TURVEY AND SUVALJKO

A FORCE TO BE RECKONED WITH

Hall Snr and Hall Jnr. Team Bond and Warwick. Olivieri and Lewis. They are the most formidable trainer-driver combinations in WA harness racing. There's now a new combination that is a force to be reckoned with. Nathan Turvey and Emily Suvaljko.

Turvey is no stranger to success in the sport, with more than 1000 wins as a driver, including six at Group 1 level.

Suvaljko is finding her way rapidly.

She recently became the first female driver to reach 100 winners at Gloucester Park and more than 300 winners in a successful career to date.

Turvey and Suvaljko first tasted success in 2019 on a Saturday night in August with a horse called Beltane.

A passing remark from Suvaljko at the trots was the start of the now potent combination.

"It probably started before I started going through the trials," Suvaljko said.

"I was working for Nathan when he was in Baldivis.

"My stepdad Owen Gilbride was working for Grant Williams, which was only down the road, so I'd go and feed up at Grant's and he'd drop me at Nathan's.

"Jocelyn Young would then drop me back at Grant's place afterwards for me to be able to get a lift home.

"One night he needed a hand at the trots, so I gave him a hand and at that time I'd only just started driving.

"He said 'do you want me to give you 20 bucks' and I said, 'nah I'd rather a drive'."

That first drive was Chevrons Champion at Bunbury in June 2018.

Suvaljko felt she was able to use her concession to her advantage to help her early on to strengthen the partnership with Turvey.

Suvaljko's concession proved critical in the pair's second win, when Jack William won at Albany late in 2019.

It was that same horse who delivered the combination's first Friday night winner at Gloucester Park just four months later.

Jack William's Gloucester Park success was one of 20 occasions they found themselves in the winner's circle in the calendar year.

The writing was on the wall that there was a new force to be reckoned with in WA pacing.

The first 10 months of 2021 saw the pair team up for 44 winners.

Turvey put it down to a mix of Suvaljko getting more confidence in the bike and a better quality of horse he's got in his stable.

"She's still in the early stages of her driving career but she's getting better and better," he said.

"She's always had the knack of getting horses to go well for her and the more she drives the better she will get.

"Tactically she's pretty good and she doesn't get flustered."

"From my point of view, I probably only had a small team of average horses for the last couple of years.

"This year we've picked up a few that have ended up doing a good job."

The strong form has come at the right time for Turvey, who made a significant financial investment buying a property at Pinjarra recently.

PHOTO: Nathan Turvey

The pair have teamed up for feature wins this year in the \$30,000 Johnson with Savvy Bromac and the \$30,000 Dainty's Daughter Classic at Pinjarra.

Royal Essence (five wins), Mini Mine Yet (four), Captains Beachbabe (four), Rakasinc (four) and Rockin Rufus (three) have formed a significant part of the 44 winners.

As well as those regular winners, the pairing have also proven to be the key in turning around the fortunes of some of Turvey's recent stable acquisitions.

He took over the training duties of Walsh, who has scored two wins and two placings in five starts under his care, and Blue Blazer, who has three wins and two placings from 11 starts in his new surroundings.

Such has been the improvement from Blue Blazer, he has worked his way into the Free-For-All ranks and has two top four finishes at the highest level.

Prominent industry figure Kevin Jeavons owns both pacers and Turvey said the support of people like Jeavons played an important role in the success.

"When you get a property, you obviously get a mortgage, so you can't buy or replace the horses," he said.

"I never really got any outside horses from people.

"This year we haven't bought any expensive horses, they've just been cheap ones that have done a good job.

"People like Kevin have given us two or three and they have done a good job too.

"It just adds to the team.

"You get the horses and put them in your system and it either clicks or it doesn't.

"It's good to see them get through their grades quickly."

Turvey is having his best season as a trainer since 2016/2017, when he recorded 71 winners from 303 starters.

He's rapidly closing in on that mark of 71, with 60 winners in the first 10 months of the year from just 206 starters at a strike rate of 29 per cent.

Turvey said maintaining a good strike rate was something he paid close attention to.

"A lot of it is in the hands of the horses that you have," he said.

"I could easily say I want to train 100 winners, but I haven't got the stock to do it.

"As time rolls on, I'd like to get a better quality of horse."

Suvaljko is enjoying a breakout season of her own, having already surpassed the number of winners she drove last season with three months to spare.

With more than a third of them for the Turvey stable, Suvaljko said the partnership had improved her driving skills.

"I think driving Nathan's horses has definitely improved my driving," she said.

"I'm able to put my horses into the race, whereas when you drive horses at a track like Kellerberrin you just duck to the fence and try to keep up.

"These horses you can actually put them into the race.

"We've got a good team like Savvy Bromac who's going to be major contender coming into those mares' races."

With just Gary Hall Jnr and Chris Voak in front of her on the state premiership, Suvaljko has well and truly established herself at the pointy end of the driving ranks.

Turvey said he felt Suvaljko could get to the top of the standings.

"I think she should aim higher," he said.

"I chatted to her a couple of weeks ago and, to me, if her opportunities keep improving and her desire and hunger stays the same then why not aim a little bit higher.

"She travels to most meetings."

Suvaljko said having a hard-line approach like Turvey's would hold her in good stead as she looks to graduate to the top spot.

"Nathan and I have had this conversation and it was kind of out of the blue," she said.

"I said I'd be happy to run second to a hall-of-famer like Gary Hall Jnr every year.

"He said 'no I've got a good team at the moment and next year there's no going out on Saturday, we're going hard at the trots and try to get you that number one position'."

Turvey is more than happy to leave driving duties now to Suvaljko, as he looks to spend more time focusing on training and working on his new property.

As well as having Savvy Bromac on the path to this year's feature mares' races, he's already excited about his prospects of capturing one of the time-honoured events of WA pacing next year with the exciting Rockin Rufus.

"I think he will come back pretty well after a spell," Turvey said.

"I don't think he will be far off a Golden Nugget.

"At this stage he hasn't raced in the city, but I think he's right up to the level of most of the horses that do.

"He probably just lacks that racing experience and didn't know a lot about the caper.

"We're starting to find out now that he's starting to work it all out."

As for the Turvey-Suvaljko combination going forward, it's showing no signs of stopping any time soon.

Turvey said he expected the demand for Suvaljko's services to rise but was more than happy to keep her driving his horses.

"I'd like it to be sustainable," he said.

"Obviously the more success she's starting to have, she's starting to get opportunities elsewhere."

Suvaljko said she was also enjoying her time working for Turvey.

"At the moment, I view it as something long-term," she said.

"Everything is working well at the stables and there's three other girls that work there and we all get along.

"I'm happy to stick to driving and I don't think I'd ever move to training."

The Turvey-Suvaljko combination has a long way to go to get near Hall Snr-Hall Jnr or Bond-Warwick territory.

If season 2021 is anything to go by, not only will they be a force in feature races going forward, they may well start taking them out too.

HORSES TO WATCH THIS SUMMER

By Tim Walker

PHOTO: Magnificent Storm

1 CHICAGO BULL

The reigning Fremantle Cup winner is the biggest watch of the summer ahead. If he finds his best form, he will find himself winning big races. He came back over the winter and failed to register a win at any of his five starts. He's entitled to a couple of flat runs but there will be plenty of interest in how he returns to the track.

2 HURRICANE HARLEY

We've seen this highly talented pacer a couple of times in Perth under the care of Justin Prentice. He's a Group 1 winner on the east coast and has the scalp of Lochinvar Art. He has brilliant gate speed and that could prove to be critical come the feature events early in the New Year. He's in the right stable to be playing a part in all the big races.

3 MAJOR MARTINI

Another runner out of the Justin Prentice stable. He hasn't raced since the 2020 WA Derby where he finished second to Patronus Star. He's finished out of the top three only once in his 14-start career to date and had excuses on that occasion. He was a notable absentee from this year's Golden Nugget taken out by Minstrel but would have comfortably fit in as one of the headline acts had he been fit.

4 MAGNIFICENT STORM

Pictured, left. This is a high-quality animal. He was beaten but far from disgraced in the Golden Nugget earlier this year. That followed a brilliant performance in winning the 4YO Classic. He gave a little teaser of what could be in store this summer when he won the James Brennan Memorial and York Cup in September. His York Cup win showed his brilliance and toughness to sit outside Minstrel and comfortably beat him.

5 STAR OF DIAMONDS

The feature events for the fairer sex will be fascinating this year. It's an even bunch of mares in the State and Star Of Diamonds may just be the one that stands taller than the rest. The Bettors Delight mare stamped herself as a key contender for the Mares Classic with wins in the Race For Roses and Breeders Stakes earlier this year. She's been consistent on her return to racing, highlighted by an unlucky third to Perfect Major in the J P Stratton Cup on October 1.

6 BLETCHLEY PARK

This is a horse who has flashed potential in his time at the top level. He finished fourth in last year's Fremantle Cup and recorded this biggest win of his career in the Group 2 Village Kid Sprint early this year. He showed plenty of versatility in his first two runs back from a spell in September and October. His first-up win in September he led all the way and sat just off the speed to win at his second run for the preparation in October. With the right run, he may still have a big role to play in the summer features.

7 WAINUI CREEK

She came to Perth with a bit of hype around what she could do last summer. She scored a stylish win in the Norms Daughter before a fifth placing in the Mares Classic last November. The Greg and Skye Bond-trained mare won three in a row throughout September and the last of those was a mighty performance. She's got claims on being the State's most consistent mare and would be more than capable of taking on a Pacing Cup field if she won the Mares Classic.

8 JUMPINGJACKMAC

In seasons gone by, Jumpingjackmac would be a four-year-old aiming up at the Golden Nugget. That opportunity will come for him at the end of next year. He could very well find himself as a Pacing Cup champion before he gets a look at winning a Nugget. It would take a special horse to do that, but he might just be that special horse. Whatever happens this summer, Jumpingjackmac will be a draw card wherever he goes.

9 COPY THAT

He looms as the X-factor for this carnival. Granted, he has to get to WA after competing in the NZ Cup in November, but a WA campaign looks likely for the Ray Green-trained pacer. His win in the Sunshine Sprint at Albion Park in July proved he's right up with the best in Australasia. He would give the locals plenty to think about if he got here.

10 MINSTREL

His win in the Golden Nugget earlier this year was brilliant. He was then unplaced in the Chariots Of Fire in Sydney, before a return to Perth. He then won five in a row throughout winter, including one at Free-For-All level. Despite his last start defeat at the hands of Magnificent Storm, he's from the top shelf and may well be the number one seed for the Bond team in the Pacing Cups.

A RACE ACROSS AUSTRALIA

HOW IT ALL STARTED FOR ONE RED HORSE

By Jeanine Diederich and Denise Trobe

PHOTO: Off for a stroll

“

RED WAS ALWAYS A SPECIAL HORSE FOR US, HEAPS OF PERSONALITY ...

”

Once upon a time an owner was looking for a mare that would be suited to the stallion Life Sign USA, and the journey began.

Life Sign was an incredible racehorse and equally successful sire who was purchased to stand in Australia after a number of years standing in the US, and the owner wanted to breed Life Sign. Amongst many others, an advertisement was spotted in the old HRA Trading Ring (HRA did a huge injustice to the industry when they suspended "the Ring") in July 2008 for an in foal mare with the right breeding who happened to be in foal to Life Sign, but not in the right price range.

The same mare, still in foal, was spotted next in the 2008 Alabar Blue Ribbon Broodmare Sale. She was to have gone into the Sale as Lot 85, but with a service date of 5 November and an expected foaling date of early October, waiting for the Victorian based Sale to run on 21 September was never an option. So after a discussion with John Coffey, then GM at Alabar, to ask about the possibility of a pre-Sale purchase and several discussions with owner Colin Rogers about price and the condition and demeanour of the mare, the deal was done to buy Gold Stature, in foal to Life Sign.

One last hurdle was a vet check for the conformation of the mare (she was a winner of 14 races so being able to pace was not in doubt) and to make sure a 10 month in foal mare could safely undertake the 3000 kilometre truck journey to travel to WA in time to produce a Westbred foal. Some calls to a very helpful SA vet and many calls and emails to Prue Jenkins of Notable Horse Transport and it was a go! It was a two stage process – one float company collects from the owner and travels to Adelaide, an overnight stay, and then Adelaide to Perth with Notable, who were coming to Adelaide via Qld and NSW.

Then came all the obstacles. There is nothing in any book that says breeders lack resilience or determination. Neither is there anything other than an overall willingness for complete strangers to lend a hand when they are asked or are needed.

First, stage one transport was cancelled at one day's notice. Anyone trying to organise floating for horses knows what that means. A flurry of phone calls to owner Colin Rogers and alternate arrangements were made – Goldie would go to the Mildura Trots and be collected from there for a float trip to Adelaide courtesy Mark Webster. Then another change of plans – Adelaide departure has been moved forward half a day to Wednesday night – how to get there in time since it's Wednesday already! Plan C – pregnant Goldie is now missing the Mildura Trots and going with Colin for a side of the road transfer to Mark's float somewhere between Mildura and Adelaide. With the support and coordination of Colin and Mark, Goldie arrives at Geoff Webster's in Angle Vale SA, in time for collection by Notable. Then it's a Wednesday night departure followed by around 800 km to Ceduna for a stopover, 500 km to Eucla then 800km to Kalgoorlie to arrive Friday morning. A stopover then on the move again, arriving at Baldavis Vets on Saturday morning, the day before the originally scheduled Broodmare Sale, for a few weeks rest and foaling – all going well. It's been a long trip for a very pregnant lady, but she has arrived safely and is in the very good hands of Dr Rob Davies.

Deciding that we are in no hurry, "Red" is born on 17 October, one month after mum started her journey west. After being passed "fit to travel" mum and colt were off to spend their

early life with the Rangeview Stud thoroughbreds, as Argent Treasure had done 4 years before. Red was always a special horse for us, heaps of personality and a real boy. Always on his toes, he took great interest in his surroundings. Off to Craig Goldfinch to be expertly broken in at 18 months, there was lots of excitement waiting for the 2yo races with the ownership group of Jeanine, Denise Trobe, Adrian Staltari and Tony Jones now in place. Like a lot of pacers, the back end and front end were not coordinating their growth spurts, so his 2yo campaign started late in May.

Stood down to trials after his first race start, he was back to the races and driven by Greg Kersley, won at his second start for trainer Ross Olivieri. Second at his next start, his next and final 2yo start was a 4th in the Golden Slipper to another Olivieri horse in Western Cullen. An enforced change of trainer for his 3yo campaign, with Peter Tillbrook given the task of managing the immature Red Salute, resulting in 5 wins and 2 places until Ross Olivieri resumed training the then 4yo in December 2011.

Winning over \$260,000 in his career including the Heat and Final of the \$50,000 Binshaw against the likes of Western Cullen, and racing in open company against Bettors Fire, David Hercules, Our Jimmy Johnstone, and the best free for all horses over that period, he was a very genuine and credible race horse.

There were some low moments during his career – including being stung by a swarm of bees and the infamous “chariot race” – but some exceptional highs. Denise managed “our little mate” throughout his career, ensuring he received the best of care throughout and rarely missed a weekend visit. Chris Voak and Chris Lewis expertly partnered Red to nearly all his wins, with Stewie McDonald featuring in the remaining win.

Looking for a new training partner after an unsuccessful 17/18 campaign, the owners were approached by Peter O'Neill, who had taken good care of Red during his time out. Peter wanted to have an opportunity to train a horse of the calibre of Red,

having looked after him over the previous 12 months. While the campaign was not successful, Peter walked away with a huge admiration of Red *“if I had driven a horse like him a long time ago, I would have been a much better driver”*. A savvy racehorse, Red knew how to race, and even knew what stall he would be going back to.

With his racing career over, it was time to decide what to do next. He had never been good in a paddock with just other horses to keep him company – a bit of a bore, so it was off to see Official RWWA Retrainer Bayley Thomas to train him up for the next phase of his life. Bayley described him as “the most awesome little horse” and “a champion on and off the track” - he had already won the 2017 Standardbred State Champion Race Conditioned with Jemma Hayman.

Red has performed beautifully in his new career – not always easy for a horse who only knew to race. When it was time to place him in a suitable home Pippa Dee was the perfect match. A busy working mum with a menagerie including, chooks, a dog, a pony and other, Red has found a happy, busy and caring home where he is involved in the daily life.

He is loving learning the ropes and has already achieved an amazing amount over a short time. Trail rides, show jumps, eventing, dressage*“What a star”* said Pippa, *“so versatile and just an exceptional horse”* He has performed very credibly in a number of events and is learning all the time, but most importantly of all, he is enjoying his new life.

Pippa recently took her “wonder pony” to the Kulin Bush Races for another fun adventure for this Off The Tracker..... . Entered in the 400m race, they weren't a winner but a great weekend was had by all and *“I'll be back”* was the catchphrase.

We are all so proud of this horse and so grateful to the wonderful people who have contributed to his life and times, right across Australia. We will always be there for him, but we are especially grateful that Red has found a wonderful home with Pippa *“love him to bits”* and her family.

SYMINGTON'S SUCCESSFUL START

By Tim Walker

If you were to start your journey in harness racing working for Barry Howlett and Justin Prentice you would be in safe hands.

That's the position 19-year-old Kyle Symington finds himself in.

He had no family ties to the sport.

He had to find his own way.

For the first time in the driving caper, he found himself in the winners' circle at Narrogin on August 7 with a filly called Fleur De Maquis.

It may have only been a nondescript Saturday night at Narrogin, but it was a significant triumph.

Even to this day, Symington pinches himself thinking about that first winner.

"It's a bit unreal and I think I'm still coming to terms with it," he said.

"I always had a little bit of doubt and wanted it to come sooner rather than later.

"I knew I couldn't over think things."

The fact Fleur De Maquis ever made the race track herself was a miracle.

As reported by The Trots WA's Ashleigh Paikos at the time, the filly was kicked in the face by another horse during a storm and suffered a broken jaw and lost a tooth.

That first winner for Symington came at his 24th race drive and more than two months after his first sit in the bike in race conditions.

On that winter night at Narrogin, Fleur De Maquis went to the line locked with Cluster Star and fellow driver Cody Wallrodt, who would have got past her with another stride.

While Symington had to wait two months for that winner, he said the warm-down lap felt just as long.

"That was a bit nerve racking because I wasn't too sure if I had won or not," he said.

"In the cool-down lap, I was talking to Cody and he wasn't too sure either.

"He ended up telling me that I'd won and then I saw the numbers.

"That was just a sigh of relief really.

"I have watched the replay a couple of times."

In many respects it was fitting Symington went to the line with Wallrodt, as both had spent time learning their craft and working for star trainer Justin Prentice.

It was Prentice who gave the then 16-year-old Symington his first opportunity in harness racing, where he worked at the Boyanup stable.

Symington said Prentice was the first to suggest he look at taking up driving.

"I was in year 11 at high school and it was just a job to start with," he said.

"Justin asked if I wanted to start fast-working and I took the opportunity.

"I thought about being a driver but kept thinking I'd never make it because I didn't have family in it.

"Justin then asked whether I'd ever thought about it and if I would consider trying to be a driver.

"That's when I thought it could be a possibility.

"I put my mind to it and aimed high."

When Symington hopped Quick Stride in 2019 it was all the confirmation he needed to try to make it as a driver.

He credited Prentice and the late John Lohman for helping him through trials and getting to the stage of being ready to drive in races.

Symington has recently moved to Howlett's Busselton stable and said he had enjoyed getting to see how two of the leading stables in the State operated.

"It's great to sit behind some of the horses when they're fast-working," he said.

"It's good to see different training methods because they're both completely different set ups.

"They work them completely different.

"Their day-to-day life is similar as most stables would be.

"Their work and preparation leading up to races is very different."

One of Symington's highlights working for Howlett to date was the opportunity to drive Group 1 winner Jack Mac in trackwork, showing the faith Howlett has in the young driver.

It would seem the faith Howlett has shown is now spreading to other stables as well.

In early October, Symington was given the chance to drive the talented Rockin' Rufus in a race at Pinjarra for Nathan Turvey.

Turvey told this edition of The Trots WA he rated Rockin' Rufus as one of, if not his best, horse.

Symington echoed Turvey's sentiments and said it was the best horse he had driven in a race through the first four months of his career.

Up until the early part of October, Symington had chalked up eight winners from 81 drives.

His most successful afternoon at the trots was on September 26 when he drove a winning double at Kellerberrin with Second Amendment and Mile High Blues.

Keeping that 10 per cent winning strike rate is Symington's main goal and said he was pleasantly surprised with the level of success he had enjoyed thus far.

"I didn't imagine it would take off this quickly and it wouldn't be possible without the support from trainers," he said.

"It's a lot different for me to most people in the sport because they do have some family connection.

"It's a bit different in that aspect but I think it's a great achievement to be able to do it from scratch.

"Hopefully if I have a family one day, they follow through with it."

Symington knows there's plenty of hard yards to do before he can match it with the State's best drivers but the foundation is there for a long and successful career in harness racing.

GREAT GOOGLYMOOGLY

FINDING HIS FEET IN ENDURANCE.

Great Googlymoogly, a 2012 foal by Jet Laag USA raced under trainer Vanessa Brockman throughout his 30-start career. Retiring in early 2020, the striking grey standardbred claimed two wins, five seconds and five thirds, earning \$17,254 during his racing career.

In November 2020, endurance rider Karla Stroud by chance met Vanessa and Bernie Brockman and began speaking to them about Bernie's previous experience in the discipline. Having retired and rested Great Googlymoogly, better known as Bamble the Brockmans suggested the gelding as Karla's next endurance mount. Karla was initially reluctant, but the Brockmans sent her photos of the gelding and offered to take him back if he proved unsuitable or unsound

in any way. The next day Bamble was delivered to Karla.

Karla says the gelding has turned out to be a wonderful horse who is easy to do anything with. Bamble's preference for routine is a strength in his training, although it can cause him to be a little anxious when they camp at the endurance rides.

"He has a great work ethic and is always first up to the gate when he sees someone coming," Karla says.

Training Bamble has been a smooth process. Karla says he has adjusted very well, only pacing in his early competitions at the beginning of busy rides.

The pair began competing in 40km endurance rides in March 2021 and have now progressed to successfully

completing 80km rides, qualifying Gamble as an endurance horse. Most recently Gamble and Karla completed the 80km ride at Merredin, and 60km ride at Jarrahdale, winning Best Managed Off the Track Horse for each distance.

Bamble and Karla have their sights set on a Tom Quilty National Endurance Championship buckle.

We love seeing standardbreds out competing show how talented and versatile they are!

Great Googlymoogly has his OTTWA Passport! Did you know both standardbreds and thoroughbreds bred for the purpose of racing are eligible for an OTTWA Passport? Head to offthetrackwa.com.au to learn more.

CELEBRATING 12 MONTHS OF THE OTTWA PASSPORT!

More than 2200 off the track thoroughbreds and standardbreds have now had their OTTWA Passport claimed! The support for the initiative has been amazing and we love seeing these retired racehorses enjoying their second careers across the state.

The OTTWA Passport not only assists in the traceability of horses post-racing but also provides access to resources like the OTTWA Clinics, assisting in the transition to new careers.

Living across the state, from Broome to Esperance, standardbreds and thoroughbreds are enjoying their second careers as trail riding horses, eventers, show horses, and everything in between!

HOW TO REGISTER YOUR HORSES FOR A PASSPORT

1. Visit offthetrackwa.com.au and create an OTTWA Passport account.
2. Log in to your account, and search for your horse using its racing name, microchip number or other details known to you.
3. Once you find your horse, update its details and upload current photos of its brands.
4. Submit your application to RWWA for review, and allow up to two weeks for the application to be processed.
5. If approved, you will receive a printed version of your horse's ID Certificate. This can also be viewed on your online profile.

APPLICATIONS NOW OPEN FOR THE **OFF THE TRACK WA** RETRAINING PROGRAM!

The Off the Track WA (OTTWA) Retraining Program encompasses the OTTWA Estate and a network of OTTWA Official Retrainers, who will work to provide retired racehorses with the necessary skills and experiences needed to transition from racing to their second career as a pleasure or performance horse.

Horses accepted into the program will undergo an evaluation upon arrival at the Estate, before being allocated to an Official Retrainer, where they will commence retraining and education in preparedness for sale.

The program endeavours to complement already established pathways for rehoming retired racehorses, with priority given to horses which may be more challenging to rehome, for example those in remote areas.

HOW TO APPLY

1. Visit offthetrackwa.com.au to view the acceptance criteria and terms and conditions to ascertain whether the program is suitable for your horse.
2. Download and complete the application form, which can be found on the website.
3. Attach recent images of the horse you are applying for before lodging your application via email or post.
4. Allow up to two weeks for your application to be assessed.

For more information about the program, and to view the acceptance criteria, terms and conditions and an application guide, **PLEASE VISIT OFFTHETRACKWA.COM.AU**

WASBA NEWS

ISN'T THIS A GREAT TIME OF YEAR!?

All the foal photos with proud mums and dads (the human kind as well as equine) that everyone is sharing on Facebook/Instagram etc just show why breeding can be so rewarding. And quite a number of the foals this year have been daylight births - which means more sleep for the two legged "mums". How thoughtful. And it's a bumper filly year as well. No matter what is happening in the rest of their world, a new foal brings so much joy and expectation to their breeders.

Our candid foal picture is one of the first WA foals by champion Soho Tribeca - born in daylight and a filly. For those of you who did send your mare to Soho Tribeca last year, you may be eligible for a special discounted service fee of \$1,980 (instead of \$3,000) to send a mare to Soho Tribeca this breeding season. You can check out the terms and conditions at www.sohotribeca.com.au.

But before you can get a foal (unless you buy an in-foal mare) you have to send your mare to stud. So many choices this year and it certainly can be a daunting task to make that final selection. If it helps – there are no rules about why one stallion is more successful than another. It doesn't have to be the fastest stallion or the fastest mare, it doesn't have to be the stallion with the highest earnings, but it should be a stallion in combination with a mare that can give you a foal born in WA. Those foals are eligible for the Westbred Bonus Scheme and if the foal is Westsired (the stallion is standing in WA at time of service), the Bonus payable doubles whenever that foal wins any 2YO or 3YO WA race with stakes under \$20,000. No problem if your horse doesn't win until it is a 4yo or older – you now get the full Westbred Bonus (double if Westsired) on your horse's first ever career win in WA, regardless of age.

READY CASH IN WESTBRED BONUSES

So how have the Westbred Bonus payments (including First Win) gone so far this year? Nine months into the season the Bonus money paid out is \$2.8 million, which is a million more than the same months in 2020. While the bulk of the money goes to 2yo and 3yos, the 4yo and over horses have received close to \$610,000 in the 9 months in 2021, which is over \$450,000 higher than January to September 2020. If you think the increase is due to the impact of Covid19 in 2020, you would be wrong – the 2021 figures are over \$400,000 higher than the Bonus payments to the 4yo and over Westbreds in 2019. As long as the races continue to be provided we should continue to see these positive results. We are still seeking the other improvements that were part of the Westbred Review, but the benefits delivered so far have certainly helped those eligible horses.

The added bonus is that the racing season has been extended to a full 12 month period – 2yos can earn Bonuses and be handicapped as 2yos from January to December. The same applies to 3yos (except that they are handicapped as 3yos, obviously) which effectively means an extra 4 months of Westbred Bonus earning capacity.

Of course it makes little difference to your First Win Bonus, which you can earn at any age for your Westbred and it is \$3,000 to the racebook owner and \$3,000 to the breeder. Other States' Bonus systems might look great "on paper", but they don't pay placings and they don't continue to earn Bonuses. Check out the monthly Westbred Bonus payments for individual horses by going to the Racing Office tab of the RWWA Harness Hub or www.rwwa.com.au/harness-hub/racing-office/.

Some of our winning owners would have been delighted with the first career wins by some of the older horses like 9yo Rufusbrandy (Justlikejosh) who had his first start as a 6yo and

won his maiden as a 9yo at his 12th start. And trainer Hayden Reeves and driver Kyle Symington teamed up at Kellerberrin recently to bring home first time winner in 10yo mare Mile High Blues (Jeremes Jet USA) rewarded her very patient team with a win at only her 7th race start.

Helping things along, everyone racing for country stakes is now racing for increased stakes of \$5,000 and \$8,500, with every runner receiving a minimum \$150 regardless of placing. We would like to sincerely thank MHR Kerry Hanks for approving the increases and for her unwavering efforts in supporting harness racing in WA. We wish her the very best for her future endeavours.

You can certainly assist your bottom line by doing your paperwork on time – register your foal within 3 weeks of birth, and remember to claim any of your Epona Credits for the relevant mares when you mare returns her 42 day positive test and pay for your service fee. To check the Epona status of your mare (she has been earning credits every time she has won in WA since 2014) go to the Harness Hub on the RWWA website, or <https://www.rwwa.com.au/harness-hub/epona/>.

For the full list of stallions available, see the Owners & Breeders Tab on the HRA website or go to link <http://www.harness.org.au/ausbreed/studs/INDEX2.HTM>. If not listed in another article, all stallions known to be standing in WA for the 2021/22 season are included in the printed copy of the September/October issue of this magazine, and you can obtain a digital copy from either us or RWWA. You can add WESLEY to the list – Wesley is standing at Lancefield Park again this season – check the Lancefield Park Facebook page.

Unfortunately My Hard Copy has suffered a fatal colic attack. We certainly hope his existing crops of foals do him proud – he was a champion.

We do have one stallion service remaining, at around \$2,000. Get in touch.

EXCEPTIONAL RESULTS CONTINUE

We have had some really amazing results from old and new horses alike, and from breeders across the board.

Our Yearling Sale Vendors are continuing to produce stunning horses, but they are not the only ones.

It's a quiet time of year for Group 1 races but we have seen some outstanding results in the general racing and the Group 2 and Group 3 races.

A range of horses have been dual metropolitan winners. Picking on just a few they are Powerplay (Rich And Spoilt) breeder Harry Capararo, Alta Blues (Alta Christiano NZ) breeder Caulfield Park, Alta Engen (Alta Christiano NZ), breeder Trevor Lindsay, Caveman (Somebeachsomewhere USA) and Walsh (Art Major USA) breeder

Mike Howie, 8yo Thereugo (McArdle USA) breeder Donald Harper, Medieval Man (Renaissance Man) breeder Graeme Davies, Mandy Joan (Art Major USA) and Otis (Sweet Lou USA) breeder Steve Johnson.

The Kevin and Annette Charles bred wonder filly Wonderful To Fly (Fly Like An Eagle) continued on her winning way but has gone for a mini spell after her last two consecutive wins.

Westsired mares My Prayer and Fifty Five Reborn have both produced excellent recent results, both mares by Renaissance Man. Alta Engen produced a very classy win in The Kersley, and another Christiano in 2yo High Price looks to have a very bright future with Gary Hall Snr.

WASBA IS HERE FOR YOU

We are ready and waiting to hear any concerns you want to express regarding your racing and breeding interests. Email or call WASBA anytime and we will always respond. We would love to hear any of your ideas about how to improve your racing and breeding returns. We are proud of our efforts but are willing to do more to help the industry and our members in particular. Please join up and be involved in improving your industry.

"Everybody benefits from a strong local breeding industry"

Over \$350,000 in races have been initiated by WASBA, with the support of RWWA and the Clubs and helped by our sponsors, and we provide over \$20,000 per year for race stakes, annual breeding awards, breeding bonuses, trophies, rugs, garlands, rehoming and show sponsorship. Allwood Stud Farm, Alabar Bloodstock and Woodlands Stud have provided us with services for our Raffle, while

Alabar, Allwood, KTC Bloodstock, Northern Rivers Equine, Soho Standardbreds, the new Westbred Pacing and Woodlands Stud have supported our Stallion Tender.

Ramsays Horse Transport, Budget Stockfeeds, Decron Horse Care, Milne Feeds (WA made Pegasus products), Pacing WA, PSC Bloodstock Services (for all your horse insurance needs) also support us with sponsorship – please look to their products or services when needed. Remember that at this time of year, the right nutrition is essential for the health of your pregnant mares and foals.

APG 2022 WA YEARLING SALE

The 2022 WA APG Sale will be run on Sunday 27 February, which again is the long weekend in WA. The catalogue should be out towards Christmas or earlier, so start getting your group together to front up to the Sale to buy your yearling if you don't have one (or even if you do, you might want to "hedge your bets" a little by having another runner – maybe a colt to complement your filly or vice versa). Remember there is at least \$600,000 on offer in WA races for APG Sales Graduates (2YO, 3YO and 4YO races) provided the futurity payments are made on time.

As well as that, a 2022 yearling sale graduate that wins a 2YO or 3YO Gold Bullion Heat in WA is guaranteed a start in the respective \$500,000 2YO and \$150,000 3YO Finals to be run at Menangle NSW. Vendors of starters in these 4 finals receive \$10,000 for their former yearling being a starter.

We certainly aren't short on quality yearlings going through the annual WA Yearling Sales – this year alone there has been over 350 wins by horses that went through the annual yearling sales, including over 40 of these wins being by 2yo or 3yo horses in metropolitan races. Some of our best this year (Group winners covering all ages) include Taking The Miki, Tricky Miki, Wonderful To Fly, Rock On Top, Lavra Joe, Mighty Ronaldo, Valhalla Miss, Benesari Lane, Floewriter, Star Of Diamonds, Alta Engen. These WA bred horses are from a variety of stallions covering a full range of service fees.

If you add to that other stars like Shockwave, Handsandwheels, To Fast To Serious, Rock Me Over, Major Martini (coming back to racing very soon), Has No Fear, Black Jack Baby, Double Espresso, The Miki Taker (catalogued) and up and coming horses like Swingband, to name just a few, then you can see its worthwhile to take a look at least, at the Yearlings that will be available.

WASBA WESTBRED OF THE QUARTER

By Howard King

This quarter has been a good showcase for Westbreds - in particular the Westsired progeny. Two Westsired 2YO's took out a Group 1 and a couple of older Westsired geldings won metro races, highlighting the ranks of the local sires just in time for this breeding season.

Three progeny of colonial bred Renaissance Man (Art Major USA \$3,273,217, 1:48.8) in Medieval Man, My Prayer and Fifty Five Reborn were amongst the winners at Gloucester Park. For this quarter we are recognising the superb efforts of Fifty Five Reborn as our Westbred of the Quarter. Owned and bred by the Montague, Currie, Farrant and Brown collective the now 4YO is Renaissance Man's best progeny in both stake money earned (excluding bonuses) and number of wins. Her record currently stands at fourteen wins and four seconds from her forty one starts for stake money of \$178,277.

As a 2YO Fifty Five Reborn had eight starts for three wins and a second. Amongst those wins was the Listed \$25,000 Westsired 2YO Fillies race, and an \$18,000 Metropolitan 2YO Fillies race. She was also fourth to Double Expresso (Sweet Lou USA \$3,484,251, 1:47.0) in the \$100,000 Group 1 Westbred 2YO Fillies Classic and fifth in the \$30,000 Gold Bracelet, behind Some Copper Beach (Somebeachsomewhere USA \$3,328,755, 1:46.8).

Her eighteen start 3YO season captured her five wins and one second. Fifty Five Reborn started that season well, winning two metro races and running second in another from her first four starts. Importantly she again established her reputation as the best 3YO Westsired filly by taking out the 3YO leg of the Listed Westsired for Fillies and two more open 3YO races.

As a late 4YO Fifty Five Reborn has continued to mature. Her last four starts have yielded victories in a \$17,000 metro race, two \$22,000 Open Filly and Mares FFA's and an outstanding win under race pressure in the Group 3 \$30,000 4YO&5YO Kerry Clark. This along with two metro races early in her season has resulted in six wins and two seconds and over \$83,000 in earnings so far this season.

Her sire Renaissance Man (\$297,904, 1:53.1) was a brilliant 2YO winning seven races and being placed six times from his fifteen starts. His record includes wins in the \$20,000 Youthful Stakes, \$20,000 Ballarat Presidents APG 2YO, a Heat, Semi-final and the \$100,000 Group 1 NSW Sires Stakes 2YO C&G

Final, and a heat of the NSW 2YO C&G Breeders Challenge, finishing a nose second to Cuttheattitude going 1:55.1, home in 57.3, in the Group 1 Final. All up his 2YO earnings were \$156,525 - averaging over \$10,000 per start. His 3YO season was about Derbys. He won the \$30,000 Group 1 SA Derby, finished third in a Heat of the Victorian Derby, and won a Heat of the APG 3YO C&G, finishing fourth in the final. He followed this up with a third in the \$100,000 Group 1 Australian Derby and a Heat win in the NSW Derby before being a non-starter in the final. Overall Renaissance Man was one of the top juveniles and an overall high-class racehorse, winning eighteen races from forty eight starts with twelve placings for his \$297,904 in earnings, while taking a 1:53.1 mile rate.

While standing at stud at Mike Hackett's Global Breeding Farms, Renaissance Man has produced thirty winners from his eighty-four foals of racing age, who have collectively earned \$1,082,332 in prizemoney, a highly respectable result. He now stands at Yirribee Stud in NSW.

Arma Fifty Five (Bettors Delight USA), the dam of Fifty Five Reborn, was unraced. However, she is a 100% producer with her other winner being current 3yo metropolitan winner Arma Einstein, also by Renaissance Man, who has won six races and being placed twelve times from thirty starts to date for \$62,942 and a record of 1:56.9. There is also a 2020 filly by Renaissance Man who hopefully will get to surpass the racing deeds of her full sister in the course of time.

The next dam Arma Xceptional was a winner of three races and four places from only 10 starts. By Live Or Die USA (\$728,264, 1:51.8) she did leave three foals to race with Armarockstar (Changeover NZ) being a winner. The next dam Arma Antoinette (by champion sire Holmes Hanover USA \$430,787, 1:54.4), a granddaughter of Ar Miss (Armbro Del USA), was also a race winner from her 13 starts but excelled as a broodmare, leaving five winners with the best being Arma Xpress (Artiscape USA), the winner of twelve races in an eighteen start career including the 2012 Group 1 Golden

WASBA WESTBRED OF THE QUARTER

Slipper, \$100,000 Group 1 2YO Sales Classic, 2012 Group 2 \$50,000 Champagne Stakes, Group 3 \$35,000 Gold Bracelet and the 2YO Fillies Western Crown on the way to her earnings of \$279,890. Arma Xpress has produced three winners from her first three foals including the very promising American Arma (American Ideal USA) 1:56.7 \$51,521.

This is the N31 Lady Antrim family tracing back through NZ Sapling Stakes and Oaks winner Ar Miss to her champion daughter, New Zealand mare Armalight (Timely Knight USA), NZ Hall of Fame entrant and winner of the 1976 NZ Harness Horse of the Year

plus untold classics at every year including the NZ Oaks, NZ Cup and NZ FFA. Some very nice racehorses including the millionaires Ohoka Punter (Bettors Delight USA) \$1,177,323, 1:52.4, Colt Thirty One (Mach Three CA) \$1,008,577, 1:51.2 and Miracle Mile winner Spankem (Bettors Delight USA) \$1,569,904, 1:47.7 are members of this family. Closer to home Al Guerrero (Alta Christiano NZ), Arma Indie (Well Said USA) and Ladyship Mile winner Sand Pebbles (Classic Garry) also belong to this family. Of interest is that the fillies appear more prominent than the colts in many branches of this family.

CHANGES ON THE STALLION FRONT

Caribbean Blaster (Bettors Delight USA) 1:52.6 \$1,113,677, will stand his second season in WA at Global Breeding Farms for a fee of \$2,000 incl GST.

His oldest crop are 5yo and he has 53 individual winners including the WA raced All The Bells and Caruba. His Westbred progeny from the 21/22 service season are eligible for the lucrative double Westbred Bonuses.

The multiple Group 1 winning Caribbean Blaster was a champion on the track, winning the 2012 Chariots of Fire in 1:52.6 and Victoria Cup in 1:53.7 to name just two of his great wins. He raced and beat the best of the era including Smoken Up, Im Themightyquinn, Beautide, Restrepo and Christen Me in Grand Circuit races.

He was an Inter Dominion Heat winner, and won the Group 1 South Australian Cup over 2710m, beating Smoken Up. He won a Hot To Trot Stampede, running his second quarter in 25.8. He was an unlucky second in a second Victoria Cup, and he finished 2nd by a nose to Christen Me in the 2014 Hunter Cup. Unlike many of his competitors, he competed successfully in many open company Grand Circuit races.

His dam Kalypso (Safely Kept USA) produced the \$200,000 plus winner Protikora and Group winner War Dan 1:52.4 \$195,673. Kalypso is a full or half sister to 9 winners including multiple Group 1 winner Grand Stride 1:52.4 \$324,658,

Sapphire Stride 1:52.2 \$134,115, Group 3 Tatlow winner Katasopos (dam of Copper Coast 1:52.2 \$342,206) and Reacquainted, granddam of Crunch Time 1:49.6 \$174,607 and Captain Crusader 1:52.6 \$124,539.

Contact Mike Hackett at Global Breeding Farms 0423 703 779.

CARIBBEAN BLASTER

Following his brief sojourn to Victoria last year on the back of 3 seasons in WA, Follow The Stars (Art Major USA) 1:53.8 \$707,237 will stand his first season for \$3,500 at Medowie Lodge NSW.

Follow The Stars oldest progeny are 4yos, with standout 3yo filly Black Jack Baby 1:55.9 \$211,651 his best to date but followed by Group winners Manning and Aristocratic Star, Star Fromthepalace, Bushwacked and Follow The Music. With only 3 crops racing he has performed exceptionally well.

On the track his first 3 starts were in NZ for 3 wins, followed by 3 wins in Australia including the Heat and final of the Group 1 2YO APG. On his return to NZ he met severe interference in running in the Group 1 2YO Emerald, won by Beaudiene Boaz. This was the only unplaced run in his entire career. He rebounded from this to win his next 6 starts across NZ and Australia including the semi-final and Final of the 2YO Breeders Crown. His 2yo career produced \$455,409 and a lifetime best of 1:53.8 at his second race start in NZ.

Returning to Australia at 3, he ran second to Menin Gate in the Victoria Derby after breezing to that horse all the way. He returned to NZ and won his next start. He was unfortunate enough to meet arguably one of the fastest horses produced in NZ in Have Faith In Me at his next 3 starts, running second to this speedster. Have Faith In Me would go on to win the Group 2 Paleface Adios in 1:53.2, the Chariots Of Fire in 1:48.8 and the Miracle Mile in 1:47.5. Returning to Australia,

Follow The Stars won his next 3 before returning to NZ to run second to Have Faith In Me in the 3yo Group 1 Emeralds. All in all over a period of 2 and a half years across two continents he won 19 races and was placed 9 times from 29 starts, with 13 wins and 5 places from his 18 Australian starts.

His progeny are early and easy goers. His dam is Smyrna Duruisseau USA (Cams Card Shark USA) who is from the highly successful Adios Betty maternal family which was very prominent in Australia in the 70s to 90s. Champion horses from this family include Magical Mike USA, Dontgetinmyway USA and Canadian 2YO Pacer of the Year Historic USA.

Hes Watching USA (American Ideal USA) 1:46.8
US\$1,129,215 will stand his second Australian season
(oldest Australian foals are 4yo) at Tipperary Equine in
NSW for \$3,000 incl GST.

Hes Watching was a super fast racehorse, winning 8 from 8 as a 2yo including 5 track records and two world records. He was the fastest ever 2yo on a half mile and five-eighths mile track and was named the US 2YO Pacing Colt of the Year. At three he won the Meadowlands Pace in a world record equalling (with Somebeachsomewhere USA) 1:46.8 and was the youngest winner and fastest ever 3yo to win the Meadowlands. The final qtr of the race was run in 26.1, with Hes Watching 2 lengths behind and winning by 3 lengths.

A son of champion racehorse and sire American Ideal USA, Hes Watching has world champion mare Leah Almahurst USA 1:52.3 US\$1,053,201 and world champion Three Diamonds USA (Albatross USA) 1:53.1 \$735,759 (the 2YO and 3YO Pacing Filly of the Year) on both sides of his pedigree. Leah Almahurst is the dam of Western Ideal USA, one of the most dominant stallion producers in modern pacing. Three Diamonds is the dam of champion race horse and sire Life Sign USA 1:50.3 US\$1,912,454 as well as being the granddam of American Ideal.

HES WATCHING

Hes Watching is one of the new stallions whose record at stud has been impacted by the racing restrictions imposed as a result of Covid. His progeny include Examiner Hanover 1:52.2 US\$202,570, Tattoo Artist 1:48.2 US\$870,478 and Rose Run Victoria 1:50.4 US\$278,846. In Australasia he has produced Experia 1:51.3 and Private Eye 1:50.3, as well as Group 2 winner Blockjorg 1:55.5.

LATHER UP

Equal world record holder Lather Up USA (Im Gorgeous USA) 1:46
US\$1,735,623 will stand his second season on behalf of Woodlands
Stud at Northern Rivers Equine, Victoria, for \$6,600 incl GST.

Lather Up set the track record for a 2yo colt pacer on a half mile track winning in 1:52.2. At three, he won a heat of The Little Brown Jug in 1:49.3 on the half mile Delaware Circuit and won the \$1 million North American Cup elimination and Final in 1:48.1. At four, he set a world record 1:46 for a mile (equal to 5yo Always B Miki USA) and a world record at The Meadowlands of 1:59.2 for a mile and one-eighth (1:46.3), defeating McWicked, breaking two world records and becoming the fastest 4yo in history and the equal fastest horse in pacing history.

Lather Up has the blood of two of NZ's greatest sires in Bettors Delight USA and In The Pocket USA. Lather up is by an unheralded but very successful racehorse in his own right. I'm Gorgeous USA (Bettors Delight USA) 1:50.0 US\$633,733 raced his 2yo and 3yo season against the best in all the top races and was among the top colts of his year, winning a heat in 1:50.4 and finishing second to Horse Of The Year Rock N Roll Heaven in the Little Brown Jug final.

His dam Pocket Comb USA (In The Pocket USA) has produced 7 individual foals with earnings greater than US\$250,000 including two in under 1:50 and 5 in under 1:52. She is a full sister to Crew Cut Zach 1:51.2 US\$1,006,055

LAZARUS NZ (Bettors Delight USA) 1:48.8 \$4,125,988 goes home for his third season at stud, standing for \$8,250 incl GST at Alabar in NZ.

Lazarus the racehorse needs no introduction. However, travel sickness has marked his two seasons at stud in NSW. The issues that have occurred in Australia have been avoided at his US base where he served a full book of mares in his first season. Those foals will race in 2022, with his first Australasian crop racing in 2023.

Lazarus recorded 37 wins, with his first win as a 2yo running a 1st qtr in 26.8, and later he recorded a 25.1 final qtr winning the 2YO Harness Jewels. He won three Derbies, two NZ Cups, a Chariots of Fire, an Inter Dominion Final along with the American wins. One of his most memorable races would be the 2018 \$300,000 Fremantle Cup in which he ran an amazing second place to WA champ My Hard Copy, after being 3 wide all the way.

Lazarus is out of the unraced Christian Cullen mare Bethany. Other member of the maternal family include WA stars Mitch Maguire and Dracarys, champions Self Assured and 2020 Group 1 Fremantle Cup winner Caviar Star.

LAZARUS

Lochinvar Art (Modern Art USA) 1:48.6 – \$1,368,456 will stand for his debut season at Cobbitty Farm in NSW for a fee of \$2,950 incl GST.

He is recovering from injury and is expected to return to racing next season, so this is a one off opportunity to access this stallion with the amazing record of 50 starts for 28 wins and 19 places at the elite level. A brilliant race horse, Lochinvar Art adds something different to the breeding puzzle.

Lochinvar Art was a successful juvenile, winning 6 of 9 starts at 2, and 6 wins and 12 places from 19 starts as a 3yo including the 3YO Gold Chalice. He had 13 wins from 19 starts as a 4yo (extended season) including the Chariots of Fire, Victoria Cup and a second in the Miracle Mile to

undisputed champion King Of Swing NZ. As a 5yo he won 3 from 3 including the Hunter Cup, before injury.

His race winning dam Ponder In Paris (Ponder USA) was retired from breeding after producing 2 foals for 2 winners, including Lochinvar Art. This is the Scotch Patee NZ arm of the Parisienne NZ maternal line, one of the best and most extensive maternal lines in Austrasia. The family includes champion mare Lombo La Fe Fe, Australian broodmare of the Year Summer Honey and her progeny Flashing Star and Hilarion Star, champion mare Ameretto and many more.

MCWICKED

World record holder and World Champion McWicked USA (McArdle USA) 1:46.2 US\$4,930,967 will stand his second Australian season at Cobbitty in NSW for a fee of \$5,500 incl GST.

In his career, apart from beating Lazarus, McWicked won over a million in stakes in 3 separate seasons, was the 3YO US Pacing Colt of the Year, and won US Horse of the Year 4 years later. He raced from 2 through to 8 winning 40 races including the Breeders Crown Final at 3, the Max Hempt Memorial, the Adios, the Ben Franklin, and the Haughton Memorial.

Mel Mara USA (Lis Mara USA) 1:47 (\$1,028,397) is available to breeders for his third season for \$2,200 incl GST at Northern Rivers Equine in Victoria.

Mel Mara set his lifetime mark at The Meadowlands with two of the fastest horses in history, Always B Miki and McWicked, as the placegetters. He ran his last quarter in 25.4. In his 26 wins he beat some of the fastest and best horses in pacing of this era, including millionaires Foiled Again 1:48, Sweet Lou USA 1:47, Warrawee Needy USA 1:46.4, State Treasurer USA 1:47, Thinking Out Loud USA 1:47.2, J K Endofanera USA 1:48.2, Bolt The Duer USA 1:47.4, A Rocknroll Dance USA, etc. He had a close rivalry with Always B Miki in a number of hard fought contests.

In his 3rd lifetime start as a 2yo, he won by 18 lengths and ran his last quarter in 25 seconds flat. As a 3yo he ran 1:49.4 in the Bluegrass Stakes, defeating Sweet Lou and running a 26.1 last quarter. Overall he ran 6 sub 25.5 qtrs, and set a record of 1:47.2 on a 5/8ths track and 1:50.1 on a half mile track. His lifetime mark was set as a 7yo after a long absence recovering from a coffin bone injury.

Mel Mara is the fastest and richest son of former champion pacer Lis Mara USA 1:47.3 US\$2,122,376 who was the fastest and richest son of speed champion Cambest USA (Cam Fella

At retirement, he was the richest pacing stallion in North American harness racing history and second only to Foiled Again on the all-time money winning list.

McWicked, like many top horses, is out of an unspectacular mare. His dam Western Sahara USA (Western Ideal) is out of a mare that produced a very good horse in Isle Of Patmos USA (Astreos USA) 1:49.3 US\$577,325. Western Sahara's granddam produced 11 foals including 1 in 1:50 and 6 in 1:53 for US\$2 million in earnings.

McWicked won the 2018 Horse of the Year Honours, beating Shartin NZ, a granddaughter of McWicked's sire McArdle.

McWicked is from the Bret Hanover sire line, as well as being from the maternal line that produced Bret Hanover, a 16H horse who blitzed the Little Brown Jug on the half mile Delaware track.

Poster Boy (Somebeachsomewhere USA) 1.49.1
\$803,310 will stand his 2nd season for \$4,950 incl GST at
Northern Rivers Equine, Victoria.

Poster Boy ran 6th on debut at Menangle then won his next 7 starts before running 2nd in the semi final and final of the Group 1 2YO Breeders Crown (won by King Of Swing NZ). He won 8 of his 11 3yo starts, including two Group 1s. Returning as a 4yo, he won 3 in a row including the \$200,000 Group 1 Chariots of Fire, setting his lifetime mark, before running 3rd a fortnight later in the Miracle Mile behind Spankem and Thefixer in 1:47.7. He was out of racing for a year before 3 wins in a row on his return but was retired to stud when Covid limited his racing opportunities. Overall, Poster Boy retired sound with 22 wins, including 5 Group 1 wins, and 7 places from his 30 lifetime starts.

Poster Boy's dam Aston Villa USA (Artsplace USA) was imported to Australia as a yearling and had a brief racing career for 4 wins. Her first 5 foals are all winners, including Poster Boy, Yankee Rockstar (Rocknroll Hanover USA) 1:52.2 \$329,048 and Born To Rocknroll (Rocknroll Hanover) 1:52.5 \$300,684. She was named the 2019 Winona Australian Broodmare of the Year. RIDE HIGH

Ride High (Art Major USA) 1:49.0 \$289,427 is another stallion that has entered breeding earlier than expected, but will be attempting a racing comeback at the same time. He will stand at Alabar Victoria for \$4,950 incl GST.

Ride High did not start until a 3yo, with his first defeat coming in his 6th start in the Group 1 Vicbred Colts and Geldings Final (won by Poster Boy). Three more wins including the 2018 3YO Group 1 Breeders Crown (beating

Colt Thirty One and Poster Boy) in a lifetime best 1:54.7, before an absence of 14 months. On his return he was back for 2 starts (both wins) before another 6 month absence followed by 6 consecutive wins over the short course (lowering his lifetime best to 1:49.0) before his final start (so far), an unplaced run in the Smoken Up Sprint in which he suffered his latest injury. All up, 16 wins and one place from 18 starts.

His dam, All The Magic, is by Live Or Die whose reputation as a broodmare sire is growing every day. All The Magic is the dam of 4 winners in total including Group 1 winner Rocknroll Magic 1:54.5 \$466,183. All The Magic is a half sister to 7 winners, with their dam Celebrity Ball being a half sister (out of Australian broodmare gem Larrakeyah Lady) to champion Safe and Sound (Safely Kept USA) 1:57.0 \$995,606. Other members of this family include Victorian Oaks winner Beauty Secret 1:52.4 \$425,921, NSW Derby winner Major Secret 1:55.1 \$464,872 and recent WA winner Major Times 1:53.5 \$314,755.

Rock N Roll World (Rocknroll Hanover USA) 1:48.3 US\$712,737 will stand his 3rd Australian season at Cobbitty Equine in NSW for \$4,400 incl GST after initial seasons in WA and Vic. His oldest crop are very impressive weanlings.

Rock N Roll World is out of champion 2YO and 3YO Pacing Filly of the Year Worldly Beauty USA (Artsplace USA) 1:49.3 \$1,900,255. Worldly Beauty won 21 times and was awarded the Dan Patch Award for Fillies as both a 2yo and a 3yo, amongst other awards. Worldly Beauty is a full sister to Worldly Treasure USA 1:53.1, the dam of world champion pacer and sire Captaintreacherous USA. Rock N Roll World's granddam World Order USA (Nihilator USA) 1:53.0 is a full sister to the dam of champion sire Art Major USA. Some of the most famous horses in history are part of this family.

Rock N Roll World raced successfully from 2 to 5, winning 18 races and competing and winning at the top level against horses of the calibre of Freaky Feet Pete. He set the season record of 1:48.3 winning a Hoosier Park Invitational against freaky Freaky Feet Pete USA.

Rock N Roll World is by world champion Rocknroll Hanover USA, one of North America's greatest ever racehorses and sires. At time of retirement, Rocknroll Hanover was the fastest two-year-old Standardbred in history, the 3rd leading single-season money winning Standardbred of all time and the 11th leading all-time money winning pacer. From his first 5 crops he was the sire of 642 Starters, 77 in 1:50 or Faster,

325 in 1:53, 573 in 1:55, 13 Millionaires, 56 progeny with earnings greater than \$500,000. Total Progeny Earnings of Over \$110 Million including a Horse of the Year, a 3YO Colt of the Year, two 3YO Fillies of the Year, a 2YO Filly of the Year, the (then) Fastest Mare in History and Numerous World Champions. This was achieved in only 5 crops, with his untimely death during his 8th season at stud.

Soho Tribeca (American Ideal USA) 1:53.8 \$1,103,854 will stand his second season at stud at Northern Rivers Equine in Victoria for a fee of \$3,000 incl GST.

Soho Tribeca's credentials are impeccable. He is a millionaire, a 3 times Group 1 winner and a son of world champion racehorse and sire American Ideal, the sire of 14 millionaires.

Soho Tribeca was one of the best racehorses in Australia of recent times. He was a Group winner in Victoria before coming to WA as a 4YO, with his first WA start a win in the \$25,000 4YO Classic at Pinjarra, ahead of Chicago Bull. He lost the \$125,000 4YO Classic to Chicago Bull but turned the tables on the Bull in the Group 1 \$200,000 Golden Nugget.

Back in WA as a 5yo, he won two Heats of the 2017 Inter Dominion (defeating Lazarus and Chicago Bull) and ran second in the Final to Lazarus. He won the 2018 Group 1 \$450,000 WA Pacing Cup in 1:56.9 over the marathon 2936m, last quarters 27.5 and 27.9. A month later he breezed and ran a valiant half neck 3rd in the \$750,000 Miracle Mile won by My Field Marshall in 1:46.9.

His unraced dam Pixel Perfect (Art Major USA) was 2018 Australian Broodmare of the Year, and his granddam Amarillen (Fake Left USA) was 2017 Australian Broodmare of the Year. Pixel Perfect is the dam of 7 winners of over \$2.4 million including Group 1 winner and \$200,000 Ladyship Mile winner Carlas Pixel 1:49.5 \$480,128, Soho Nolita 1:53.0 \$238,220 and Birdy Mach 1:51.4 \$260,501. He raced in WA during the 2017 Inter Dominion Series winning the \$125,000 4YO Classic, the \$200,000 Golden Nugget before running 4th in a mighty \$300,000 WA Pacing Cup behind My Hard Copy, Lazarus and Chicago Bull.

Ultimate Machete has impeccable credentials and comes from an amazing family of Group 1 winners – he is a full brother to another star entire in Ultimate Sniper (see below) and a half brother to the Group 1 WA Oaks winner Major Reality NZ, who was also the winner of the Group 3 2YO Fillies Gold Bracelet, the \$30,000 Golden Girls Classic,

\$50,000 Empress Stakes and \$50,000 Norms Daughter Classic.

ULTIMATE MACHETE

ULTIMATE SNIPER

Ultimate Sniper NZ (Bettors Delight USA) 1:52.6 \$842,793 is standing his debut season at stud at Alabar in Victoria for a fee of \$4,400 incl GST.

A younger full brother to Ultimate Machete, Ultimate Sniper achieved his stakes and race record from 2 seasons of racing. He retired as the reigning (current) NZ Horse of the Year.

He is a four time Group 1 winner which included a dominant Inter Dominion Series win which saw him become the first four year old in 28 years to win the traditional series.

Unraced as a two-year-old, Ultimate Sniper quickly became a 3yo star, being unbeaten through the Spring culminating in a dominant victory in the NZ Sires Stakes 3yo Final. He also scored resounding victories in the Alabar Classic, NZ Yearling Sales Series Final, Northern Derby and NZ Derby on his way to being awarded NZ Three-Year-Old Pacer of the Year. He won 8 out of his 10 3yo starts. As a 4yo he won 6 starts and had 2 seconds from his 10 starts, with wins including 3 Heats and the Final of the Inter Dominion.

Reality Check NZ (Armbro Operative USA), the dam of the two Ultimates, was a very smart race filly winning the NZ Yearling Sales Series Two-Year-Old Fillies' Final. Apart from her two champion sons, she is also the dam of the top racemare, and Group 1 winner Major Reality NZ 1:50.9, \$434,415. The dam of Reality Check is the NZ Broodmare of Excellence winner, Maureens Dream NZ, who is a half-sister to champion sire Tuapeka Knight NZ.

Contact Sally or Liz 0403 5859 2201 or visit www.alabar.com.au.

With foals yet to hit the track, a high performer that may be overlooked this season is Vincent (Art Major USA) 1:50.2 \$598,803 who is standing his 4th season for Alabar for a fee of \$4,950. His oldest crop will race as 2yos in 2022.

The Australian born Vincent won 16 of his 19 starts in two continents. Winning at his only 2yo start, he proceeded to win 12 of his 15 3yo starts including the NZ Derby and NSW Derby. His last 7 starts were consecutive wins including his final start in the 2017 Group 1 Auckland Cup as a 4yo.

His dam Kept For Pleasure (Safely Kept USA) 1:56 \$542,343 was a 2yo Group 1 APG winner as well as winner of the Group 1 Victorian Oaks and Australian Oaks. She has produced 7 winners to date including another half million earner in My Mackenzie (Rock N Roll Heaven) 1:52.8 \$520,161. Kept For Pleasure's dam Full Pleasure was also a Group 1 winner, but her broodmare career was even more stunning, producing 11 winners including Lebron 1:52.9 \$250,550, Nowitzki 1:54.0, Don Boston 1:49.8 and Egodan 1:51.3 amongst others, with 6

earning in excess of \$100,000 and total earnings exceeding \$2 million. Full Pleasure's granddam Saunders Sapphire was imported in utero.

Advantages of Racing a Westbred

Regardless of where the sire was located at time of service, a filly or colt foaled, notified, registered and branded in WA is a Westbred and is eligible for all the benefits of the Westbred Bonus Scheme, arguably the best overall Bonus Program currently operating in Australia.

You can breed your own Westbred or buy a Westbred, with the next APG Yearling Sale in February 2022.

Westbred Bonuses are paid EVERY TIME to the (racebook) owner of a Westbred placed 1ST to 4TH in a WA 2YO or 3YO race where the advertised stake is <\$20,000

WESTBRED OWNER BONUS AMOUNT – 2YO and 3YO races

(Stakes less than \$15,000)		(Stakes \$15,000 to \$19,999)	
1ST	\$2,550	1ST	\$4,250
2ND	\$675	2ND	\$1,125
3RD	\$338	3RD	\$565
4TH	\$187	4TH	\$310

If your Westbred is "Westbred" (sired by a stallion based in WA at time of service), he/she wins double (ie \$5,100 or \$8,500) the Westbred Win Bonus when winning the above races.

A first win bonus of \$3,000 is paid to both the breeder and the 'racebook owner' of a Westbred on its first WA win, regardless of age or race stakes.

Ie In a 2YO or 3YO race <\$20,000, \$5,550 (\$8,100 if Westbred), up to \$7,250 (\$11,500 Westbred) is paid to the owners for a first win, **plus** race stakes **plus** \$3,000 to the breeder. In other races, Westbred 3yos receive the \$3,000 owner and \$3,000 breeder first win bonus but no Westbred Bonus. For Westbreds over 3, the Westbred Bonus/First win Bonus \$5,550 or Westbred \$8,100 (owner) and \$3,000 (breeder) is paid.

Race winning fillies and mares, also receive an amount equal to 10% of a winning stake, set aside in the Epona Scheme (capped at \$5,000), which is over and above the race stakes and is retained by the mare until used for a stallion service, provided the mare is served in Western Australia.

What Else can you Win?

Unlike Bonus Schemes in other states, the Group 1 WA Sales Races (horses sold at the annual WA yearling sale) and the Pearl Classic and Diamond Classic are the only races requiring nomination and continuation payments to remain eligible. There are separate fillies and colts Sales Finals for 2 year olds (\$100,000) and 3 year olds (\$50,000), with similar stakes for the Pearl (colts and geldings) and Diamond (fillies) races.

As well as 2yo, 3yo and 3yo and over races restricted to Westbreds, the 2 and 3yo calendar is supported by multiple Group races.

IT PAYS TO BE WESTBRED - All up it's around \$5 million annually specifically for Westbred progeny - \$3 Million in Westbred and First win Bonuses, \$1 million in normal races restricted to Westbreds, and \$1 million in feature races for Westbreds

THE ONLY SON OF CHAMPION SIRE CAPTAINREACHEROUS AT STUD IN WA

A \$100,000 Kentucky Selected Yearling Sale purchase, **CAPTAIN AHAB** was unbeaten in his first nine starts (including qualifiers) as a two-year-old in:

**1:50.4, 1:51.2 (twice), 1:51.8,
1:52.4, 1:52.6, 1:52.8**

Among his successes were the \$70,938 Nassagaweya Stake, \$53,982 Champlain Stakes, an elimination of the \$860,000 Metro Pace, two legs of the Kindergarten Classic and heat and final of the Dream Maker Classic.

CAPTAIN AHAB paced his last 400 in 25.3 at only his second race start in a leg of the Kindergarten Classic.

**CAPTAIN AHAB twice defeated the
2018 US 2YO Pacing Colt of the Year
Captain Crunch 1:47.2 (\$1.7 million)**

CAPTAIN AHAB is one of the amazing first crop of the 2YO and 3YO of the Year **Captaintreacherous**, the sire of the winners of over \$30 million in stakes, 31 in 1:50 and three millionaires. He was the leading two-year-old sire in America in 2018 and 2019 and the leading three-year-old sire in 2019 and 2020.

CAPTAIN AHAB's dam **Acquavella** (3, 1:53.3) has left four winners in 1:55 from four foals, two 1:50.4 two-year-olds and also the Saratoga Raceway two-year-old fillies' track record holder **Heart Of Mine** 1:53.4 (\$308,331). **Heart Of Mine** is now a winner of eight of her nine three-year-old starts this season with all of those wins on a half-mile track.

Furthermore, **Acquavella** is a sister to the Metro Pace winner and 2YO Colt of the Year **Artspeak** 1:47.4 (\$1.6 million), now a successful sire in Canada.

CAPTAIN AHAB is bred on the identical cross as the 2019 2YO Filly of the Year **Lyons Sentinel** 1:48.4 (\$1.2 million).

CAPTAIN AHAB carries a 3x3 cross to **Artsplace** and a 4x4 cross to **Matt's Scooter**.

CAPTAIN AHAB should prove an ideal cross to mares boasting the blood of Cam Fella (Bettor's Delight, Roll With Joe, Betterthancheddar, Armbro Operative, Presidential Ball, Washington VC, etc), Falcon Seelster (McArdle, Elsu, Ultimate Falcon, Million To One, Rich And Spoilt, etc) and the Western Hanover line.

STEWARDS NOTICES

NOTICE TO HARNESS TRAINERS - TRIALLING AFTER A LENGTHY SPELL

In order to properly assess and demonstrate the fitness of a horse after having not started in a race or trial for an extended period of time, as of the 1st January 2021, except with the permission of Stewards, any Standardbred horse which has not started in a race or trial for a period of 12 months, must first trial to the satisfaction of the Stewards before being permitted to race.

Trainers are advised that any nomination made for a horse to enter a race, that does not meet the above requirements, will be refused.

NOTICE TO HARNESS TRAINERS - HARNESS FREQUENT STARTS POLICY

Controlling bodies are responsible for upholding a higher level of supervision, welfare/veterinary checks, and regulation in respect of horses that race on frequent occasions in a short period of time.

A policy addressing frequency of starts in Harness racing has been developed by RWWA in consultation with industry and has been endorsed by the RWWA Integrity Assurance Committee.

The following policy will apply to all Harness racing horses in Western Australia from 1 January 2021.

A Standardbred horse will only be permitted to start in a maximum of 6 races and/or official trials in any 28-day period.

Any horse nominated for a race or official trial that has reached the maximum number of starts through races and/or official trials, (i.e., Nominated to start for a 7th time in any 28-day period) will have this nomination refused.

LOCATION OF HORSES - STABLE RETURNS

Trainers and owners are reminded that RWWA and the Stewards must at all times know the whereabouts of registered horses. This is done by the lodgement of a stable return.

Rule 25(1) states:

A stable return containing true and correct particulars must be lodged with the Controlling Body by the connections of a horse within the time and in the manner and form determined by the Controlling Body and the connections shall ensure that all particulars on the stable return are true and correct.

Please note this rule means that once a registered horse enters or leaves the care of a Trainer, a stable return (or amendment) must be lodged. The rule makes no reference to whether the horse is named or un-named and does not specify that a stable return is only lodged for horses being prepared to race.

Therefore, a trainer must lodge a stable return for any registered horse in their care (named or un-named) regardless of whether the horse is being prepared for racing, is being pre-trained, being broken in or being spelled under the care of the trainer.

The above rule makes reference to a stable return being 'lodged within the time determined by the Controlling Body'. Please note this timeframe is:

- Once a registered horse enters or leaves the stable - within 48 hours.
- If the horse is engaged to race - immediately.

Please also note that Rule 119B states:

Unless the stewards otherwise approve, a horse shall not be eligible to be nominated for a race unless the horse has been trained by a licenced trainer for not less than 28 days immediately prior to the date fixed for nomination.

Stewards will use stable return information to determine if a horse has been trained by a licenced trainer for not less than 28 days prior to nomination. Stewards continue to monitor nominations and stable return information and any trainer that fails to lodge a stable return and/or amendment within the timeframe detailed above will be penalised.

DEREGISTRATION

Rule 96A (3) Where a registered horse has been retired from racing or a decision has been made to not race the horse, the owner or trainer of the horse at the time of its retirement must, within one month of the horse's retirement, notify the Registrar by lodging the relevant form prescribed by the Registrar.

There have been a number of instances where horses have been re-homed by connections, post racing or breeding careers, in good faith - only to learn that the horses have actually been acquired by persons who have on-sold them via horse sales where, unfortunately, their destiny is not always assured.

These horses had not been deregistered and subsequently continue to be registered with the last known owner who maintains responsibility under the Australian Harness Racing Rules - subjecting the connections to potential disciplinary action.

The traceability of horses throughout their lifecycle is an important element of the harness racing industry's equine welfare reform agenda and it is in everyone's best interests to know where our Standardbred horses are at all times, as well as being aware of the various options which exist post racing or breeding. Deregistration provides crucial information about when the horse left the racing pool that will assist in future program planning and also in welfare initiatives to develop positive outcomes for horses that have exited the industry.

While connections are reminded to deregister their horses once retired from racing and or breeding, it is important to note that this deregistration does not alter the horse's status or inclusion in the Stud Book. Further, it does not adversely affect their eligibility to participate in any other equestrian disciplines, including shows and non-racing competitions.

Deregistration Form R25-A should be completed and sent to State Controlling Bodies as soon as the decision to retire a horse is made, or a horse leaves your care, so that an accurate record is kept of the horse's movements and whereabouts at any given point.

STEWARDS NOTICES

PRIORITIES REGARDING HORSES TO BE DRIVEN

Rule 152 provides that a driver (who is also an owner or trainer) shall not drive any other horse in a race except with the permission of the stewards.

If a driver owns or trains more than one horse in a race (and wants to drive in that race), they must observe the following order of priority:

1. The person shall drive the horse the person owns and trains
2. The person shall drive the horse which the person owns but which is trained by someone else
3. The person shall drive the horse trained but not owned by the person.

Please note that if a driver is temporarily in charge of a horse in a trainee's absence on raceday, that driver is deemed to be the trainer and if they wish to drive in the race in which that horse is engaged, they will be required under the Rules to drive that horse.

TEMPORARILY IN CHARGE OF A HORSE

Rule 119A(1) states:

Where a trainer intends to leave his horse with another licensed trainer or another person the trainer must obtain approval from the Stewards prior to doing so.

The trainer must also provide a written authorisation to be submitted to the stewards at the race meeting.

Therefore, if trainers are unable to attend a race meeting and they wish to leave their horse with a licenced trainer or driver, they must seek permission from the stewards prior to the race meeting. Trainers should not assume that permission will automatically be granted as stewards will take into account a number of factors including whether the licenced person is connected to the stable, the other commitments of the licenced person at the races, the age and licence category of the licenced person. Trainers who fail to seek prior permission may be subject to fines.

Please note if permission is granted and the person in charge is a driver, and they wish to drive in the race in which that horse is engaged, they must drive that horse, as per Rule 152 (detailed above).

TRAINERS OBLIGATIONS

TRAINERS WITH MULTIPLE RUNNERS IN ANY ONE RACE

Trainers with multiple runners in any one race are required to attend the stewards' room upon arrival on course to advise the intended driving tactics to be adopted for their runners.

HORSE UNATTENDED

Horses are not to be left unattended at any time on a racecourse. Rule 211 states:

A trainer or other licensed person for the time being in charge of a horse shall not leave the horse unattended at a racecourse whether in a stable or elsewhere.

An unattended horse is a welfare issue. If a horse is selected

for pre-race swabbing and is unattended, it can interfere with the timing of that swab sample which may result in the horse having to be detained on course two hours post race for the sample to be obtained.

OBLIGATION TO REPORT

Participants are reminded of their obligation under Rule 89(1) which states:

After the running of any race and for a period of 7 days thereafter if the owner, trainer, driver, stable hand or any person in charge of a horse is aware of or has knowledge of anything which may have affected the horse's performance in that race, he or she shall report it immediately to the Stewards.

Things that may have affected the horse's performance can include:

- Casting a plate
- Broken gear
- Flat tyre
- Gear that is not activated
- Contacting its own sulky wheels
- Poor post race recovery
- Injury or illness post-race

NOTICE TO HORSE TRAINERS AND VETERINARIANS - ALTRENOGEST PRODUCTS

RWWA advises WA horse trainers and veterinarians to take note of the following information regarding altrenogest products.

It has been discovered that oral and injectable altrenogest containing products may contain low level traces of trenbolone and/or trendione.

Trenbolone and trendione are androgenic anabolic steroids and as such the detection of these substances in any drug control sample would be considered a detection of a permanently banned substance under the rules of racing.

Trainers and veterinarians should avoid using any injectable products containing altrenogest, and as a precaution, should not administer oral altrenogest products within at least one clear day prior to racing.

Trainers are advised that the decision to use any altrenogest containing product in fillies or mares under their care is therefore undertaken at their own risk, irrespective of any advice provided by RWWA. Trainers are responsible under the rules of racing to present their horses to race free of any prohibited substances, and as such, any advice provided by RWWA concerning prohibited substances is of a general nature only. Trainers should consult their own veterinarian for advice concerning the relative risks of the use of altrenogest under all these circumstances.

Trainers are also reminded of the requirement for all treatments to be recorded in their medication records by midnight on the day on which the treatment was given.

1 July, 2021.

VETERINARY NOTICES

The presence of prohibited substances in racehorses is viewed very seriously and punishments in this area are generally severe. Therefore Racing and Wagering WA would like to draw the attention of trainers to Harness rule of Racing 190, which states in part: "A horse shall be presented for a race free of prohibited substances".

All trainers are reminded of the strict provisions of HR 190 and of their responsibility for not only the condition, but also the care of their horses, especially in the period leading up to racing. Therefore trainers are urged, in their own interests and in the interests of racing, to take proper precautions in regard to the feeding and safeguarding of horses that are to race, and to ensure that any person having contact with these horses is fully aware of the serious consequences that could flow should a 'positive' sample be returned.

For advice on the use of products that may contain prohibited substances trainers should consult their veterinarian, or contact the RWWA Veterinary Department on (08) 9445 5459 or (08) 9445 5305 or vets@rwwa.com.au

NOTICE TO HARNESS TRAINERS – INTRA-ARTICULAR INJECTIONS STAND-DOWN PERIOD

Harness trainers should note the introduction of a new Rule of Racing HR196D, that prohibits the intra-articular administration of any substance to a Standardbred racehorse within 8 clear days of racing. This Rule is effective from 4th December 2020.

Harness Racing Australia has made this decision in the best interests of the welfare of the horse and safety of drivers, whilst being cognisant of Australian racing conditions.

HR 196D reads as follows;

(1) A person shall not within eight (8) clear days of the commencement of a race administer, attempt to administer or cause to be administered an intra-articular injection to a horse nominated for that race.

(2) A Steward shall order the withdrawal or disqualification of a horse that has been either the subject of an administration or an attempted administration of an injection in breach of subrule (1).

(3) A person who fails to comply with sub-rule (1) is guilty of an offence.

(4) For the purposes of this Rule "one clear day" means the twenty four (24) hour period from 12.01 a.m. to midnight.

A "Clear Day" is defined within the Rule to mean a twenty-four hour period from 12:01 a.m. to 12 midnight. For practical purposes, a clear day restriction means that the calculation of the number of days for which the procedure/treatment is banned does not take into account the day of treatment nor the day of racing.

As such a stand down time of 8 clear days equates to 10 regular days when including the day of administration and the

day of racing.

In applying HR196D and by example, a horse subjected to an intra-articular administration with any substance on the 1st day of the month, is ineligible to race until the 10th day of the month.

Trainers are referred to the RWWA Harness Clear Day Rule chart available under veterinary notices on the RWWA website to further assist with the application of clear day principles.

Trainers are advised to contact the RWWA Veterinary Department for further advice on this matter 08 9445 5459 or 08 9445 5305.

INDUSTRY NOTICE – THRESHOLDS FOR COBALT

Cobalt is a naturally occurring trace element which may normally be present in horses at very low levels as a result of the ingestion of feedstuffs that contain it in trace amounts. Cobalt is also present in the structure of vitamin B12 (cyanocobalamin). However, it is known that excessive amounts of cobalt have an effect on the blood system and therefore it can also be considered as a prohibited substance according to the Rules of Racing when it is at levels above those naturally occurring or as a result of routine nutritional sources, thus a threshold level was introduced into the Rules of Harness Racing to control the use of cobalt in race horses.

Please be aware that:

In the RWWA rules of Harness Racing the current threshold for cobalt is 100 micrograms per litre (µg/L) in urine and 25 µg/L in plasma.

Therefore trainers are advised:

- That a normal racing diet is more than sufficient to meet a horse's nutritional requirements for cobalt and vitamin B12.
- That registered injectable cobalt supplements offer no nutritional advantages because incorporation of cobalt into the vitamin B12 molecule occurs within the horse's gut.
- To consult with their veterinarians to ensure that their oral supplementation regimen provides only the amount of cobalt necessary to meet the scientifically established nutritional requirements of the horse for cobalt.
- To administer only nutritional supplements that are manufactured or marketed by reputable companies and to administer such supplements only at the manufacturer's recommended dose and frequency of administration.
- To avoid the simultaneous use of multiple supplements containing cobalt and vitamin B12.
- That administering products that are inadequately labelled, that make claims to enhance racing performance or to be 'undetectable', or which are marketed over the

VETERINARY NOTICES

internet is extremely unwise.

- To comply with the one clear day restriction on the injection of any substance prior to racing.

Whilst the threshold has been set at a level to allow for normal levels of cobalt supplementation through routine nutritional sources, trainers are advised that the administration of certain registered vitamin supplements, particularly by injection, close to racing may result in a level of cobalt in a subsequent sample that exceeds this threshold. Trainers are therefore advised to avoid the use of these supplements close to racing.

Examples of injectable vitamin supplements that contain cobalt and/or vitamin B12 include, but are not limited, to V.A.M. injection, Hemo-15 and Hemoplex.

Please direct any inquiries to the RWWA Veterinary Department or the Stewards.

RWWA HARNESS INDUSTRY NOTICE – RULE HR 196B

Trainers and other Harness racing industry participants should be aware of Australian Harness Rule of Racing 196B that became effective in Western Australia from 1st September, 2015. This Rule prohibits the use of injections of any type in horses during the One Clear Day prior to racing.

Implications of HR 196B

This rule makes it an offence for any person (including a trainer, anyone else in charge of a racehorse or a veterinarian) to insert a hypodermic needle into a horse within the one clear day prior to a race.

By way of example, if a horse is racing on a Friday, the last time that the horse may be injected is midnight on the Wednesday prior to the race. The horse must not be injected on the Thursday or at any time on the Friday prior to the running of the race. For the purpose of proving a breach of HR 196B, it is not necessary to establish what (if any) substance was injected, or was attempted to have been injected, into the horse.

The one clear day ban on injections prior to competition includes, but is not limited to, the administration by injection, whether intravenously, intramuscularly, subcutaneously or any other route, of the following medications and substances:

- intravenous infusions, fluids and electrolytes;
- vitamin and mineral supplements;
- all Schedule 4 Prescription Animal Remedies and Prescription Medicines for injection, including those specified in AR 178B(2) such as antibiotics, mucolytic agents and anti-arthritic agents; and
- any other agents for administration by injection.

For the purpose of this rule “injection” means, but is not limited to, the insertion of a hypodermic needle into a horse. Under the amended rule, a person also must not insert a needle into a horse for the purpose of blood sampling for

health and fitness assessment during the one clear day prior to competition. The obvious exception to the Rule is the collection of official pre-race or out of competition blood samples at the direction of the Stewards for the purpose of drug analyses.

IMPORTANT NOTICE FOR HARNESS TRAINERS AND VETERINARIANS REGARDING THE DETECTION OF THE CORTICOSTEROID DRUG DEXAMETHASONE

Harness trainers and Veterinarians should be aware that the screening limit applied for the corticosteroid drug dexamethasone changed in Western Australia as of the 1st May 2015, and this will result in a longer detection time for the drug in urine.

Background

The Australian Racing Board (ARB) notified RWWA that as of the 1st May 2015 the Thoroughbred Rules of Racing were amended in order to adopt the new International Screening Limit (ISL) for dexamethasone of 0.2ng/mL in urine. This new screening limit was implemented by Australian racing laboratories for samples from Thoroughbred horses with effect from 1 May, 2015.

In the interest of consistency across both horse racing codes within Western Australia, Racing and Wagering WA have advised the ChemCentre WA that as of the 1st May 2015, this new International Screening Limit for dexamethasone of 0.2ng/mL in urine must be applied to all equine samples collected during competition from both Thoroughbred and Standardbred horses.

This screening limit has since been adopted into the Harness Rules of Racing in 2019.

This will have important implications for the detection of dexamethasone following its administration to racehorses, and will lead to a prolongation of detection times for this corticosteroid drug.

By way of an example, the ISL was applied to the analysis of samples collected during an administration trial involving a short-acting dexamethasone preparation (dexamethasone sodium phosphate) given intravenously and conducted as part of the Equine Therapeutics Research Australia (ETRA) project and published by the Rural Industries Research Development Corporation (RIRDC). The published ETRA data sheet for dexamethasone reports a detection time of three days for the dosage regimen and pharmaceutical preparation used in the ETRA trial, and is valid for the new ISL to be applied by the Australian racing laboratories.

It should be noted that this three day detection time for dexamethasone sodium phosphate is longer than the detection time of 48 hours previously reported in the Australian Equine Veterinary Association (now Equine Veterinarians Australia – EVA) publication ‘Detection of Therapeutic Substances in Racing Horses’ (‘The White Book’), using the analytical methodology at that time.

VETERINARY NOTICES

Therefore veterinarians are advised that recommended withdrawal periods for treatment with dexamethasone sodium phosphate (for example, in products including Colvasone, Dexadrenon, Dexapent, Dexason, Dexol-5, Dexone-5) must be based on the new ETRA data sheet detection time of three (3) days and not on the previous advice provided in the EVA publication, and that trainers are warned accordingly.

It is important to note that a withdrawal (or withholding) period is not the same as a detection period. Any withdrawal period should be calculated based on the published detection time, with the addition of a suitable safety margin based on the circumstances of the administration, including dose, route of administration, preparation administered.

There have been no studies conducted on the detection of long-acting forms of injectable dexamethasone in relation to the ISL, and due to their long and unpredictable excretion, their use in racehorses should be avoided.

TESTING OF NON-RACE DAY (ELECTIVE) SAMPLES

Trainers should be aware that unpredictable and prolonged excretion times can result from the therapeutic use of certain, specific prohibited substances including long-acting corticosteroids (particularly Depo-Medrol - methyl-prednisolone acetate) and procaine, from the use of procaine penicillin.

Elective testing is strongly recommended for the above medication categories as reliable detection times are difficult, and in some cases impossible, to provide.

Through the Stewards, the ChemCentre will analyse non-race day elective urine samples for certain long-acting therapeutic medications, to determine the suitability for racing after treatment.

The following long-acting medications can be tested for under the program:

- Corticosteroids (i.e. Depo-Medrol)
- Procaine (from procaine penicillin)

Trainers and veterinarians are encouraged to use this service; however, it does not remove the responsibility, under the Rules of Racing, for a trainer to present all animals under their control free of any prohibited substances on race-day.

a) Sample Submission

1. Urine is required for testing unless specified otherwise.
2. Samples are submitted through the RWWA Stewards or Veterinary Department.
3. Stewards/RWWA Veterinarians must be advised prior to sample submission.
4. Trainers will be charged through the RWWA accounting system.
5. Samples should be submitted in a clean jar/container with lid or a urine collection bottle available from the Stewards.
6. The following details must be supplied when samples are submitted.
 - Animal name and sex.
 - Medication name/s for which the sample is to be tested.
 - Treatment details i.e. medication/dose/date administered.
 - Trainer's name and contact details

7. Stewards will advise trainer when results are received

Cost of sample analysis (all prices include GST)

- \$200.00 per medication category
- Results will be available approx. 7 working days after sample submission to the ChemCentre.
- For further information contact the RWWA Veterinary Department 9445 5459 or Stewards

SCREENING LIMITS

For the purpose of Thoroughbred Rule AR 257 and Harness Rule HRR 188B, it is hereby notified that screening limits applicable to the following therapeutic substances, as approved by Racing Australia and Harness Racing Australia, are set out as follows;

- acepromazine - 0.02 nanograms per millilitre (ng/mL) in plasma
- acepromazine - 10ng/mL of the 2-(1-hydroxyethyl) promazine sulphoxide metabolite in urine
- betamethasone - 0.20ng/mL in urine
- butorphanol - 0.01ng/mL in plasma
- butorphanol - 1ng/mL in urine
- carprofen - 100ng/mL in plasma
- carprofen - 100ng/mL in urine
- dantrolene - 3ng/mL of 5-hydroxydantrolene in unhydrolysed urine
- detomidine - 0.02ng/mL of the 3'-hydroxydetomidine metabolite in plasma
- detomidine - 2ng/mL of the 3'-hydroxydetomidine metabolite in urine
- dexamethasone - 0.2ng/mL in urine
- diclofenac - 50ng/mL in urine
- dipyrone - 1000ng/mL of the 4-methylaminoantipyrine metabolite in urine
- eltenac - 50ng/mL in urine
- firocoxib - 2 ng/mL in plasma
- flunixin - 1ng/mL in plasma
- flunixin - 100ng/mL in urine
- frusemide - 0.1ng/mL in plasma
- frusemide - 50ng/mL in urine
- hyoscine butylbromide (or n-butylscopolammonium) - 0.05ng/mL in plasma
- hyoscine butylbromide (or n-butylscopolammonium) - 25ng/mL in urine
- ipratropium - 0.25ng/mL in urine
- ketoprofen - 100ng/mL in urine
- ketoprofen - 2 ng/mL in plasma under the condition of a single IV or oral dose
- lignocaine - 0.05ng/mL in plasma
- lignocaine - 10ng/mL of the 3'-hydroxylignocaine metabolite in urine
- meclofenamic acid - 5ng/mL in plasma
- meclofenamic acid - 250ng/mL in urine

VETERINARY NOTICES

- medetomidine – 0.02ng/mL of 3'-hydroxymedetomidine in plasma
- medetomidine – 5ng/mL of 3'-hydroxymedetomidine in urine
- meloxicam – 1ng/mL in plasma
- meloxicam – 10ng/mL in urine
- mepivacaine – 0.05ng/mL in plasma
- mepivacaine – 10ng/mL of the 3'-hydroxymepivacaine metabolite in urine
- methocarbamol – 100ng/mL in urine (when restricted to a single oral or IV treatment of no more than 5 grams of methocarbamol)
- naproxen – 250ng/mL in urine
- phenylbutazone – 100ng/mL in plasma
- phenylbutazone – 100ng/mL in urine
- romifidine – 1ng/mL in urine
- salbutamol – 0.5ng/mL in urine
- triamcinolone acetonide – 0.5ng/mL in urine
- vedaprofen – 50ng/mL in urine
- vedaprofen – 5 ng/mL in plasma

Screening limits do not affect liability

The implementation of screening limits in racing is not intended and does not operate to mean that for the purpose of the Rules of Racing the therapeutic substance only becomes a prohibited substance if and when the screening limit is exceeded.

It shall not be a defence to any charge under the rules of racing that the result of any initial screening test should have been below the screening limit for the therapeutic substance in question."

Advice of detection periods

Industry participants are advised that more information on the detection periods for many of the therapeutic drugs assigned screening limits is available on the Agrifutures

website: agrifutures.com.au/rural-industries/thoroughbred-horses/

In making any decision regarding the administration of a prohibited substance to a horse that is entered to race, industry participants are reminded of their responsibilities in undertaking the appropriate level of due diligence and risk analysis in researching the available information on detection periods, including the seeking of veterinary advice and adding an adequate safety margin. Participants are advised to take a conservative approach, and consider all variables such as dose, length of treatment and route of administration, when calculating withdrawal times for therapeutic substances where information on detection times is available.

Participants are also advised that a best-practice approach would dictate that no medication, irrespective of its detection period, should be given within 2 clear days of racing.

OFFICIAL RACING LABORATORIES

"Official Racing Laboratory" means an analytical racing laboratory which is approved by Racing Australia.

Note: The following have been approved by Racing Australia as Official Racing Laboratories:

Australian Racing Forensic Laboratory, Sydney

Queensland Racing Integrity Commission - Racing Science Centre,

Brisbane

Racing Analytical Services Limited, Melbourne

Racing Chemistry Laboratory, Chemistry Centre (W.A.), Perth

The Hong Kong Jockey Club Racing Laboratory, Sha Tin, Hong Kong

New Zealand Racing Laboratory Services Limited, Avondale, Auckland, New Zealand

Sport and Specialised Analytical Services, LGC, Fordham, Ely, Cambridgeshire, United Kingdom

Australian Sports Drug Testing Laboratory, Sydney ChemCentre, Western Australia

National Measurement Institute (NMI), Sydney (trace element analysis)

Institute of Biochemistry, German Sport University, Cologne, Germany

Laboratory of Racing Chemistry, Tochigi, Japan (reserve portion/B sample analysis)

ARSENIC - NOTICE TO HORSE TRAINERS

Trainers and industry participants are reminded that Arsenic is a prohibited substance under both the Harness and Thoroughbred Australian Rules of Racing, when found at a level above the threshold value of 0.30 milligrams per litre in urine.

Arsenic is a chemical element which occurs in many minerals and trace amounts may be present commonly in feeds and in groundwater in the environment.

Registered veterinary products that contain Arsenic -based compounds include:

- Arcyl Solution for Injection
- Ferrocyll injection
- Troy Invigorate Injection
- Jurocyl Injection.

Horse trainers are therefore reminded to avoid using these preparations close to racing, and a useful guideline is not to administer them following a single dose within a 5 clear day period before racing. Multiple administrations will prolong this period, so extreme caution must be exercised if administering them on consecutive days. The administration of any of these preparations must be recorded as treatment in a trainer's medication log book.

A recent Australian study concluded that it is possible that Arsenic levels in horse urine may be elevated following the ingestion by a horse of Chromated Copper Arsenate (CCA) treated pine timber, a common component of horse stables and paddock fencing.

Consequently, RWWA Stewards advise that it would be prudent for trainers and industry participants to conduct an environmental audit of their facilities to ensure they eliminate access of the racehorses in their care to CCA treated pine timber products, or any other product that may present a similar risk of an elevated arsenic level in any race day sample.

VETERINARY NOTICES

RWWA Stewards recently concluded several inquiries into matters relating to the presentation of horses by trainers with Arsenic levels above the threshold. In those matters a conviction without penalty was recorded and the horses concerned were disqualified. RWWA provides notice to trainers and industry participants that future action taken by RWWA Stewards, in matters relating to the presentation of horses with Arsenic levels which exceed the threshold, may result in penalties being imposed, regardless of any evidence relating to ingestion of CCA treated timber products or any other source.

Queries can be directed to your Veterinarian or the RWWA Veterinary Department on (08) 9445 5459.

22 February, 2018.

NOTICE TO TRAINERS RE ALTRENOGEST PRODUCTS

RWWA advises WA horse trainers and veterinarians to take note of the following information concerning potential contamination of certain batches of altrenogest products;

It has been recently discovered that certain batches of altrenogest products may contain low level traces of trenbolone and/or trendione.

Trainers and veterinarians should avoid using injectable products containing altrenogest, and as a precaution, should not administer oral altrenogest products within at least one clear day prior to racing.

Trainers are reminded of the requirement for all treatments to be recorded by midnight on the day on which the treatment was given.

HARNESS RULE OF RACING - ADMINISTRATION OF ALKALINISING AGENTS

Trainers should take particular note of Harness Rule of Racing 196C that bans the administration of alkalinising agents to a horse, both on the day of a race and during the one Clear Day prior to the day of the race.

The purpose of this notice is to explain the rule and to assist trainers and veterinary practitioners in managing compliance.

This rule makes it an offence to administer, attempt to administer or cause to be administered, both on the day of a race and during the one clear day prior to a race, any substance that meets the below definition of an alkalinising agent.

For the purposes of Rule 196C, an alkalinising agent is defined as any substance that may elevate the plasma total carbon dioxide (TCO2) of a horse when administered by any route.

One Clear Day is defined within the Rule to mean a twenty four hour period from 12:01 a.m. to 12 midnight. For practical purposes, a clear day restriction means that the calculation of the number of days for which the procedure/ treatment is banned does not take into account the day of treatment nor the day of racing.

For example, the restriction on the administration of alkalinising agents is one clear day. This means that if a horse is racing on a Friday, the last time it may be administered alkalinising agents, is midnight on the Wednesday. In this case, the Clear Day is the Thursday

A clear day is not the 24 hour period prior to the time of racing.

Alkalinising agents that must not be administered either on the day of the race or within the one clear day prior to racing include, but are not limited to; bicarbonates, citrates, succinates, acetates, propionates, maleates, lactates and trometamol (e.g. THAM, tris buffer or trometamine) and also include products marketed as urinary alkalinisers and hind gut buffers. Products that contain alkalinising agents and which fall within this definition include proprietary formulations such as: Sodium Bicarbonate ("bicarb"), sodium citrate, Baladene®, Lang's Solution® for intravenous use, Neutra-Syrup®, Neutralka®, Neutrolene®, Neutrolene Plus® and Neutradex® and any other products that are marketed as lactic acid buffering or neutralising products. These products must not be administered to a horse on the day of the race prior to racing, or within the one clear day prior to race day.

This rule does not prohibit the use of balanced, commercial electrolyte supplements or feeds which may contain some alkalinising agents, but which can be demonstrated to have negligible effects on plasma TCO2 when administered in feed according to the manufacturer's recommendations for normal daily use. These commercial balanced electrolyte supplements may be fed in normally recommended amounts within the one clear day. Examples of normal balanced electrolyte products would include such proprietary preparations as; Applyte Gel®, Electromix®, Electro Paste®, Electrovite Paste®, Equilyte®, Endura-Max®, Endura-Max Paste®, Equicharge®, Horsport®, Humidimix®, KelatoLYTE Electrolyte Replacer®, Ranvet Electrolytes®, Recharge®, Restore®, Salkavite® and Vetsense®.

Regardless of the operation of this rule, in the event that an elevated level of TCO2 beyond the threshold is detected from any sample taken by the Stewards, the rule does not provide a defence to a charge laid against a person under the Rules. Consequently even if a product that is described or may be described as a 'balanced electrolyte supplement', such as the examples above, is fed/administered and a horse returns an elevated level of TCO2 greater than 36.0mm/L, the absolute and strict liability operation of the 'presentation' rule remains and an offence is committed.

CONTROL OF RACE DAY TREATMENT/MEDICATION OF RACEHORSES

With a number of Rules now restricting medication and treatments of various kinds before competition, the following are guidelines regarding medications/treatments that may be approved by the Stewards on veterinary advice when a request is made to the Stewards for permission to treat a horse on race day.

Guidelines for treatments/medications that can be permitted on race day prior to the race – prior approval of the Stewards

VETERINARY NOTICES

not required

Topical application of hoof oils/dressings/grooming products

The application of routine, non-medicated hoof oils/dressings is permitted on the day of racing. The exception is those products that contain medications or herbs that claim therapeutic effects such as analgesia or anti-inflammatory actions.

The application of commercial baby oil or petroleum jelly preparations to lubricate/prevent chaffing of a body area, or a grooming product, is permitted to be applied pre-race. Any product so used must be kept in its original container that has applied to it the original product label, must not be altered or modified by the addition of any other substance/s, and must be available for inspection by the Stewards and official veterinarian. The Stewards may take possession of any such preparation for testing for prohibited substances.

Shampoos and fly sprays

Shampoos, including those that are antiseptic or contain an anti-fungal agent, are permitted to be used on race day prior to racing. Fly sprays are permitted to be used on race day prior to racing.

Physical therapy as treatment

Vibratory massage systems may be used in the stable on the morning of the day of the race but are not permitted on the racecourse.

The application of ice/cold water to musculoskeletal structures

The application of ice or chilled water to, or the use of whirlpool boots or systems such as "Game Ready" on musculoskeletal structures are permitted in the trainer's stables on the morning of race day but are not permitted to be used pre-race in the race day stalls on-course.

Treatments/medications permitted on race day before the race – prior approval of the Stewards required

-00000preparations

While creams, ointments and powders for topical use are considered to be medications, circumstances may arise when a horse suffers a minor wound that does not affect its suitability to race but would benefit from the application of a topical antibiotic or antiseptic treatment. Such a preparation must be a registered veterinary preparation or human therapeutic good which contains only an antibiotic or antiseptic as its active ingredient, and which is clearly stated as such on its product label. Any product so used must be kept in its original container that has applied to it the original product label, must not be altered or modified by the addition of any other substance/s, and must be available for inspection by the Stewards and official veterinarian. The Stewards may take possession of any such preparation for testing for prohibited

substances.

Trainers must apply to the Stewards for permission to administer a topical antiseptic/antibiotic preparation before a race on race day. Horses having received such permission for the application of a topical medication must be inspected by an official veterinarian on arrival at the racecourse.

Treatments/medications prohibited on race day prior to the race

Routes of administration

Unless excepted in the guidelines above, any substance administered by injection, by stomach tube, by paste, by dose syringe, by topical application or by inhalation will be considered to be a treatment and must not be administered on race day prior to the race. Furthermore, there are other pre-competition restrictions on certain treatments/procedures imposed within the Harness rules that trainers must be aware of.

Clay poultices

Clay poultices may be applied to the legs no later than the day before racing but must be removed the morning of the race and must not be re-applied on race day before the race. All traces of clay poultices must be removed prior to arrival on-course.

Glycerine and Vicks Vaporub®

The application of Glycerine and/or Vicks Vaporub® by any means is not permitted prior to racing on race day.

Physical therapy as treatment

The following physical treatments are not permitted to be used at any time before racing on the day of a race:

- acupuncture
- laser and infra-red treatments
- chiropractic manipulations
- magnetic field therapy
- transcutaneous electrical nerve stimulation (TENS) and any other form of electrical stimulation

Extra-corporeal shock wave treatment (ESWT)

Shock wave treatment of racehorses is prohibited for seven clear days prior to racing.

VETERINARY NOTICES

CONTROL OF RACE DAY MEDICATION INFORMATION

A FUNDAMENTAL PRINCIPLE OF AUSTRALIAN RACING IS THAT HORSES MUST RACE FREE OF THE PHARMACOLOGICAL (OR TOXICOLOGICAL) EFFECT OF DRUGS OR OTHER SUBSTANCES.

TO ASSIST IN MAINTAINING THIS PRINCIPLE, IT IS **NOT PERMITTED TO ADMINISTER ANY MEDICATION TO A HORSE ON RACE DAY PRIOR TO IT RUNNING IN A RACE**

"MEDICATION" MEANS ANY TREATMENT WITH DRUGS OR OTHER SUBSTANCES.

AS A GENERAL PRINCIPLE, ANY SUBSTANCE ADMINISTERED WITH THE INTENT OR HOPE OF ACHIEVING A PHARMACOLOGICAL EFFECT / THERAPEUTIC EFFECT WILL BE CONSIDERED AS A MEDICATION UNDER THE RULES.

PRODUCTS THAT CLAIM TO PROVIDE PHARMACOLOGICAL EFFECTS AND TO BE UNDETECTABLE.

THERE ARE NUMEROUS PRODUCTS, OFTEN HERBAL OR HOMEOPATHIC PREPARATIONS, THAT CLAIM TO PROVIDE SIGNIFICANT PHARMACOLOGICAL EFFECTS SUCH AS A DIURETIC ACTION, ANALGESIA, ANTI-INFLAMMATORY ACTIONS OR BRONCHODILATOR ACTIONS AND ALSO CLAIM TO BE UNDETECTABLE BY LABORATORY TESTING.

THESE TYPES OF PRODUCTS FALL WITHIN THE DEFINITION OF A MEDICATION AND ARE NOT ALLOWED TO BE ADMINISTERED TO A HORSE ON RACE DAY PRIOR TO A RACE.

ROUTES OF ADMINISTRATION OF MEDICATION NOT PERMITTED ON RACE DAY

ANY SUBSTANCE ADMINISTERED TO A HORSE ON RACEDAY PRIOR TO RACING BY INJECTION, STOMACH TUBE, PASTE, DOSE SYRINGE, TOPICAL APPLICATION OR BY INHALATION, AMONGST ANY OTHER ROUTES OF ADMINISTRATION, **WILL BE CONSIDERED A MEDICATION.**

ONLY NORMAL FEEDING AND SUPPLEMENTATION, ACCORDING TO MANUFACTURE'S RECOMMENDATIONS FOR NORMAL DAILY USE, THAT CAN BE ACHIEVED BY THE HORSE VOLUNTARILY EATING OR DRINKING THE FEEDSTUFF CAN BE CONSIDERED ACCEPTABLE ON THE DAY OF RACING.

PHYSICAL THERAPIES NOT PERMITTED ON RACE DAY

THE FOLLOWING PHYSICAL TREATMENTS ARE **NOT** PERMITTED, BY ORDER OF THE STEWARDS, TO BE USED AT ANYTIME BEFORE RACING ON THE DAY OF RACING.

PHYSICAL TREATMENTS WHICH ARE NOT TO BE GIVEN ON RACE DAY INCLUDE, BUT ARE NOT LIMITED TO:

ACUPUNCTURE (INCLUDING LASER AND INFRA-RED TREATMENT)
TRANSCUTANEOUS ELECTRICAL NERVE STIMULATION (TENS)

MAGNETIC FIELD THERAPY
AND ANY OTHER FORM OF ELECTRICAL STIMULATION

THERAPEUTIC ULTRASOUND

EXTRA- CORPOREAL SHOCK WAVE (ESWT) TREATMENT OF RACEHORSES IS PROHIBITED FOR **SEVEN (7) CLEAR DAYS** PRIOR TO RACING.

PERMITTED ON RACE DAY

APPLICATION OF ICE / COLD WATER TO MUSCULOSKELETAL STRUCTURES

THE APPLICATION OF ICE OR CHILLED WATER, WHIRLPOOL BOOTS OR SYSTEMS SUCH AS 'GAME READY', TO MUSCULOSKELETAL STRUCTURES IS PERMITTED ON THE MORNING OF RACE DAY IN THE STABLES BUT IS **NOT PERMITTED ON THE RACECOURSE PRIOR TO A HORSE RUNNING IN A RACE.**

SEEK PERMISSION — TOPICAL APPLICATIONS

WHILE TOPICAL APPLICATIONS ARE CONSIDERED TO BE MEDICATIONS, CIRCUMSTANCES MAY ARISE WHEN A HORSE MAY SUFFER A MINOR INJURY, THAT DOES NOT AFFECT ITS SUITABILITY TO RACE BUT WOULD BENEFIT FROM THE PROPHYLACTIC APPLICATION OF A TOPICAL ANTIBIOTIC OR ANTISEPTIC.

IN SUCH CIRCUMSTANCES, A **TRAINER MUST APPLY PRIOR TO THE STEWARDS** FOR PERMISSION TO ADMINISTER THE MEDICATION.

THE APPLICATION OF HOOF OILS

THE APPLICATION OF ROUTINE HOOF OILS IS PERMITTED ON THE DAY OF RACING, EXCEPT IF THAT PRODUCTS CONTAINS MEDICATIONS OR HERBS THAT CLAIM THERAPEUTIC EFFECTS SUCH AS ANALGESIA OR ANTI-INFLAMMATORY ACTIONS.

BABY OIL & PETROLEUM JELLY

BABY OIL & PETROLEUM JELLY ARE PERMITTED.

SHAMPOOS & FLY SPRAYS

SHAMPOOS & FLY SPRAYS ARE PERMITTED.

VIBRATORY MASSAGE E.G. EQUISSAGE

VIBRATORY MASSAGE SYSTEMS MAY BE USED IN THE STABLE ON THE MORNING OF THE RACE DAY BUT ARE **NOT PERMITTED ON THE RACECOURSE.**

IF YOU ARE UNSURE PLEASE CONTACT RWVA VETERINARY DEPARTMENT (08) 9445 5459 OR STEWARDS (HARNESS (08) 9445 5157) (THOROUGHBRED (08) 9445 5570)

This should not be regarded as a substitute for a comprehensive study of the Australian and WA Local Rules of Racing which are available at <http://www.rwva.com.au/home/industry/rules-policies.html>

HARNESS RACING CLEAR DAY RULE CHARTS

THE CHARTS BELOW RELATE TO HARNESS RULES OF RACING WHICH PROHIBIT THE ADMINISTRATION OF SUBSTANCES OR TREATMENTS FOR A NUMBER OF DAYS AND/OR CLEAR DAYS PRIOR TO A RACE OR OFFICIAL TRIAL.

THESE CHARTS SEEK TO ASSIST THE TRAINER BY VISUALLY SHOWING THE DAYS ON WHICH SUBSTANCES OR TREATMENTS CANNOT BE ADMINISTERED.

THE YELLOW HIGHLIGHTS REPRESENT **CLEAR DAYS** ON WHICH THE SUBSTANCE OR TREATMENT CAN NOT BE ADMINISTERED. THE GREEN HIGHLIGHTS REPRESENT THE DAY OF THE **RACE OR OFFICIAL TRIAL**. THE RED HIGHLIGHTS REPRESENT THE **LAST DAY THE SUBSTANCE OR TREATMENT CAN BE ADMINISTERED**. SUBSTANCES OR TREATMENTS CANNOT BE ADMINISTERED ON THE DAY OF A RACE OR OFFICIAL TRIAL, PRIOR TO THAT RACE OR OFFICIAL TRIAL.

AMENDMENTS TO RULES OF RACING

NOTICE OF AMENDMENTS TO RWWA RULES OF HARNESS RACING

In accordance with Section 45 (1) (b) of the Racing and Wagering Western Australia Act 2003, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Harness Racing be amended as follows;

Local Rule amendments applicable 1 August 2021

Add local rule 96B

LR 96B. RWWA Local Rule of Retirement

(1) (a) *The managing owner shall be liable for all costs associated with compliance with this rule. Any proven failure to pay such costs in accordance with the terms of payment when invoiced by the Trainer or other service provider, may at the sole discretion of the Stewards, result in:*

(i) *Stewards ordering that any prizemoney payable to the managing owner be withheld and redirected to the relevant party until such account is paid; and/or*

(ii) *Refusal of nominations for any horses of the same ownership; and/or*

(iii) *Cancellation of registration of the managing owner in any other horses; and/or*

(iv) *Other such action as may be taken under the RWWA Rules of Racing*

(b) *Where the managing owner can demonstrate to the satisfaction of the Stewards that they have been unable to recover such costs attributable to any part-owner, then any action outlined in sub rule (1) (a) shall not apply and action will be taken in accordance with the rules against only any defaulting part owner.*

(2) *The last registered managing owner or the person in control of the horse at the relevant time, shall, unless the result of accident or illness requiring immediate euthanasia, ensure that any non-emergency euthanasia of the horse, must only be performed by a registered Veterinary Surgeon or an appropriately registered service provider complying with all relevant welfare standards;*

(a) *on humane grounds where the horse is seriously ill or injured; or*

(b) *where a Veterinary surgeon has, assessed the horse as being unsuitable for rehoming on medical grounds; or*

(c) *where written direct evidence is received to the satisfaction of the Stewards from at least 2 persons who have direct personal knowledge of the horse's unsuitability for rehoming due to past demonstrated dangerous behaviours.*

(3) *Where any horse has been euthanased pursuant to part (2) of this rule, documentary evidence of compliance to the satisfaction of the Stewards, must be lodged with the Controlling Body by the prescribed time as specified by the relevant national rule and/or no later than within 7 days.*

(4) *Should part (2) of this rule not apply, the last registered managing owner or the person in control of the horse at the relevant time, must to the satisfaction of the Stewards make reasonable effort to rehome the horse over a period of not less than 6 weeks* following the decision to retire/deregister the horse from the racing industry by undertaking at least two of the following options;*

(a) *publicly advertising the horse in no less than two recognised media platforms for the sale or availability of horses for a period of no less than 6 weeks;*

(b) *making application to re-home the horse through a credible animal adoption or re-homing agency, including Industry Retirement Programs;*

(c) *consigning the horse to a public auction.*

(d) *consigning the horse to an industry auction*

2

(5) *Documentary evidence of unsuccessful attempts to rehome the horse in accordance with the requirements prescribed in subsection (4) of this rule must be provided to Stewards when lodging the required documentation to retire/deregister the horse.*

(6) *An owner or person responsible at the relevant time who, in the opinion of the Stewards, fails to comply with any provision of this rule shall be guilty of an offence and liable to penalty.*

(7) *It shall not be mandatory for any horse that has been retired for the purposes of Breeding for a period of at least twelve months or that is over 15 years of age to be subject to sub-rule (4) of this rule.*

Rationale

This WA Racehorse Welfare Plan, as announced by the previous Racing Minister, committed racing to the development of a framework whereby industry participants must aim to rehome all healthy and behaviourally sound horses.

There is a community expectation that healthy and behaviourally sound horses should not be euthanized at the conclusion of their racing careers without at least making every reasonable effort to afford alternative outcomes.

This rule was developed by a working group comprising members of both thoroughbred and harness codes and has been tabled before the respective consultative groups of each. All suggestions by the working group have been included within the final version of the rule with no objections raised to its construction, application or intent by the eligible bodies representatives on the Consultative Groups.

RWWA will shortly be publishing separately to industry, extensive details which explain the requirements to comply with this rule.

As this is a significant change, the Stewards will apply a period of amnesty to ensure suitable education and communications to industry are issued with sufficient time for any person to reasonably comply with this rule prior to undertaking enforcements under the rules. This will be assessed on a case-by-case basis as familiarity with the rule and its requirements become established within the industry.

Further Local Rule amendments

Add local rule 172

LR172 Offences in relation to mobile phone possession or use on course

(1) Unless permission has been granted by the Stewards for emergency, family, or other exceptional reasons only, a driver must not use any mobile telephone, tablet, radio transmitter, radio transceiver or any other appliance, apparatus, instrument or equipment capable of receiving or transmitting information from the time of arriving on course until the completion of all driving engagements.

(2) Without the permission of the Stewards, a person (including but not limited to a driver) must not:

- (a) bring into the drivers' room;
- (b) have in that person's possession in the drivers' room;
- (c) use in the drivers' room,

any mobile telephone, tablet, radio transmitter, radio transceiver or any other appliance, apparatus, instrument or equipment capable of receiving or transmitting information.

(3) The Stewards may take possession of and retain in their possession (including for the purposes of examining) any appliance, apparatus, instrument or equipment that is used by any person in contravention of this rule.

Rationale

The racing industry is vulnerable from those who would seek to gain an unfair advantage by attempting to receive privileged information from drivers at race meetings or by those attempting to affect a race's outcome. Matters such as this can damage the public perception of the sport which the industry heavily relies upon. They also represent serious integrity risks.

There is also a need to protect the perception and image of the Harness Racing industry and drivers observed using these devices during the period in which they have driving engagement reflects poorly on the image of the industry.

Accordingly, the use of a mobile phone or other electronic devices capable of receiving or transmitting such information by all drivers is prohibited between the period from when arriving on course until the completion of all driving engagements.

Add local rule 35A

LR 35A. Racing by 2 year olds

A horse shall not before 1st May in the racing year in which it attains the age of 2 years compete in a race in excess of 2200 metres.

Rationale

This rule originally appeared as section (2) within a Local Rule 35A but on 1 August 2020 Local Rule 35 was changed to read National Rule 35 and section (2) was rescinded.

Very young horses are still not permitted to compete in races in excess of 2200 metres in distance and the rule is therefore re-instated so that it clarifies this requirement.

In accordance with Section 45 (1) (a) of the Racing and Wagering Western Australia Act 2003, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Thoroughbred Racing be amended as detailed below.

NOTICE OF AMENDMENTS TO RWWA RULES OF HARNESS RACING

In accordance with Section 45 (1) (b) of the Racing and Wagering Western Australia Act 2003, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Harness Racing be amended as follows;

Local Rule amendment applicable 1 June 2021

Add Local Rule 156A(2)

LR156A. Approved Whip

(1) Notwithstanding the provisions of Rule 156A, the approved whip may be any approved by the Controlling Body in its absolute discretion.

(2) For the purposes of Rule 156, the following whips are approved by the Controlling Body for use in races, official trials, and trackwork. (added 1/6/21)

(a) Walsh

(b) Finntack

(c) Yonies

(d) Harness Special

The current Harness Rules of Racing (HRR156) prescribe that a driver shall only use and be in possession of a whip approved by the Controlling Body which has not been modified in any manner and that is maintained in satisfactory condition.

Rule 156A prescribes the specification of such whip as being "The approved whip is a flexible whip of black or dark tan colour with a core of fibreglass with a handle base and shaft and either a leather keeper to a maximum of 60 millimetres in length and 20 millimetres in width or a non rigid tip amounting to a maximum overall length of 1600mm".

Whilst work is ongoing by Harness Racing Australia in assessing various whip types, the absence of prescribed manufacturers raises difficulties in identifying potentially unsuitable whips that otherwise appear to conform with the specifications set out in Rule 156.

Local Rule 156A(2) has been adopted to specify that only whips made by reputable and identifiable manufacturers are approved to prevent the construction of alternative whips that at face value conform with specifications but potentially have greater potential to cause welting. This will ensure better control of the type of whips being used by limiting them to industry acceptable manufacturers.

The addition of this rule involved consultation with BOTRA, Senior Drivers and the Harness Racing Consultative Group.

Stewards will be inspecting whips and it will be expected that all Drivers whips are confirmed as compliant with the new rule by 1 June 2021.

Whips that cannot be identified or confirmed as being produced by the listed manufacturers will not be allowed to be used after 1 June 2021.

NOTICE OF AMENDMENTS TO RWWA RULES OF HARNESS RACING APPLICABLE 1 AUGUST 2020

In accordance with Section 45 (1) (b) of the Racing and Wagering Western Australia Act 2003, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Harness Racing be amended as follows;

Harness Racing Australia advised of amendments to the

National Rules which are applicable in Western Australia as from 1 August 2020. These rules changes have also resulted in some amendments to Local Rules as mentioned below.

Rule amendments

Amend definition of "Racing Year" in Schedule 1 Dictionary

"Racing year" means the period commencing 1st January in a calendar year and concluding on 31st December in the same year.

Amend Rules 92(1), 92(2)

92. Age

1. *Save and except for sub-rule (2), provided that the service date of the foal is on or after 1st September the age of a horse shall be reckoned as beginning on 1st January in the next but one racing year.*
2. *If a horse is foaled in New Zealand between 1st August and 31st August inclusive its age shall be reckoned as beginning on 1st January in the next but one racing year.*

Amend listing of Local Rule 35A to be re-listed as Rule 35A. Repeal Rules 35A(1), 35A(2). Add new Local Rule 35A

35A. Conditions and Restrictions (listing amended 1/8/20 formerly LR35A)

1. *(Repealed 1/8/20)*
2. *(Repealed 1/8/20)*
3. *A horse shall not compete in a trial before it attains the age of 2 years. LR 35A Yearlings*

LR35A Yearlings

If a horse is a yearling:

(a) the horse is ineligible for; and

(b) a person must not enter or start the horse in, any race or official trial

to be conducted prior to the 1st of September.

Advice from HRA in relation to these amendments;

The Executive of Harness Racing Australia wishes to advise that the current 2019/20 racing season has been extended to 31 December 2020.

Following the determination of the Executive and approval of the HRA Members, the racing season has been extended to the calendar year end. The HRA Executive determined that the extension of this season allows the various State Controlling Bodies time to consider the reprogramming of various Feature and Futurity Races which have been, or will be, impacted by the direct or related effects of the COVID-19 Pandemic.

The extension to the season is for the current 2019/20 racing season only and does not alter the breeding season. From a racing perspective, all Standardbreds will keep their current age through to 31 December 2020.

For further information, contact Harness Racing Australia by email to: hra@hra.com.au

With regard to National rule 35A in WA this rule currently appears as Local Rule 35A but the wording is identical to that of the pre 1 August 2020 National Rule. Local Rule 35A is

therefore amended so that it is listed as a National Rule rather than a Local Rule.

The amendments to these rules will result in the commencement of two year old racing in January 2021. To be able to race a 2 year old it will need to have trialled but Rule 35A(3) states;

"A horse shall not compete in a trial before it attains the age of 2 years".

Due to the change in racing season we need to allow yearlings to trial prior to turning two year old on the 1st January 2021 as they will not be eligible to qualify to race as a 2 year old unless they have trialled. Under the current rule 2 year olds can trial from 1st September and a new local rule has been added, under the exceptional circumstances presented to us by the change of season, to allow yearlings to trial to ensure we can start 2 year old racing in January. The above new Local Rule 35 therefore needs to be added to allow yearlings to trial leading up to the 1st January 2021.

Delete and replace the Australian Handicapping Rules

The current Australian Handicapping Rules have also been deleted and replaced. These rules have no current effect in Western Australia due to RWWA's Conditioned Racing System which came into effect on 16 November 2018, however they are updated within our rule book as they are used by the RWWA Racing Department when re-handicapping interstate horses that are to race in WA.

Harness Racing Australia (HRA) advised of amendments to the National Rules which are applicable in Western Australia as from 1 September 2020.

NOTICE OF AMENDMENTS TO RWWA RULES OF HARNESS RACING APPLICABLE 1 SEPTEMBER 2020

Harness Racing Australia advised of the below amendments to the National Rules which are applicable in Western Australia as from 1 September 2020.

A HRA news article in relation to the below whip rule and an educational video appear on the HRA website.

Rule amendments

Add definition:

"Breeding Season" means the period commencing 1 September in a calendar year and ending 31 August in the following calendar year.

Whip rules amendments

Amend Rule 156(2)(a),(b)

- (2)
 - (a) A driver shall only apply the whip in a wrist only flicking motion whilst holding a rein in each hand with the tip of the whip pointed forward in an action which does not engage the shoulder.
 - (b) For the purposes of sub-paragraph (a), **"wrist only flicking motion"** means:-
 - (i) Ensuring no force is generated by the use of the elbow or shoulder when applying the whip.
 - (ii) The forearm is not raised beyond forty-five degrees relative to the racing surface.
 - (iii) Not applying the whip with overt force.

AMENDMENTS TO RULES OF RACING

Add new Rule 156(4)(d)

(4) For the purposes of sub-rule (3) a driver shall be deemed to have used the whip in an unapproved manner in the following circumstances which are not exclusive:-

(d) If the whip is used in a prodding or jabbing fashion.

The Harness Racing Australia website contains a news article in relation to these whips rules and an educational video.

Sire summary sheet and related matters

Renumber existing Rule 275(6) to 275(8) and existing Rule 275(7) to 275(9)

Add new rules 275(6) and 275(7)

275.(6) (a) Subject to paragraph (b), in a breeding season the total number of mares bred in accordance with Parts 18 and 19 of these Rules to a sire registered in Australia including free returns from a previous breeding season shall not exceed 150.

(b) In the breeding season commencing 1 September 2020 and ending 31 August 2021 the total number of mares bred to a stallion registered in Australia may exceed 150 to a maximum of 170 provided that:

(i) each additional foal is the progeny of a free return to that sire; and,

(ii) the free return must be to the same mare and that sire; and,

(iii) the studmaster has made written application to HRA to use the free return and the application has been approved.

(7) A horse that is foaled in contravention of sub-rule (6) shall not be eligible for registration.

(8) The Controlling Body may from time to time change the information required to be recorded under this rule, the way in which it is recorded and the manner, form and time in which information is to be supplied, materials or documents lodged or issued, or application made to the Controlling Body or other person.

(9) A person who fails to comply with any provision of this rule is guilty of an offence.

Transported Semen

Add new Rule 285A(1) and 285A(2)

285A.(1) (a) Semen from an Australian registered sire which has died or disappeared or been gelded shall, subject to sub-paragraph (b) only be used in the breeding season in which the sire has died or disappeared or been gelded or the next breeding season.

(b) If a broodmare has been inseminated by the sire which has died or disappeared or been gelded and that insemination did not produce a live foal then the progeny of a subsequent insemination of the same broodmare by the same sire shall be eligible for registration in the second breeding season following the death or disappearance or gelding of the sire.

(2) The provisions of sub-rule (1) do not apply to a registered standardbred which has prior to 1 September, 2020 died, disappeared or been gelded.

LICENSING, REGISTRATIONS & OWNERSHIP

NEW PROCEDURE FOR THE MICROCHIPPING OF STANDARDBRED FOALS IN WA - DISCONTINUANCE OF FREEZE BRANDING

Following a decision by Harness Racing Australia (HRA) in September 2020 all foals born in WA during the forthcoming foaling season will only be microchipped as a means identification.

Freeze branding will therefore be discontinued for any foals born from then onwards.

In WA the procedure of microchipping can only be carried out by a veterinary surgeon or by a veterinary nurse under the direct supervision of a veterinary surgeon i.e. the veterinary surgeon has to be present at the time for direct supervision.

Since 2017 the veterinary costs of microchip insertion in standardbred foals has been borne by the breeder, however with the new "microchip only" process the current RWWA foaling registration fee will remain stable and it will include the veterinary costs of microchipping, i.e. breeders will no longer have the Veterinary charges they are currently paying to have a microchip applied.

As from the coming foaling season RWWA has contracted a veterinarian who will travel around the state microchipping foals and collecting DNA samples in the same manner that the freeze branding contractor does at present.

Breeders continue to be responsible for notifying RWWA of the birth of a foal, within the required 21 days of foaling. As is currently the case, penalties apply for late notification of foaling.

There are no issues with breeders applying their own shoulder freeze brands should they choose to do so. Any brands applied must be promptly notified to the RWWA Licensing & Registrations (L&R) department.

Foals born before this coming foaling season that have not been microchipped will still be subject to the previous process.

Breeders are reminded;

- The notification of the birth of a foal (completed Certificates of Service) must be lodged with RWWA within 21 days of foaling, late lodgements fees apply.

- Entitlements to Breeders Bonuses

Within the RWWA Rules of Harness Racing a "Breeder" is;

(a) In the case of a foal which is the result of an embryo transfer, the registered owner or lessee of the donor mare at the time the embryo is flushed from such donor mare and impregnated into a recipient mare.

(b) In all other cases, the registered owner or lessee of the dam at the time of last date of service.

The RWWA L&R department receives many queries from participants in regard to Breeders Bonus payments. For clarification, in relation to future entitlements to Breeders Bonus payments, the Owner or breeding lessee of the dam at the last date of service is deemed to be "the breeder" of a foal. It is therefore essential for Breeders to lodge all transfers of ownership, or breeding leases, of a dam with RWWA prior to any last date of service (mating/insemination) being completed.

Any queries can be directed to the RWWA L&R department on 9445 5507.

RACING COLOURS WITH LOGOS

Applications for registration of Racing Colours with Logos may be lodged provided they comply with the following strict criteria.

The use of numerals, letters, words, offensive motifs and use of commercial property or logos promoting or displaying a company, business or commercial undertaking are restricted.

The use of a business/company logo (with or without the display of its business name) may be used under the following circumstances:

- ***That the logo design does not resemble any registered Trade Mark.***
- ***That the logo design is solely associated with a harness racing-related business/company. ie; Racing Stable, Public Syndicator of Race Horses, Stud farm etc, (excluding any wagering operators).***
- ***That the business/company must be registered with an active ABN/ACN, and in the case of a Public Syndicator of Race Horses, a Dealer's Licence and Registration must have been issued by ASIC/RWWA.***
- ***That any wording is specifically that of the registered Business/Company name.***
- ***That the logo is not offensive, or in breach of standards of good taste (exercised by RWWA in its discretion).***
- ***That the logo does not breach any Australian laws in relation to advertising.***
- ***That once approved the logo cannot be altered in any way without the prior permission of RWWA.***

Any application for the registration of colours using a business/company logo, must contain all documentation required to substantiate the criteria contained in the regulations.

RWWA reserves the right to refuse any application that does not satisfy the specific criteria listed in the Regulations.

Application forms are available to download from the RWWA Website. Please direct any queries to the Licensing & Registration Department on 9445 5558.

NOTICE TO ALL RACING PARTICIPANTS

Transfer of Ownership

Funds are often withheld at the request of the 'new' owner when a transfer of ownership has taken place, as the outgoing owner has not submitted the paperwork within the correct time. There are specific rules that apply to each code in the treatment of transfers. These being;

Harness Rule 109 - the paperwork must be submitted within 7 days of entering into a lease or prior to the horse next racing, whichever is earlier and Rule 111 in respect to a transfer of ownership.

Thoroughbred AR.34 - in respect to a lease the Principal Racing Authority may refuse to accept for registration any lease, and may insist on the inclusion in a lease of provisions it considers essential.

Greyhounds R117 - within ten (10) days lodge a prescribed transfer of ownership form and Rule 119 in respect of a lease.

LICENSING, REGISTRATIONS & OWNERSHIP

These rules will now be enforced so that the owner recorded with RWWA at the time of racing will be paid any monies earned. Payments will no longer be held due to paperwork not being lodged within the required time.

REGISTRATION CERTIFICATES

Trainers are advised not to lodge a Stable Return for a horse unless they are in possession of the horse's Registration Certificate or have access to the electronic certificate in HarnessWeb.

The brand on the Registration Certificate should match the brand on the horse and should be the brand written on the Stable Return or appearing on the HarnessWeb site.

NAMING POLICY - HARNESS

Following queries regarding the existing policy requiring that only original documents as being acceptable in relation to transacting Harness registration, a review has been conducted of the existing protocols in this regard. As a result the following amendment has been made to internal policy in relation to the naming of Standardbred horses. Unless indicated to the contrary, RWWA will now accept electronic documents for all transactions.

This policy also relates to the naming of Standardbred horses, and the relevant documentation submitted by applicants. RWWA now accept clear copies of the application to name a standardbred.

Once a foal is branded by the RWWA contracted freeze brander, microchipped, and the subsequently collected hair sample has been processed and the parentage confirmed, Licensing and Registrations will prepare and issue a Branding Notification Advice / Application for Naming – Harness form to the owners/managing owner of the foal. This form must be retained until the owners wish to name the horse.

When making application for naming, the issued Branding Notification Advice / Application for Naming – Harness form must be correctly completed, signed and returned to RWWA with the correct fee. Licensing and Registration will accept a correctly completed electronic copy of both sides of the form with accompanying credit or debit card payment details as a means of commencing the naming process. Please contact RWWA Licensing & Registration department on 9445 5558 to obtain details of current fees.

In all circumstances, applicants are advised to allow at least 10 working days for the processing of a valid naming application. At any time there are a number of applications received daily which require some time to properly validate and process, which includes reference to the HRA. Applications will be processed as expeditiously as possible as they are received but will not be elevated in priority under any circumstances. Person's expecting to make application and have the transaction completed on the same day or similar are advised that such event is highly unlikely and staff will not circumvent protocols or afford any individual applications amended priorities ahead of earlier received applications.

ATTENTION ALL BREEDERS/STUD MASTERS LATE FEES

There is currently a range of fees relating to late notifications with respect to the timely submission of documents to RWWA relating to Breeding. The failure to lodge many of these documents in the manner prescribed does constitute a breach of Rules, in some cases National Rules.

Mares that are not properly identified prior to being served will incur a penalty fee of \$150.00 for each unregistered Mare served appearing on the Stallion Summary Sheets, or on related paperwork submitted to RWWA.

Persons potentially affected by the increases or application of the prescribed late fees can avoid them entirely by ensuring they lodge their documentation and conduct their activities in accordance with the Rules.

Where events beyond a person's control arise that may cause a late notification, prior notice to RWWA Registrations may lead to the late fee being waived. Each application of a late fee will be considered on a case-by-case basis.

CLEARANCE OF HORSES - DOCUMENTATION AND FEES

Where a horse requires clearance into WA, all relevant documentation and fees must be lodged and processed by RWWA before any transaction for the horse will be processed (Documentation includes ownership transfers, GST/Banking details, Stable Returns and Gear Notifications etc. Leases from interstate Controlling Bodies are NOT accepted).

21. NOTIFICATION OF GELDING OF A HORSE

1. No person shall geld or cause to be gelded a horse without the prior written consent of the owner.
2. A person who has a horse gelded shall notify the Controlling Body of that fact in accordance with the provisions of Rule 100. Such notification shall be by way of the lodgment of a fresh Gear Notification Form indicating the date of gelding.
3. A person who fails to comply with any provision of the rule is guilty of an offence.

GUIDELINES TO APPLY FOR A TRAINERS LICENCE

Please read this information carefully

TRAINER'S LICENCE GRADES

Grade "A" is licensed to train any horse.

Grade "B" is licensed to train a horse which the person owns or partly owns or which is owned by the person's spouse, other domestic partner, parent, sibling or child.

A probationary B grade trainer's licence is the starting point for a person wishing to train horses to trial and/or race. After a person has held a current B grade licence for 12-months they may make application for the licence to be upgraded to an "A" grade licence.

Grade "C" is licensed to prepare, educate and exercise a horse but cannot trial or nominate it to race. (Referred to as Breaker's Licence)

To qualify for registration as a trainer the applicant must have at least 6 months experience in the racing industry and hold a current licence at the time of application.

Furnish copies of three (3) months of Bank Statements with a consistent minimum, each month, of \$3,000 in savings.

Furnish three references from industry participants.

Furnish two credit references from suppliers (preferably from within the racing industry ie; Feed Merchants, Veterinary Surgeons etc)

Provide evidence of suitable stabling arrangements. (Stables will be

inspected by the Stewards to ensure suitability)

Provide a valid National Police Clearance dated no later than 2 months prior to application.

Furnish a Medical History and RWWA Medical Examination Report

Complete a theoretical test of the applicant's horse knowledge and understanding of the RWWA Rules, Regulations and Policies.

Provide a sample of urine for testing for Drugs of Abuse.

If required submit to an interview with the Licence Application Review Sub-Committee.

Should you have any other queries regarding your application please contact Licensing and Registrations (08) 9445 5558, or email licreginfo@rwwa.com.au.

GUIDELINES TO APPLY FOR A HARNESS RACING DRIVER'S LICENCE

Please read this information carefully

DRIVER'S LICENCE GRADES

(a) Grade "C" is licensed to drive at trials and to carry out track work on registered tracks including pre race warm ups.

(b) Grade B has the driving licence rights mentioned in (a) and is licensed to drive at graduation meetings and other than in races of metropolitan class at country or provincial meetings, including country or provincial class meetings at metropolitan sites;

(c) Grade A has the licence mentioned in (a) and (b) and is licensed to drive at any meeting.

The driver's licence issued to a first time applicant is a Grade "C" driver. A Grade "C" driver's licence shall not be granted to a person younger than 15 years old.

Holders of a Grade "C" driver's licence are required to complete at least 30 satisfactory trial drives at official trials and enrol in and complete the relevant units from the Racing Training Package as prescribed by RWWA.

Upon application for any driving permit/licence, if a period of 12 months has elapsed since last providing a RWWA Licence/Permit – Medical Examination Report the applicant must submit a new medical report.

To qualify for registration as a 'C' class driver the applicant must

1. Have at least 6 months experience in the racing industry and have held a current driving stable hand licence for at least 6 months unless otherwise waived by the Stewards.
2. Provide a written curriculum vitae detailing experience within the industry including racing industry employment history.
3. Complete a theoretical test of the applicant's horse knowledge and understanding of the RWWA Harness Rules, Regulations and Policies.
4. Undergo a driving assessment by the RWWA Driving Master or Steward
5. If required, submit to an interview with the licensing steward.

LICENSING, REGISTRATIONS & OWNERSHIP

6. Enrol in the required units from the Racing Training Package as specified by RWWA
7. If a period of 12 months has elapsed since last providing a sample of urine for testing for Drugs of Abuse the applicant may be requested to submit a further sample.

Requirements upon Approval being granted:

1. Upon notice of approval being forwarded to Licensing and Registrations by the Stewards, the driver is approved as a "C" grade driver and eligible to drive in trials. During this time the driver must maintain a Trial Driving Record to be signed by RWWA Driving Master or Stewards.
2. In any circumstance, the maintenance of a Grade "C" driver licence requires the holder to complete 10 satisfactory trial drives per year, signed by the RWWA Driving Master or Stewards, evidence to be forwarded at the time of renewal.
3. A minimum of 10 satisfactory Trial drives must be completed within a 12-month period as part of the required minimum 30 satisfactory trial drives in order to be eligible to apply for upgrade of licence to Grade 'B'. Satisfactory trials constitute driving a variety of horses in both stand and mobile trials demonstrating competence in applying race driving techniques to the satisfaction of the Driving Master and Stewards.
4. Grade "C" drivers designated as trainees are required to wear a reflective vest (supplied upon granting of license) in all trials and also attend RWWA Driving Master review and education sessions as required.
5. It is necessary for at least 4 drives on 4 separate occasions to be at Byford unless otherwise directed by the Stewards.
6. Grade "C" drivers designated as trainees are required to have attended to the satisfaction of the Stewards during their time of such registration as indicated:
 - (a) Observed Stewards race related Inquiry and/or Protest
 - (b) Observed starts with starter for standing and mobile
 - (c) Observed race with Judge
 - (d) Witnessed equine sample collection process and procedure
 - (e) Driven in a number of pre race warm-ups

To qualify for registration as a 'B' grade driver the applicant must

1. Have satisfactorily met all the requirements outlined above in relation to requirements of Grade "C" drivers within 12-months of commencing such registration.
2. Have held a Grade "C" drivers licence for a minimum of 6-months, or received approval for variation from the Chief Steward (Harness).
3. Applications for upgrade in excess of 12-months from commencement may be granted at the discretion of the Stewards, but will require a stewards interview and may require the resitting of the theoretical test.

4. Submit a fully completed and signed application "Application for Upgrade to Grade "B" Driver and relevant fee.
5. If a period of 12-months has elapsed since last providing a sample of urine for testing for Drugs of Abuse the applicant may be requested to submit a further sample. (The cost of analysis must be paid at the time the application is lodged.)
6. If required, submit to an interview before the Licensing steward to assess suitability for approval to Grade "B". Assessment to include knowledge of race driving, relevant rules etc.

To qualify for registration as a 'A' grade driver the applicant must

1. Have completed a minimum of 100 Satisfactory race drives and have driven in at least 25 races in the previous racing season.

TRANSFER OF OWNERSHIP OR LEASE AGREEMENTS - CONTINGENCIES

The current practice of denoting contingencies upon transfers with the intent that the controlling body thereafter shall take steps to ensure such contingencies are fully discharged is not a practice that is recognised in either of the other codes nor the majority of other racing jurisdictions.

These agreements between buyers and sellers, eg \$2000 to be paid from the first win, are only agreements between the two parties and it is inappropriate for RWWA to adjudicate on what is in essence a contractual dispute between the parties should such an event arise. Effected parties should appreciate that RWWA does not recognise a contingency clause on horse ownership notification of transfer documents and will not become involved in a dispute which arises out of a contingency contained in a previously notified transfer of ownership.

Whilst the recording of such contingencies is provided as a means of ensuring a written record between the parties, it does not extend to RWWA enforcing in any way the terms of the clauses nor is any assessment made by RWWA with regard to the legality of the clauses. Any and all such questions that may arise are civil matters between the parties that must be determined accordingly.

TRANSFER'S OF OWNERSHIP - POLICY ADVICE

It is a requirement under the Rules of Racing for the name or names of every person or persons having any share or interest in the ownership or lease of a horse to be declared to RWWA prior to racing. Back-dating transfers or similar where such dates retrospectively affect the ownership of a horse in a race already run is therefore contrary to these principles. Furthermore once payments have been correctly made by RWWA based on recorded ownership details, it is impractical to attempt to re-allocate stakes to revised owners after the event.

Industry participants, in particular those involved in horse ownership, are therefore advised when completing the required Application to Transfer (or similar document that alters the official recorded ownership,) the Date of Transfer cannot be dated prior to the horse's last race start. The practice of back-dating the Date of Transfer so as to include dates where the horse has already raced will not be accepted and instead the Date of Transfer will be given the effective date of processing. Where race starts are not included in any back-dating then the indicated Date of Transfer will be recorded. This policy shall be consistently applied across all codes.

In circumstances where the ownership of a horse already engaged to compete is subject to change prior to racing, then the onus is on the incoming owners to advise RWWA Racing Accounts of

the impending change so that monies are not released until the transfer is completed. Payments will no longer be held pending the processing of the Transfer or Lease. RWWA will not be liable for retrieval or re-allocation of stake money already paid where adequate notice to RWWA Racing Accounts of the impending change of ownership has not occurred.

PHOTOS TO BE PROVIDED

All licensee's new and existing have been asked to provide a photo for our records and the upgraded licence card.

Headshot from the shoulders up on a white background. The photo can be taken with your phone and text to 0418 104 309 with your name or emailed to licreginfo@rwwa.com.au.

ORIGINAL DOCUMENTS FOR TRANSFER OF OWNERSHIP & LEASES

RWWA will now accept the submission of scanned/emailed or faxed copies of Harness Horse Registrations, however we remind participants that it is a requirement that any changes to the documents must be initialed by all parties in relation to transacting Harness Namings, Transfer of Ownerships or Lease Agreements. Transactions will not be processed without the correct paperwork received into our offices, and all documents should be sent and received at RWWA's offices in sufficient time to allow the transaction to be processed. No exception shall be made to this rule and all documents must be submitted prior to a horse being nominated to trial or race.

STANDARD BRED RACEHORSE SYNDICATION

Any person wishing to promote or buy shares in the syndicated ownership of a racehorse should refer to the PUBLIC PROMOTERS OF SYNDICATION section on the RWWA website.

This section has details of the obligations of persons wishing to promote the syndication of racehorses. Prospective buyers of syndicate shares should read the documents in this section before buying a share in a syndicate.

OWNERS NOTE SYNDICATES & PARTNERSHIPS

All current and prospective syndicate or partnership members should be aware of the ramifications of buying shares in a racehorse.

The promotion of a scheme which sells shares in a racehorse is subject to Corporations Law and there are significant penalties for schemes that are found to be operating contrary to the law.

Importantly the laws are in place to provide protection for persons who may purchase an ownership interest in a racehorse which is offered in such a scheme.

A horse racing syndicate must be registered with the Australian Securities and Investment Commission (ASIC) before it can operate if it is a "managed investment scheme" (MIS) for the purposes of the Corporations Act. This will generally be the case if the syndicate: has more than 50 members; or is promoted by a person in the business of promoting syndicates unless the investors in the scheme are "wholesale clients" for the purpose of the Corporations Act.

The promoter is required to have an Australian Financial Services Licence (AFSL).

LICENSING, REGISTRATIONS & OWNERSHIP

A promoter of a syndicate can avoid the requirement to register a managed investment scheme with ASIC if it registers as an approved promoter with RWWA. Once approved by RWWA, the promoter can then apply to ASIC for an AFSL.

RWWA is a Lead Regulator and as such is required;

- (a) to keep a register of all promoters of horse racing schemes to which the co-regulation arrangements applies;
- (b) to register schemes which the lead regulator has agreed to regulate;
- (c) to ensure that a promoter's disclosure statement or offer document contains sufficient information to allow investors to make an informed decision and to check the accuracy of this information;
- (d) to approve the agreements which establish the scheme;
- (e) to approve advertising in relation to the scheme;
- (f) to ensure that promoters and managers of schemes lodge the reports and accounts which they are required to lodge with the lead regulator;
- (g) to deal with any complaints;
- (h) to implement adequate surveillance, enforcement and disciplinary procedures;
- (i) to refer cases which may involve breaches of the Law or of licence conditions to the ASC;
- (j) to discipline promoters for failure to comply with the lead regulators' rules;
- (k) to remove from its register any promoter who fails to comply with the lead regulator's rules relating to the promotion and operation of horse racing schemes and to remove any person from its register if so requested by the ASC; and
- (l) to advise the ASC of the name of any promoter who has been removed from the register of promoters.

REPLACEMENT LICENCE CARD

A replacement card will only be issued where the licensee provides a statutory declaration detailing the circumstances in which the original card was misplaced. Such declaration must also be accompanied by a card replacement fee.

NEW WA LICENSES

When applying for a new licence in WA, participants must complete an application form. A GST Declaration Form is not always completed as part of the application process. As a result, this leaves RWWA unable to make payments or calculate GST.

It will be required that a correctly completed GST Declaration Form be submitted as part of the licence application process. This will ensure that any payments due are made on time to the licensee.

These changes are planned to be introduced 1st August 2012.

RECORD OF GEAR

Trainers are advised that it is their responsibility to ensure that the Record of Gear displayed in the race-night office is correct for each horse engaged at a meeting. Any discrepancy must immediately be advised to the stewards

Horses must not be presented in the parade ring with or without any gear contrary to that published in the official race day gear sheets unless specifically approved by the stewards

CHANGES TO LICENCE APPLICATION CHECKLIST FOR TRAINERS

Following a review of licensing criteria the RWWA Stewards have introduced some changes to the Licence Application Checklist which are applicable for all Trainer licence applications

These changes being that the following must be lodged with any application;

- A copy of three (3) months of Bank Statements with a consistent minimum, each month, of \$3,000 in savings
- Three references from industry participants
- Two credit references from suppliers (preferably from within the racing industry ie; Feed Merchants, Veterinary Surgeons etc)

The current Harness Licence Application Checklist can be viewed in the Harness Licensing and Registration section of the RWWA Website.

FOALING NOTIFICATION FEES FOR 2021/2022

Correct payment MUST accompany the Foaling Notification for the document to be processed. Please remember that the lodgement of a Foaling Notification later than 21 days after the birth of the foal will incur a late Foaling Notification fee which comprises the normal cost of the Foaling Notification, plus an additional fee of \$50 for each month elapsed after the birth of the foal.

For foals born in the 2021/22 season that are notified after 31st August 2022, an additional fee of \$1000 will apply to the normal Foaling Notification fee. Once a foal reaches the age of 2 years without having its Foaling Notification lodged with RWWA with the appropriate fee and a Statutory Declaration (on RWWA's website), the registration of that horse may not be approved.

Please note that Licensing & Registrations department have a new fax number 08 6314 4792.

All L&R documents can also be sent via email to RWWA Licensing Registrations & Stakes licreginfo@rwwa.com.au, via post, dropped in the mailbox at Gloucester Park or Ascot Offices (internal courier service daily), or through reception at Head Office 14 Hasler Road, Osborne Park.

RACING POLICIES AND GENERAL RACING INFORMATION

EMERGENCY RUNNERS

1. The Handicapper may declare a horse to be an emergency in any race programmed with a Random Barrier Draw.
2. There can be no emergency runners for any race programmed with a Preferential Barrier Draw.
3. A horse declared an emergency in a standing start race will be included in the draw for barrier positions.
4. Except as provided in clause 5 below, where a horse is declared an emergency in a mobile start race it will be allocated the highest number saddlecloth. In the event of a scratching it will take the position of the first scratched horse and retain that horse's allocated barrier number.
5. A horse which is excluded from the draw in a mobile start race may be declared an emergency provided that if it gains a start it shall start from the outside of the line on which the scratching occurs and it will retain its allocated barrier number. An emergency shall not be declared in a mobile race at a track with equal numbers of starters on each line.
6. A horse declared an emergency shall be required to take its place in the field where a scratching occurs prior to 8:30 am on the day of the race.
7. A horse declared an emergency will be withdrawn automatically without penalty at 8:30 am on the day of the race if it is not required.
8. The trainer of a horse declared an emergency may contact Harness Trainers Service Centre (or the Stewards if the meeting is conducted on a weekend or public holiday) at 8:30 am on the day of the race to ascertain if the horse gained a start or not. The Harness Racing Office or the Stewards will attempt to contact the trainer when an emergency gains a start.
9.
 - a) In the event that two horses in a field are scratched at the same time (for example by the same trainer with two runners) then the barrier numbers of the horses scratched will be placed in a barrel and the first number drawn will be taken by the 1st Emergency and the remaining number will be taken by the 2nd Emergency.
 - b) In the unlikely event that three horses are scratched at the same time, then the above procedure will take place with the 1st Emergency drawing one of the three barrier positions available and the 2nd Emergency drawing one of the remaining two barrier positions.

RACE CONDITIONS

Race conditions will include the following detail:

- a) Starting method.
- b) Stake.
- c) Race distance.
- d) Description of eligible horses which includes but is not limited to age, and HWOE level.
- e) Conditions for the draw for barrier positions.

f) Conditions applicable to handicapping.

g) A race may carry a condition which stipulates the conditions in which a horse with a higher classification may be eligible for the race. Such condition will be known as an "also eligible" condition.

h) In a race of any class, the term 'Mares' shall refer to and include Mares and Fillies and the term 'Entires and Geldings' shall refer to and include Colts, Entires, Rigs and Geldings

i) The eligibility of a horse entered into a race shall be determined as at the time acceptances close for such race. Following that time a horse which is listed as a starter will remain eligible for the race irrespective of any subsequent performance and will retain the same handicap mark or barrier position (unless excluded from the draw) except that a Maiden winning a race will be ineligible to start in a Maiden.

NOTE: RWWA has the utmost power to deal with any matter arising, whether or not such matter is specifically covered in the conditions of a race. Any decision by RWWA shall be final and conclusive and binding on all parties

BARRIER DRAWS

Barrier draws will be conducted as Random Barrier Draws (RBD) or Preferential Barrier Draws (PBD) and the mix of draws will be determined through the programming process.

Selected races, i.e. FFA PACERS, FFA TROTTERS, FFA MARES, RESTRICTED AGE and OPEN AGE, may utilise a Preferential Draw on an alternating basis with a Random Barrier Draw OR as a handicapping tool on a regular basis.

There will be two types of Preferential Draws:

1. PBD/L (formerly GPPBD/HWOE)

A Preferential Barrier Draw will draw horses in order of their HWOE Groups/Levels. (Refer Table 1)

- a) Horses in the same Level/HWOE Groups will be subject to a Random Draw within the Level/Group.
- b) Level 15+/HWOE \$100,000+ shall be drawn together in ascending groups of \$50,000. (Refer Table 2)
- c) An exception will be applied to Fillies & Mares FFA only races which will see mares in the same Level/HWOE Groups subject to a RBD within their Level/Group.
- d) If a race has a "Preference to" clause in the conditions then the preference level will determine the lowest HWOE group applicable for the race.
- e) If a race does not have a "Preference to" clause in the conditions then horses in the same Level/HWOE Groups will be subject to a Random Draw within the Level/Group.
- f) Horses nominating out of their group will be drawn together with the lowest group.

g) Horses using a concession will be drawn in their original group not a reduced group using the concession value.

h) Standing start races will have 10-metre handicapping increments

2. PBD/HWOEL2

This is a STRAIGHT sequential Preferential Barrier Draw on HWOEL2.

Horses with the same HWOE value will be subject to a Random Draw within their values.

The rest are straight sequential using HWOE.

3. PBD/HWOE

This is a STRAIGHT sequential Preferential Barrier Draw on HWOE and will only apply in 2YO races.

Horses with the same HWOE value will be subject to a Random Draw within their values.

The rest are straight sequential using HWOE.

4. PBD/MW (Metro staked race wins)

This is a STRAIGHT sequential Preferential Barrier Draw on MW and if used will only apply in 2YO Metro staked races.

Horses with the same MW value will be subject to a Random Draw within their values.

The rest are straight sequential using MW.

5. PBD/\$Lx (Dollars earned last x starts) This is a STRAIGHT sequential Preferential Barrier Draw on \$Lx and will only apply in selected races.

Horses with the same \$Lx value will be subject to a Random Draw within their values; HOWEVER, the minimum value placed on this draw will be x times minimum Unplaced Stakes. Horses having their first x starts in WA with LT x times the minimum Unplaced Stakes in \$Lx will be drawn in the minimum Unplaced Stakes group.

The rest are straight sequential using \$Lx.

Example: At present, Preferential Barrier Draws on \$L5 are being programmed. Horses on the same \$L5 value will be subject to a Random Draw within their values; HOWEVER, the minimum value placed on this draw will be \$500 (5 x minimum Unplaced Stakes).

The rest are straight sequential using \$L5.

6. PBD/CLAIM/HWOEL2

This is a STRAIGHT sequential Preferential Barrier Draw on Claiming Price with horses within each Claiming Price drawn in order of HWOEL2.

Horses within each Claiming Price group with the same HWOEL2 value will be subject to a Random Draw within their values.

7. PBD HWOE GROUPED

A HWOE Grouped Preferential Barrier Draw will only apply in Open FFA races (\$100,000+). Horses will be drawn in ascending groups of \$50,000 (Refer Table 2)

A horse with HWOE LT \$100,000 will be drawn in the LT \$150,000 Group.

WESTERN AUSTRALIAN HANDICAPPING RULES

Western Australia has introduced a conditioned handicapping system which will group horses together for the purpose of handicapping based on the stakes they have earned for WINNING races (HWOE).

1. Each time a horse WINS a race the dollar value paid for first is accumulated towards the horses HWOE (Win Only Earnings)
2. Place money and payments back to last do NOT get counted in this calculation and Westbred and other Bonuses are also not included.
3. In the event of a dead-heat for first place the dollar value paid for the number of places affected will be totalled and divided equally amongst the number of dead-heaters. This figure will be added to each of the dead-heaters' HWOE.
4. The formula for the calculation of HWOE for 2YO, 3YO and 4YO are detailed below:

a) 2yo wins in races less than \$100,000 then 25% of win stake to be considered towards the handicap win only earnings to a maximum of \$3,750 per race.

b) 2yo wins in races \$100,000+ then 25% of win stake to be considered towards the handicap win only earnings to a maximum of \$7,500 per race.

c) 3yo wins in races less than \$100,000 then 75% of win stake to be considered towards the handicap win only earnings to a maximum of \$11,250 per race.

d) 3yo wins in races \$100,000+ then 75% of win stake to be considered towards the handicap win only earnings to a maximum of \$22,500 per race.

e) 4yo+ wins in races less than \$100,000 then 100% of win stake to be considered towards the handicap win only earnings to a maximum of \$15,000 per race.

f) 4yo+ wins in races \$100,000+ then 100% of win stake to be considered towards the handicap win only earnings to a maximum of \$30,000 per race.

DETERMINATION OF HWOE – TRANSITION FROM PREVIOUS SYSTEM

While the following formula/methodology has been used to transition horses previously – AS FROM 1st September 2019 all overseas horses will be assessed as if all their wins had been under the HWOE system.

M-C	M-C	M-C	M-C	M-C	M-C	M-C	New Class - lowest of maximum or H\$WOE Conversion
Non Winners							H\$WOE \$0
M0-C0							H\$WOE \$12,500 maximum
M0-C1							H\$WOE \$17,500 maximum
M0-C2							H\$WOE \$22,500 maximum
	M1-C1						H\$WOE \$25,000 maximum
M0-C3							H\$WOE \$27,500 maximum
	M1-C2						H\$WOE \$30,000 maximum

RACING POLICIES AND GENERAL RACING INFORMATION

NOMINATIONS/ACCEPTANCES

1. A completed Stable Return must be lodged via HarnessWeb or in writing direct with Racing and Wagering Western Australia (RWWA) immediately when a horse comes under the control of a trainer with the intention of preparing the horse to participate in racing.

2. Any trainer relinquishing the training of a horse shall notify RWWA in writing, or via HarnessWeb, immediately upon the horse leaving his/her care.

3. A horse must be nominated through Racing and Wagering Western Australia by either:

a. HarnessWeb <https://harnessweb.harness.org.au>

b. Using the 24 hour Telephone Nomination Service - (08) 9445 5268

4. Trainers who nominate by HarnessWeb are reminded that they should always check any nominations lodged by checking 'MY NOMS' from the navigation menu. This will display all current nominations and engagements and provide the opportunity to rectify any problems or errors.

5. Nominating race preferences - In both nomination methods, where a horse is nominated for more than one race code the race code order in which it is nominated shall be deemed to be the trainer's order of race preference.

6. Preferences may be changed after publication of nominations and before 8.30 am on Acceptance Day by contacting Harness Racing Services on 9445 5267.

7. Unless otherwise specified in the conditions of a race or a race-meeting, the following nomination deadlines apply to all race meetings;

9. There is no limit on the number of meetings or races for which a horse may be nominated.

10. A horse may be nominated for a mobile or standing start race programmed for horses with a higher classification than the horse's classification at the time of nomination, subject to the race conditions allowing such Out Of Class nomination.

11. A horse nominated for a race may be transferred to another race at that meeting or be handicapped behind its automatic handicap with the Trainer's authorisation.

12. A horse taken out of a race PRIOR to Acceptance Time shall be deemed to have been WITHDRAWN. Horses taken out of a race AFTER Acceptance Time shall be deemed to have been scratched and may be subject to a scratching penalty of 14 days reduced to 7 days with receipt of a veterinary clearance.

13. As changes are sometimes made to race programs, trainers should always refer to the online calendar at <http://www.harness.org.au/racing/meeting-calendar/>

14. When nominations for a race are extended, it will be until the advertised Acceptance Time. Preference in field selection will be given to original nominations with late nominations given preference over original nominations which have an unfulfilled engagement.

15. In the event of an extension of nominations past the original Acceptance Time for any race on the programme the horses originally nominated cannot be withdrawn.

16. When nominations have been re-opened for a particular race, any horse that has been withdrawn prior to Acceptance Time, may only be re-nominated on the same handicap mark in a standing start race or under the same HWOE or \$L5 condition in a mobile start race and shall be treated as a late nomination.

17. Nominations for races will be published on HarnessWeb on the day nominations close and on <http://www.harness.org.au/media-room/racing-office/>. Preferences will be displayed.

18. If a horse accepts for two or more races at a meeting, a trainer may notify the RWWA Handicapping Panel of a preference for one race over another, however, such horse may be given a start in the race which allows the handicapper to maximise field size.

19. A horse will be ineligible to gain a start in a race if it has already been drawn into a race on the same day, unless otherwise stated in the race conditions.

20. A horse that is engaged as an emergency for the Final of a race may be granted a start in another race on the same day. If there is a scratching from the Final, such horse is required to contest the Final and will be scratched without penalty from the other race. Should such horse scratch from the Final, it will be deemed ineligible for the other race.

21. A horse that is engaged as an emergency in a feature race of higher stake money may be granted a start in a race of lesser stake money at the same meeting. If there is a scratching from the feature race, such horse is required to contest the feature race and will be scratched without penalty from the other race. Should such horse scratch from the feature race, it will be deemed ineligible for the other race.

22. A horse that is declared as an emergency in two or more Heats/divisions of a race or two individual races at the same meeting shall be deemed as a starter in the Heat/division or individual race from which the earliest timed scratching was taken. Such horse shall then be automatically scratched from the other Heat/division or individual race.

DUAL RACE MEETING NOMINATIONS

1. Where a horse is nominated for meetings on consecutive days and where acceptances are on separate days, a trainer not wishing to start the horse at both meetings, shall withdraw the horse prior to final acceptances for the second meeting.
2. Trainers who fail to withdraw such horse prior to Acceptance Time for the second meeting shall incur a 14 day Scratching Penalty if such horse is scratched after Acceptance Time for the second meeting.
3. The Harness Racing Office and Handicapper/s will not assume that a horse gaining a start at its first nominated meeting should automatically be withdrawn for the second nominated meeting.
4. If a horse is nominated for meetings on consecutive days and where acceptances are taking on the same day, a trainer's preference for which race / day they wish to start in shall be considered. However, such horse may be given a start in a race which allows the handicapper to maximise field size.

HORSE OMITTED FROM HANDICAPS OR DRAW/ REDRAW FOR BARRIER POSITIONS

1. If, after the declaration of acceptances for a race, it is the opinion of the Manager Harness Racing that an error or omission caused a horse properly nominated for the race to be omitted from the field and/or not correctly included in the draw for barrier position, the horse may be included in the field and/or draw for barrier positions under the provisions of this regulation.
2. A horse included in the field under the provision of sub-reg. (1) shall be considered by the handicapper in accordance with the field selection criteria set down by RWWA.
3. Allocation of barrier position to the horse included in the race and/or the draw for barrier positions under the provision of sub-reg. (1) shall be in accordance with the conditions of the race for which the horse is declared an acceptor.
4. In the event of a horse included in a race under the provisions of sub-reg. (1) causing a horse already declared as an acceptor for the race to be balloted the following will apply;
 - a) Where the barrier draw condition for the race is preferential the included horse's barrier shall be determined from the total number of barrier positions from which the horse is entitled to start. The barrier of the horse previously drawn in that position and all horses drawn outside the included horse shall move out one barrier position according to the preferential barrier draw configuration for the track in question.
 - b) Where the barrier draw condition for the race is random

the included horse's barrier shall be determined by a random draw. The horse previously drawn in that position and all horses drawn outside the included horse shall move out one barrier position according to the preferential barrier draw configuration for the track in question.

5. The nomination of a horse shall not be considered for inclusion in the field and/or inclusion in the draw for barrier positions under the provisions of sub-reg. (1) after 8.30am on the day following the declaration of acceptances for the race or after the time for the declaration of acceptances for the race has been extended.
6. Any person who, in the opinion of the Stewards, attempts to cause, or causes, a horse to be improperly omitted from the field and/or draw for barrier positions commits an offence and may be penalised accordingly.

SCRATCHINGS

1. Any horse, including emergencies, scratched after Acceptance Time (08:30 hrs) and before the day of the race will be stood down for 14 days as per normal Scratching Penalty Policy. This may be reduced to a seven (7) day race ban – if a certificate from a qualified Veterinarian is received which states the reason for the scratching and that the horse is fit to resume at the conclusion of seven (7) days.
2. Horses scratched on the day of the meeting will be automatically stood down from racing for a period of 28 days from the date of the meeting, except that in cases where a veterinary certificate is lodged and accepted by the Stewards within 48 hours* of the meeting, the period of the ban will be a minimum of seven (7) days from the date of the meeting.
3. Final scratchings are taken at 8.30am on the morning of each race meeting. Emergencies will be withdrawn at this time if there have been no scratchings in the race.
4. A horse that is a late scratching due to a float breakdown will be automatically stood down from racing for a period of 28 days from the date of the meeting, except that in cases where a mechanical certificate of repair is lodged and accepted by the Stewards within 48 hours* of the meeting, the ban may be reduced to a minimum of 6 days. If the Stewards are not satisfied that a late scratching due to a float breakdown is legitimate, then the provisions of Rule 88 may be enforced. *Paperwork not lodged within 48 hours for the above penalties may be considered at the discretion of the Stewards for approval or otherwise.
5. If, following the release of fields, a horse is scratched due to a change of ownership, such horse, upon lodgement of the transfer of ownership papers, may apply to have the scratching penalty lifted. A horse that is scratched due to a change of trainer will remain liable to the appropriate scratching penalties, unless such horse has been transferred to an interstate trainer, in which case the scratching penalty may be lifted upon approval from the Stewards.

6. A horse which is a starter in a stand start race and is re-handicapped following a performance in another race may scratch without penalty by contacting the RWWA Handicapping Panel prior to 8.30am on race morning.
7. A horse drawn as an emergency for a Metro race and subsequently drawn as a starter in a Non Metro staked race at another meeting may be scratched by connections without penalty from the Non Metro staked race provided there has been a scratching from the Metro race and application is made to the Harness Racing Office.

HEATS/FINALS

1. A race may be conducted as Heats and a Final (series) and may have a Consolation/s in conjunction therewith provided that:
2. A horse may become ineligible for any further Heat, Final or Consolation of the series if it is reclassified beyond the published conditions of the race for performances in races other than within the series.
3. Horses may contest more than one Heat, unless otherwise stated in the race conditions.
4. Preference in the selection of fields will be given to horses that have contested the least number of Heats.
5. For the purpose of selection of fields, a horse that is disqualified from a Heat will be treated as having been a starter in such Heat.
6. Horses selected in the Heats are deemed to be final acceptors in all rounds of Heats (if applicable) and the Final and will be liable for any penalties if scratched.
7. Horses will qualify for the Final based on finishing position and mile rate recorded in the Heats. If there are multiple horses with the same finishing position in the heats than there are positions in the final, then the horse/s with the fastest mile rate/s will qualify for the final. Note: the mile rate is recorded to two decimal places. In the event of multiple horses recorded with same mile rate than there are positions in the field, then a ballot will take place.
8. Preference in qualification for a Final will be given to horses which completed the course in their Heat.
9. A horse that is disqualified from a Heat will be ineligible to contest the Final.
10. If any qualified horse is unable to take its place in the Final (or subsequent race of the series), the next highest ranked horse based on finishing position or mile rate if applicable will be declared the qualifier.
11. It is the responsibility of the trainer to ascertain whether or not such horse has qualified for the Final.
12. Horses which qualify for a Final will not be permitted to start in any other race on the day the Final is scheduled.
13. Fields for Consolation races will be selected on finishing order and mile rate in the Heats.
14. The type of barrier draw applied to the Heats will also apply to the Final, unless otherwise approved by RWWA.
15. Where a horse contests a Heat and qualifies for the Final, the driver for the Final may be changed from the driver in the Heat, providing the change is notified by the time prescribed for the notification of drivers.
16. In the event of any Heat being abandoned after the declaration of Acceptances, horses (excluding scratchings) will qualify for the Final in descending order of automatic field selection points for Heats selected under the Automatic Field Selection System.
17. Accordingly, horses (excluding scratchings) will qualify at the discretion of the RWWA Handicapping Panel for Heats selected under the Manual Field Selection System.
18. In the event there are insufficient acceptors to run heats the acceptors will be automatically qualified for the final which will be selected using the Field Selection for Feature Races run without heats.
19. Where a horse contests a heat and qualifies for the final, the trainer of such horse IS required to nominate for the Final.
20. The provisions of Rule 195A shall apply, and be read into the conditions of entry, for races run as Heats and Final/ Consolation.

CONCESSION DRIVERS

1. A Novice Concession Driver is a licensed driver who has held a licence for a period of less than five years from the date a Grade B licence was first granted.
2. Concession drivers will be divided into three Concession Groups depending upon the number of winning drives they have had.
3. For the purpose of Concession Drivers, race meetings will be categorised into three classifications:
 - a. Metropolitan Prime (Gloucester Park, Friday), plus any other race where the stake money is \geq \$15,000
 - b. Provincial (includes race meetings classified as Metro Midweek)
 - c. Community (includes race meetings classified as Country)
4. A new B Grade Driver commences with a full concession at all venues (but will not be able to drive in metropolitan prime races until they meet the criteria for an A Grade Driver license). This is a Community concession.
5. Once a driver has more than 100 winners in total (or 20+ Metropolitan Prime Wins) they lose their concession at Community race meetings. This driver continues to have a concession at Metropolitan Prime and Provincial classified race meetings. This is a Provincial concession.
6. Once a driver has more than 150 winners in total (or 35+ Metropolitan Prime Wins) they lose their Provincial concession and can only claim a concession at Metropolitan Prime races. This is a Metro Concession.
7. For the purposes of calculating a novice concession, a dead-heat for first placing shall not count as a win

1. A Novice Concession Driver Claim will be for a five-year period and shall apply from the issue date of the licence to drive in races or until a Novice Concession Driver has driven 50 winners at prime metropolitan race meetings or 200 winners in total, whichever comes first.
2. At the completion of the five year period, a driver who has not driven 50 winners at prime metropolitan race meetings or 200 winners in total, may apply to the licensing steward for an extension of up to 2 years provided, if an extension is granted;
 - a) The driver's performance will be reviewed every 6 months, or more frequently if stewards deem necessary.
 - b) The extension may be cancelled at any time if the driver is not demonstrating a commitment to pursuing a professional driving career.
3. When considering an extension the licensing steward will consider the following:
 - a) Extended periods of injury, or other health issues which caused the driver to be unable to drive in races (including pregnancy).
 - b) Employment circumstances which precluded the driver from being able to pursue a professional driving career.
 - c) Other reasons put forward by the driver which indicate a determination and commitment to pursue a professional driving career.
 - d) The licensing Steward will also consider reports from other stewards and the Driving Master when considering any application and review.
 - e) Disciplinary records will also be considered when an extension is applied for, and time lost due to suspension may preclude the extension being granted, or reduce the term of the extension.
4. This policy will apply to a driver that is eligible to claim a novice concession at the time of enactment. This policy will not apply to a driver that is not eligible for a novice concession under the policy existing at the time this policy comes into effect.
5. A novice concession can only be claimed in a race where the conditions of the race stipulate.
6. Definitions
 - a) "Novice driver" means a licensed driver who is determined to be a Novice Concession Driver by a Controlling Body.
 - b) "Novice Concession Driver concession" means a concession given to a horse in a race whereby its HWOE are reduced by the Novice Driver's current HWOE Allowance.
7. A horse driven by a Novice Concession Driver claiming a concession can enter a race as determined by the concession clause of that race.
8. The Novice Concession Driver concession applies to race entry only and does not reduce a horse's HWOE for the purposes of the barrier draw.
9. To obtain a Novice Concession Claim in a race, the trainer of the horse must signify at the time of nomination that a novice concession is being claimed.
10. Notification of a specified Novice Concession Drivers for the purpose of a novice concession claim shall be made PRIOR TO Acceptance Time for the race meeting.
11. Where a Novice Concession Driver engaged to drive a horse with a novice concession allowance is unable to fulfil the driving engagement;
 - a) A replacement Novice Concession Driver shall be engaged to drive the horse.
 - b) Provided that where betting on the race has started the driver selected under clause (a) shall be of comparable ability to the replaced driver.
 - c) Where a suitable replacement Novice Concession Driver is not available the horse shall be withdrawn from the race without penalty.
12. When a Novice Concession Driver exceeds the maximum number of lifetime wins permitted for a concession claim and has further driving engagements, the driver will be permitted to claim the relevant concession/s for the remainder of such meeting and any other subsequent meetings where drivers have already been declared as per the advertised driver declaration deadline for the meeting.
13. When a Novice Concession Driver utilises a concession claim in a Heat and the horse he/she drives in the Heats qualifies for the Final, such driver will be eligible to claim that concession in the Final on the same horse even if such driver has won his/her final win for the respective concession claim.
14. If a horse races prior to Acceptance Time for a meeting thereby having its HWOE increased, then provided that such race is one in which a concession may be claimed, a Novice Concession Driver who is eligible to claim a concession may be engaged for, or substituted for, the engaged driver of such horse prior to Acceptance Time.

MARES ALLOWANCE

1. Unless stipulated otherwise, a mare nominated for a race not already restricted to mares shall be automatically granted a Mares Allowance
2. A Novice Concession Driver claim may not be utilised on a mare which has already benefited from a Mares Allowance.
3. A Mares Allowance can only be claimed in a race where the conditions of the race stipulate

STAKEMONEY DISTRIBUTION

RWWA will pay stakemoney for all races in Western Australia, except where otherwise advertised, in the following manner:

Stakemoney is split between owners, trainers and drivers as follows:

Owners 87.5%

Trainers 7.5%

Drivers 5%

1. Stakemoney payment runs occur every Friday and include stakes payments to owners, trainers and drivers relating to race meetings conducted between the previous Friday through to the Thursday.
2. Stakes payments for races with prize monies exceeding \$30,000 are held until results from swabs are cleared. Upon being given the all clear to pay, the stake payments are released the following day.

3. Stakes payments are made to the Managing Owner only.

DRIVERS PERCENTAGES & FEES

The Drivers fee is 5% of the total race prizemoney for drivers finishing first through to fifth.

All drivers receive a \$70 fee per race drive.

TRAINERS PERCENTAGE

Trainers with runners placed 1st through to 5th receive 7.5% of the prize money on offer.

OWNERS

Due to the unplaced starters' payment, which is treated as stake money, the stake money percentages are dependent upon total race stakes.

OFFICIAL TRIALS

1. A RWWA Official Trial Supervisor or RWWA Steward must be present for all Official Trials.
2. An Ambulance and Clerk of the Course (Catcher) must be present for all Official Trials.
3. Drivers are required to wear full race attire including approved vests and helmets, registered colours and white driving pants.
4. Trial Supervisors must submit trial results the following business day and they must be accurate and complete. Supervisors must sign off that trials have been conducted in accordance with this policy.

Eligibility to trial

1. A horse is not eligible to trial unless it is registered, been in the care of a licenced trainer for at least the previous 28 days and a stable return has been lodged.
2. A horse is not eligible to trial if it is currently under a stand-down, such as for a veterinary certificate.

3. A horse must have attained the age of two years old and be named to be eligible to compete in a Qualifying or Official Trial.
4. All horses competing in official trials must have their freeze brand checked against their Registration Certificate or official records of RWWA.
5. Any horse whose identification cannot be established will be withdrawn from the trial.

Nomination for trials

A late nomination for trials may be accepted for a horse barred from racing after the deadline for the nominations for the trials has passed provided the horse is presented for inspection to the Stewards/Trial Supervisor no later than 30 minutes prior to the first trial and the horses' Registration Certificate is provided.

In order to qualify or re-qualify,

1. A minimum of four horses must contest the trial, unless otherwise approved by the Stewards.
2. In a mobile qualifying trial, a horse must score up in its correct gait and/or without causing interference to other

- horses, be in its correct barrier positions and within one metre of the mobile barrier by the candy pole and the start.
- The horse must then complete the trial in a competitive manner running the qualifying times below, displaying satisfactory manners.
- In a standing start qualifying trial, a horse must not delay the start through intractability and leave the barrier at the correct gait. The horse must then complete the trial in a competitive manner running the qualifying times below, displaying satisfactory manners.
- When a horse is trialling to qualify or re-qualify and breaks gait through waywardness, displays unsatisfactory barrier manners and/or fails to run a mile rate within the qualifying time, it shall not be qualified or re-qualified.
- If a horse has previously qualified in a mobile trial, it may qualify for standing start races by performing a satisfactory 'jump-out'. (A 'jump-out' means a demonstration of satisfactory barrier manners by the horse and for it to be placed under pressure and maintain its gait for a minimum of 200 metres after the start).
- Any horse barred from racing until it completes a number of satisfactory trials shall not be trialled on the day the bar is imposed or trialled twice on the same day, for the purpose of having the bar removed.
- Only the horse's first trial on any day shall be counted as one official trial toward the bar being removed.
- Where a horse is barred to more than one satisfactory trial, the satisfactory trials must be completed consecutively before the bar will be removed.
- On tracks where there are two (2) rows of runners in an Official Trial, horses that are qualifying or re-qualifying should start from the front row.
- The following minimum mile rates for each individual horse will be observed in order to qualify or re-qualifying in official trials. Trial Supervisors may vary the qualifying time to accommodate adverse track or weather conditions.

Age	Gait	Start	Group A	Group B	Group C
2YO	Pacer	Stand	2:08	2:08	2:10
2YO	Pacer	Mobile	2:05	2:06	2:08
3YO+	Pacer	Stand	2:06	2:07	2:08
3YO+	Pacer	Mobile	2:04	2:05	2:06
2YO	Trotter	Stand	2:12	2:14	2:16
2YO	Trotter	Mobile	2:10	2:12	2:14
3YO+	Trotter	Stand	2:08	2:10	2:12
3YO+	Trotter	Mobile	2:07	2:08	2:10

Group A – Gloucester Park, Pinjarra, Bunbury

Group B – Albany, Bridgetown, Byford, Central Wheatbelt, Narrogin, Wagin, Wanneroo, Northam

Group C – Busselton, Collie, Williams.

Re-included in barrier draw

To be re-included in the barrier draw a horse shall:

- Complete the required number of consecutive satisfactory race or trial starts from the mobile barrier. For a start to be considered satisfactory the horses must score up in its correct gait, without causing interference to other horses, be in its correct barrier position and within one metre of the mobile barrier by the candy pole and the start. The horse must then leave the barrier satisfactorily and be placed under pressure for at least 200 metres after the start.
- Complete the required number of consecutive race or trial starts in standing start events from a barrier position which requires the horse to be facing the barrier strand. For a start to be considered satisfactory a horse must not delay the start through intractability and leave the barrier at the correct gait and remain in that gait for at least 200 metres after the start.
- When eligible for re-inclusion in the barrier draw, the trainer must make application to the RWWA Stewards for the ODM or ODS to be removed.

ALLOCATION OF FIELD SELECTION POINTS

1. To determine a horse's total Field Selection Points the horse's last five points scoring performance are added together, discarding the lowest points scoring performance so that the total of the remaining four points becomes the horse's Total Field Selection Points used.
2. Horses will be allocated Field Selection Points (FP) in accordance with the following table:

Field Selection Points Selection Table

Placing	1	2	3	4	5	6	7	8	9	10-12
Metropolitan Stakes Races - Field Selection Points	14	12	11	10	9	8	7	6	5	4
All other Stakes Races - Field Selection Points	10	8	7	5	5	4	3	2	1	0

1. A horse will be awarded 6 Field Selection Points for any ballot it receives.
2. The points gained from a ballot will replace the most recent lowest points scoring start, provided the ballot points are greater than the lowest points scoring start within the horse's Form Points.
3. Points will be credited to a horse's Field Selection Points total after the running of the race meeting from which the horse has been balloted.
4. This will not be applicable under the following scenarios:
 - a) when a horse has an unfulfilled engagement;
 - b) when a horse is a late nomination;
 - c) when a horse is deemed ineligible at acceptance time;
 - d) when a horse is balloted from a race having gained a start in another race on the same day;
 - e) when a horse is balloted from a race having already been balloted from another race on the same day;
 - f) if the horse is declared an emergency but is scratched;
 - g) if the race is declared a 'no-race' or is abandoned;
 - h) if the horse has already received ballot points in the past six days or has gained a start in the past six days;
 - i) if the horse gains a start in the five days following the date of the meeting from which they were balloted.
5. No Ballot points shall be allocated where a horse is balloted from a Metropolitan Stakes race.
6. When a horse qualifies to race it will be initially allotted 24 Field Selection Points. The point score of a newly qualified horse will then be calculated in the same manner as for a horse with a racing history.

Example:

Horse qualifies and earns 24 points as above

Race Position	Points Earned	Calculation	Lowest Points Discarded	Total Form Points
Qualifies	24	6 6 6 6	-	24
9th	1	6 6 6 6 1	1	24
7th	3	6 6 6 1 3	1	21
1st	10	6 6 1 3 10	1	25
8th	2	6 1 3 10 2	1	21
12th	0	1 3 10 2 0	0	16
2nd	8	3 10 2 0 8	0	23

7. A horse imported into WA from another Australian jurisdiction or from a country other than Australia will have its HWOE and Field Selection Points allocated as if the horse had competed in its races in WA.
8. Unless otherwise stipulated in the conditions of a race, where the race stake is \$6,000 or more the required number of horses will be selected from the horses with the highest field selection points (FSP), provided;
 - a) horse with lower points may be selected for one of the final three places in a field where it is the handicapper's opinion the selection of the horse will overcome an anomaly caused by the calculation of the horse's field selection points score, and
 - b) Where the race stake is less than \$6,000 the handicapper may also consider the selection of a horse with lower points which has been balloted from at least four (4) race meetings and has not started for at least twenty eight (28) days.
9. Preference in the selection of a horse under sub-clause 8 (b) will be given to the horse with the highest point score and the longest period in excess of 28-days between race starts.
10. Where two or more horses meet a preference or selection criteria the preference or selection will be
 - B. Random ballot .
6. Unless otherwise permitted by RWWA, a horse shall only be selected to start in one race at a meeting where TAB betting is permitted.
7. A horse shall not be selected to start at more than one race meeting on any day.
8. Trotters will not be selected to compete in races with pacers.
9. A horse is deemed to have an unfulfilled engagement when it is declared an acceptor in a race, provided it has not been declared an emergency in the race or is declared an acceptor in a Metro Stakes race.
10. A horse which has an unfulfilled engagement will only be selected for another race after horses which do not have an unfulfilled engagement have been selected.
11. RWWA has the utmost power to deal with any matter arising, whether or not such matter is specifically covered in the conditions of a race. Any decision by RWWA shall be final and conclusive and binding on all parties.
12. A horse must be nominated for a race by the prescribed time to be eligible for selection in the field.
13. Unless otherwise specified, the conditions for a race also apply to the Consolation of a race. The decision to declare acceptors for a Consolation will depend upon there being sufficient suitable acceptors.
14. For standing start races, if a horse is the next horse in but there are no spaces on the handicap mark the horse will be balloted and transferred to their 2nd preference (if there is one).

FIELD SELECTION

1. All Metropolitan Stakes races will be selected by L5\$ in descending order. The Automatic Field Selection System and the Unfulfilled Engagement rule are not applicable.
2. All Provincial and Country classified race meetings shall be selected in descending FSP (Field Selection Points) order. In the event there are multiple horses on the same FSP than there are positions in the field, then the horse/s with the highest L5\$ will take the position/s in the field. In the event that the horse/s in question have the same L5\$, then a random ballot will occur.
3. Where a race has more acceptors than the maximum field size and none of the acceptors have raced, field selection preference will be based on displayed form in Official Trials at the Handicappers discretion.
4. Community Race Meetings Fields for Community race meetings will be selected in descending FSP order with a preference in field selection given to horses that have NOT:
 - A. Won 3 or more races with Stakes > \$4,500 in their last 10 starts,
 - B. Won 1 or more race(s) with stakes > \$14,999 in their last 10 starts.
5. As part of a rotation some races will be for horses with 5+ WA starts and selected entirely on L5\$ in ascending order (i.e. lowest to highest). In the event there are multiple horses on the same L5\$ and there are less positions in the field available, then to determine the horse/s selected the following will apply-
 - A. Horse/s with the Lowest FSP.

DELETION OF RACES

- 1) If after final acceptances a programmed race has less than nine (9) acceptors, such race may be deleted and another programmed race with sufficient acceptors divided and held in substitution.
- 2) A race cannot be run with less than nine (9) acceptors, except in the instance of sustaining the viability of a race meeting proceeding.
- 3) No other race will be run except as detailed below;
 - a) Races for horses aged 2 years old will be conducted with not less than:
 - i. Five (5) acceptors for the period 1st January to 31st March
 - ii. Nine (9) acceptors for the period 1st April to 31st August
- 4) Notwithstanding, the Manager Harness Racing (MHR) may grant approval to draw a race with less than the desired minimum number of acceptors after taking into account factors including;
 - a) Alternate racing opportunities.
 - b) The numbers of acceptors in other races at the meeting,
 - c) The effect on wagering turnover.
 - d) Other factors considered relevant by the MHR.

DIVISION OF RACES

1. A programmed race may be divided where another programmed race/s has insufficient acceptors to conduct the race/s.
2. The practice whereby preference in field selection is given to a horse already nominated will not apply when a race is divided after nominations for the race have been extended.
3. The decision to divide a race will be based on the following criteria;
 - a) The maximization of wagering turnover.
 - b) The number of acceptors for the race.
 - c) The quality of the acceptors for the race.
 - d) Available stake distribution.
 - e) Available breeding incentive bonus.
 - f) The impact on nominations for a subsequent meeting.
4. The selection of the horses for each division will be based on each horse's HWOE, EXCEPT if a race has been advertised on L5\$ the selection for each division will be based on each horse's L5\$. The total number of available horses being split so as to maximize the field size of each division.
5. The required number of horses with the highest HWOE/ L5\$ (whichever applies) will be selected for the first race.
6. The same principle will apply if there are sufficient nominations to draw a third race.
7. If a race is to be divided based on HWOE and two or more horses have the same HWOE, the horse with the highest L5\$ will be selected in the highest race. If horses are still equal on L5\$ then the division will be made by ballot. If a race is to be divided based on L5\$ and two or more horses have the same L5\$ the horse with the highest HWOE will be selected in the highest race. If horses are still equal on HWOE then the division will be made by ballot.
8. Unless otherwise specified in the conditions of a race, the following procedure will apply in the separation of horses where a race is advertised as being for heats of a final;
 - a. For a Futurity Series where two (or more heats) will be run in a Division and no conditions as to the compilation of heats have been specified, the top seeds (based on prizemoney earned that season) will be split to enable two seeds to be placed in each heat (on a random basis, with the exception that horses owned in the same interests or trained by the same Trainer will be separated, if possible). The remaining runners will be randomly allocated between the heats, although horses owned in the same interests or trained by the same Trainer will be separated, if possible.
 - b. For all other races, horses will be listed in descending order of Field Selection Points and numbered accordingly

i. If there are two heats horses 1,4,5,8,9,12,13,16,17,20,21,24 will draw in heat one and numbers 2,3,6,7,10,11,14,15,18,19,22,23 will draw in heat two.

ii. If there are three heats horses 1,6,7,12,13,18,19,24,25,30,31,36 will draw in heat one, horses 2,5,8,11,14,17,20,23,26,29,32,35 in heat two and horses 3,4,9,10,15,16,21,22,27,28,33,34 in heat three. The same methodology will apply if there are more than three heats.

STANDING START HANDICAPS

1. Standing Start races shall be run as either a Handicap Stand or a Conditioned Stand.
2. Handicap Stands have defined handicaps which roughly reflect a win for each 10 metres at the circuit at which they are programmed.
3. Pacers and Trotters will utilise the same scale.
4. At Prime Metro both Pacers and Trotters will have a minimum HWOE requirement for eligibility.
5. Horses may be nominated out of class but preference in field selection shall be given to horses nominated in their class.
6. Novice Driver and Fillies and Mares Concessions are applicable in Standing Start races.
7. The Concessions values are as follows;
 - a) \$15,000 @ Prime Metro,
 - b) \$6,500 @ Country/Provincial 2/Provincial 1/Metro Midweek,
 - c) \$3,000 @ Community.
8. No concession claims can be made in conditioned stands.

PRE-PURCHASE HORSE ASSESSMENT & STEWARDS STATUS CHECK

Persons who are considering purchasing a horse from interstate or overseas to race in Western Australia are encouraged to contact the Harness Racing Office (08) 9445 5267 prior to purchase and obtain the horse's Western Australian HWOE Level and whether or not there are any Steward's bars applicable (i.e. ODM/S barred to trials etc.). Due to differences in handicapping systems the horse's assessment/classification in another jurisdiction may be significantly different to what it may be in WA.

RACE MEETING PROGRAMMING

1. The programming of races during a racing season will strive to provide reasonable racing opportunities for each age group and class of horse whilst maximizing the potential for wagering turnover.

Metropolitan Staked Meetings

- 1) Races restricted to fillies and/or mares will be programmed at each meeting (includes races for 2 and 3 year-old fillies).
- 2) A race will be programmed at each meeting restricted to horses with HWOE LT \$40,000
- 3) Races restricted to 2 year-olds will be programmed from 1st January to 31st August each year at 50% of meetings.
- 4) Races restricted to 3 year-olds will be programmed at not less than 50% of meetings each year.
- 5) A race with the condition "Open to any Pacer" will be programmed at each meeting except where such race would adversely affect the nominations for a race with a stake of \$30,000 or higher at an adjacent meeting conducted at a country venue.
- 6) Not less than one metropolitan staked race for trotters will be programmed every four weeks.

All Other Meetings

1. Races restricted to fillies and/or mares will be programmed at each meeting (includes races for 2 and 3 year-old fillies).
2. A race will be programmed at each meeting restricted to horses with HWOE LT \$40,000.
3. Races restricted to 2 year-olds will be programmed from 1st January to 31st December each year at 50% of meetings.
4. Races restricted to 3 year-olds will be programmed at not less than 50% of meetings each year.
5. A race with the condition "Open to any Pacer" will be programmed at each meeting except where such race would adversely affect the nominations for a race with a stake of \$30,000 or higher at an adjacent meeting conducted at a country venue.
6. Not less than one metropolitan staked race for trotters

FIELD SIZE AND NUMBER OF RUNNERS ON A LINE

The following minimum field sizes will apply to all tracks

1. Races for horses aged three years old or older will be conducted with not less than eight (8) acceptors.
2. Races for horses aged 2 years old will be conducted with not less than:
 - a) Five (5) acceptors for the period 1st January to 31st March.
 - b) Eight (8) acceptors for the period 1st March to 31st December.
3. Notwithstanding the above the Manager Harness Racing (MHR) or in the absence of the MHR the delegated representative of the MHR may grant approval to draw a race with less acceptors after taking into account factors including:
 - a. Alternate racing opportunities.
 - b. The numbers of acceptors in other races at the meeting.
 - c. The effect on wagering turnover.
 - d. Other factors considered relevant by the MHR.
4. In a standing start race at venues where the field size is restricted to 10 runners there shall be a maximum of 5 runners on each handicap mark, provided that;
 - a) At Collie there shall be a maximum of 5 runners on any line on each handicap mark.
 - b) At Busselton shall be a maximum of 4 runners on any handicap mark.
5. In a standing start race at venues where the field size is restricted to 12 runners there shall be a maximum of 6 runners on each handicap mark.
6. In standing start races the number of runners on a line shall be determined by track limits.
7. In a mobile start race at venues where the field size is restricted to 10 runners there shall be 6 runners on the front line and 4 on the second line with the exception of Williams where there shall be 5 runners on the front line and 5 on the second line and Collie where there shall be 5 runners on the front line and 3 on the second line.
8. In a mobile start race at Gloucester Park there shall be 9 runners on the front line and 3 on the second line except for the Nights Of Thunder Series which shall have a maximum field size of 9 with a mobile start format of 9 across the front line.
9. In a mobile start race at Pinjarra and Bunbury there shall be 7 runners on the front line and 5 on the second line.
10. In a mobile start race restricted to 2year old's and conducted between 1st January and 31st May the field size shall be restricted to 10 runners with 6 runners on

the front line and 4 runners on the second line except at:

- a) Pinjarra and Bunbury where there shall be 7 runners on the front line and 3 runners on the second line;
- b) Gloucester Park where there shall be 9 runners on the front line and 1 runner on the second line.

11. As from 1st June the field sizes for two year old's racing at -

- a) Pinjarra and Bunbury will be extended to 12 runners with 7 runners on the front line and 5 on the second line.
- b) Gloucester Park will be extended to 12 runners with 9 runners on the front line and 3 runners on the second line.

Maximum field size and number of horses to start on any line in a mobile start race and handicap mark in a standing start race.

DRAW FOR BARRIER POSITIONS

Pursuant to Rule 131 the following applies to the process for drawing barrier positions.

1. A draw for barrier position may be conducted by utilising the HaRVey operating system computerized barrier draw or by utilising a manual procedure.
2. A manual barrier draw will be conducted for all group races. Generally these will be conducted at the Offices of RWWA unless otherwise stipulated. Contact RWWA Racing Office for details of specific draws.
3. A manual draw for barrier positions will be performed as follows;
 - a) List the horse names for the race in alphabetical order and number each horse starting at one.
 - b) Allocate two separate sets of numbers equivalent to the number of horses requiring a barrier position.
 - c) Place each set of numbers in separate receptacles to facilitate blind selection of the numbers from the receptacle.
 - d) Draw a number from one receptacle and identify the number, which will then be allocated to the corresponding numbered horse.
- e) Draw a number from the other receptacle and identify the number, which will then be allocated as the barrier number for the horse name called at clause 2(d) above.
- f) Follow the same process until each horse has a barrier number.
- g) The same procedure applies to a manual random or preferential draw for barrier positions.
4. In accordance with Rule LR134, a horse excluded from the draw in mobile start races shall be allocated the highest weighted barrier position in accordance with the start format of the race whether or not the conditions of the race stipulate that the draw for barrier positions must be decided by preference.
5. Notwithstanding clause 3 above, where there is more than one horse excluded from the draw in the race the barrier positions for the horses excluded from the draw will be decided by lot in the case of a random draw or by preference in the case of a preferential draw, and ODM horse will be drawn inside RODM horses.

1. In the event of an error or omission affecting the draw for barrier positions for a race after the declaration of acceptances for the race, the discretion provided by Rule 132 (2) may only be exercised in accordance with Regulation 133.
2. Notwithstanding the provisions of clause 2 above the Controlling Body may approve an alternate method of conducting the draw for barrier positions for a race.

BARRIER POSITIONS AFTER SCRATCHING

1. Under the provisions of Rule 131, when a horse is withdrawn from a race the barrier lines do not change and the remaining horses on a line move down to fill the vacated barrier position.
2. Except as provided for in Regulation 133 and Rule 134(7), in a race where barrier positions are decided by a preferential draw, the barrier position of a horse shall not be changed after the draw for positions is completed.

COLOURS

Horses shall only race in the registered colours of either the owner or trainer as nominated on a Stable Return lodged by the trainer.

1) In the event that two or more horses are scheduled to start in the same set of nominated trainer's colours the following procedure shall be followed in order to ensure no horses start in identical colours

- a) Firstly, by utilising the trainer's second or subsequent set of registered colours being used on the starter with the highest barrier number
- b) Secondly, by utilising the registered colours of the owner of the second or subsequent starter – provided that the Harness Office can verify that the trainer is in possession of the colours
- c) Thirdly, by utilising the registered club colours of the club conducting the race

2) In the event that two or more horses are scheduled to start in the same set of nominated owner's colours the following procedure shall be followed in order to ensure no horses start in identical colours

- a) Firstly by utilising the owner's second or subsequent set of registered colours on the starter with the highest barrier numbers – provided that the Harness Office can verify that the trainer is in possession of the colours
- b) Secondly by utilising the trainer's colours or second set of trainer's colours
- c) Thirdly, by utilising the registered club colours of the club conducting the race

3) Notwithstanding the above, the stewards may give such directions as they think fit about the colours to be worn or

advertising to be displayed in a race

COUNTRY COUNCIL DERBY, COUNTRY DERBY AND COUNTRY OAKS

The following policy applies to a Country Council Derby, Country Oaks and Country Derby conducted after 1 July 2019.

1. To be eligible for a Country Council Derby, Country Oaks and the Country Derby a horse must be:

- a) Westborn, and
- b) Only trained outside the "prescribed-radius" from the 1st September of the Derby season as determined by Stable Returns lodged with RWWA.
- c) Driven by a licensed driver who is domiciled outside the "prescribed radius".

2. Preference in field selection for a Country Council Derby will be given to;

- a) Firstly a horse stabled and trained in the Council district in which the Country Council Derby is conducted.
- b) Secondly a horse which has been balloted from a Country Council Derby.
- c) Thirdly a horse which has not been placed 1st, 2nd or 3rd in a Country Council Derby.

3. Preference in field selection for the Country Derby will be given to;

- a) Four horses with the highest win dollars for the current season.
- b) Four horses with the highest stakemoney earned in their last five (5) starts, provided a horse selected under clause (a) is excluded from selection under this clause.
- c) The balance of the field will be selected at the discretion of the Field Selection Panel.

DRIVER AND GEAR CHANGES

The following policy applies pursuant to Rule 210 – Notification of Driver.

1. Notification of a change of driver must be made prior to Driver Notification time for such meeting.
2. The trainer is responsible for ensuring that a notified driver is available.

3. Any alteration to gear for a horse with an upcoming racing engagement must be notified via HarnessWeb or in writing by facsimile 9445 3056 prior to Driver Notification time for such meeting.

4. Except with the Stewards prior approval, a notification of a gear change received after the prescribed time for a horse which has an unfulfilled race engagement, will not be processed until after the race, and the horse will not be permitted to race with/without the gear in the race.

5. At the time a horse is nominated for a race, the person nominating the horse must notify the name of the licensed driver who has been engaged to drive the horse; provided where the horse is to benefit from a novice concession claim the novice concession driver may be nominated in accordance with Policy 14 (2).

6. Any change to the nominated driver after the times mentioned below requires prior approval of the Stewards.

7. Where approval is required for the change of a driver the Stewards may, in granting approval require a replacement driver to be of comparable ability.

RELINQUISHMENT OF THE TRAINING OF A HORSE

1. A trainer shall upon relinquishing the training of a horse immediately give notification of that fact to the Controlling Body in accordance with the provisions of Rule 119.
2. Such notification shall be by way of the lodgment of Harness Web or a fresh Stable Return/Notification of Gear Form indicating the date of relinquishment.
3. A trainer who fails to comply with any provision of the rule is guilty of an offence.

NOTIFICATION OF GELDING OF A HORSE

1. No person shall geld or cause to be gelded a horse without the prior written consent of the owner.
2. A person who has a horse gelded shall notify the Controlling Body of that fact in accordance with the provisions of Rule 100. Such notification shall be by way of the lodgment of a fresh Gear Notification Form indicating the date of gelding.
3. A person who fails to comply with any provision of the rule is guilty of an offence.

WESTBRED BREEDING BONUS CONDITIONS

To be eligible for the WestBred scheme a horse must be born, notified, registered and branded in Western Australia.

August 1 2014 saw the introduction of the Double WestBred incentive. A double Westbred eligible horse is a horse foaled, notified, registered, branded and sired by a stallion registered and standing in Western Australia at the time of service.

For eligible horses a WestBred Owner and Breeder bonus is payable on any 2 or 3 year old race where the total advertised stake is less than \$20,000 and where the horse is placed 1st, 2nd, 3rd or 4th.

The Breeder of a WestBred eligible horse foaled after 1st September 2011 will be paid an amount equal to 12.5% of any WestBred Owner Bonus paid on any 2yo or 3yo race as per schedule below. Such amount is over and above the WestBred Bonus and is therefore not subject to any trainer and/or driver percentages.

1. Bonuses are paid as follows;

Where the total advertised stake is less than \$15,000

WestBred Owner Bonus Amount	\$3,750	WestBred 12.5% Breeder Bonus Amount	\$468.76
1st	\$2,550	1st	\$318.75
2nd	\$675	2nd	\$84.38
3rd	\$338	3rd	\$42.25
4th	\$187	4th	\$23.38

Where the total advertised stake is less than \$15,000

WestBred Owner Bonus Amount	\$6250	WestBred 12.5% Breeder Bonus Amount	\$781.26
1st	\$4,250	1st	\$531.25
2nd	\$1,125	2nd	\$140.63
3rd	\$565	3rd	\$70.63
4th	\$310	4th	\$38.75

- The standard trainer and driver percentages are payable on the Owner bonuses paid 1st-3rd places inclusive.
- Should a Westbred Bonus for 1st place be earned in a 2yo or 3yo race by a Double Westbred eligible horse the Owner and Breeder bonus will be doubled. The Double Westbred Bonus will only apply to the winner and not place-getters.
- The Breeder of a WestBred eligible horse foaled after 1st September 2008 and winning its first race after 1st September 2014 is entitled to a first win bonus of \$3000.
- The race-book Owner of a WestBred eligible horse foaled after 1st September 2008 and winning its first race after 1st September 2014 is entitled to a first win bonus of \$3000.
- The Breeder and Owner first win bonus (as explained in points 3 and 4) are not subject to any trainer and/or driver percentages.
- Westbred Bonus will NOT be paid on Breeders Crown races.
- In the event of a dead-heat for a placing affecting Westbred Breeding Bonus payments the dollar value paid for the number of places affected will be totalled and divided equally with each eligible dead-heater receiving the applicable amount.
These provisions do not apply for a First Win Bonus which is payable in full irrespective of a dead heat for first placing.

WESTBRED REALITY				
Total Amount of Money Available On the Race (Including Stakes and Westbred Bonus Payments)				
Effective Race Stakes				
Base Stake	Westbred Bonus	Westbred Bonus + 1st Win Bonus	Double Westbred	Double Westbred +1st Win Bonus
\$4,500.00	\$8,718.76	\$12,718.76	\$11,587.51	\$15,587.51
