NORTHAM TRACK UPDATE

The works on the 297m bend have been completed where the decommissioned 588m starting boxes were as well as the addition of more track sand to establish a consistent 8% camber on the bends.

Since the initial handover of these works, it was established that more work was required based on the quantum of the track sand used to increase the camber.

This work is to raise the catching pen gate (works now completed), provide a new ramp exit point for the water tanker (works started), raise the height of the fence at the end of the home straight (works now completed) and establish a batter to aid in maintaining the sand on the inside of the track (works started).

Both RWWA & Greyhounds WA understand the importance of racing returning to Northam this season and all steps are being undertaken to make this happen.

The race program in this edition of Chasing WA contains potential September race dates at Northam, however these are subject to the work being completed, steward approval and successful trialling.

Once concrete dates have been set they will be released in the usual channels.

THE NATIONALS

Greyhound Clubs Australia (GCA) has announced the cancellation of the Grand Finals of the National Sprint and Distance Championships which were to be held at The Meadows on August 28.

GREYHOUND INJURY FULL RECOVERY SCHEME (GIFRS)

Under GIFRS the ownership of a greyhound sustaining an eligible injury at a race meeting, or official trial, is transferred to RWWA's Greyhounds as Pets (GAP) program, following which the injured greyhound is transported to emergency care and all associated costs of surgery and rehabilitation are covered by RWWA. If suitable, the greyhound will then be rehomed post recovery through GAP's standard processes.

This scheme complements the Greyhound Injury Surgery Rebate (GISR), where RWWA offers a financial contribution, for eligible cases, to help the trainer and owner pay for the costs of veterinary care.

MEDIA RELEASE

WA racing set to receive record funding

Racing and Wagering Western Australia (RWWA) has today announced an annual boost in funding to the State's racing industry of more than \$10 million for the 2021-22 season.

A further \$30.7 million has been earmarked towards infrastructure projects to ensure the industry's ongoing sustainability. Projects include the re-development of the Bunbury Turf Club, which will create a state-of-the-art training and racing facility within the South West region.

Inclusive in the infrastructure funding is a \$2.5 million grants pool, which will allow race clubs to apply for financial assistance towards minor projects.

In a concerted effort to ensure the wellbeing of the State's racing animals, 1% of total advertised prizemoney on all Western Australian races will be allocated to animal welfare initiatives, from 1 August 2021. This will be in addition to RWWA's existing budget, representing a total combined investment in animal welfare of more than \$5.8 million for the year.

RWWA's focus for the season will be to continue to deliver strategic initiatives that drive greater returns on investment for participants. This includes an uplift in funding of \$1.4 million in prizemoney on all listed thoroughbred races to a minimum of \$125,000 and the removal of acceptance fees for races of less than \$150,000, to elevate the status of WA racing's black type features as well as reduce costs to participants. Feature listed races at provincial venues will increase to \$150,000, including the Bunbury, Kalgoorlie, Northam and Pinjarra Cups, together with the feature sprint events at these venues.

The increase follows on from RWWA's thoroughbred stakes strategy, which saw a boost in prizemoney applied to metropolitan midweek and inner provincial racetracks over the past three years, with an additional \$880,000 also included in next season's budget for the full year impact of the outer provincial and country stakes increases that was introduced in May 2021.

A further \$2.5 million will be invested into the Westspeed Platinum and EPONA breeding incentive schemes as part of RWWA's earlier announced commitment to enhance the local breeding industry by delivering an additional \$6.8 million in funding for the schemes between FY21 to FY23.

More than \$1.4 million will be directed into thoroughbred marketing and ownership initiatives aimed at both engaging new audiences into racing through The Races WA brand, as well as rewarding and supporting current owners and participants.

The greyhound code will receive a \$250,000 commitment for additional races to accommodate the existing racing population, \$150,000 allocated to marketing and ownership initiatives, as well as an additional \$120,000 towards welfare subsidies.

The harness code will receive \$460,000 assigned to marketing initiatives in an effort to revitalise the code and an additional \$160,000 will go towards the newly introduced superannuation payments for drivers.

Under a new media rights agreement for harness, greyhound and non-metropolitan thoroughbred race clubs, a further \$3.3M will be allocated to club funding.
