MILLERS COUNTRY CUPS

There's no doubt that Mitchell Miller has been driving in a purple patch of form of late, but the 26-year-old added the Busselton and Albany Cups to his wins in January in a 24-hour period.

This season at Busselton had five meetings on offer, but the 2022 Cup was a fairytale ending for owner Tim Blee and trainer Matt Scott, with Awaitinginstructions breaking through for the win. Connections looked on as it appeared the \$3.10 shot had blown his chances on the first turn after being tightened and contacting a marker peg, galloping his way out of contention, but after tacking back on at the rear of the field, a positive drive from Miller saw the five-year-old three wide 500m from home, with Awaitinginstructions sailing home to win by 30.2m.

PHOTO: Awaiting Instruction, Busselton Cup. Carol Lewsley at Craicpot Photography.

“

THIS WONDERFUL HORSE HAS TAKEN HIM ON SOME RIDE, AND I AM SURE IT MEANS AS MUCH TO HIM AS IT DOES TO ME.”

“

TO WIN A COUPLE OF COUNTRY CUPS
TO ME JUST FEELS LIKE A REWARD FOR
TIME AND EFFORT THAT GOES INTO EVERY
WEEK, FINALLY SOME OF THE HARD WORK
IS PAYING OFF.”

"I could see things getting tight and I thought 'oh no, this isn't a part of the plan.' When he gallops, he doesn't know what to do and it took him a while to get back down but then the field slowed up and he pretty quickly got back in touch,"

"Mitchell (Miller) showed a very cool head, he didn't panic and let him relax and slide along at the back of the pack."

unfortunately the five-year-old had to be scratched from the Northam Cup just eight days later due to reoccurring issues with his feet.

The thrills didn't end there for Miller, with a quick back up the next day and a four-hour drive to Albany, he partnered with the Barry Howlett trained Classic Choice NZ in the Wellington and Reeves Albany Cup. Leading all

with Miller agreeing that it was a wise decision by his mum and dad. After leaving school halfway through year 12, Miller dedicated the next four years to his apprenticeship to become a boilermaker, and during the 2016/2017 season, took up a position working for Greg and Skye Bonds stable.

Since then, Miller has worked at a number of different stables, learning his craft of driving and in more recent times has taken up the position as foreman for Kim Prentices stable in Coolup. Since making his debut as a reinsman in 2010/11, Miller has driven in a total of 3078 races, for 222 wins and 639 placings, with his last few seasons undeniably some of his best.

"Numbers wise, the 2021 season was a career best on wins and prizemoney,"

"2020 for me personally was a high as I was able to drive consistently in town with some good results,"

"So far this season has been my best start, so hopefully it can continue."

"To win a couple of country cups to me just feels like a reward for time and effort that goes into every week, finally some of the hard work is paying off."

Ashleigh Paikos

“

NUMBERS WISE, THE 2021 SEASON WAS A CAREER BEST ON WINS AND PRIZEMONEY”

"There has been a lot of honest conversations over the last 12 months, but we have ridden the wave and emerged with a fantastic win in a Busso Cup." Tim Blee said.

When asked what was going through his head when Awaitinginstructions galloped on the first turn, Matt Scott responded "I was just so disappointed for Tim. Horse has had a million feet troubles. It's been a rough 24 months, it's the only time I've cried after a win,"

"This wonderful horse has taken him on some ride, and I am sure it means as much to him as it does to me." Tim Blee said.

Plagued with foot problems, the win at Busselton in the feature race was the reward for the effort that they deserved, but

the way over the 2690m mobile start, the smart five-year-old never looked in danger, with the \$2.10 shot smashing the track record and spacing the field by 29.2m in 1:58:4.

'Classic Choice did it so easy, it almost didn't feel like a cup,'

"My only concern was whether he could run a strong 2700m, which he did quite comfortably."

"Just topped off a super weekend, can't say I've driven two cup winners in two days before, so definitely a career highlight." Miller said.

Introduced into harness racing through his dad, Daryl Miller, Mitch knew at a young age that he wanted to become a driver, but his parents didn't allow him to go into horses' full time until he had a qualification,

THE WINNING FORMULA

MITAVITE
Mighty Good

“ Like most trainers, I have considered many performance feeds over the years, but I just keep coming back to Formula 3. For consistency, high quality ingredients and most importantly performance – the results speak for themselves.” **Paul Fitzpatrick**

BUSSELTON SEASON WRAP-UP

From a club perspective, another great season of racing, another great financial season and overall a great intro to Harness Racing for the thousands of spectators who attended our meetings.

Seasons Awards were again keenly contested with Colliers Trent Wheeler just defeating promising youngster Mitchell Miller in the Dunsborough Vet Hospital Leading Reinspersons Award.

The Esplanade Hotel Sweetheart Series for fillies and mares was again well supported throughout the season with David Youngs charge Minor Catastrophe winning the decider at the final meeting of the season and also receiving the \$2000 Bonus offered by the Club. She also earned valuable Bonus points and Epona credits from the fabulous sponsorship from WASBA as well as winning the Bridgestone Tyres Horse of the Year award of a set of tyres along with individual race trophies along the way. All in all she had a great season. As this series pays 1st to 10th there were also others appreciative of the bonuses they received.

Regular supporter of the club Matt Scott again won the Busselton Harness Racing Club Leading Trainer award and to all who supported us we are truly thankful and look forward to seeing you again later in the year.

Culminating the end of the season there was no-one happier than popular owner Tim Blee when his horse Awaiting Instructions won the BFS Busselton Cup in remarkable fashion. Blee also had another winner earlier on the night with Belonero, however he has been trying to win the cup for a few years now and all credit to both Scott and Blee for preparing the horse and presenting it to take part in our premier event. Scott was absolutely delighted and Blee was still shaking a half hour after the event.

MARK REED

CURTAINS CLOSE ON COLOURFUL CAREER

Former top reinsman Mark Reed has announced his retirement from harness racing following a colourful and sometimes controversial career spanning more than 25 years.

The now 41-year-old drove a total of 1,541 winners in the sulky – including several Group 1 triumphs – in addition to training a plethora of victors across both the harness and thoroughbred codes.

Despite his zest for competition waning and his desire to spend more quality with his family being the key reasons for calling time on his driving pursuits, Reed says it was never going to be anything else bar racing for him from an early age.

"I've always followed horses my whole life," he said.

"Dad was into the horses and basically I got into them because of him and Mum.

"When I used to go to primary school and high school, my mother used to give me two dollars a day lunch money and I used to keep it.

"Come Friday, I'd have 10 dollars to go and have on the first favourite at Gloucester Park that night."

Reed start driving pacers in jog-work in his early teens whilst attending high school at La Salle College in Middle Swan and was hopeful of commencing a reinsman career once he reached the mandatory age of 16, however, his parents had other ideas.

"I didn't finish year 10 at school," Reed said.

"I got halfway through and I wanted to do the horses but Mum and Dad wouldn't let me.

"They made me go and get an apprenticeship, so I became a ceramic tiler and Brian Peake was my apprentice master.

"I did it for two-and-a-half years, but I ended up leaving and getting a job with Greg Harper because horses were the only thing I ever wanted to do."

Reed met his now-wife, Bev, whilst working at Harper's stable and drove his first winner when debuting on the day of his 16th birthday.

He made an immediate impact in the sport and competed in his first Group 1 WA Pacing Cup aboard Nebulizer at the age of just 17, finishing second in a photo finish with Our Sir Vancelot.

"It just took off and I loved it," he said.

"I was good at it and I was the youngest reinsman to drive 100 winners in a year in the world, which I didn't realise.

"It's still a record in Australia and in America.

"I just loved it, I was fanatical about it and I enjoyed it."

Reed's training venture kicked off only a couple of years later and in a relatively short space of time

he found himself with a strong boutique stable.

He prepared his first Group 1 winner, Another Party, at the age of 20 and the Holmes Hanover gelding would go on to give him some of his biggest thrills in the sport.

"I used to drive for his owner, Celeste Baker, and she was the leading owner at the trots at the time," Reed said.

"She took the horses off the trainer at the time and I had just taken my trainers' licence out so I asked her, 'I've just got my trainers' licence and you don't know if I can train or not, but can you give me a horse and I won't charge you one training bill until it wins a race in town and then you can pay me what you owe me'.

"The first horse was Skippers Trick and it ended up running third in a Fremantle Cup.

"She gave me Another Party after that and a year later we won the Fremantle Cup, then I took him over to Melbourne and we won the Hunter Cup."

When asked about his career highlight in two-and-a-half decades of racing and pacing, Reed barely thinks before labelling his trainer-driver feat with Another Party in the 2001 edition of the \$400,000 Group 1 A.G Hunter Cup at Moonee Valley as the clear pick.

“

I'VE STILL GOT THE ARTICLE AT HOME WITH THE HEADLINE, 'CUP PLUNGE EXPOSED: HOW THEY GOT \$500,000 OUT OF THE TAB'."

“

I'VE ALWAYS
FOLLOWED HORSES
MY WHOLE LIFE”

PHOTO: Vicki Photos

PHOTO: Mark Reed with Caveman

"I ended up winning enough money to buy my first house in Maylands," he said.

"My mate Kim Hunter and I backed it pre-post at \$81 and I was walking the horse around the stalls on the night and Kim came up and said, 'we've stuffed this up – we've averaged \$28 and it's 100-to-one with every bookie now'.

"I said, 'if we have more on it until it shortens then we won't have stuffed it up', but we didn't have any more money, so he

Initially trained by Emma Stewart in Victoria, the then-four-year-old arrived in WA in the spring of 2009 to contest a swag of Group 1 events after having won 12 of his 16 lifetime starts and was later transferred to the care of Reed's father, Mike.

"I won three Group 1 races on him and I wasn't even supposed to be driving him," Reed said.

"The first time I won on him I'd just given up driving

Reed's father had trained a few gallopers on and off throughout his career and when Reed saw the success some of his friends were having with tried horses in the sport, it sparked his interest even more.

He soon burst onto the thoroughbred training scene in a blaze of glory, winning a Group 3 Queen's Cup, multiple Listed Kalgoorlie Cups, a Listed Boulder Cup, a Listed Pinjarra Cup and a Listed Belmont Classic, as well as a swag of other metropolitan

one at the races to get all my money back.

"It wasn't the training that brought me undone, it was all the other aspects and I should've just stuck to the basics."

Without doubt an incredibly gifted reinsman and trainer at the peak of his powers, Reed's rollercoaster career has often been polarising.

However, he feels his past indiscretions have proven to be invaluable life lessons.

"I've made a lot of mistakes along the way and I've upset a lot of people, but I wouldn't change anything," Reed said.

"They were lessons that had to be learned and I reckon it's held me in good stead for the person I am today and the father and the husband I am today. th my weight, for one," he said.

"But more than anything else, I enjoy doing the simple things

in this day and age more than I used to.

"I enjoy doing things with my missus and kids and I enjoy a lot simpler life.

"My ambitions aren't to be a leading reinsman or be in the hustle and bustle of competition now, I just don't have it in me anymore.

"But I'll still help Dad with the horses at the stables."

With horses now no longer being a main priority in Reed's life, he is particularly looking forward to spending more quality time with his wife and children – Ethan, 14, and Porscha, 15.

Asked how he plans to fill the spare time where he'd normally be driving in races, he says he has a plan.

"I've got Husband of the Year wrapped up, so I want to see if I can win the double with Father of the Year now," Reed joked.

"But Ethan's right into tennis and trains at the State Tennis Centre.

"He's going really well at it.

"My daughter is a mad dancer and was a back-up dancer at the half-time entertainment at the AFL grand final last year.

"She's just won a scholarship and she's really, really good at it.

"I'm looking forward to watching them."

MICHAEL HEATON

THEY WERE LESSONS THAT HAD TO BE LEARNED AND I RECKON IT'S HELD ME IN GOOD STEAD FOR THE PERSON I AM TODAY AND THE FATHER AND THE HUSBAND I AM TODAY."

rang someone who got hold of a professional punter called Andrew Harcourt.

"He just happened to be having dinner with John Elliot at Crown and he ended up having more on it that we ever could have dreamed of.

"I've still got the article at home with the headline, 'Cup plunge exposed: How they got \$500,000 out of the TAB'."

Another favourite memory of Reeds was his association with Bonavista Bay – a Rustler Hanover entire whom he also tasted interstate success with.

again because I wanted to concentrate on training the gallopers.

"He was in the Golden Nugget on the Friday night and Chris Alford got stuck at the airport in Melbourne and couldn't fly over, so I was retired for about two days and drove him on that Friday and won the Group 1.

"I continued driving after that and then won the Four-Year-Old Classic on him eight weeks later.

"In the end Dad took him over to Melbourne and I won the Super Sires' Final at Melton on him, too."

races, before successive disqualifications would ultimately end his time in the code.

"I trained them exactly the same as the pacers, basically," he said.

"But I ended up getting too many horses and I've only got myself to blame.

"I was a degenerate gambler and if I had've just stuck to not trying to be too smart or too clever things could've been different.

"I was punting on the sports betting and I'd have to try back

Four Generations and the Patience of a Saint

GARRY JOHNSON BREAKS THROUGH WITH 93 START MAIDEN

At start 93, Ourcaribbeancruise broke through for her maiden win for breeder, trainer, and part-owner Garry Johnson. With a racing career stemming over almost four years, the six-year-old mare had just 18 placings to her name before the last race at Bunbury on Tuesday January 25, but with stakes of almost \$26,000, the double Westbred mare added another \$4750 to her stakes and a further \$7500 in bonuses for her connections.

Johnson never doubted that his mare would eventually get the win, and he never wavered at the long process, with her half-brother Im Riddler taking many attempts before breaking through for his maiden, coincidentally also at the Bunbury circuit.

"She's the type of horse that never gets a draw and does all the work, it was just a matter of going around and getting a draw or get a run that suited her. The mile suited her for the amount of work she does," Johnson said.

Johnson hopes that Ourcaribbeancruise still has a couple of wins left in her and although there has been plenty of over east interest in her, Johnson has no plans at this stage of selling.

"I didn't start them at an early stage, I just educated them and waited for them to be ready. Unless you've got a really good horse its hard. If you've got a horse with behavioural issues like Im Inapickle, you have to run them around until the penny drops," said Johnson.

"Until recently, the ones we've bred aren't what you'd call top class, only because we used the mares that we had that are old lines and go back to the older type, whereas now we're getting into better stallions and a better-bred mare."

"It's like everything else, it's a work in progress." Johnson said.

Garry was 17 when he first started driving in races and with over 52 years of experience in the cart, Johnson has driven in thousands of races and worked with many horses over the years.

"(I got involved) at a pretty early age, I started riding horses at five and I wasn't allowed to drive horses until I could ride, so I was about seven before I started driving them there," said Johnson.

"It was just a genetic thing, because everyone else was doing it and I wanted to do it as well."

"It all started with my grandfather, we were living in Fremantle next to the stables, so I was down there everyday after school and before school."

"I drove Wray Oro for Pop at Richmond Raceway, he won off 10m at 100/1. It was a whole family affair. Both of my grandparents were still alive, I guess you could say that's one of my fondest memories." Johnson said.

It's always been a family affair for the Johnson family, with Garry's son Brock a former reinsman himself, making it four generations of involvement in the WA harness racing scene and over 90 years of history in the game. Preparing four winners on the card at the Golden Mile Trotting Club was just one of the thrills that Johnson has achieved in his time but driving three of the winners and his son Brock saluting on the fourth

was the icing on the cake. Brock took a step back from the horses when he made the move to Karratha, but still retains shares in a couple of horses his father trains. With harness racing running thick in their blood, its expected that Brock will get a horse or two of his own when he makes the move back to Perth in the future.

Johnson, a third-generation harness racing participant was always destined to be involved in pacers with his grandfather (Bill) father (Max) and uncle (Bob) heavily involved and successful in the sport.

Bill (Pop) Johnson's introduction to harness racing began in the 1930's as a trainer and driver, with a small team of horses in work until the 1949/1950 season where he ramped up his team and finished third on the Perth Training premiership that year.

A multi premiership winning trainer, Bill took out five Perth training Premierships in his time, with the first of his big achievements during the 1949/1950 season with a total of 29 winners under his belt. In the 1956/57 season he topped the leader board with 34 wins, 1957/58 with 26 wins, 1958/59 with 22 winners and finally in 1962/63 with 23 wins. With up to 35 horses in work during 1950-1965 when Johnson dominated harness racing in Perth, it was a team effort with sons Bob and Max working closely with their father and his horses.

No stranger to success, Bill took out the WA Pacing Cup twice throughout his career, firstly in 1951 with his runner Royal Shadow and then in 1963 with Heroic Action. Based in Fremantle at the time, Bill contested the Fremantle Cup on many occasions, managing to win the prestigious race three times, with his son Bob driving two of the winners (Imperial and Admiral Royal) and Max driving the third, Sylvia Mind in 1966.

Bill was finally inducted into The West Australian Racing Industry Hall of Fame in 2010.

Garry's father, Max Johnson was also inducted into The West Australian Racing Industry Hall of Fame in 2014 after a lifetime of involvement and success in harness racing in WA. Born in 1931 at the start of his own father's introduction to the industry, he didn't initially follow in the footsteps of his father, with Max starting his racing career as an apprentice jockey but unable to keep his weight down, he made the switch to harness racing. At the age of 19, he went through the reinsman school and landed his first winner in the sulky at Gloucester Park in 1949 behind Golden Wheat. Just two years later, Max became the youngest driver to win the Perth Drivers Premiership at 21-years-old.

Ashleigh Paikos

**LOWER COSTS FOR
HIGH-TECH SCANS
PROMISE**

BETTER FUTURE HEALTH FOR RACE HORSES

Racehorse welfare is being reinforced by a new initiative to bring down the cost of high-tech health scans.

Racing and Wagering Western Australia (RWVA) is introducing a rebate of half the cost of using advanced diagnostic imaging to investigate musculoskeletal conditions in thoroughbred and standardbred racehorses, up to \$1500.

RWWA Veterinary Services Manager Dr Judith Medd said the rebate would support owners and trainers in providing the best care to horses in training and racing.

"Advanced diagnostic tools such as MRI and CT scans can identify subtle bone and soft tissue changes earlier than conventional techniques like radiology and ultrasound," she said.

"Instead of simply resting horses if an x-ray doesn't show any reason for lameness, we can now get a better insight into the reasons behind the problem and potentially fix it."

The rebate is possible thanks to the one per cent of racing prizemoney set aside for animal welfare initiatives in the 2022 financial year.

"High technology can come at a high price so we're offering to refund up to half the cost of using advanced imaging to protect the wellbeing of racehorses," Dr Medd said.

"The ability to spot early musculoskeletal changes will help trainers and their vets apply management strategies to improve the health of horses in their care.

"The benefits go beyond potentially longer careers and improved performance of racehorses to better options when they retire to new equestrian pursuits.

"We are committed to supporting racehorses in successfully moving on to new careers and activities after racing."

INSTEAD OF SIMPLY RESTING HORSES IF AN X-RAY DOESN'T SHOW ANY REASON FOR LAMENESS, WE CAN NOW GET A BETTER INSIGHT INTO THE REASONS BEHIND THE PROBLEM AND POTENTIALLY FIX IT."

To be eligible, the imaging must be recommended by a vet and the horse must be registered as active or spelling within the relevant national racing database and based in Western Australia for at least three months before applying for the rebate.

The advanced diagnostic imaging tools eligible for the rebate, available from February 1 for a six-month trial period are:

- Scintigraphy (bone scanning)
- Magnetic Resonance Imaging (MRI)
- Computed Tomography (CT)
- Single Proton Emission Computed Tomography (SPECT)

FOR MORE INFORMATION OR TO REQUEST THE ADVANCED IMAGING REBATE APPLICATION FORM AWF036, CONTACT RWWA'S ANIMAL WELLBEING DEPARTMENT ON (08) 9445 5221 OR ANIMALWELFARE@RWWA.COM.AU.

2022 HARNESS THE DREAM

THE WINNERS OF THE INAUGURAL HARNESS THE DREAM COMPETITION WERE ANNOUNCED AT GLOUCESTER PARK AMONGST A BIG CROWD ON-COURSE FOR THE CHINESE NEW YEAR AND TABTOUCH WA PACING CUP MEETING, WITH KRISTEN AND TONY BARNARD - TEAM 'HIGH VOLTAGE' - WALKING AWAY AS THE VICTORS!

Kristen and Tony won a 10% share in the ready to race two-year-old WestBred gelding, Valedictorian, as well as all training fees with multiple Group One winning trainer, Justin Prentice, paid until June 2023 as part of the TrotSynd Number 20 syndicate.

Eleven teams competed in the inaugural Harness the Dream series, vying for the chance to get their first taste of ownership in harness racing.

Harness the Dream highlights the accessibility and excitement of standardbred ownership, including behind the scenes insight into the trots, training facilities and opportunity to establish connections between potential new owners, trainers and industry participants.

The competition also promotes the benefits to owners of the WestBred Bonus Scheme, in the lead up to the 2022 APG Perth Yearling Sale.

Over the three weeks of the competition the teams attended two Harness the Dream events, including a Stable Tour of Gary Hall Snr's professional pacing stable, where they met Australasian harness racing champion, Im Themightyquinn. They also enjoyed a Masterclass lunch at the Byford Trotting Training Complex, hearing from industry experts on the subjects of breeding, ownership, training, shoeing and life after racing.

Competition winners Tony and Kristen Barnard are no strangers to horses, with Tony coming from a Polo background and Kristen from a show horse background herself, the love of horses runs deep in the pair. Kristen had a real passion for transforming thoroughbreds off the track into show horses, but recently decided to take a step back, with the Barnards selling their horses in hopes for a more 'simple life'.

The step back didn't last long, with Kristen buying a small share in the all-ladies syndicate horse, two-year-old Cosmopolitan Girl who is trained by Daniel and Ben Pearce.

After seeing Harness the Dream advertised on social media, the pair decided to apply.

"I've always wanted to learn more about the code and I thought this would be a great opportunity to do so,"

"We have learnt so much already. I honestly learned so much from the stable tour and last night (The Grand Final). I am so excited to learn more," said Kristen.

Raising three kids is a full-time job in itself, with Kristen and Tony having three boys aged 15, 14 and four years old and even though they recently made the decision to take a step back from show horses, they still find themselves at various horse events each weekend.

"Since I've stopped showing, we've found ourselves filling the weekends with horse events anyway. We've been to watch a bit of show jumping and various Off the Track classes in other disciplines. I love judging breed shows and plan on doing more of that this year," Kristen said.

Valedictorian is a son of champion sire Art Major and out of Courage on Fire NZ, bred by Kevin and Annette Charles. Purchased at last years APG Yearling sales, trainer Justin Prentice had his eye on the then colt and advised prospective buyers Trotsynd #20 that he believed the youngster was worth stretching the budget for, with the syndicate purchasing lot 443 for \$40,000. Headed by prominent owner Rob Gartrell, there has been glowing reports on Valedictorian's progress, with the two-year-old making his debut on Tuesday 15 February in the 2YO Colts and Geldings Sales Classic Heat.

Valedictorian is eligible for four group ones this season as a two-year-old and by all reports, should be an exciting horse for his new owners.

All eligible teams participating in Harness the Dream 2022 and who didn't win the major prize received a \$1500 voucher to spend towards the purchase of a WestBred yearling at the Perth APG Yearling Sale.

“

I'VE ALWAYS WANTED TO LEARN MORE ABOUT THE CODE AND I THOUGHT THIS WOULD BE A GREAT OPPORTUNITY TO DO SO,”

KIRSTEN

“

WE HAVE LEARNT SO MUCH ALREADY. I HONESTLY LEARNED SO MUCH FROM THE STABLE TOUR AND LAST NIGHT (THE GRAND FINAL). I AM SO EXCITED TO LEARN MORE,” SAID KRISTEN.

THE WILD WEST

DELIVERS AGAIN

This year's Retravisión-Fremantle Cup (2536m) and TABtouch-WA Pacing Cup (2936m) results may have thrown up familiar results, but the path to get to those outcomes were tremendously thrilling.

The 2022 editions of the Fremantle and WA Pacing Cups will go down as being taken out by the powerful Greg and Skye Bond and Gary Hall Snr stables respectively, but they were made to earn them and both stables could have left the feature season empty-handed.

The postponement of the 2020 Inter Dominion meant the local features slid into the December timeslot of that year and left 2021 without a Fremantle and WA Cup.

The extra two month wait for the two features felt like an eternity, but it proved to be well worth the wait.

This year's crop of top-line Free-For-All horses had the perfect mix.

On one hand there was the group of seasoned campaigners like Chicago Bull, Vampiro, Mighty Conqueror, Perfect Major and a new face to the Perth FFA scene Hurricane Harley.

Newcomers to the FFA ranks like Balcatherine, Magnificent Storm, Minstrel and Patronus Star gave the perfect balance.

The FFA races leading up to the Cups confirmed it was an even bunch of open class horses in the state.

Hurricane Harley, Balcatherine, Wildwest, Minstrel, Magnificent Storm, Vampiro and Chicago Bull won the seven FFA races between the start of December and the week prior to the Fremantle Cup.

The evenness of the field left many an expert referring to the cliché line "it all depends on the draw".

It was a group of horses where there were stars aplenty, but there was no clear standout among them, and the draws were indeed critical.

Such was the depth of the crop; 2019 WA Pacing Cup winner Rocknroll Lincoln and the evergreen Galactic Star couldn't force their way into the Fremantle Cup field and were left as the emergencies.

“

**THIS IS AS MUCH
HER CUP AS IT IS
MINE,”**

The Bond stable tuned up for the Fremantle Cup by training the first three runners across the line in the Group 2 Pat Cranley Memorial a fortnight prior, with Vampiro defeating Minstrel and Patronus Star.

Minstrel drew barrier one and was the big winner at the Fremantle Cup draw, while his main dangers Chicago Bull and Magnificent Storm drew barriers four and nine respectively.

As expected, Minstrel led comfortably and had stablemate Mighty Conqueror outside him in the initial stages.

What unfolded in the middle stages of the race ensured it would go down to the wire.

Magnificent Storm worked his way to the breeze and no sooner had he got there Chicago Bull was looking to make his way around the outside to take that spot.

Aldo Cortopassi didn't want to hand up the breeze to Gary Hall Jnr and Chicago Bull, which left the 2017 Fremantle Cup winner posted three-wide for the final two laps.

It did ensure Minstrel and driver Ryan Warwick wouldn't get any peace in the lead and backmarkers would be brought into the race if they were good enough.

Magnificent Storm and Chicago Bull dropped away inside the last 400m, and Minstrel was left as the last one standing in front.

Patronus Star made a sweeping run as the widest on the track and had the final shot at his stablemate but fell a short half-head shy of causing the boilover.

Hurricane Harley finished third, while Perfect Major finished fourth.

It was another feature race quinella for the Bond stable, having achieved the same feat in the 2020 WA Pacing Cup.

It was the first win for the Bond stable as a partnership in the Fremantle Cup and a second for Greg, who won back in 2006 with Money Magnet.

While it was a first win in the race for the stable's number one reinsman Warwick.

Greg Bond said winning alongside his wife made this year's Fremantle Cup just as special as the 2006 edition.

"This is as much her cup as it is mine," he said.

"It was special because we'd had a few places in Fremantle Cups in recent years.

"It was pleasing to finally get the job done."

Our Jimmy Johnstone (3rd in 2017), Vampiro (2nd in 2020) and Galactic Star (2nd in 2020/2021) were a series of recent near misses for the Bond stable in the \$300,000 event.

Adding to the significance of the win was the fact just over four months prior to the Fremantle Cup, Minstrel was humbled by Magnificent Storm in the York Cup after leading from barrier one.

Bond said he had slight concerns coming away from the York Cup, but never lost faith in his star pacer.

"Without taking anything away from Magnificent Storm, I was a bit surprised at how easily he beat us that night," he said.

"We actually took him home, gave him a little break and checked him out and found a couple of little issues with him.

"He still had fairly severe ulcers, so that's why you didn't see him for a while, and we got him on a more aggressive medication course.

"That's probably what held him back that night.

"I didn't have a problem getting beaten by Magnificent Storm, but it should have been a run to the finish.

"We never lost faith in the horse and as they say, 'ability is permanent, and form is temporary'."

The build up to the WA Pacing Cup was just as intriguing as the Fremantle Cup lead in.

Fremantle Cup Consolation winner Papinik and subsequent FFA winner Miracle Moose joined the field, as did Hampton Banner.

Vampiro and Perfect Major were injured after the Fremantle Cup and Bletchley Park's drop off in form saw him left out as an emergency.

Once again, the barrier draw added to the intrigue of the race with Miracle Moose drawing barrier one.

Minstrel, Chicago Bull and Patronus Star all drew on the back line, while Magnificent Storm again had a challenge in barrier six.

Much of the pre-race debate centred around who would have the speed to lead early and who would end up taking control of the race.

As it turned out Mighty Conqueror found the front easily from barrier two and Chicago Bull was able to work to the breeze.

In contrast to the Fremantle Cup, the WA Pacing Cup had very little mid-race action and it wasn't until Minstrel made his move three-wide approaching the bell the fireworks started.

Despite the lack of pressure at the front, the finish had everything.

Chicago Bull was left in front and looked the winner on the home turn.

Minstrel and Magnificent Storm were both there to catch him if they were good enough and they looked the three most likely winners.

This wasn't any ordinary Pacing Cup; it was extraordinary.

Miracle Moose, who sat behind Mighty Conqueror throughout, got clear running at the top of the straight.

Driver Emily Suvaljko thought she had her rivals covered as the gelding exploded out of the pack.

For all intense and purposes, she did.

She was to be denied the fairy-tale though as her uncle Callan steered Wildwest, the 100 to 1 outsider, along the pegs to the most remarkable victory.

It completed a remarkable 12 months for Callan Suvaljko though, who joined the Hall Snr stable as foreman last year and spent much of the lead up to the Pacing Cup partnering Wildwest.

He's normally the driver of Hall Snr's "second stringers".

It could be argued he was driving the fourth stringer in this Pacing Cup behind Chicago Bull, Balcatherine and Diego.

Despite two FFA wins in the lead up, Wildwest was largely forgotten about in the build-up, not that it bothered Suvaljko who paid tribute to the horse and the master trainer.

"The horse went super and was travelling," Suvaljko said.

"He copped a couple of checks when I switched back to the inside, but he found the line brilliantly.

"Senior is a great boss and a great bloke to work for and I get chances to drive decent horses."

While the Fremantle Cup win was a first for the Bond partnership, the same can't be said for Hall Snr and the WA Pacing Cup.

In fact, he's won a lazy 12 of them.

This was a Pacing Cup Hall Snr came into thinking he could win but said he couldn't have predicted the circumstances.

"I was hoping Bully was going to hang on," he said.

"He was struggling a bit, but he looked like he was still fighting on.

"I had my eyes on him, but I thought he was running out of petrol and I thought something was going to swoop.

"I saw Miracle Moose and then I looked to the fence and thought 'that can't be Wildwest can it'."

Hall Snr said he was still struggling to come to terms with his remarkable record in the race.

"I pinch myself," he said.

"I can't really believe it, to tell you the truth.

"It's funny with racing because I couldn't win a Derby for so many years, then I finally won one and put a few together.

"Some races are just races you seem to win, and some are just lucky for you.

"The Pacing Cup has been that for me."

Amazingly, Wildwest departed for Sydney soon after his Pacing Cup win, where joined Luke McCarthy's stable in the hopes he could follow another former Hall Snr pacer King Of Swing to Grand Circuit success.

It's very rare Gloucester Park doesn't deliver thrilling finishes to feature races.

This year's Cups were no different.

Quality horses, star drivers, masterful trainers and wildly unpredictable results.

The countdown to next summer is already on.

Racing and Wagering WA's Racing Assist offers a free, independent and confidential mental health and wellbeing support service to Licenced Racing Participants including Trainers, Drivers, Stable Hands, Stable Forepersons, Track Work Riders, Greyhound Attendants, Farrier, Rider Agents & permanent/part-time Race Club Employees.

Racing Assist offers 24 hour phone support and up to six free face-to-face counselling sessions with trained professionals.

CELEBRATING 12 MONTHS OF THE OTTWA PASSPORT

More than 2200 off the track thoroughbreds and standardbreds have now had their OTTWA Passport claimed! The support for the initiative has been amazing and we love seeing these retired racehorses enjoying their second careers across the state.

The OTTWA Passport not only assists in the traceability of horses post-racing but also provides access to resources like the OTTWA Clinics, assisting in the transition to new careers.

Living across the state, from Broome to Esperance, standardbreds and thoroughbreds are enjoying their second careers as trail riding horses, eventers, show horses, and everything in between!

HOW TO REGISTER YOUR HORSES FOR A PASSPORT

1. Visit offthetrackwa.com.au and create an OTTWA Passport account.
2. Log in to your account, and search for your horse using its racing name, microchip number or other details known to you.
3. Once you find your horse, update its details and upload current photos of its brands.
4. Submit your application to RWWA for review, and allow up to two weeks for the application to be processed.
5. If approved, you will receive a printed version of your horse's ID Certificate. This can also be viewed on your online profile.

REGISTER TODAY

FOR MORE INFORMATION ABOUT THE OTTWA PASSPORT
AND HOW TO APPLY,
PLEASE VISIT OFFTHETRACKWA.COM.AU

APPLICATIONS NOW OPEN FOR THE OFF THE TRACK WA RETRAINING PROGRAM!

The Off the Track WA (OTTWA) Retraining Program encompasses the OTTWA Estate and a network of OTTWA Official Retrainers, who will work to provide retired racehorses with the necessary skills and experiences needed to transition from racing to their second career as a pleasure or performance horse.

Horses accepted into the program will undergo an evaluation upon arrival at the Estate, before being allocated to an Official Retrainer, where they will commence retraining and education in preparedness for sale.

The program endeavours to complement already established pathways for rehoming retired racehorses, with priority given to horses which may be more challenging to rehome, for example those in remote areas.

HOW TO APPLY

1. Visit offthetrackwa.com.au to view the acceptance criteria and terms and conditions to ascertain whether the program is suitable for your horse.
2. Download and complete the application form, which can be found on the website.
3. Attach recent images of the horse you are applying for before lodging your application via email or post.
4. Allow up to two weeks for your application to be assessed.

For more information about the program, and to view the acceptance criteria, terms and conditions and an application guide, [PLEASE VISIT OFFTHETRACKWA.COM.AU](http://OFFTHETRACKWA.COM.AU)

WASBA NEWS

WASBA WESTBRED OF THE QUARTER

THIS QUARTER HIGHLIGHTS AN UP-AND-COMING WESTBRED WHO IS ALSO WESTSIRE. PAPINIK (BY ADVANCE ATTACK NZ OUT OF ARTISTS IMPRESSION), BRED BY MAL AND TANYA HANCOCK AND TRACEY MASSIMINI, IS OUR WESTBRED OF THE QUARTER.

PHOTO: Papinik, Chris Voak on board, winning earlier in 2021. Photo Credit RWWA twitter.

Papinik has to date raced nineteen times for twelve wins and five placings and stake earnings of \$110,601 as well as some Westbred bonuses for his first few starts. Unfortunately, Papinik needed surgery to remove bone chips from his knees and did not race until he was a late 3YO. He has however looked to have made a full recovery. After winning at his first start followed by a couple of third placings, he has strung together a picket fence record of eight straight culminating in a metro win. That was just the start of a purple patch of Metro form which resulted in four wins (including the Fremantle Cup Consolation), three seconds and a fifth from his next eight starts.

The sire of Papinik, Advance Attack NZ (In The Pocket USA 1:49.6 \$1,537,473, out of Advance Debra NZ) is a full brother to Courage Under Fire NZ (1:54.2 \$1,485,829).

Advance Attack NZ a winner of 28 races and stakes of \$406,094 is from the legendary Direct Scooter (1:54.0 \$800,451) line. While a little underrated as a sire, Advance Attack NZ has a very good record from limited foal crops with forty winners from sixty four starters who have won over \$2.2 million in prizemoney. His best performers have been Persistent Threat 1:49.6 \$400,933 and 44 wins; Cott Beach 1:54.9 \$275,902 and 15wins; Massive Attack 1:52.2 \$181,976 15 wins; and The War Nurse 1:53.2 \$114,904, 10 wins.

The dam of Papinik is Artist Impression (Perfect Art USA 1:51.0, \$576,983) who had three starts for a second in a heat of the Western Crown for 2YO Fillies. She has left her mark at stud with seven winners from her nine foals to race, best being 2016 Inter Dominion contestant Heez On Fire 1:54.7 \$287,607 (won a 2YO Westbred Classic, The San Simeon Final, The Kersley Final as well as placings in the Golden Nugget, Mount Eden and Christmas Gift) and Remember Me Bell 1:56.3 \$41,959. Perfect Art USA is a full brother to champion racehorse and sire Art Major USA.

Rakamo NZ (Admiral Halsey USA, 1:58.7 \$37,711) the second dam obviously had some ability as she raced ten times for six wins and three placing for \$28,484 and took a 2:1.7 race record. She was a gem at stud with ten of her twelve foals to get to the races being winners. These included 2012 Inter Dominion contestant Hy Royale (Lots Clout USA) 1:57.0 \$263,564 20 wins including the Governor’s Cup and Pinjarra 4YO Classic, and Confinement

1:57.7 a winner of fourteen races and stakes of \$54,425.

Third dam Sentimental Belle NZ (Lumber Dream USA 1:58.4 \$29,621) raced without winning but did produce five winners at stud, the best of which was Sentimental Fella 1:57.1 the winner of 22 races with earnings of \$93,041.

This is one of Australia’s oldest families the A3-Green’s Thoroughbred Mare and is responsible for champion horses such as Emulous (1920’s) and Lordship (1960’s) as well as WA Champions Virgil Queen, Mazzini Magic, Mitemptation (1992 Australian 2YO Of The Year) and current 2YO Fillies Sales Classic winner Valhalla Miss. WA raced Rakarebel 1:54.1 \$349,607 is also part of the family as is the endearing Im Soxy 1:53.1 \$225,083. While this family has so far been denied its true champions or millionaire winners, it is full of class winners.

Papinik looks to have a big upside and will now be contesting FFA class races, we hope with success.

Advantages of Racing a Westbred

Regardless of where the sire was located at time of service, a filly or colt foaled, notified, registered and branded in WA is a Westbred and is eligible for all the benefits of the Westbred Bonus Scheme, arguably the best overall Bonus Program currently operating in Australia.

You can breed your own Westbred or buy a Westbred, with the next APG Yearling Sale 27 February 2022.

Westbred Bonuses are paid EVERY TIME to the (racebook) owner of a Westbred placed 1ST to 4TH in a WA 2YO or 3YO race where the advertised stake is <\$21,000

WESTBRED OWNER BONUS AMOUNT – 2YO and 3YO races

(Stakes less than \$15,000)		(Stakes \$15,000 to \$20,999)	
1ST	\$2,550	1ST	\$4,250
2ND	\$675	2ND	\$1,125
3RD	\$338	3RD	\$565
4TH	\$187	4TH	\$310

If your Westbred is “Westsired” (sired by a stallion based in WA at time of service), he/she wins double (ie \$5,100 or \$8,500) the Westbred Win Bonus when winning the above races.

A first win bonus of \$3,000 is paid to both the breeder and the ‘racebook owner’ of a Westbred on its first WA win, regardless of age or race stakes.

Ie In a 2YO or 3YO race <\$21,000, \$5,550 (\$8,100 if Westsired), up to \$7,250 (\$11,500 Westsired) is paid to the owners for a first win, **plus** race stakes **plus** \$3,000 to the breeder. In other races, Westbred 3yos receive the \$3,000 owner and \$3,000 breeder first win bonus but no Westbred Bonus. For Westbreds over 3, the Westbred Bonus/First win Bonus \$5,550 or Westsired \$8,100 (owner) and \$3,000 (breeder) is paid.

Race winning fillies and mares, also receive an amount equal to 10% of a winning stake, set aside in the Epona Scheme (capped at \$5,000), which is over and above the race stakes and is retained by the mare until used for a stallion service, provided the mare is served in Western Australia.

What Else can you Win?

Unlike Bonus Schemes in other states, the Group 1 WA Sales Races (horses sold at the annual WA yearling sale) and the Pearl Classic and Diamond Classic are the only races requiring nomination and continuation payments to remain eligible. There are separate fillies and colts Sales Finals for 2 year olds (\$100,000) and 3 year olds (\$50,000), with similar stakes for the Pearl (colts and geldings) and Diamond (fillies) races.

As well as 2yo, 3yo and 3yo and over races restricted to Westbreds, the 2 and 3yo calendar is supported by multiple Group and feature races.

IT PAYS TO BE WESTBRED - All up it’s over \$5 million annually specifically for Westbred progeny - \$3+ Million in Westbred and First win Bonuses, \$1 million in normal races restricted to Westbreds, and \$1 million in feature races for Westbreds

Major Group race summary – 2YO and 3YO:

MAJOR TWO YEAR OLD RACES	MAJOR THREE YEAR OLD RACES
\$20,000 Western Crown (c & g) \$20,000 Western Crown (fillies)	\$25,000 Country Oaks (fillies)# \$30,000 Country Derby#

STEWARDS NOTICES

NOTICE TO HARNESS TRAINERS - TRIALLING AFTER A LENGTHY SPELL

In order to properly assess and demonstrate the fitness of a horse after having not started in a race or trial for an extended period of time, as of the 1st January 2021, except with the permission of Stewards, any Standardbred horse which has not started in a race or trial for a period of 12 months, must first trial to the satisfaction of the Stewards before being permitted to race.

Trainers are advised that any nomination made for a horse to enter a race, that does not meet the above requirements, will be refused.

NOTICE TO HARNESS TRAINERS - HARNESS FREQUENT STARTS POLICY

Controlling bodies are responsible for upholding a higher level of supervision, welfare/veterinary checks, and regulation in respect of horses that race on frequent occasions in a short period of time.

A policy addressing frequency of starts in Harness racing has been developed by RWWA in consultation with industry and has been endorsed by the RWWA Integrity Assurance Committee.

The following policy will apply to all Harness racing horses in Western Australia from 1 January 2021.

A Standardbred horse will only be permitted to start in a maximum of 6 races and/or official trials in any 28-day period.

Any horse nominated for a race or official trial that has reached the maximum number of starts through races and/or official trials, (i.e., Nominated to start for a 7th time in any 28-day period) will have this nomination refused.

LOCATION OF HORSES - STABLE RETURNS

Trainers and owners are reminded that RWWA and the Stewards must at all times know the whereabouts of registered horses. This is done by the lodgement of a stable return.

Rule 25(1) states:

A stable return containing true and correct particulars must be lodged with the Controlling Body by the connections of a horse within the time and in the manner and form determined by the Controlling Body and the connections shall ensure that all particulars on the stable return are true and correct.

Please note this rule means that once a registered horse enters or leaves the care of a Trainer, a stable return (or amendment) must be lodged. The rules makes no reference to whether the horse is named or un-named and does not specify that a stable return is only lodged for horses being prepared to race.

Therefore, a trainer must lodge a stable return for any registered horse in their care (named or un-named) regardless of whether the horse is being prepared for racing, is being pre-trained, being broken in or being spelled under the care of the trainer.

The above rule makes reference to a stable return being 'lodged within the time determined by the Controlling Body'. Please note this timeframe is:

- Once a registered horse enters or leaves the stable - within 48 hours.
- If the horse is engaged to race - immediately.

Please also note that Rule 119B states:

Unless the stewards otherwise approve, a horse shall not be eligible to be nominated for a race unless the horse has been trained by a licenced trainer for not less than 28 days immediately prior to the date fixed for nomination.

Stewards will use stable return information to determine if a horse has been trained by a licenced trainer for not less than 28 days prior to nomination. Stewards continue to monitor nominations and stable return information and any trainer that fails to lodge a stable return and/or amendment within the timeframe detailed above will be penalised.

DEREGISTRATION

Rule 96A (3) Where a registered horse has been retired from racing or a decision has been made to not race the horse, the owner or trainer of the horse at the time of its retirement must, within one month of the horse's retirement, notify the Registrar by lodging the relevant form prescribed by the Registrar.

There have been a number of instances where horses have been re-homed by connections, post racing or breeding careers, in good faith - only to learn that the horses have actually been acquired by persons who have on-sold them via horse sales where, unfortunately, their destiny is not always assured.

These horses had not been deregistered and subsequently continue to be registered with the last known owner who maintains responsibility under the Australian Harness Racing Rules - subjecting the connections to potential disciplinary action.

The traceability of horses throughout their lifecycle is an important element of the harness racing industry's equine welfare reform agenda and it is in everyone's best interests to know where our Standardbred horses are at all times, as well as being aware of the various options which exist post racing or breeding. Deregistration provides crucial information about when the horse left the racing pool that will assist in future program planning and also in welfare initiatives to develop positive outcomes for horses that have exited the industry.

While connections are reminded to deregister their horses once retired from racing and or breeding, it is important to note that this deregistration does not alter the horse's status or inclusion in the Stud Book. Further, it does not adversely affect their eligibility to participate in any other equestrian disciplines, including shows and non-racing competitions.

Deregistration Form R25-A should be completed and sent to State Controlling Bodies as soon as the decision to retire a horse is made, or a horse leaves your care, so that an accurate record is kept of the horse's movements and whereabouts at any given point.

STEWARDS NOTICES

PRIORITIES REGARDING HORSES TO BE DRIVEN

Rule 152 provides that a driver (who is also an owner or trainer) shall not drive any other horse in a race except with the permission of the stewards.

If a driver owns or trains more than one horse in a race (and wants to drive in that race), they must observe the following order of priority:

1. The person shall drive the horse the person owns and trains
2. The person shall drive the horse which the person owns but which is trained by someone else
3. The person shall drive the horse trained but not owned by the person.

Please note that if a driver is temporarily in charge of a horse in a trainer's absence on raceday, that driver is deemed to be the trainer and if they wish to drive in the race in which that horse is engaged, they will be required under the Rules to drive that horse.

TEMPORARILY IN CHARGE OF A HORSE

Rule 119A(1) states:

Where a trainer intends to leave his horse with another licensed trainer or another person the trainer must obtain approval from the Stewards prior to doing so.

The trainer must also provide a written authorisation to be submitted to the stewards at the race meeting.

Therefore, if trainers are unable to attend a race meeting and they wish to leave their horse with a licenced trainer or driver, they must seek permission from the stewards prior to the race meeting. Trainers should not assume that permission will automatically be granted as stewards will take into account a number of factors including whether the licenced person is connected to the stable, the other commitments of the licenced person at the races, the age and licence category of the licenced person. Trainers who fail to seek prior permission may be subject to fines.

Please note if permission is granted and the person in charge is a driver, and they wish to drive in the race in which that horse is engaged, they must drive that horse, as per Rule 152 (detailed above).

TRAINERS OBLIGATIONS

TRAINERS WITH MULTIPLE RUNNERS IN ANY ONE RACE

Trainers with multiple runners in any one race are required to attend the stewards' room upon arrival on course to advise the intended driving tactics to be adopted for their runners.

HORSE UNATTENDED

Horses are not to be left unattended at any time on a racecourse. Rule 211 states:

A trainer or other licensed person for the time being in charge of a horse shall not leave the horse unattended at a racecourse whether in a stable or elsewhere.

An unattended horse is a welfare issue. If a horse is selected

for pre-race swabbing and is unattended, it can interfere with the timing of that swab sample which may result in the horse having to be detained on course two hours post race for the sample to be obtained.

OBLIGATION TO REPORT

Participants are reminded of their obligation under Rule 89(1) which states:

After the running of any race and for a period of 7 days thereafter if the owner, trainer, driver, stable hand or any person in charge of a horse is aware of or has knowledge of anything which may have affected the horse's performance in that race, he or she shall report it immediately to the Stewards.

Things that may have affected the horse's performance can include:

- Casting a plate
- Broken gear
- Flat tyre
- Gear that is not activated
- Contacting its own sulky wheels
- Poor post race recovery
- Injury or illness post-race

NOTICE TO HORSE TRAINERS AND VETERINARIANS - ALTRENOGEST PRODUCTS

RWWA advises WA horse trainers and veterinarians to take note of the following information regarding altrenogest products.

It has been discovered that oral and injectable altrenogest containing products may contain low level traces of trenbolone and/or trendione.

Trenbolone and trendione are androgenic anabolic steroids and as such the detection of these substances in any drug control sample would be considered a detection of a permanently banned substance under the rules of racing.

Trainers and veterinarians should avoid using any injectable products containing altrenogest, and as a precaution, should not administer oral altrenogest products within at least one clear day prior to racing.

Trainers are advised that the decision to use any altrenogest containing product in fillies or mares under their care is therefore undertaken at their own risk, irrespective of any advice provided by RWWA. Trainers are responsible under the rules of racing to present their horses to race free of any prohibited substances, and as such, any advice provided by RWWA concerning prohibited substances is of a general nature only. Trainers should consult their own veterinarian for advice concerning the relative risks of the use of altrenogest under all these circumstances.

Trainers are also reminded of the requirement for all treatments to be recorded in their medication records by midnight on the day on which the treatment was given.

1 July, 2021.

VETERINARY NOTICES

The presence of prohibited substances in racehorses is viewed very seriously and punishments in this area are generally severe. Therefore Racing and Wagering WA would like to draw the attention of trainers to Harness rule of Racing 190, which states in part: “A horse shall be presented for a race free of prohibited substances”.

All trainers are reminded of the strict provisions of HR 190 and of their responsibility for not only the condition, but also the care of their horses, especially in the period leading up to racing. Therefore trainers are urged, in their own interests and in the interests of racing, to take proper precautions in regard to the feeding and safeguarding of horses that are to race, and to ensure that any person having contact with these horses is fully aware of the serious consequences that could flow should a ‘positive’ sample be returned.

For advice on the use of products that may contain prohibited substances trainers should consult their veterinarian, or contact the RWWA Veterinary Department on (08) 9445 5459 or (08) 9445 5305 or vets@rwwa.com.au

NOTICE TO HARNESS TRAINERS – INTRA-ARTICULAR INJECTIONS STAND-DOWN PERIOD

Harness trainers should note the introduction of a new Rule of Racing HR196D, that prohibits the intra-articular administration of any substance to a Standardbred racehorse within 8 clear days of racing. This Rule is effective from 4th December 2020.

Harness Racing Australia has made this decision in the best interests of the welfare of the horse and safety of drivers, whilst being cognisant of Australian racing conditions.

HR 196D reads as follows;

(1) A person shall not within eight (8) clear days of the commencement of a race administer, attempt to administer or cause to be administered an intra-articular injection to a horse nominated for that race.

(2) A Steward shall order the withdrawal or disqualification of a horse that has been either the subject of an administration or an attempted administration of an injection in breach of subrule (1).

(3) A person who fails to comply with sub-rule (1) is guilty of an offence.

(4) For the purposes of this Rule “one clear day” means the twenty four (24) hour period from 12.01 a.m. to midnight.

A “Clear Day” is defined within the Rule to mean a twenty-four hour period from 12:01 a.m. to 12 midnight. For practical purposes, a clear day restriction means that the calculation of the number of days for which the procedure/treatment is banned does not take into account the day of treatment nor the day of racing.

As such a stand down time of 8 clear days equates to 10 regular days when including the day of administration and the

day of racing.

In applying HR196D and by example, a horse subjected to an intra-articular administration with any substance on the 1st day of the month, is ineligible to race until the 10th day of the month.

Trainers are referred to the RWWA Harness Clear Day Rule chart available under veterinary notices on the RWWA website to further assist with the application of clear day principles.

Trainers are advised to contact the RWWA Veterinary Department for further advice on this matter 08 9445 5459 or 08 9445 5305.

INDUSTRY NOTICE – THRESHOLDS FOR COBALT

Cobalt is a naturally occurring trace element which may normally be present in horses at very low levels as a result of the ingestion of feedstuffs that contain it in trace amounts. Cobalt is also present in the structure of vitamin B12 (cyanocobalamin). However, it is known that excessive amounts of cobalt have an effect on the blood system and therefore it can also be considered as a prohibited substance according to the Rules of Racing when it is at levels above those naturally occurring or as a result of routine nutritional sources, thus a threshold level was introduced into the Rules of Harness Racing to control the use of cobalt in race horses.

Please be aware that:

In the RWWA rules of Harness Racing the current threshold for cobalt is 100 micrograms per litre (µg/L) in urine and 25 µg/L in plasma.

Therefore trainers are advised:

- That a normal racing diet is more than sufficient to meet a horse's nutritional requirements for cobalt and vitamin B12.
- That registered injectable cobalt supplements offer no nutritional advantages because incorporation of cobalt into the vitamin B12 molecule occurs within the horse's gut.
- To consult with their veterinarians to ensure that their oral supplementation regimen provides only the amount of cobalt necessary to meet the scientifically established nutritional requirements of the horse for cobalt.
- To administer only nutritional supplements that are manufactured or marketed by reputable companies and to administer such supplements only at the manufacturer's recommended dose and frequency of administration.
- To avoid the simultaneous use of multiple supplements containing cobalt and vitamin B12.
- That administering products that are inadequately labelled, that make claims to enhance racing performance or to be ‘undetectable’, or which are marketed over the

VETERINARY NOTICES

internet is extremely unwise.

- To comply with the one clear day restriction on the injection of any substance prior to racing.

Whilst the threshold has been set at a level to allow for normal levels of cobalt supplementation through routine nutritional sources, trainers are advised that the administration of certain registered vitamin supplements, particularly by injection, close to racing may result in a level of cobalt in a subsequent sample that exceeds this threshold. Trainers are therefore advised to avoid the use of these supplements close to racing.

Examples of injectable vitamin supplements that contain cobalt and/or vitamin B12 include, but are not limited, to V.A.M. injection, Hemo-15 and Hemoplex.

Please direct any inquiries to the RWWA Veterinary Department or the Stewards.

RWWA HARNESS INDUSTRY NOTICE – RULE HR 196B

Trainers and other Harness racing industry participants should be aware of Australian Harness Rule of Racing 196B that became effective in Western Australia from 1st September, 2015. This Rule prohibits the use of injections of any type in horses during the One Clear Day prior to racing.

Implications of HR 196B

This rule makes it an offence for any person (including a trainer, anyone else in charge of a racehorse or a veterinarian) to insert a hypodermic needle into a horse within the one clear day prior to a race.

By way of example, if a horse is racing on a Friday, the last time that the horse may be injected is midnight on the Wednesday prior to the race. The horse must not be injected on the Thursday or at any time on the Friday prior to the running of the race. For the purpose of proving a breach of HR 196B, it is not necessary to establish what (if any) substance was injected, or was attempted to have been injected, into the horse.

The one clear day ban on injections prior to competition includes, but is not limited to, the administration by injection, whether intravenously, intramuscularly, subcutaneously or any other route, of the following medications and substances:

- intravenous infusions, fluids and electrolytes;
- vitamin and mineral supplements;
- all Schedule 4 Prescription Animal Remedies and Prescription Medicines for injection, including those specified in AR 178B(2) such as antibiotics, mucolytic agents and anti-arthritic agents; and
- any other agents for administration by injection.

For the purpose of this rule “injection” means, but is not limited to, the insertion of a hypodermic needle into a horse. Under the amended rule, a person also must not insert a needle into a horse for the purpose of blood sampling for

health and fitness assessment during the one clear day prior to competition. The obvious exception to the Rule is the collection of official pre-race or out of competition blood samples at the direction of the Stewards for the purpose of drug analyses.

IMPORTANT NOTICE FOR HARNESS TRAINERS AND VETERINARIANS REGARDING THE DETECTION OF THE CORTICOSTEROID DRUG DEXAMETHASONE

Harness trainers and Veterinarians should be aware that the screening limit applied for the corticosteroid drug dexamethasone changed in Western Australia as of the 1st May 2015, and this will result in a longer detection time for the drug in urine.

Background

The Australian Racing Board (ARB) notified RWWA that as of the 1st May 2015 the Thoroughbred Rules of Racing were amended in order to adopt the new International Screening Limit (ISL) for dexamethasone of 0.2ng/mL in urine. This new screening limit was implemented by Australian racing laboratories for samples from Thoroughbred horses with effect from 1 May, 2015.

In the interest of consistency across both horse racing codes within Western Australia, Racing and Wagering WA have advised the ChemCentre WA that as of the 1st May 2015, this new International Screening Limit for dexamethasone of 0.2ng/mL in urine must be applied to all equine samples collected during competition from both Thoroughbred and Standardbred horses.

This screening limit has since been adopted into the Harness Rules of Racing in 2019.

This will have important implications for the detection of dexamethasone following its administration to racehorses, and will lead to a prolongation of detection times for this corticosteroid drug.

By way of an example, the ISL was applied to the analysis of samples collected during an administration trial involving a short-acting dexamethasone preparation (dexamethasone sodium phosphate) given intravenously and conducted as part of the Equine Therapeutics Research Australia (ETRA) project and published by the Rural Industries Research Development Corporation (RIRDC). The published ETRA data sheet for dexamethasone reports a detection time of three days for the dosage regimen and pharmaceutical preparation used in the ETRA trial, and is valid for the new ISL to be applied by the Australian racing laboratories.

It should be noted that this three day detection time for dexamethasone sodium phosphate is longer than the detection time of 48 hours previously reported in the Australian Equine Veterinary Association (now Equine Veterinarians Australia – EVA) publication ‘Detection of Therapeutic Substances in Racing Horses’ (‘The White Book’), using the analytical methodology at that time.

VETERINARY NOTICES

Therefore veterinarians are advised that recommended withdrawal periods for treatment with dexamethasone sodium phosphate (for example, in products including Colvasone, Dexadreson, Dexapent, Dexason, Dexol-5, Dexone-5) must be based on the new ETRA data sheet detection time of three (3) days and not on the previous advice provided in the EVA publication, and that trainers are warned accordingly.

It is important to note that a withdrawal (or withholding) period is not the same as a detection period. Any withdrawal period should be calculated based on the published detection time, with the addition of a suitable safety margin based on the circumstances of the administration, including dose, route of administration, preparation administered.

There have been no studies conducted on the detection of long-acting forms of injectable dexamethasone in relation to the ISL, and due to their long and unpredictable excretion, their use in racehorses should be avoided.

TESTING OF NON-RACE DAY (ELECTIVE) SAMPLES

Trainers should be aware that unpredictable and prolonged excretion times can result from the therapeutic use of certain, specific prohibited substances including long-acting corticosteroids (particularly Depo-Medrol - methyl-prednisolone acetate) and procaine, from the use of procaine penicillin.

Elective testing is strongly recommended for the above medication categories as reliable detection times are difficult, and in some cases impossible, to provide.

Through the Stewards, the ChemCentre will analyse non-race day elective urine samples for certain long-acting therapeutic medications, to determine the suitability for racing after treatment.

The following long-acting medications can be tested for under the program:

- Corticosteroids (i.e. Depo-Medrol)
- Procaine (from procaine penicillin)

Trainers and veterinarians are encouraged to use this service; however, it does not remove the responsibility, under the Rules of Racing, for a trainer to present all animals under their control free of any prohibited substances on race-day.

a) Sample Submission

1. Urine is required for testing unless specified otherwise.
2. Samples are submitted through the RWWA Stewards or Veterinary Department.
3. Stewards/RWWA Veterinarians must be advised prior to sample submission.
4. Trainers will be charged through the RWWA accounting system.
5. Samples should be submitted in a clean jar/container with lid or a urine collection bottle available from the Stewards.
6. The following details must be supplied when samples are submitted.
 - Animal name and sex.
 - Medication name/s for which the sample is to be tested.
 - Treatment details i.e. medication/dose/date administered.
 - Trainer's name and contact details

7. Stewards will advise trainer when results are received

Cost of sample analysis (all prices include GST)

- \$200.00 per medication category
- Results will be available approx. 7 working days after sample submission to the ChemCentre.
- For further information contact the RWWA Veterinary Department 9445 5459 or Stewards

SCREENING LIMITS

For the purpose of Thoroughbred Rule AR 257 and Harness Rule HRR 188B, it is hereby notified that screening limits applicable to the following therapeutic substances, as approved by Racing Australia and Harness Racing Australia, are set out as follows;

- acepromazine - 0.02 nanograms per millilitre (ng/mL) in plasma
- acepromazine - 10ng/mL of the 2-(1-hydroxyethyl) promazine sulphoxide metabolite in urine
- betamethasone - 0.20ng/mL in urine
- butorphanol - 0.01ng/mL in plasma
- butorphanol - 1ng/mL in urine
- carprofen - 100ng/mL in plasma
- carprofen - 100ng/mL in urine
- dantrolene - 3ng/mL of 5-hydroxydantrolene in unhydrolysed urine
- detomidine - 0.02ng/mL of the 3'-hydroxydetomidine metabolite in plasma
- detomidine - 2ng/mL of the 3'-hydroxydetomidine metabolite in urine
- dexamethasone - 0.2ng/mL in urine
- diclofenac - 50ng/mL in urine
- dipyrone - 1000ng/mL of the 4-methylaminoantipyrine metabolite in urine
- eltenac - 50ng/mL in urine
- firocoxib - 2 ng/mL in plasma
- flunixin - 1ng/mL in plasma
- flunixin - 100ng/mL in urine
- frusemide - 0.1ng/mL in plasma
- frusemide - 50ng/mL in urine
- hyoscine butylbromide (or n-butylscopolammonium) - 0.05ng/mL in plasma
- hyoscine butylbromide (or n-butylscopolammonium) - 25ng/mL in urine
- ipratropium - 0.25ng/mL in urine
- ketoprofen - 100ng/mL in urine
- ketoprofen - 2 ng/mL in plasma under the condition of a single IV or oral dose
- lignocaine - 0.05ng/mL in plasma
- lignocaine - 10ng/mL of the 3'-hydroxylignocaine metabolite in urine
- meclofenamic acid - 5ng/mL in plasma
- meclofenamic acid - 250ng/mL in urine

VETERINARY NOTICES

- medetomidine - 0.02ng/mL of 3'-hydroxymedetomidine in plasma
- medetomidine - 5ng/mL of 3'-hydroxymedetomidine in urine
- meloxicam - 1ng/mL in plasma
- meloxicam - 10ng/mL in urine
- mepivacaine - 0.05ng/mL in plasma
- mepivacaine - 10ng/mL of the 3'-hydroxymepivacaine metabolite in urine
- methocarbamol - 100ng/mL in urine (when restricted to a single oral or IV treatment of no more than 5 grams of methocarbamol)
- naproxen - 250ng/mL in urine
- phenylbutazone - 100ng/mL in plasma
- phenylbutazone - 100ng/mL in urine
- romifidine - 1ng/mL in urine
- salbutamol - 0.5ng/mL in urine
- triamcinolone acetonide - 0.5ng/mL in urine
- vedaprofen - 50ng/mL in urine
- vedaprofen - 5 ng/mL in plasma

Screening limits do not affect liability

The implementation of screening limits in racing is not intended and

does not operate to mean that for the purpose of the Rules of Racing the therapeutic substance only becomes a prohibited substance if and when the screening limit is exceeded.

It shall not be a defence to any charge under the rules of racing that the result of any initial screening test should have been below the screening limit for the therapeutic substance in question."

Advice of detection periods

Industry participants are advised that more information on the detection periods for many of the therapeutic drugs assigned screening limits is available on the Agrifutures

website: agrifutures.com.au/rural-industries/thoroughbred-horses/

In making any decision regarding the administration of a prohibited substance to a horse that is entered to race, industry participants are reminded of their responsibilities in undertaking the appropriate level of due diligence and risk analysis in researching the available information on detection periods, including the seeking of veterinary advice and adding an adequate safety margin. Participants are advised to take a conservative approach, and consider all variables such as dose, length of treatment and route of administration, when calculating withdrawal times for therapeutic substances where information on detection times is available.

Participants are also advised that a best-practice approach would dictate that no medication, irrespective of its detection period, should be given within 2 clear days of racing.

OFFICIAL RACING LABORATORIES

"Official Racing Laboratory" means an analytical racing laboratory which is approved by Racing Australia.

Note: The following have been approved by Racing Australia as Official Racing Laboratories:

Australian Racing Forensic Laboratory, Sydney

Queensland Racing Integrity Commission - Racing Science Centre,

Brisbane

Racing Analytical Services Limited, Melbourne

Racing Chemistry Laboratory, Chemistry Centre (W.A.), Perth

The Hong Kong Jockey Club Racing Laboratory, Sha Tin, Hong Kong

New Zealand Racing Laboratory Services Limited, Avondale, Auckland, New Zealand

Sport and Specialised Analytical Services, LGC, Fordham, Ely, Cambridgeshire, United Kingdom

Australian Sports Drug Testing Laboratory, Sydney ChemCentre, Western Australia

National Measurement Institute (NMI), Sydney (trace element analysis)

Institute of Biochemistry, German Sport University, Cologne, Germany

Laboratory of Racing Chemistry, Tochigi, Japan (reserve portion/B sample analysis)

ARSENIC - NOTICE TO HORSE TRAINERS

Trainers and industry participants are reminded that Arsenic is a prohibited substance under both the Harness and Thoroughbred Australian Rules of Racing, when found at a level above the threshold value of 0.30 milligrams per litre in urine.

Arsenic is a chemical element which occurs in many minerals and trace amounts may be present commonly in feeds and in groundwater in the environment.

Registered veterinary products that contain Arsenic -based compounds include:

- Arcyl Solution for Injection
- Ferrocyl injection
- Troy Invigorate Injection
- Jurocyl Injection.

Horse trainers are therefore reminded to avoid using these preparations close to racing, and a useful guideline is not to administer them following a single dose within a 5 clear day period before racing. Multiple administrations will prolong this period, so extreme caution must be exercised if administering them on consecutive days. The administration of any of these preparations must be recorded as treatment in a trainer's medication log book.

A recent Australian study concluded that it is possible that Arsenic levels in horse urine may be elevated following the ingestion by a horse of Chromated Copper Arsenate (CCA) treated pine timber, a common component of horse stables and paddock fencing.

Consequently, RWWA Stewards advise that it would be prudent for trainers and industry participants to conduct an environmental audit of their facilities to ensure they eliminate access of the racehorses in their care to CCA treated pine timber products, or any other product that may present a similar risk of an elevated arsenic level in any race day sample.

VETERINARY NOTICES

RWWA Stewards recently concluded several inquiries into matters relating to the presentation of horses by trainers with Arsenic levels above the threshold. In those matters a conviction without penalty was recorded and the horses concerned were disqualified. RWWA provides notice to trainers and industry participants that future action taken by RWWA Stewards, in matters relating to the presentation of horses with Arsenic levels which exceed the threshold, may result in penalties being imposed, regardless of any evidence relating to ingestion of CCA treated timber products or any other source.

Queries can be directed to your Veterinarian or the RWWA Veterinary Department on (08) 9445 5459.

22 February, 2018.

NOTICE TO TRAINERS RE ALTRENOGEST PRODUCTS

RWWA advises WA horse trainers and veterinarians to take note of the following information concerning potential contamination of certain batches of altrenogest products;

It has been recently discovered that certain batches of altrenogest products may contain low level traces of trenbolone and/or trendione.

Trainers and veterinarians should avoid using injectable products containing altrenogest, and as a precaution, should not administer oral altrenogest products within at least one clear day prior to racing.

Trainers are reminded of the requirement for all treatments to be recorded by midnight on the day on which the treatment was given.

HARNESS RULE OF RACING - ADMINISTRATION OF ALKALINISING AGENTS

Trainers should take particular note of Harness Rule of Racing 196C that bans the administration of alkalinising agents to a horse, both on the day of a race and during the one Clear Day prior to the day of the race.

The purpose of this notice is to explain the rule and to assist trainers and veterinary practitioners in managing compliance.

This rule makes it an offence to administer, attempt to administer or cause to be administered, both on the day of a race and during the one clear day prior to a race, any substance that meets the below definition of an alkalinising agent.

For the purposes of Rule 196C, an alkalinising agent is defined as any substance that may elevate the plasma total carbon dioxide (TCO2) of a horse when administered by any route.

One Clear Day is defined within the Rule to mean a twenty four hour period from 12:01 a.m. to 12 midnight. For practical purposes, a clear day restriction means that the calculation of the number of days for which the procedure/ treatment is banned does not take into account the day of treatment nor the day of racing.

For example, the restriction on the administration of alkalinising agents is one clear day. This means that if a horse is racing on a Friday, the last time it may be administered alkalinising agents, is midnight on the Wednesday. In this case, the Clear Day is the Thursday

A clear day is not the 24 hour period prior to the time of racing.

Alkalinising agents that must not be administered either on the day of the race or within the one clear day prior to racing include, but are not limited to; bicarbonates, citrates, succinates, acetates, propionates, maleates, lactates and trometamol (e.g. THAM, tris buffer or trometamine) and also include products marketed as urinary alkalinisers and hind gut buffers. Products that contain alkalinising agents and which fall within this definition include proprietary formulations such as: Sodium Bicarbonate (“bicarb”), sodium citrate, Baladene®, Lang’s Solution® for intravenous use, Neutra-Syrup®, Neutralka®, Neutrolene®, Neutrolene Plus® and Neutradex® and any other products that are marketed as lactic acid buffering or neutralising products. These products must not be administered to a horse on the day of the race prior to racing, or within the one clear day prior to race day.

This rule does not prohibit the use of balanced, commercial electrolyte supplements or feeds which may contain some alkalinising agents, but which can be demonstrated to have negligible effects on plasma TCO2 when administered in feed according to the manufacturer’s recommendations for normal daily use. These commercial balanced electrolyte supplements may be fed in normally recommended amounts within the one clear day. Examples of normal balanced electrolyte products would include such proprietary preparations as; Applyte Gel®, Electromix®, Electro Paste®, Electrovote Paste®, Equilyte®, Endura-Max®, Endura-Max Paste®, Equicharge®, Horsport®, Humidimix®, KelatoLYTE Electrolyte Replacer®, Ranvet Electrolytes®, Recharge®, Restore®, Salkavite® and Vetsense®.

Regardless of the operation of this rule, in the event that an elevated level of TCO2 beyond the threshold is detected from any sample taken by the Stewards, the rule does not provide a defence to a charge laid against a person under the Rules. Consequently even if a product that is described or may be described as a ‘balanced electrolyte supplement’, such as the examples above, is fed/administered and a horse returns an elevated level of TCO2 greater than 36.0mm/L, the absolute and strict liability operation of the ‘presentation’ rule remains and an offence is committed.

CONTROL OF RACE DAY TREATMENT/MEDICATION OF RACEHORSES

With a number of Rules now restricting medication and treatments of various kinds before competition, the following are guidelines regarding medications/treatments that may be approved by the Stewards on veterinary advice when a request is made to the Stewards for permission to treat a horse on race day.

Guidelines for treatments/medications that can be permitted on race day prior to the race – prior approval of the Stewards

VETERINARY NOTICES

not required

Topical application of hoof oils/dressings/grooming products

The application of routine, non-medicated hoof oils/dressings is permitted on the day of racing. The exception is those products that contain medications or herbs that claim therapeutic effects such as analgesia or anti-inflammatory actions.

The application of commercial baby oil or petroleum jelly preparations to lubricate/prevent chaffing of a body area, or a grooming product, is permitted to be applied pre-race. Any product so used must be kept in its original container that has applied to it the original product label, must not be altered or modified by the addition of any other substance/s, and must be available for inspection by the Stewards and official veterinarian. The Stewards may take possession of any such preparation for testing for prohibited substances.

Shampoos and fly sprays

Shampoos, including those that are antiseptic or contain an anti-fungal agent, are permitted to be used on race day prior to racing. Fly sprays are permitted to be used on race day prior to racing.

Physical therapy as treatment

Vibratory massage systems may be used in the stable on the morning of the day of the race but are not permitted on the racecourse.

The application of ice/cold water to musculoskeletal structures

The application of ice or chilled water to, or the use of whirlpool boots or systems such as “Game Ready” on musculoskeletal structures are permitted in the trainer’s stables on the morning of race day but are not permitted to be used pre-race in the race day stalls on-course.

Treatments/medications permitted on race day before the race – prior approval of the Stewards required

-00000preparations

While creams, ointments and powders for topical use are considered to be medications, circumstances may arise when a horse suffers a minor wound that does not affect its suitability to race but would benefit from the application of a topical antibiotic or antiseptic treatment. Such a preparation must be a registered veterinary preparation or human therapeutic good which contains only an antibiotic or antiseptic as its active ingredient, and which is clearly stated as such on its product label. Any product so used must be kept in its original container that has applied to it the original product label, must not be altered or modified by the addition of any other substance/s, and must be available for inspection by the Stewards and official veterinarian. The Stewards may take possession of any such preparation for testing for prohibited

substances.

Trainers must apply to the Stewards for permission to administer a topical antiseptic/antibiotic preparation before a race on race day. Horses having received such permission for the application of a topical medication must be inspected by an official veterinarian on arrival at the racecourse.

Treatments/medications prohibited on race day prior to the race

Routes of administration

Unless excepted in the guidelines above, any substance administered by injection, by stomach tube, by paste, by dose syringe, by topical application or by inhalation will be considered to be a treatment and must not be administered on race day prior to the race. Furthermore, there are other pre-competition restrictions on certain treatments/procedures imposed within the Harness rules that trainers must be aware of.

Clay poultices

Clay poultices may be applied to the legs no later than the day before racing but must be removed the morning of the race and must not be re-applied on race day before the race. All traces of clay poultices must be removed prior to arrival on-course.

Glycerine and Vicks Vaporub®

The application of Glycerine and/or Vicks Vaporub® by any means is not permitted prior to racing on race day.

Physical therapy as treatment

The following physical treatments are not permitted to be used at any time before racing on the day of a race:

- acupuncture
- laser and infra-red treatments
- chiropractic manipulations
- magnetic field therapy
- transcutaneous electrical nerve stimulation (TENS) and any other form of electrical stimulation

Extra-corporeal shock wave treatment (ESWT)

Shock wave treatment of racehorses is prohibited for seven clear days prior to racing.

VETERINARY NOTICES

CONTROL OF RACE DAY MEDICATION INFORMATION

A FUNDAMENTAL PRINCIPLE OF AUSTRALIAN RACING IS THAT HORSES MUST RACE FREE OF THE PHARMACOLOGICAL (OR TOXICOLOGICAL) EFFECT OF DRUGS OR OTHER SUBSTANCES.

TO ASSIST IN MAINTAINING THIS PRINCIPLE, IT IS **NOT PERMITTED TO ADMINISTER ANY MEDICATION TO A HORSE ON RACE DAY PRIOR TO IT RUNNING IN A RACE**

"MEDICATION" MEANS ANY TREATMENT WITH DRUGS OR OTHER SUBSTANCES.

AS A GENERAL PRINCIPLE, ANY SUBSTANCE ADMINISTERED WITH THE INTENT OR HOPE OF ACHIEVING A PHARMACOLOGICAL EFFECT / THERAPEUTIC EFFECT WILL BE CONSIDERED AS A MEDICATION UNDER THE RULES.

PRODUCTS THAT CLAIM TO PROVIDE PHARMACOLOGICAL EFFECTS AND TO BE UNDETECTABLE.

THERE ARE NUMEROUS PRODUCTS, OFTEN HERBAL OR HOMEOPATHIC PREPARATIONS, THAT CLAIM TO PROVIDE SIGNIFICANT PHARMACOLOGICAL EFFECTS SUCH AS A DIURETIC ACTION, ANALGESIA, ANTI-INFLAMMATORY ACTIONS OR BRONCHODILATOR ACTIONS AND ALSO CLAIM TO BE UNDETECTABLE BY LABORATORY TESTING.

THESE TYPES OF PRODUCTS FALL WITHIN THE DEFINITION OF A MEDICATION AND ARE NOT ALLOWED TO BE ADMINISTERED TO A HORSE ON RACE DAY PRIOR TO A RACE.

ROUTES OF ADMINISTRATION OF MEDICATION NOT PERMITTED ON RACE DAY

ANY SUBSTANCE ADMINISTERED TO A HORSE ON RACEDAY PRIOR TO RACING BY INJECTION, STOMACH TUBE, PASTE, DOSE SYRINGE, TOPICAL APPLICATION OR BY INHALATION, AMONGST ANY OTHER ROUTES OF ADMINISTRATION, **WILL BE CONSIDERED A MEDICATION**.

ONLY NORMAL FEEDING AND SUPPLEMENTATION, ACCORDING TO MANUFACTURE'S RECOMMENDATIONS FOR NORMAL DAILY USE, THAT CAN BE ACHIEVED BY THE HORSE VOLUNTARILY EATING OR DRINKING THE FEEDSTUFF CAN BE CONSIDERED ACCEPTABLE ON THE DAY OF RACING.

PHYSICAL THERAPIES **NOT** PERMITTED ON RACE DAY

THE FOLLOWING PHYSICAL TREATMENTS ARE **NOT** PERMITTED, BY ORDER OF THE STEWARDS, TO BE USED AT ANYTIME BEFORE RACING ON THE DAY OF RACING.

PHYSICAL TREATMENTS WHICH ARE NOT TO BE GIVEN ON RACE DAY INCLUDE, BUT ARE NOT LIMITED TO:

ACUPUNCTURE (INCLUDING LASER AND INFRARED TREATMENT)

MAGNETIC FIELD THERAPY

THERAPEUTIC ULTRASOUND

TRANSCUTANEOUS ELECTRICAL NERVE STIMULATION (TENS)

AND ANY OTHER FORM OF ELECTRICAL STIMULATION

EXTRA- CORPORAEL SHOCK WAVE (ESWT) TREATMENT OF RACEHORSES IS PROHIBITED FOR SEVEN (7) CLEAR DAYS PRIOR TO RACING.

PERMITTED ON RACE DAY

APPLICATION OF ICE / COLD WATER TO MUSCULOSKELETAL STRUCTURES

THE APPLICATION OF ICE OR CHILLED WATER, WHIRLPOOL BOOTS OR SYSTEMS SUCH AS "GAME READY", TO MUSCULOSKELETAL STRUCTURES IS PERMITTED ON THE MORNING OF RACE DAY IN THE STABLES BUT IS **NOT PERMITTED ON THE RACECOURSE PRIOR TO A HORSE RUNNING IN A RACE**.

SEEK PERMISSION — TOPICAL APPLICATIONS

WHILE TOPICAL APPLICATIONS ARE CONSIDERED TO BE MEDICATIONS, CIRCUMSTANCES MAY ARISE WHEN A HORSE MAY SUFFER A MINOR INJURY, THAT DOES NOT AFFECT ITS SUITABILITY TO RACE BUT WOULD BENEFIT FROM THE PROPHYLACTIC APPLICATION OF A TOPICAL ANTIBIOTIC OR ANTISEPTIC.

IN SUCH CIRCUMSTANCES, A TRAINER MUST APPLY PRIOR TO THE STEWARDS FOR PERMISSION TO ADMINISTER THE MEDICATION.

THE APPLICATION OF HOOF OILS

THE APPLICATION OF ROUTINE HOOF OILS IS PERMITTED ON THE DAY OF RACING, EXCEPT IF THAT PRODUCTS CONTAINS MEDICATIONS OR HERBS THAT CLAIM THERAPEUTIC EFFECTS SUCH AS ANALGESIA OR ANTI-INFLAMMATORY ACTIONS.

BABY OIL & PETROLEUM JELLY

BABY OIL & PETROLEUM JELLY ARE PERMITTED.

SHAMPOOS & FLY SPRAYS

SHAMPOOS & FLY SPRAYS ARE PERMITTED.

VIBRATORY MASSAGE e.g. EQUSSAGE

VIBRATORY MASSAGE SYSTEMS MAY BE USED IN THE STABLE ON THE MORNING OF THE RACE DAY BUT ARE **NOT PERMITTED ON THE RACECOURSE**.

IF YOU ARE UNSURE PLEASE CONTACT RWVA VETERINARY DEPARTMENT (08) 9445 5459 OR STEWARDS (HARNESS (08) 9445 5157) (THOROUGHBRED (08) 9445 5570)

HARNESS RACING CLEAR DAY RULE CHARTS

THE CHARTS BELOW RELATE TO HARNESS RULES OF RACING WHICH PROHIBIT THE ADMINISTRATION OF SUBSTANCES OR TREATMENTS FOR A NUMBER OF DAYS AND/OR CLEAR DAYS PRIOR TO A RACE OR OFFICIAL TRIAL.

THESE CHARTS SEEK TO ASSIST THE TRAINER BY VISUALLY SHOWING THE DAYS ON WHICH SUBSTANCES OR TREATMENTS CANNOT BE ADMINISTERED.

THE YELLOW HIGHLIGHTS REPRESENT **CLEAR DAYS** ON WHICH THE SUBSTANCE OR TREATMENT CAN NOT BE ADMINISTERED. THE GREEN HIGHLIGHTS REPRESENT THE DAY OF THE **RACE OR OFFICIAL TRIAL**. THE RED HIGHLIGHTS REPRESENT THE **LAST DAY THE SUBSTANCE OR TREATMENT CAN BE ADMINISTERED**. SUBSTANCES OR TREATMENTS CANNOT BE ADMINISTERED ON THE DAY OF A RACE OR OFFICIAL TRIAL, PRIOR TO THAT RACE OR OFFICIAL TRIAL.

AMENDMENTS TO RULES OF RACING

NOTICE OF AMENDMENTS TO RWWA RULES OF HARNESS RACING

In accordance with Section 45 (1) (b) of the Racing and Wagering Western Australia Act 2003, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Harness Racing be amended as follows;

Local Rule amendments applicable 1 August 2021

Add local rule 96B

LR 96B. RWWA Local Rule of Retirement

(1) (a) The managing owner shall be liable for all costs associated with compliance with this rule. Any proven failure to pay such costs in accordance with the terms of payment when invoiced by the Trainer or other service provider, may at the sole discretion of the Stewards, result in:

(i) Stewards ordering that any prizemoney payable to the managing owner be withheld and redirected to the relevant party until such account is paid; and/or

(ii) Refusal of nominations for any horses of the same ownership; and/or

(iii) Cancellation of registration of the managing owner in any other horses; and/or

(iv) Other such action as may be taken under the RWWA Rules of Racing

(b) Where the managing owner can demonstrate to the satisfaction of the Stewards that they have been unable to recover such costs attributable to any part-owner, then any action outlined in sub rule (1) (a) shall not apply and action will be taken in accordance with the rules against only any defaulting part owner.

(2) The last registered managing owner or the person in control of the horse at the relevant time, shall, unless the result of accident or illness requiring immediate euthanasia, ensure that any non-emergency euthanasia of the horse, must only be performed by a registered Veterinary Surgeon or an appropriately registered service provider complying with all relevant welfare standards;

(a) on humane grounds where the horse is seriously ill or injured; or

(b) where a Veterinary surgeon has, assessed the horse as being unsuitable for rehoming on medical grounds; or

(c) where written direct evidence is received to the satisfaction of the Stewards from at least 2 persons who have direct personal knowledge of the horse's unsuitability for rehoming due to past demonstrated dangerous behaviours.

(3) Where any horse has been euthanased pursuant to part (2) of this rule, documentary evidence of compliance to the satisfaction of the Stewards, must be lodged with the Controlling Body by the prescribed time as specified by the relevant national rule and/or no later than within 7 days.

(4) Should part (2) of this rule not apply, the last registered managing owner or the person in control of the horse at the relevant time, must to the satisfaction of the Stewards make reasonable effort to rehome the horse over a period of not less than 6 weeks* following the decision to retire/deregister the horse from the racing industry by undertaking at least two of the following options;

(a) publicly advertising the horse in no less than two recognised media platforms for the sale or availability of horses for a period of no less than 6 weeks;

(b) making application to re-home the horse through a credible animal adoption or re-homing agency, including Industry Retirement Programs;

(c) consigning the horse to a public auction.

(d) consigning the horse to an industry auction

2

(5) Documentary evidence of unsuccessful attempts to rehome the horse in accordance with the requirements prescribed in subsection (4) of this rule must be provided to Stewards when lodging the required documentation to retire/deregister the horse.

(6) An owner or person responsible at the relevant time who, in the opinion of the Stewards, fails to comply with any provision of this rule shall be guilty of an offence and liable to penalty.

(7) It shall not be mandatory for any horse that has been retired for the purposes of Breeding for a period of at least twelve months or that is over 15 years of age to be subject to sub-rule (4) of this rule.

Rationale

This WA Racehorse Welfare Plan, as announced by the previous Racing Minister, committed racing to the development of a framework whereby industry participants must aim to rehome all healthy and behaviourally sound horses.

There is a community expectation that healthy and behaviourally sound horses should not be euthanized at the conclusion of their racing careers without at least making every reasonable effort to afford alternative outcomes.

This rule was developed by a working group comprising members of both thoroughbred and harness codes and has been tabled before the respective consultative groups of each. All suggestions by the working group have been included within the final version of the rule with no objections raised to its construction, application or intent by the eligible bodies representatives on the Consultative Groups.

RWWA will shortly be publishing separately to industry, extensive details which explain the requirements to comply with this rule.

As this is a significant change, the Stewards will apply a period of amnesty to ensure suitable education and communications to industry are issued with sufficient time for any person to reasonably comply with this rule prior to undertaking enforcements under the rules. This will be assessed on a case-by-case basis as familiarity with the rule and its requirements become established within the industry.

Further Local Rule amendments

Add local rule 172

LR172 Offences in relation to mobile phone possession or use on course

(1) Unless permission has been granted by the Stewards for emergency, family, or other exceptional reasons only, a driver must not use any mobile telephone, tablet, radio transmitter, radio transceiver or any other appliance, apparatus, instrument or equipment capable of receiving or transmitting information from the time of arriving on course until the completion of all driving engagements.

(2) Without the permission of the Stewards, a person (including but not limited to a driver) must not:

(a) bring into the drivers' room;

(b) have in that person's possession in the drivers' room;

(c) use in the drivers' room,

any mobile telephone, tablet, radio transmitter, radio transceiver or any other appliance, apparatus, instrument or equipment capable of receiving or transmitting information.

(3) The Stewards may take possession of and retain in their possession (including for the purposes of examining) any appliance, apparatus, instrument or equipment that is used by any person in contravention of this rule.

Rationale

The racing industry is vulnerable from those who would seek to gain an unfair advantage by attempting to receive privileged information from drivers at race meetings or by those attempting to affect a race's outcome. Matters such as this can damage the public perception of the sport which the industry heavily relies upon. They also represent serious integrity risks.

There is also a need to protect the perception and image of the Harness Racing industry and drivers observed using these devices during the period in which they have driving engagement reflects poorly on the image of the industry.

Accordingly, the use of a mobile phone or other electronic devices capable of receiving or transmitting such information by all drivers is prohibited between the period from when arriving on course until the completion of all driving engagements.

Add local rule 35A

LR 35A. Racing by 2 year olds

A horse shall not before 1st May in the racing year in which it attains the age of 2 years compete in a race in excess of 2200 metres.

Rationale

This rule originally appeared as section (2) within a Local Rule 35A but on 1 August 2020 Local Rule 35 was changed to read National Rule 35 and section (2) was rescinded.

Very young horses are still not permitted to compete in races in excess of 2200 metres in distance and the rule is therefore re-instated so that it clarifies this requirement.

In accordance with Section 45 (1) (a) of the Racing and Wagering Western Australia Act 2003, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Thoroughbred Racing be amended as detailed below.

NOTICE OF AMENDMENTS TO RWWA RULES OF HARNESS RACING

In accordance with Section 45 (1) (b) of the Racing and Wagering Western Australia Act 2003, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Harness Racing be amended as follows;

Local Rule amendment applicable 1 June 2021

Add Local Rule 156A(2)

LR156A. Approved Whip

(1) Notwithstanding the provisions of Rule 156A, the approved whip may be any approved by the Controlling Body in its absolute discretion.

(2) For the purposes of Rule 156, the following whips are approved by the Controlling Body for use in races, official trials, and trackwork. (added 1/6/21)

(a) Walsh

(b) Finntack

(c) Yonies

(d) Harness Special

The current Harness Rules of Racing (HRR156) prescribe that a driver shall only use and be in possession of a whip approved by the Controlling Body which has not been modified in any manner and that is maintained in satisfactory condition.

Rule 156A prescribes the specification of such whip as being "The approved whip is a flexible whip of black or dark tan colour with a core of fibreglass with a handle base and shaft and either a leather keeper to a maximum of 60 millimetres in length and 20 millimetres in width or a non rigid tip amounting to a maximum overall length of 1600mm".

Whilst work is ongoing by Harness Racing Australia in assessing various whip types, the absence of prescribed manufacturers raises difficulties in identifying potentially unsuitable whips that otherwise appear to conform with the specifications set out in Rule 156.

Local Rule 156A(2) has been adopted to specify that only whips made by reputable and identifiable manufacturers are approved to prevent the construction of alternative whips that at face value conform with specifications but potentially have greater potential to cause welting. This will ensure better control of the type of whips being used by limiting them to industry acceptable manufacturers.

The addition of this rule involved consultation with BOTRA, Senior Drivers and the Harness Racing Consultative Group.

Stewards will be inspecting whips and it will be expected that all Drivers whips are confirmed as compliant with the new rule by 1 June 2021.

Whips that cannot be identified or confirmed as being produced by the listed manufacturers will not be allowed to be used after 1 June 2021.

NOTICE OF AMENDMENTS TO RWWA RULES OF HARNESS RACING APPLICABLE 1 AUGUST 2020

In accordance with Section 45 (1) (b) of the Racing and Wagering Western Australia Act 2003, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Harness Racing be amended as follows;

Harness Racing Australia advised of amendments to the

National Rules which are applicable in Western Australia as from 1 August 2020. These rules changes have also resulted in some amendments to Local Rules as mentioned below.

Rule amendments

Amend definition of “Racing Year” in Schedule 1 Dictionary

“Racing year” means the period commencing 1st January in a calendar year and concluding on 31st December in the same year.

Amend Rules 92(1), 92(2)

92. Age

- Save and except for sub-rule (2), provided that the service date of the foal is on or after 1st September the age of a horse shall be reckoned as beginning on 1st January in the next but one racing year.*
- If a horse is foaled in New Zealand between 1st August and 31st August inclusive its age shall be reckoned as beginning on 1st January in the next but one racing year.*

Amend listing of Local Rule 35A to be re-listed as Rule 35A. Repeal Rules 35A(1), 35A(2). Add new Local Rule 35A

35A. Conditions and Restrictions (listing amended 1/8/20 formerly LR35A)

- (Repealed 1/8/20)*
- (Repealed 1/8/20)*
- A horse shall not compete in a trial before it attains the age of 2 years.LR 35A Yearlings*

LR35A Yearlings

If a horse is a yearling:

(a) the horse is ineligible for; and

(b) a person must not enter or start the horse in, any race or official trial

to be conducted prior to the 1st of September.

Advice from HRA in relation to these amendments;

The Executive of Harness Racing Australia wishes to advise that the current 2019/20 racing season has been extended to 31 December 2020.

Following the determination of the Executive and approval of the HRA Members, the racing season has been extended to the calendar year end. The HRA Executive determined that the extension of this season allows the various State Controlling Bodies time to consider the reprogramming of various Feature and Futurity Races which have been, or will be, impacted by the direct or related effects of the COVID-19 Pandemic.

The extension to the season is for the current 2019/20 racing season only and does not alter the breeding season. From a racing perspective, all Standardbreds will keep their current age through to 31 December 2020.

For further information, contact Harness Racing Australia by email to: hra@hra.com.au

With regard to National rule 35A in WA this rule currently appears as Local Rule 35A but the wording is identical to that of the pre 1 August 2020 National Rule. Local Rule 35A is

therefore amended so that it is listed as a National Rule rather than a Local Rule.

The amendments to these rules will result in the commencement of two year old racing in January 2021.To be able to race a 2 year old it will need to have trialled but Rule 35A(3) states;

“A horse shall not compete in a trial before it attains the age of 2 years”.

Due to the change is racing season we need to allow yearlings to trial prior to turning two year old on the 1st January 2021 as they will not be eligible to qualify to race as a 2 year old unless they have trialled. Under the current rule 2 year old’s can trial from 1ST September and a new local rule has been added, under the exceptional circumstances presented to us by the change of season, to allow yearlings to trial to ensure we can start 2 year old racing in January. The above new Local Rule 35 therefore needs to be added to allow yearlings to trial leading up to the 1st January 2021.

Delete and replace the Australian Handicapping Rules

The current Australian Handicapping Rules have also been deleted and replaced. These rules have no current effect in Western Australia due to RWWA’s Conditioned Racing System which came into effect on 16 November 2018, however they are updated within our rule book as they are used by the RWWA Racing Department when re-handicapping interstate horses that are to race in WA.

Harness Racing Australia (HRA) advised of amendments to the National Rules which are applicable in Western Australia as from 1 September 2020.

NOTICE OF AMENDMENTS TO RWWA RULES OF HARNESS RACING APPLICABLE 1 SEPTEMBER 2020

Harness Racing Australia advised of the below amendments to the National Rules which are applicable in Western Australia as from 1 September 2020.

A HRA news article in relation to the below whip rule and an educational video appear on the HRA website.

Rule amendments

Add definition:

“Breeding Season” means the period commencing 1 September in a calendar year and ending 31 August in the following calendar year.

Whip rules amendments

Amend Rule 156(2)(a),(b)

- A driver shall only apply the whip in a wrist only flicking motion whilst holding a rein in each hand with the tip of the whip pointed forward in an action which does not engage the shoulder.
 - For the purposes of sub-paragraph (a), “*wrist only flicking motion*” means:-
 - Ensuring no force is generated by the use of the elbow or shoulder when applying the whip.
 - The forearm is not raised beyond forty-five degrees relative to the racing surface.
 - Not applying the whip with overt force.

AMENDMENTS TO RULES OF RACING

Add new Rule 156(4)(d)

(4) For the purposes of sub-rule (3) a driver shall be deemed to have used the whip in an unapproved manner in the following circumstances which are not exclusive:-

- If the whip is used in a prodding or jabbing fashion.

The Harness Racing Australia website contains a news article in relation to these whips rules and an educational video.

Sire summary sheet and related matters

Renumber existing Rule 275(6) to 275(8) and existing Rule 275(7) to 275(9)

Add new rules 275(6) and 275(7)

275.(6) (a) Subject to paragraph (b), in a breeding season the total number of mares bred in accordance with Parts 18 and 19 of these Rules to a sire registered in Australia including free returns from a previous breeding season shall not exceed 150.

(b) In the breeding season commencing 1 September 2020 and ending 31 August 2021 the total number of mares bred to a stallion registered in Australia may exceed 150 to a maximum of 170 provided that:

- each additional foal is the progeny of a free return to that sire; and,
- the free return must be to the same mare and that sire; and,
- the studmaster has made written application to HRA to use the free return and the application has been approved.

(7) A horse that is foaled in contravention of sub-rule (6) shall not be eligible for registration.

(8) The Controlling Body may from time to time change the information required to be recorded under this rule, the way in which it is recorded and the manner, form and time in which information is to be supplied, materials or documents lodged or issued, or application made to the Controlling Body or other person.

(9) A person who fails to comply with any provision of this rule is guilty of an offence.

Transported Semen

Add new Rule 285A(1) and 285A(2)

285A.(1) (a) Semen from an Australian registered sire which has died or disappeared or been gelded shall, subject to sub-paragraph (b) only be used in the breeding season in which the sire has died or disappeared or been gelded or the next breeding season.

(b) If a broodmare has been inseminated by the sire which has died or disappeared or been gelded and that insemination did not produce a live foal then the progeny of a subsequent insemination of the same broodmare by the same sire shall be eligible for registration in the second breeding season following the death or disappearance or gelding of the sire.

(2) The provisions of sub-rule (1) do not apply to a registered standardbred which has prior to 1 September, 2020 died, disappeared or been gelded.

LICENSING, REGISTRATIONS & OWNERSHIP

NEW PROCEDURE FOR THE MICROCHIPPING OF STANDARDBRED FOALS IN WA - DISCONTINUANCE OF FREEZE BRANDING

Following a decision by Harness Racing Australia (HRA) in September 2020 all foals born in WA during the forthcoming foaling season will only be microchipped as a means identification.

Freeze branding will therefore be discontinued for any foals born from then onwards.

In WA the procedure of microchipping can only be carried out by a veterinary surgeon or by a veterinary nurse under the direct supervision of a veterinary surgeon i.e. the veterinary surgeon has to be present at the time for direct supervision.

Since 2017 the veterinary costs of microchip insertion in standardbred foals has been borne by the breeder, however with the new “microchip only” process the current RWWA foaling registration fee will remain stable and it will include the veterinary costs of microchipping, i.e. breeders will no longer have the Veterinary charges they are currently paying to have a microchip applied.

As from the coming foaling season RWWA has contracted a veterinarian who will travel around the state microchipping foals and collecting DNA samples in the same manner that the freeze branding contractor does at present.

Breeders continue to be responsible for notifying RWWA of the birth of a foal, within the required 21 days of foaling. As is currently the case, penalties apply for late notification of foaling.

There are no issues with breeders applying their own shoulder freeze brands should they choose to do so. Any brands applied must be promptly notified to the RWWA Licensing & Registrations (L&R) department.

Foals born before this coming foaling season that have not been microchipped will still be subject to the previous process.

Breeders are reminded;

- The notification of the birth of a foal (completed Certificates of Service) must be lodged with RWWA within 21 days of foaling, late lodgements fees apply.

- Entitlements to Breeders Bonuses

Within the RWWA Rules of Harness Racing a “Breeder” is;

(a) In the case of a foal which is the result of an embryo transfer, the registered owner or lessee of the donor mare at the time the embryo is flushed from such donor mare and impregnated into a recipient mare.

(b) In all other cases, the registered owner or lessee of the dam at the time of last date of service.

The RWWA L&R department receives many queries from participants in regard to Breeders Bonus payments. For clarification, in relation to future entitlements to Breeders Bonus payments, the Owner or breeding lessee of the dam at the last date of service is deemed to be “the breeder” of a foal. It is therefore essential for Breeders to lodge all transfers of ownership, or breeding leases, of a dam with RWWA prior to any last date of service (mating/insemination) being completed.

Any queries can be directed to the RWWA L&R department on 9445 5507.

RACING COLOURS WITH LOGOS

Applications for registration of Racing Colours with Logos may be lodged provided they comply with the following strict criteria.

The use of numerals, letters, words, offensive motifs and use of commercial property or logos promoting or displaying a company, business or commercial undertaking are restricted.

The use of a business/company logo (with or without the display of its business name) may be used under the following circumstances:

- ***That the logo design does not resemble any registered Trade Mark.***
- ***That the logo design is solely associated with a harness racing-related business/company. ie; Racing Stable, Public Syndicator of Race Horses, Stud farm etc, (excluding any wagering operators).***
- ***That the business/company must be registered with an active ABN/ACN, and in the case of a Public Syndicator of Race Horses, a Dealer’s Licence and Registration must have been issued by ASIC/RWWA.***
- ***That any wording is specifically that of the registered Business/Company name.***
- ***That the logo is not offensive, or in breach of standards of good taste (exercised by RWWA in its discretion).***
- ***That the logo does not breach any Australian laws in relation to advertising.***
- ***That once approved the logo cannot be altered in any way without the prior permission of RWWA.***

Any application for the registration of colours using a business/company logo, must contain all documentation required to substantiate the criteria contained in the regulations.

RWWA reserves the right to refuse any application that does not satisfy the specific criteria listed in the Regulations.

Application forms are available to download from the RWWA Website. Please direct any queries to the Licensing & Registration Department on 9445 5558.

NOTICE TO ALL RACING PARTICIPANTS

Transfer of Ownership

Funds are often withheld at the request of the ‘new’ owner when a transfer of ownership has taken place, as the outgoing owner has not submitted the paperwork within the correct time. There are specific rules that apply to each code in the treatment of transfers. These being;

Harness Rule 109 - the paperwork must be submitted within 7 days of entering into a lease or prior to the horse next racing, whichever is earlier and Rule 111 in respect to a transfer of ownership.

Thoroughbred AR.34 – in respect to a lease the Principal Racing Authority may refuse to accept for registration any lease, and may insist on the inclusion in a lease of provisions it considers essential.

Greyhounds R117 – within ten (10) days lodge a prescribed transfer of ownership form and Rule 119 in respect of a lease.

LICENSING, REGISTRATIONS & OWNERSHIP

These rules will now be enforced so that the owner recorded with RWWA at the time of racing will be paid any monies earned. Payments will no longer be held due to paperwork not being lodged within the required time.

REGISTRATION CERTIFICATES

Trainers are advised not to lodge a Stable Return for a horse unless they are in possession of the horse’s Registration Certificate or have access to the electronic certificate in HarnessWeb.

The brand on the Registration Certificate should match the brand on the horse and should be the brand written on the Stable Return or appearing on the HarnessWeb site.

NAMING POLICY - HARNESS

Following queries regarding the existing policy requiring that only original documents as being acceptable in relation to transacting Harness registration, a review has been conducted of the existing protocols in this regard. As a result the following amendment has been made to internal policy in relation to the naming of Standardbred horses. Unless indicated to the contrary, RWWA will now accept electronic documents for all transactions.

This policy also relates to the naming of Standardbred horses, and the relevant documentation submitted by applicants. RWWA now accept clear copies of the application to name a standardbred.

Once a foal is branded by the RWWA contracted freeze brander, microchipped, and the subsequently collected hair sample has been processed and the parentage confirmed, Licensing and Registrations will prepare and issue a Branding Notification Advice / Application for Naming – Harness form to the owners/managing owner of the foal. This form must be retained until the owners wish to name the horse.

When making application for naming, the issued Branding Notification Advice / Application for Naming – Harness form must be correctly completed, signed and returned to RWWA with the correct fee. Licensing and Registration will accept a correctly completed electronic copy of both sides of the form with accompanying credit or debit card payment details as a means of commencing the naming process. Please contact RWWA Licensing & Registration department on 9445 5558 to obtain details of current fees.

In all circumstances, applicants are advised to allow at least 10 working days for the processing of a valid naming application. At any time there are a number of applications received daily which require some time to properly validate and process, which includes reference to the HRA. Applications will be processed as expeditiously as possible as they are received but will not be elevated in priority under any circumstances. Person’s expecting to make application and have the transaction completed on the same day or similar are advised that such event is highly unlikely and staff will not circumvent protocols or afford any individual applications amended priorities ahead of earlier received applications.

ATTENTION ALL BREEDERS/STUD MASTERS LATE FEES

There is currently a range of fees relating to late notifications with respect to the timely submission of documents to RWWA relating to Breeding. The failure to lodge many of these documents in the manner prescribed does constitute a breach of Rules, in some cases National Rules.

Mares that are not properly identified prior to being served will incur a penalty fee of \$150.00 for each unregistered Mare served appearing on the Stallion Summary Sheets, or on related paperwork submitted to RWWA.

Persons potentially affected by the increases or application of the prescribed late fees can avoid them entirely by ensuring they lodge their documentation and conduct their activities in accordance with the Rules.

Where events beyond a person’s control arise that may cause a late notification, prior notice to RWWA Registrations may lead to the late fee being waived. Each application of a late fee will be considered on a case-by-case basis.

CLEARANCE OF HORSES - DOCUMENTATION AND FEES

Where a horse requires clearance into WA, all relevant documentation and fees must be lodged and processed by RWWA before any transaction for the horse will be processed (Documentation includes ownership transfers, GST/Banking details, Stable Returns and Gear Notifications etc. Leases from interstate Controlling Bodies are NOT accepted).

21. NOTIFICATION OF GELDING OF A HORSE

1. No person shall geld or cause to be gelded a horse without the prior written consent of the owner.
2. A person who has a horse gelded shall notify the Controlling Body of that fact in accordance with the provisions of Rule 100. Such notification shall be by way of the lodgment of a fresh Gear Notification Form indicating the date of gelding.
3. A person who fails to comply with any provision of the rule is guilty of an offence.

NOTICE TO PROSPECTIVE OWNERS

“APPROVED PROMOTERS”

The following named persons are the only persons approved by RWWA and licensed by the Australian Securities and Investments Commission (ASIC) to promote ownership shares in horse racing schemes.

Prospective owners should be mindful that any person promoting shares in a racehorse must hold a current Australian Financial Services Licence (AFSL) with the *conditions shown below.

LICENSING, REGISTRATIONS & OWNERSHIP

Person	Name	AFSL No:	*Conditions
P V Morley	Belhus Racing Stables Grand Syndicates	226693	1 (a) & (b)
B E Saxild	OZ Racing Pty Ltd	269277	1 (b)
WATA	TrotSynd Pty Ltd	269076	1 (a) & (b)
D. Connell (contact – M. Cullen)	Thoroughbred Trainers Service Centre Ltd.	288213	1 (a) & (b)
T. Johnson	Stable Connect Pty Ltd	336964	1 (a) & (b)
J V O'Neill	Prime Thoroughbreds Pty Ltd	226395	1 (a) & (b)
R J Slade	Slade Bloodstock Pty Ltd	226373	1 (a) & (b)

Australian Financial Services Licence *Conditions

- This licence authorises the licensee to carry on a financial services business to:
 - provide financial product advice for the following classes of financial products:
 - interests in managed investment schemes limited to:

(A) horse racing schemes only; and
 - deal in a financial product by:
 - issuing, applying for, acquiring, varying or disposing of a financial product in respect of the following classes of financial products:

(A) interests in managed investment schemes limited to:

(I) horse racing schemes only; to retail clients.

GUIDELINES TO APPLY FOR A TRAINERS LICENCE

Please read this information carefully

TRAINER'S LICENCE GRADES

Grade “A” is licensed to train any horse.

Grade “B” is licensed to train a horse which the person owns or partly owns or which is owned by the person's spouse, other domestic partner, parent, sibling or child.

A probationary B grade trainer’s licence is the starting point for a person wishing to train horses to trial and/or race. After a person has held a current B grade licence for 12-months they may make application for the licence to be upgraded to an “A” grade licence.

Grade “C” is licensed to prepare, educate and exercise a horse but cannot trial or nominate it to race. (Referred to as Breaker’s Licence)

To qualify for registration as a trainer the applicant must have at least 6 months experience in the racing industry and hold a current licence at the time of application.

Furnish copies of three (3) months of Bank Statements with a consistent minimum, each month, of \$3,000 in savings.

Furnish three references from industry participants.

Furnish two credit references from suppliers (preferably from within the racing industry ie; Feed Merchants, Veterinary Surgeons etc)

Provide evidence of suitable stabling arrangements. (Stables will be

inspected by the Stewards to ensure suitability)

Provide a valid National Police Clearance dated no later than 2 months prior to application.

Furnish a Medical History and RWWA Medical Examination Report

Complete a theoretical test of the applicant’s horse knowledge and understanding of the RWWA Rules, Regulations and Policies.

Provide a sample of urine for testing for Drugs of Abuse.

If required submit to an interview with the Licence Application Review Sub-Committee.

Should you have any other queries regarding your application please contact Licensing and Registrations (08) 9445 5558, or email licreginfo@rwwa.com.au.

GUIDELINES TO APPLY FOR A HARNESS RACING DRIVER'S LICENCE

Please read this information carefully

DRIVER'S LICENCE GRADES

(a) Grade “C” is licensed to drive at trials and to carry out track work on registered tracks including pre race warm ups.

(b) Grade B has the driving licence rights mentioned in (a) and is licensed to drive at graduation meetings and other than in races of metropolitan class at country or provincial meetings, including country or provincial class meetings at metropolitan sites;

(c) Grade A has the licence mentioned in (a) and (b) and is licensed to drive at any meeting.

The driver's licence issued to a first time applicant is a Grade “C” driver. A Grade “C” driver’s licence shall not be granted to a person younger than 15 years old.

Holders of a Grade “C” driver's licence are required to complete at least 30 satisfactory trial drives at official trials and enrol in and complete the relevant units from the Racing Training Package as prescribed by RWWA.

Upon application for any driving permit/licence, if a period of 12 months has elapsed since last providing a RWWA Licence/Permit – Medical Examination Report the applicant must submit a new medical report.

To qualify for registration as a ‘C’ class driver the applicant must

- Have at least 6 months experience in the racing industry and have held a current driving stable hand licence for at least 6 months unless otherwise waived by the Stewards.
- Provide a written curriculum vitae detailing experience within the industry including racing industry employment history.
- Complete a theoretical test of the applicant's horse knowledge and understanding of the RWWA Harness Rules, Regulations and Policies.
- Undergo a driving assessment by the RWWA Driving Master or Steward
- If required, submit to an interview with the licensing steward.

LICENSING, REGISTRATIONS & OWNERSHIP

- Enrol in the required units from the Racing Training Package as specified by RWWA
- If a period of 12 months has elapsed since last providing a sample of urine for testing for Drugs of Abuse the applicant may be requested to submit a further sample.

Requirements upon Approval being granted:

- Upon notice of approval being forwarded to Licensing and Registrations by the Stewards, the driver is approved as a “C” grade driver and eligible to drive in trials. During this time the driver must maintain a Trial Driving Record to be signed by RWWA Driving Master or Stewards.
- In any circumstance, the maintenance of a Grade “C” driver licence requires the holder to complete 10 satisfactory trial drives per year, signed by the RWWA Driving Master or Stewards, evidence to be forwarded at the time of renewal.
- A minimum of 10 satisfactory Trial drives must be completed within a 12-month period as part of the required minimum 30 satisfactory trial drives in order to be eligible to apply for upgrade of licence to Grade ‘B’. Satisfactory trials constitute driving a variety of horses in both stand and mobile trials demonstrating competence in applying race driving techniques to the satisfaction of the Driving Master and Stewards.
- Grade “C” drivers designated as trainees are required to wear a reflective vest (supplied upon granting of license) in all trials and also attend RWWA Driving Master review and education sessions as required.
- It is necessary for at least 4 drives on 4 separate occasions to be at Byford unless otherwise directed by the Stewards.
- Grade “C” drivers designated as trainees are required to have attended to the satisfaction of the Stewards during their time of such registration as indicated:
 - Observed Stewards race related Inquiry and/or Protest
 - Observed starts with starter for standing and mobile
 - Observed race with Judge
 - Witnessed equine sample collection process and procedure
 - Driven in a number of pre race warm-ups

To qualify for registration as a ‘B’ grade driver the applicant must

- Have satisfactorily met all the requirements outlined above in relation to requirements of Grade “C” drivers within 12-months of commencing such registration.
- Have held a Grade “C” drivers licence for a minimum of 6-months, or received approval for variation from the Chief Steward (Harness).
- Applications for upgrade in excess of 12-months from commencement may be granted at the discretion of the Stewards, but will require a stewards interview and may require the resitting of the theoretical test.

- Submit a fully completed and signed application “Application for Upgrade to Grade “B” Driver and relevant fee.
- If a period of 12-months has elapsed since last providing a sample of urine for testing for Drugs of Abuse the applicant may be requested to submit a further sample. (The cost of analysis must be paid at the time the application is lodged.)

- If required, submit to an interview before the Licensing steward to assess suitability for approval to Grade “B”. Assessment to include knowledge of race driving, relevant rules etc.

To qualify for registration as a ‘A’ grade driver the applicant must

- Have completed a minimum of 100 Satisfactory race drives and have driven in at least 25 races in the previous racing season.

Should you have any other queries regarding your application please contact:

RWWA Driving Master 0434 609 604

Licensing and Registrations 9445 5558

GUIDELINES TO APPLY FOR A STABLEHANDS LICENCE

Please read this information carefully

The holder of a stablehands licence allows the licensee to perform duties related to the every day care of the stables and horses. It also allows them to drive track work on any registered training track

STABLEHANDS LICENCE GRADES

(a) STABLEHAND DRIVER is licensed to drive track work on any registered training tracks and perform regular stable duties

(b) STABLEHAND NON-DRIVING is licensed to perform regular stable duties but is not permitted to drive at any registered training track

(STABLEHAND DRIVING) applicant must

- Be employed by a licenced trainer and hold a current licence to work in the Racing industry
- Provide a National Police Clearance dated no later than 6-months prior to applications
- A signed parent consent form If under 18 years of age
- Furnish a Medical History and Examination Report.
- Complete a practical test of the applicant's horse handling competency.
- Provide a sample of urine for testing for Drugs of Abuse (The cost of the analysis must be paid at the time the application is lodged).

(STABLEHAND NON DRIVING) applicant must

- Be employed by a trainer
- Provide a National Police Clearance dated no later than 6-months prior to application

LICENSING, REGISTRATIONS & OWNERSHIP

- 3. If under 18 years of age a signed parent consent form

If you have any queries regarding your application please contact:

(08) 9445 5558 (Harness Licensing Officer)

LICENSEES AND CLUBS

Details of the Australian Harness Racing National Risk Protection Program (Insurance) may be accessed on the HRA web site at the following address:

http://www.jltsport.com.au/harnessracing/index.aspx

TRANSFER OF OWNERSHIP OR LEASE AGREEMENTS - CONTINGENCIES

The current practice of denoting contingencies upon transfers with the intent that the controlling body thereafter shall take steps to ensure such contingencies are fully discharged is not a practice that is recognised in either of the other codes nor the majority of other racing jurisdictions.

These agreements between buyers and sellers, eg \$2000 to be paid from the first win, are only agreements between the two parties and it is inappropriate for RWWA to adjudicate on what is in essence a contractual dispute between the parties should such an event arise. Effected parties should appreciate that RWWA does not recognise a contingency clause on horse ownership notification of transfer documents and will not become involved in a dispute which arises out of a contingency contained in a previously notified transfer of ownership.

Whilst the recording of such contingencies is provided as a means of ensuring a written record between the parties, it does not extend to RWWA enforcing in any way the terms of the clauses nor is any assessment made by RWWA with regard to the legality of the clauses. Any and all such questions that may arise are civil matters between the parties that must be determined accordingly.

TRANSFER'S OF OWNERSHIP - POLICY ADVICE

It is a requirement under the Rules of Racing for the name or names of every person or persons having any share or interest in the ownership or lease of a horse to be declared to RWWA prior to racing. Back-dating transfers or similar where such dates retrospectively affect the ownership of a horse in a race already run is therefore contrary to these principles. Furthermore once payments have been correctly made by RWWA based on recorded ownership details, it is impractical to attempt to re-allocate stakes to revised owners after the event.

Industry participants, in particular those involved in horse ownership, are therefore advised when completing the required Application to Transfer (or similar document that alters the official recorded ownership,) the Date of Transfer cannot be dated prior to the horse's last race start. The practice of back-dating the Date of Transfer so as to include dates where the horse has already raced will not be accepted and instead the Date of Transfer will be given the effective date of processing. Where race starts are not included in any back-dating then the indicated Date of Transfer will be recorded. This policy shall be consistently applied across all codes.

In circumstances where the ownership of a horse already engaged to compete is subject to change prior to racing, then the onus is on the incoming owners to advise RWWA Racing Accounts of

the impending change so that monies are not released until the transfer is completed. Payments will no longer be held pending the processing of the Transfer or Lease. RWWA will not be liable for retrieval or re-allocation of stake money already paid where adequate notice to RWWA Racing Accounts of the impending change of ownership has not occurred.

PHOTOS TO BE PROVIDED

All licensee's new and existing have been asked to provide a photo for our records and the upgraded licence card.

Headshot from the shoulders up on a white background. The photo can be taken with your phone and text to 0418 104 309 with your name or emailed to licreginfo@rwwa.com.au.

ORIGINAL DOCUMENTS FOR TRANSFER OF OWNERSHIP & LEASES

RWWA will now accept the submission of scanned/emailed or faxed copies of Harness Horse Registrations, however we remind participants that it is a requirement that any changes to the documents must be initialed by all parties in relation to transacting Harness Namings, Transfer of Ownerships or Lease Agreements. Transactions will not be processed without the correct paperwork received into our offices, and all documents should be sent and received at RWWA's offices in sufficient time to allow the transaction to be processed. No exception shall be made to this rule and all documents must be submitted prior to a horse being nominated to trial or race.

STANDARD BRED RACEHORSE SYNDICATION

Any person wishing to promote or buy shares in the syndicated ownership of a racehorse should refer to the PUBLIC PROMOTERS OF SYNDICATION section on the RWWA website.

This section has details of the obligations of persons wishing to promote the syndication of racehorses. Prospective buyers of syndicate shares should read the documents in this section before buying a share in a syndicate.

OWNERS NOTE SYNDICATES & PARTNERSHIPS

All current and prospective syndicate or partnership members should be aware of the ramifications of buying shares in a racehorse.

The promotion of a scheme which sells shares in a racehorse is subject to Corporations Law and there are significant penalties for schemes that are found to be operating contrary to the law.

Importantly the laws are in place to provide protection for persons who may purchase an ownership interest in a racehorse which is offered in such a scheme.

A horse racing syndicate must be registered with the Australian Securities and Investment Commission (ASIC) before it can operate if it is a "managed investment scheme" (MIS) for the purposes of the Corporations Act. This will generally be the case if the syndicate: has more than 50 members; or is promoted by a person in the business of promoting syndicates unless the investors in the scheme are "wholesale clients" for the purpose of the Corporations Act.

The promoter is required to have an Australian Financial Services Licence (AFSL).

LICENSING, REGISTRATIONS & OWNERSHIP

A promoter of a syndicate can avoid the requirement to register a managed investment scheme with ASIC if it registers as an approved promoter with RWWA. Once approved by RWWA, the promoter can then apply to ASIC for an AFSL.

RWWA is a Lead Regulator and as such is required;

- (a) to keep a register of all promoters of horse racing schemes to which the co-regulation arrangements applies;

- (b) to register schemes which the lead regulator has agreed to regulate;

- (c) to ensure that a promoter's disclosure statement or offer document contains sufficient information to allow investors to make an informed decision and to check the accuracy of this information;

- (d) to approve the agreements which establish the scheme;

- (e) to approve advertising in relation to the scheme;

- (f) to ensure that promoters and managers of schemes lodge the reports and accounts which they are required to lodge with the lead regulator;

- (g) to deal with any complaints;

- (h) to implement adequate surveillance, enforcement and disciplinary procedures;

- (i) to refer cases which may involve breaches of the Law or of licence conditions to the ASC;

- (j) to discipline promoters for failure to comply with the lead regulators' rules;

- (k) to remove from its register any promoter who fails to comply with the lead regulator's rules relating to the promotion and operation of horse racing schemes and to remove any person from its register if so requested by the ASC; and

- (l) to advise the ASC of the name of any promoter who has been removed from the register of promoters.

ASIC Client Contact Centre's Enquiry Line 8.30am to 7pm Eastern Standard Time on weekdays. Closed on weekends and national public holidays.

Email info.enquiries@asic.gov.au, Phone 03 5177 3988

From overseas, phone +613 5177 3988
Telephone Interpreter Service 131 450

REPLACEMENT LICENCE CARD

A replacement card will only be issued where the licensee provides a statutory declaration detailing the circumstances in which the original card was misplaced. Such declaration must also be accompanied by a card replacement fee.

NEW WA LICENSES

When applying for a new licence in WA, participants must complete an application form. A GST Declaration Form is not always completed as part of the application process. As a result, this leaves RWWA unable to make payments or calculate GST.

It will be required that a correctly completed GST Declaration Form be submitted as part of the licence application process. This will ensure that any payments due are made on time to the licensee.

These changes are planned to be introduced 1st August 2012.

RECORD OF GEAR

Trainers are advised that it is their responsibility to ensure that the Record of Gear displayed in the race-night office is correct for each horse engaged at a meeting. Any discrepancy must immediately be advised to the stewards

Horses must not be presented in the parade ring with or without any gear contrary to that published in the official race day gear sheets unless specifically approved by the stewards

CHANGES TO LICENCE APPLICATION CHECKLIST FOR TRAINERS

Following a review of licensing criteria the RWWA Stewards have introduced some changes to the Licence Application Checklist which are applicable for all Trainer licence applications

These changes being that the following must be lodged with any application;

- A copy of three (3) months of Bank Statements with a consistent minimum, each month, of \$3,000 in savings
- Three references from industry participants
- Two credit references from suppliers (preferably from within the racing industry ie; Feed Merchants, Veterinary Surgeons etc)

The current Harness Licence Application Checklist can be viewed in the Harness Licensing and Registration section of the RWWA Website.

FOALING NOTIFICATION FEES FOR 2021/2022

Correct payment MUST accompany the Foaling Notification for the document to be processed. Please remember that the lodgement of a Foaling Notification later than 21 days after the birth of the foal will incur a late Foaling Notification fee which comprises the normal cost of the Foaling Notification, plus an additional fee of \$50 for each month elapsed after the birth of the foal.

For foals born in the 2021/22 season that are notified after 31st August 2022, an additional fee of \$1000 will apply to the normal Foaling Notification fee. Once a foal reaches the age of 2 years without having its Foaling Notification lodged with RWWA with the appropriate fee and a Statutory Declaration (on RWWA's website), the registration of that horse may not be approved.

Please note that Licensing & Registrations department have a new fax number 08 6314 4792.

All L&R documents can also be sent via email to RWWA Licensing Registrations & Stakes licreginfo@rwwa.com.au, via post, dropped in the mailbox at Gloucester Park or Ascot Offices (internal courier service daily), or through reception at Head Office 14 Hasler Road, Osborne Park.

RACING POLICIES AND GENERAL RACING INFORMATION

EMERGENCY RUNNERS

1.

The Handicapper may declare a horse to be an emergency in any race programmed with a Random Barrier Draw.
2.

There can be no emergency runners for any race programmed with a Preferential Barrier Draw.
3.

A horse declared an emergency in a standing start race will be included in the draw for barrier positions.
4.

Except as provided in clause 5 below, where a horse is declared an emergency in a mobile start race it will be allocated the highest number saddlecloth. In the event of a scratching It will take the position of the first scratched horse and retain that horses allocated barrier number.
5.

A horse which is excluded from the draw in a mobile start race may be declared an emergency provided that if it gains a start it shall start from the outside of the line on which the scratching occurs and it will retain its allocated barrier number. An emergency shall not be declared in a mobile race at a track with equal numbers of starters on each line.
6.

A horse declared an emergency shall be required to take its place in the field where a scratching occurs prior to 8:30 am on the day of the race.
7.

A horse declared an emergency will be withdrawn automatically without penalty at 8:30 am on the day of the race if it is not required.
8.

The trainer of a horse declared an emergency may contact Harness Trainers Service Centre (or the Stewards if the meeting is conducted on a weekend or public holiday) at 8:30 am on the day of the race to ascertain if the horse gained a start or not. The Harness Racing Office or the Stewards will attempt to contact the trainer when an emergency gains a start.
9.

a) In the event that two horses in a field are scratched at the same time (for example by the same trainer with two runners) then the barrier numbers of the horses scratched will be placed in a barrel and the first number drawn will be taken by the 1st Emergency and the remaining number will be taken by the 2nd Emergency.

b) In the unlikely event that three horses are scratched at the same time, then the above procedure will take place with the 1st Emergency drawing one of the three barrier positions available and the 2nd Emergency drawing one of the remaining two barrier positions.

RACE CONDITIONS

Race conditions will include the following detail;

- a)

Starting method.
- b)

Stake.
- c)

Race distance.
- d)

Description of eligible horses which includes but is not limited to age, and HWOE level.
- e)

Conditions for the draw for barrier positions.

- f)

Conditions applicable to handicapping.
- g)

A race may carry a condition which stipulates the conditions in which a horse with a higher classification may be eligible for the race. Such condition will be known as an “also eligible” condition.
- h)

In a race of any class, the term ‘Mares’ shall refer to and include Mares and Fillies and the term ‘Entires and Geldings’ shall refer to and include Colts, Entires, Rigs and Geldings
- i)

The eligibility of a horse entered into a race shall be determined as at the time acceptances close for such race. Following that time a horse which is listed as a starter will remain eligible for the race irrespective of any subsequent performance and will retain the same handicap mark or barrier position (unless excluded from the draw) except that a Maiden winning a race will be ineligible to start in a Maiden.
- NOTE:

RWWA has the utmost power to deal with any matter arising, whether or not such matter is specifically covered in the conditions of a race. Any decision by RWWA shall be final and conclusive and binding on all parties
- BARRIER DRAWS
- Barrier draws will be conducted as Random Barrier Draws (RBD) or Preferential Barrier Draws (PBD) and the mix of draws will be determined through the programming process.
- Selected races, i.e. FFA PACERS, FFA TROTTERS, FFA MARES, RESTRICTED AGE and OPEN AGE, may utilise a Preferential Draw on an alternating basis with a Random Barrier Draw OR as a handicapping tool on a regular basis.
- There will be two types of Preferential Draws:
1. PBD/L (formerly GPPBD/HWOE)
- A Preferential Barrier Draw will draw horses in order of their HWOE Groups/Levels. (Refer Table 1)
- a) Horses in the same Level/HWOE Groups will be subject to a Random Draw within the Level/Group.
- b) Level 15+ /HWOE \$100,000+ shall be drawn together in ascending groups of \$50,000. (Refer Table 2)
- c) An exception will be applied to Fillies & Mares FFA only races which will see mares in the same Level/HWOE Groups subject to a RBD within their Level/Group.
- d) If a race has a “Preference to” clause in the conditions then the preference level will determine the lowest HWOE group applicable for the race.
- e) If a race does not have a “Preference to” clause in the conditions then horses in the same Level/HWOE Groups will be subject to a Random Draw within the Level/Group.
- f) Horses nominating out of their group will be drawn together with the lowest group.
- g) Horses using a concession will be drawn in their original group not a reduced group using the concession value.
- h) Standing start races will have 10-metre handicapping increments
- 62
- 63

TABLE 1 - Level 1 to 13		
Level	HWOE \$	HWOE Group
15	\$100,000+	FFA
14	NA	
13	\$85,000-\$99,999	LT \$100,000
12	\$70,000-\$84,999	LT \$85,000
11	\$55,000-\$69,999	LT \$70,000
10	\$40,000-\$54,999	LT \$55,000
9	\$32,500-\$39,999	LT \$40,000
8	\$25,000-\$32,499	LT \$32,500
7	\$18,500-\$24,999	LT \$25,000
6	\$12,000-\$18,499	LT \$18,500
5	\$9,000-\$11,999	LT \$12,000
4	\$6,000-\$8,999	LT \$9,000
3	\$3,000-\$5,999	LT \$6,000
2	\$1-\$2,999	LT \$3,000
1	\$ 0	MAIDEN

2. PBD/HWOEL2

This is a STRAIGHT sequential Preferential Barrier Draw on HWOEL2.

Horses with the same HWOE value will be subject to a Random Draw within their values.

The rest are straight sequential using HWOE.

3. PBD/HWOE

This is a STRAIGHT sequential Preferential Barrier Draw on HWOE and will only apply in 2YO races.

Horses with the same HWOE value will be subject to a Random Draw within their values.

The rest are straight sequential using HWOE.

4. PBD/MW (Metro staked race wins)

This is a STRAIGHT sequential Preferential Barrier Draw on MW and if used will only apply in 2YO and 3YO Metro staked races.

Horses with the same MW value will be subject to a Random Draw within their values.

The rest are straight sequential using MW.

5. PBD/\$Lx (Dollars earned last x starts) This is a STRAIGHT sequential Preferential Barrier Draw on \$Lx and will only apply in selected races.

Horses with the same \$Lx value will be subject to a Random Draw within their values; HOWEVER, the minimum value placed on this draw will be x times minimum Unplaced Stakes. Horses having their first x starts in WA with LT x times the minimum Unplaced Stakes in \$Lx will be drawn in the minimum Unplaced Stakes group.

The rest are straight sequential using \$Lx.

Example: At present, Preferential Barrier Draws on \$L5 are being programmed. Horses on the same \$L5 value will be subject to a Random Draw within their values; HOWEVER, the minimum value placed on this draw will be \$500 (5 x minimum Unplaced Stakes).

The rest are straight sequential using \$L5.

6. PBD/CLAIM/HWOEL2

This is a STRAIGHT sequential Preferential Barrier Draw on Claiming Price with horses within each Claiming Price drawn in order of HWOEL2.

Horses within each Claiming Price group with the same HWOEL2 value will be subject to a Random Draw within their values.

7. PBD HWOE GROUPED

A HWOE Grouped Preferential Barrier Draw will only apply in Open FFA races (\$100,000+). Horses will be drawn in ascending groups of \$50,000 (Refer Table 2)

A horse with HWOE LT \$100,000 will be drawn in the LT \$150,000 Group.

TABLE 2 - FFA		
Level	HWOE \$	HWOE Group
15	\$100,000 - \$149,999	LT \$150,000
	\$150,000 - \$199,999	LT \$200,000
	\$200,000 - \$249,999	LT \$250,000
	\$250,000 - \$299,999	LT \$300,000
	\$300,000 - \$349,999	LT \$350,000
	\$350,000 - \$399,999	LT \$400,000
	\$400,000 - \$449,999	LT \$450,000
	\$450,000 - \$499,999	LT \$500,000
	\$500,000 - \$549,999	LT \$550,000
	\$550,000 - \$599,999	LT \$600,000
	\$600,000 - \$649,999	LT \$650,000
	\$650,000 - \$699,999	LT \$700,000

WESTERN AUSTRALIAN HANDICAPPING RULES

Western Australia has introduced a conditioned handicapping system which will group horses together for the purpose of handicapping based on the stakes they have earned for WINNING races (HWOE).

1. Each time a horse WINS a race the dollar value paid for first is accumulated towards the horses HWOE (Win Only Earnings)

2. Place money and payments back to last do NOT get counted in this calculation and Westbred and other Bonuses are also not included.

3. In the event of a dead-heat for first place the dollar value paid for the number of places affected will be totalled and divided equally amongst the number of dead-heaters. This figure will be added to each of the dead-heaters' HWOE.

4. The formula for the calculation of HWOE for 2YO, 3YO and 4YO are detailed below:

- a) 2yo wins in races less than \$100,000 then 25% of win stake to be considered towards the handicap win only earnings to a maximum of \$3,750 per race.

b) 2yo wins in races \$100,000+ then 25% of win stake to be considered towards the handicap win only earnings to a maximum of \$7,500 per race.

c) 3yo wins in races less than \$100,000 then 75% of win stake to be considered towards the handicap win only earnings to a maximum of \$11,250 per race.

d) 3yo wins in races \$100,000+ then 75% of win stake to be considered towards the handicap win only earnings to a maximum of \$22,500 per race.

e) 4yo+ wins in races less than \$100,000 then 100% of win stake to be considered towards the handicap win only earnings to a maximum of \$15,000 per race.

f) 4yo+ wins in races \$100,000+ then 100% of win stake to be considered towards the handicap win only earnings to a maximum of \$30,000 per race.

DETERMINATION OF HWOE – TRANSITION FROM PREVIOUS SYSTEM

While the following formula/methodology has been used to transition horses previously – AS FROM 1st September 2019 all overseas horses will be assessed as if all their wins had been under the HWOE system.

M-C	M-C	M-C	M-C	M-C	M-C	M-C	New Class - lowest of maximum or H\$WOE Conversion
Non Winners							H\$WOE \$0
M0-C0							H\$WOE \$12,500 maximum
M0-C1							H\$WOE \$17,500 maximum
M0-C2							H\$WOE \$22,500 maximum
	M1-C1						H\$WOE \$25,000 maximum
M0-C3							H\$WOE \$27,500 maximum
	M1-C2						H\$WOE \$30,000 maximum
M0-C4							H\$WOE \$32,500 maximum
	M1-C3						H\$WOE \$35,000 maximum
M0-C5+							H\$WOE \$37,500 maximum
	M1-C4						H\$WOE \$40,000 maximum
	M1-C5						H\$WOE \$45,000 maximum
	M1-C6+						H\$WOE \$50,000 maximum
		M2-C5					H\$WOE \$52,500 maximum
		M2-C6+					H\$WOE \$57,500 maximum
			M3				H\$WOE \$75,000 maximum
				M4			H\$WOE \$95,000 maximum
					M5		H\$WOE \$115,000 maximum
						M6+	H\$WOE

RACING POLICIES AND GENERAL RACING INFORMATION

NOMINATIONS/ACCEPTANCES

1. A completed Stable Return must be lodged via HarnessWeb or in writing direct with Racing and Wagering Western Australia (RWWA) immediately when a horse comes under the control of a trainer with the intention of preparing the horse to participate in racing.
2. Any trainer relinquishing the training of a horse shall notify RWWA in writing, or via HarnessWeb, immediately upon the horse leaving his/her care.
3. A horse must be nominated through Racing and Wagering Western Australia by either:
- a. HarnessWeb <https://harnessweb.harness.org.au>
 - b. Using the 24 hour Telephone Nomination Service – (08) 9445 5268
4. Trainers who nominate by HarnessWeb are reminded that they should always check any nominations lodged by checking ‘MY NOMS’ from the navigation menu. This will display all current nominations and engagements and provide the opportunity to rectify any problems or errors.
5. Nominating race preferences – In both nomination methods, where a horse is nominated for more than one race code the race code order in which it is nominated shall be deemed to be the trainer’s order of race preference.
6. Preferences may be changed after publication of nominations and before 8.30 am on Acceptance Day by contacting Harness Racing Services on 9445 5267.
7. Unless otherwise specified in the conditions of a race or a race-meeting, the following nomination deadlines apply to all race meetings;
9. There is no limit on the number of meetings or races for which a horse may be nominated.
10. A horse may be nominated for a mobile or standing start race programmed for horses with a higher classification than the horse’s classification at the time of nomination, subject to the race conditions allowing such Out Of Class nomination.
11. A horse nominated for a race may be transferred to another race at that meeting or be handicapped behind its automatic handicap with the Trainer’s authorisation.
12. A horse taken out of a race PRIOR to Acceptance Time shall be deemed to have been WITHDRAWN. Horses taken out of a race AFTER Acceptance Time shall be deemed to have been scratched and may be subject to a scratching penalty of 14 days reduced to 7 days with receipt of a veterinary clearance.

13. As changes are sometimes made to race programs, trainers should always refer to the online calendar at <http://www.harness.org.au/racing/meeting-calendar/>
14. When nominations for a race are extended, it will be until the advertised Acceptance Time. Preference in field selection will be given to original nominations with late nominations given preference over original nominations which have an unfulfilled engagement.
15. In the event of an extension of nominations past the original Acceptance Time for any race on the programme the horses originally nominated cannot be withdrawn.
16. When nominations have been re-opened for a particular race, any horse that has been withdrawn prior to Acceptance Time, may only be re-nominated on the same handicap mark in a standing start race or under the same HWOE or \$L5 condition in a mobile start race and shall be treated as a late nomination.
17. Nominations for races will be published on HarnessWeb on the day nominations close and on <http://www.harness.org.au/media-room/racing-office/>. Preferences will be displayed.
18. If a horse accepts for two or more races at a meeting, a trainer may notify the RWWA Handicapping Panel of a preference for one race over another, however, such horse may be given a start in the race which allows the handicapper to maximise field size.
19. A horse will be ineligible to gain a start in a race if it has already been drawn into a race on the same day, unless otherwise stated in the race conditions.
20. A horse that is engaged as an emergency for the Final of a race may be granted a start in another race on the same day. If there is a scratching from the Final, such horse is required to contest the Final and will be scratched without penalty from the other race. Should such horse scratch from the Final, it will be deemed ineligible for the other race.
21. A horse that is engaged as an emergency in a feature race of higher stake money may be granted a start in a race of lesser stake money at the same meeting. If there is a scratching from the feature race, such horse is required to contest the feature race and will be scratched without penalty from the other race. Should such horse scratch from the feature race, it will be deemed ineligible for the other race.
22. A horse that is declared as an emergency in two or more Heats/divisions of a race or two individual races at the same meeting shall be deemed as a starter in the Heat/division or individual race from which the earliest timed scratching was taken. Such horse shall then be automatically scratched from the other Heat/division or individual race.

Meeting Day	Nomination Closing Time		Withdrawal Deadline		Acceptance Time	
Monday	8:00 a.m.	Wednesday	8:30 a.m.	Thursday	8:30 a.m.	Thursday
Tuesday	8:00 a.m.	Wednesday	8:30 a.m.	Thursday	8:30 a.m.	Thursday
Wednesday	8:00 a.m.	Friday	8:30 a.m.	Monday	8:30 a.m.	Monday
Thursday	8:00 a.m.	Friday	8:30 a.m.	Monday	8:30 a.m.	Monday
Friday	8:00 a.m.	Monday	8:30 a.m.	Tuesday	8:30 a.m.	Tuesday
Saturday	8:00 a.m.	Tuesday	8:30 a.m.	Wednesday	8:30 a.m.	Wednesday
Sunday	8:00 a.m.	Tuesday	8:30 a.m.	Wednesday	8:30 a.m.	Wednesday

DUAL RACE MEETING NOMINATIONS

1. Where a horse is nominated for meetings on consecutive days and where acceptances are on separate days, a trainer not wishing to start the horse at both meetings, shall withdraw the horse prior to final acceptances for the second meeting.
2. Trainers who fail to withdraw such horse prior to Acceptance Time for the second meeting shall incur a 14 day Scratching Penalty if such horse is scratched after Acceptance Time for the second meeting.
3. The Harness Racing Office and Handicapper/s will not assume that a horse gaining a start at its first nominated meeting should automatically be withdrawn for the second nominated meeting.
4. If a horse is nominated for meetings on consecutive days and where acceptances are taking on the same day, a trainer’s preference for which race / day they wish to start in shall be considered. However, such horse may be given a start in a race which allows the handicapper to maximise field size.

HORSE OMITTED FROM HANDICAPS OR DRAW/
REDRAW FOR BARRIER POSITIONS

1. If, after the declaration of acceptances for a race, it is the opinion of the Harness Management Team that an error or omission caused a horse properly nominated for the race to be omitted from the field and/or not correctly included in the draw for barrier position, the horse may be included in the field and/or draw for barrier positions under the provisions of this regulation.
2. A horse included in the field under the provision of sub-reg. (1) shall be considered by the handicapper in accordance with the field selection criteria set down by RWWA.
3. Allocation of barrier position to the horse included in the race and/or the draw for barrier positions under the provision of sub-reg. (1) shall be in accordance with the conditions of the race for which the horse is declared an acceptor.
4. In the event of a horse included in a race under the provisions of sub-reg. (1) causing a horse already declared as an acceptor for the race to be balloted the following will apply;
- a) Where the barrier draw condition for the race is preferential the included horse’s barrier shall be determined from the total number of barrier positions from which the horse is entitled to start. The barrier of the horse previously drawn in that position and all horses drawn outside the included horse shall move out one barrier position according to the preferential barrier draw configuration for the track in question.
- b) Where the barrier draw condition for the race is random

- the included horse’s barrier shall be determined by a random draw. The horse previously drawn in that position and all horses drawn outside the included horse shall move out one barrier position according to the preferential barrier draw configuration for the track in question.
5. The nomination of a horse shall not be considered for inclusion in the field and/or inclusion in the draw for barrier positions under the provisions of sub-reg. (1) after 8.30am on the day following the declaration of acceptances for the race or after the time for the declaration of acceptances for the race has been extended.
6. Any person who, in the opinion of the Stewards, attempts to cause, or causes, a horse to be improperly omitted from the field and/or draw for barrier positions commits an offence and may be penalised accordingly.

SCRATCHINGS

1. Any horse, including emergencies, scratched after Acceptance Time (08:30 hrs) and before the day of the race will be stood down for 14 days as per normal Scratching Penalty Policy. This may be reduced to a seven (7) day race ban – if a certificate from a qualified Veterinarian is received which states the reason for the scratching and that the horse is fit to resume at the conclusion of seven (7) days.
2. Horses scratched on the day of the meeting will be automatically stood down from racing for a period of 28 days from the date of the meeting, except that in cases where a veterinary certificate is lodged and accepted by the Stewards within 48 hours* of the meeting, the period of the ban will be a minimum of seven (7) days from the date of the meeting.
3. Final scratchings are taken at 8.30am on the morning of each race meeting. Emergencies will be withdrawn at this time if there have been no scratchings in the race.
4. A horse that is a late scratching due to a float breakdown will be automatically stood down from racing for a period of 28 days from the date of the meeting, except that in cases where a mechanical certificate of repair is lodged and accepted by the Stewards within 48 hours* of the meeting, the ban may be reduced to a minimum of 6 days. If the Stewards are not satisfied that a late scratching due to a float breakdown is legitimate, then the provisions of Rule 88 may be enforced. *Paperwork not lodged within 48 hours for the above penalties may be considered at the discretion of the Stewards for approval or otherwise.
5. If, following the release of fields, a horse is scratched due to a change of ownership, such horse, upon lodgement of the transfer of ownership papers, may apply to have the scratching penalty lifted. A horse that is scratched due to a change of trainer will remain liable to the appropriate scratching penalties, unless such horse has been transferred to an interstate trainer, in which case the scratching penalty may be lifted upon approval from the Stewards.

- 6. A horse which is a starter in a stand start race and is re-handicapped following a performance in another race may scratch without penalty by contacting the RWWA Handicapping Panel prior to 8.30am on race morning.
- 7. A horse drawn as an emergency for a Metro race and subsequently drawn as a starter in a Non Metro staked race at another meeting may be scratched by connections without penalty from the Non Metro staked race provided there has been a scratching from the Metro race and application is made to the Harness Racing Office.

HEATS/FINALS

- 1. A race may be conducted as Heats and a Final (series) and may have a Consolation/s in conjunction therewith provided that:
- 2. A horse may become ineligible for any further Heat, Final or Consolation of the series if it is reclassified beyond the published conditions of the race for performances in races other than within the series.
- 3. Horses may contest more than one Heat, unless otherwise stated in the race conditions.
- 4. Preference in the selection of fields will be given to horses that have contested the least number of Heats.
- 5. For the purpose of selection of fields, a horse that is disqualified from a Heat will be treated as having been a starter in such Heat.
- 6. Horses selected in the Heats are deemed to be final acceptors in all rounds of Heats (if applicable) and the Final and will be liable for any penalties if scratched.
- 7. Horses will qualify for the Final based on finishing position and mile rate recorded in the Heats. If there are multiple horses with the same finishing position in the heats than there are positions in the final, then the horse/s with the fastest mile rate/s will qualify for the final. Note: the mile rate is recorded to two decimal places. In the event of multiple horses recorded with same mile rate than there are positions in the field, then a ballot will take place.
- 8. Preference in qualification for a Final will be given to horses which completed the course in their Heat.
- 9. A horse that is disqualified from a Heat will be ineligible to contest the Final.
- 10. If any qualified horse is unable to take its place in the Final (or subsequent race of the series), the next highest ranked horse based on finishing position or mile rate if applicable will be declared the qualifier.
- 11. It is the responsibility of the trainer to ascertain whether or not such horse has qualified for the Final.
- 12. Horses which qualify for a Final will not be permitted to start in any other race on the day the Final is scheduled.
- 13. Fields for Consolation races will be selected on finishing order and mile rate in the Heats.
- 14. The type of barrier draw applied to the Heats will also apply to the Final, unless otherwise approved by RWWA.

- 15. Where a horse contests a Heat and qualifies for the Final, the driver for the Final may be changed from the driver in the Heat, providing the change is notified by the time prescribed for the notification of drivers.
- 16. In the event of any Heat being abandoned after the declaration of Acceptances, horses (excluding scratchings) will qualify for the Final in descending order of automatic field selection points for Heats selected under the Automatic Field Selection System.
- 17. Accordingly, horses (excluding scratchings) will qualify at the discretion of the RWWA Handicapping Panel for Heats selected under the Manual Field Selection System.
- 18. In the event there are insufficient acceptors to run heats the acceptors will be automatically qualified for the final which will be selected using the Field Selection for Feature Races run without heats.
- 19. Where a horse contests a heat and qualifies for the final, the trainer of such horse IS required to nominate for the Final.
- 20. The provisions of Rule 195A shall apply, and be read into the conditions of entry, for races run as Heats and Final/ Consolation.

CONCESSION DRIVERS

- 1. A Novice Concession Driver is a licensed driver who has held a licence for a period of less than five years from the date a Grade B licence was first granted.
- 2. Concession drivers will be divided into three Concession Groups depending upon the number of winning drives they have had.
- 3. For the purpose of Concession Drivers, race meetings will be categorised into three classifications:
 - a. Metropolitan Prime (Gloucester Park, Friday), plus any other race where the stake money is ≥ \$15,000
 - b. Provincial (includes race meetings classified as Metro Midweek)
 - c. Community (includes race meetings classified as Country)
- 4. A new B Grade Driver commences with a full concession at all venues (but will not be able to drive in metropolitan prime races until they meet the criteria for an A Grade Driver license). This is a Community concession.
- 5. Once a driver has more than 100 winners in total (or 20+ Metropolitan Prime Wins) they lose their concession at Community race meetings. This driver continues to have a concession at Metropolitan Prime and Provincial classified race meetings. This is a Provincial concession.
- 6. Once a driver has more than 150 winners in total (or 35+ Metropolitan Prime Wins) they lose their Provincial concession and can only claim a concession at Metropolitan Prime races. This is a Metro Concession.
- 7. For the purposes of calculating a novice concession, a dead-heat for first placing shall not count as a win

- 1. A Novice Concession Driver Claim will be for a five-year period and shall apply from the issue date of the licence to drive in races or until a Novice Concession Driver has driven 50 winners at prime metropolitan race meetings or 200 winners in total, whichever comes first.
- 2. At the completion of the five year period, a driver who has not driven 50 winners at prime metropolitan race meetings or 200 winners in total , may apply to the licensing steward for an extension of up to 2 years provided, if an extension is granted;
 - a) The driver’s performance will be reviewed every 6 months, or more frequently if stewards deem necessary.
 - b) The extension may be cancelled at any time if the driver is not demonstrating a commitment to pursuing a professional driving career.
- 3. When considering an extension the licensing steward will consider the following:
 - a) Extended periods of injury, or other health issues which caused the driver to be unable to drive in races (including pregnancy).
 - b) Employment circumstances which precluded the driver from being able to pursue a professional driving career.
 - c) Other reasons put forward by the driver which indicate a determination and commitment to pursue a professional driving career.
 - d) The licensing Steward will also consider reports from other stewards and the Driving Master when considering any application and review.
 - e) Disciplinary records will also be considered when an extension is applied for, and time lost due to suspension may preclude the extension being granted, or reduce the term of the extension.
- 4. This policy will apply to a driver that is eligible to claim a novice concession at the time of enactment. This policy will not apply to a driver that is not eligible for a novice concession under the policy existing at the time this policy comes into effect.
- 5. A novice concession can only be claimed in a race where the conditions of the race stipulate.
- 6. Definitions
 - a) “Novice driver” means a licensed driver who is determined to be a Novice Concession Driver by a Controlling Body.
 - b) “Novice Concession Driver concession” means a concession given to a horse in a race whereby it’s HWOE are reduced by the Novice Driver’s current HWOE Allowance.
- 7. A horse driven by a Novice Concession Driver claiming a concession can enter a race as determined by the concession clause of that race.
- 8. The Novice Concession Driver concession applies to race entry only and does not reduce a horse’s HWOE for the

- purposes of the barrier draw.
- 9. To obtain a Novice Concession Claim in a race, the trainer of the horse must signify at the time of nomination that a novice concession is being claimed.
- 10. Notification of a specified Novice Concession Drivers for the purpose of a novice concession claim shall be made PRIOR TO Acceptance Time for the race meeting.
- 11. Where a Novice Concession Driver engaged to drive a horse with a novice concession allowance is unable to fulfil the driving engagement;
 - a) A replacement Novice Concession Driver shall be engaged to drive the horse.
 - b) Provided that where betting on the race has started the driver selected under clause (a) shall be of comparable ability to the replaced driver.
 - c) Where a suitable replacement Novice Concession Driver is not available the horse shall be withdrawn from the race without penalty.
- 12. When a Novice Concession Driver exceeds the maximum number of lifetime wins permitted for a concession claim and has further driving engagements, the driver will be permitted to claim the relevant concession/s for the remainder of such meeting and any other subsequent meetings where drivers have already been declared as per the advertised driver declaration deadline for the meeting.
- 13. When a Novice Concession Driver utilises a concession claim in a Heat and the horse he/she drives in the Heats qualifies for the Final, such driver will be eligible to claim that concession in the Final on the same horse even if such driver has won his/her final win for the respective concession claim.
- 14. If a horse races prior to Acceptance Time for a meeting thereby having its HWOE increased, then provided that such race is one in which a concession may be claimed, a Novice Concession Driver who is eligible to claim a concession may be engaged for, or substituted for, the engaged driver of such horse prior to Acceptance Time.

MARES ALLOWANCE

- 1. Unless stipulated otherwise, a mare nominated for a race not already restricted to mares shall be automatically granted a Mares Allowance
- 2. A Novice Concession Driver claim may not be utilised on a mare which has already benefited from a Mares Allowance.
- 3. A Mares Allowance can only be claimed in a race where the conditions of the race stipulate

STAKEMONEY DISTRIBUTION

RWWA will pay stakemoney for all races in Western Australia, except where otherwise advertised, in the following manner:

Stakemoney is split between owners, trainers and drivers as follows:

Owners 87.5% | Trainers 7.5% | Drivers 5%

1. Stakemoney payment runs occur every Friday and include stakes payments to owners, trainers and drivers relating to race meetings conducted between the previous Friday through to the Thursday.
2. Stakes payments for races with prize monies exceeding \$30,000 are held until results from swabs are cleared. Upon being given the all clear to pay, the stake payments are released the following day.
3. Stakes payments are made to the Managing Owner only.

STAKEMONEY PERCENTAGES BY PLACING

Total Stake	1st	2nd	3rd	4th	5th
\$5,000	52.30	15.00	7.80	5.90	4.00
\$7,000	59.48	16.25	7.89	5.76	3.48
\$8,500	55.88	15.88	9.41	6.47	3.53
\$10,000	60.85	16.62	8.07	5.90	3.56
\$15,000 - \$29,999	60.45	16.74	8.37	4.64	2.80
\$30,000+	64.00	16.00	7.00	4.00	2.00
\$30,000+	64.00	16.00	7.00	4.00	2.00
Nights of Thunder Heats	60.45	16.74	8.37	4.64	2.80
Nights of Thunder Final	64.00	16.00	7.00	4.00	2.00

OFFICIAL TRIALS

1. A RWWA Official Trial Supervisor or RWWA Steward must be present for all Official Trials.
2. An Ambulance and Clerk of the Course (Catcher) must be present for all Official Trials.
3. Drivers are required to wear full race attire including approved vests and helmets, registered colours and white driving pants.
4. Trial Supervisors must submit trial results the following business day and they must be accurate and complete. Supervisors must sign off that trials have been conducted in accordance with this policy.

Eligibility to trial

1. A horse is not eligible to trial unless it is registered, been in the care of a licenced trainer for at least the previous 28 days and a stable return has been lodged.
2. A horse is not eligible to trial if it is currently under a stand-down, such as for a veterinary certificate.

DRIVERS PERCENTAGES & FEES

For all staked races other than Community staked races (\$5,000), the Drivers fee is 5% of the total race prizemoney for drivers finishing first through to fifth.
For Community staked races, the Driver fee is 5% of the total race prizemoney for drivers finishing first through to fourth. All drivers receive a \$70 fee per race drive.

TRAINERS PERCENTAGE

For all staked races other than Community staked races (\$5,000), Trainers with runners placed 1st through to 5th receive 7.5% of the prize money on offer.
For Community staked races, the Trainers percentage is 5% of the total race prizemoney for horses finishing first through to fourth.

OWNERS

Due to the unplaced starters' payment, which is treated as stake money, the stake money percentages are dependent upon total race stakes.

3. A horse must have attained the age of two years old and be named to be eligible to compete in a Qualifying or Official Trial.
4. All horses competing in official trials must have their freeze brand checked against their Registration Certificate or official records of RWWA.
5. Any horse whose identification cannot be established will be withdrawn from the trial.

Nomination for trials

A late nomination for trials may be accepted for a horse barred from racing after the deadline for the nominations for the trials has passed provided the horse is presented for inspection to the Stewards/Trial Supervisor no later than 30 minutes prior to the first trial and the horses' Registration Certificate is provided.

In order to qualify or re-qualify,

1. A minimum of four horses must contest the trial, unless otherwise approved by the Stewards.
2. In a mobile qualifying trial, a horse must score up in its correct gait and/or without causing interference to other

1. horses, be in its correct barrier positions and within one metre of the mobile barrier by the candy pole and the start.
2. The horse must then complete the trial in a competitive manner running the qualifying times below, displaying satisfactory manners.
3. In a standing start qualifying trial, a horse must not delay the start through intractability and leave the barrier at the correct gait. The horse must then complete the trial in a competitive manner running the qualifying times below, displaying satisfactory manners.
4. When a horse is trialling to qualify or re-qualify and breaks gait through waywardness, displays unsatisfactory barrier manners and/or fails to run a mile rate within the qualifying time, it shall not be qualified or re-qualified.
5. If a horse has previously qualified in a mobile trial, it may qualify for standing start races by performing a satisfactory 'jump-out'. (A 'jump-out' means a demonstration of satisfactory barrier manners by

- the horse and for it to be placed under pressure and maintain its gait for a minimum of 200 metres after the start).
6. Any horse barred from racing until it completes a number of satisfactory trials shall not be trialled on the day the bar is imposed or trialled twice on the same day, for the purpose of having the bar removed.
7. Only the horse's first trial on any day shall be counted as one official trial toward the bar being removed.
8. Where a horse is barred to more than one satisfactory trial, the satisfactory trials must be completed consecutively before the bar will be removed.
9. On tracks where there are two (2) rows of runners in an Official Trial, horses that are qualifying or re-qualifying should start from the front row.
10. The following minimum mile rates for each individual horse will be observed in order to qualify or re-qualifying in official trials. Trial Supervisors may vary the qualifying time to accommodate adverse track or weather conditions.

Age	Gait	Start	Group A	Group B	Group C
2YO	Pacer	Stand	2:08	2:08	2:10
2YO	Pacer	Mobile	2:05	2:06	2:08
3YO+	Pacer	Stand	2:06	2:07	2:08
3YO+	Pacer	Mobile	2:04	2:05	2:06
2YO	Trotter	Stand	2:12	2:14	2:16
2YO	Trotter	Mobile	2:10	2:12	2:14
3YO+	Trotter	Stand	2:08	2:10	2:12
3YO+	Trotter	Mobile	2:07	2:08	2:10

Group A – Gloucester Park, Pinjarra, Bunbury

Group B – Albany, Bridgetown, Byford, Central Wheatbelt, Narrogin, Wagin, Wanneroo, Northam

Group C – Busselton, Collie, Williams.

Re-included in barrier draw

To be re-included in the barrier draw a horse shall:

1. Complete the required number of consecutive satisfactory race or trial starts from the mobile barrier. For a start to be considered satisfactory the horses must score up in its correct gait, without causing interference to other horses, be in its correct barrier position and within one metre of the mobile barrier by the candy pole and the start. The horse must then leave the barrier satisfactorily and be placed under pressure for at least 200 metres after the start.
2. Complete the required number of consecutive race or trial starts in standing start events from a barrier position which requires the horse to be facing the barrier strand. For a start to be considered satisfactory a horse must not delay the start through intractability and leave the barrier at the correct gait and remain in that gait for at least 200 metres after the start.
3. When eligible for re-inclusion in the barrier draw, the trainer must make application to the RWWA Stewards for the ODM or ODS to be removed.

ALLOCATION OF FIELD SELECTION POINTS

- To determine a horses total Field Selection Points the horse’s last five points scoring performance are added together, discarding the lowest points scoring performance so that the total of the remaining four points becomes the horses Total Field Selection Points used.
- Horses will be allocated Field Selection Points (FP) in accordance with the following table:

Field Selection Points Selection Table

Placing	1	2	3	4	5	6	7	8	9	10-12
Metropolitan Stakes Races - Field Selection Points	14	12	11	10	9	8	7	6	5	4
All other Stakes Races - Field Selection Points	10	8	7	5	5	4	3	2	1	0

- A horse will be awarded 6 Field Selection Points for any ballot it receives.
- The points gained from a ballot will replace the most recent lowest points scoring start, provided the ballot points are greater than the lowest points scoring start within the horses Form Points.
- Points will be credited to a horse’s Field Selection Points total after the running of the race meeting from which the horse has been balloted.
- This will not be applicable under the following scenarios:
 - a) when a horse has an unfulfilled engagement;
 - b) when a horse is a late nomination;
 - c when a horse is deemed ineligible at acceptance time;
 - d) when a horse is balloted from a race having gained a start in another race on the same day;
 - e) when a horse is balloted from a race having already been balloted from another race on the same day;
 - f) if the horse is declared an emergency but is scratched;
 - g) if the race is declared a ‘no-race’ or is abandoned;
 - h) if the horse has already received ballot points in the past six days or has gained a start in the past six days;
 - i) if the horse gains a start in the five days following the date of the meeting from which they were balloted.
- No Ballot points shall be allocated where a horse is balloted from a Metropolitan Stakes race.
- When a horse qualifies to race it will be initially allotted 24 Field Selection Points. The point score of a newly qualified horse will then be calculated in the same manner as for a horse with a racing history.

Example:

Horse qualifies and earns 24 points as above

Race Position	Points Earned	Calculation	Lowest Points Discarded	Total Form Points
Qualifies	24	6 6 6 6	-	24
9th	1	6 6 6 6 1	1	24
7th	3	6 6 6 1 3	1	21
1st	10	6 6 1 3 10	1	25
8th	2	6 1 3 10 2	1	21
12th	0	1 3 10 2 0	0	16
2nd	8	3 10 2 0 8	0	23

- A horse imported into WA from another Australian jurisdiction or from a country other than Australia will have its HWOE and Field Selection Points allocated as if the horse had competed in its races in WA.
- Unless otherwise stipulated in the conditions of a race, where the race stake is \$6,000 or more the required number of horses will be selected from the horses with the highest field selection points (FSP), provided;
 - a) horse with lower points may be selected for one of the final three places in a field where it is the handicapper’s opinion the selection of the horse will overcome an anomaly caused by the calculation of the horse’s field selection points score, and
 - b) Where the race stake is less than \$6,000 the handicapper may also consider the selection of a horse with lower points which has been balloted from at least four (4) race meetings and has not started for at least twenty eight (28) days.
- Preference in the selection of a horse under sub-clause 8 (b) will be given to the horse with the highest point score and the longest period in excess of 28-days between race starts.
- Where two or more horses meet a preference or selection criteria the preference or selection will be

FIELD SELECTION

- All Metropolitan Stakes races will be selected by L5\$ in descending order. The Automatic Field Selection System and the Unfulfilled Engagement rule are not applicable.
- Subject to the conditions applicable to a race, where the stake of a race is \$30,000 or higher the selection of the field will be at the discretion of the RWVA Field Selection Panel. In selecting fields for Group Races the RWVA Field Selection Panel will give consideration to the following:
 - Current season win dollars
 - Stakemoney earned in last five starts
 - Current form (last 5 race starts)
 - Lifetime performanceWhen considering form the Panel will be mindful of the class of races competed in, the quality of the opposition and the circumstances of each race (barrier draw, interference received etc.) In selecting a field the Handicapping Panel has absolute discretion to apply whatever weighting they consider appropriate to each of the above.
- All Provincial and Country classified race meetings shall be selected in descending FSP (Field Selection Points) order. In the event there are multiple horses on the same FSP than there are positions in the field, then the horse/s with the highest L5\$ will take the position/s in the field. In the event that the horse/s in question have the same L5\$, then a random ballot will occur.
- Where a race has more acceptors than the maximum field size and none of the acceptors have raced, field selection

- preference will be based on displayed form in Official Trials at the Handicappers discretion.
- Community Race Meetings Fields for Community race meetings will be selected in descending FSP order with a preference in field selection given to horses that have NOT:
 - a) Won 3 or more races with Stakes > \$5,000 in their last 10 starts,
 - b) Won 1 or more race(s) with stakes > \$14,999 in their last 10 starts.
- As part of a rotation some races will be for horses with 5+ WA starts and selected entirely on L5\$ in ascending order (i.e. lowest to highest). In the event there are multiple horses on the same L5\$ and there are less positions in the field available, then to determine the horse/s selected the following will apply-
 - a) Horse/s with the Lowest FSP.
 - b) Random ballot.
- Unless otherwise permitted by RWVA, a horse shall only be selected to start in one race at a meeting where TAB betting is permitted.
- A horse shall not be selected to start at more than one race meeting on any day.
- Trotters will not be selected to compete in races with pacers.
- A horse is deemed to have an unfulfilled engagement when it is declared an acceptor in a race, provided it has not been declared an emergency in the race or is declared an acceptor in a Metro Stakes race.
- A horse which has an unfulfilled engagement will only be selected for another race after horses which do not have an unfulfilled engagement have been selected.
- RWVA has the utmost power to deal with any matter arising, whether or not such matter is specifically covered in the conditions of a race. Any decision by RWVA shall be final and conclusive and binding on all parties.
- A horse must be nominated for a race by the prescribed time to be eligible for selection in the field.
- Unless otherwise specified, the conditions for a race also apply to the Consolation of a race. The decision to declare acceptors for a Consolation will depend upon there being sufficient suitable acceptors.
- For standing start races, if a horse is the next horse in but there are no spaces on the handicap mark the horse will be balloted and transferred to their 2nd preference (if there is one).

DELETION OF RACES

- If after final acceptances a programmed race has less than nine (9) acceptors, such race may be deleted and another programmed race with sufficient acceptors divided and held in substitution.
- A race cannot be run with less than nine (9) acceptors, except in the instance of sustaining the viability of a race meeting proceeding.

- 3) No other race will be run except as detailed below;
- a) Races for horses aged 2 years old will be conducted with not less than:
 - i. Five (5) acceptors for the period 1st January to 31st March
 - ii. Nine (9) acceptors for the period 1st April to 31st August
- 4) Notwithstanding, the Harness Management Team may grant approval to draw a race with less than the desired minimum number of acceptors after taking into account factors including;
- a) Alternate racing opportunities.
 - b) The numbers of acceptors in other races at the meeting,
 - c) The effect on wagering turnover.
 - d) Other factors considered relevant by the MHR.

DIVISION OF RACES

- A programmed race may be divided where another programmed race/s has insufficient acceptors to conduct the race/s.
- The practice whereby preference in field selection is given to a horse already nominated will not apply when a race is divided after nominations for the race have been extended.
- The decision to divide a race will be based on the following criteria;
 - a) The maximization of wagering turnover.
 - b) The number of acceptors for the race.
 - c) The quality of the acceptors for the race.
 - d) Available stake distribution.
 - e) Available breeding incentive bonus.
 - f) The impact on nominations for a subsequent meeting.
- The selection of the horses for each division will be based on each horse's HWOE, EXCEPT if a race has been advertised on L5\$ the selection for each division will be based on each horse's L5\$. The total number of available horses being split so as to maximize the field size of each division.
- The required number of horses with the highest HWOE/ L5\$ (whichever applies) will be selected for the first race.
- The same principle will apply if there are sufficient nominations to draw a third race.
- If a race is to be divided based on HWOE and two or more horses have the same HWOE, the horse with the highest L5\$ will be selected in the highest race. If horses are still equal on L5\$ then the division will be made by ballot. If a race is to be divided based on L5\$ and two or more horses have the same L5\$ the horse with the highest HWOE will be selected in the highest race. If horses are still equal on HWOE then the division will be made by ballot.
- Unless otherwise specified in the conditions of a race, the following procedure will apply in the separation of horses where a race is advertised as being for heats of a final;

- a. For a Futurity Series where two (or more heats) will be run in a Division and no conditions as to the compilation of heats have been specified, the top seeds (based on prizemoney earned that season) will be split to enable two seeds to be placed in each heat (on a random basis, with the exception that horses owned in the same interests or trained by the same Trainer will be separated, if possible). The remaining runners will be randomly allocated between the heats, although horses owned in the same interests or trained by the same Trainer will be separated, if possible.
 - b. For all other races, horses will be listed in descending order of Field Selection Points and numbered accordingly
- i. If there are two heats horses 1,4,5,8,9,12,13,16,17,20,21,24 will draw in heat one and numbers 2,3,6,7,10,11,14,15,18,19,22,23 will draw in heat two.
- ii. If there are three heats horses 1,6,7,12,13,18,19,24,25,30,31,36 will draw in heat one, horses 2,5,8,11,14,17,20,23,26,29,32,35 in heat two and horses 3,4,9,10,15,16,21,22,27,28,33,34 in heat three. The same methodology will apply if there are more than three heats.

STANDING START HANDICAPS

- Standing Start races shall be run as either a Handicap Stand or a Conditioned Stand.
- Handicap Stands have defined handicaps which roughly reflect a win for each 10 metres at the circuit at which they are programmed.
- Pacers and Trotters will utilise the same scale.
- At Prime Metro both Pacers and Trotters will have a minimum HWOE requirement for eligibility.
- Horses may be nominated out of class but preference in field selection shall be given to horses nominated in their class.
- Novice Driver and Fillies and Mares Concessions are applicable in Standing Start races.
- The Concessions values are as follows;
 - a) \$15,000 @ Prime Metro,
 - b) \$6,500 @ Country/Provincial 2/Provincial 1/Metro Midweek,
 - c) \$3,000 @ Community.
- No concession claims can be made in conditioned stands.

PRE-PURCHASE HORSE ASSESSMENT & STEWARDS STATUS CHECK

Persons who are considering purchasing a horse from interstate or overseas to race in Western Australia are encouraged to contact the Harness Racing Office (08) 9445 5267 prior to purchase and obtain the horse's Western Australian HWOE Level and whether or not there are any Steward's bars applicable (i.e. ODM/S barred to trials etc.). Due to differences in handicapping systems the horse's assessment/classification in another jurisdiction maybe significantly different to what it may be in WA.

RACE MEETING PROGRAMMING

- The programming of races during a racing season will strive to provide reasonable racing opportunities for each age group and class of horse whilst maximizing the potential for wagering turnover.

Metropolitan Staked Meetings

- Races restricted to fillies and/or mares will be programmed at each meeting (includes races for 2 and 3 year-old fillies).
- A race will be programmed at each meeting restricted to horses with HWOE LT \$40,000
- Races restricted to 2 year-olds will be programmed from 1st January to 31st August each year at 50% of meetings.
- Races restricted to 3 year-olds will be programmed at not less than 50% of meetings each year.
- A race with the condition "Open to any Pacer" will be programmed at each meeting except where such race would adversely affect the nominations for a race with a stake of \$30,000 or higher at an adjacent meeting conducted at a country venue.
- Not less than one metropolitan staked race for trotters will be programmed every four weeks.

All Other Meetings

- Races restricted to fillies and/or mares will be programmed at each meeting (includes races for 2 and 3 year-old fillies).
- A race will be programmed at each meeting restricted to horses with HWOE LT \$40,000.
- Races restricted to 2 year-olds will be programmed from 1st January to 31st December each year at 50% of meetings.
- Races restricted to 3 year-olds will be programmed at not less than 50% of meetings each year.
- A race with the condition "Open to any Pacer" will be programmed at each meeting except where such race would adversely affect the nominations for a race with a stake of \$30,000 or higher at an adjacent meeting conducted at a country venue.
- Not less than one metropolitan staked race for trotters

FIELD SIZE AND NUMBER OF RUNNERS ON A LINE

The following minimum field sizes will apply to all tracks

- Races for horses aged three years old or older will be conducted with not less than eight (8) acceptors.
- Races for horses aged 2 years old will be conducted with not less than:
 - Five (5) acceptors for the period 1st January to 31st March.
 - Eight (8) acceptors for the period 1st March to 31st December.
- Notwithstanding the above the Harness Management Team may grant approval to draw a race with less acceptors after taking into account factors including:
 - Alternate racing opportunities.
 - The numbers of acceptors in other races at the meeting.
 - The effect on wagering turnover.
 - Other factors considered relevant by the Harness Management Team.
- In a standing start race at venues where the field size is restricted to 10 runners there shall be a maximum of 5 runners on each handicap mark, provided that;
 - At Collie there shall be a maximum of 5 runners on any line on each handicap mark.
 - At Busselton shall be a maximum of 4 runners on any handicap mark.
- In a standing start race at venues where the field size is restricted to 12 runners there shall be a maximum of 6 runners on each handicap mark.
- In standing start races the number of runners on a line shall be determined by track limits.
- In a mobile start race at venues where the field size is restricted to 10 runners there shall be 6 runners on the front line and 4 on the second line with the exception of Williams where there shall be 5 runners on the front line and 5 on the second line and Collie where there shall be 5 runners on the front line and 3 on the second line.
- In a mobile start race at Gloucester Park there shall be 9 runners on the front line and 3 on the second line except for the Nights Of Thunder Series which shall have a maximum field size of 9 with a mobile start format of 9 across the front line.
- In a mobile start race at Pinjarra and Bunbury there shall be 7 runners on the front line and 5 on the second line.
- In a mobile start race restricted to 2year old's and conducted between 1st January and 31st May the field size shall be restricted to 10 runners with 6 runners on the front line and 4 runners on the second line except

- at:
- a)Pinjarra and Bunbury where there shall be 7 runners on the front line and 3 runners on the second line;
 - b)Gloucester Park where there shall be 9 runners on the front line and 1 runner on the second line.
11. As from 1st June the field sizes for two year old’s racing at -
- a)Pinjarra and Bunbury will be extended to 12 runners with 7 runners on the front line and 5 on the second line.
 - b)Gloucester Park will be extended to 12 runners with 9 runners on the front line and 3 runners on the second line.

Maximum field size and number of horses to start on any line in a mobile start race and handicap mark in a standing start race.

7 X 5	1	2	3	4	8	9	5	10	6	7	11	12
6 X 4	1	2	3	4	7	8	5	6	9	10		

DRAW FOR BARRIER POSITIONS

Pursuant to Rule 131 the following applies to the process for drawing barrier positions.

1. A draw for barrier position may be conducted by utilising the HaRVey operating system computerized barrier draw or by utilising a manual procedure.

2. A manual barrier draw will be conducted for all group races. Generally these will be conducted at the Offices of RWWA unless otherwise stipulated. Contact RWWA Racing Office for details of specific draws.

3. A manual draw for barrier positions will be performed as follows;

a)List the horse names for the race in alphabetical order and number each horse starting at one.

b)Allocate two separate sets of numbers equivalent to the number of horses requiring a barrier position.

c)Place each set of numbers in separate receptacles to facilitate blind selection of the numbers from the receptacle.

d)Draw a number from one receptacle and identify

the number, which will then be allocated to the corresponding numbered horse.

e)Draw a number from the other receptacle and identify the number, which will then be allocated as the barrier number for the horse name called at clause 2(d) above.

f) Follow the same process until each horse has a barrier number.

g)The same procedure applies to a manual random or preferential draw for barrier positions.

4. In accordance with Rule LR134, a horse excluded from the draw in mobile start races shall be allocated the highest weighted barrier position in accordance with the start format of the race whether or not the conditions of the race stipulate that the draw for barrier positions must be decided by preference.

5. Notwithstanding clause 3 above, where there is more than one horse excluded from the draw in the race the barrier positions for the horses excluded from the draw will be decided by lot in the case of a random draw or by preference in the case of a preferential draw, and ODM horse will be drawn inside RODM horses.
1. In the event of an error or omission affecting the draw for barrier positions for a race after the declaration of acceptances for the race, the discretion provided by Rule 132 (2) may only be exercised in accordance with Regulation 133.

2. Notwithstanding the provisions of clause 2 above the Controlling Body may approve an alternate method of conducting the draw for barrier positions for a race.
- BARRIER POSITIONS AFTER SCRATCHING
1. Under the provisions of Rule 131, when a horse is withdrawn from a race the barrier lines do not change and the remaining horses on a line move down to fill the vacated barrier position.

2. Except as provided for in Regulation 133 and Rule 134(7), in a race where barrier positions are decided by a preferential draw, the barrier position of a horse shall not be changed after the draw for positions is completed.
- COLOURS
- Horses shall only race in the registered colours of either the owner or trainer as nominated on a Stable Return lodged by the trainer.
- 1) In the event that two or more horses are scheduled to start in the same set of nominated trainer’s colours the following procedure shall be followed in order to ensure no horses start in identical colours
- a) Firstly, by utilising the trainer’s second or subsequent set of registered colours being used on the starter with the highest barrier number

b) Secondly, by utilising the registered colours of the owner of the second or subsequent starter – provided that the Harness Office can verify that the trainer is in possession of the colours

c) Thirdly, by utilising the registered club colours of the club conducting the race
- 2) In the event that two or more horses are scheduled to start in the same set of nominated owner’s colours the following procedure shall be followed in order to ensure no horses start in identical colours
- a) Firstly by utilising the owner’s second or subsequent set of registered colours on the starter with the highest barrier numbers – provided that the Harness Office can verify that the trainer in is possession of the colours

b) Secondly by utilising the trainer’s colours or second set of trainer’s colours

c) Thirdly, by utilising the registered club colours of the club conducting the race
- 3) Notwithstanding the above, the stewards may give such directions as they think fit about the colours to be worn or
- advertising to be displayed in a race
- COUNTRY COUNCIL DERBY, COUNTRY DERBY AND COUNTRY OAKS
- The following policy applies to a Country Council Derby, Country Oaks and Country Derby conducted after 1 July 2019.
1. To be eligible for a Country Council Derby, Country Oaks and the Country Derby a horse must be:
- a) Westborn, and

b) Only trained outside the “prescribed-radius” from the 1st September of the Derby season as determined by Stable Returns lodged with RWWA.

c) Driven by a licensed driver who is domiciled outside the “prescribed radius”.
2. Preference in field selection for a Country Council Derby will be given to;
- a) Firstly a horse stabled and trained in the Council district in which the Country Council Derby is conducted.

b) Secondly a horse which has been balloted from a Country Council Derby.

c) Thirdly a horse which has not been placed 1st, 2nd or 3rd in a Country Council Derby.
3. Preference in field selection for the Country Derby will be given to;
- a) Four horses with the highest win dollars for the current season.

b) Four horses with the highest stakemoney earned in their last five (5) starts, provided a horse selected under clause (a) is excluded from selection under this clause.

c) The balance of the field will be selected at the discretion of the Field Selection Panel.
4. For the obviation of doubt a horse is deemed to be trained in a particular council area determined by the nearest racecourse or official training centre to where it is stabled and each Council area is delineated as follows;
- a) South West Council race courses/training centres; Bunbury, Bridgetown, Busselton, Collie, Harvey and Pinjarra.

b) Great Southern Council race courses/training centres; Albany, Narrogin, Wagin and Williams.

c) North Eastern Council race courses/training centres; Central Wheatbelt, Golden Mile, York and Northam.
5. Subject to clause 1 (c) of this policy a person must hold a;
- a) Grade A or B driver’s licence to drive in a Country Council Derby.

b) Grade A driver’s licence to drive in the Country Derby/ Country Oaks provided a person who holds a Grade B licence may drive in the Country Derby/Country Oaks with the prior written approval of the Chief Steward Harness.
6. Notwithstanding the provisions of Rule 119A, without losing
- 78
- 79

its eligibility for a Country Council Derby, Country Derby or Country Oaks a horse may after 1st September of the Country Derby season:

- a) Compete in a race or trial conducted in the metropolitan area provided it is returned to its stable outside the prescribed radius within 48-hours of competing; and/or
- b) transferred to a different trainer outside the prescribed radius provided a fresh Stable Return is lodged within the prescribed time, and/or
- c) Be re-located to and race in another Council area provided that it remains in the care of a trainer domiciled outside the prescribed radius

7. No breeding bonus incentive is payable for the Country Oaks or the Country Derby.

8. Definitions

- a) “Prescribed Radius” means a radius of 50 kilometres from the Perth GPO.
- b) “Westborn” means a horse foaled, notified and branded in Western Australia.

POSTPONED MEETINGS

1. When a meeting on which TAB betting is conducted is postponed the following shall apply:
- a) Where possible the decision to postpone shall be made on the day of the meeting by 2:00 p.m. in the case of a night meeting and 4-hours prior to first race in the case of a daylight meeting.
 - b) The decision to postpone shall be made after the consultation between the Steward in Charge of the meeting, the Harness Management Team, SKY Channel and the Club conducting the meeting.
 - c) The meeting may be postponed to the next available day unless a meeting is already scheduled for that day in which case the meeting shall be abandoned unless otherwise determined by the Controlling Body.

2. Notification of further scratching from a postponed meeting will be extended to the prescribed time on the day on which the meeting is to be conducted.

3. The usual penalties will apply to any scratching made for non-veterinary reasons after 8:30 a.m. on the day on which the postponed meeting is conducted.

4. There will be no penalty for a scratching for non-veterinary reasons from the meeting provided the scratching is made prior to 8:30 a.m. on the day on which the postponed meeting is conducted.

DRIVER AND GEAR CHANGES

The following policy applies pursuant to Rule 210 – Notification of Driver.

1. Notification of a change of driver must be made prior to Driver Notification time for such meeting.
2. The trainer is responsible for ensuring that a notified driver is available.

3. Any alteration to gear for a horse with an upcoming racing engagement must be notified via HarnessWeb or in writing by facsimile 9445 3056 prior to Driver Notification time for such meeting.

4. Except with the Stewards prior approval, a notification of a gear change received after the prescribed time for a horse which has an unfulfilled race engagement, will not be processed until after the race, and the horse will not be permitted to race with/without the gear in the race.

5. At the time a horse is nominated for a race, the person nominating the horse must notify the name of the licensed driver who has been engaged to drive the horse; provided where the horse is to benefit from a novice concession claim the novice concession driver may be nominated in accordance with Policy 14 (2).

6. Any change to the nominated driver after the times mentioned below requires prior approval of the Stewards.

7. Where approval is required for the change of a driver the Stewards may, in granting approval require a replacement driver to be of comparable ability.

RELINQUISHMENT OF THE TRAINING OF A HORSE

1. A trainer shall upon relinquishing the training of a horse immediately give notification of that fact to the Controlling Body in accordance with the provisions of Rule 119.
2. Such notification shall be by way of the lodgment of Harness Web or a fresh Stable Return/Notification of Gear Form indicating the date of relinquishment.
3. A trainer who fails to comply with any provision of the rule is guilty of an offence.

NOTIFICATION OF GELDING OF A HORSE

1. No person shall geld or cause to be gelded a horse without the prior written consent of the owner.
2. A person who has a horse gelded shall notify the Controlling Body of that fact in accordance with the provisions of Rule 100. Such notification shall be by way of the lodgment of a fresh Gear Notification Form indicating the date of gelding.
3. A person who fails to comply with any provision of the rule is guilty of an offence.

WESTBRED BREEDING BONUS CONDITIONS

To be eligible for the WestBred scheme a horse must be born, notified, registered and branded in Western Australia.

August 1 2014 saw the introduction of the Double WestBred incentive. A double Westbred eligible horse is a horse foaled, notified, registered, branded and sired by a stallion registered and standing in Western Australia at the time of service.

For eligible horses a WestBred Owner and Breeder bonus is payable on any 2 or 3 year old race where the total advertised stake is less than \$20,999 and where the horse is placed 1st, 2nd, 3rd or 4th. A horse winning its first race at 4yo or older will receive the Westbred bonus on its first win where the advertised race stake is \$20,999 or less.

The Breeder of a WestBred eligible horse foaled after 1st September 2011 will be paid an amount equal to 12.5%of any WestBred Owner Bonus paid on any 2yo or 3yo race as per schedule below. Such amount is over and above the WestBred Bonus and is therefore not subject to any trainer and/or driver percentages.

1. Bonuses are paid as follows;

Where the total advertised stake is less than \$15,000				Where the advertised stake is between \$15,000 - \$20,999			
WestBred Owner Bonus Amount	\$3,750	WestBred 12.5% Breeder Bonus Amount	\$468.76	WestBred Owner Bonus Amount	\$6250	WestBred 12.5% Breeder Bonus Amount	\$781.26
1st	\$2,550	1st	\$318.75	1st	\$4,250	1st	\$531.25
2nd	\$675	2nd	\$84.38	2nd	\$1,125	2nd	\$140.63
3rd	\$338	3rd	\$42.25	3rd	\$565	3rd	\$70.63
4th	\$187	4th	\$23.38	4th	\$310	4th	\$38.75

1. The standard trainer and driver percentages are payable on the Owner bonuses paid 1st-3rd places inclusive.

2. Should a Westbred Bonus for 1st place be earned in a 2yo or 3yo race by a Double Westbred eligible horse the Owner and Breeder bonus will be doubled. The Double Westbred Bonus will only apply to the winner and not place-getters.

3. The Breeder of a WestBred eligible horse foaled after 1st September 2008 and winning its first race after 1st September 2014 is entitled to a first win bonus of \$3000.

4. The race-book Owner of a WestBred eligible horse foaled after 1st September 2008 and winning its first race after 1st September 2014 is entitled to a first win bonus of \$3000.
5. The Breeder and Owner first win bonus (as explained in points 3 and 4) are not subject to any trainer and/or driver percentages.

6. Westbred Bonus will NOT be paid on Breeders Crown races.

7. In the event of a dead-heat for a placing affecting Westbred Breeding Bonus payments the dollar value paid for the number of places affected will be totalled and divided equally with each eligible dead-heater receiving the applicable amount. These provisions do not apply for a First Win Bonus which is payable in full irrespective of a dead heat for first placing.

WESTBRED REALITY				
Total Amount of Money Available On the Race (Including Stakes and Westbred Bonus Payments) Effective Race Stakes				
Base Stake	Westbred Bonus	Westbred Bonus + 1st Win Bonus	Double Westbred	Double Westbred +1st Win Bonus
\$5,000.00	\$9,218.75	\$15,218.75	\$10,737.50	\$16,737.50
\$8,500.00	\$\$12,718.76	\$18,718.76	\$14,237.50	\$20,237.50
\$18,000.00	\$25,031.25	\$31,031.25	\$27,562.50	\$33,562.50

Note: The bonus amounts include the 12.5% Breeder Bonus payments.

For Westbred Horses Foaled in the 2011/12 Season and Beyond

A Westbred Breeder Final payment will be made to the Breeder of a two and three year old colt and filly that places 1st, 2nd or 3rd in a Westbred Classic Final.

-	1st	\$5,000
-	2nd	\$3,000
-	3rd	\$2,000

AUSTRALIAN DRIVERS CHAMPIONSHIP REPRESENTATIVES

The controlling body will be responsible for the selection of two drivers to represent Western Australia in the annual Australian Drivers Championship.

Selection Criteria

- The driver with the highest ranking on the WA State Drivers Premiership in the preceding 12 month period will be selected as the first representative.
- The driver with the second highest ranking on the WA State Drivers Premiership in the preceding 12 month period will be selected as the second representative.
- Any driver selected is subject to an assessment of their record as a participant by both the Harness Management Team and the Stewards Panel.
- Should the Harness Management Team decide that any driver selected fails in an assessment of their record, they shall be replaced by the driver with the third highest ranking on the WA State Drivers Premiership in the preceding 12 month period.
- Should any driver selected be associated with an activity deemed to bring the sport into disrepute or found guilty of such an offence prior to the commencement of the Australian Drivers Championship Series, they shall be replaced by the driver with the third highest ranking on the WA State Drivers Premiership in the preceding 12 month period.
- Any licensee that has been found guilty of an offence resulting in a disqualification will be ineligible to compete in any Drivers Invitation Series for a period of two (2) years from the time of the re-allocation of their drivers licence.
- All assessments and decisions made by the Harness Management Team under Clauses 3, 4 and 5 shall be final.

(Effective 6 February 2020)

AUSTRALIAN FEMALE DRIVERS CHAMPIONSHIP REPRESENTATIVES

The controlling body will be responsible for the selection of two female drivers to represent Western Australia in the annual Australian Female Drivers Championship.

Selection Criteria

- The female driver with the highest ranking on the WA State Drivers Premiership in the preceding 12 month period will be selected as the first representative.
- The female driver with the second highest ranking on the WA State Drivers Premiership in the preceding 12 month period will be selected as the second representative.
- Any driver selected is subject to an assessment of their record as a participant by both the Harness Management Team and the Stewards Panel.
- Should the Harness Management Team decide that any

- driver selected fails in an assessment of their record, they shall be replaced by the female driver with the third highest ranking on the WA State Drivers Premiership in the preceding 12 month period.
- Should any driver selected be associated with an activity deemed to bring the sport into disrepute or found guilty of such an offence prior to the commencement of the Australian Female Drivers Championship Series, they shall be replaced by the female driver with the third highest ranking on the WA State Drivers Premiership in the preceding 12 month period.
 - Any licensee that has been found guilty of an offence resulting in a disqualification will be ineligible to compete in any Drivers Invitation Series for a period of two (2) years from the time of the re-allocation of their drivers licence.
 - All assessments and decisions made by the Harness Management Team under Clauses 3, 4 and 5 shall be final.

(Effective 6 February 2020)

AUSTRALASIAN YOUNG DRIVERS CHAMPIONSHIP REPRESENTATIVE

The controlling body will be responsible for the selection of a young driver to represent Western Australia in the annual Australasian Young Drivers Championship.

Selection Criteria

- An Australasian Young Driver means a licensed driver who has not attained the age of twenty five (25) years at the date of the commencement of the Australian or New Zealand racing season.
- The Young Driver with the highest ranking on the WA State Drivers Premiership in the preceding 12 month period will be selected as representative.
- Any driver selected is subject to an assessment of their record as a participant by both the Harness Management Team and the Stewards Panel.
- Should the Harness Management Team decide that any driver selected fails in an assessment of their record, they shall be replaced by the driver with the second highest ranking on the WA State Drivers Premiership in the preceding 12 month period.
- Should any driver selected be associated with an activity deemed to bring the sport into disrepute or found guilty of such an offence prior to the commencement of the Australasian Young Drivers Championship Series, they shall be replaced by the driver with the second highest ranking on the WA State Drivers Premiership in the preceding 12 month period.
- A young driver who has been chosen consecutively for two years will be ineligible for selection in the third consecutive year.
- Any licensee that has been found guilty of an offence

- resulting in a disqualification will be ineligible to compete in any Drivers Invitation Series for a period of two (2) years from the time of the re-allocation of their drivers licence.
- All assessments and decisions made by the Harness Management Team under Clauses 3, 4, 5 and 6 shall be final.

(Effective 6 February 2020)

DRESS CODE POLICY

PURPOSE

The aim of this policy is to ensure the industry is portrayed in a professional manner at all times.

The policy aims to achieve this by ensuring licensed persons maintain an appropriate and safe level of attire whilst on course or performing duties at all race meetings in Western Australia.

This policy applies to all trainers, stable hands and drivers (while not wearing race driving attire).

ACCEPTABLE ATTIRE

- Shirt
- Jumper
- Jacket
- Trousers
- Dress jeans
- Tailored shorts
- Dress or skirt
- Enclosed shoes or boots

UNACCEPTABLE ATTIRE

- Singlets
- Beach attire, board shorts or football shorts
- Gym attire
- Tank tops
- Track pants or overalls
- Ragged, unclean or torn clothing (includes designer “tears”)

- Clothing with offensive slogans
- Thongs, sandals, ugg boots or footwear of an unacceptable standard

PENALTIES FOR NON-COMPLIANCE

Licensees that fail to adhere to the requirements of this policy may be denied access to the stabling area and / or be penalised under the provisions of Australian Rule of Harness Racing Rule 238 which states:

“A person shall not fail to comply with any order, direction, or requirement of the Controlling Body or the Stewards relating to harness racing or to the harness racing industry”

Should an offence to be proven under the provisions of Rule 238 the following penalty structure will apply:

1st Offence – Reprimand

2nd Offence - \$50 fine

3rd Offence - \$100 fine

Any further offence – Stewards discretion

(Effective 15 June 2020)

AMENDMENTS TO RWWA RULES OF HARNESS RACING

In accordance with Section 45 (1) (b) of the *Racing and Wagering Western Australia Act 2003*, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Harness Racing be amended as detailed below.

AMENDMENT TO LOCAL RULES (effective 5 February 2022)

Add Local Rule LR91A Covid Vaccination

LR91A Covid Vaccination

1. Any person (other than a greyhound owner), who is licenced or approved by RWWA or who is otherwise authorised by the RWWA Rules of Racing or stewards to conduct any activity associated with the running of a race meeting, trials, trackwork or similar must be fully vaccinated and ensure their staff and contractors involved in such activities are fully vaccinated by 12.01am on 5 February 2022.
2. Fully vaccinated means having received at least two doses of a registered COVID-19 vaccination and a booster vaccination within one month of being deemed eligible to receive it (noting that government directions and health advice on the timing of booster vaccinations may change from time to time).
3. The licence, approval or authority of any person who is not fully vaccinated by 12.01am on 5 February 2022 will be suspended until such time as they comply with (1) or such time that this rule ceases to be in effect. (NB – a person will be unable to undertake any activity associated with such licence or authority while the suspension continues).
4. Any person who is not compliant with (1) shall be excluded from attending RWWA approved stables and/or training establishments, any race tracks, trial tracks or other venues controlled or operated by RWWA.
5. Any person required to comply with the requirement at (1) must provide proof of vaccination to RWWA. Proof of vaccination must be provided in one of the following forms:
 - a. Medicare COVID-19 digital certificate or printed vaccination certificate from the Australian Immunisation Register; or
 - b. Medicare Immunisation History Statement.
6. Proof of vaccination must be provided to RWWA in the prescribed form as outlined in (5) by Saturday 29 January 2022.
7. A person is exempt, or temporarily exempt, from the requirement at (1) if the person has a medical exemption recorded on the Australian Immunisation Register or a temporary exemption issued to the person by the Chief Health Officer of Western Australia or their delegate.
8. A person is temporarily exempt from the requirement at 6 if there are technical, administrative, or other factors outside the person's control which prevent compliance and RWWA issues an exemption on this basis.
9. RWWA will only collect and use the evidence provided in accordance with this rule for the purpose of ensuring compliance with the rule or as required by law. Evidence provided in accordance with this rule will be stored on a secure database with restricted access and permanently deleted when no longer needed.
10. Any person required to comply with (1) must produce, if requested to do so by RWWA or an authorised person, their photo ID and proof of vaccination as set out in (5). For example, a steward may request this at a race meeting. A person who refuses or fails to comply with such a request must immediately leave the premises where the refusal or failure to comply occurred and can be removed from the premises if required.
11. Any person who:
 - a. Attends any RWWA-approved stable and/or training establishment, race track, trial track or other venue controlled or operated by RWWA when not fully vaccinated in accordance with this rule; or
 - b. Refuses or fails to comply with a request to provide proof of vaccination as specified in (5),

commits an offence and is liable to penalty.

This rule comes into effect on 5 February 2022 and remains in effect until further advised by RWWA.

Further detail with regard to this Rule, including Frequently asked questions, is available from the RWWA Website at <https://www.rwwa.com.au/industry/integrity/rules-policies/local-rule-vaccination-frequently-asked-questions/>

AMENDMENTS TO RULES EFFECTIVE 1 FEBRUARY 2022

DICTIONARY

- Add definition in Schedule 1 Dictionary:

“One clear day” means the twenty four (24) hour period from 12.01 a.m. to midnight.

Rationale

Creates a dictionary item to clarify what “One clear day” means within the rules and allows for the rules to reference the dictionary item.

Amend definition in Schedule 1 Dictionary:

“Standardbred” when used with reference to a horse means a horse which is the progeny of a registered Standardbred sire and a registered Standardbred dam.

2. STEWARDS

Powers

- Amend Rule 15(1)(a)

15. (1) Stewards are empowered -

- (a) to direct and control at any time the activities of persons licensed under these rules and anyone else appointed, employed or engaged in any aspect of the harness racing industry, concerning the application of these rules;

Rationale

Previous rule mentioned “at any meeting” whilst amendment states “at any time” which better describes the overall powers of the Stewards to regulate the industry. Further slight amendments to roles within the rule.

3. MEETING AND RACES

Nominations and acceptances

- Add new Rule 23B

- 23B.** (1) *A horse cannot be nominated for a race if it is a horse as defined by sub-rule (2) and it has not satisfied the provisions of sub-rule (3).*
- (2) (a) *A horse that has not participated in an official trial or race within the twelve month period prior to the race.*
- (b) *A foreign horse that has been imported into Australia and has not participated in an official trial or race within the six month period prior to the race.*
- (3) *The horse must participate in an official trial to the satisfaction of the Stewards.*

Rationale

Horses that have not raced or trialed within 12 months or imported horses that have not trialed within the last six months must complete a trial to the satisfaction of the Stewards before being nominated to race.

Stable returns

- **Add Rule 25(1)(b) and re-number Rule 25(1) to 25(1)(a)**

- 25.** (1) (b) *Unless otherwise determined by the Controlling Body or Stewards, a stable return shall be made in such form as the Controlling Body may determine.*

Rationale

With the increased use of digital forms and procedures requirements to use HRA approved forms has been deleted to allow individual Controlling Bodies to determine how requirements are met.

Disqualification

- **Add new Rule 66(i)**

- 66.** *A horse may be disqualified from a race or placed in a lower finishing position in a race if the horse*
-
- (i) *is driven in a manner prejudicial or detrimental to the reputational interests of harness racing.*

Claiming Races

- **Amend Rule 75(2)(II)**

- 75.** (2) *Subject to any determination made under sub rule (1) the following applies –*
- (II) *where a horse is declared to race in a claiming race and is subsequently withdrawn on veterinary advice the trainer shall at the time of its withdrawal or as soon thereafter as the Stewards may direct produce a veterinary certificate stating precisely the reason for the withdrawal.*

Rationale

The wording “or as soon thereafter as the Stewards may direct” has been added.

4. LICENCES

Grant of Licences and other matters

- **Add Rule 90(6)**
- **Renumber existing Rule 90(6) to Rule 90(7)**
- **Renumber existing Rule 90(7) to Rule 90(8)**
- **Renumber existing Rule 90(8) to Rule 90(9)**

- 90.** (6) *An applicant for a licence or an existing licence holder shall if found guilty of a crime or offence which is punishable by term of imprisonment immediately notify the Controlling Body or Stewards of that finding of guilt.*
- (7) *A licence may be suspended or cancelled:*
- (a) *by the Controlling Body or the Stewards for breach of a term or condition of the licence; or*
- (b) *by the Controlling Body where the Controlling Body is satisfied that the person holding the licence is not a fit and proper person to be associated with harness racing.*
- (8) *The type, grade or class of a licence held by a person may be varied by the Controlling Body or by the Stewards.*
- (9) *The terms or conditions attaching to a type, grade or class of licence may be varied by the Stewards or the Controlling Body.*

Rationale

Rule 267 empowers the Stewards to penalise a person who has been convicted by an Australian or overseas Court of a crime or an offence. Stewards would not necessarily be aware in many instances of a licensee being convicted and therefore this new rule requires a person to notify the Stewards of conviction. A licensee or applicant for a licence is required to notify the Controlling Body of “any change to personal particulars”. That requirement should extend to notification of conviction for a crime or offence. This is achieved by amending Rule 90 to include as sub-rule (6) “an applicant for a licence or an existing licence holder shall if convicted by any Court of a crime or offence immediately notify the Controlling Body or Stewards of that conviction”.

5. HORSES

Eligibility for registration and naming

- **Amend Rule 93(1)(a)**

- 93.** (1) *A horse shall not be eligible for registration unless:*

(a) It is the progeny of a Standardbred sire and a Standardbred dam and its registration conforms with these rules.

• Amend Rule 93(4)

93. (4) The Controlling Body shall not register a horse foaled outside its jurisdiction unless the horse is eligible for registration in an Australian State or Territory.

• Amend Rule 94(6)(b), (c), (d)

94. (6) (b) The owner of a horse less than two years old that has been allocated a name by the Registrar shall upon payment of the prescribed fee(s) be permitted to change the name provided the horse has not competed in an official trial, race or bred and the change is made before the end of its yearling season. Any cancelled name will be made available for re-use after twelve months.

(c) Subject to paragraph (d) hereof the owner of a horse two years old or older that has been allocated a name by the Registrar shall upon payment of the prescribed fee(s) be permitted to change the name provided the horse has not competed in an official trial or race or has not bred. Any cancelled name will be made available for re-use after twelve months.

(d) The owner of a horse two years old or older that has been allocated a name by the Registrar and has competed in an official trial in any country can apply to change the horse's name by submitting an application in writing to the Registrar outlining reasons for wanting the change. The application will be considered by the Keeper of the Stud Book and the Registrar, and if approved, will require payment of the prescribed fee(s). Any cancelled name will be made available for re-use after twelve months.

Foreign horses

- Amend Preamble Rule 95A(1)
- Amend Rule 95A(1)(a), (b), (c)
- Renumber existing Rule 95A(2)(a) to 95A(1)(e)
- Renumber existing Rule 95A(2)(c) to 95A(1)(d)
- Renumber existing Rule 95A(2)(b) to 95A(1)(f)
- Renumber existing Rules 95A(3), (4), (5), (6), (7), (8), (9), (10), (11) to 95A(2), (3), (4), (5), (6), (7), (8), (9), (10).

95A. (1) A foreign horse shall not be eligible for registration in Australia unless:

- (a) Such horse is registered with the Controlling Trotting Authority of the country it was cleared from;
- (b) Such horse is capable of satisfying the registration requirements applicable to a horse foaled in Australia;
- (c) Such horse has been parentage verified by D.N.A. genotyping or blood typing;

(d) Such horse is microchipped in accordance with [HRA's Microchipping Regulations](#), freezebranded or otherwise identified by a method approved by HRA;

(e) HRA receives a clearance certificate from the country in which such foreign horse was last registered;

(f) The appropriate clearance registration fee is paid.

(2) Upon the receipt of a Clearance Certificate a foreign bred horse shall be allocated its existing name and in addition shall have a suffix added to its name to denote the country of origin.

(3) The suffix to be added to the name shall be as follows:

New Zealand	NZ	Ireland	IRL
United States	USA	Italy	ITA
Canada	CA	Malta	MLT
Europe:		Netherlands	NLD
Austria	AUT	Norway	NOR
Belgium	BEL	Russia	RUS
Denmark	DNK	Sweden	SWE
Finland	FIN	Switzerland	SUI
France	FRA	United Kingdom	GBR
Germany	GER		

(4) The name of a foreign horse will be checked by the Registrar for verification and recording and the Registrar shall advise the Controlling Body that the name is available or otherwise.

(5) If the name is not available then a prefix will be applied, and under certain circumstances a new name may be requested by the Registrar. In such case where a name is changed the suffix applicable shall be added to the new name.

(6) If the name of a foreign horse is of a well known living or deceased Australian person, permission must be obtained by HRA from either the person (if they are living) or from the family (if they are deceased) to allow the name in Australia. Otherwise a name change may be requested by the Registrar.

(7) The owner of a yearling bred outside Australia shall upon payment of the prescribed fee(s) be permitted to change the name provided the horse has not competed in an official trial or race either in Australia or Overseas, has not bred and the change is made before the end of its yearling season in Australia.

(8) The owner of a horse 2 years old or older bred outside Australia shall upon payment of the prescribed fee(s) be permitted to change the name provided that horse has not competed in an official trial or race either in Australia or overseas, or has not bred.

- (9) *The owner of a horse 2YO or older bred outside Australia that has been allocated a name and has competed in an official trial in any country can apply to change the name by submitting an application in writing to the Registrar outlining reasons for wanting to make the change. The application will be considered by the Keeper of the Stud Book and the Registrar, and if approved, will require payment of the prescribed fee(s). Any cancelled name will be made available for re-use after 12 months.*
- (10) *Apostrophes, dashes and dots which are part of a foreign horse name will be eliminated.*

Deregistration of a horse

- **Amend Rule 96A(4)(a), (b)**

- 96A.** (4) *The owner or trainer of a registered horse at the time of its death shall:-*
- (a) *In the case of a horse which dies whilst in the care of a licensed trainer immediately notify the Stewards of the death.*
- (b) *In any other case notify the Controlling Body or Stewards of the death within twenty-four hours of its occurrence.*

Rationale

Time frames in which to notify the death of a horse have been tightened.

Gait Change

- **Add Rule 97A**

- 97A.** *Application to change the gait of a horse shall be made in such form as the Controlling Body may determine.*

Rationale

With the increased use of digital forms and procedures requirements to use HRA approved forms has been deleted to allow individual Controlling Bodies to determine how requirements are met.

Medical and surgical procedures

- **Add new Rule 99A**

- 99A.** (1) *A person shall not perform, attempt to perform or authorise the performance of the procedure of blistering.*
- (2) *For the purposes of this rule blistering means the application or injection of an irritating substance onto or into soft tissue of a horse to create an inflammatory reaction.*
- (3) *A person who fails to comply with sub-rule (1) is guilty of an offence.*

Rationale

On welfare grounds bans the performance of “Blistering”.

- **Add Rule 100A**

- 100A.** *Notification of gelding or performance of other specified procedures shall be given to the Controlling Body or Stewards in such form as the Controlling Body may determine.*

Rationale

With the increased use of digital forms and procedures requirements to use HRA approved forms has been deleted to allow individual Controlling Bodies to determine how requirements are met.

Bleeding attacks

- **Amend Preamble Rule 101(3)**

- 101.** (3) *If the Stewards are satisfied that a horse has suffered a bleeding attack which has originated from the lungs the Stewards shall bar the horse from racing:-*

- **Amend Rule 101B(1), (2)**

- 101B.** (1) *Any time a horse suffers bleeding from one nostril and that blood has originated from the lungs the trainer shall immediately and in any event within twenty four (24) hours notify the Stewards.*
- (2) *If the Stewards determine that a horse has bled from one nostril and that blood has originated from the lungs the horse shall not be eligible to race until it has trialled to the satisfaction of the Stewards.*

Rationale

A horse that receives a knock to the head prior to or during a race which results in bleeding from a nostril or nostrils is a situation which does not breach these rules. The addition of the wording “has originated from the lungs” therefore establishes the type of bleeding from nostril/s which will breach the rules.

Atrial Fibrillation

- **Amend Rule 101C(2)(a), (b), (c)**
- **Add new Rule 101C(2)(d)**

- 101C.** (2) *If the Stewards are satisfied that a horse has suffered atrial fibrillation the Stewards shall:*
- (a) *After the first episode stand the horse down from racing for a period of 14 days, require the horse to undergo an ECG prior to a trial and then trial to the satisfaction of the Stewards.*

- (b) *After the second episode stand the horse down from racing for a period of 28 days, require the horse to undergo an ECG before trialling and then trial on two occasions to the satisfaction of the Stewards.*
- (c) *If the horse suffers a third episode within twelve months of the second episode bar the horse for life.*
- (d) *If the horse suffers a third episode more than twelve months after the second episode stand the horse down from racing for such period as they consider necessary and require the horse to undergo such veterinary examination and complete such trials as they consider necessary.*

Rationale

Changes the original wording of “attack” to “episode”. Adds a new rule which caters for a stand down period for a third episode after more than twelve months.

Eligibility for Nomination

- **Amend Rule 119B**

119B. *Unless the Stewards otherwise approve, a horse shall not be eligible to be nominated for a race unless for a period of at least twenty eight (28) days immediately prior to the date fixed for nomination the horse has been trained by a licensed trainer and that trainer has lodged with the Controlling Body a stable return for that horse.*

Transfer from disqualified trainer

- **Add Rule 120(3), (4)**
- **Renumber existing Rule 120(3) to 120(5)**
- **Renumber existing Rule 120(4) to 120(6)**
- **Renumber existing Rule 120(5) to 120(7)**

- 120.** (1) *A horse trained but not owned by a trainer whose licence has been suspended or cancelled or who is disqualified (in this rule called the "disqualified person") is ineligible to race until it is transferred to the control of a licensed trainer.*
- (2) *A transfer must be approved by the Controlling Body or Stewards.*
- (3) *A horse which is trained by a disqualified person shall not without the approval of the Stewards be transferred to an immediate family member or to a person whom the Stewards determine is a close associate.*
- (4) *For the purposes of this rule:-*
- (a) *An immediate family member means the following persons who are related to the disqualified person:-*
 - (i) *Spouse, defacto, child, parent, sibling, grandparent, grandchild, uncle, aunt, niece, nephew, cousin;*

- (ii) *Child, parent, sibling, grandparent, grandchild, uncle, aunt, niece, nephew or cousin of the disqualified person's spouse or defacto partner.*

- (b) *A close associate includes but is not limited to the following which may be existing or prior:-*
- (i) *Commercial relationship*
 - (ii) *Trainer/owner relationship*
 - (iii) *Trainer/breeder relationship*
 - (iv) *Employee/employer relationship*
 - (v) *Co-located registered training address.*

- (5) *The Controlling Body or Stewards may at any time revoke the approval of a transfer if it or they form the view that the disqualified person is involved with or influencing the training of the horse.*
- (6) *If a transfer is not approved or is revoked the horse is ineligible to race.*
- (7) *A horse may be declared ineligible to race by the Controlling Body or Stewards if it or they form the view that the disqualified person is involved with or influencing the training of the horse.*

Rationale

Strengthens the position of the Stewards that any transfer of ownership, or control, of a horse from a disqualified person must be approved by the Stewards or the Controlling Body.

9. DRIVERS

Priorities concerning horse to be driven

- **Add new Rule 152A**

- 152A.** (1) *Where the spouse or partner of a driver is the owner or trainer of a horse in a race the driver shall not without the approval of the Stewards drive any horse in the race other than the horse owned or trained by his/her spouse or partner.*
- (2) *A driver who fails to comply with sub-rule (1) is guilty of an offence.*

Rationale

Creates further restrictions on the driving of “outside horses” in races where a driver has a spouse or partner listed as the trainer.

Horse breaking gait

- **Repeal Rule 155A(1), (2)**

- 155A.** (1) *Notwithstanding the provisions of Rules 154 and 155 any horse which has broken gait free of interference, and remains in the incorrect gait when its nose reaches the finish line, and is covered by any other horse or horses in the correct gait it shall be placed behind such horse or horses.*
- (2) *For the purposes of sub-rule (1) “covered” means when a horse has its nose in line with any part of the breaking horse’s body excluding its tail or extended hind legs when the nose of the horse which has broken gait reaches the finish line.*

- **Delete Local Rule 155A**

Rationale

This rule is repealed as it had not been adopted in New South Wales or Western Australia, hence the WA Local Rule 155A which stated “Rule 155A shall not apply.”

States which wish to retain this rule have the option of inserting their own Local Rule.

Whips

- **Amend Rule 156(2)(a)**

- 156.** (2) (a) *A driver shall only apply the whip and/or the rein in a wrist only flicking motion whilst holding a rein in each hand with the tip of the whip pointed forward in an action which does not engage the shoulder.*

- **Repeal Rule 156(4)(c)**

- 156.** (4) (c) *If the reins are lengthened so as to result in loose reining regardless of whether the whip is being used at the same time.*

Offences - relating to dress

- **Add new Rule 159A(9), (10)**

- 159A.** (9) *A driver must immediately replace a helmet if:*
- (a) *A helmet sustains significant impact or damage or*
- (b) *A driver suffers concussion following a fall whilst wearing a helmet.*
- (10) *A person who fails to comply with any provision of this rule is guilty of an offence.*

Rationale

As a part of the steps taken to address the issue of concussion there is now a requirement on a driver to replace a helmet if the helmet is damaged or he/she is concussed from a fall whilst wearing a helmet.

A helmet could be damaged or a driver concussed in many instances where Stewards cannot reasonably be present and this rule now creates an obligation on the driver at all times.

Offences - relating to matters at the start and during the race

- **Repeal Rule 162(1)(vv)**

- 162.** (1) (vv) *lengthen the reins so as to result in loose reining;*

- **Add new Rule 163A(1), (2)**

- 163A.** (1) *A driver shall hold a rein in each hand unless activating adjustable gear.*
- (2) *A driver who fails to comply with sub-rule (1) is guilty of an offence.*

Offences - relating to sulkies

- **Amend 170(4), (5)**

- 170.** (4) *A driver shall not:-*
- (a) *Attempt to or allow his foot or leg to come into contact with the hind legs of the horse he is driving;*
- (b) *Attempt to or allow his foot or leg to be placed in the immediate vicinity of the hind legs of the horse he is driving.*
- (5) *A driver who fails to comply with any provision of this rule is guilty of an offence and in relation to sub-rule (4) the Stewards may in addition to any other penalty disqualify the horse.*

Rationale

The practice described within this rule is known as “hocking”. This rule has been amended to further strengthen the powers of the Stewards in relation to this practice.

10. OBJECTIONS AND PROTESTS

Lodgment

- **Amend Rule 176(6)**

- 176.** (6) *Where a protest has been lodged in accordance with this rule and:-*
- (a) *The grounds of the protest are that a horse or its driver has caused interference to another horse or its driver and the Stewards are of the opinion that the horse interfered with would have finished ahead of the first mentioned horse had such*

interference not occurred they shall place the first mentioned horse immediately after the horse interfered with.

- (b) *The grounds of the protest do not include a claim of interference, the Stewards shall dismiss the protest unless they are of the opinion that the horse lodging the protest would have finished ahead of the horse against which the protest has been lodged in which case they shall place the first mentioned horse ahead of the second mentioned horse.*

12. PROHIBITED SUBSTANCES

Determination of prohibited substance

- **Repeal Rule 188A(2)(d)**

188A. (2) (d) In male horses, other than geldings, 5α -estrane - 3β, 17α-diol in urine (including both the free substance and that liberated from conjugates) at a concentration equal to or less than that of 5(10)-estrane-3β, 17 α-diol in urine (including both the free substance and that liberated from its conjugates).

- **Add New Rule 188A(2)(d)**

188A. (2) (d) In male horses other than geldings, free and glucuroconjugated 5α-estrane-3β, 17α-diol at a mass concentration of 45 micrograms per litre in urine when, at the screening stage, the free and glucuroconjugated 5α-estrane-3β, 17α-diol exceeds the free and glucuroconjugated 5,10 estrane-3β,17α-diol in the urine.

Rationale

Under the Rules of Racing the threshold for estranediol in male horses is expressed as the ratio of estranediol: estrenediol at ≤1. However, under the International Agreement on Breeding, Racing and Wagering (IABRW), the threshold is expressed as an absolute threshold of 45 micrograms per litre in urine, provided that at the screening stage the ratio of estranediol: estrenediol is >1.

For consistency with the IABRW, Harness Racing Australia has approved an amendment to the way in which the threshold is expressed in the Rules.

- **Amend Rule 188A(2)(g)(ii), (iv)**

- 188A. (2) (g) Testosterone -*
- (ii) in geldings, fillies and mares: free testosterone at a mass concentration of 100 picograms per millilitre in plasma,*
- 188A. (2) (g) Testosterone -*
- (iv) In fillies and mares that have been notified as pregnant so as to comply with Rule 103B: free testosterone and testosterone liberated from its*

conjugates at any concentration in urine or free testosterone at any concentration in plasma.

Rationale

The International Agreement on Breeding Racing and Wagering (IABRW) now contains a plasma testosterone threshold for fillies and mares (unless in foal): 100 picograms free testosterone per millilitre in plasma from fillies and mares.

Harness Racing Australia has approved the inclusion of the international threshold in the Rules.

- **Repeal Rule 188A(2)(j)**

188A. (2) (j) Theobromine at a mass concentration of 2.00 milligrams per litre in urine.

Rationale

Theobromine remains a prohibited substance but HRA has amended the rules to remove it from the list of substances that have a threshold applied.

Add new Rule 188A(2)(j)

188A. (2) (j) Prednisolone (free Prednisolone) at a mass concentration of 10 micrograms per litre in urine.

Rationale

There is now evidence that Prednisolone is an endogenous substance in horses. In light of this a threshold has now been put in place.

Testing

- **Add new Rule 189A**

189A. Any sample taken from a horse shall only be analysed by a laboratory approved by the Controlling Body.

Rationale

Clarifies that samples can only be analysed by approved laboratories.

Out of Competition Testing

- **Amend Rule 190A(4), (5)**

190A. (4) Any person who is in possession of a substance specified in sub-rule (2) or a metabolite, artifact or isomer of such substance is guilty of an offence.

- (5) *It shall be a defence to a charge under sub-rule (4) for the person in possession of such substance or preparation to prove that the substance or preparation was prescribed to him, for use by him, by a qualified medical practitioner.*

Rationale

This amendment restricts the prescribing of the any substance to a qualified medical practitioner and removes the reference to veterinarian. The reasoning being that that a substance prescribed for a human does not have any accepted use for a horse and should not be prescribed by a veterinarian.

- **New Heading – Transfer Restrictions**
- **New Rule 190AC**

Transfer Restrictions

190AC. (1) *When a trainer is notified by the Stewards that the presence of a substance prohibited by Rules 188A, 190A or 190AB has been certified to be present in a horse trained by that trainer at the time the sample is taken, the trainer is not permitted without the prior approval of the Stewards to:-*

- (a) *transfer the ownership of any horse they own to any other person;*
- (b) *transfer any training responsibilities for any horse they train to any other person.*
- (2) *For the purposes of sub-rule (1) “certified” means the issuance of an evidentiary certificate pursuant to Rule 191(1).*
- (3) *A trainer who fails to comply with sub-rule (1) is guilty of an offence.*

Rationale

As mentioned in rationale for Rule 120 amendments this amendment strengthens the position of the Stewards that any transfer of ownership, or control, of a horse from a disqualified person must be approved by the Stewards or the Controlling Body.

Stomach tubing, atomisers and other devices

- **Amend Rule 193(1), (2)**
- **Add new Rule 193(6)**
- **ReNUMBER existing Rule 193(6), (7), (8) to Rule 193(7), (8), (9)**
- **Amend Rule 193(8), (9)**

- 193.** (1) *A person shall not attempt to stomach tube or stomach tube a horse nominated for a race or event within one clear day of the commencement of the race or event.*
- (2) *A person shall not attempt to use or use an atomiser, face mask or other device for the administration of a prohibited substance to a horse nominated for a race or event within one clear day of the commencement of the race or event.*
- (3) *A person shall not administer or allow or cause to be administered any medication to a horse on race day prior to such horse running in a race.*

- (4) *Notwithstanding the provisions of sub-rule (3), a person, with the permission of the Stewards may administer or allow or cause to be administered any medication to a horse on race day prior to such horse running in a race.*
- (5) *The Stewards shall order the withdrawal or disqualification of a horse that has been either treated or attempted to have been treated in breach of sub-rules (1), (2) and (3).*
- (6) *A person shall not without the prior approval of the Stewards administer or allow or cause to be administered any medication to a horse on a racecourse after such horse has run in a race.*
- (7) *For the purposes of this Rule, medication means any treatment with drugs or other substances.*
- (8) *A person shall not allow or permit another person to attempt to perform or perform any of the actions prohibited by sub-rules (1), (2), (3) or (6).*
- (9) *A person who fails to comply with sub-rules (1), (2), (3), (6) or (8) is guilty of an offence.*

Rationale

The time for performing any activities prohibited by sub-rules (1) & (2) is reduced from 48 hours to one clear day.

Rule 193(6) is added to introduce a rule that prevents a person (without prior approval) from administering any medication to a horse at the racecourse after it has raced.

Administering Substances

- **Delete/Repeal Rule 196B(2)(a)**
- **ReNUMBER existing Rule 196B(2)(b), (c) to 196B(2)(a), (b)**

- 196B.** (2) *For the purposes of this Rule -*
- (a) *Administering an injection to a horse means the use of a hypodermic needle or other instrument to introduce or extract any substance from the horse;*
- (b) *It is not necessary to establish whether any substance was injected or the nature of the substance injected.*

- **Repeal Rule 196C(5)**

- 196C.** (5) *For the purposes of this Rule:- one clear day means the twenty four (24) hour period from 12.01 a.m. to 12 midnight.*

- **Repeal Rule 196D(4)**

- 196D.** (4) *For the purposes of this Rule “one clear day” means the twenty four (24) hour period from 12.01 a.m. to midnight.*

Rationale

Deleted/Repealed as “one clear day” is now a defined as explained in rationale on page one.

14. GENERAL OFFENCES

Horses

- Delete/Repeal Rule 213B(3)
- Add new Rule 213B(3)
- Amend Rule 213C(1)
- Add new Rule 213C(2)

213B. (3) A shockwave therapy device means any device which is capable of delivering a pneumatically generated high energy pressure wave.

213C. (1) A person shall not use or have in their possession at a racecourse at which a meeting is being conducted any electrical, mechanical or galvanic device, equipment, appliance or apparatus which can be used to treat a horse.

(2) A person who fails to comply with sub-rule (1) is guilty of an offence and any horse that has either been treated or been the subject of an attempted treatment shall be withdrawn or disqualified from the race.

Deleted/Repealed as “one clear day” is now a defined as explained in rationale on page one.

16. DISQUALIFIED PERSONS

Disqualification by conviction

- Amend Rule 267(1), (2)

267. (1) Subject to sub-rule (2) the Stewards may for such period and on such conditions as they think fit, disqualify a person who is found guilty of a crime or offence in any State or Territory of Australia or in any country which is punishable by a term of imprisonment.

(2) Where a person is found guilty of a crime or offence in any State or Territory of Australia or in any country and sentenced to a period of imprisonment Stewards shall disqualify that person for a period that is at least equivalent to the actual sentence imposed.

Rationale

Refer to rationale under Rule 90

17. EQUIPMENT AND COLOURS

Gear

- Add Rule 268A(1), (2)

268A. (1) Applications concerning gear shall be made in such form as the Controlling Body or Stewards may determine and be lodged with the Controlling Body or Stewards no later than forty eight (48) hours before the nomination of a horse for a race.

(2) In the event of a change to any of the particulars notified in accordance with sub-rule (1), such change shall immediately be lodged with the Controlling Body or Stewards in such form as the Controlling Body or Stewards may determine.

Application to change gear

- Add Rule 269A

269A. An application to change any gear shall be made to the Controlling Body in such form as the Controlling Body may determine.

Rationale

With the increased use of digital forms and procedures requirements to use HRA approved forms has been deleted to allow individual Controlling Bodies to determine how requirements are met.

Offences

- Amend Rule 273(3)

273. (3) A person shall not without the permission of the Stewards start a horse in a race unless the horse is fitted with a false belly band and retaining straps and throat lash and a breast plate.

Rationale

The wording “with a false belly band or retaining straps” is replaced “with a false belly band and retaining straps.
