UPDATES FROM RACING SERVICES (REGISTRATIONS)

NEW GREYHOUND RULES FROM MAY 1

New rules of greyhound racing to improve the integrity and governance of the sport are being applied across Australia. The updates are in place from 1 May 2022 and apply to all controlling bodies for greyhound racing nationwide.

The changes have resulted from extensive consultation, with the aim of supporting the future of the sport by enhancing national consistency and helping participants gain a clearer understanding of the rules.

Important changes include:

- Altered vaccination rules which require all greyhounds receive a C5 at minimum or are certified as being protected to C5 level by a veterinarian every 12 months. Greyhounds cannot compete in an event within seven days of vaccination.
- Changes to marring and failing to pursue lure.
- Greyhounds must be weighed when completing a satisfactory trial and are required to be within 1kg of the last start weight.
- Change to approved lures – as of 1 August 2022 only 100% artificial/synthetic lures permitted.
- Adoption of amended national rules regarding 'live baiting'.
- No treatments to be administered within 'one clear day' of competing in an event.

The rule changes are explained in more detail in the integrity section of the RWWA website.

Licensed participants, especially trainers, are also advised to read the latest version of RWWA's complete greyhound rules of racing to ensure they understand and are compliant with the updated requirements.

FROM THE RACING MANAGER

STEWARDS TRIALS AT CANNINGTON

Stewards advise, that with the transition to Northam racing on Monday's, Steward trials at Cannington will now be conducted on Sunday's starting 8 May 2022. These trials will need to be booked through the Stewards office (9445 5237) before noon on Friday.

GAP UPDATE

From 1 April 2022, all bookings made with GAP must be used by the trainer/owner who makes the booking (a representative of the owner/ trainer can attend with dogs on the day). There will be no changes to the name that holds the booking, and the dog must be connected for a minimum of a month prior to appointment, by way of ownership or as trainer to the name of the booking and to the dog in the OzChase racing system.

If you are unable to keep the booking that you have made, please cancel it with the GAP team, as this will allow us to contact other trainers and will reduce wait times.

If a dog enters GAP earlier than the booking made for that dog, a replacement dog name must be given for the future booking at the time of the change. If a new dog name cannot be confirmed, the booking will be cancelled. There is a limit of one change per appointment, for example if a dog comes in earlier and the name for the booking needs to be changed, this can occur for that appointment time on one occasion, after this, the appointment will be cancelled and offered to someone else.

All bookings are confirmed by a GAP team member, the week prior to the appointment, and the dog's name must be confirmed, after this point if the dog cannot attend the appointment, GAP must be advised immediately.

Only the dog confirmed in the booking can attend the appointment. To ensure the booking system is equitable we are not able to accept a replacement dog you bring on the day of the appointment. These changes are being introduced to try and reduce the wait time for trainers.

GREYHOUND UPDATE MAY 2022

Work is moving forward to upgrade Western Australia's greyhound tracks to incorporate the latest design and maintenance standards and ensure the best care for racing greyhounds.

Racing and Wagering Western Australia (RWAA) has invested \$366,000 on initial enhancements at Northam, Mandurah and Cannington based on recommendations from the University of Technology Sydney review of the three tracks in 2021.

A substantial investment is ahead with the major redevelopment of Mandurah's greyhound track.

Central to the overhaul is the complete re-build of the existing track in line with recent advances in design and technology.

The scope of work also includes the construction of four clothoidal bends, widening of the track, realignment of the catching pen, state-of-the-art track lighting, new starting boxes, new fencing and a new semaphore board.

Works were scheduled to start shortly but pressure in the WA building industry has moved the date to March 2023.

The changed time frame was unavoidable due to high demand in the WA building industry on both workers and materials.

In the meantime, RWAA has begun securing equipment and materials for the project to ensure the building work can move forward as early as possible

Recommendations from the UTS report which have been implemented include:

- New moisture meters have been purchased and are being used to improve the collection and recording of track maintenance data.
- The Cannington track surface has been regraded and survey points have been installed in the track to maintain levels.
- Irrigation has been adjusted at Mandurah to provide extra time for the surface to absorb the water and to establish consistent water absorption for the entire track. The Mandurah tanker has been refurbished to improve water application.
- The Mandurah track is being harrowed (deep raked) all year round, typically every two to three weeks depending on weather.
- Improvements have also been completed at Northam to allow better track preparation and ensure safer racing.

The first races at Northam since the upgrades were recently marred by an unfortunate mechanical issue with the lure system. This was completely unrelated to the renovation work.

We are committed to the continuous elevation of standards on WA racetracks and look forward to progressing with the major projects for the benefit of both greyhounds and the sport of racing.
