MICHAEL GRANTHAM

BACK WHERE IT ALL STARTED

By Michael Heaton

Champion trainers Fred Kersley, Justin Warwick and Grant Williams each made the switch from harness to thoroughbred training with incredible success in years gone by and now young gun horseman Michael Grantham is looking to emulate the same deeds.

> **It's just crazy and they have such a great background and people behind them, but I would love to be up there and be in the top-five trainers someday**

Champion trainers Fred Kersley, Justin Warwick and Grant Williams each made the switch from harness to thoroughbred training with incredible success in years gone by and now young gun horseman Michael Grantham is looking to emulate the same deeds.

The only difference is that Grantham, 26, was born into the thoroughbred industry and kicked off his fledging career as an apprentice jockey before weight troubles brought his time in the saddle to an end.

The gifted rider piloted 97 winners in an 18-month stretch over 2012 and 2013 before working for his thoroughbred-trainer mother, Kellie, and then swapping the saddle for a sulky when embarking on a pursuit as a reinsman.

Asked if he'd always had ambitions of following his mother into training, Grantham says a first-hand experience with leading thoroughbred trainer Adam Durrant and a Group 1-winning galloper also piqued his interest.

"Once I had finished my riding career I jumped straight on with Mum at the races and then I had another career change," Grantham said.

"I went to Melbourne with Adam and Mr Moet and that was awesome.

"It was a real eye opener and once I did that, I ended up working at Adam's for two years.

"That's when my driving started to take over and it was all getting a bit too much, so I stayed at the trots."

Also the son of Mark Grantham, a former jockey himself and currently the owner-operator of prominent truck fleet company Grantham's Horse Transport, Michael juggled driving trucks for the family business full-time while driving standardbreds in races.

He took out his harness trainers' licence in 2019 and the following year he was urged to also get his thoroughbred trainers' licence so he could prepare a galloper owned by his father, Top Trade.The son of Trade Fair came to Grantham as a widely-travelled 16-start maiden who had only recorded one career placing, however, the gelding left his care eight months later with two wins, a further two second placings and seven top-four finishes.

"Dad wanted me to get my licence to take over training his horse," Grantham said.

"I got a really big push from him to get it and once I got it, I trained a couple of pretty slow ones and then I got Top Trade."He was a good one to train because he taught you a lot."

Asked how he found the initial transition back to the sport he knew so well growing up, Grantham says it always felt like a natural progression.

"It wasn't like jumping back on the bike because I'd never lost any interest in the gallops," he said.

"I'm obviously mates with all the boys and would watch every race and have a punt here and there, so I never really lost any IQ to it all.

"It was more so just going back to the races and I guess it's more the last name that I have to hold up, as well."

Grantham now prepares his team out of Shangri La, the Banjup pre-training property belonging to Hall of Fame trainer, Neville Parnham.

With 14 thoroughbreds and one pacer in work, as well as driving at multiple harness meetings each week, there's no denying Grantham's strong work ethic and passion for the sport.

"Neville has about 10 to 15 horses there at a time and he takes eight to the track every morning," Grantham said.

"They only work five or six at the farm and I've basically filled up the rest of the place.

"I've only got the one pacer in work now — Livy Jay — for Mike Pike.

"I do it all myself and Maddison Brown helps me do all my fast work and she comes out a couple days a week to do slow work, which is great.

"Mum is there all the time as someone to fall back on, too.

"She's got a couple horses out there herself and she also helps Neville with his horses."

Despite having only trained thoroughbreds for 12 months, Grantham has already earned recognition within the industry for wins with tried gallopers Kaptain Kaos, Top Trade, Hip Wiggle, Johnny Angel and Promission.

He says he enjoys rejuvenating older horses for the time being but would like to try his hand with untried youngsters down the track.

"They're all cast offs so hopefully I can restock in the next year or so and maybe go to the yearling sales," Grantham said.

"At the moment, I like the knack of getting the cast-off ones and changing their environment.

"You're never going to improve their ability, it's more just their mentality and confidence and giving them something different but still keeping some routine in the bush.

"I like to do things different with them and focus more on their base work than their gallop work, to be honest."

Highly-exciting four-year-old Kaptain Kaos, an emerging talent who arrived at Grantham's yard ahead of his second race preparation in March this year, has certainly been a driving factor behind the young trainer's rising profile.

The Demerit gelding has won six of his seven starts for Grantham, including four Saturday metropolitan victories, and appears destined to progress to stakes level in the future.

"Everyone needs a horse like him to get you up and going, to be honest," Grantham said.

"It was a great privilege to get given him to train, but everything's he's done is what he's done himself.

"You can show them the right way and give them the education they need, but a good horse is a good horse in my eye."

Asked whether he plans to follow some of the household names who have made a full-time switch from harness to thoroughbreds, Grantham says he's happy to continue doing what he's doing for now.

However, he still plans to expand his team of gallopers down in the future.

"In a way I would probably give away the driving, but I love driving," Grantham said.

"So, until it takes its toll or something dramatically happens and I had to stop, I'll keep driving.

"I'll only ever have the couple trotters in work for Mike Pike, I won't get any others.

> **"there's a lot of good, young trainers coming through"**

"The driving is also good because I can go out there and make a mistake and realise that it's not that easy when you give a jockey a cook."

With a strong grounding from champion horsemen like Durrant and Parnham — who have won a combined 22 metropolitan trainers' premierships between them — Grantham hasn't had to look very far for inspiration.

"You look up to so many people like Adam and Mr. Parnham," he said.

"They basically started from scratch and now Adam has more than 100 horses in work.

"It's just crazy and they have such a great background and people behind them, but I would love to be up there and be in the top-five trainers someday.

"But there's a lot of good, young trainers coming through."

Whilst he dreams of one day competing with the state's leading stables, Grantham is mindful of the difficulties of being a young trainer in the modern-day industry.

He says he'd love to see more focus be put on facilities and infrastructure to help give unestablished trainers a chance.

"I just hope that racing can keep getting promoted for us younger people," Grantham said.

"Everyone knows the older trainers can do it, but we need the support to show that we can do it, too.

"I'm lucky that I've got Neville and can use his property but it's really hard for young people to get started if they have nothing.

"I always think to myself, 'do I just go ask an older trainer that has a property set up and say I'll that I'll train your horses and if I can have six of my own there, you won't have to worry about anything?'.

"The older trainers already have properties and if you look at a trainer like Chris Waller, he's stabled on course.

"I think on-course stabling to give young trainers somewhere to kick off would be a good start."

HAMMARQUIST

TAKES CARNARVON CUP IN HIS STRIDE

By Julio Santarelli

There are certain trainers who can get a little edgy and nervous before a race.

If it's a feature event you can add another layer of tension.

A myriad of thoughts would go through their mind.

Have they got the horse right? Are they fit enough? Have they done all they can?

Conversely, there are other trainers who are relaxed and calm.

Their work is completed and now it's up to the horse to perform.

Graeme Hammarquist falls into the latter bracket and took that attitude going into the TABtouch Carnarvon Cup.

He had Marxian going around in the $60,000 race and it was pretty much easy viewing for the Walkaway trainer.

The five-year-old demolished his rivals and in a runaway performance under jockey Natasha Faithfull, he won by 8 ¼ lengths.

Successful punters cashed in and excited supporters lined up to cheer Marxian back to the winner's enclosure.

But for Hammarquist, true to his nature, he took the victory in his stride.

"I was watching the race with someone on the fence and he got very excited when Marxian won," Hammarquist said.

"I was pretty calm and taking it all in when he turned to me and asked if I had any involvement in the horse.

"I explained I was the trainer and he had this shocked look on his face.

"He thought I was the most unemotional person he had ever seen.

"I think he was pretty surprised that I was pretty calm about it all.

"But I assured him I might not have been celebrating on the outside, but I definitely was on the inside."

At his fourth run in, Marxian was at his peak for the Carnarvon Cup.

Helping his cause was Faithfull's confident and assertive ride.

She controlled the race soon after the start and had Marxian in front by as much as six lengths before the turn.

The chasers set their sights on him in the straight, but the son of Al Maher found another gear and increased his advantage over the concluding stages.

Hammarquist said his instructions to Faithfull were short and concise.

"The idea was to run them into the ground and run them off their feet," Hammarquist said.

"He can't sprint and I wanted to turn into a true staying test.

"I was a bit surprised he got out that far but he was travelling strongly.

"He's the type of horse that can maintain that tempo.

TABtouch

"I wanted to run our race and make them come to us.

"Natasha rode him perfectly and, in the end, he was actually pulling away from them."

Hammarquist is keen to give Marxian another shot at the Geraldton Cup after his failed attempt last April.

Previously trained in Perth by Darren McAuliffe, he was no match for Big Shot Paddy and finished a distant eighth.

Hammarquist is confident of an improved performance 12-months on.

"He went into the Geraldton Cup underdone," Hammarquist said.

"We couldn't get the runs into him and there were issues with his feet.

"This time in we have been lucky, there are no feet problems now.

"He'll have a break and if everything falls into the place the Walkaway Cup and Geraldton Cup are his targets next year."

Marxian's success was the pinnacle of Hammarquist's Carnarvon season.

He took home a swag of awards after a stellar couple of months.

He won Leading Trainer, Casual Trade was Horse of the Year and Behrooz won the Stu Maver Memorial Sprint, one of Carnarvon's three major sprint races.

"It's not a bad way to end the season," Hammarquist said.

"Winning a race named after Stu Maver was also special because of my relationship with him.

"We were involved in a number of horses together.

"All in all, it was a pretty good Carnarvon season."

Central to Marxian's success was Faithfull, who worked overtime to chase down the ride.

Her interest in Marxian spiked after he won at Geraldton in April and first up this preparation in Carnarvon when he knocked over Jenabel.

Faithfull linked up with Marxian in two prior starts before the Carnarvon Cup, placing twice including a last start third in the Peter Evans Memorial Handicap.

She said breaking through to win her first race on Marxian in his biggest race, was tinged with sentiment and excitement.

"I think that is the most thrilled I've ever been to win a race," Faithfull said.

"It was all a bit emotional.

"I think it's because I sought the ride out and Graeme is such a great country trainer.

"It's good for him to win a race like that, he puts in all the work.

"It's really rewarding."

ELLIE ASPHAR'S CAREER TRANSITION

FROM JOCKEY *to* STEWARD

By Julio Santarelli

Former jockey Ellie Asphar is appreciative of her new position as cadet harness steward.

Asphar swapped codes after her riding career ended suddenly and for her liking all too abruptly.

The only clue to Asphar's previous role is the riding bag and jockey silks that are stashed away at home.

Unfortunately, Asphar couldn't plan her own exit from racing, her fate sealed after copping nasty facial injuries in a track accident.

Asphar rues the fact she can no longer ride in races, but the medical advice against her returning was too compelling.

"I had an accident in October last year and pretty much broke my face," Asphar said.

"I had an orbital blowout in my eye and had to get a plate put in after developing double vision in my peripherals.

"I also had a broken cheekbone and a broken eye socket.

"I have a plate on my eyebrow and a plate just next to my nose near my cheek.

"I also broke my nose and they put that back together as well.

"They thought the double vision would clear itself eventually, but I've had complications.

"All the fatty tissues around my eye disappeared and it sunk back in the socket.

"A second surgery is ahead of me and the double vision might be there forever, or it might slowly get better.

"I don't think it will get fixed before the operation if it does get fixed at all.

"I can deal with it on a normal day because it's in my peripherals, but in a high pressure racing environment where I have to have quick looks over my shoulder, I can't be second guessing on what I'm seeing.

"It's a risk for me and my fellow riders and it's just not worth it."

The unwitting partner in Asphar's sickening injury toll is an up and coming horse from the Simon Miller yard.

While Asphar gets over the emotional and painful scars, this mare has gone on to record a healthy winning spree.

"It was the good horse that fell over, Amasenus, who won a string of races and the Listed Bolton Sprint," Asphar said.

"It's bittersweet when she wins, but at the same time you think, oh, okay.

"It wasn't her fault and these freak accidents do happen.

"Unfortunately, it was just bad circumstances, I suppose."

Riding had been a great adventure for Asphar, but replacing what you cherish and replicating the same buzz is a challenge for any jockey.

How do you find another passion to fill the void and how can you turn it into a career opportunity and make a living from it?

The pathway isn't always clear for jockeys and Asphar admits her transition has not been without its challenges.

"It was definitely an upsetting decision," Asphar said.

"At this time of the year I would normally have been riding in Broome.

"I still have all my racing gear and I'm definitely not over it.

"I miss it more when I see the horses that I've ridden go around in races."

While accepting she can no longer ride competitively, Asphar is thrilled to have retained a link to racing.

"The people in harness are a great bunch of people," Asphar said.

"It's nice to still be within the industry.

"The industry is more a lifestyle and not just a job.

"I'm enjoying it."

Asphar rode her final race at Belmont last September, nine years after making her debut at Geraldton.

She booted home 173 winners from 2897 rides, her first came aboard Honor's Secret at Esperance.

Asphar hopes her new appointment can provide a pathway for other jockeys to follow.

"It's good knowing that once riding is over it's not the end," Asphar said.

"You can still make a career in the same industry doing something else.

"You don't have to go off and train.

"People often think when you finish as a jockey you become a trainer.

"But there are other branches in the industry out there.

"I was a lost little soul for a bit, but it's good to have some direction."

"The industry is more a lifestyle and not just a job."

WESTSPEED PLATINUM RACE DAY

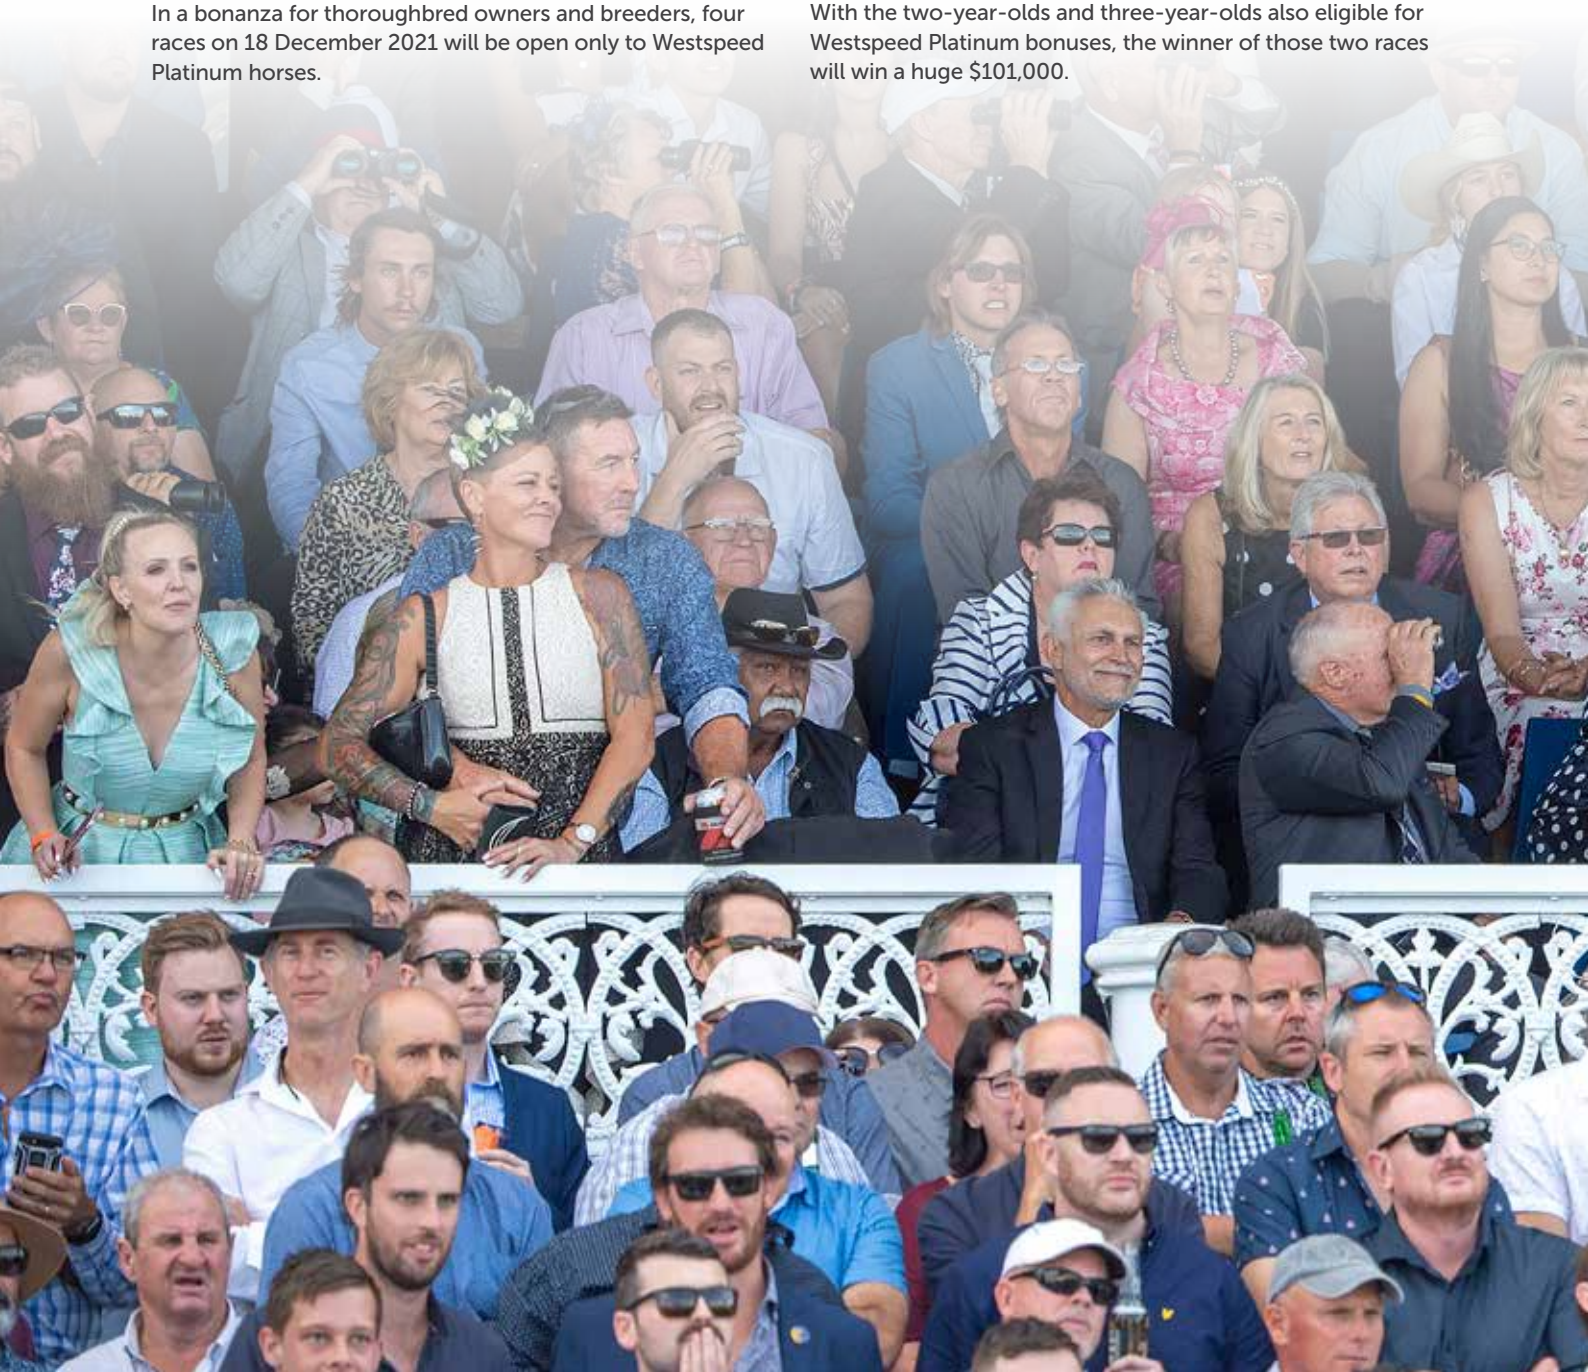
GIVES ASCOT CARNIVAL A BOOST

More than $600,000 in prizemoney and bonuses is to be won in the first-ever Westspeed Platinum Race Day at Ascot in December.

In a bonanza for thoroughbred owners and breeders, four races on 18 December 2021 will be open only to Westspeed Platinum horses.

The Thoroughbred Breeders WA Platinum Plate (1000m) for two-year-olds, the Westspeed Platinum Sires Stakes (1200m) for three-year-olds, the EPONA Classic (1200m) for fillies and mares four and older and the TBWA Stallion Tender Scheme Trophy (1200m) for entires and geldings four and older will each carry prizemoney of $125,000.

With the two-year-olds and three-year-olds also eligible for Westspeed Platinum bonuses, the winner of those two races will win a huge $101,000.



Thoroughbred Breeders WA (TBWA) will also top up the breeder bonus on those two races from $7700 to $10,000 and pay a full $10,000 bonus to winning breeders for the EPONA Classic and TBWA Stallion Tender Trophy for older horses.

Racing and Wagering Western Australia Manager of Commercial Racing and Planning David Hunter said the new races would support the local breeding sector, which was vital to racing.

"These races are in addition to the Westspeed Platinum race scheduled at most Saturday metropolitan meetings and will provide even more rewards to owners racing fully Western Australian bred horses," he said.

"I expect the local market to become even stronger due to these races."

The Westspeed Platinum Race Day also features the important lead-up race to the Perth Cup, the Group 2 Ted Van Heemst Stakes (2100m), and the Listed Starstruck Classic (1600m).

TBWA President Fiona Lacey said breeders were thrilled to join the exciting new race day.

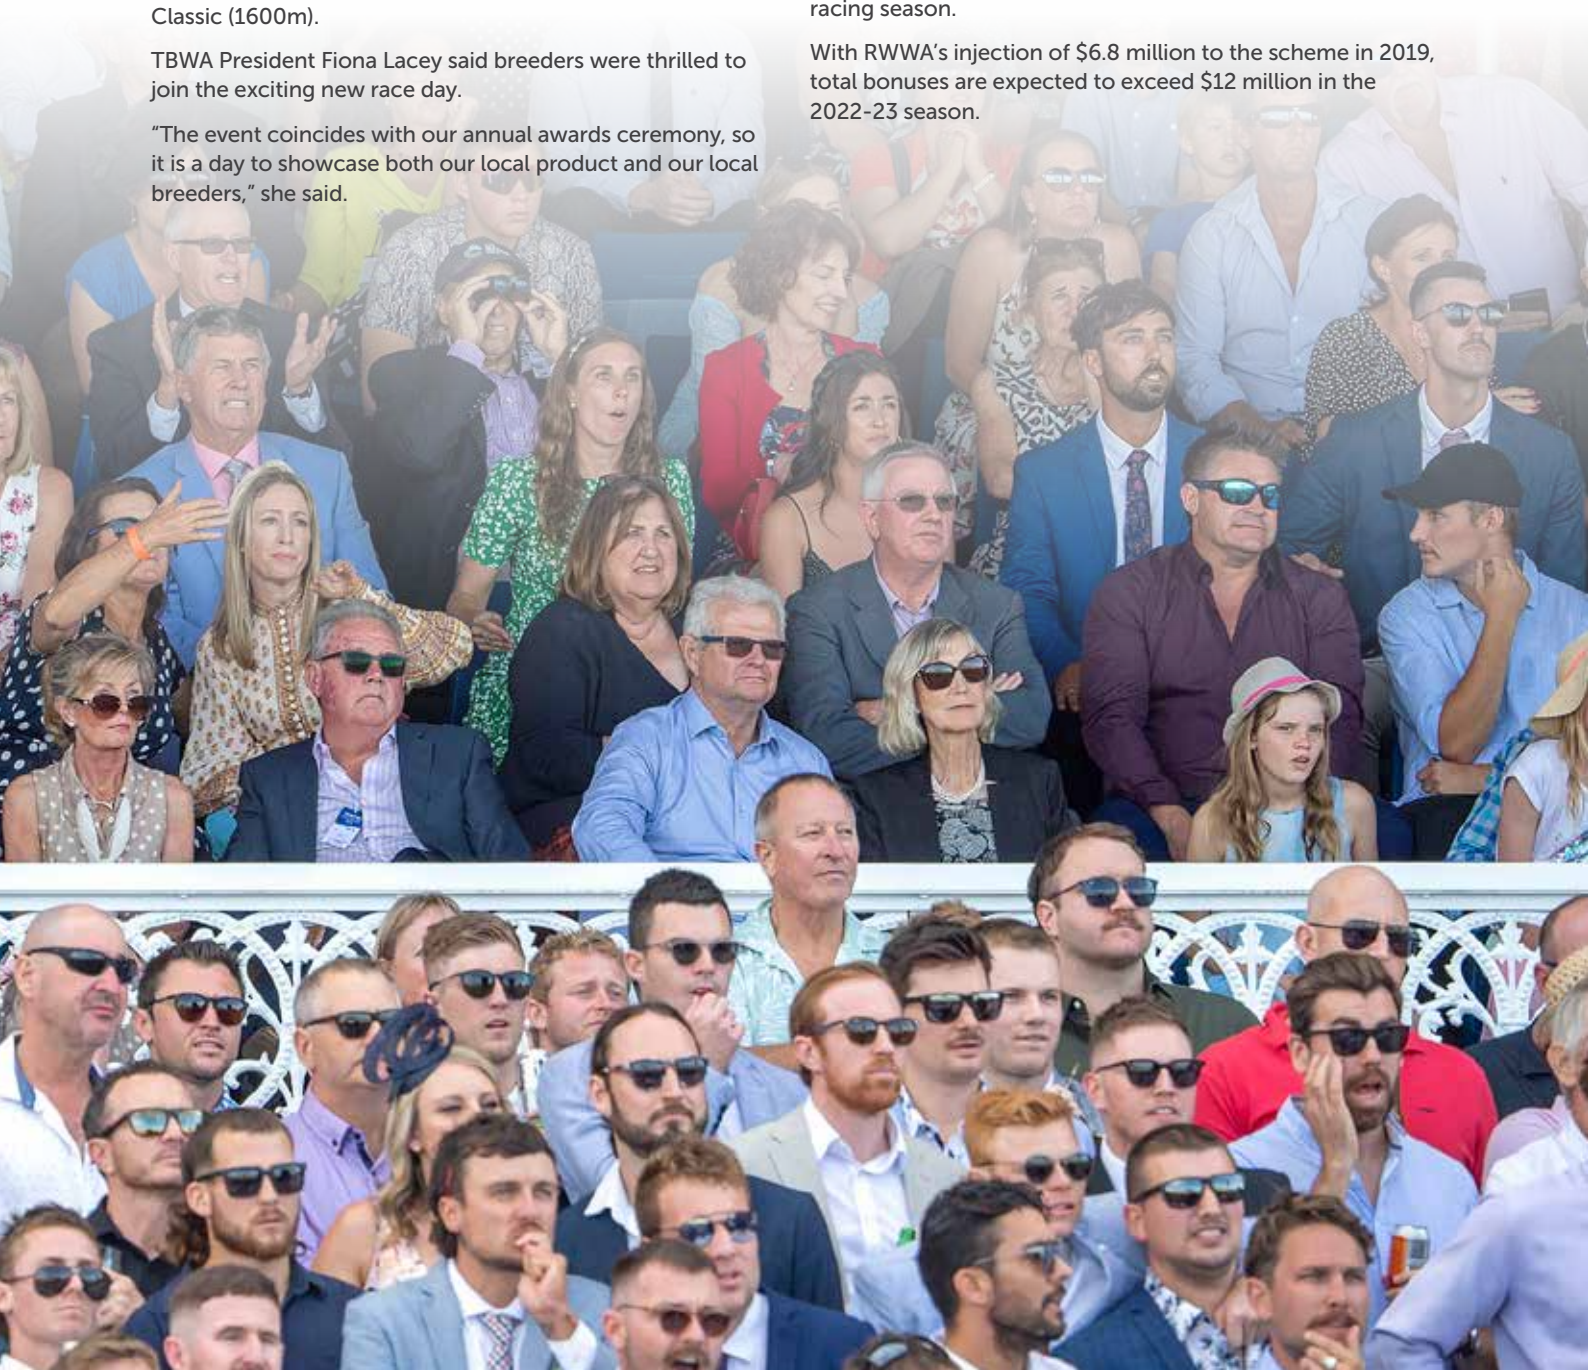
"The event coincides with our annual awards ceremony, so it is a day to showcase both our local product and our local breeders," she said.

> **"I expect the local market to become even stronger due to these races"**

"This is the perfect opportunity to fulfill our commitment to reinvesting our Stallion Tender Scheme funds directly back to breeders."

Westspeed Platinum is an extension of the successful Westspeed scheme that was introduced in the 1999-2000 racing season.

With RWWA's injection of $6.8 million to the scheme in 2019, total bonuses are expected to exceed $12 million in the 2022-23 season.



WESTSPEED | EPONA

Racing and Wagering Western Australia is supporting race winning mares in Western Australia through Westspeed EPONA, a credit scheme designed to enhance the local thoroughbred breeding industry.

HOW IT WORKS

- 10% of winning prizemoney will be accumulated as a line of breeding credit,
- Local breeders and owners can redeem credits once $2,500 worth has been accumulated,
- Payment is made by RWWA directly to the Stud upon attainment of a positive 45-day pregnancy test.

WHAT HORSES ARE ELIGIBLE?

- Any filly or mare who wins a WA race, excluding community meetings.

HOW MUCH CAN MY HORSE EARN?

- Credits can be redeemed once $2,500 worth has been accumulated, up to a maximum of $10,000.
- Westspeed EPONA forms part of RWWA's $6.8 million in additional Westspeed funding, to boost the thoroughbred breeding industry from FY21 to FY23.
- RWWA has brought the initiative forward to support the breeding environment following COVID-19, with fillies and mares accumulating credits from 1 August 2019 available to be redeemed from the 2020 breeding season, to use towards Westspeed Platinum Stallion service fees for their first two seasons at a stud or three years – whichever is the lesser.

HOI AN

EPONA CREDITS = $10,000

Bred and owned by Mt Hallowell Stud , Hoi An has reached the full $10,000 in EPONA Credits for use with any Westspeed Platinum sire when she retires from racing and begins her breeding career.

PRESCIENCE

JET-SETTING RACEHORSE POPULAR VAULTING MOUNT

Prescience, by Kyllachy (GB) and out of Clear Vision (GB) began racing in his country of birth, England under Trainer Richard Hannan. During his English racing career, the 2012 foal had six starts for two seconds and one third, earning £3,334.53 ($6,242.28 AUD).

Prescience made the trip to Australia in late 2015 where he landed in the care of New South Wales-based trainer, Chris Waller. From 2015 to late 2018 he had 23 starts for seven seconds, four thirds and two firsts under Waller. In late 2018 Prescience travelled west and had his first start in August 2019 with Campbell McCallum with whom he remained for his final 14 starts. Amongst these starts were Campbell's first two wins as a trainer.

"He was always a pleasure to have around the stables. A real gentleman. If he couldn't find the perfect home, he always had a home with us." Campbell said.

Prescience retired in September 2020 with a total of 43 starts, for four wins, nine seconds, six thirds, and having earnt $148,181.

In November 2020 Prescience, or Pretzel was purchased by Lorraine Delamotte and joined the team of horses at Ripplebrook Equestrian Vaulting Academy (REVA).

Before joining REVA's team the Academy met Pretzel several times, during these visits he showed his friendly and even temperament. Initially, REVA tested out his potential as a vaulting horse with some basic exercises with a vaulter on board whilst being led. Kay Fowler, a member and organiser at REVA, says he did not bat an eyelid or put a hoof wrong.

Prior to Pretzel joining the team REVA had four horses, three of which are Wambloods and one thoroughbred, Homme who is now known as Mackerson. Kay says Mackerson is their most successful canter vaulting horse, and for this reason they were looking for another thoroughbred to accommodate for their growing number of vaulters.

Pretzel's training over the initial few months included learning to lunge outside of a round yard, groundwork, ridden flatwork, trail rides and some fitness work. During this time he also began vaulting training sessions with the club.

Pretzel has just begun his first season of competitive vaulting, joining the team at the REVA Encouragement Vaulting competition in June, hosted by Riding for the Disabled (RDA) Oakford where he won Best Performed Off the Track Horse. Pretzel also joined an Off the Track WA Clinic on 10 July with owner Lorraine for a groundwork lesson with David Carey.

We look forward to seeing Pretzel and his fellow off the track vaulting horses at the Royal Park Riding Academy Encouragement Show in October, and RDA State Vaulting Championships in December.

CELEBRATING 12 MONTHS OF THE OTTWA PASSPORT!

More than 2200 off the track thoroughbreds and standardbreds have now had their OTTWA Passport claimed! The support for the initiative has been amazing and we love seeing these retired racehorses enjoying their second careers across the state.

The OTTWA Passport not only assists in the traceability of horses post-racing but also provides access to resources like the OTTWA Clinics, assisting in the transition to new careers.

Living across the state, from Broome to Esperance, standardbreds and thoroughbreds are enjoying their second careers as trail riding horses, eventers, show horses, and everything in between!

HOW TO REGISTER YOUR HORSES FOR A PASSPORT

1. Visit offthetrackwa.com.au and create an OTTWA Passport account.
2. Log in to your account, and search for your horse using its racing name, microchip number or other details known to you.

APPLICATIONS NOW OPEN FOR THE OFF THE TRACK WA RETRAINING PROGRAM!

The Off the Track WA (OTTWA) Retraining Program encompasses the OTTWA Estate and a network of OTTWA Official Retrainers, who will work to provide retired racehorses with the necessary skills and experiences needed to transition from racing to their second career as a pleasure or performance horse.

Horses accepted into the program will undergo an evaluation upon arrival at the Estate, before being allocated to an Official Retrainer, where they will commence retraining and education in preparedness for sale.

The program endeavours to complement already established pathways for rehoming retired racehorses, with priority given to horses which may be more challenging to rehome, for example those in remote areas.

HOW TO APPLY

1. Visit offthetrackwa.com.au to view the acceptance criteria and terms and conditions to ascertain whether the program is suitable for your horse.
2. Download and complete the application form, which can be found on the website.
3. Attach recent images of the horse you are applying for before lodging your application via email or post.
4. Allow up to two weeks for your application to be assessed.

King Of Athens
TO STAND IN WA

King Of Athens (USA) is the latest addition to the WA sire ranks at St Jude Farm in Serpentine.

A classic colt in Ireland last year, King Of Athens brings another successful branch of the Danzig sireline to local breeders through War Front (USA) who has sired 97 Stakes winners from his Kentucky base at Claiborne Farm.

King Of Athens was bred and raced by a Coolmore partnership with the Niarchos family's Flaxman Stables. He was runner-up to stablemate Arizona (No Nay Never) on debut in a nursery at the Curragh before having his colours lowered by the same colt in the G2 Coventry Stakes (1200m) at Royal Ascot.

Trainer Aidan O'Brien sent him to Lingfield to break maiden ranks the Ladbrokes EBF Novice Stakes (1400m) and the race was already settled after a speedy start from an inner stall. Making all the running and travelling comfortably, he kept up a strong gallop to easily dismiss Lexington Rebel (Fr) by five lengths.

"King Of Athens is a smart horse," jockey Seamie Heffernan said.

"He ran very well in the Coventry so it's not a surprise that he won, and he won well."

Following that first prep, he was sent for a winter spell as one of Ballydoyle's leading 3yo prospects for 2020.

"He's a lovely horse with a great temperament and is regarded highly here," O'Brien said.

"He's a good-limbed colt with lots of quality and plenty of ability."

King Of Athens returned the following summer and didn't dodge a contest in the LR Irish 2000 Guineas Trial (1400m) at Leopardstown. He tracked the leaders on the rails and was going best at the furlong only to be caught late in a duel with Ten Year Ticket.

He followed up with a fourth in the G3 Ballycorus Stakes at Fairyhouse before a stifle injury called a halt to a career that spanned just a dozen starts. He's the first son of War Front to stand in WA and is bred on a Galileo cross which has delivered Group 1 stars U S Navy Flag (England), Roly Poly (France) and Fog Of War (Canada).

O'Brien saddled his dam Together Forever (Galileo) to a Group 1 victory in the 2014 Dubai 2YO Fillies' Mile at Newmarket. Her sister Forever Together added another Group 1 for the same connections in the 2018 English Oaks.

King Of Athens will stand at St Jude Farm for an introductory fee of $3,300 (inc gst).

For bookings or further information contact James Miorada on 0418 912 662.

TAYLORS GO TO TOWN WITH *Universal Ruler*

The Taylor family have been counting their blessings with Universal Ruler in the foaling barn and at Belmont Park.

They welcomed a filly foal (pictured) by the Scenic Lodge sire from Lucky Roar (So Secret) last month and a day later cheered home Universal Ruler mare Zephyr Queen.

"It's Lucky Roar's first foal and she's a beautiful filly!" trainer Jimmy Taylor said.

Her dam retired to stud last year following a career that generated $225,000 in prizemoney from two wins at Ascot and a black-type placing in the LR Starstruck Classic. She was raced by Jimmy's wife Tina, his mum Lois, Paul Quartermaine, John & Jenny Maas, Ian Russell and Jason Norrish.

The Taylors also race Zephyr Queen and stable client Ian Russell is in both mares, too.

"Zephyr Queen is tough and softened up the leader before fighting them off in the straight,

" Taylor added after her victory in the Cool Ridge Hcp (1200m)."

"She was drawing away again on the line and it was a brilliant ride by Keshaw (Dhurun)."

Zephyr Queen has banked prizemoney of $222,250 and earned another $2,900 in EPONA credits for her first win this season.

"We can afford to send her to a good stallion," Taylor continued. "EPONA is a great initiative by RWWA."

Zephyr Queen was bred and sold by Scenic Lodge for $9,000 at the 2017 Perth Magic Millions. Her dam Deboshnokov (Stravinsky) is a half-sister to G1 Thousand Guineas winner Inaflury (Zabeel).

Universal Ruler has established an early lead on the WA winners' table with 8 individual winners this season. The son of Scenic (Sadler's Wells) holds sway from All American (7), Blackfriars (6) and War Chant (6).

Scenic Lodge stands Universal Ruler and Snippetson for $8,250 service fees alongside Dash For Cash at $2,200. All fees (inc GST).

SMASHING START FOR Playing God

Playing God has the firepower to post another PB this season with a significant changing of the guard on the horizon in WA.

The Group 1 racehorse and sire has finished 5th and 3rd for the last two seasons while building a base for championship honours in the years to come at Darling View Thoroughbreds. And the good news out of Mundijong is that he has recovered from surgery for a displaced large colon last November.

"Playing God is in really good order and great physical condition," Darling View general manager Brent Atwell reported.

"It's a big season ahead for Playing God and I'm All The Talk. They will both cover their biggest books yet."

A Playing God showing promise for this season is third-crop daughter Smashing who opened his Perth account this season last month. The Neville Parnham-trained grey mare flew home for a half-length victory over Starlift (Blackfriars).

"She surprised me," jockey Chris Parnham conceded. "We were only moderately away and had drifted right back by the 400m mark. I was sure she had too much to do and I still thought we were done at the furlong. But she kept digging and can develop into a Saturday horse on that win."

Neville Parnham is on record as declaring the younger sister to Lordhelpmerun (G3 WA Sires' Produce Stakes) will make open-class in the next twelve months. He should know having prepared Playing God to 8 wins and $1.67 million in prizemoney. He also polished Smashing's dam Pure Heaven (Snippetson) and second-dam Magic Heaven (Magic Ring) to multiple wins at Ascot.

Smashing is a homebred for Parnham with his wife Carol in partnership with popular stable client Paul Cooke. There's a 2yo full-sister waiting in the wings and they sent Pure Heaven back to Playing God last October.

Darling View Thoroughbreds stands Playing God (Blackfriars) for a State-high $16,500 with I'm All The Talk ($6,600), Patronize ($4,400) and Lucky Street ($3,300). All service fees (inc GST).

Star Mare Strikes

Ruby Racing & Breeding mare Sambar is making national headlines this season with Stakes winners Tiger Of Malay (Extreme Choice) and Samizdat (Not A Single Doubt).

Sambar is owned by the O'Bree family who are based in the mid-west at Kojarena. They bought the More Than Ready (USA) mare from Amelia Park in 2016 and her page has since gone from strength to strength.

Tiger Of Malay won the G3 Up And Coming Stakes (1300m) at Kembla Grange last month on the same day Samizdat rocketed home in the LR Belmont Newmarket (1200m) in Perth.

The O'Bree clan – Rod & Bridie and their children Jaime & Daniel – sold Tiger Of Malay for $255,000 at the 2020 Inglis Easter Sale and kept a share in a syndicate managed by Henry Field (Newgate Bloodstock) and China Horse Club. Trained by Richard and Michael Freedman, he won the G2 BRC Sires' Produce Stakes in May and his spring campaign includes Group 1 features in Sydney and Melbourne.

"Tiger Of Malay always showed quality from a young age and we were just so happy with him leading up to the Easter Sale," Jaime O'Bree said.

"We really wanted to keep him but we also want to genuinely sell our horses. I talked to Henry and he was more than happy to let us keep a share.

"The Freedmans have placed him beautifully. It's been a dream ride so far and hopefully he can make a name as a future stallion this spring.

"Samizdat is making it an extraordinary season for Sambar. She has done a cracker of a job."

Samizdat had topped the 2017 Perth Magic Millions when purchased by trainers Chris and Michael Gangemi for $325,000. The Belmont Newmarket was his fourth black-type victory following the RL Magic Millions 3YO Trophy, G3 Asian Beau Stakes and LR Scenic Blast Stakes.

The good-looking chestnut earned a trip to Melbourne where he will be suited down the straight-six at Flemington.

Sambar is in foal to Lonhro and is booked to Exceed And Excel this season. A daughter of Vinery legend More Than Ready, she was a Randwick winner for Gai Waterhouse and her page has black-type going all the way back to 1980 Golden Slipper Stakes winner Dark Eclipse.

The O'Brees have also been pleased to see All Too Hard star Behemoth in Group 1 winning form this season. His half-sister Ofcourse She Does (Murtajill) is owned by Group 1 breeder Ellie Giles and her Dawn Approach yearling filly was part of the Ruby Racing & Breeding consignment to the this year's Perth Magic Millions.

The filly didn't make reserve in February but returned to the Swan Valley a second time for the Magic Millions Winter Sale in June. Catalogued by Yarradale Stud (as agent), she made $28,000 to the bid of Ascot trainer Dan Morton.

Horses in this field have qualified by competing in a Regional Championship heat in this series. See full list of conditions in following page.

Qualifying Conditions

To be eligible for **The Regional Championship** horses must be recorded by Racing Australia as being under the care of a RWWA-licensed trainer within that region prior to Sunday 26 September 2021. However, any such horse that transfers stables to an alternate region on or after Sunday 26 September 2021 will be ineligible to compete in any heat.

Horses may only compete in the heat associated with the region in which that horse is trained – for example, an Albany-trained horse may only compete in the Great Southern heat. Any trainer who has multiple stables registered with Racing & Wagering Western Australia (RWWA) may only start horses in one of the series heats.

Horses must have had two of their last three race starts at a WA race track other than Ascot, Belmont, Bunbury, Pinjarra or Northam prior to the heats.

The Regional Championship Final will comprise 15 runners – determined by the point system below.

1st – 10 points, 2nd – 9 points, 3rd – 8 points, 4th – 7 points, 5th – 6 points, 6th – 5 points, 7th – 4 points, 8th – 3 points, 9th – 2 points, 10th – 1 point.

The first five horses in each heat will gain automatic entry into the final. In the event that any of the 15 automatically qualified horses cannot contest the final, RWWA will offer the vacant spot in the field to the next highest point scorer. If equal on points, preference will be given to the horse that competed in the heat of the vacated horse. In the event of multiple runners having earned the same points and neither is from the region of the vacated horse, the horse with the highest rating will secure automatic entry into the final. If both such horses have the same rating, horses will be balloted by total prizemoney earned. If total prizemoney earned is equal, horses shall be eliminated by lot. All horses that compete in a heat are eligible to start in the final but they will be subject to the balloting conditions of the series

Any horse that gains automatic qualification into **The Regional Championship Final** will be required to start in the final unless a veterinary certificate to the satisfaction of RWWA Stewards is provided stating that it is unfit to race. Any further nominations for qualified horses at any other meetings prior to December 6 will be refused.

Up to four emergencies will be declared for **The Regional Championship Final**. Emergency runners shall comprise the next four highest point scorers, with the same methodology used as above to determine the emergency securing a start.

Any horse who becomes eligible to compete in **The Regional Championship Final** will only be permitted to accept under the name of a licensed trainer who is located in the same region as the heat in which the horses ran.

In the event of a qualified horse winning a metropolitan race prior to the series final that horse will be ineligible to start in the final, with the next eligible horse outlined in the conditions above gaining automatic entry into **The Regional Championship Final**. Regional ratings will be used for all heats and the final.

RWWA will have the ultimate call on eligibility in the event of any discrepancy. RWWA may, at its absolute discretion, alter any conditions or elements of **The Regional Championship.**

BOUND BY RULES

Every nominator and trainer whose horse is entered for any race. Whether such entry is made by the nominator or trainer or the agent of any nominator or trainer or any Official at the request of or on behalf of any nominator, trainer or agent, shall be bound by the RWWA Rules and Regulations and the By-Laws and Conditions of the Club.

GROUP, LISTED & PRIME METROPOLITAN RACES

In Group/Listed races or any prime metropolitan race in which horses older than three can compete, entries are accepted on the condition that the nomination or declaration of acceptance for any horse may be rejected by the Handicapper.

DISCRETIONARY BALLOTING

In any race where discretionary balloting is to apply, the Committee may, in the event of the number of horses exceeding the safety limit at the barrier, in its absolute discretion, irrespective of a horse's weight, eliminate any horse or horses from the race and/or exclude any horse or horses from the operation of the usual balloting conditions.

DOUBLY ENGAGED

No horse shall run more than once on the same day at any meeting.

PENALTY

Except where otherwise stated, the winner of any race or races after the declaration of weights, shall carry such penalty (if any) as the Handicapper may impose for each win.

RACE DIVISIONS

Where the division of a race will result in more races being conducted at the meeting than that funded by RWWA, then a minimum of 75% of the original advertised prize money must be offered for each division. Each division shall be worth an equal amount. The division of any race must be approved by the RWWA Racing Manager.

ARRIVAL ON COURSE – GROUP AND LISTED RACES

Runners in Group and Listed races must be presented on course two hours prior to the advertised start time of the race, unless otherwise advised by RWWA Stewards.

UPDATED SCHEDULE OF FEES

(effective from 1 August 2020)
Non-Acceptance Fee: $45
Late Scratching Fee (prior to close of final riders): $100
Late Scratching Fee: $249.70
Trial Fees:
Senior Jockey $94.00
Apprentice Rides $40.00

BALLOTING CONDITIONS

Where the number of horses in any race exceeds the number set down by the Stewards or Committee of the Club RWWA may, except where special balloting conditions apply, implement any or all of the following conditions to eliminate horses to meet the limits.

(a) Subject to the provisions of LR51A (1) any horse considered a final acceptor for more than one race at the same meeting shall be withdrawn from the race with the higher number of acceptors. Provided that horses will always be withdrawn from a non-feature race and not be withdrawn from a Group, Listed or other race advertised as Discretionary Balloting. A horse declared an emergency runner in any race may be engaged as an acceptor for another race at the same meeting.

(b) Any horse engaged to run at a meeting that has already accepted will be relegated to the lowest emergency position in any subsequent race that horse is entered for. Provided that horses will be exempt from this clause if the subsequent race is a Group, Listed or other race advertised as Discretionary Balloting.

(c) In the event of the time for nominations being extended because of insufficient entries (or some other reason), any horse which had been nominated by the inaugural nomination time shall be given preference for a start over any horse which was nominated after the time for extending entries was announced, except when the horse is engaged to run at a meeting that has already accepted.

(d) Any horse classified by the Handicapper below the declared minimum weight shall be eliminated in order of the Handicappers rating. Horses with the same rating will be separated at the Handicapper's discretion. The Handicapper may, at his discretion, elevate any horse in the ballot, irrespective of that horse's rating, to correct an obvious anomaly in the ballot. For ballot purposes, the rating of all fillies and mares is increased by 4 points to recognise the 2kg sex allowance

(e) Any maiden horse nominated to run in a handicap race will be relegated in the ballot below horses that have already won a race, unless the maiden horse was placed second or third within its last three starts where it will be balloted by the Handicappers rating. Maiden horses relegated under this clause will be balloted in accordance with the standard maiden balloting conditions listed below under section (l).

(f) Notwithstanding the foregoing conditions RWWA and the Committee of the Club may, in its absolute discretion, eliminate any horse or horses from a race, and/or exclude any horse or horses from the operation of any or all of the preceding elimination conditions, irrespective of the age, allotted weight or Handicappers rating of the horse concerned.

(g) RWWA reserves the power to make provision for the naming of horses as Emergency Runners subsequent to any ballot; provided that when it is determined that a race shall be run in two or more divisions at close of nominations, the Emergency Runners named in any division may be placed in any other division to take the place of horses withdrawn at time of final acceptances.

(h) RWWA and the Committee of the Club reserves to itself the power to transfer the nomination of any horse balloted or withdrawn from the race in which it was entered to a suitable race on the same day, or another meeting where entries close on the same day. Provided that where a horse has not been withdrawn from the race prior to the time appointed for final acceptances the acceptance of the horse so transferred shall be taken as the nominator's approval of such transfer and for the purpose of eligibility, qualification or race conditions shall be deemed to have been nominated in the race to which it was transferred. Further provided that where the other horses in such race have not been withdrawn prior to the time appointed for final acceptances, the acceptance of such horses shall be taken as confirmation of the nominator's approval of the transfer of the horses concerned.

(i) RWWA reserves to itself the power to extend the acceptances of any given race and allow any horse withdrawn between release of weights and original scratching time to be reinserted into the field prior to the release of acceptances.

(j) No liability shall be incurred to the nominator of any horse or to any other person in consequence of or by reason of any departure whether intentional or otherwise from these conditions.

(k) In any case not provided for under the Rules, the decision of RWWA shall be final.

(l) MAIDEN RACES

i. Horses which have not received prize money within their last 5 starts to be placed in order of total number of starts.

ii. Horses which have received the lowest aggregate prize money within their last five starts. Horses with equal aggregate prize money to be placed in order at the Handicappers discretion.

iii. Horses which have had two unplaced race starts.

iv. Horses which have had one unplaced race start.

v. Unraced horses. (Horses placed first in trials will take preference over trial placegetters. Trial placegetters will take preference over unplaced trial runners. Horses which need to be separated within trial categories shall be done so at the discretion of the Handicapper ie: Trial winner category, trial placegetter category etc.)

vi. Horses which have earned prizemoney by placing 2nd – 5th in a prime metropolitan race within their last 3 starts; or have earned prizemoney by placing 2nd – 4th in a provincial or midweek metropolitan race within their last 3 starts; or have earned prizemoney by placing 2nd – 3rd in a country race within their last 3 starts. Horses to be placed in descending order of prizemoney earned in last 3 starts.

* In balloting maiden races prizemoney for placings 1st to 6th only is taken into account.

TRAINER & OWNER REFORMS (TOR)

NOTICE OF AMENDMENTS TO CO-OWNER AGREEMENT (COA)

Summary:

Since the commencement of the TOR in August 2017, Racing Australia has been continually monitoring the effectiveness of its processes and agreements, including via feedback from Principal Racing Authorities and industry participants.

Racing Australia is now amending the COA to address issues that have arisen during the TOR's first year of operation.

A summary of the amendments to the COA is set out below.

- **Clause 1.1 & 1.2** – To identify the effective date (1 August 2018) of the revised COA.
- **Clause 3.6(d)** – Proviso that where owners with 50% ownership of a horse wish to accept a trainer's fees notice, and owners with the other 50% ownership wish to object to the fees notice, the managing owner must object on behalf of the owners.
- **Clause 4.3** – To clarify the sale process where an owner wants to sell only their interest in the horse, as opposed to where the ownership group (with majority consent) wants to sell the whole horse.

The revised COA is available at www.racingaustralia.horse

Date of effect: 1 August 2018

NOTICE REGARDING THE NUMBER OF MEMBERS IN A SYNDICATE AND NEW RULE IN RELATION TO SECRET COMMISSIONS

NUMBER OF MEMBERS IN A SYNDICATE

Racing Australia previously made an amendment to AR.69(c) to correlate with ASIC's decision to increase the maximum number of members in a registered syndicate from 20 to 50 (for the purposes of obtaining exemption from a number of the provisions of the Corporations Act in respect of managed investment schemes).

Syndicates containing from 20 to 50 members are restricted to those entitled to exemption under ASIC Corporations (Horse Schemes) Instrument 2016/790 (or any instrument, regulation or class order that replaces or supersedes that Instrument.)

Any queries in regard to the number of members permitted in a Syndicate should be directed to the RWWA Licensing and Registration Department

FProvided the syndicate has been registered in accordance with the Rules of Racing and complies with the Regulations."

RULE AR.48 IN RELATION TO SECRET COMMISSIONS

This rule deals with the issue of Secret Commissions in racing.

This new rule applies to all those involved in the selling and trading of Thoroughbreds. Any such person must not receive, solicit or offer any payment or benefit that has not been fully disclosed and consented by all parties involved in the ownership, sale and purchase of that horse.

Please refer to the RWWA Rules of Racing that appear in the Industry - Integrity section of the RWWA website for details of the wording of AR.48.

PRE-ACCEPTANCE FINANCIAL INFORMATION REQUIREMENTS (GST COMPLIANCE)

When participants win stakes, bonuses or are paid any fees, a financial transaction has occurred that requires the correct treatment of GST. In order for this to take place all participants are required to submit a completed GST Declaration Form, prior to racing, so that the appropriate payment calculation can be made when stakes are processed. This form also provides RWWA with the participants banking information to make a timely payment.

If RWWA does not have completed GST Declaration Forms, the ATO require that RWWA withhold payments at a rate of 46.5% (highest tax rate) and forward to the ATO, when a GST Declaration Form has not been completed. This is a requirement under the GST Act and participant can obtain this information under the NAT 3346 guidelines on the ATO website. These funds can then be claimed as a credit by the participant in their annual income tax return.

In order to avoid payments being withheld, it is vital that your completed GST Declaration Forms is submitted prior to acceptance for a race. RWWA is currently working on system changes to implement this.

TRANSFER OF OWNERSHIP

Funds are often withheld at the request of the 'new' owner when a transfer of ownership has taken place, as the outgoing owner has not submitted the paperwork to RWWA's Licensing & Registrations Department within the correct time. There are specific rules that apply to each code in the treatment of transfers. These being;

Harness Rule 109 - the paperwork must be submitted within 7 days of entering into a lease or prior to the horse next racing, whichever is earlier and Rule 111 in respect to a transfer of ownership.

Thoroughbred AR.34 – in respect to a lease the Principal Racing Authority may refuse to accept for registration any lease, and may insist on the inclusion in a lease of provisions it considers essential.

Greyhounds R117 – within ten (10) days lodge a prescribed transfer of ownership form and Rule 119 in respect of a lease.

These rules will now be enforced so that the owner recorded with RWWA at the time of racing will be paid any monies earned. Payments will no longer be held due to paperwork not being lodged within the required time. With regard to licences, GST forms must be included with each Lease or Transfer submitted to RWWA.

LEADING OF TWO OR MORE HORSES

Local Rule 124 states:

Leading of Horses

1. The practice of leading two or more riderless horses at the same time is prohibited

2. The Stewards may penalise any person breaching this rule or found responsible for a breach of this rule

The rule prohibits any person from leading two or more riderless horses at the same time at any place or time.

TRAINER'S RESPONSIBILITY REGARDING 'NOTIFICATION OF ANY HORSE'S ILLNESS, CONDITION OR OCCURRENCE THAT MAY AFFECT ITS RUNNING IN A RACE'.

Trainers are reminded of the provisions and potential implications of rule of racing, AR.140.

X`The following are examples of, but not limited to, conditions or occurrences requiring notification to Stewards under the provisions of this rule;

- Any surgery aimed at correcting a condition that may have

adversely impacted a horse's prior performances i.e. upper respiratory tract surgery or surgery to correct lameness, limb inflammation/pain or gait dysfunction.

- A horse is required to have a long period of rest to heal a pre-existing injury i.e. tendon/ligament strain.
- Lameness or musculoskeletal inflammation/pain.
- Injury to any part of the body which could potentially adversely impact on the horse's performance or consist of a welfare or public perception issue on race day, or have resulted in an interrupted preparation.
- Any condition or occurrence that has resulted in a horse missing consecutive days of normal exercise or sufficiently interrupted, and thus adversely impacted, a horse's preparation for its next race.
- Any systemic illness that has adversely impacted on a horse's health or wellbeing or may have resulted in an interrupted preparation i.e. colic attack, any illness causing loss of appetite.

IMPORTANT CHANGES TO THOROUGHBRED REGISTRATION ARRANGEMENTS

Thoroughbred Racing participants using the RWWA CRIS site would have noticed the below link from Racing Australia (RA). Racing and Waging Western Australia (RWWA) wishes to confirm important changes to registration functions.

From 1 December 2019, administrative duties attached to registration queries and applications will be moved from RWWA to Racing Australia (RA).

This is being done to help facilitate a more streamlined registration process for industry participants.

While RWWA will retain the functions of New Jockey Silk Applications and Promotor Syndicates, all applications for Transfer of Ownership, Syndicates, Leases, Jockey Silk Renewals, Change of Percentage, Change of Share, Deceased Estates, Banking & GST, will be received and processed by RA.

These documents will be able to be processed online or by lodging them direct to RA by email deputyregistrar@racingaustraliahorse. RA can be contacted via their website, email or by phone 1800 870 799.

TRANSFER'S OF OWNERSHIP – POLICY ADVICE

It is a requirement under the Rules of Racing for the name or names of every person or persons having any share or interest in the ownership or lease of a horse to be declared to RWWA prior to racing. Back-dating transfers or similar where such dates retrospectively affect the ownership of a horse in a race already run is therefore contrary to these principles. Furthermore once payments have been correctly made by RWWA based on recorded ownership details, it is impractical to attempt to re-allocate stakes to revised owners after the event.

Industry participants, in particular those involved in horse ownership, are therefore advised when completing the required Application to Transfer (or similar document that alters the official recorded ownership,) the Date of Transfer cannot be dated prior to the horse's last race start. The practice of back-dating the Date of Transfer so as to include dates where the horse has already raced will not be accepted and instead the Date of Transfer will be given the effective date of processing. Where race starts are not included in any back-dating then the indicated Date of Transfer will be recorded.

This policy shall be consistently applied across all codes.

SPECIAL NOTICE TO ALL RACE CLUBS, LICENSED TRAINING VENUES, TRACK MANAGERS AND TRAINERS.

Section 22 of the Occupational Health and Safety Act 1984, places certain obligations on persons in control of a workplace that may relate to Clubs and Training tracks in the following terms:

22. Duties of persons who have control of workplaces

(1) A person that has, to any extent, control of —

(a) a workplace where persons who are not employees of that person work or are likely to be in the course of their work; or

(b) the means of access to and egress from a workplace, shall take such measures as are practicable to ensure that the workplace, or the means of access to or egress from the workplace, as the case may be, are such that persons who are at the workplace or use the means of access to and egress from the workplace are not exposed to hazards.

(2) Where a person has, by virtue of a contract or lease, an obligation of any extent in relation to the maintenance or repair of a workplace or the means of access to and egress from the workplace, the person shall be treated for the purposes of subsection (1) as being a person that has control of that workplace or that means of access or egress.

(3) A reference in this section to a person having control of any workplace or means of access to or egress from a workplace is a reference to a person having control of that workplace or that means of access or egress in connection with the carrying on by that person of a trade, business or undertaking (whether for profit or not).

(Sections 4-6 repealed)

(7) This section does not apply to a person whose duties are set out in section 20.

Where a trainer engages a person to carry out any type of work either inside or outside his/her premises and the person suffers an injury or disease as a result of that engagement and the injury or disease is of a prescribed nature it must be reported forthwith to WorkSafe. The kinds of injuries to an employee which must be notified are:

- A fracture of the skull, spine or pelvis
- A fracture of any bone in the arm other than in the wrist or hand and any bone in the leg other than in the ankle or foot;
- An amputation of an arm, hand, finger, joint, leg, foot, toe or toe joint;
- The loss of sight of an eye;
- Any injury other than those referred to above which, in the opinion of a medical practitioner, is likely to prevent the employee from being able to work within 10-days of the day on which the injury occurred.

Section 35 (1)(a) & (d) of the RWWA Act 2003 prescribes that it is a function of RWWA to "(a) control, regulate and supervise racing in the State" and "(d) to supervise racing clubs and their affairs." Further Section 43 provides RWWA with authority to issue directions to a racing club or an allied body to carry out works to improve safety at racecourses or training tracks and obligates such clubs to comply with any such directions.

In order to ensure proper discharge of its legislated functions, RWWA directs that all race clubs, managers of training venues and Trainers notify RWWA Stewards of any diseases or injuries of the nature of the above sustained by jockey's, driver's or any other registered persons whilst engaged in activity regulated by licence that occurs at their venues. It is not intended that this alleviates race clubs, manager's of training venues or trainers of any legal responsibilities they may have under other Acts, such as the OHS Act 1984, however ensures RWWA can discharge its functions in relation to racing in Western Australia and ensure the proper investigation and reporting of these incidents to WorkSafe.

DISPUTE RESOLUTION - ONE CENTRAL POINT FOR LODGEMENT OF COMPLAINTS

From time to time RWWA customers seek assistance in resolving disputes regarding horse ownership, the training of horses, unpaid accounts etc.

The Racing Integrity Department (Stewards) understand how difficult, at times, it is for these matters to be settled amicably and can offer advice, and to some extent assistance, on how these matters may be resolved.

Any queries in regards to disputes of this nature should be directed to the Integrity Operations Coordinator - Mark Kemp on 9445 5227.

Notwithstanding the wide powers of RWWA and its officials, particularly the Stewards, have under the Rules those powers do not extend to dispute resolution to the extent that Stewards can compel a party to act in any way not specifically outlined in the Rules themselves. Neither do the Stewards have authority to force a person to sign away or forsake a share or interest in an animal, which has been afforded to them in accordance with the relevant Rules of Racing, or make any orders with respect to compensatory payments. This should not deter a person contacting the RWWA Integrity Department (Stewards), on the above number, who will provide advice in terms of Rules and RWWA procedures and policies and ensure these are being complied with. Matters that cannot be resolved through the application of the Rules and policies, become a civil dispute between the parties which must be resolved accordingly.

Unless a dispute involves an alleged breach of the Rules, RWWA and its officials will not become directly involved. The exception is where a dispute is the subject of proceedings at law, in which case RWWA and its officials will be guided by any decision of a court.

Any complaint against a person for an alleged breach of the Rules must be made in writing and directed to the Chief Steward of the respective racing code.

SYNDICATES & PARTNERSHIPS

All current and prospective syndicate or partnership members should be aware of the ramifications of buying shares in a racehorse.

The promotion of a scheme which sells shares in a racehorse is subject to Corporations Law and there are significant penalties for schemes that are found to be operating contrary to the law.

Importantly the laws are in place to provide protection for persons who may purchase an ownership interest in a racehorse which is offered in such a scheme.

A horse racing syndicate must be registered with the Australian Securities and Investment Commission (ASIC) before it can operate if it is a "managed investment scheme" (MIS) for the purposes of the Corporations Act. This will generally be the case if the syndicate:

- has more than 20 members; or
- is promoted by a person in the business of promoting syndicates

unless the investors in the scheme are "wholesale clients" for the purpose of the Corporations Act.

The promoter is required to have an Australian Financial Services Licence (AFSL).

A promoter of a syndicate can avoid the requirement to register a managed investment scheme with ASIC if it registers as an approved promoter with RWWA. Once approved by RWWA, the promoter can then apply to ASIC for an AFSL.

RWWA is a Lead Regulator and as such is required;

(a) to keep a register of all promoters of horse racing schemes to which the co-regulation arrangements applies;

(b) to register schemes which the lead regulator has agreed to regulate;

(c) to ensure that a promoter's disclosure statement or offer document contains sufficient information to allow investors to make an informed decision and to check the accuracy of this information;

HORSES CANNOT RUN MORE THAN ONCE ON THE SAME DAY

No horse shall run more than once on the same day at any meeting except at meetings conducted by the following club:

Landor (East Gascoyne Race Club)

RWWA RACING INDUSTRY NOTICE – NEW LOCAL RULES OF RACING PERTAINING TO THE EUTHANASIA OF HORSES

WA racing industry participants are hereby notified of new Thoroughbred and Harness local Rules of Racing pertaining to the euthanasia of Thoroughbred and Standardbred horses.

These rules come into effect from 1 November 2020.

New local Thoroughbred Rule LR 225 and local Harness Rule LR 96C (Euthanasia of Horses) states;

It shall be an offence for any person bound to the Rules of Racing to at any time:

1. Organise, permit, allow or consent to any horse that they have control of, being transported or conveyed to any premises which is not a registered knackery, registered abattoir, or veterinary clinic where they are aware or ought to be aware, that the horse is to be euthanised.
2. Organise, permit, allow or consent to any horse that they have control of, being transported or conveyed to any place or facility outside of Western Australia where they are aware or ought to be aware, that the horse is to be euthanised.

For the purposes of this rule, a registered knackery or abattoir is any facility or place where animals are slaughtered and processed for consumption of any kind, or otherwise disposed of, which is registered with, and under the regulation of, the Department of Primary Industries and Regional Development, and has established a Memorandum of Understanding with RWWA.

RWWA advises that for the purposes of this rule there is currently one approved facility, that being the Southdale facility, that is registered with, and under the regulation of, the Department of Primary Industries and Regional Development and has established a Memorandum of Understanding with RWWA.

Participants must carefully consider all available options for the rehoming of retired racehorses and all efforts to rehome physically and behaviourally sound racehorses must be made.

It should be noted that this rule does not prohibit, where necessary, on farm/property humane euthanasia of a horse, by a registered veterinarian, or by a properly trained and experienced person using a prescribed humane method detailed within the relevant standards and guidelines (Australian Animal Welfare Standards and Guidelines – Land Transport of Livestock 2012), provided such horse is under the care and control of a licensed person or owner at that property at the time such euthanasia takes place.

Participants are also reminded of their obligations under the Rules of Racing that the euthanasia or death of any registered racehorse must be notified to the relevant racing authority within the period prescribed by the rules and using the correct notification form.

VETERINARY NOTICES

NOTICE TO THOROUGHBRED TRAINERS - INTRA-ARTICULAR INJECTIONS STAND-DOWN PERIOD

Trainers and Veterinarians attention is drawn to the revised Rule of Racing, AR.87, which relates to intra-articular treatments in Thoroughbred racehorses. The revised rule is effective from 1st January 2020.

The revised AR.87 now prohibits the intra-articular administration ("joint injection") of any substance to a Thoroughbred racehorse within 8 clear days prior to a race, official trial or jump-out.

AR.87 now reads as follows:

(1) If a horse has been subjected to an intra-articular injection:

(a) the horse is ineligible for; and

(b) a trainer must not enter or start the horse in, any race, official trial, or jump-out for 8 clear days following midnight on the day of the administration.

(2) If a horse has been subjected to, or the Stewards reasonably suspect a horse has been subjected to, an intra-articular injection at any time during the 8 clear days prior to the day of a race, official trial, or jump-out, the Stewards may order the scratching of the horse from the relevant event.

(3) If a horse has been nominated and/or entered for a race, official trial, or jump-out, a person must not:

(a) administer;

(b) cause to be administered;

(c) attempt to administer; or

(d) be party to the administration of, an intra-articular injection to the horse at any time within 8 clear days of the race, official trial, or jump-out.

A Clear Day is defined within the Rules to mean a twenty-four hour period from 12:01 a.m. to 12 midnight. For practical purposes, a clear day restriction means that the calculation of the number of days for which the procedure/treatment is banned does not take into account the day of treatment nor the day of competition. As such a stand down time of 8 clear days equates to 10 regular days when including the day of administration and the day of competition.

For the purpose of AR.87 and by way of example, if a horse was subjected to an intra-articular administration of a substance at any time on a Monday (1st day of the month), that horse would be ineligible to race, trial or jump-out, until the Wednesday of the following week (10th day of the month).

Trainers are referred to the RWWA Thoroughbred Clear Day Rule chart available under veterinary notices on the RWWA website to further assist with the application of clear day principles.

This prescribed stand-down time is intended as a minimum period before competition within which any substance must not be administered intra-articularly, including any shorter-acting medications. This stand down period must not be confused with the recommended "withdrawal" time of the particular medication used. The "withdrawal" period for a prohibited substance is calculated to ensure a horse is presented clear of the prohibited substance when competing. In certain situations, specifically for longer acting corticosteroid preparations such as methylprednisolone, and for injections into low volume joints such as the lower hock joints, the recommended "withdrawal" period may be much longer than the minimum stand down time prescribed by AR.87, and as such must continue to be observed.

Note: The administration of intra-articular substances is a "treatment" according to AR.104 and therefore must be recorded by a trainer and/or their veterinarian as required by this Rule. Trainers are reminded that all race horses must be presented to race free of prohibited substances. For advice concerning the use of therapeutic products that may contain prohibited substances trainers should consult their stable veterinarian, or contact the RWWA Veterinary Department on (08) 9445 5459 or (08) 9445 5305.

ARSENIC - Notice to Horse Trainers

Trainers and industry participants are reminded that Arsenic is a prohibited substance under both the Harness and Thoroughbred Australian Rules of Racing, when found at a level above the threshold value of 0.30 milligrams per litre in urine.

Arsenic is a chemical element which occurs in many minerals and trace amounts may be present commonly in feeds and in groundwater in the environment.

Registered veterinary products that contain Arsenic based compounds include:

Arcyl Solution for Injection Ferrocyl injection

Troy Invigorate Injection Jurocyl Injection.

Horse trainers are therefore reminded to avoid using these preparations close to racing, and a useful guideline is not to administer them following a single dose within a 5 clear day period before racing. Multiple administrations will prolong this period, so extreme caution must be exercised if administering them on consecutive days. The administration of any of these preparations must be recorded as treatment in a trainer's medication log book.

A recent Australian study concluded that it is possible that Arsenic levels in horse urine may be elevated following the ingestion by a horse of Chromated Copper Arsenate (CCA) treated pine timber, a common component of horse stables and paddock fencing.

Consequently, RWWA Stewards advise that it would be prudent for trainers and industry participants to conduct an environmental audit of their facilities to ensure they eliminate access of the racehorses in their care to CCA treated pine timber products, or any other product that may present a similar risk of an elevated Arsenic level in any race day sample.

RWWA Stewards recently concluded several inquiries into matters relating to the presentation of horses by trainers with Arsenic levels above the threshold. In those matters a conviction without penalty was recorded and the horses concerned were disqualified. RWWA provides notice to trainers and industry participants that future action taken by RWWA Stewards, in matters relating to the presentation of horses with Arsenic levels which exceed the threshold, may result in penalties being imposed, regardless of any evidence relating to ingestion of CCA treated timber products or any other source.

Queries can be directed to your Veterinarian or the RWWA Veterinary Department on (08) 9445 5459.

COBALT – NOTICE TO TRAINERS

Cobalt is a naturally occurring trace element which may normally be present in horses at very low levels as a result of the ingestion of feedstuffs that contain it in trace amounts. Cobalt is also present in the structure of vitamin B12 (cyanocobalamin). However, it is known that excessive amounts of cobalt have an effect on the blood system and therefore it can also be considered as a prohibited substance according to the Rules of Racing when it is at levels above those naturally occurring or as a result of routine nutritional sources, thus a threshold level was introduced into the rules of racing to control the use of cobalt in race horses.

The rules of racing prescribe a threshold limit for cobalt in race day urine samples at 100micrograms per litre and in race day plasma samples at 25 micrograms per litre.

Therefore trainers are advised:

- That a normal racing diet is more than sufficient to meet a horse's nutritional requirements for cobalt and vitamin B12.

- Injectable cobalt supplements, banned under provisions of AR252A, offer no nutritional advantages because incorporation of cobalt into the vitamin B12 molecule occurs within the horse's gut.
- To consult with their veterinarians to ensure that their oral supplementation regimen provides only the amount of cobalt necessary to meet the scientifically established nutritional requirements of the horse for cobalt.
- To administer only nutritional supplements that are manufactured or marketed by reputable companies and to administer such supplements only at the manufacturer's recommended dose and frequency of administration.
- To avoid the simultaneous use of multiple supplements containing cobalt and vitamin B12.
- That administering products that are inadequately labelled, that make claims to enhance racing performance or to be 'undetectable', or which are marketed over the internet is extremely unwise.
- To comply with the one clear day restriction on the injection of any substance prior to racing.

Whilst the threshold has been set at a level to allow for normal levels of cobalt supplementation through routine nutritional sources, trainers are advised that the administration of certain registered vitamin supplements, particularly by injection, close to racing may result in a level of cobalt in a subsequent sample that exceeds this threshold. Trainers are therefore advised to avoid the use of these supplements close to racing.

No injections within one clear day prior to racing

The rules of racing make it an offence for any person (including a trainer, anyone else in charge of a racehorse or a veterinarian) to insert a hypodermic needle into a horse within the one clear day prior to a race

By way of example, if a horse is racing on a Saturday, the last time that the horse may be injected is midnight on the Thursday prior to the race. The horse must not be injected on the Friday or at any time on the Saturday prior to the running of the race. The one clear day ban on injections prior to competition includes, but is not limited to, the administration by injection, whether intravenously, intramuscularly, subcutaneously or any other route, of the following medications and substances:

- intravenous infusions, fluids and electrolytes;
- vitamin and mineral supplements;
- haematopoietic (blood building) agents;
- all Schedule 4 Prescription Animal Remedies and Prescription Medicines for injection; and
- any other agents for administration by injection.

However, it is noted that, for the purpose of proving a breach of AR.178AB, it is not necessary to establish what (if any) substance was injected, or was attempted to have been injected, into the horse.

Importantly, under the new rule, a person must not, without the permission of the Stewards, insert a needle into a horse for the purpose of blood sampling for health and fitness assessment during the one clear day prior to a race. The obvious exception to the Rule is the collection of official pre-race or out-of-competition blood samples at the direction of the Stewards for the purpose of drug analyses.

IMPORTANT NOTE: The timing of the administration of many injectable products will be determined by the detection periods for the prohibited substances contained in those products. In most cases, the detection periods will be in excess of the one clear day prior to competition.

TESTING OF NON-RACE DAY (ELECTIVE) SAMPLES

Trainers should be aware that unpredictable and prolonged excretion times can result from the therapeutic use of certain, specific prohibited substances including long-acting corticosteroids (particularly Depo-Medrol - methyl-prednisolone acetate) and procaine, from the use of procaine penicillin.

Elective testing is strongly recommended for the above medication categories as reliable detection times are difficult, and in some cases impossible, to provide.

Through the Stewards, the ChemCentre will analyse non-race day elective urine samples for certain long-acting therapeutic medications, to determine the suitability for racing after treatment.

The following long-acting medications can be tested for under the program:

- Corticosteroids (i.e. Depo-Medrol)
- Procaine (from procaine penicillin)

Trainers and veterinarians are encouraged to use this service; however, it does not remove the responsibility, under the Rules of Racing, for a trainer to present all animals under their control free of any prohibited substances on race-day.

a) Sample Submission

1. Urine is required for testing unless specified otherwise.
2. Samples are submitted through the RWWA Stewards or Veterinary Department.
3. Stewards/RWWA Veterinarians must be advised prior to sample submission.
4. Trainers will be charged through the RWWA accounting system.
5. Samples should be submitted in a clean jar/container with lid or a urine collection bottle available from the Stewards.
6. The following details must be supplied when samples are submitted.
    - Animal name and sex.
    - Medication name/s for which the sample is to be tested.
    - Treatment details i.e. medication/dose/date administered.

Screening limits do not affect liability

The implementation of screening limits in racing is not intended and

does not operate to mean that for the purpose of the Rules of Racing the therapeutic substance only becomes a prohibited substance if and when the screening limit is exceeded.

It shall not be a defence to any charge under the rules of racing that the result of any initial screening test should have been below the screening limit for the therapeutic substance in question."

Advice of detection periods

Industry participants are advised that more information on the detection periods for many of the therapeutic drugs assigned screening limits is available on the Agrifutures

website: agrifutures.com.au/rural-industries/thoroughbred-horses/

In making any decision regarding the administration of a prohibited substance to a horse that is entered to race, industry participants are reminded of their responsibilities in undertaking the appropriate level of due diligence and risk analysis in researching the available information on detection periods, including the seeking of veterinary advice and adding an adequate safety margin. Participants are advised to take a conservative approach, and consider all variables such as dose, length of treatment and route of administration, when calculating withdrawal times for therapeutic substances where information on detection times is available.

Participants are also advised that a best-practice approach would dictate that no medication, irrespective of its detection period, should be given within 2 clear days of racing.

CONTROL OF RACE DAY TREATMENT/MEDICATION OF RACEHORSES

With a number of Rules now restricting medication and treatments of various kinds before competition, the following are guidelines regarding medications/treatments that may be approved by the Stewards on veterinary advice when a request is made to the Stewards for permission to treat a horse on race day.

Guidelines for treatments/medications that can be permitted on race day prior to the race – prior approval of the Stewards not required

Topical application of hoof oils/dressings/grooming products

The application of routine, non-medicated hoof oils/dressings is permitted on the day of racing. The exception is those products that contain medications or herbs that claim therapeutic effects such as analgesia or anti-inflammatory actions.

The application of commercial baby oil or petroleum jelly preparations to lubricate/prevent chaffing of a body area, or a grooming product, is permitted to be applied pre-race. Any product so used must be kept in its original container that has applied to it the original product label, must not be altered or modified by the addition of any other substance/s, and must be available for inspection by the Stewards and official veterinarian. The Stewards may take possession of any such preparation for testing for prohibited substances.

Shampoos and fly sprays

Shampoos, including those that are antiseptic or contain an anti-fungal agent, are permitted to be used on race day prior to racing. Fly sprays are permitted to be used on race day prior to racing.

Physical therapy as treatment

Vibratory massage systems may be used in the stable on the morning of the day of the race but are not permitted on the racecourse.

The application of ice/cold water to musculoskeletal structures

The application of ice or chilled water to, or the use of whirlpool boots or systems such as "Game Ready" on musculoskeletal structures are permitted in the trainer's stables on the morning of race day but are not permitted to be used pre-race in the race day stalls on-course.

Treatments/medications permitted on race day before the race – prior approval of the Stewards required

Other topical preparations

While creams, ointments and powders for topical use are considered to be medications, circumstances may arise when a horse suffers a minor wound that does not affect its suitability to race but would benefit from the application of a topical antibiotic or antiseptic treatment. Such a preparation must be a registered veterinary preparation or human therapeutic good which contains only an antibiotic or antiseptic as its active ingredient, and which is clearly stated as such on its product label. Any product so used must be kept in its original container that has applied to it the original product label, must not be altered or modified by the addition of any other substance/s, and must be available for inspection by the Stewards and official veterinarian. The Stewards may take possession of any such preparation for testing for prohibited substances.

Trainers must apply to the Stewards for permission to administer a topical antiseptic/antibiotic preparation before a race on race day. Horses having received such permission for the application of a topical medication must be inspected by an official veterinarian on arrival at the racecourse.

Treatments/medications prohibited on race day prior to the race;

Routes of administration

Unless excepted in the guidelines above, any substance administered by injection, by stomach tube, by paste, by dose syringe, by topical application or by inhalation will be considered to be a treatment and just not be administered on race day prior to the race. Furthermore, there are other pre-competition restrictions on certain treatments/ procedures that are imposed by AR.64G, AR.178AA and AR.178AB.

Clay poultices

Clay poultices may be applied to the legs no later than the day before racing but must be removed the morning of the race and must not be re-applied on race day before the race. All traces of clay poultices must be removed prior to arrival on-course.

Glycerine and Vicks Vaporub®

The application of products such as Glycerine and/or Vicks Vaporub® by any means is not permitted prior to racing on race day.

Physical therapy as treatment

The following physical treatments are not permitted to be used at any time before racing on the day of a race:

- acupuncture
- laser and infra-red treatments
- chiropractic manipulations
- magnetic field therapy
- transcutaneous electrical nerve stimulation (TENS) and any other form of electrical stimulation
- Extra-corporeal shock wave treatment (ESWT)
- Shock wave treatment of racehorses is prohibited for seven clear days prior to racing

NOTICE TO TRAINERS
BAN ON INJECTABLE PRODUCTS CONTAINING COBALT SALTS

From 1 May 2021, the Australian Rules of Racing will prohibit:

- the possession of injectable products containing cobalt salts; and
- the administration of cobalt salts by injection.

These bans are set out in new rules AR 252A (possession) and AR 254A (administration). Penalties apply for failure to comply with these rules.

Racing Australia reiterates its view that there is no place for injectable supplements containing cobalt salts in racing when there is no therapeutic rationale for their use. This is because (among other things):

- a typical daily diet of a racehorse meets their daily dietary cobalt requirement;
- there have been no reported cases of cobalt deficiency in horses; and
- there is no nutritional, medical or welfare justification for the administration of cobalt by injection to a horse at any time.

There are four injectable veterinary products that have been either previously or currently registered and/or available for use in horses that contain cobalt salts.

- NV V.A.M Injection;
- Troy Hemoplex Injection;
- Hemo-15 Vitamin-Amino Acid Injection; and
- NV Haemo Injection.

Possession and/or administration of these products (and any other registered or unregistered injectable products that contain cobalt salts) are prohibited under the new rules from 1 May 2021.

Trainers are advised to check the active constituents of all injectable veterinary supplements they currently hold. Further, it is advised that trainers carefully check the active constituents of any injectable veterinary supplements at the time of purchase to ensure that no injectable products are purchased or held that would be an offence under the new rules.

AR 252A Possession of injectable products containing cobalt salts

(1) A person must not have in his or her possession, or on his or her premises, any injectable product which contains cobalt salts.

(2) The Stewards may confiscate any product referred to in subrule (1) and use it as evidence in any inquiry, hearing or other proceeding under the Rules.

AR 254A Administration of cobalt salts by injection

(1) A person must not:

(a) administer;

(b) cause to be administered;

(c) attempt to administer; or

(d) be a party to the administration or attempted administration of,

a product containing cobalt salts to a horse by injection.

(2) If the Stewards are satisfied that a horse has been, or is likely to have been, administered a product containing cobalt salts by injection, the Stewards may prevent the horse from starting in any race, official trial or jump-out.

(3) If a horse has been administered a product containing cobalt salts by injection, but the horse competes in a race, official trial or jump-out, the horse may be disqualified from that race, official trial or jump-out.

(4) For the purposes of this rule, an “injection” includes, but is not limited to, the insertion of a hypodermic needle into a horse.

Date of effect: 1 May 2021

NOTICE TO TRAINERS
PROHIBITED SUBSTANCE – ZOLEDRONIC ACID

Racing Australia is aware that the APMVA has issued a PERMIT TO ALLOW SUPPLY AND MINOR USE OF AN UNREGISTERED VETERINARY CHEMICAL PRODUCT for Zoledronic Acid.

The substances set out in Schedule 1, Part 1, Division 1 of the Rules of Racing (i.e. Prohibited List A) are specified as prohibited substances at all times.

Racing Australia is of the view that these substances have no place in the treatment of racehorses and that their use is a risk to the integrity of racing and/or the welfare of horses.

Trainers are reminded that pursuant to Item 23 of Prohibited List A, Zoledronic Acid is listed as a prohibited substance. Accordingly, it is prohibited at all times.

Trainers are reminded of their obligations under the Rules of Racing with respect to substances that are listed in Prohibited List A, bearing in mind that any finding of guilt could result in a substantial penalty.

This includes Trainers' obligations under AR 250, which provides that a person must not have in their possession any prohibited substance on Prohibited List A or any substance or preparation containing a prohibited substance on Prohibited List A. Accordingly, Trainers are reminded that they must not have in their possession (which clearly includes being located/stored at their stables) any Zoledronic Acid or any preparation containing Zoledronic Acid.

JUNE 2021

AMENDMENTS TO RWWA RULES OF THOROUGHBRED RACING

In accordance with Section 45 (1) (a) of the Racing and Wagering Western Australia Act 2003, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Thoroughbred be amended as follows;

AMENDMENTS TO LOCAL RULES (effective 1 August 2021)

Add Local rule 313

LR 313. RWWA Local Rule of Retirement

(1) (a) The managing owner shall be liable for all costs associated with compliance with this rule. Any proven failure to pay such costs in accordance with the terms of payment when invoiced by the Trainer or other service provider, may at the sole discretion of the Stewards, result in:

(i) Stewards ordering that any prizemoney payable to the managing owner be withheld and redirected to the relevant party until such account is paid; and/or

(ii) Refusal of nominations for any horses of the same ownership; and/or

(iii) Cancellation of registration of the managing owner in any other horses; and/or

(iv) Other such action as may be taken under the RWWA Rules of Racing

(b) Where the managing owner can demonstrate to the satisfaction of the Stewards that they have been unable to recover such costs attributable to any part-owner, then any action outlined in sub rule (1)(a) shall not apply and action will be taken in accordance with the rules against only any defaulting part owner.

(2) The last registered managing owner or the person in control of the horse at the relevant time, shall, unless the result of accident or illness requiring immediate euthanasia, ensure that any non-emergency euthanasia of the horse, must only be performed by a registered Veterinary Surgeon or an appropriately registered service provider complying with all relevant welfare standards;

(a) on humane grounds where the horse is seriously ill or injured; or

(b) where a Veterinary surgeon has, assessed the horse as being unsuitable for rehoming on medical grounds; or

(c) where written direct evidence is received to the satisfaction of the Stewards from at least 2 persons who have direct personal knowledge of the horse's unsuitability for rehoming due to past demonstrated dangerous behaviours.

(3) Where any horse has been euthanased pursuant to part (2) of this rule, documentary evidence of compliance to the satisfaction of the Stewards, must be lodged with the Controlling Body by the prescribed time as specified by the relevant national rule and/or no later than within 7 days.

(4) Should part (2) of this rule not apply, the last registered managing owner or the person in control of the horse at the relevant time, must to the satisfaction of the Stewards make reasonable effort to rehome the horse over a period of not less than 6 weeks following the decision to retire/deregister the horse from the racing industry by undertaking at least two of the following options;*

(a) publicly advertising the horse in no less than two recognised media platforms for the sale or availability of horses for a period of no less than 6 weeks;

(b) making application to re-home the horse through a credible animal adoption or re-homing agency, including Industry Retirement Programs;

(c) consigning the horse to a public auction.

(d) consigning the horse to an industry auction

(5) Documentary evidence of unsuccessful attempts to rehome the horse in accordance with the requirements prescribed in subsection (4) of this rule must be provided to Stewards when lodging the required documentation to retire/deregister the horse.

(6) An owner or person responsible at the relevant time who, in the opinion of the Stewards, fails to comply with any provision of this rule shall be guilty of an offence and liable to penalty.

(7) It shall not be mandatory for any horse that has been retired for the purposes of Breeding for a period of at least twelve months or that is over 15 years of age to be subject to sub-rule (4) of this rule.

Rationale

This WA Racehorse Welfare Plan, as announced by the previous Racing Minister, committed racing to the development of a framework whereby industry participants must aim to rehome all healthy and behaviourally sound horses.

There is a community expectation that healthy and behaviourally sound horses should not be euthanized at the conclusion of their racing careers without at least making every reasonable effort to afford alternative outcomes.

This rule was developed by a working group comprising members of both thoroughbred and harness codes and has been tabled before the respective consultative groups of each. All suggestions by the working group have been included within the final version of the rule with no objections raised to its construction, application or intent by the eligible bodies representatives on the Consultative Groups.

RWWA has published separately to industry, extensive details which explain the requirements to comply with this rule.

As this is a significant change, the Stewards will apply a period of amnesty to ensure suitable education and communications to industry are issued with sufficient time for any person to reasonably comply with this rule prior to undertaking enforcements under the rules. This will be assessed on a case-by-case basis as familiarity with the rule and its requirements become established within the industry.

AMENDMENTS TO NATIONAL RULES (effective 1 August 2021)

Add TOR sub-rules 6(6) and 6(7)

(6) Subject to subrule (7), if an EAA has been applied by Racing Australia and/or a PRA against an owner under this rule at any time (including prior to the commencement of this subrule), while that EAA remains in place:

(a) that owner must not, either directly or indirectly, acquire an interest in another horse and/or lodge with Racing Australia or a PRA in respect of another horse:

(i) a Foal Ownership Declaration;

(ii) a registration application;

(iii) a transfer of ownership application, except for the purpose of that owner selling his or her interest in another horse; or

(iv) a lease application; and

(b) Racing Australia and/or a PRA must not process any such application or lodgment.

(7) Racing Australia and/or a PRA (as applicable) may waive any prohibitions in subrule (6) if they are of the opinion that such waiver will assist in reducing the relevant owner's training fees and/or training disbursements debt.

Rationale

Racing Australia has advised that the intention of the rule is that it applies in respect of open EAAs lodged both before and after

AMENDMENTS TO RULES OF RACING

1 August, such that existing defaulting owners do not escape the restrictions imposed by the rule change.

Under the Trainer and Owner Reforms (TOR) Rules in Schedule 2 to the Australian Rules of Racing, where an owner has failed to pay their training fees as required (and has not lodged a Dispute Notice in respect of them) a trainer may lodge an Enforcement Action Application (EAA) against the owner. Upon lodging an EAA, the trainer may seek the following consequences be applied against the owner until the outstanding fees have been paid:

• owner not permitted to transfer the horse to another trainer (if the owner owns at least 50% of the horse);

• owner not permitted to transfer their share in the horse to another person; and

• owner's prizemoney is frozen and redirected to the trainer.

However, an EAA issued against a defaulting owner does not restrict that owner from entering the ownership of other horses, even while the debts remain unpaid. This can affect future training and joint ownership relationships, as participants may unwittingly enter into arrangements with persons who have a history of not paying their training fees and who can continue to accumulate training debts throughout the industry. This has the potential to create negative experiences for participants and can threaten (particularly for owners) their ongoing involvement in the industry.

To address this situation, Racing Australia has approved amendments to TOR Rule 6, such that where a defaulting owner is the subject of a current EAA he or she will be prohibited from entering the ownership of any other horse. Only once the EAA is lifted (i.e. by payment of the training debt or through agreement with the trainer) will such an owner be permitted to acquire and register ownership interests in other horses. The rule change includes a discretionary element that allows Racing Australia/Principal Racing Authorities to waive any relevant ownership restriction where they believe it will assist in reducing the training debt owed by a defaulting owner.

These changes will not affect a defaulting owner's existing ownership in other horses (if any) given the potential for that to affect other innocent owners.

AMENDMENTS TO NATIONAL RULES

Amend AR297(4)(d)

Without limiting their powers to refuse to reinstate a horse to race or be trained in their absolute discretion, for the purposes of subrule (3) a PRA or the Stewards must not grant permission for a horse to be reinstated to race or be trained unless:

(d) the relevant PRA or the Stewards have considered the wishes of the last owner/s of the horse prior to retirement from racing in respect of any future reinstatement, as notified on the relevant form (including a Stable Return where applicable).

Rationale

Racing Australia has advised of the above correction (in bold) to AR 297(4)(d),

AMENDMENTS TO NATIONAL RULES (effective 1 May 2021)

Amend AR 2 Dictionary

Principal Racing Authority (PRA)

(d) Racing SA Ltd in South Australia

Summary:

The Principal Racing Authority in South Australia has changed its name from Thoroughbred Racing S.A. Limited to Racing SA Ltd.

Amend AR 115(1)(c) and (e) and AR 115(3)

(1) A jockey or apprentice jockey must not:

(c) bet, or have any interest in a bet, or facilitate a bet, on any thoroughbred race or contingency relating to thoroughbred racing in any jurisdiction anywhere in the world;

(e) bet, or have any interest in a bet, or facilitate a bet, on any thoroughbred race or contingency relating to thoroughbred racing involving a race in which he or she is riding in any jurisdiction anywhere in the world;

(3) If a jockey or apprentice jockey breaches subrule (1)(e), a disqualification of not less than 2 years must be imposed unless there is a finding that a special circumstance exists, or the relevant race occurred outside Australia, in which case that penalty may be reduced.

Summary:

Prior to the rewrite of the Rules of Racing in March 2019, AR 115 was covered by AR 83.

An inadvertent result of the new drafting is that:

- the prohibition on jockeys betting on races does not expressly refer to thoroughbred races (although Stewards interpret the rule as only applying to thoroughbred races);
- the prohibition on betting on contingencies related to races does not necessarily include races in which the jockey is not riding.

Racing Australia has approved amendments to AR 115(1) to address this and ensure the rule is better aligned with the terms of the previous AR 83.

It is considered that these amendments are necessary as Australian jockeys ought not be able to bet on any thoroughbred race regardless of its location. A jockey's ability to bet on international races poses a potential integrity issue in Australia and is also prejudicial to the image and interests of racing.

To improve integrity, Racing Australia has also approved that the betting prohibitions which apply in respect of races in which jockeys are riding (and attract a mandatory minimum 2-year disqualification) include facilitating a bet.

Add AR 120A Riding instructions

(1) A rider must not receive, directly or indirectly, instructions concerning the running or riding of a horse in a race in which the rider is declared to ride from anyone other than the trainer (or authorised agent) or an owner of the horse.

(2) A person must not provide, or offer to provide, to a rider, directly or indirectly, instructions concerning the running or riding of a horse in a race in which the rider is declared to ride, unless that person is the trainer (or authorised agent) or an owner of the horse.

(3) For the purposes of this rule:

(a) "instructions" includes, but is not limited to, riding and/or tactical race instructions or directions, regardless of whether such instructions and/or directions are:

(i) provided verbally, in writing, or otherwise;

(ii) contained on a speed map; and

(b) "instructions" does not include a speed map in respect of a race indicating only the likely pace in the race and/or the likely settling positions of runners in the race.

Summary:

Racing Australia is aware of the increasing prevalence of persons other than trainers and connections – such as riders' agents and form analysts – providing tactical riding instructions to jockeys.

Racing Australia is of the view this is inappropriate and may create integrity (and perception) issues, as well as potentially confusing jockeys who receive conflicting riding instructions.

Accordingly, Racing Australia has approved the introduction of a new

rule to deal with the provision and receipt of riding instructions.

Add AR 252A and AR 254A

AR 252A Possession of injectable products containing cobalt salts

(1) A person must not have in his or her possession, or on his or her premises, any injectable product which contains cobalt salts.

(2) The Stewards may confiscate any product referred to in subrule (1) and use it as evidence in any inquiry, hearing or other proceeding under the Rules.

AR 254A Administration of cobalt salts by injection

(1) A person must not:

(a) administer;

(b) cause to be administered;

(c) attempt to administer; or

(d) be a party to the administration or attempted administration of,

a product containing cobalt salts to a horse by injection.

(2) If the Stewards are satisfied that a horse has been, or is likely to have been, administered a product containing cobalt salts by injection, the Stewards may prevent the horse from starting in any race, official trial or jump-out.

(3) If a horse has been administered a product containing cobalt salts by injection, but the horse competes in a race, official trial or jump-out, the horse may be disqualified from that race, official trial or jump-out.

(4) For the purposes of this rule, an "injection" includes, but is not limited to, the insertion of a hypodermic needle into a horse.

Summary:

Racing Australia is of the view that:

- a typical daily diet of a racehorse meets their daily dietary cobalt requirement;
- there have been no reported cases of cobalt deficiency in horses; and
- there is no nutritional, medical or welfare justification for the administration of cobalt by injection to a horse at any time.

Despite there being no therapeutic rationale for the use of injectable cobalt containing products in horses, registered supplements containing cobalt (amongst other substances) are widely used in racehorses.

In circumstances where Racing Australia is of the view that there is no place in racing for injectable products containing cobalt salts, it has approved the introduction of new rules which prohibit:

- the possession of injectable products containing cobalt salts; and
- the administration of cobalt salts by injection.

There are four injectable veterinary products that have been either previously or currently registered and/or available for use in horses that contain cobalt salts: NV V.A.M. Injection, Troy Hemoplex Injection, Hemo-15 Vitamin-Amino Acid Injection and NV Haemo Injection.

Possession and/or administration of these products, or any other injectable product containing cobalt salts, is prohibited under the new rules.

A Racing Australia Notice in relation to this rule appears on the RWWA website in the integrity section under Veterinary Notices.

Summary of following TRACEABILITY RULES

Racing Australia has approved the introduction of new rules to improve the horse traceability requirements in the Australian Rules of Racing.

The purpose of the new traceability rules is to enhance and broaden the traceability of horses throughout the period of their life during which the racing industry has jurisdiction over them and relevant industry participants. It is envisaged that greater transparency with respect to the status and movement of horses will enable racing authorities to better track horses and, consequently, help ensure more positive equine welfare outcomes.

The new traceability rules are separated into 5 divisions for ease of reference:

- Unnamed horses
- Named horses
- Breeding horses
- Access to property
- Breach of traceability rules

These rules have also resulted in various consequential amendments to the Rules of Racing, which are summarised as follows:

- AR 2 – new, amended and deleted definitions
- AR 30 – deleted – replaced and amended by AR 294
- AR 34 – deleted – replaced and amended by AR 285, AR 286, AR 287 and AR 288
- AR 37 and AR 38 – deleted – replaced and amended by AR 295
- AR 50 – deleted – replaced and amended by AR 289
- AR 51 – deleted – replaced and amended by AR 290 and AR 297
- AR 52 – deleted – replaced and amended by AR 292 and AR 299
- AR 45, AR 46 and AR 48 – amended to include breeding horses
- AR 103(4)-(8) – deleted – replaced and amended by AR 296
- AR 116 and AR 253 – amended to refer to unnamed horses

Add PART 14 TRACEABILITY RULES

Division 1 – Unnamed horses

(1) A Mare Return must be lodged with the Australian Stud Book by the manager of a broodmare or his or her authorised agent within 30 days of the broodmare giving birth to a live foal.

(2) A Mare Return lodged under subrule (1) must:

(a) comply with the requirements set out in the Australian Stud Book Rules;

(b) disclose the foaling location;

(c) disclose the location of the broodmare at the date of the lodgment;

(d) be in the form prescribed by the Australian Stud Book;

(e) be accompanied by the fee prescribed by the Australian Stud Book (if any); and

(f) contain any other information the Australian Stud Book considers necessary.

(3) For the purposes of this rule, the "manager" includes the breeder where the broodmare has not yet been registered for breeding in accordance with AR 301.

(4) For the sake of clarity, nothing in this rule affects a person's Mare Return obligations under the Australian Stud Book Rules, save that lodgment of a Mare Return in accordance with this rule constitutes lodgment of a Mare Return under the Australian Stud Book Rules.

AR 286 Lodgment of Foal Ownership Declaration

(1) A Foal Ownership Declaration must be lodged with Racing

Australia by the manager of a foal or his or her authorised agent within 30 days of the foal's birth.

(2) A Foal Ownership Declaration must:

(b) disclose the location of the foal at the date of the declaration;

(c) be in the form prescribed by Racing Australia;

(d) be accompanied by the fee prescribed by Racing Australia (if any); and

(e) contain any other information Racing Australia considers necessary.

(3) It is a condition precedent to any lodgment under this rule that the manager or his or her authorised agent lodging the Foal Ownership Declaration undertakes to be bound by the Rules and, upon action being taken in compliance with this rule (including by a Syndicate as applicable), the unnamed horse and its owners become subject to, and agree to be bound by, the Rules for the following purposes only as a consequence of, and relating to, the lodgment of the Foal Ownership Declaration:

(a) the testing of a named horse which has not been retired from racing under AR 297 for the presence of substances that are prohibited at any time by the Rules;

(b) the testing of an unnamed horse for the presence of anabolic androgenic steroids;

(c) the observation of other horses for health and welfare reasons only where there is concern for their health and welfare based on reasonable grounds; and

(d) the rules that relate to traceability (any rule under this Part 14 and any relevant Local Rules).

(4) Nothing in this rule affects, or releases any person from, any requirement to be bound by the Rules that arises other than by the lodgment of the Foal Ownership Declaration, including but not limited to any requirement to be bound by the Rules that arises as a result of the lodgment of any other form, the making of any other notification, disclosure or declaration, or the operation of any of the Rules.

AR 287 Failure to lodge Mare Return and/or Foal Ownership Declaration

(1) Except where Racing Australia, in its sole and absolute discretion, permits otherwise, an unnamed horse cannot be registered for racing under these Australian Rules unless a Mare Return and a Foal Ownership Declaration have been lodged in accordance with AR 285 and AR 286 respectively.

(2) The discretion in subrule (1) may be exercised by Racing Australia in respect of matters occurring at any time, including prior to the commencement of that subrule.

(3) Where a Mare Return and/or a Foal Ownership Declaration have not been lodged in accordance with AR 285 and AR 286 respectively, an owner of the horse must disclose that fact to any potential buyers prior to any sale of the horse.

AR 288 Unnamed horse transfer of ownership

(1) If an unnamed horse is transferred to a new owner/s, the transfer must be registered with Racing Australia in accordance with this rule.

(2) Between the time specified in AR 286(1) and the time an unnamed horse is first registered for racing in accordance with AR 294, all transfers of ownership of that horse must be lodged with Racing Australia by both the outgoing owners and the incoming owners within 7 days of each transfer taking place. For the sake of clarity, where an unnamed horse has multiple owners, the outgoing owners are only required to sign transfer documents to the extent required of them by the applicable agreement governing the horse ownership venture (e.g. the COA).

(3) If a person breaches subrule (2), a PRA or the Stewards may restrict the relevant horse from being entered for a race, official trial or jump-out for a period not exceeding 1 month from identification of the breach.

(4) Any unnamed horse transfer of ownership application lodged by a Syndicate under subrule (2) shall be sufficient if signed by a majority of the members or by the Syndicate manager.

(5) An unnamed horse transfer of ownership application must:

(a) disclose the location of the horse at the time of the application and the intended location and use of the horse following the transfer;

(b) disclose the seller's and the buyer's name and contact details;

(d) be in the form prescribed by Racing Australia;

(e) be accompanied by the fee prescribed by Racing Australia (if any); and

(f) contain any other information Racing Australia considers necessary.

(6) Racing Australia, a PRA or the Stewards may conduct inquiries into the circumstances of the transfer of an unnamed horse as they see fit, whether or not the transfer has been effected.

(7) Racing Australia may:

(a) accept an unnamed horse transfer of ownership application; or

(b) on proper cause, including but not limited to lack of bona fides of the transaction or the identity of the persons or horse concerned, or a determination that they or any of them are subject to any penalty or restriction under the Rules:

(i) reject an unnamed horse transfer of ownership application; or

(ii) if an unnamed horse transfer of ownership has been effected, set aside the transfer.

(8) If an unnamed horse transfer of ownership application is accepted or set aside, Racing Australia must as soon as practicable amend the official ownership records.

AR 289 Unnamed horse change of location

(1) The manager of an unnamed horse or his or her authorised agent, or any other person with the relevant knowledge, must disclose:

(a) any change in the previously notified location of the unnamed horse to Racing Australia within 3 days of the day on which that change is finalised, by lodging the relevant form (including a Stable Return where applicable) prescribed by Racing Australia; and

(b) the location of the unnamed horse upon request by Racing Australia and/or the relevant PRA, including as required by any registration, transfer of ownership, or other form.

(2) A person is not required to comply with subrule (1)(a) if:

(a) the unnamed horse is away from its previously notified location for no more than 30 days and during that period the horse is:

(ii) under the direct care of a qualified veterinary surgeon, for the purpose of obtaining treatment from a qualified veterinary surgeon; or

(b) the unnamed horse is away from its previously notified location for no more than 7 days for the purpose of being offered for sale at a physical public auction.

(3) Nothing in this rule affects a trainer's Stable Return obligations under AR 296.

AR 290 Decision to not commence racing unnamed horse

(1) Within 7 days of a decision to not commence racing an unnamed horse, the manager or his or her authorised agent must notify Racing Australia of that fact by lodging the relevant form (including a Stable Return where applicable) prescribed by Racing Australia.

(4) Without limiting their powers to refuse to reinstate a horse to race or be trained in their absolute discretion, for the purposes of subrule (3) a PRA or the Stewards must not grant permission for a horse to be reinstated to race or be trained unless:

AR 291 Unraced unnamed horse into care of industry participant

(1) This rule applies where:

(a) a decision to not commence racing an unnamed horse is made in accordance with AR 290 (for the purposes of this rule, "unraced horse");

(ii) under the direct care of a qualified veterinary surgeon, for the purpose of obtaining treatment from a qualified veterinary surgeon; or

(b) the unraced horse is away from its previously notified location for no more than 7 days for the purpose of being offered for sale at a physical public auction.

AR 292 Death of unnamed horse

(5) The Australian Stud Book may require that any of the information identified in subrule (4) be verified by statutory declaration.

(6) The Australian Stud Book may in its discretion accept or reject any application for registration of any horse for breeding.

(7) Upon registration of a horse under this rule, the Australian Stud Book will issue the manager with a Certificate of Registration (Breeding).

AR 302 Lodgment of Mare Return (general)

(1) A Mare Return must be lodged with the Australian Stud Book by the manager of a broodmare or his or her authorised agent for every covering season the broodmare is at stud, including:

(a) if the broodmare is not covered during a covering season, by 15 March of that season;

(b) if the broodmare is covered during a covering season and no live foal is produced, within 12 months of the last date the broodmare was covered;

(c) if the broodmare is covered during a covering season and a live foal is produced, within 30 days of the broodmare giving birth to that foal, as per the requirements in AR 285.

(2) A Mare Return lodged under subrule (1) must:

(a) comply with the requirements set out in the Australian Stud Book Rules;

(b) disclose the location of the broodmare at the date of the lodgment;

(c) be in the form prescribed by the Australian Stud Book;

(d) be accompanied by the fee prescribed by the Australian Stud Book (if any); and

(e) contain any other information the Australian Stud Book considers necessary.

(3) For the purposes of this rule, the "manager" includes the breeder where the broodmare has not yet been registered for breeding in accordance with AR 301.

(4) For the sake of clarity, nothing in this rule affects a person's Mare Return obligations under the Australian Stud Book Rules, save that lodgment of a Mare Return in accordance with this rule constitutes lodgment of a Mare Return under the Australian Stud Book Rules.

AR 303 Lodgment of Stallion Return

(1) A Stallion Return must be lodged with the Australian Stud Book by the manager of a stallion or his or her authorised agent by 30 June before the covering season in which the stallion is to be used for breeding.

(2) A Stallion Return must:

(a) comply with the requirements set out in the Australian Stud Book Rules;

(b) disclose the name of each owner (or lessee) and their ownership (or lease) share;

(c) disclose the location where the stallion will stand that covering season;

(d) be in the form prescribed by the Australian Stud Book;

(e) be accompanied by the fee prescribed by the Australian Stud Book (if any); and

(f) contain any other information the Australian Stud Book considers necessary.

(3) For the purposes of this rule, the "manager" includes the stallion proprietor where the stallion has not yet been registered for breeding in accordance with AR 301.

(4) For the sake of clarity, nothing in this rule affects a person's Stallion Return obligations under the Australian Stud Book Rules, save that lodgment of a Stallion Return in accordance with this rule constitutes lodgment of a Stallion Return under the Australian Stud Book Rules.

AR 304 Lodgment of Declaration of Service

(1) Where a Stallion Return has been lodged for a particular covering season, a Declaration of Service must be lodged with the Australian Stud Book on a monthly basis by the manager or his or her authorised agent by the 15th day of the following month for each month during that covering season, including where the stallion does

not cover a broodmare in a particular month.

Note: By way of example, if a stallion covers a broodmare in October, a Declaration of Service for that month must be lodged with the Australian Stud Book by 15 November.

(2) A Declaration of Service must:

(a) comply with the requirements set out in the Australian Stud Book Rules;

(b) be in the form prescribed by the Australian Stud Book;

(c) be accompanied by the fee prescribed by the Australian Stud Book (if any); and

(d) contain any other information the Australian Stud Book considers necessary.

(3) For the purposes of this rule, the "manager" includes the stallion proprietor where the stallion has not yet been registered for breeding in accordance with AR 301.

(4) For the sake of clarity, nothing in this rule affects a person's Declaration of Service obligations under the Australian Stud Book Rules, save that lodgment of a Declaration of Service in accordance with this rule constitutes lodgment of a Declaration of Service under the Australian Stud Book Rules.

AR 305 Breeding horse transfer of ownership

(1) If a breeding horse is transferred to a new owner/s, the transfer must be registered with the Australian Stud Book in accordance with this rule.

(2) All transfers of ownership of a breeding horse must be lodged with the Australian Stud Book by both the outgoing owners and the incoming owners within 7 days of each transfer taking place. For the sake of clarity, where a breeding horse has multiple owners, the outgoing owners are only required to sign transfer documents to the extent required of them by the applicable agreement governing the horse ownership venture.

(3) Any breeding horse transfer of ownership application lodged by a Syndicate under subrule (2) shall be sufficient if signed by a majority of the members or by the Syndicate manager.

(4) A breeding horse transfer of ownership application must:

(a) disclose the location of the horse at the time of the application and the intended location and use of the horse following the transfer;

(b) disclose the seller's and the buyer's name and contact details;

(c) disclose the sale price;

(d) be in the form prescribed by the Australian Stud Book; and

(e) be accompanied by the fee prescribed by the Australian Stud Book (if any); and

(f) contain any other information the Australian Stud Book considers necessary.

(5) The Australian Stud Book, Racing Australia, a PRA or the Stewards may conduct inquiries into the circumstances of the transfer of a breeding horse as they see fit, whether or not the transfer has been effected.

(6) The Australian Stud Book may:

(a) accept a breeding horse transfer of ownership application; or

(b) on proper cause, including but not limited to lack of bona fides of the transaction or the identity of the persons or horses concerned, or a determination that they or any of them are subject to any penalty or restriction under the Rules:

(i) reject a breeding horse transfer of ownership application; or

(ii) if a breeding horse transfer of ownership has been effected, set aside the transfer.

(7) If a breeding horse transfer of ownership application is accepted or set aside, the Australian Stud Book must as soon as practicable amend the official ownership records.

(8) Until a breeding horse transfer of ownership is registered as required by this rule, the Australian Stud Book may refuse to accept any Mare Return, Stallion Return or Declaration of Service lodged in respect of the horse.

AR 306 Breeding horse change of location

(1) The manager of a breeding horse or his or her authorised agent, or any other person with the relevant knowledge, must disclose:

(a) subject to subrule (2), any change in the previously notified location of the breeding horse to the Australian Stud Book within 3 days of the day on which that change is finalised;

(b) the location of the breeding horse upon request by the Australian Stud Book and/or the relevant PRA, including as required by any registration, transfer of ownership, or other form.

(2) A person is not required to comply with subrule (1)(a) if:

(a) the breeding horse is a broodmare and it is away from its previously notified location for no more than 7 days for the purpose of being covered or foaling;

(b) the breeding horse is away from its previously notified location for no more than 30 days and during that period the horse is:

(i) located at a veterinary clinic, or under the direct care of a veterinary clinic; or

(ii) under the direct care of a qualified veterinary surgeon, for the purpose of obtaining treatment from a qualified veterinary surgeon; or

(c) the breeding horse is away from its previously notified location for no more than 7 days for the purpose of being offered for sale at a physical public auction.

AR 307 Decision to retire breeding horse

(1) Within 7 days of a decision to retire a breeding horse, the manager or his or her authorised agent must notify the Australian Stud Book of that fact by lodging the relevant form prescribed by the Australian Stud Book.

(2) Once a form has been lodged in accordance with subrule (1), the horse will be ineligible to breed unless it is reinstated to breed.

(3) If a horse ceases to be eligible to breed under this rule, a person must not reinstate the horse to breed without the express permission of the Australian Stud Book.

AR 308 Breeding horse retired to industry participant

(1) This rule applies where:

(a) a breeding horse is retired from breeding in accordance with AR 307 (for the purposes of this rule, "retired breeding horse"); and

(b) the person responsible for the retired breeding horse is a participant in racing (as defined in AR 2) or is otherwise licensed or registered under the Rules (for the purposes of this rule, "responsible person").

(2) During the period in which the responsible person is responsible for the care of the retired breeding horse, within 7 days of any of the following occurring that person must

notify the Australian Stud Book by lodging the relevant form prescribed by the Australian Stud Book:

(a) the transfer of the retired breeding horse to any other person;

(b) the change of the retired breeding horse's location;

(c) the decision to retire the retired breeding horse from any post-breeding career, including but not limited to equestrian pursuits; or

(d) the death of the retired breeding horse.

(3) A person is not required to comply with subrule (2)(b) if:

(a) the retired breeding horse is away from its previously notified location for no more than 30 days and during that period the horse is:

(i) located at a veterinary clinic, or under the direct care of a veterinary clinic; or

(ii) under the direct care of a qualified veterinary surgeon, for the purpose of obtaining treatment from a qualified veterinary surgeon; or

(b) the retired breeding horse is away from its previously notified location for no more than 7 days for the purposes of being offered for sale at a physical public auction.

AR 309 Death of breeding horse

(1) Within 48 hours of the death of a breeding horse, the manager or his or her authorised agent must notify the Australian Stud Book of that fact (and, if applicable, the loss of its foal in utero) by lodging the relevant form prescribed by the Australian Stud Book.

(2) A person must not dispose of the deceased horse without the written approval of the Australian Stud Book or the relevant PRA unless a veterinary certificate as to cause of death is provided to the Australian Stud Book or the relevant PRA.

(3) Any person who fails to comply with subrule (1) is not guilty of a breach of that subrule if he or she proves to the satisfaction of the Stewards that he or she was not aware, and could not reasonably have been aware, of the death of the horse.

AR 310 Status update for breeding horse

(1) Within 7 days of a breeding horse not having been the subject of any activity with the Australian Stud Book, Racing Australia or a PRA in a period of 12 consecutive months, the manager or his or her authorised agent must notify the Australian Stud Book of the following matters by lodging the relevant form:

(a) the current status of the horse;

(b) the location of the horse; and

(c) any other matters in respect of which a form should have been lodged or a notification should have been made under any rule in this Part 14 in the 12 month period.

(2) Prior to the horse reaching the 12 month period of inactivity referred to in subrule (1), the Australian Stud Book will notify the manager or his or her authorised agent of the upcoming notification requirement.

(3) For the purposes of this rule, "activity" includes but is not limited to the lodgment or notification of a Mare Return, Stallion Return, Declaration of Service, transfer of ownership, change of location, retirement from breeding, or death.

(4) For the purposes of this rule, the "manager" includes the breeder or the stallion proprietor where the horse has not yet been registered for breeding in accordance with AR 301.

AR 311 Application of the Rules to owners of breeding horses

(1) It is a condition precedent to any lodgment or notification under AR 285 or any of AR 301 to AR 310 inclusive that the manager or his or her authorised agent lodging the relevant document or making the relevant notification undertakes to be bound by the Rules and, upon action being taken in compliance with any of those rules (including by a Syndicate as applicable), the breeding horse and its owners become subject to, and agree to be bound by, the Rules for the following purposes only as a consequence of, and relating to, the lodgment of the relevant document or the making of the relevant notification:

(a) the observation of other horses for health and welfare reasons only where there is concern for their health and welfare based on reasonable grounds; and

(b) the rules that relate to traceability (any rule under this Part 14 and any relevant Local Rules).

(2) Nothing in this rule affects, or releases any person from, any requirement to be bound by the Rules that arises other than by the lodgment or notification under AR 285 or any of AR 301 to AR 310 inclusive, including but not limited to any requirement to be bound by the Rules that arises as a result of the lodgment of any other form, the making of any other notification, disclosure or declaration, or the operation of any of the Rules.

Division 4 – Access to property

AR 312 Stewards' access to property on welfare grounds

(1) Without limiting any other rules or powers under these Australian Rules, the Stewards may enter the property of a person in possession of a horse:

(a) in respect of which a Mare Return and Foal Ownership Declaration have been lodged under AR 285 and AR 286 respectively;

(b) which has been registered for racing under AR 294;

(c) which has been registered for breeding under AR 301; or

(d) which has been retired into the care of an industry participant under AR 291, AR 298 or AR 308, for the purposes of observing and/or assessing the health and welfare of the horse where there is concern for its health and welfare based on reasonable grounds.

(2) Stewards who enter a property under subrule (1) may bring with them persons or items they consider necessary to assist in observing and/or assessing the health and welfare of the relevant horse.

Division 5 – Breach of traceability rules

AR 313 Breach of traceability rules

(1) Without limiting any other rules or powers under these Australian Rules, if a person breaches any rule in this Part 14 the person may be penalised by a PRA or the Stewards.

(2) If a person provides any false or misleading information in respect of any form lodged or notification made under any rule in this Part 14, the person may be penalised by a PRA or the Stewards.

(3) Without limiting any other rules in this Part 14, if a person fails to lodge any document or provide any notification in accordance with any rule in this Part 14, Racing Australia, the Australian Stud Book, a PRA and/or the Stewards may:

(a) restrict that person or any relevant horse from participating in the thoroughbred racing and breeding industry; and/or

(b) restrict the payment (including payments under bonus schemes) or awarding of any prize to that person,until the relevant form has been properly lodged or the relevant notification has been properly made.

Note: *By way of example, Racing Australia may refuse to register a horse, or a PRA may refuse to accept a nomination for a horse, which is owned by a person who has failed to lodge a retirement notification form in respect of another horse owned by that person in accordance with AR 297.*

(4) Without limiting any other rules in this Part 14, if a person fails to lodge any document or provide any notification in accordance with AR 302, AR 303 or AR 304, the Australian Stud Book may refuse to accept any future Mare Return, Stallion Return or Declaration of Service (as applicable) from the relevant person or in respect of the relevant horse.

Amend AR 45

AR 45 Formal documentation required for leased horses

(1) A person who leases a horse registered for racing must, as soon as practicable after agreeing to a lease and before entering the horse for any race, lodge a copy (or an original if required by the PRA) of the relevant lease or other documents recording the lease arrangement with the PRA of the State or Territory in which the horse is to race.

(2) A person who leases a horse registered for breeding must, as soon as practicable after agreeing to a lease and before lodging a Mare Return or a Stallion Return or Declaration of Service (whichever is earlier), lodge a copy (or an original if required by the Australian Stud Book) of the relevant lease or other documents recording the lease arrangement with the Australian Stud Book.

(3) A lease must either be:

(a) signed by a natural person if that person is the lessee;

(b) lawfully executed on behalf of a company; or

(c) signed by the Syndicate manager or person authorised by the Syndicate manager in the case of a Syndicate.

Amend AR 46

AR 46 Obligation to inform a PRA/Australian Stud Book of the termination of a lease

(1) If a lease in relation to a horse registered for racing is terminated before the end of its term, the PRA holding a copy of the lease must be given written notice of that termination before the horse is next nominated for a race.

(2) If a lease in relation to a horse registered for breeding is terminated before the end of its term, the Australian Stud Book must be given written notice of that termination before a Mare Return or a Stallion Return or Declaration of Service (whichever is earlier) is next lodged in respect of the horse.

Amend AR 48(1)(b), (7) and (8) Prohibition on secret commissions in connection with the sale of a horse

(1) This rule applies to:

(b) any unnamed horse, named horse or breeding horse (for the purposes of this rule, "relevant horse").

(7) The purchase price of a relevant horse must be disclosed on the relevant Transfer of Ownership form lodged with Racing Australia, the Australian Stud Book or the relevant PRA, with such disclosure being made on the Transfer of Ownership form prior to any of the outgoing or incoming owners signing that form.

(8) A PRA or the Stewards may, at any time, require any person who is party to or involved, directly or indirectly, in the sale or purchase of a relevant horse to provide full details as they may require of such sale including, without limitation, the purchase price and any benefits.

AR 116 Jockeys and apprentice jockeys not to have an interest in horses

(1) A jockey or apprentice jockey is not permitted to own, take a lease or have any interest in any unnamed horse or named horse.

Amend AR 253

AR 253 Testing for anabolic androgenic steroids before registration

(1) This rule applies to all unnamed horses.

AMENDMENT TO NATIONAL RULES (effective 1 February 2021)

Amend AR 69 as follows:

AR 69 Scratching of horses for Group or Listed races

If a person:

(a) nominates a horse for a Group Race, a Listed Race or a Restricted Listed Race; and

(b) decides within 30 days of that race that the horse will not start in the race, the person must immediately scratch the horse from that race.

Summary:

The purpose of the rule is that if a horse has been nominated for a Group, Listed, or Restricted Listed race, and that race is within 30 days' time, then if the horse is to be scratched, it must be done immediately. This is because betting activity increases significantly the closer you get to the race and punters need to be assured that a horse will only be scratched if something happens in the future.

As currently drafted, the rule could be interpreted to only catch horses that are scheduled to race within 30 days of the nomination. This would mean that if a horse is nominated in August for a race in November, then the rule does not apply, i.e. because the nomination is not within 30 days of the race.

Racing Australia has amended the rule to clarify the wording and achieve its intended purpose.

Amend AR 104 as follows:

AR 104 Trainers must keep treatment records

(2) For the purpose of subrule (1), each record of administration must include the following information:

(a) the name of the horse;

(b) the date and time of administration of the treatment or medication;

(c) the name of the treatment or medication administered (brand name or active constituent);

(d) the route of administration including by injection, stomach tube, orally, topical application or inhalation;

(e) the amount of medication given (if applicable);

(f) the duration of treatment (if applicable);

(g) the name and signature of the person/s administering and/or authorising the administration of the treatment or medication;

(h) the reason for administering the treatment or medication.

Summary:

Treatment records often represent an important part of the evidence considered by Stewards in relation to prohibited substance and administration on race day matters. It is important the requirements of the rule with respect to keeping treatment records are clear and it provides for the recording of all information which may be relevant to a matter before the Stewards.

As a record of all treatments administered to a horse must be recorded in the trainer's treatment records, it is considered that the requirement to enter the reason for which a treatment was administered may, in addition to clarifying matters before the Stewards or during stable inspections, have the effect of prompting trainers to review the necessity of some treatments or medications. Accordingly, Racing Australia has added subrule (2)(h).

Subrule (2)(d) has also been amended to replace "paste" with "orally" for consistency in terminology, as paste describes a substance rather than a route of administration.

Amend AR 106 as follows:

AR 106 Saddling a horse

(1) The trainer of a horse is at all times responsible for the proper saddling and application and fitting of all gear to a horse (including the correct saddlecloth number) presented for a race, official trial, jump-out or trackwork.

...

Summary:

A number of instances have occurred throughout Australia of horses not carrying the correct saddlecloth numbers at official trials.

Accordingly, Racing Australia has amended AR 106, which includes the correct saddlecloth number as part of proper saddling at races and official trials. (Note that AR 207 does not include trials and relates to the raceday process rather than the proper saddling of horses.)

Amend AR 113 as follows:

AR 113 Electronic devices not permitted while riding

Unless permitted by the Stewards, when mounted on a horse a rider must not hold or use any mobile phone, radio or other electronic appliance, apparatus, instrument or equipment capable of receiving, transmitting or playing information.

Summary:

Under the current rule, it is only an offence to use a mobile phone (or other electronic device) whilst mounted. To improve the safety of riders and other participants this amendment also makes it an offence to hold a mobile phone whilst mounted.

Amend AR 122 as follows:

AR 122 Helmets

...

(6) Subject to subrule (7), when mounted on a horse during darkness, every rider must affix to his or her helmet a safety warning light of a type approved by Racing Australia, a PRA or the Stewards.

(7) Subrule (6) does not:

(a) apply to any rider who complies with AR 123(4);

(b) apply to any location where the Stewards have ruled that sufficient artificial lighting exists;

(c) affect the requirement that trackwork may only be conducted where Stewards have ruled that sufficient natural or artificial lighting exists.

(8) If an apprentice jockey breaches subrule (1), the apprentice jockey's master and/or any other person who was in charge of the apprentice jockey at any relevant time may also be penalised unless that person satisfies the Stewards that he or she took all proper care to ensure that the apprentice jockey complied with that subrule.

...**Amend AR 123 as follows:**

AR 123 Safety vests

...

(4) Subject to subrule (5), when mounted on a horse during darkness, a rider must wear:

(a) a safety vest that complies with the requirements in subrule (1); and

(b) over that safety vest, or over clothing worn over that safety vest, a harness or braces that contains safety warning lights of a type approved by Racing Australia, a PRA or the Stewards.

(5) Subrule (4) does not:

(a) apply to any rider who complies with AR 122(6);

(b) apply to any location where the Stewards have ruled that sufficient artificial lighting exists;

(c) affect the requirement that trackwork may only be conducted where Stewards have ruled that sufficient natural or artificial lighting exists.

(6) If an apprentice jockey breaches subrule (1), the apprentice jockey's master and/or any other person who was in charge of the apprentice jockey at any relevant time may also be penalised unless that person satisfies the Stewards that he or she took all proper care to ensure that the apprentice jockey complied with that subrule.

Summary:

Under the Rules, when riding in darkness a rider must affix a safety warning light to their helmet (AR 122(5)). In the Northern Territory, TRNT has trialled a new initiative where licensed persons riding trackwork during darkness wear a high visibility harness/braces with front and rear built in flashing lights over the top of their approved safety vest. This was done in response to situations where the current standard was not as effective as intended in some cases. For example, in the event a rider is dislodged and the helmet is subject to severe impact, the lights could come off or stop working.

Following consideration of TRNT's trial, as well as feedback from industry stakeholders, Racing Australia has approved changes to AR 122 and AR 123 such that when riding in darkness riders may now wear either:

- a helmet with a safety light affixed to it (as per the current rule); or
- a harness/braces with safety lights over the top of a safety vest.

Note: Under the Rules, trackwork may only be conducted where the Stewards have ruled that sufficient natural or artificial lighting exists.

Amend AR 241 as follows:

AR 241 Prohibited substance in sample taken from horse at trial etc

If a horse is brought to a racecourse or recognised training track to participate in:

(a) an official trial;

(b) a jump-out for the purpose of obtaining a permit to start in a race (whether after suspension or otherwise); or

(c) any other test for the purpose of obtaining a permit to start in a race (whether after suspension or otherwise),

and a prohibited substance on Prohibited List A and/or Prohibited List B is detected in a sample taken from the horse prior to or following the relevant event, the trainer and any other person who was in charge of the horse at any relevant time breaches these Australian Rules.

Summary:

Under the current rule, detection of substances on Prohibited List A or B in horses participating in official trials, jump-outs and other tests only constitutes a prohibited substance offence where the event is "for the purpose of the horse obtaining a permit to start in a race (whether after suspension or otherwise)".

In circumstances where official trials and their results are increasingly relied on by industry participants (including punters), Racing Australia is of the view that, to improve the integrity of official trials, substances on Prohibited List A and B should not be permitted at such events regardless of the purpose a horse is participating. AR 241 has been amended accordingly.

The amendment does not change the current rule with respect to horses participating in jump-outs or other tests (subrules (b) and (c)).

Amend AR 267 as follows:

AR 267 Prohibitions on conduct of trainers during suspension

Unless otherwise authorised by the PRA or the Stewards in whose territory a suspension was imposed on a trainer (and upon such conditions as the PRA or the Stewards may in their discretion impose), a suspended trainer must not, during the period of that suspension:

(a) as a trainer or permit holder, nominate a horse for a race, official trial or jump-out;

(b) train, or participate in any way in the training or preparation for racing of, a horse (including without limitation the giving of instructions);

(c) be registered as a stablehand;

(d) be employed by, or otherwise engaged to provide any service in any capacity to, any thoroughbred racing stable; or

(e) enter the mounting yard, scales area or horse stall area at a racecourse, save that a suspended trainer may enter such an area if he or she is the owner of a horse in that area.

Summary:

The current rule restricting the actions of trainers while suspended should be clarified to ensure that such trainers do not continue to have influence over training operations while suspended. This has the potential to affect both the integrity and the public perception of racing.

Accordingly, Racing Australia has amended AR 267 by clarifying the specific restrictions on suspended trainers and making the opening paragraph consistent with AR 270A (penalty for breach of terms of suspension).

Amend Schedule 1, Part 2, Division 3 as follows:

PART 2 – SUBSTANCES PROHIBITED ON RACE DAYS, CERTAIN TRIALS ETC

...

Division 3 – Prohibited List B thresholds

The prohibited substances set out below in this Division 3 when present at or below their respective threshold are exempt from Prohibited List B.

...

10. Not used.

...

Summary:

The International Federation of Horseracing Authorities has amended the status of the prohibited substance theobromine from a threshold level to an International Residue Limit (IRL) within Article 6 of the International Agreement on Breeding Racing and Wagering.

The current IRLs for theobromine are 2ug/mL in urine and 0.3ug/mL in plasma.

In the interests of international harmonisation, Racing Australia has amended the rules to remove theobromine from the list of substances that have a threshold applied (Schedule 1, Part 2, Division 3 – Prohibited List B thresholds).

Racing Australia's Veterinary and Analytical Advisory Group has previously agreed to a national uniform approach to dealing with the detection of low levels of prohibited substances known to be environmental substances or feed contaminants, whereby IRLs are not formally adopted into the Australia Rules of Racing. It has previously been agreed that Australian racing laboratories would maintain their currently agreed local reporting levels for substances of environmental concern, and Australian and New Zealand Official Racing Analysts (ANZORA) would manage a collaborative approach between the laboratories to ensure these reporting limits were applicable to each laboratory.

Accordingly, theobromine has been removed from Division 3 – Prohibited List B thresholds and the Australian racing laboratories have been advised that theobromine at 2ug/mL in urine and 0.3ug/mL in plasma is to be included in the currently agreed list of local reporting levels for substances of environmental concern.

AMENDMENT TO LOCAL RULES (effective 18 December 2020)

Amend Local Rule 225

Rationale;

Rule is amended to state a knackery or abattoir which is registered with or regulated by any relevant government authority rather than just through DPIRD.

(ii) that it complies with a standard approved by Racing Australia.

(2) Every rider is responsible for the care and condition of the rider's helmet.

(3) A helmet will be deemed not serviceable and must be immediately replaced by a rider if:

(a) 5 years have expired since its date of purchase or acquisition as a brand-new helmet or 8 years have expired since its date of manufacture, whichever is earlier; or

(b) it sustains a severe impact; or

(c) the wearer suffers from concussion following a fall.

Note: *By way of example:*

(a) If a helmet was manufactured on 1/1/2016 and purchased on 1/1/2017, the helmet will be deemed not serviceable on 1/1/2022 (i.e. 5 years' use).

(b) If a helmet was manufactured on 1/1/2016 and purchased on 1/1/2020, the helmet will be deemed not serviceable on 1/1/2024 (i.e. 4 years' use).

(4) Further to subrule (3)(a):

(i) a rider is required to maintain evidence (such as a receipt) of the date on which the rider purchased or acquired a helmet in his or her possession; and

(ii) a rider must produce such evidence to Racing Australia, a PRA or the Stewards at any time required by any of them.

(5) The Stewards may at any time seize a helmet for inspection and may in their absolute discretion confiscate any helmet that does not comply with the requirements of this rule, including (without limitation) where the Stewards are of the opinion that a helmet is not in a satisfactory condition as a result of general wear and tear or the manner in which it has been stored or maintained.

(6) When mounted on a horse during darkness, every rider must affix to his or her helmet a safety warning light of a type approved by Racing Australia, a PRA or the Stewards (except that this rule does not apply to any location where the Stewards have ruled that sufficient artificial lighting exists).

(7) If an apprentice jockey breaches subrule (1), the apprentice jockey's master and/or any other person who was in charge of the apprentice jockey at any relevant time may also be penalised unless that person satisfies the Stewards that he or she took all proper care to ensure that the apprentice jockey complied with that subrule.

Note: Pursuant to this rule Racing Australia has ordered that:

(a) The following helmet standards are approved:

(i) AS/NZS 3838 2006;

(ii) EN 1384: 2012 or EN 1384: 2017;

(iii) ASTM F1163: 20-04: Rev A 2011, ASTM F1163: 20-13 or ASTM F1163: 20-15;

(iv) BS PAS 015: 2011;

(v) VG1 01.040, Recommendation for Use, 12/12/2014 (also referred to as VG1 01.040: 2014-12).

(b) All helmets must be fitted with a nylon interlocking chinstrap clip attachment.

Rationale:

Racing Australia has approved amendments to vary the lifespan of a rider's helmet from 5 years from manufacture date to 5 years from purchase date or 8 years from manufacture date (whichever is earlier), and other related changes.

The changes address various issues with the application of the current rule, including a helmet is manufactured, labelled with the manufacture date, dispatched to a saddlery/supplier, put on a shelf and purchased some time afterwards, which in many cases could be more than one year after manufacture (thereby reducing the helmet's usable lifespan, sometimes significantly); and manufacturers generally attach a label with the manufacture date to the helmet's inside lining, which can quickly become unreadable as a result of regular use, sweat etc.

It is important to note the rule change does not increase the maximum allowable period of helmet use by a rider – it is still 5 years. Under the revised rule, riders will be required to maintain evidence (e.g. receipt) of the date of helmet purchase and provide such evidence to Stewards as required. Stewards' powers in respect of confiscation of helmets have also been broadened. These changes will assist Stewards in seeking to

ensure that only safe, serviceable and compliant helmets are being used by riders.

Racing Australia has also taken the opportunity to make some other amendments to the rule to improve its readability, particularly with respect to the requirements of a compliant helmet.

Add Local Rule 225 (Euthanasia of Horses);

It shall be an offence for any person bound to the Rules of Racing to at any time:

(a) Organise, permit, allow or consent to any horse that they have control of, being transported or conveyed to any premises which is not a registered knackery, registered abattoir, or veterinary clinic where they are aware or ought to be aware, that the horse is to be euthanised.

(b) Organise, permit, allow or consent to any horse that they have control of, being transported or conveyed to any place or facility outside of Western Australia where they are aware or ought to be aware, that the horse is to be euthanised.

For the purposes of this rule, a registered knackery or abattoir is any facility or place where animals are slaughtered and processed for consumption of any kind, or otherwise disposed of, which is registered with, and under the regulation of, the Department of Primary Industries and Regional Development, and has established a Memorandum of Understanding with RWWA.

This rule is effective from 1 November 2020.

For the purposes of this rule there is currently one approved facility, that being the Southdale facility, that is registered with, and under the regulation of, the Department of Primary Industries and Regional Development and has established a Memorandum of Understanding with RWWA.

Participants must carefully consider all available options for the rehoming of retired racehorses and all efforts to rehome physically and behaviourally sound racehorses must be made.

It should be noted that this rule does not prohibit, where necessary, on farm/property humane euthanasia of a horse, by a registered veterinarian, or by a properly trained and experienced person using a prescribed humane method detailed within the relevant standards and guidelines (Australian Animal Welfare Standards and Guidelines – Land Transport of Livestock 2012), provided such horse is under the care and control of a licensed person or owner at that property at the time such euthanasia takes place.

Participants are also reminded of their obligations under the Rules of Racing that the euthanasia or death of any registered racehorse must be notified to Racing Australia, within the period prescribed by the relevant rule and using the correct notification form.
