or contact ownersonly@rwwa.com.au.

Owners Only thank all owners for their patience during the State Government imposed Covid-19 restrictions.

The second of the Owner Insight Series for the 2020/21 racing season took owners on a behind-the-scenes tour at Jim Taylor's Racing Stables and Lynward Park Stud.

The series is a great opportunity for current owners to meet fellow owners and industry while gaining an insight into the WA Racing Industry.

A big thank you to the Taylor family for showcasing their Bullsbrook property. Owners were able to view an up-close track gallop with More Aces and Caracapo.

The tour proceeded to Lynward Park Stud where manager Troy Van Heemst shared his knowledge of breeding thoroughbreds and what it takes to run a successful breeding farm.

A stallion parade took place with resident sires Mahuta and Bondi, as well as mares and foals which was enjoyed by the tour.

The event finished with a pub lunch and drinks at Chequers Hotel.

More information about our next Owner Insight Tour will be announced in the new year.

The Magic Millions Racing Women in the Swan Valley event was an opportunity for owners to meet fellow ladies and toast to their racehorse ownership experience.

Ambassador and host Brittany Taylor raised a glass to celebrate the journey towards the 2021 Magic Millions 2yo Classic where \$75,000 is up for grabs to the first three all-female owned horses in finishing order.

The event was held at Mandoon Estate with owners enjoying delicious lunch platters and premium wine tastings. Thank you to all the ladies who attended the event, and we wish you the best of luck towards next year's race.

Giving back to the WA community

Racing and Wagering Western Australia's (RWWA) Community TAB has announced a new opportunity for metropolitan and regional sporting clubs in WA, launching an initiative allowing clubs to receive grants of up to \$2,000.

Community TAB will provide two grassroots clubs with a grant each month to further support the sport and recreation industry in WA.

RWWA Chief Executive Officer Ian Edwards said the additional grants represent a great opportunity for sporting clubs in need of financial assistance.

"Grassroots sports play an important role in building community across WA, producing a myriad of physical and mental health benefits for participants," Mr Edwards said.

"We recognise it takes a lot of resources to keep these clubs running, especially while so many communities have been impacted by COVID-19, so we are aiming to provide support through what has been a challenging time for many."

"RWWA has proudly supported local sport for many years through its Community TAB partnerships, as well as state-wide fundraising and grants programs, and we are excited to further this commitment."

Community TAB has a long-standing partnership with SportWest, the peak industry body for sport in Western

Australia, and SportWest Chief Executive Officer Rob Thompson said the Community TAB sports grants is a great opportunity for sporting clubs to receive some extra funding.

"Sport is about people, their wellbeing and the communities in which we live, and has the power to connect and bring diverse communities together while fostering pride and a sense of belonging," Mr Thompson said.

"It is an essential part of the Western Australian way of life, helping to strengthen social connections, support local economies and improve physical and mental health outcomes."

"SportWest acknowledges and appreciates the valuable community investment from Community TAB."

This is the second sports grants program Community TAB has funded. From 2017 to 2019 the first Community TAB sports grants program saw \$168,000 of grants provided to 25 metropolitan and 27 regional clubs.

Applications are open for all WA sporting clubs, allowing communities from all corners of the State to apply for financial support.

Sporting clubs can apply for a grant [here](#). Terms and Conditions apply and can be viewed [here](#).

WORLD'S FIRST HORSE RACING LEAGUE: NOT FANTASY—IT'S REAL

The world's first horse racing league was today officially launched around Australia, signalling a bold new era for an industry historically known as "Sport of Kings".

The Racing League is positioned to revolutionise the industry, smashing down the barriers to racehorse ownership and allowing all Australians the opportunity to own, not one but six premium level thoroughbreds for only \$200.

Sporting legends will head-up the unique teams based league, with State pride and rivalry unleashing the powers of tribalism between opposing teams.

The Racing League's inaugural season will see the Queensland Rogues taking on the New South Wales Tycoons, the Vic Husslers and the Black Hearts from Western Australia.

The names are all designed around famous horses to create a bit of fun, rivalry and banter among the competing state domiciled teams and their owners, who'll all be engaged not only through the passion for their horses but now also uniquely through their team.

"It's the new game in town, it's not fantasy, it's real and the only sport where you can own the participants," said The Racing League, CEO Steve Brown.

"Industry leaders are on record as saying micro-ownership is the future of the sport and they are right"

"There's something quintessentially Australian about the racing industry and it should be available to everyone, and now it is through The Racing League." Brown said.

State of Origin legends Laurie Daley (NSW Tycoons) and Billy Slater (Qld Rogues) can't wait to once again battle for State superiority.

"There's nothing better than beating Queensland, I can't wait for the Tycoons to take to the track." Daley said.

While Slater is more than up for the challenge.

"I think Laurie forgot Queensland won 9 Origin series in a row and as a team of 1000's of Queenslanders in combination...the Rogues won't be beaten in TRL." Slater said.

Hawthorn premiership legend and Brownlow medallist Shane Crawford is a proud Victorian who had no doubt the Vic Husslers are the team to beat.

"Victoria is the capital of racing in this country and the Vic Husslers will only prove that again." Crawford said.

While in the West, Brittany Taylor was born into racing and inbetween riding trackwork for her dad Jim every morning and fronting Sky Racing's coverage is determined to cause an upset in The Racing League's inaugural season

"I think that the east coast will quickly find out that in terms of parochialism for their state, no one will come close to the West Australian." Taylor said.

The Racing League is the new game in town, it's bold, it's brash and it's disruptive and now everyone can afford to be a player on one of Australian sports biggest stages.

ALWYN PARK FAREWELLS *Palace Reign*

Group 1 Caulfield Guineas winner Palace Reign has died at Alwyn Park Stud. He was 31.

"He had been his usual self but had passed away when I checked his paddock one morning last month," Alwyn Park owner John Andrew said. "It's a sad day but he did have a great innings."

Palace Reign was laid to rest alongside Trade Fair (GB) at the Serpentine stud which he called home for almost all his life. "He was born at Fairfields Stud and came here as a foal at foot," Andrew recalled. "He was beautifully-bred by champion sire Beau Sovereign and his dam Brechin Castle won a stack of races including the Champion Fillies and WA Oaks.

"I took him to the 1991 Yearling Sale and there was a \$55,000 reserve on him. The bidding stopped \$5,000 short and the managing owner Mike Scaffidi told me to bring the colt back home.

"I broke him in and sent him to Len Morton for his first prep at Ascot. The Karrakatta was a Group 1 run before Christmas back then and he finished third despite being shin-sore.

"Mike and the other part-owners – Bill Moffitt and Lou Ligovich – transferred him to Lindsay Park and he won the 1992 Caulfield Guineas on heavy track. David Hayes was bullish about his chances in that year's Cox Plate but he went down in a three-horse fall with Naturalism and Sydeston.

"He came out of it with bone chips but recovered and won a Memsie Stakes and Feehan Stakes the following year."

Hayes gave Palace Reign a ringing endorsement when he bowed out with a placing in the JRA Trophy at Moonee Valley. "He showed the same fighting qualities as Better Loosen Up and I'm sure his race record would have been similar without that injury."

Andrew had always vowed not to stand a stallion but he

made an exception with Palace Reign. "He ended up siring his fair share of winners without ever being a leading commercial stallion. His best was Finito who won a Bunbury Cup and Strickland Stakes for Neville Duncan's brother Ian.

"I was still using him as a teaser until recently and he was loved by everyone here. He was quite a character and it's funny that he won a Caulfield Guineas on a bog track. He would always walk around a puddle here instead of getting his feet wet!

"And he would whinny every morning to let us know he was still around. We will miss him."

LADIES LAND CASH WITH *Six Carat*

A lively ladies syndicate celebrated overtime after Six Carat scored a longshot victory in the TABtouch Plate (1100m) at Ascot on Saturday.

Six Carat's connections cashed in with a \$31 pay-out on the TAB and they also divided \$82,000 in prizemoney and Westspeed Premium bonuses. The Demerit filly was a well-beaten fourth on debut last month although there were excuses according to trainer Paul Jordan.

"She wasn't really switched on and she also got galloped on around the home turn," he revealed.

"But sometimes it just clicks for them and she got a beautiful run into the race for Craig (Staples) today."

Six Carat was an \$85,000 buy for Jordan out of the Taunton Vale draft to the 2020 Perth Magic Millions. "It's terrific for the girls. She was one of the last deals that Harvey Crossman put together before he passed away. Craig Thompson bought a share for his wife Rose, Harvey's wife Nina is also in the syndicate and so is my wife Laura."

They have been dubbed 'Desperate Horse Wives' (pictured) and are among 26 all-female syndicates eligible for a \$75,000 bonus over and above \$250,000 in prizemoney for the Magic Millions WA 2YO Classic RL at Pinjarra in February.

"She relaxed and railed up beautifully in the straight," Staples reported. "This means a lot. Harvey was special to me and this is special for his family."

Six Carat is bred to be good being a younger sister to 2018 G3 Gimcrack Stakes winner Agent Pippa and \$472,500 earner Double Digit. Their dam Female Agent (Commands) has a yearling filly from Demerit's last crop with Nina Johnston at Taunton Vale and there's also a Sessions filly on the ground at Dardanup.

Demerit doubled up later in the day at Ascot with Point Taken in the Glenroy Chaff Hcp (1400m). The 5yo mare is trained by Jim Taylor for his wife Tina, his mother Lois and the Castledine family.

Point Taken took a while to get mobile and didn't win her maiden until a rising 4yo at Northam but in the last six months she has added city wins at Ascot (2) and Belmont (2). Her older sister Kiss Bang Love won the 2017 G3 Gimcrack Stakes at Ascot and her first foal is a colt by Trapeze Artist with Victorian breeder Rob Crabtree.

Their dam Vacillare (Trade Fair) has a 2yo Demerit filly that failed to make a \$50,000 reserve at the 2020 Perth Magic Millions.

All American **HEADING TO HONG KONG?**

WA buyers sourced 8 lots at the Magic Millions 2YO Sale last month and there was also an All American that looked the part on the Gold Coast.

Perth owner Robin Humberston paid \$75,000 for a Pierro colt from a three-quarter sister to Manhattan Rain. He races last year's G2 Karrakatta Plate runner-up Miss West Coast (Safeguard).

Ascot-based Stephen Rowe led WA trainers with \$65,000 for a More Than Ready colt from the family of Helmet. Other buyers (and sires) with Ready To Run colts heading west were Paul Ferguson (Palentino), Gary Crispin (Wandjina), Luke Fernie (Hinchinbrook), Ash Maley (Sooboog & Epaulette) and Britt Taylor (Super One).

Geisel Park sire All American topped that lot with an \$80,000 gelding offered by Shaun Nolen of JCS Thoroughbreds (as agent). A well-built individual, he tips the scales at 520kg and impressed when breezing a comfortable furlong in 10.61s at Seymour.

"He's a solid type already and will continue to thicken out," Benalla-based Nolen said. "He didn't blow me away at the beginning but kept maturing and improving as he progressed through the sale prep. You need to have the right product to bring to market and he was the right product."

Like many of the Magic Millions Sale graduates, he will likely head off-shore and it's worth noting winning bidder Andrew Williams Bloodstock has close ties with Lindsay Park trainer David Hayes who recently relocated to Hong Kong.

Hayes trained All American (Red Ransom) who was rated one of the most precocious 2yo colts in the stable. "He was outstanding winning the (G3) Skyline Stakes," Hayes recalled. "And he trained on at four to beat So You Think in record time in the (G1) Emirates Stakes at Flemington."

His Magic Millions 2yo is from Champagne Sisters (Anabaa), a winning half-sister to Rutherford Eagle (LR Gosford Classic) and the dam of Ready Set Sail (G3 VRC Thoroughbred Breeders Stakes).

All American has sired 8 winners from 13 starters in Hong Kong headed by Dark Dream (AUD 1.66 million), Elusive State (AUD 1.39 million) and Green Card (AUD 976,300).

His first Westspeed 2yo crop jumped the blocks with an unprecedented three individual winners before Xmas this time last year and Kallaroo added black-type caps in the LR Fairetha Stakes at Ascot last month.

Geisel Park stands All American (Red Ransom) for a \$6,600 service fee with Vert De Grece (Verglas) at \$4,400. Fees (inc GST).

NO DANGER TO *No Surrender* AT ASCOT

The decision to switch No Surrender to a shorter trip was a winning one for Impressive Racing trainer Darren McAuliffe in November.

No Surrender (3g Universal Ruler – Dark Attack by Dylan Thomas) was never in danger winning his maiden when dropping back in distance for the Mrs Mac's Hcp (1200m) at Ascot and then he doubled up over the same track and trip in the TABtouch Hcp (1200m). He led at every panel for Mitchell Pateman who rode him positively on both occasions.

McAuliffe knows Universal Ruler and his stock better than anyone having trained him to three stakes wins in Perth before a successful second career at Scenic Lodge where he has sired Impressive stars like The Velvet King, Rebel King, Market Ruler, Military Reign & Abdicator.

"He didn't get a mile back in October and was disappointing. He got on the wrong leg and I thought coming back to 1200m would be a better option," McAuliffe said. "He's above average and should have won a few races by now but he's got an attitude problem."

Last season, No Surrender had finished fourth on debut to Gemma's Son (Snippetson) in the LR Perth Stakes in March before fading from view behind from Watch Me Dance (I'm All The Talk) in the G3 WA Sires Produce Stakes.

"He's a difficult animal to deal with and has got a different mind-set to the rest of his family," McAuliffe revealed.

"It's weird because they have all been lovely quiet horses."

No Surrender is the final foal of Dark Attack (Dylan Thomas) who was bred by Peters Investments. Dark Attack retired a maiden but her half-brother Cohort (Scenic) completed a stakes winning double in the 2008 Belmont Guineas and Belmont Classic. She is also a half-sister to the dams of Dark Choice (G3 WA Oaks) and Churchill Dancer (G2 VRC Bobbie Lewis Hcp).

Universal Ruler stands for a \$6,600 service fee at Scenic Lodge with Snippetson (\$6,600) and Dash For Cash (\$2,750). (Fees inc GST) with a free return.

In Group/Listed races or any prime metropolitan race in which horses older than three can compete, entries are accepted on the condition that the nomination or declaration of acceptance for any horse may be rejected by the Handicapper.

DISCRETIONARY BALLOTING

In any race where discretionary balloting is to apply, the Committee may, in the event of the number of horses exceeding the safety limit at the barrier, in its absolute discretion, irrespective of a horse's weight, eliminate any horse or horses from the race and/or exclude any horse or horses from the operation of the usual balloting conditions.

DOUBLY ENGAGED

No horse shall run more than once on the same day at any meeting.

PENALTY

Except where otherwise stated, the winner of any race or races after the declaration of weights, shall carry such penalty (if any) as the Handicapper may impose for each win.

RACE DIVISIONS

Where the division of a race will result in more races being conducted at the meeting than that funded by RWWA, then a minimum of 75% of the original advertised prize money must be offered for each division. Each division shall be worth an equal amount. The division of any race must be approved by the RWWA Racing Manager.

UPDATED SCHEDULE OF FEES

Non-Acceptance Fee: \$45

Late Scratching Fee (prior to close of final riders): \$100

Late Scratching Fee: \$249.70

Trial Fees:

BALLOTING CONDITIONS

Where the number of horses in any race exceeds the number set down by the Stewards or Committee of the Club RWWA may, except where special balloting conditions apply, implement any or all of the following conditions to eliminate horses to meet the limits.

- (a) Subject to the provisions of LR51A (1) any horse considered a final acceptor for more than one race at the same meeting shall be withdrawn from the race with the higher number of acceptors. Provided that horses will always be withdrawn from a non-feature race and not be withdrawn from a Group, Listed or other race advertised as Discretionary Balloting. A horse declared an emergency runner in any race may be engaged as an acceptor for another race at the same meeting.
 - (b) Any horse engaged to run at a meeting that has already accepted will be relegated to the lowest emergency position in any subsequent race that horse is entered for. Provided that horses will be exempt from this clause if the subsequent race is a Group, Listed or other race advertised as Discretionary Balloting.
 - (c) In the event of the time for nominations being extended because of insufficient entries (or some other reason), any horse which had been nominated by the inaugural nomination time shall be given preference for a start over any horse which was nominated after the time for extending entries was announced, except when the horse is engaged to run at a meeting that has already accepted.
 - (d) Any horse classified by the Handicapper below the declared minimum weight shall be eliminated in order of the Handicappers rating. Horses with the same rating will be separated at the Handicapper's discretion. The Handicapper may, at his discretion, elevate any horse in the ballot, irrespective of that horse's rating, to correct an obvious anomaly in the ballot. For ballot purposes, the rating of all fillies and mares is increased by 4 points to recognise the 2kg sex allowance
 - (e) Any maiden horse nominated to run in a handicap race will be relegated in the ballot below horses that have already won a race, unless the maiden horse was placed second or third within its last three starts where it will be balloted by the Handicappers rating. Maiden horses relegated under this clause will be balloted in accordance with the standard maiden balloting conditions listed below under section (I).
 - (f) Notwithstanding the foregoing conditions RWWA and the Committee of the Club may, in its absolute discretion, eliminate any horse or horses from a race, and/or exclude any horse or horses from the operation of any or all of the preceding elimination conditions, irrespective of the age, allotted weight or Handicappers rating of the horse concerned.
 - (g) RWWA reserves the power to make provision for the naming of horses as Emergency Runners subsequent to any ballot; provided that when it is determined that a race shall be run in two or more divisions at close of nominations, the Emergency Runners named in any division may be placed in any other division to take the place of horses withdrawn at time of final acceptances.
 - (h) RWWA and the Committee of the Club reserves to itself the power to transfer the nomination of any horse balloted or withdrawn from the race in which it was entered to a suitable race on the same day, or another meeting where entries close on the same day. Provided that where a horse has not been withdrawn from the race prior to the time appointed for final acceptances the acceptance of the horse so transferred shall be taken as the nominator's approval of such transfer and for the purpose of eligibility, qualification or race conditions shall be deemed to have been nominated in the race to which it was transferred. Further provided that where the other horses in such race have not been withdrawn prior to the time appointed for final acceptances, the acceptance of such horses shall be taken as confirmation of the nominator's approval of the transfer of the horses concerned.
 - (i) RWWA reserves to itself the power to extend the acceptances of any given race and allow any horse withdrawn between release of weights and original scratching time to be reinserted into the field prior to the release of acceptances.
 - (j) No liability shall be incurred to the nominator of any horse or to any other person in consequence of or by reason of any departure whether intentional or otherwise from these conditions.
 - (k) In any case not provided for under the Rules, the decision of RWWA shall be final.
- (I) MAIDEN RACES
- i. Horses which have not received prize money within their last 5 starts to be placed in order of total number of starts.
 - ii. Horses which have received the lowest aggregate prize money within their last five starts. Horses with equal aggregate prize money to be placed in order at the Handicappers discretion.
 - iii. Horses which have had two unplaced race starts.
 - iv. Horses which have had one unplaced race start.
 - v. Unraced horses. (Horses placed first in trials will take preference over trial placegetters. Trial placegetters will take preference over unplaced trial runners. Horses which need to be separated within trial categories shall be done so at the discretion of the Handicapper ie: Trial winner category, trial placegetter category etc.)
 - vi. Horses which have earned prizemoney by placing 2nd - 5th in a prime metropolitan race within their last 3 starts; or have earned prizemoney by placing 2nd - 4th in a provincial or midweek metropolitan race within their last 3 starts; or have earned prizemoney by placing 2nd - 3rd in a country race within their last 3 starts. Horses to be placed in descending order of prizemoney earned in last 3 starts.
- * In balloting maiden races prizemoney for placings 1st to 6th only is taken into account.

TRAINER & OWNER REFORMS (TOR)

NOTICE OF AMENDMENTS TO CO-OWNER AGREEMENT (COA)

Summary:

Since the commencement of the TOR in August 2017, Racing Australia has been continually monitoring the effectiveness of its processes and agreements, including via feedback from Principal Racing Authorities and industry participants.

Racing Australia is now amending the COA to address issues that have arisen during the TOR's first year of operation.

A summary of the amendments to the COA is set out below.

- **Clause 1.1 & 1.2** – To identify the effective date (1 August 2018) of the revised COA.
- **Clause 3.6(d)** – Proviso that where owners with 50% ownership of a horse wish to accept a trainer's fees notice, and owners with the other 50% ownership wish to object to the fees notice, the managing owner must object on behalf of the owners.
- **Clause 4.3** – To clarify the sale process where an owner wants to sell only their interest in the horse, as opposed to where the ownership group (with majority consent) wants to sell the whole horse.

The revised COA is available at www.racingaustralia.horse

Date of effect: 1 August 2018

NOTICE REGARDING THE NUMBER OF MEMBERS IN A SYNDICATE AND NEW RULE IN RELATION TO SECRET COMMISSIONS

NUMBER OF MEMBERS IN A SYNDICATE

Racing Australia previously made an amendment to AR.69(c) to correlate with ASIC's decision to increase the maximum number of members in a registered syndicate from 20 to 50 (for the purposes of obtaining exemption from a number of the provisions of the Corporations Act in respect of managed investment schemes).

Syndicates containing from 20 to 50 members are restricted to those entitled to exemption under ASIC Corporations (Horse Schemes) Instrument 2016/790 (or any instrument, regulation or class order that replaces or supersedes that Instrument.)

Any queries in regard to the number of members permitted in a Syndicate should be directed to the RWWA Licensing and Registration Department

Provided the syndicate has been registered in accordance with the Rules of Racing and complies with the Regulations."

RULE AR.48 IN RELATION TO SECRET COMMISSIONS

This rule deals with the issue of Secret Commissions in racing.

This new rule applies to all those involved in the selling and trading of Thoroughbreds. Any such person must not receive, solicit or offer any payment or benefit that has not been fully disclosed and consented by all parties involved in the ownership, sale and purchase of that horse.

Please refer to the RWWA Rules of Racing that appear in the Industry - Integrity section of the RWWA website for details of the wording of AR.48.

PRE-ACCEPTANCE FINANCIAL INFORMATION REQUIREMENTS (GST COMPLIANCE)

When participants win stakes, bonuses or are paid any fees, a financial transaction has occurred that requires the correct treatment of GST. In order for this to take place all participants are required to submit a completed GST Declaration Form, prior to racing, so that the appropriate payment calculation can be made when stakes are processed. This form also provides RWWA with the participants banking information to make a timely payment.

If RWWA does not have completed GST Declaration Forms, the ATO require that RWWA withhold payments at a rate of 46.5% (highest tax rate) and forward to the ATO, when a GST Declaration Form has not been completed. This is a requirement under the GST Act and participant can obtain this information under the NAT 3346 guidelines on the ATO website. These funds can then be claimed as a credit by the participant in their annual income tax return.

In order to avoid payments being withheld, it is vital that your completed GST Declaration Forms is submitted prior to acceptance for a race. RWWA is currently working on system changes to implement this.

TRANSFER OF OWNERSHIP

Funds are often withheld at the request of the 'new' owner when a transfer of ownership has taken place, as the outgoing owner has not submitted the paperwork to RWWA's Licensing & Registrations Department within the correct time. There are specific rules that apply to each code in the treatment of transfers. These being;

Harness Rule 109 - the paperwork must be submitted within 7 days of entering into a lease or prior to the horse next racing, whichever is earlier and Rule 111 in respect to a transfer of ownership.

Thoroughbred AR.34 - in respect to a lease the Principal Racing Authority may refuse to accept for registration any lease, and may insist on the inclusion in a lease of provisions it considers essential.

Greyhounds R117 - within ten (10) days lodge a prescribed transfer of ownership form and Rule 119 in respect of a lease.

These rules will now be enforced so that the owner recorded with RWWA at the time of racing will be paid any monies earned. Payments will no longer be held due to paperwork not being lodged within the required time. With regard to licences, GST forms must be included with each Lease or Transfer submitted to RWWA.

LEADING OF TWO OR MORE HORSES

Local Rule 124 states:

Leading of Horses

1. The practice of leading two or more riderless horses at the same time is prohibited
2. The Stewards may penalise any person breaching this rule or found responsible for a breach of this rule

The rule prohibits any person from leading two or more riderless horses at the same time at any place or time.

TRAINER'S RESPONSIBILITY REGARDING 'NOTIFICATION OF ANY HORSE'S ILLNESS, CONDITION OR OCCURRENCE THAT MAY AFFECT ITS RUNNING IN A RACE'.

Trainers are reminded of the provisions and potential implications of rule of racing, AR.140.

X' The following are examples of, but not limited to, conditions or occurrences requiring notification to Stewards under the provisions of this rule;

- Any surgery aimed at correcting a condition that may have

THE RACES WA NOTICES

adversely impacted a horse's prior performances i.e. upper respiratory tract surgery or surgery to correct lameness, limb inflammation/pain or gait dysfunction.

- A horse is required to have a long period of rest to heal a pre-existing injury i.e. tendon/ligament strain.
- Lameness or musculoskeletal inflammation/pain.
- Injury to any part of the body which could potentially adversely impact on the horse's performance or consist of a welfare or public perception issue on race day, or have resulted in an interrupted preparation.
- Any condition or occurrence that has resulted in a horse missing consecutive days of normal exercise or sufficiently interrupted, and thus adversely impacted, a horse's preparation for its next race.
- Any systemic illness that has adversely impacted on a horse's health or wellbeing or may have resulted in an interrupted preparation i.e. colic attack, any illness causing loss of appetite.

IMPORTANT CHANGES TO THOROUGHBRED REGISTRATION ARRANGEMENTS

Thoroughbred Racing participants using the RWWA CRIS site would have noticed the below link from Racing Australia (RA). Racing and Waging Western Australia (RWWA) wishes to confirm important changes to registration functions.

From 1 December 2019, administrative duties attached to registration queries and applications will be moved from RWWA to Racing Australia (RA).

This is being done to help facilitate a more streamlined registration process for industry participants.

While RWWA will retain the functions of New Jockey Silk Applications and Promotor Syndicates, all applications for Transfer of Ownership, Syndicates, Leases, Jockey Silk Renewals, Change of Percentage, Change of Share, Deceased Estates, Banking & GST, will be received and processed by RA.

These documents will be able to be processed online or by lodging them direct to RA by email deputyregistrar@racingaustraliahorse.com.au. RA can be contacted via their website, email or by phone 1800 870 799.

TRANSFER'S OF OWNERSHIP - POLICY ADVICE

It is a requirement under the Rules of Racing for the name or names of every person or persons having any share or interest in the ownership or lease of a horse to be declared to RWWA prior to racing. Back-dating transfers or similar where such dates retrospectively affect the ownership of a horse in a race already run is therefore contrary to these principles. Furthermore once payments have been correctly made by RWWA based on recorded ownership details, it is impractical to attempt to re-allocate stakes to revised owners after the event.

Industry participants, in particular those involved in horse ownership, are therefore advised when completing the required Application to Transfer (or similar document that alters the official recorded ownership,) the Date of Transfer cannot be dated prior to the horse's last race start. The practice of back-dating the Date of Transfer so as to include dates where the horse has already raced will not be accepted and instead the Date of Transfer will be given the effective date of processing. Where race starts are not included in any back-dating then the indicated Date of Transfer will be recorded.

This policy shall be consistently applied across all codes.

SPECIAL NOTICE TO ALL RACE CLUBS, LICENSED TRAINING VENUES, TRACK MANAGERS AND TRAINERS.

Section 22 of the Occupational Health and Safety Act 1984, places certain obligations on persons in control of a workplace that may relate to Clubs and Training tracks in the following terms:

22. Duties of persons who have control of workplaces

(1) A person that has, to any extent, control of —

NOTICES

(a) a workplace where persons who are not employees of that person work or are likely to be in the course of their work; or

(b) the means of access to and egress from a workplace, shall take such measures as are practicable to ensure that the workplace, or the means of access to or egress from the workplace, as the case may be, are such that persons who are at the workplace or use the means of access to and egress from the workplace are not exposed to hazards.

(2) Where a person has, by virtue of a contract or lease, an obligation of any extent in relation to the maintenance or repair of a workplace or the means of access to and egress from the workplace, the person shall be treated for the purposes of subsection (1) as being a person that has control of that workplace or that means of access or egress.

(3) A reference in this section to a person having control of any workplace or means of access to or egress from a workplace is a reference to a person having control of that workplace or that means of access or egress in connection with the carrying on by that person of a trade, business or undertaking (whether for profit or not).

(Sections 4-6 repealed)

(7) This section does not apply to a person whose duties are set out in section 20.

Where a trainer engages a person to carry out any type of work either inside or outside his/her premises and the person suffers an injury or disease as a result of that engagement and the injury or disease is of a prescribed nature it must be reported forthwith to WorkSafe. The kinds of injuries to an employee which must be notified are:

- A fracture of the skull, spine or pelvis
- A fracture of any bone in the arm other than in the wrist or hand and any bone in the leg other than in the ankle or foot;
- An amputation of an arm, hand, finger, joint, leg, foot, toe or toe joint;
- The loss of sight of an eye;
- Any injury other than those referred to above which, in the opinion of a medical practitioner, is likely to prevent the employee from being able to work within 10-days of the day on which the injury occurred.

Section 35 (1)(a) & (d) of the RWWA Act 2003 prescribes that it is a function of RWWA to "(a) control, regulate and supervise racing in the State" and "(d) to supervise racing clubs and their affairs." Further Section 43 provides RWWA with authority to issue directions to a racing club or an allied body to carry out works to improve safety at racecourses or training tracks and obligates such clubs to comply with any such directions.

In order to ensure proper discharge of its legislated functions, RWWA directs that all race clubs, managers of training venues and Trainers notify RWWA Stewards of any diseases or injuries of the nature of the above sustained by jockey's, driver's or any other registered persons whilst engaged in activity regulated by licence that occurs at their venues. It is not intended that this alleviates race clubs, manager's of training venues or trainers of any legal responsibilities they may have under other Acts, such as the OHS Act 1984, however ensures RWWA can discharge its functions in relation to racing in Western Australia and ensure the proper investigation and reporting of these incidents to WorkSafe.

DISPUTE RESOLUTION - ONE CENTRAL POINT FOR LODGEMENT OF COMPLAINTS

From time to time RWWA customers seek assistance in resolving disputes regarding horse ownership, the training of horses, unpaid accounts etc.

The Racing Integrity Department (Stewards) understand how difficult, at times, it is for these matters to be settled amicably and can offer advice, and to some extent assistance, on how these matters may be

resolved.

Any queries in regards to disputes of this nature should be directed to the Integrity Operations Coordinator - Mark Kemp on 9445 5227.

Notwithstanding the wide powers of RWWA and its officials, particularly the Stewards, have under the Rules those powers do not extend to dispute resolution to the extent that Stewards can compel a party to act in any way not specifically outlined in the Rules themselves. Neither do the Stewards have authority to force a person to sign away or forsake a share or interest in an animal, which has been afforded to them in accordance with the relevant Rules of Racing, or make any orders with respect to compensatory payments. This should not deter a person contacting the RWWA Integrity Department (Stewards), on the above number, who will provide advice in terms of Rules and RWWA procedures and policies and ensure these are being complied with. Matters that cannot be resolved through the application of the Rules and policies, become a civil dispute between the parties which must be resolved accordingly.

Unless a dispute involves an alleged breach of the Rules, RWWA and its officials will not become directly involved. The exception is where a dispute is the subject of proceedings at law, in which case RWWA and its officials will be guided by any decision of a court.

Any complaint against a person for an alleged breach of the Rules must be made in writing and directed to the Chief Steward of the respective racing code.

SYNDICATES & PARTNERSHIPS

All current and prospective syndicate or partnership members should be aware of the ramifications of buying shares in a racehorse.

The promotion of a scheme which sells shares in a racehorse is subject to Corporations Law and there are significant penalties for schemes that are found to be operating contrary to the law.

Importantly the laws are in place to provide protection for persons who may purchase an ownership interest in a racehorse which is offered in such a scheme.

A horse racing syndicate must be registered with the Australian Securities and Investment Commission (ASIC) before it can operate if it is a "managed investment scheme" (MIS) for the purposes of the Corporations Act. This will generally be the case if the syndicate:

- has more than 20 members; or
- is promoted by a person in the business of promoting syndicates

unless the investors in the scheme are "wholesale clients" for the purpose of the Corporations Act.

The promoter is required to have an Australian Financial Services Licence (AFSL).

A promoter of a syndicate can avoid the requirement to register a managed investment scheme with ASIC if it registers as an approved promoter with RWWA. Once approved by RWWA, the promoter can then apply to ASIC for an AFSL.

RWWA is a Lead Regulator and as such is required;

- (a) to keep a register of all promoters of horse racing schemes to which the co-regulation arrangements applies;
- (b) to register schemes which the lead regulator has agreed to regulate;
- (c) to ensure that a promoter's disclosure statement or offer document contains sufficient information to allow investors to make an informed decision and to check the accuracy of this information;

HORSES CANNOT RUN MORE THAN ONCE ON THE SAME DAY

No horse shall run more than once on the same day at any meeting except at meetings conducted by the following club:

Landor (East Gascoyne Race Club)

RWWA RACING INDUSTRY NOTICE - NEW LOCAL RULES OF RACING PERTAINING TO THE EUTHANASIA OF HORSES

WA racing industry participants are hereby notified of new Thoroughbred and Harness local Rules of Racing pertaining to the euthanasia of Thoroughbred and Standardbred horses.

These rules come into effect from 1 November 2020.

New local Thoroughbred Rule LR 225 and local Harness Rule LR 96C (Euthanasia of Horses) states;

It shall be an offence for any person bound to the Rules of Racing to at any time:

1. Organise, permit, allow or consent to any horse that they have control of, being transported or conveyed to any premises which is not a registered knackery, registered abattoir, or veterinary clinic where they are aware or ought to be aware, that the horse is to be euthanised.
2. Organise, permit, allow or consent to any horse that they have control of, being transported or conveyed to any place or facility outside of Western Australia where they are aware or ought to be aware, that the horse is to be euthanised.

For the purposes of this rule, a registered knackery or abattoir is any facility or place where animals are slaughtered and processed for consumption of any kind, or otherwise disposed of, which is registered with, and under the regulation of, the Department of Primary Industries and Regional Development, and has established a Memorandum of Understanding with RWWA.

RWWA advises that for the purposes of this rule there is currently one approved facility, that being the Southdale facility, that is registered with, and under the regulation of, the Department of Primary Industries and Regional Development and has established a Memorandum of

Understanding with RWWA.

Participants must carefully consider all available options for the rehoming of retired racehorses and all efforts to rehome physically and behaviourally sound racehorses must be made.

It should be noted that this rule does not prohibit, where necessary, on farm/property humane euthanasia of a horse, by a registered veterinarian, or by a properly trained and experienced person using a prescribed humane method detailed within the relevant standards and guidelines (Australian Animal Welfare Standards and Guidelines - Land Transport of Livestock 2012), provided such horse is under the care and control of a licensed person or owner at that property at the time such euthanasia takes place.

Participants are also reminded of their obligations under the Rules of Racing that the euthanasia or death of any registered racehorse must be notified to the relevant racing authority within the period prescribed by the rules and using the correct notification form.

VETERINARY NOTICES

Trainers are reminded that all race horses must be presented to race free of prohibited substances. For advice concerning the use of therapeutic products that may contain prohibited substances trainers should consult their stable veterinarian, or contact the RWWA Veterinary Department on (08) 9445 5459 or (08) 9445 5305.

ARSENIC - Notice to Horse Trainers

Trainers and industry participants are reminded that Arsenic is a prohibited substance under both the Harness and Thoroughbred Australian Rules of Racing, when found at a level above the threshold value of 0.30 milligrams per litre in urine.

Arsenic is a chemical element which occurs in many minerals and trace amounts may be present commonly in feeds and in groundwater in the environment.

Registered veterinary products that contain Arsenic based compounds include:

Arcyl Solution for Injection Ferrocyl injection

Troy Invigorate Injection Jurocyl Injection.

Horse trainers are therefore reminded to avoid using these preparations close to racing, and a useful guideline is not to administer them following a single dose within a 5 clear day period before racing. Multiple administrations will prolong this period, so extreme caution must be exercised if administering them on consecutive days. The administration of any of these preparations must be recorded as treatment in a trainer's medication log book.

A recent Australian study concluded that it is possible that Arsenic levels in horse urine may be elevated following the ingestion by a horse of Chromated Copper Arsenate (CCA) treated pine timber, a common component of horse stables and paddock fencing.

Consequently, RWWA Stewards advise that it would be prudent for trainers and industry participants to conduct an environmental audit of their facilities to ensure they eliminate access of the racehorses in their care to CCA treated pine timber products, or any other product that may present a similar risk of an elevated Arsenic level in any race day sample.

RWWA Stewards recently concluded several inquiries into matters relating to the presentation of horses by trainers with Arsenic levels above the threshold. In those matters a conviction without penalty was recorded and the horses concerned were disqualified. RWWA provides notice to trainers and industry participants that future action taken by RWWA Stewards, in matters relating to the presentation of horses with Arsenic levels which exceed the threshold, may result in penalties being imposed, regardless of any evidence relating to ingestion of CCA treated timber products or any other source.

Queries can be directed to your Veterinarian or the RWWA Veterinary Department on (08) 9445 5459.

22 February, 2018.

COBALT - NOTICE TO TRAINERS

Cobalt is a naturally occurring trace element which may normally be present in horses at very low levels as a result of the ingestion of feedstuffs that contain it in trace amounts. Cobalt is also present in the structure

of vitamin B12 (cyanocobalamin). However, it is known that excessive amounts of cobalt have an effect on the blood system and therefore it can also be considered as a prohibited substance according to the Rules of Racing when it is at levels above those naturally occurring or as a result of routine nutritional sources, thus a threshold level was introduced into the rules of racing to control the use of cobalt in race horses.

The rules of racing prescribe a threshold limit for cobalt in race day urine samples at 100 micrograms per litre and in race day plasma samples at 25 micrograms per litre.

Therefore trainers are advised:

- That a normal racing diet is more than sufficient to meet a horse's nutritional requirements for cobalt and vitamin B12.
- That registered injectable cobalt supplements offer no nutritional advantages because incorporation of cobalt into the vitamin B12 molecule occurs within the horse's gut.
- To consult with their veterinarians to ensure that their oral supplementation regimen provides only the amount of cobalt necessary to meet the scientifically established nutritional requirements of the horse for cobalt.
- To administer only nutritional supplements that are manufactured or marketed by reputable companies and to administer such supplements only at the manufacturer's recommended dose and frequency of administration.
- To avoid the simultaneous use of multiple supplements containing cobalt and vitamin B12.
- That administering products that are inadequately labelled, that make claims to enhance racing performance or to be 'undetectable', or which are marketed over the internet is extremely unwise.
- To comply with the one clear day restriction on the injection of any substance prior to racing.

Whilst the threshold has been set at a level to allow for normal levels of cobalt supplementation through routine nutritional sources, trainers are advised that the administration of certain registered vitamin supplements, particularly by injection, close to racing may result in a level of cobalt in a subsequent sample that exceeds this threshold. Trainers are therefore advised to avoid the use of these supplements close to racing.

Examples of injectable vitamin supplements that contain cobalt and/or vitamin B12 include, but are not limited to, V.A.M. injection, Hemo-15 and Hemoplex

No injections within one clear day prior to racing

The rules of racing make it an offence for any person (including a trainer, anyone else in charge of a racehorse or a veterinarian) to insert a hypodermic needle into a horse within the one clear day prior to a race

By way of example, if a horse is racing on a Saturday, the last time that the horse may be injected is midnight on the Thursday prior to the race. The horse must not be injected on the Friday or at any time on the Saturday prior to the running of the race. The one clear day ban on injections prior to competition includes, but is not limited to, the administration by injection, whether intravenously, intramuscularly, subcutaneously or any other route, of the following medications and substances:

- intravenous infusions, fluids and electrolytes;
- vitamin and mineral supplements;
- haematopoietic (blood building) agents;
- all Schedule 4 Prescription Animal Remedies and Prescription Medicines for injection; and
- any other agents for administration by injection.

However, it is noted that, for the purpose of proving a breach of AR.178AB, it is not necessary to establish what (if any) substance was injected, or was attempted to have been injected, into the horse.

Importantly, under the new rule, a person must not, without the permission of the Stewards, insert a needle into a horse for the purpose of blood sampling for health and fitness assessment during the one clear day prior to a race. The obvious exception to the Rule is the collection of official pre-race or out-of-competition blood samples at the direction of the Stewards for the purpose of drug analyses.

IMPORTANT NOTE: The timing of the administration of many injectable products will be determined by the detection periods for the prohibited substances contained in those products. In most cases, the detection periods will be in excess of the one clear day prior to competition.

VETERINARY NOTICES

TESTING OF NON-RACE DAY (ELECTIVE) SAMPLES

Trainers should be aware that unpredictable and prolonged excretion times can result from the therapeutic use of certain, specific prohibited substances including long-acting corticosteroids (particularly Depo-Medrol - methyl-prednisolone acetate) and procaine, from the use of procaine penicillin.

Elective testing is strongly recommended for the above medication categories as reliable detection times are difficult, and in some cases impossible, to provide.

Through the Stewards, the ChemCentre will analyse non-race day elective urine samples for certain long-acting therapeutic medications, to determine the suitability for racing after treatment.

The following long-acting medications can be tested for under the program:

- Corticosteroids (i.e. Depo-Medrol)
- Procaine (from procaine penicillin)

Trainers and veterinarians are encouraged to use this service; however, it does not remove the responsibility, under the Rules of Racing, for a trainer to present all animals under their control free of any prohibited substances on race-day.

a) Sample Submission

1. Urine is required for testing unless specified otherwise.
2. Samples are submitted through the RWWA Stewards or Veterinary Department.
3. Stewards/RWWA Veterinarians must be advised prior to sample submission.
4. Trainers will be charged through the RWWA accounting system.
5. Samples should be submitted in a clean jar/container with lid or a urine collection bottle available from the Stewards.
6. The following details must be supplied when samples are submitted.
 - Animal name and sex.
 - Medication name/s for which the sample is to be tested.
 - Treatment details i.e. medication/dose/date administered.
 - Trainer's name and contact details
7. Stewards will advise trainer when results are received

Cost of sample analysis (all prices include GST)

- \$200.00 per medication category
- Results will be available approx. 7 working days after sample submission to the ChemCentre.
- For further information contact the RWWA Veterinary Department 9445 5459 or Stewards

VETERINARY NOTICES

Screening limits do not affect liability

The implementation of screening limits in racing is not intended and

does not operate to mean that for the purpose of the Rules of Racing the therapeutic substance only becomes a prohibited substance if and when the screening limit is exceeded.

It shall not be a defence to any charge under the rules of racing that the result of any initial screening test should have been below the screening limit for the therapeutic substance in question."

Advice of detection periods

Industry participants are advised that more information on the detection periods for many of the therapeutic drugs assigned screening limits is available on the Agrifutures

website: agrifutures.com.au/rural-industries/thoroughbred-horses/

In making any decision regarding the administration of a prohibited substance to a horse that is entered to race, industry participants are reminded of their responsibilities in undertaking the appropriate level of due diligence and risk analysis in researching the available information on detection periods, including the seeking of veterinary advice and adding an adequate safety margin. Participants are advised to take a conservative approach, and consider all variables such as dose, length of treatment and route of administration, when calculating withdrawal times for therapeutic substances where information on detection times is available.

Participants are also advised that a best-practice approach would dictate that no medication, irrespective of its detection period, should be given within 2 clear days of racing.

CONTROL OF RACE DAY TREATMENT/MEDICATION OF RACEHORSES

With a number of Rules now restricting medication and treatments of various kinds before competition, the following are guidelines regarding medications/treatments that may be approved by the Stewards on veterinary advice when a request is made to the Stewards for permission to treat a horse on race day.

Guidelines for treatments/medications that can be permitted on race

day prior to the race – prior approval of the Stewards not required

Topical application of hoof oils/dressings/grooming products

The application of routine, non-medicated hoof oils/dressings is permitted on the day of racing. The exception is those products that contain medications or herbs that claim therapeutic effects such as analgesia or anti-inflammatory actions.

The application of commercial baby oil or petroleum jelly preparations to lubricate/prevent chaffing of a body area, or a grooming product, is permitted to be applied pre-race. Any product so used must be kept in its original container that has applied to it the original product label, must not be altered or modified by the addition of any other substance/s, and must be available for inspection by the Stewards and official veterinarian. The Stewards may take possession of any such preparation for testing for prohibited substances.

Shampoos and fly sprays

Shampoos, including those that are antiseptic or contain an anti-fungal agent, are permitted to be used on race day prior to racing. Fly sprays are permitted to be used on race day prior to racing.

Physical therapy as treatment

Vibratory massage systems may be used in the stable on the morning of the day of the race but are not permitted on the racecourse.

The application of ice/cold water to musculoskeletal structures

The application of ice or chilled water to, or the use of whirlpool boots or systems such as "Game Ready" on musculoskeletal structures are permitted in the trainer's stables on the morning of race day but are not permitted to be used pre-race in the race day stalls on-course.

Treatments/medications permitted on race day before the race - prior approval of the Stewards required

Other topical preparations

While creams, ointments and powders for topical use are considered to be medications, circumstances may arise when a horse suffers a minor wound that does not affect its suitability to race but would benefit from the application of a topical antibiotic or antiseptic treatment. Such a preparation must be a registered veterinary preparation or human therapeutic good which contains only an antibiotic or antiseptic as its active ingredient, and which is clearly stated as such on its product label. Any product so used must be kept in its original container that has applied to it the original product label, must not be altered or modified by the addition of any other substance/s, and must be available for inspection by the Stewards and official veterinarian. The Stewards may take possession of any such preparation for testing for prohibited substances.

Trainers must apply to the Stewards for permission to administer a topical antiseptic/antibiotic preparation before a race on race day. Horses having received such permission for the application of a topical medication must be inspected by an official veterinarian on arrival at the racecourse.

Treatments/medications prohibited on race day prior to the race;

Routes of administration

Unless excepted in the guidelines above, any substance administered by injection, by stomach tube, by paste, by dose syringe, by topical application or by inhalation will be considered to be a treatment and just not be administered on race day prior to the race. Furthermore, there are other pre-competition restrictions on certain treatments/procedures that are imposed by AR.64G, AR.178AA and AR.178AB.

Clay poultices

Clay poultices may be applied to the legs no later than the day before racing but must be removed the morning of the race and must not be re-applied on race day before the race. All traces of clay poultices must be removed prior to arrival on-course.

Glycerine and Vicks Vaporub®

The application of products such as Glycerine and/or Vicks Vaporub® by any means is not permitted prior to racing on race day.

Physical therapy as treatment

The following physical treatments are not permitted to be used at any time before racing on the day of a race:

- acupuncture
- laser and infra-red treatments

- chiropractic manipulations
- magnetic field therapy
- transcutaneous electrical nerve stimulation (TENS) and any other form of electrical stimulation
- Extra-corporeal shock wave treatment (ESWT)
- Shock wave treatment of racehorses is prohibited for seven clear days prior to racing

NOTICE TO TRAINERS

PROHIBITED SUBSTANCE – ZOLEDRONIC ACID

Racing Australia is aware that the APMVA has issued a PERMIT TO ALLOW SUPPLY AND MINOR USE OF AN UNREGISTERED VETERINARY CHEMICAL PRODUCT for Zoledronic Acid.

The substances set out in Schedule 1, Part 1, Division 1 of the Rules of Racing (i.e. Prohibited List A) are specified as prohibited substances at all times.

Racing Australia is of the view that these substances have no place in the treatment of racehorses and that their use is a risk to the integrity of racing and/or the welfare of horses.

Trainers are reminded that pursuant to Item 23 of Prohibited List A, Zoledronic Acid is listed as a prohibited substance. Accordingly, it is prohibited at all times.

Trainers are reminded of their obligations under the Rules of Racing with respect to substances that are listed in Prohibited List A, bearing in mind that any finding of guilt could result in a substantial penalty.

This includes Trainers' obligations under AR 250, which provides that a person must not have in their possession any prohibited substance on Prohibited List A or any substance or preparation containing a prohibited substance on Prohibited List A. Accordingly, Trainers are reminded that they must not have in their possession (which clearly includes being located/stored at their stables) any Zoledronic Acid or any preparation containing Zoledronic Acid.

NOTICE TO TRAINERS

NEW SCREENING LIMITS FOR THERAPEUTIC SUBSTANCES

On the recommendation of the Veterinary and Analytical Committee, Racing Australia is introducing the following screening limits for the therapeutic substances set out below:

- Vedaprofen – 5 ng/mL in plasma
- Dantrolene – 3 ng/mL of 5-hydroxydantrolene in unhydrolysed urine
- Firocoxib – 2 ng/mL in plasma
- Ketoprofen – 2 ng/mL in plasma under the condition of a single IV or oral dose

Note: the screening limit for Dantrolene is a revision of the current 1 ng/mL limit, thus reducing the detection time to 48 hours (as per the advice of the International Federation of Horseracing Authorities (IFHA)).

The above screening limits are consistent with the screening limits approved by the IFHA (Vedaprofen and Dantrolene) and the Asian Racing Federation (Firocoxib and Ketoprofen).

These screening limits will come into effect on **1 April 2020**.

AMENDMENTS TO RULES OF RACING

AMENDMENTS TO RWWA RULES OF RACING

In accordance with Section 45 (1) (a) of the Racing and Wagering Western Australia Act 2003, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Thoroughbred be amended as follows;

AMENDMENT TO LOCAL RULES

Add Local Rule 225 (Euthanasia of Horses);

It shall be an offence for any person bound to the Rules of Racing to at any time:

(a) Organise, permit, allow or consent to any horse that they have control of, being transported or conveyed to any premises which is not a registered knackery, registered abattoir, or veterinary clinic where they are aware or ought to be aware, that the horse is to be euthanised.

(b) Organise, permit, allow or consent to any horse that they have control of, being transported or conveyed to any place or facility outside of Western Australia where they are aware or ought to be aware, that the horse is to be euthanised.

For the purposes of this rule, a registered knackery or abattoir is any facility or place where animals are slaughtered and processed for consumption of any kind, or otherwise disposed of, which is registered with, and under the regulation of, the Department of Primary Industries and Regional Development, and has established a Memorandum of Understanding with RWWA.

This rule is effective from 1 November 2020.

For the purposes of this rule there is currently one approved facility, that being the Southdale facility, that is registered with, and under the regulation of, the Department of Primary Industries and Regional Development and has established a Memorandum of Understanding with RWWA.

Participants must carefully consider all available options for the rehoming of retired racehorses and all efforts to rehome physically and behaviourally sound racehorses must be made.

It should be noted that this rule does not prohibit, where necessary, on farm/property humane euthanasia of a horse, by a registered veterinarian, or by a properly trained and experienced person using a prescribed humane method detailed within the relevant standards and guidelines (Australian Animal Welfare Standards and Guidelines – Land Transport of Livestock 2012), provided such horse is under the care and control of a licensed person or owner at that property at the time such euthanasia takes place.

Participants are also reminded of their obligations under the Rules of Racing that the euthanasia or death of any registered racehorse must be notified to Racing Australia, within the period prescribed by the relevant rule and using the correct notification form.

Amendments of National (Australian) Rules applicable 1 April 2020

Racing Australia (RA) has advised of amendments to the Australian Rules which are applicable from 1 April 2020 as follows;

Amend AR 51 and AR 78 as follows:

AR 51 Manager to notify Racing Australia of the retirement of a horse

(1) Within 1 month of a decision to retire a named horse, or not commence racing an eligible horse, the manager of the horse or his or her authorised agent must notify Racing Australia of that, by lodging the relevant form (including a Stable Return or relevant retirement form) prescribed by Racing Australia.

(2) Once a form has been lodged in accordance with subrule (1), the horse will be ineligible to race or be trained unless it is reinstated to race

or be trained.

(3) If a horse ceases to be eligible to race or be trained under subrule (1), a person must not reinstate the horse to race or be trained without the express permission of a PRA or the Stewards.

(4) Within 1 month of a horse turning 13 years of age (upon which it is immediately ineligible to race, trial or be trained), the manager of the horse or his or her authorised agent must notify Racing Australia of the horse's retirement by lodging the relevant form (including a Stable Return or relevant retirement form) prescribed by Racing Australia.

AR 78 12+ year old horses

(1) Subject to subrule (2), if a horse is aged 12 years or more:

(a) the horse is ineligible for; and

(b) a person must not enter or start the horse in, any race.

(2) The Stewards may give their express permission for a horse aged 12 years to start in a race/s during its 12 year old racing season, if:

(a) the trainer provides to the Stewards a veterinary report in respect of the horse's condition and suitability to race, and any other information, examination or report as required by the Stewards; and

(b) the Stewards are satisfied that the horse is suitable to race.

(3) Any permission granted by the Stewards under subrule (2) expires at the conclusion of the horse's 12 year old racing season, or earlier as provided by the Stewards.

(4) Upon a horse turning 13 years of age, it is immediately ineligible to race, trial or be trained.

(5) If a horse aged 12 years participates in any race without the permission of the Stewards in accordance with this rule, or if a horse over 12 years participates in a race, the horse must be disqualified from the relevant race.

Rationale;

Racing Australia has approved amendments to AR 51 and AR 78 to improve traceability of horses retired upon turning 13 years of age.

Under the revised rule, within 1 month of a horse turning 13 (upon which it is immediately ineligible to race, trial or be trained), the manager or his or her authorised agent must notify Racing Australia of the horse's retirement.

This change seeks to ensure that racing authorities are receiving accurate and timely information from the horse's last registered trainer or owner as to its retirement plans, including its location and the details of the person responsible for its care.

AR 78(5) has also been amended to make disqualification mandatory where a horse aged over 12 years participates in a race without the requisite permission of the Stewards.

Delete and replace AR 123 as follows:

AR 123 Safety vests

(1) When mounted on a horse, including but not limited to in a race, official trial, jump-out or trackwork, a rider must wear a properly fastened safety vest which:

(a) complies with a standard prescribed by Racing Australia;

(b) has been approved by Racing Australia;

(c) is in a satisfactory condition;

(d) has not been modified in any way; and

(e) has attached to it a manufacturer's label that states that it complies with a standard prescribed by Racing Australia.

(2) A rider required by these Australian Rules to wear a safety vest must

AMENDMENTS TO RULES OF RACING

not have in his or her possession a safety vest that does not comply with the requirements in subrule (1).

(3) The Stewards may confiscate or order the satisfactory repair of any safety vest that does not comply with the requirements in subrule (1).

(4) If an apprentice jockey breaches subrule (1), the apprentice jockey's master and/or any other person who was in charge of the apprentice jockey at any relevant time may also be penalised unless that person satisfies the Stewards that he or she took all proper care to ensure that the apprentice jockey complied with that subrule.

Note: Pursuant to this rule, Racing Australia has ordered that:

(a) the following standards of safety vests are prescribed:

- (i) ARB Standard 1:1998; and
- (ii) European Standard EN 13158;

(b) the following Level 1 safety vests are approved:

- (i) Hows Racesafe;
- (ii) Ozvest;
- (iii) Racelite Pro;
- (iv) Vipa;
- (v) Vipa I;
- (vi) USG Flexi Race; and
- (vii) Airowear Swift;

(c) the following Level 2 safety vests are approved:

- (i) Vipa II.

Rationale;

Racing Australia has approved the use of Level 2 safety vests by riders. However, riders may continue to use Level 1 safety vests. The rule has been amended accordingly.

The Level 2 safety vest is significantly thicker and bulkier than the Level 1 safety vest and, therefore, may not always be appropriate in Australian conditions. This is why riders may wear either a Level 1 or 2 safety vest, provided it complies with the relevant standard and has been approved for use by Racing Australia.

The only Level 2 safety vest that Racing Australia has approved for use is the 'Vipa II' (manufactured by Vipatech), which satisfies the requirements of EN 13158:2018.

Other Level 2 safety vests which meet the relevant standard may be subsequently approved upon provision of appropriate evidence to Racing Australia.

A number of amendments have also been made to improve the readability of the rule.

Amendments of National (Australian) Rules applicable 1 January 2020

Racing Australia (RA) has advised of amendments to the Australian Rules which are applicable from 1 January 2020 as follows;

Add;

qualified veterinary surgeon means a veterinarian who is:

(a) registered with the Veterinary Practitioners Board (or equivalent regulatory body) in a State or Territory of Australia; and

(b) approved by the relevant PRA (including by way of permit, approval or licence) if required by a Local Rule of that PRA.

Rationale;

The term "qualified veterinary surgeon" is currently used in AR 34(3) (regarding horse registration) and AR 225

(regarding euthanasia).

From 1 January 2020 the term will also be used in new/amended rules which provide that:

- only a qualified veterinary surgeon can perform shockwave therapy on a horse – AR 86(4);
- only a qualified veterinary surgeon can perform endoscopy of the respiratory tract on a horse – AR 231(6); and
- a defence to blood doping offences exists where certain therapy is provided by a qualified veterinary surgeon – AR 257A.

The term is being defined in the Rules to provide clarity as to what constitutes a qualified veterinary surgeon.

In addition to having the relevant qualifications, the definition includes an additional requirement that the veterinarian

be approved by the relevant PRA if required, given such a requirement applies under the Racing NSW Local Rules.

Add AR 86(4)

(4) A person must not perform shockwave therapy on a horse unless he or she is a qualified veterinary surgeon.

Rationale;

Nationally there is increasing evidence of the use of shockwave therapy by lay people and that this treatment is not being reported as required under the Rules of Racing; and

There are increased risks of tissue injury in horses that are subject to shockwave therapy performed by untrained lay people.

Amendment is made to restrict the performance of shockwave therapy to qualified veterinarians only.

Amend AR 87 Horses that have had an intra-articular injection

(1) If a horse has been subjected to an intra-articular injection:

(a) the horse is ineligible for; and

(b) a trainer must not enter or start the horse in, any race, official trial, or jump-out for 8 clear days following midnight on the day of the administration.

(2) If a horse has been subjected to, or the Stewards reasonably suspect a horse has been subjected to, an intraarticular injection at any time during the 8 clear days prior to the day of a race, official trial, or jump-out, the Stewards may order the scratching of the horse from the relevant event.

(3) If a horse has been nominated and/or entered for a race, official trial, or jump-out, a person must not:

(a) administer;

(b) cause to be administered;

AMENDMENTS TO RULES OF RACING

(c) attempt to administer; or

(d) be party to the administration of, an intra-articular injection to the horse at any time within 8 clear days of the race, official trial, or jump-out.

Note: *By way of example, if a horse was subjected to an intra-articular injection at any time on a Monday (1st day of the month), the horse would be ineligible to race, trial or jump-out until the Wednesday of the following week (10th day of the month).*

Rationale;

AR 87 is expanded to prohibit the intra-articular administration of any substance at any time during the 8 clear days

prior to a race, official trial or jump-out.

Add AR 143(12)(c)

(c) An apprentice jockey must provide his or her winning rides book to a Steward before weighing-out in any race.

Accords with the current practice of apprentice jockeys being required to provide their winning rides book to a Steward before weighing-out in a race.

Add AR 231(6) Care and welfare of horses

(6) A person must not perform endoscopy of the respiratory tract on a horse unless he or she is a qualified veterinary surgeon.

Rationale;

Endoscopy of the respiratory tract on a horse can now only be performed by a qualified veterinarian.

Add AR 257A Prohibition on blood doping

(1) A person must not:

(a) withdraw and re-infuse; or

(b) withdraw, manipulate and re-infuse,

homologous, heterologous, or autologous blood, blood products or blood cells into the circulatory system of a horse.

(2) A person must not administer any quantity of homologous, heterologous, or autologous blood, blood products or blood cells of any origin into the circulatory system of a horse.

(3) Notwithstanding subrules (1) and (2), a PRA or the Stewards may find that it is a complete defence to a charge laid under subrule (1) or (2) if in their opinion:

(a) the relevant conduct was for life-saving purposes; and/or

(b) the relevant conduct was part of a veterinary regenerative therapy for the treatment of musculoskeletal injury or disease administered by or under the supervision of a qualified veterinary surgeon.

Rationale;

Mitigates the manipulation of normal blood parameters by infusing stored blood or blood products (commonly referred to as 'blood doping' in human sports).

Note the rule contains a defence in subrule (3) to any charge where

blood doping was conducted for life-saving purposes and/or as part of certain veterinary regenerative treatment.

Add AR 270A Penalty for breach of terms of suspension

(1) Except with the consent of the PRA or the Stewards in whose territory a suspension was imposed, a suspended person must not during the period of the suspension contravene any of the Rules in respect of, or the terms or conditions of, the suspension.

(2) Unless otherwise determined by the PRA or the Stewards in whose territory a suspension was imposed or adopted, if a person breaches subrule (1), the period of suspension imposed on that person must automatically restart from the most recent date of the breach, and the person may also be subject to further penalty.

(3) The provisions of subrules (1) and (2) apply to any suspended person, regardless of when the suspension was imposed.

Rationale;

When licensed or registered persons are suspended, they are subject to certain express restrictions under the Rules of Racing and may also be subject to other conditions imposed by the relevant PRA or Stewards.

In contrast to the rules regarding disqualifications (AR 263(4)) – which expressly provide that a breach of any restriction while disqualified results in an automatic recommencement of the disqualification and possible further penalty (subject to PRA discretion) – the rules regarding suspensions do not specify the consequence of a breach of any restriction while suspended.

Rule is introduced for any breaching of suspension restrictions while suspended, which is consistent with the rule in respect of disqualified persons. This will add a further deterrent for suspended persons who may be inclined to contravene the conditions of their suspension.

Amendment to Local Rule applicable 17 December 2019

Amend Local Rule LRSR 14(1)

(1) A syndicate registered pursuant to these rules shall, unless otherwise cancelled or terminated in accordance

with these rules, be taken for the purposes of Syndicate Regulation (k) to be renewed ad infinitum unless the following activity has not occurred for a period of 5 years at which time the registration will be deemed to have expired;

(a) Have a horse owned by the syndicate or any horses that they are listed as the breeder of start in a race or;

(b) have a horse owned by the syndicate involved in any breeding activity.

Rationale;

Under the previous rule if a Syndicate did not have a horse owned by it start in a race for a period of five years the registration of it was deemed to have expired and the syndicate name would therefore be available to re-used by another group.

There are however other situations other than ownership where a syndicate name may still need to be retained within the system. The syndicate may have bred a horse that is still racing and they therefore may be entitled to breeder's bonuses. They may have horse that is still be involved in breeding activity for a number of years once it is finished racing. Rule amendment now covers these situations.
