### Final

#### **Regional Championship Final to be held at Ascot on 26 November 2022**

**\$100,000 Special Conditions – RTG 60+ Handicap, 1200 metres**

1st \$54,800; 2nd \$18,600; 3rd \$8,800; 4th \$3,900; 5th \$2,900; 6th - 10th \$1,800 (Apprentices may NOT claim their allowance)

Horses in this field have qualified by competing in a Regional Championship heat in this series. See full list of conditions in following page.

## Qualifying Conditions

To be eligible for **The Regional Championship** horses must be recorded by Racing Australia as being under the care of a RWWA-licensed trainer within that region prior to Sunday 25 September 2022. However, any such horse that transfers stables to an alternate region on or after Sunday 25 September 2022 will be ineligible to compete in any heat.

Horses may only compete in the heat associated with the region in which that horse is trained – for example, an Albany-trained horse may only compete in the Great Southern heat. Any trainer who has multiple stables registered with Racing & Wagering Western Australia (RWWA) may only start horses in one of the series heats.

Horses must have had two of their last three race starts at a WA race track other than Ascot, Belmont, Bunbury, Pinjarra or Northam prior to the heats.

**The Regional Championship Final** will comprise 15 runners – determined by the point system below.

1<sup>st</sup> – 10 points, 2<sup>nd</sup> – 9 points, 3<sup>rd</sup> – 8 points, 4<sup>th</sup> – 7 points, 5<sup>th</sup> – 6 points, 6<sup>th</sup> – 5 points, 7<sup>th</sup> – 4 points, 8<sup>th</sup> – 3 points, 9<sup>th</sup> – 2 points, 10<sup>th</sup> – 1 point.

The first five horses in each heat will gain automatic entry into the final. In the event that any of the 15 automatically qualified horses cannot contest the final, RWWA will offer the vacant spot in the field to the next highest point scorer. If equal on points, preference will be given to the horse that competed in the heat of the vacated horse. In the event of multiple runners having earned the same points and neither is from the region of the vacated horse, the horse with the highest rating will secure automatic entry into the final. If both such horses have the same rating, horses will be balloted by total prizemoney earned. If total prizemoney earned is equal, horses shall be eliminated by lot. All horses that compete in a heat are eligible to start in the final but they will be subject to the balloting conditions of the series.

Any horse that gains automatic qualification into **The Regional Championship Final** will be required to start in the final unless a veterinary certificate to the satisfaction of RWWA Stewards is provided stating that it is unfit to race. Any further nominations for qualified horses at any other meetings prior to December 5 will be refused.

Up to four emergencies will be declared for **The Regional Championship Final**. Emergency runners shall comprise the next four highest point scorers, with the same methodology used as above to determine the emergency securing a start.

Any horse who becomes eligible to compete in **The Regional Championship Final** will only be permitted to accept under the name of a licensed trainer who is located in the same region as the heat in which the horses ran.

In the event of a qualified horse winning a metropolitan race prior to the series final that horse will be ineligible to start in the final, with the next eligible horse outlined in the conditions above gaining automatic entry into **The Regional Championship Final**. Regional ratings will be used for all heats and the final.

RWWA will have the ultimate call on eligibility in the event of any discrepancy. RWWA may, at its absolute discretion, alter any conditions or elements of **The Regional Championship**.

# CELEBRATING 12 MONTHS OF THE OTTWA PASSPORT!

More than 2200 off the track thoroughbreds and standardbreds have now had their OTTWA Passport claimed! The support for the initiative has been amazing and we love seeing these retired racehorses enjoying their second careers across the state.

The OTTWA Passport not only assists in the traceability of horses post-racing but also provides access to resources like the OTTWA Clinics, assisting in the transition to new careers.

Living across the state, from Broome to Esperance, standardbreds and thoroughbreds are enjoying their second careers as trail riding horses, eventers, show horses, and everything in between!

# GENERAL RACING AND TRAINING CONDITIONS

## RULES

All race meetings in Western Australia shall be held under the Rules, Regulations and Conditions of Racing and Wagering Western Australia (RWWA).

## POWERS OF RWWA

RWWA reserves the right from time to time to alter the date of running to make any alteration or modification in the programme, including the sequences or times of the races; to alter the dates and times for taking entries, the declaration of handicaps and acceptances, to vary the amounts of prize-money, forfeits and acceptance fees advertised, or the distance of any race; to combine any two races on such conditions as RWWA may think fit; to extend the time for taking entries in the case of insufficient entries and call further entries; to delete a race from the program; to impose any other conditions, regulations and directions the Committee or Stewards may consider necessary; to change the venue of the meeting should it consider the conditions existing so warrant or to cancel the meeting for any reason thought fit.

## LIABILITY DISCLAIMER

Notwithstanding that it or he may have acted negligently neither the Club, Chairman, RWWA nor any member of these bodies nor any officer, agent, independent contractor or employee shall be under any liability to any person for any loss, damage or injury (including death) of or to any horse or person while on any premises of the Club or while on any approach thereto or while using any facility provided by the Club or while in the custody or control or under the direction of any officer, agent, independent contractor or employee acting in the course of his duty as such officer, agent, independent contractor or employee.

## IMPORTED HORSES

Any owner, or trainer who nominates a horse which has raced outside the State of Western Australia shall:

- (i) lodge with Racing and Wagering Western Australia at or before the time of starting of the race in which it is entered, a clearance from the Principal Club in whose territory such horse last raced or from an Association recognised by such Principal Club, and
- (ii) for the first nomination of such horse for any race in this State, supply at or before the time of closing of entries, particulars in writing of all its wins and of its last six performances and for any future nominations by subsequent performances of such horse until its first start in this State provided that where the weights for a race are declared within twenty four hours of the closing of nominations the aforementioned details shall be supplied at least twenty-four hours before the time of closing of such entries.

## CLUB NOT LIABLE FOR ENTRY

Neither RWWA, the Club nor the Secretary shall in any way be responsible for any errors which may occur in any entry, acceptance or other form filled in by any Official at the request of the nominator or trainer or the agent of any nominator or trainer.

## BOUND BY RULES

Every nominator and trainer whose horse is entered for any race. Whether such entry is made by the nominator or trainer or the agent of any nominator or trainer or any Official at the request of or on behalf of any nominator, trainer or agent, shall be bound by the RWWA Rules and Regulations and the By-Laws and Conditions of the Club.

## GROUP, LISTED & PRIME METROPOLITAN RACES

In Group/Listed races or any prime metropolitan race in which horses older than three can compete, entries are accepted on the condition that the nomination or declaration of acceptance for any horse may be rejected by the Handicapper.

## DISCRETIONARY BALLOTING

In any race where discretionary balloting is to apply, the Committee may, in the event of the number of horses exceeding the safety limit at the barrier, in its absolute discretion, irrespective of a horse's weight, eliminate any horse or horses from the race and/or exclude any horse or horses from the operation of the usual balloting conditions.

## DOUBLY ENGAGED

No horse shall run more than once on the same day at any meeting.

## PENALTY

Except where otherwise stated, the winner of any race or races after the declaration of weights, shall carry such penalty (if any) as the Handicapper may impose for each win.

## RACE DIVISIONS

Where the division of a race will result in more races being conducted at the meeting than that funded by RWWA, then a minimum of 75% of the original advertised prize money must be offered for each division. Each division shall be worth an equal amount. The division of any race must be approved by the RWWA Racing Manager.

## ARRIVAL ON COURSE - GROUP AND LISTED RACES

Runners in Group and Listed races must be presented on course two hours prior to the advertised start time of the race, unless otherwise advised by RWWA Stewards.

# BALLOTING CONDITIONS

Where the number of horses in any race exceeds the number set down by the Stewards or Committee of the Club RWWA may, except where special balloting conditions apply, implement any or all of the following conditions to eliminate horses to meet the limits.

- (a) Subject to the provisions of LR51A (1) any horse considered a final acceptor for more than one race at the same meeting shall be withdrawn from the race with the higher number of acceptors. Provided that horses will always be withdrawn from a non-feature race and not be withdrawn from a Group, Listed or other race advertised as Discretionary Balloting. A horse declared an emergency runner in any race may be engaged as an acceptor for another race at the same meeting.
  - (b) Any horse engaged to run at a meeting that has already accepted will be relegated to the lowest emergency position in any subsequent race that horse is entered for. Provided that horses will be exempt from this clause if the subsequent race is a Group, Listed or other race advertised as Discretionary Balloting.
  - (c) In the event of the time for nominations being extended because of insufficient entries (or some other reason), any horse which had been nominated by the inaugural nomination time shall be given preference for a start over any horse which was nominated after the time for extending entries was announced, except when the horse is engaged to run at a meeting that has already accepted.
  - (d) Any horse classified by the Handicapper below the declared minimum weight shall be eliminated in order of the Handicappers rating. Horses with the same rating will be separated at the Handicapper's discretion. The Handicapper may, at his discretion, elevate any horse in the ballot, irrespective of that horse's rating, to correct an obvious anomaly in the ballot. For ballot purposes, the rating of all fillies and mares is increased by 4 points to recognise the 2kg sex allowance
  - (e) Any maiden horse nominated to run in a handicap race will be relegated in the ballot below horses that have already won a race, unless the maiden horse was placed second or third within its last three starts where it will be balloted by the Handicappers rating. Maiden horses relegated under this clause will be balloted in accordance with the standard maiden balloting conditions listed below under section (I).
  - (f) Notwithstanding the foregoing conditions RWWA and the Committee of the Club may, in its absolute discretion, eliminate any horse or horses from a race, and/or exclude any horse or horses from the operation of any or all of the preceding elimination conditions, irrespective of the age, allotted weight or Handicappers rating of the horse concerned.
  - (g) RWWA reserves the power to make provision for the naming of horses as Emergency Runners subsequent to any ballot; provided that when it is determined that a race shall be run in two or more divisions at close of nominations, the Emergency Runners named in any division may be placed in any other division to take the place of horses withdrawn at time of final acceptances.
  - (h) RWWA and the Committee of the Club reserves to itself the power to transfer the nomination of any horse balloted or withdrawn from the race in which it was entered to a suitable race on the same day, or another meeting where entries close on the same day. Provided that where a horse has not been withdrawn from the race prior to the time appointed for final acceptances the acceptance of the horse so transferred shall be taken as the nominator's approval of such transfer and for the purpose of eligibility, qualification or race conditions shall be deemed to have been nominated in the race to which it was transferred. Further provided that where the other horses in such race have not been withdrawn prior to the time appointed for final acceptances, the acceptance of such horses shall be taken as confirmation of the nominator's approval of the transfer of the horses concerned.
  - (i) RWWA reserves to itself the power to extend the acceptances of any given race and allow any horse withdrawn between release of weights and original scratching time to be reinserted into the field prior to the release of acceptances.
  - (j) No liability shall be incurred to the nominator of any horse or to any other person in consequence of or by reason of any departure whether intentional or otherwise from these conditions.
  - (k) In any case not provided for under the Rules, the decision of RWWA shall be final.
- (I) MAIDEN RACES
- i. Horses which have not received prize money within their last 5 starts to be placed in order of total number of starts.
  - ii. Horses which have received the lowest aggregate prize money within their last five starts. Horses with equal aggregate prize money to be placed in order at the Handicappers discretion.
  - iii. Horses which have had two unplaced race starts.
  - iv. Horses which have had one unplaced race start.
  - v. Unraced horses. (Horses placed first in trials will take preference over trial placegetters. Trial placegetters will take preference over unplaced trial runners. Horses which need to be separated within trial categories shall be done so at the discretion of the Handicapper ie: Trial winner category, trial placegetter category etc.)
  - vi. Horses which have earned prizemoney by placing 2nd – 5th in a prime metropolitan race within their last 3 starts; or have earned prizemoney by placing 2nd – 4th in a provincial or midweek metropolitan race within their last 3 starts; or have earned prizemoney by placing 2nd – 3rd in a country race within their last 3 starts. Horses to be placed in descending order of prizemoney earned in last 3 starts.
- \* In balloting maiden races prizemoney for placings 1st to 6th only is taken into account.

## TRAINER & OWNER REFORMS (TOR)

### NOTICE OF AMENDMENTS TO CO-OWNER AGREEMENT (COA)

#### Summary:

Since the commencement of the TOR in August 2017, Racing Australia has been continually monitoring the effectiveness of its processes and agreements, including via feedback from Principal Racing Authorities and industry participants.

Racing Australia is now amending the COA to address issues that have arisen during the TOR's first year of operation.

A summary of the amendments to the COA is set out below.

- **Clause 1.1 & 1.2** – To identify the effective date (1 August 2018) of the revised COA.
- **Clause 3.6(d)** – Proviso that where owners with 50% ownership of a horse wish to accept a trainer's fees notice, and owners with the other 50% ownership wish to object to the fees notice, the managing owner must object on behalf of the owners.
- **Clause 4.3** – To clarify the sale process where an owner wants to sell only their interest in the horse, as opposed to where the ownership group (with majority consent) wants to sell the whole horse.

The revised COA is available at [www.racingaustralia.horse](http://www.racingaustralia.horse)

**Date of effect: 1 August 2018**

### NOTICE REGARDING THE NUMBER OF MEMBERS IN A SYNDICATE AND NEW RULE IN RELATION TO SECRET COMMISSIONS

#### NUMBER OF MEMBERS IN A SYNDICATE

Racing Australia previously made an amendment to AR.69(c) to correlate with ASIC's decision to increase the maximum number of members in a registered syndicate from 20 to 50 (for the purposes of obtaining exemption from a number of the provisions of the Corporations Act in respect of managed investment schemes).

Syndicates containing from 20 to 50 members are restricted to those entitled to exemption under ASIC Corporations (Horse Schemes) Instrument 2016/790 (or any instrument, regulation or class order that replaces or supersedes that Instrument.)

Any queries in regard to the number of members permitted in a Syndicate should be directed to the RWWA Licensing and Registration Department

“Provided the syndicate has been registered in accordance with the Rules of Racing and complies with the Regulations.”

#### RULE AR.48 IN RELATION TO SECRET COMMISSIONS

This rule deals with the issue of Secret Commissions in racing.

This new rule applies to all those involved in the selling and trading of Thoroughbreds. Any such person must not receive, solicit or offer any payment or benefit that has not been fully disclosed and consented by all parties involved in the ownership, sale and purchase of that horse.

Please refer to the RWWA Rules of Racing that appear in the Industry - Integrity section of the RWWA website for details of the wording of AR.48.

### PRE-ACCEPTANCE FINANCIAL INFORMATION REQUIREMENTS (GST COMPLIANCE)

When participants win stakes, bonuses or are paid any fees, a financial transaction has occurred that requires the correct treatment of GST. In order for this to take place all participants are required to submit a completed GST Declaration Form, prior to racing, so that the appropriate payment calculation can be made when stakes are processed. This form also provides RWWA with the participants banking information to make a timely payment.

If RWWA does not have completed GST Declaration Forms, the ATO require that RWWA withhold payments at a rate of 46.5% (highest tax rate) and forward to the ATO, when a GST Declaration Form has not been completed. This is a requirement under the GST Act and participant can obtain this information under the NAT 3346 guidelines on the ATO website. These funds can then be claimed as a credit by the participant in their annual income tax return.

In order to avoid payments being withheld, it is vital that your completed GST Declaration Forms is submitted prior to acceptance for a race. RWWA is currently working on system changes to implement this.

### TRANSFER OF OWNERSHIP

Funds are often withheld at the request of the 'new' owner when a transfer of ownership has taken place, as the outgoing owner has not submitted the paperwork to RWWA's Licensing & Registrations Department within the correct time. There are specific rules that apply to each code in the treatment of transfers. These being;

Harness Rule 109 - the paperwork must be submitted within 7 days of entering into a lease or prior to the horse next racing, whichever is earlier and Rule 111 in respect to a transfer of ownership.

Thoroughbred AR.34 - in respect to a lease the Principal Racing Authority may refuse to accept for registration any lease, and may insist on the inclusion in a lease of provisions it considers essential.

Greyhounds R117 - within ten (10) days lodge a prescribed transfer of ownership form and Rule 119 in respect of a lease.

These rules will now be enforced so that the owner recorded with RWWA at the time of racing will be paid any monies earned. Payments will no longer be held due to paperwork not being lodged within the required time. With regard to licences, GST forms must be included with each Lease or Transfer submitted to RWWA.

### LEADING OF TWO OR MORE HORSES

Local Rule 124 states:

Leading of Horses

1. The practice of leading two or more riderless horses at the same time is prohibited
2. The Stewards may penalise any person breaching this rule or found responsible for a breach of this rule

The rule prohibits any person from leading two or more riderless horses at the same time at any place or time.

### TRAINER'S RESPONSIBILITY REGARDING 'NOTIFICATION OF ANY HORSE'S ILLNESS, CONDITION OR OCCURRENCE THAT MAY AFFECT ITS RUNNING IN A RACE'.

Trainers are reminded of the provisions and potential implications of rule of racing, AR.140.

X`The following are examples of, but not limited to, conditions or occurrences requiring notification to Stewards under the provisions of this rule;

- Any surgery aimed at correcting a condition that may have

# NOTICES

adversely impacted a horse's prior performances i.e. upper respiratory tract surgery or surgery to correct lameness, limb inflammation/pain or gait dysfunction.

- A horse is required to have a long period of rest to heal a pre-existing injury i.e. tendon/ligament strain.
- Lameness or musculoskeletal inflammation/pain.
- Injury to any part of the body which could potentially adversely impact on the horse's performance or consist of a welfare or public perception issue on race day, or have resulted in an interrupted preparation.
- Any condition or occurrence that has resulted in a horse missing consecutive days of normal exercise or sufficiently interrupted, and thus adversely impacted, a horse's preparation for its next race.
- Any systemic illness that has adversely impacted on a horse's health or wellbeing or may have resulted in an interrupted preparation i.e. colic attack, any illness causing loss of appetite.

## IMPORTANT CHANGES TO THOROUGHBRED REGISTRATION ARRANGEMENTS

Thoroughbred Racing participants using the RWWA CRIS site would have noticed the below link from Racing Australia (RA). Racing and Waging Western Australia (RWWA) wishes to confirm important changes to registration functions.

From 1 December 2019, administrative duties attached to registration queries and applications will be moved from RWWA to Racing Australia (RA).

This is being done to help facilitate a more streamlined registration process for industry participants.

While RWWA will retain the functions of New Jockey Silk Applications and Promotor Syndicates, all applications for Transfer of Ownership, Syndicates, Leases, Jockey Silk Renewals, Change of Percentage, Change of Share, Deceased Estates, Banking & GST, will be received and processed by RA.

These documents will be able to be processed online or by lodging them direct to RA by email [deputyregistrar@racingaustraliahorse.ra](mailto:deputyregistrar@racingaustraliahorse.ra). RA can be contacted via their website, email or by phone 1800 870 799.

## TRANSFER'S OF OWNERSHIP - POLICY ADVICE

It is a requirement under the Rules of Racing for the name or names of every person or persons having any share or interest in the ownership or lease of a horse to be declared to RWWA prior to racing. Back-dating transfers or similar where such dates retrospectively affect the ownership of a horse in a race already run is therefore contrary to these principles. Furthermore once payments have been correctly made by RWWA based on recorded ownership details, it is impractical to attempt to re-allocate stakes to revised owners after the event.

Industry participants, in particular those involved in horse ownership, are therefore advised when completing the required Application to Transfer (or similar document that alters the official recorded ownership,) the Date of Transfer cannot be dated prior to the horse's last race start. The practice of back-dating the Date of Transfer so as to include dates where the horse has already raced will not be accepted and instead the Date of Transfer will be given the effective date of processing. Where race starts are not included in any back-dating then the indicated Date of Transfer will be recorded.

This policy shall be consistently applied across all codes.

(Sections 4-6 repealed)

(7) This section does not apply to a person whose duties are set out in section 20.

Where a trainer engages a person to carry out any type of work either inside or outside his/her premises and the person suffers an injury or disease as a result of that engagement and the injury or disease is of a prescribed nature it must be reported forthwith to WorkSafe. The kinds of injuries to an employee which must be notified are:

- A fracture of the skull, spine or pelvis
- A fracture of any bone in the arm other than in the wrist or hand and any bone in the leg other than in the ankle or foot;
- An amputation of an arm, hand, finger, joint, leg, foot, toe or toe joint;
- The loss of sight of an eye;
- Any injury other than those referred to above which, in the opinion of a medical practitioner, is likely to prevent the employee from being able to work within 10-days of the day on which the injury occurred.

Section 35 (1)(a) & (d) of the RWWA Act 2003 prescribes that it is a function of RWWA to “(a) control, regulate and supervise racing in the State” and “(d) to supervise racing clubs and their affairs.” Further Section 43 provides RWWA with authority to issue directions to a racing club or an allied body to carry out works to improve safety at racecourses or training tracks and obligates such clubs to comply with any such directions.

In order to ensure proper discharge of its legislated functions, RWWA directs that all race clubs, managers of training venues and Trainers notify RWWA Stewards of any diseases or injuries of the nature of the above sustained by jockey's, driver's or any other registered persons whilst engaged in activity regulated by licence that occurs at their venues. It is not intended that this alleviates race clubs, manager's of training venues or trainers of any legal responsibilities they may have under other Acts, such as the OHS Act 1984, however ensures RWWA can discharge its functions in relation to racing in Western Australia and ensure the proper investigation and reporting of these incidents to WorkSafe.

## DISPUTE RESOLUTION - ONE CENTRAL POINT FOR LODGEMENT OF COMPLAINTS

From time to time RWWA customers seek assistance in resolving disputes regarding horse ownership, the training of horses, unpaid accounts etc.

The Racing Integrity Department (Stewards) understand how difficult, at times, it is for these matters to be settled amicably and can offer advice, and to some extent assistance, on how these matters may be

resolved.

Any queries in regards to disputes of this nature should be directed to the Integrity Operations Coordinator - Mark Kemp on 9445 5227.

Notwithstanding the wide powers of RWWA and its officials, particularly the Stewards, have under the Rules those powers do not extend to dispute resolution to the extent that Stewards can compel a party to act in any way not specifically outlined in the Rules themselves. Neither do the Stewards have authority to force a person to sign away or forsake a share or interest in an animal, which has been afforded to them in accordance with the relevant Rules of Racing, or make any orders with respect to compensatory payments. This should not deter a person contacting the RWWA Integrity Department (Stewards), on the above number, who will provide advice in terms of Rules and RWWA procedures and policies and ensure these are being complied with. Matters that cannot be resolved through the application of the Rules and policies, become a civil dispute between the parties which must be resolved accordingly.

Unless a dispute involves an alleged breach of the Rules, RWWA and its officials will not become directly involved. The exception is where a dispute is the subject of proceedings at law, in which case RWWA and its officials will be guided by any decision of a court.

Any complaint against a person for an alleged breach of the Rules must be made in writing and directed to the Chief Steward of the respective racing code.

## SYNDICATES & PARTNERSHIPS

All current and prospective syndicate or partnership members should be aware of the ramifications of buying shares in a racehorse.

The promotion of a scheme which sells shares in a racehorse is subject to Corporations Law and there are significant penalties for schemes that are found to be operating contrary to the law.

Importantly the laws are in place to provide protection for persons who may purchase an ownership interest in a racehorse which is offered in such a scheme.

A horse racing syndicate must be registered with the Australian Securities and Investment Commission (ASIC) before it can operate if it is a “managed investment scheme” (MIS) for the purposes of the Corporations Act. This will generally be the case if the syndicate:

- has more than 20 members; or
- is promoted by a person in the business of promoting syndicates

unless the investors in the scheme are “wholesale clients” for the purpose of the Corporations Act.

The promoter is required to have an Australian Financial Services Licence (AFSL).

A promoter of a syndicate can avoid the requirement to register a managed investment scheme with ASIC if it registers as an approved promoter with RWWA. Once approved by RWWA, the promoter can then apply to ASIC for an AFSL.

RWWA is a Lead Regulator and as such is required;

- (a) to keep a register of all promoters of horse racing schemes to which the co-regulation arrangements applies;
- (b) to register schemes which the lead regulator has agreed to regulate;
- (c) to ensure that a promoter's disclosure statement or offer document contains sufficient information to allow investors to make an informed decision and to check the accuracy of this information;

## HORSES CANNOT RUN MORE THAN ONCE ON THE SAME DAY

No horse shall run more than once on the same day at any meeting except at meetings conducted by the following club:

## RWWA RACING INDUSTRY NOTICE – NEW LOCAL RULES OF RACING PERTAINING TO THE EUTHANASIA OF HORSES

WA racing industry participants are hereby notified of new Thoroughbred and Harness local Rules of Racing pertaining to the euthanasia of Thoroughbred and Standardbred horses.

These rules come into effect from 1 November 2020.

New local Thoroughbred Rule LR 225 and local Harness Rule LR 96C (Euthanasia of Horses) states;

It shall be an offence for any person bound to the Rules of Racing to at any time:

1. Organise, permit, allow or consent to any horse that they have control of, being transported or conveyed to any premises which is not a registered knackery, registered abattoir, or veterinary clinic where they are aware or ought to be aware, that the horse is to be euthanised.
2. Organise, permit, allow or consent to any horse that they have control of, being transported or conveyed to any place or facility outside of Western Australia where they are aware or ought to be aware, that the horse is to be euthanised.

For the purposes of this rule, a registered knackery or abattoir is any facility or place where animals are slaughtered and processed for consumption of any kind, or otherwise disposed of, which is registered with, and under the regulation of, the Department of Primary Industries and Regional Development, and has established a Memorandum of Understanding with RWWA.

RWWA advises that for the purposes of this rule there is currently one approved facility, that being the Southdale facility, that is registered with, and under the regulation of, the Department of Primary Industries and Regional Development and has established a Memorandum of

Understanding with RWWA.

Participants must carefully consider all available options for the rehoming of retired racehorses and all efforts to rehome physically and behaviourally sound racehorses must be made.

It should be noted that this rule does not prohibit, where necessary, on farm/property humane euthanasia of a horse, by a registered veterinarian, or by a properly trained and experienced person using a prescribed humane method detailed within the relevant standards and guidelines (Australian Animal Welfare Standards and Guidelines – Land Transport of Livestock 2012), provided such horse is under the care and control of a licensed person or owner at that property at the time such euthanasia takes place.

Participants are also reminded of their obligations under the Rules of Racing that the euthanasia or death of any registered racehorse must be notified to the relevant racing authority within the period prescribed by the rules and using the correct notification form.

## SENIOR RIDER EMBARGO ON HORSES

To ensure the safety of riders and other industry participants, Racing and Wagering Thoroughbred Stewards impose a Senior Rider Embargo on horses that demonstrate unsatisfactory racing manners or that have poor pre-race or barrier manners with either a Jockey or Apprentice Jockey riding.

The assessment of such intractability will be undertaken by the Steward In Charge of the race meeting or trial together with other panel members and the trainer of such horse is then notified of the decision with the policy then brought to their attention.

A horse will be deemed to have performed in an unsatisfactory manner to the extent of having a Senior Rider Embargo placed on it, including but not limited to any of the following behaviours:

- Over-racing or excessive pulling, hanging, or lugging, racing erratically, unruly pre- or post-race manner, poor barrier / starting manner.

Once such embargo is recorded, it can only be ridden by a Jockey in trials and races until it is formally reconsidered and then lifted.

Given the important safety considerations involved, the following criteria must be met when an application is received for the embargo to be lifted:

1. When a trainer believes the horse has improved and overcome the issue leading to the imposition of the embargo, they must approach the Steward In Charge of the meeting where it is next racing to watch the horse with a view to requesting the embargo to be lifted.
2. The Steward In Charge is then to report back to the Chief Steward or Deputy Chief Steward and provide his recommendation as to whether the embargo should be lifted. The Chief Steward or Deputy Chief Steward will review the vision in consultation with the Jockey Coaches and a decision then made. The embargo must then be lifted prior to the Apprentice Jockey being named. Or, where a trainer wishes to have the embargo removed prior to the above procedure, the request must be made to the Racing Department at the time of nominations. The Racing Department will then contact the Chief Steward or Deputy Chief Steward and / or the Manager Careers and Training who will consult with relevant parties, including at least one Jockey Coach, and the decision will then be relayed to the trainer prior to the declaration of final riders. The Embargo must be lifted prior to the Apprentice Jockey being named. Or, Where a Jockey is indisposed at a race meeting and there is no suitable senior rider available to replace that Jockey, the Steward In Charge may, at his or her discretion, (where possible discussing this with a Jockey Coach) permit a Senior Apprentice Jockey (in their final year of apprenticeship) who has either a 1.5kg or no claim to ride the horse in that race. The Steward In Charge will then advise the trainer immediately following the race as to whether the embargo should be lifted or remain in place.

# THE RACES WA VETERINARY NOTICES

## NOTICE TO THOROUGHBRED TRAINERS - INTRA-ARTICULAR INJECTIONS STAND-DOWN PERIOD

Trainers and Veterinarians attention is drawn to the revised Rule of Racing, AR.87, which relates to intra-articular treatments in Thoroughbred racehorses. The revised rule is effective from 1st January 2020.

The revised AR.87 now prohibits the intra-articular administration ("joint injection") of any substance to a Thoroughbred racehorse within 8 clear days prior to a race, official trial or jump-out.

### AR.87 now reads as follows:

- (1) If a horse has been subjected to an intra-articular injection:
  - (a) the horse is ineligible for; and
  - (b) a trainer must not enter or start the horse in, any race, official trial, or jump-out for 8 clear days following midnight on the day of the administration.
- (2) If a horse has been subjected to, or the Stewards reasonably suspect a horse has been subjected to, an intra-articular injection at any time during the 8 clear days prior to the day of a race, official trial, or jump-out, the Stewards may order the scratching of the horse from the relevant event.
- (3) If a horse has been nominated and/or entered for a race, official trial, or jump-out, a person must not:
  - (a) administer;
  - (b) cause to be administered;
  - (c) attempt to administer; or
  - (d) be party to the administration of, an intra-articular injection to the horse at any time within 8 clear days of the race, official trial, or jump-out.

A Clear Day is defined within the Rules to mean a twenty-four hour period from 12:01 a.m. to 12 midnight. For practical purposes, a clear day restriction means that the calculation of the number of days for which the procedure/treatment is banned does not take into account the day of treatment nor the day of competition. As such a stand down time of 8 clear days equates to 10 regular days when including the day of administration and the day of competition.

For the purpose of AR.87 and by way of example, if a horse was subjected to an intra-articular administration of a substance at any time on a Monday (1st day of the month), that horse would be ineligible to race, trial or jump-out, until the Wednesday of the following week (10th day of the month).

Trainers are referred to the RWWA Thoroughbred Clear Day Rule chart available under veterinary notices on the RWWA website to further assist with the application of clear day principles.

This prescribed stand-down time is intended as a minimum period before competition within which any substance must not be administered intra-articularly, including any shorter-acting medications. This stand down period must not be confused with the recommended "withdrawal" time of the particular medication used. The "withdrawal" period for a prohibited substance is calculated to ensure a horse is presented clear of the prohibited substance when competing. In certain situations, specifically for longer acting corticosteroid preparations such as methylprednisolone, and for injections into low volume joints such as the lower hock joints, the recommended "withdrawal" period may be much longer than the minimum stand down time prescribed by AR.87, and as such must continue to be observed.

Note: The administration of intra-articular substances is a "treatment" according to AR.104 and therefore must be recorded by a trainer and/or their veterinarian as required by this Rule. Trainers are reminded that all race horses must be presented to race free of prohibited substances. For advice concerning the use of therapeutic products that may contain

prohibited substances trainers should consult their stable veterinarian, or contact the RWWA Veterinary Department on (08) 9445 5459 or (08) 9445 5305.

## ARSENIC - Notice to Horse Trainers

Trainers and industry participants are reminded that Arsenic is a prohibited substance under both the Harness and Thoroughbred Australian Rules of Racing, when found at a level above the threshold value of 0.30 milligrams per litre in urine.

Arsenic is a chemical element which occurs in many minerals and trace amounts may be present commonly in feeds and in groundwater in the environment.

Registered veterinary products that contain Arsenic based compounds include:

Arcyl Solution for Injection Ferrocyl injection

Troy Invigorate Injection Jurocyl Injection.

Horse trainers are therefore reminded to avoid using these preparations close to racing, and a useful guideline is not to administer them following a single dose within a 5 clear day period before racing. Multiple administrations will prolong this period, so extreme caution must be exercised if administering them on consecutive days. The administration of any of these preparations must be recorded as treatment in a trainer's medication log book.

A recent Australian study concluded that it is possible that Arsenic levels in horse urine may be elevated following the ingestion by a horse of Chromated Copper Arsenate (CCA) treated pine timber, a common component of horse stables and paddock fencing.

Consequently, RWWA Stewards advise that it would be prudent for trainers and industry participants to conduct an environmental audit of their facilities to ensure they eliminate access of the racehorses in their care to CCA treated pine timber products, or any other product that may present a similar risk of an elevated Arsenic level in any race day sample.

RWWA Stewards recently concluded several inquiries into matters relating to the presentation of horses by trainers with Arsenic levels above the threshold. In those matters a conviction without penalty was recorded and the horses concerned were disqualified. RWWA provides notice to trainers and industry participants that future action taken by RWWA Stewards, in matters relating to the presentation of horses with Arsenic levels which exceed the threshold, may result in penalties being imposed, regardless of any evidence relating to ingestion of CCA treated timber products or any other source.

Queries can be directed to your Veterinarian or the RWWA Veterinary Department on (08) 9445 5459.

22 February, 2018.

## COBALT - NOTICE TO TRAINERS

Cobalt is a naturally occurring trace element which may normally be present in horses at very low levels as a result of the ingestion of feedstuffs that contain it in trace amounts. Cobalt is also present in the structure of vitamin B12 (cyanocobalamin). However, it is known that excessive amounts of cobalt have an effect on the blood system and therefore it can also be considered as a prohibited substance according to the Rules of Racing when it is at levels above those naturally occurring or as a result of routine nutritional sources, thus a threshold level was introduced into the rules of racing to control the use of cobalt in race horses.

The rules of racing prescribe a threshold limit for cobalt in race day urine samples at 100micrograms per litre and in race day plasma samples at 25 micrograms per litre.

Therefore trainers are advised:

- That a normal racing diet is more than sufficient to meet a horse's nutritional requirements for cobalt and vitamin B12.

# VETERINARY NOTICES

- Injectable cobalt supplements, banned under provisions of AR252A, offer no nutritional advantages because incorporation of cobalt into the vitamin B12 molecule occurs within the horse's gut.
- To consult with their veterinarians to ensure that their oral supplementation regimen provides only the amount of cobalt necessary to meet the scientifically established nutritional requirements of the horse for cobalt.
- To administer only nutritional supplements that are manufactured or marketed by reputable companies and to administer such supplements only at the manufacturer's recommended dose and frequency of administration.
- To avoid the simultaneous use of multiple supplements containing cobalt and vitamin B12.
- That administering products that are inadequately labelled, that make claims to enhance racing performance or to be 'undetectable', or which are marketed over the internet is extremely unwise.
- To comply with the one clear day restriction on the injection of any substance prior to racing.

Whilst the threshold has been set at a level to allow for normal levels of cobalt supplementation through routine nutritional sources, trainers are advised that the administration of certain registered vitamin supplements, particularly by injection, close to racing may result in a level of cobalt in a subsequent sample that exceeds this threshold. Trainers are therefore advised to avoid the use of these supplements close to racing.

## No injections within one clear day prior to racing

The rules of racing make it an offence for any person (including a trainer, anyone else in charge of a racehorse or a veterinarian) to insert a hypodermic needle into a horse within the one clear day prior to a race.

By way of example, if a horse is racing on a Saturday, the last time that the horse may be injected is midnight on the Thursday prior to the race. The horse must not be injected on the Friday or at any time on the Saturday prior to the running of the race. The one clear day ban on injections prior to competition includes, but is not limited to, the administration by injection, whether intravenously, intramuscularly, subcutaneously or any other route, of the following medications and substances:

- intravenous infusions, fluids and electrolytes;
- vitamin and mineral supplements;
- haematopoietic (blood building) agents;
- all Schedule 4 Prescription Animal Remedies and Prescription Medicines for injection; and
- any other agents for administration by injection.

However, it is noted that, for the purpose of proving a breach of AR.178AB, it is not necessary to establish what (if any) substance was injected, or was attempted to have been injected, into the horse.

Importantly, under the new rule, a person must not, without the permission of the Stewards, insert a needle into a horse for the purpose of blood sampling for health and fitness assessment during the one clear day prior to a race. The obvious exception to the Rule is the collection of official pre-race or out-of-competition blood samples at the direction of the Stewards for the purpose of drug analyses.

**IMPORTANT NOTE:** The timing of the administration of many injectable products will be determined by the detection periods for the prohibited substances contained in those products. In most cases, the detection periods will be in excess of the one clear day prior to competition.

## TESTING OF NON-RACE DAY (ELECTIVE) SAMPLES

Trainers should be aware that unpredictable and prolonged excretion times can result from the therapeutic use of certain, specific prohibited substances including long-acting corticosteroids (particularly Depo-Medrol - methyl-prednisolone acetate) and procaine, from the use of procaine penicillin.

Elective testing is strongly recommended for the above medication categories as reliable detection times are difficult, and in some cases impossible, to provide.

Through the Stewards, the ChemCentre will analyse non-race day elective urine samples for certain long-acting therapeutic medications, to determine the suitability for racing after treatment.

The following long-acting medications can be tested for under the program:

- Corticosteroids (i.e. Depo-Medrol)
- Procaine (from procaine penicillin)

Trainers and veterinarians are encouraged to use this service; however, it does not remove the responsibility, under the Rules of Racing, for a trainer to present all animals under their control free of any prohibited substances on race-day.

### a) Sample Submission

1. Urine is required for testing unless specified otherwise.
2. Samples are submitted through the RWWA Stewards or Veterinary Department.
3. Stewards/RWWA Veterinarians must be advised prior to sample submission.
4. Trainers will be charged through the RWWA accounting system.
5. Samples should be submitted in a clean jar/container with lid or a urine collection bottle available from the Stewards.
6. The following details must be supplied when samples are submitted.
  - Animal name and sex.
  - Medication name/s for which the sample is to be tested.
  - Treatment details i.e. medication/dose/date administered.
  - Trainer's name and contact details
7. Stewards will advise trainer when results are received

Cost of sample analysis (all prices include GST)

- \$200.00 per medication category
- Results will be available approx. 7 working days after sample submission to the ChemCentre.
- For further information contact the RWWA Veterinary Department 9445 5459 or Stewards

## Screening limits do not affect liability

The implementation of screening limits in racing is not intended and

does not operate to mean that for the purpose of the Rules of Racing the therapeutic substance only becomes a prohibited substance if and when the screening limit is exceeded.

It shall not be a defence to any charge under the rules of racing that the result of any initial screening test should have been below the screening limit for the therapeutic substance in question."

## Advice of detection periods

Industry participants are advised that more information on the detection periods for many of the therapeutic drugs assigned screening limits is available on the Agrifutures

**website: [agrifutures.com.au/rural-industries/thoroughbred-horses/](http://agrifutures.com.au/rural-industries/thoroughbred-horses/)**

In making any decision regarding the administration of a prohibited substance to a horse that is entered to race, industry participants are reminded of their responsibilities in undertaking the appropriate level of due diligence and risk analysis in researching the available information on detection periods, including the seeking of veterinary advice and adding an adequate safety margin. Participants are advised to take a conservative approach, and consider all variables such as dose, length of treatment and route of administration, when calculating withdrawal times for therapeutic substances where information on detection times is available.

Participants are also advised that a best-practice approach would dictate that no medication, irrespective of its detection period, should be given within 2 clear days of racing.

## CONTROL OF RACE DAY TREATMENT/MEDICATION OF RACEHORSES

With a number of Rules now restricting medication and treatments of various kinds before competition, the following are guidelines regarding medications/treatments that may be approved by the Stewards on veterinary advice when a request is made to the Stewards for permission to treat a horse on race day.

# VETERINARY NOTICES

## **Guidelines for treatments/medications that can be permitted**

**on race day** prior to the race – prior approval of the Stewards not required

### **Topical application of hoof oils/dressings/grooming products**

The application of routine, non-medicated hoof oils/dressings is permitted on the day of racing. The exception is those products that contain medications or herbs that claim therapeutic effects such as analgesia or anti-inflammatory actions.

The application of commercial baby oil or petroleum jelly preparations to lubricate/prevent chaffing of a body area, or a grooming product, is permitted to be applied pre-race. Any product so used must be kept in its original container that has applied to it the original product label, must not be altered or modified by the addition of any other substance/s, and must be available for inspection by the Stewards and official veterinarian. The Stewards may take possession of any such preparation for testing for prohibited substances.

### **Shampoos and fly sprays**

Shampoos, including those that are antiseptic or contain an anti-fungal agent, are permitted to be used on race day prior to racing. Fly sprays are permitted to be used on race day prior to racing.

### **Physical therapy as treatment**

Vibratory massage systems may be used in the stable on the morning of the day of the race but are not permitted on the racecourse.

### **The application of ice/cold water to musculoskeletal structures**

The application of ice or chilled water to, or the use of whirlpool boots or systems such as “Game Ready” on musculoskeletal structures are permitted in the trainer’s stables on the morning of race day but are not permitted to be used pre-race in the race day stalls on-course.

### **Treatments/medications permitted on race day before the race – prior approval of the Stewards required**

#### **Other topical preparations**

While creams, ointments and powders for topical use are considered to be medications, circumstances may arise when a horse suffers a minor wound that does not affect its suitability to race but would benefit from the application of a topical antibiotic or antiseptic treatment. Such a preparation must be a registered veterinary preparation or human therapeutic good which contains only an antibiotic or antiseptic as its active ingredient, and which is clearly

stated as such on its product label. Any product so used must be kept in its original container that has applied to it the original product label, must not be altered or modified by the addition of any other substance/s, and must be available for inspection by the Stewards and official veterinarian. The Stewards may take possession of any such preparation for testing for prohibited substances.

Trainers must apply to the Stewards for permission to administer a topical antiseptic/antibiotic preparation before a race on race day. Horses having received such permission for the application of a topical medication must be inspected by an official veterinarian on arrival at the racecourse.

### **Treatments/medications prohibited on race day prior to the race;**

#### **Routes of administration**

Unless excepted in the guidelines above, any substance administered by injection, by stomach tube, by paste, by dose syringe, by topical application or by inhalation will be considered to be a treatment and just not be administered on race day prior to the race. Furthermore, there are other pre-competition restrictions on certain treatments/procedures that are imposed by AR.64G, AR.178AA and AR.178AB.

#### **Clay poultices**

Clay poultices may be applied to the legs no later than the day before racing but must be removed the morning of the race and must not be re-applied on race day before the race. All traces of clay poultices must be removed prior to arrival on-course.

#### **Glycerine and Vicks Vaporub\***

The application of products such as Glycerine and/or Vicks Vaporub\* by any means is not permitted prior to racing on race day.

#### **Physical therapy as treatment**

The following physical treatments are not permitted to be used at any time before racing on the day of a race:

- acupuncture
- laser and infra-red treatments
- chiropractic manipulations
- magnetic field therapy
- transcutaneous electrical nerve stimulation (TENS) and any other form of electrical stimulation
- Extra-corporeal shock wave treatment (ESWT)
- Shock wave treatment of racehorses is prohibited for seven clear days prior to racing

## **NOTICE TO TRAINERS**

### **BAN ON INJECTABLE PRODUCTS CONTAINING COBALT SALTS**

From 1 May 2021, the Australian Rules of Racing will prohibit:

- the possession of injectable products containing cobalt salts; and
- the administration of cobalt salts by injection.

These bans are set out in new rules AR 252A (possession) and AR 254A (administration). Penalties apply for failure to comply with these rules.

Racing Australia reiterates its view that there is no place for injectable supplements containing cobalt salts in racing when there is no therapeutic rationale for their use. This is because (among other things):

- a typical daily diet of a racehorse meets their daily dietary cobalt requirement;
- there have been no reported cases of cobalt deficiency in horses; and
- there is no nutritional, medical or welfare justification for the administration of cobalt by injection to a horse at any time.

There are four injectable veterinary products that have been either previously or currently registered and/or available for use in horses that contain cobalt salts.

- NV V.A.M Injection;
- Troy Hemoplex Injection;
- Hemo-15 Vitamin-Amino Acid Injection; and
- NV Haemo Injection.

Possession and/or administration of these products (and any other registered or unregistered injectable products that contain cobalt salts) are prohibited under the new rules from 1 May 2021.

Trainers are advised to check the active constituents of all injectable veterinary supplements they currently hold. Further, it is advised that trainers carefully check the active constituents of any injectable veterinary supplements at the time of purchase to ensure that no injectable products are purchased or held that would be an offence under the new rules.

## NOTICE TO TRAINERS

### PROHIBITED SUBSTANCE – ZOLEDRONIC ACID

Racing Australia is aware that the APMVA has issued a PERMIT TO ALLOW SUPPLY AND MINOR USE OF AN UNREGISTERED VETERINARY CHEMICAL PRODUCT for Zoledronic Acid.

The substances set out in Schedule 1, Part 1, Division 1 of the Rules of Racing (i.e. Prohibited List A) are specified as prohibited substances at all times.

Racing Australia is of the view that these substances have no place in the treatment of racehorses and that their use is a risk to the integrity of racing and/or the welfare of horses.

Trainers are reminded that pursuant to Item 23 of Prohibited List A, Zoledronic Acid is listed as a prohibited substance. Accordingly, it is prohibited at all times.

Trainers are reminded of their obligations under the Rules of Racing with respect to substances that are listed in Prohibited List A, bearing in mind that any finding of guilt could result in a substantial penalty.

This includes Trainers' obligations under AR 250, which provides that a person must not have in their possession any prohibited substance on Prohibited List A or any substance or preparation containing a prohibited substance on Prohibited List A. Accordingly, Trainers are reminded that they must not have in their possession (which clearly includes being located/stored at their stables) any Zoledronic Acid or any preparation containing Zoledronic Acid.

JUNE 2021

# AMENDMENTS TO RULES OF RACING

## AMENDMENTS TO RWWA RULES OF THOROUGHBRED RACING

In accordance with Section 45 (1) (a) of the Racing and Wagering Western Australia Act 2003, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Thoroughbred be amended as follows:

### AMENDMENTS TO RWWA RULES OF THOROUGHBRED RACING (effective 24 June 2022)

The Racing and Wagering Western Australia Board has repealed the local rules of racing, in each code, which required COVID-19 vaccination for racing participants.

These rules, which have been in place since 5 February 2022, has been vital in safeguarding the operation of racing through the pandemic but are no longer required.

Licences for racing participants which had been cancelled or suspended due to non-compliance with the rule will be reinstated.

### AMENDMENT TO NATIONAL RULES (effective 6 April 2022)

Amend AR 2 Dictionary definition of "official"

*official means any:*

- (a) *director, board member or committee member of Racing Australia, a PRA or a Club;*
- (b) *person employed, engaged or appointed by Racing Australia, a PRA, a Club or a government body in relation to the management and/or control of racing, including but not limited to the conduct of race meetings or any other matter regarding its business and affairs.*

Amend AR 279

### AR 279 No damages for decisions made under the Rules

1. *A person is not entitled to make any claim for damages by reason or in consequence of the imposition, annulment, removal, variation, or remission of any decision made, or penalty, restriction or sanction imposed or purporting to be imposed, under the Rules.*
2. *Neither Racing Australia (including the Australian Stud Book), a PRA, a Steward, a Club, or an official shall be liable to any person for any loss or damage sustained by that person as a result of, or in any way (either directly or indirectly) arising out of the exercise of, any right, privilege, power, duty, function or discretion conferred or imposed, or bona-fide believed to have been conferred or imposed, under the Rules.*

Under the current AR 279, a PRA, Steward, race club or official cannot be liable for any loss or damage suffered by a person as a result of a decision made by any of them under the Rules of Racing.

This rule provides an important protection for racing authorities and officials which helps enable them to effectively carry out their functions and make decisions under the Rules. It can and has been relied upon by PRAs in defending litigation by participants arising from such decisions.

In circumstances where Racing Australia (including the Australian Stud Book) also makes decisions under the Rules which an aggrieved person may seek recourse in respect of, it is equally important that Racing Australia and its directors and employees have the benefit of those same protections under the Rules. AR 279 has been amended accordingly.

The definition of "official" in AR 2 has also been amended to ensure protection is extended to Racing Australia's directors and employees.

### AMENDMENT TO LOCAL RULES (effective 5 February 2022)

#### **Add Local Rule LR13B Covid Vaccination**

#### *LR13B Covid Vaccination*

1. *Any person (other than a greyhound owner), who is licenced or approved by RWWA or who is otherwise authorised by the RWWA Rules of Racing or stewards to conduct any activity associated with the running of a race meeting, trials, trackwork or similar must be fully vaccinated and ensure their staff and contractors involved in such activities are fully vaccinated by 12.01am on 5 February 2022.*

2. *Fully vaccinated means having received at least two doses of a registered COVID-19 vaccination and a booster vaccination within one month of being deemed eligible to receive it (noting that government directions and health advice on the timing of booster vaccinations may change from time to time).*

3. *The licence, approval or authority of any person who is not fully vaccinated by 12.01am on 5 February 2022 will be suspended until such time as they comply with (1) or such time that this rule ceases to be in effect. (NB – a person will be unable to undertake any activity associated with such licence or authority while the suspension continues).*

4. *Any person who is not compliant with (1) shall be excluded from attending RWWA approved stables and/or training establishments, any race tracks, trial tracks or other venues controlled or operated by RWWA.*

5. *Any person required to comply with the requirement at (1) must provide proof of vaccination to RWWA. Proof of vaccination must be provided in one of the following forms:*

- a. *Medicare COVID-19 digital certificate or printed vaccination certificate from the Australian Immunisation Register; or*
- b. *Medicare Immunisation History Statement.*

6. *Proof of vaccination must be provided to RWWA in the prescribed form as outlined in (5) by Saturday 29 January 2022.*

7. *A person is exempt, or temporarily exempt, from the requirement at (1) if the person has a medical exemption recorded on the Australian Immunisation Register or a temporary exemption issued to the person by the Chief Health Officer of Western Australia or their delegate.*

8. *A person is temporarily exempt from the requirement at 6 if there are technical, administrative, or other factors outside the person's control which prevent compliance and RWWA issues an exemption on this basis.*

9. *RWWA will only collect and use the evidence provided in accordance with this rule for the purpose of ensuring compliance with the rule or as required by law. Evidence provided in accordance with this rule will be stored on a secure database with restricted access and permanently deleted when no longer needed.*

10. *Any person required to comply with (1) must produce, if requested to do so by RWWA or an authorised person, their photo ID and proof of vaccination as set out in (5). For example, a steward may request this at a race meeting. A person who refuses or fails to comply with such a request must immediately leave the premises where the refusal or failure to comply occurred and can be removed from the premises if required.*

11. *Any person who:*

- a. *Attends any RWWA-approved stable and/or training establishment, race track, trial track or other venue controlled or operated by RWWA when not fully vaccinated in accordance with this rule; or*
- b. *Refuses or fails to comply with a request to provide proof of vaccination as specified in (5), commits an offence and is liable to penalty.*

*This rule comes into effect on 5 February 2022 and remains in effect until further advised by RWWA.*

Further detail with regard to this Rule, including Frequently asked questions, is available from the RWWA Website at <https://www.rwwa.com.au>.

## AMENDMENT TO NATIONAL RULES (effective 1 January 2022)

### Amend AR 99

#### AR 99 Obligation to ensure an identified horse is presented and races

*(1) The trainer of a horse and/or the trainer's authorised representative must ensure, including by reference to the horse's Thoroughbred Identification Card, that if a horse is engaged to run in any race or official trial, the correct horse:*

- (a) is brought to the racecourse;*
- (b) is presented to start in the relevant race or official trial;*
- (c) starts in the relevant race or official trial.*

*(2) Where a horse is brought to a racecourse, is presented to start in a race or official trial, and/or starts in a race or official trial, contrary to the provisions of subrule (1), a PRA or the Stewards must disqualify that horse from the relevant race or official trial.*

#### Rationale

Under AR 234, PRAs/Stewards may disqualify a horse entered or run in any race under a fraudulently false description or in connection with any other improper or dishonourable action or practice. This rule was designed to deal with matters which generally involve an element of misconduct.

However, there is no rule which expressly provides for disqualification where the wrong horse competes and misconduct is not present, such as the wrong horse running as a result of trainer error. Cases in Victoria and Queensland have highlighted that such offences would be better dealt with under a specific rule, rather than relying on AR 234.

Racing Australia has therefore introduced a specific rule – AR 99(2) – which gives PRAs/Stewards the express power to disqualify the wrong horse which competed in a race or official trial (for example, due to neglect or carelessness). Under the rule, there is no need to establish that the wrong horse competing was the result of fraudulent or improper practice or dishonourable action before disqualifying the horse.

## AMENDMENT TO LOCAL RULES (effective 1 January 2022)

### Add LR 120

*LR 120 Except with the written permission of the Stewards, any Rider's Agent who:*

- (a) bets, has an interest in a bet, or facilitates a bet; or*
- (b) provides either directly or indirectly to any person for any direct or indirect financial or other benefit (regardless of whether such benefit materialises) any tip, or any other information or advice that may influence any person to bet,*

*on any WA race in which a rider whom the rider's agent represents (in accordance with AR1) is engaged to ride, commits an offence and may be penalised.*

*For the purposes of this rule, a bet includes a lay bet.*

#### Rationale

There is an increasing number of Riders Agents involved in tipping and betting. This was a concern to Stewards as they saw it as a clear conflict of interest which has the potential to negatively effect the perception of their roles within racing. This rule has been introduced to mitigate those concerns.

## AMENDMENTS TO LOCAL RULES (effective 1 August 2021)

### Add Local rule 313

#### LR 313. RWWA Local Rule of Retirement

*(1) (a) The managing owner shall be liable for all costs associated with compliance with this rule. Any proven failure to pay such costs in accordance with the terms of payment when invoiced by the Trainer or other service provider, may at the sole discretion of the Stewards, result in:*

- (i) Stewards ordering that any prizemoney payable to the managing owner be withheld and redirected to the relevant party until such account is paid; and/or*
- (ii) Refusal of nominations for any horses of the same ownership; and/or*
- (iii) Cancellation of registration of the managing owner in any other horses; and/or*
- (iv) Other such action as may be taken under the RWWA Rules of Racing*

*(b) Where the managing owner can demonstrate to the satisfaction of the Stewards that they have been unable to recover such costs attributable to any part-owner, then any action outlined in sub rule (1) (a) shall not apply and action will be taken in accordance with the rules against only any defaulting part owner.*

*(2) The last registered managing owner or the person in control of the horse at the relevant time, shall, unless the result of accident or illness requiring immediate euthanasia, ensure that any non-emergency euthanasia of the horse, must only be performed by a registered Veterinary Surgeon or an appropriately registered service provider complying with all relevant welfare standards;*

*(a) on humane grounds where the horse is seriously ill or injured; or*

*(b) where a Veterinary surgeon has, assessed the horse as being unsuitable for rehoming on medical grounds; or*

*(c) where written direct evidence is received to the satisfaction of the Stewards from at least 2 persons who have direct personal knowledge of the horse's unsuitability for rehoming due to past demonstrated dangerous behaviours.*

*(3) Where any horse has been euthanased pursuant to part (2) of this rule, documentary evidence of compliance to the satisfaction of the Stewards, must be lodged with the Controlling Body by the prescribed time as specified by the relevant national rule and/or no later than within 7 days.*

*(4) Should part (2) of this rule not apply, the last registered managing owner or the person in control of the horse at the relevant time, must to the satisfaction of the Stewards make reasonable effort to rehome the horse over a period of not less than 6 weeks\* following the decision to retire/deregister the horse from the racing industry by undertaking at least two of the following options;*

*(a) publicly advertising the horse in no less than two recognised media platforms for the sale or availability of horses for a period of no less than 6 weeks;*

*(b) making application to re-home the horse through a credible animal adoption or re-homing agency, including Industry Retirement Programs;*

*(c) consigning the horse to a public auction.*

*(d) consigning the horse to an industry auction*

*(5) Documentary evidence of unsuccessful attempts to rehome the horse in accordance with the requirements prescribed in subsection (4) of this rule must be provided to Stewards when lodging the required documentation to retire/deregister the horse.*

*(6) An owner or person responsible at the relevant time who, in the opinion of the Stewards, fails to comply with any provision of this rule shall be guilty of an offence and liable to penalty.*

*(7) It shall not be mandatory for any horse that has been retired for the purposes of Breeding for a period of at least twelve months or that*

# THE RACES WA

## AMENDMENTS TO RULES OF RACING

*is over 15 years of age to be subject to sub-rule (4) of this rule.*

### Rationale

This WA Racehorse Welfare Plan, as announced by the previous Racing Minister, committed racing to the development of a framework whereby industry participants must aim to rehome all healthy and behaviourally sound horses.

There is a community expectation that healthy and behaviourally sound horses should not be euthanized at the conclusion of their racing careers without at least making every reasonable effort to afford alternative outcomes.

This rule was developed by a working group comprising members of both thoroughbred and harness codes and has been tabled before the respective consultative groups of each. All suggestions by the working group have been included within the final version of the rule with no objections raised to its construction, application or intent by the eligible bodies representatives on the Consultative Groups.

RWWA has published separately to industry, extensive details which explain the requirements to comply with this rule.

As this is a significant change, the Stewards will apply a period of amnesty to ensure suitable education and communications to industry are issued with sufficient time for any person to reasonably comply with this rule prior to undertaking enforcements under the rules. This will be assessed on a case-by-case basis as familiarity with the rule and its requirements become established within the industry.

### AMENDMENTS TO NATIONAL RULES (effective 1 August 2021)

#### Add TOR sub-rules 6(6) and 6(7)

*(6) Subject to subrule (7), if an EAA has been applied by Racing Australia and/or a PRA against an owner under this rule at any time (including prior to the commencement of this subrule), while that EAA remains in place:*

*(a) that owner must not, either directly or indirectly, acquire an interest in another horse and/or lodge with Racing Australia or a PRA in respect of another horse:*

*(i) a Foal Ownership Declaration;*

*(ii) a registration application;*

*(iii) a transfer of ownership application, except for the purpose of that owner selling his or her interest in another horse; or*

*(iv) a lease application; and*

*(b) Racing Australia and/or a PRA must not process any such application or lodgment.*

*(7) Racing Australia and/or a PRA (as applicable) may waive any prohibitions in subrule (6) if they are of the opinion that such waiver will assist in reducing the relevant owner's training fees and/or training disbursements debt.*

### Rationale

Racing Australia has advised that the intention of the rule is that it applies in respect of open EAAs lodged both before and after 1 August, such that existing defaulting owners do not escape the restrictions imposed by the rule change.

Under the Trainer and Owner Reforms (TOR) Rules in Schedule 2 to the Australian Rules of Racing, where an owner has failed to pay their training fees as required (and has not lodged a Dispute Notice in respect of them) a trainer may lodge an Enforcement Action Application (EAA) against the owner. Upon lodging an EAA, the trainer may seek the following consequences be applied against the owner until the outstanding fees have been paid:

- owner not permitted to transfer the horse to another trainer (if the owner owns at least 50% of the horse);

- owner not permitted to transfer their share in the horse to another person; and

- owner's prizemoney is frozen and redirected to the trainer.

However, an EAA issued against a defaulting owner does not restrict that owner from entering the ownership of other horses, even while the debts remain unpaid. This can affect future training and joint ownership relationships, as participants may unwittingly enter into arrangements with persons who have a history of not paying their training fees and who can continue to accumulate training debts throughout the industry. This has the potential to create negative experiences for participants and can threaten (particularly for owners) their ongoing involvement in the industry.

To address this situation, Racing Australia has approved amendments to TOR Rule 6, such that where a defaulting owner is the subject of a current EAA he or she will be prohibited from entering the ownership of any other horse. Only once the EAA is lifted (i.e. by payment of the training debt or through agreement with the trainer) will such an owner be permitted to acquire and register ownership interests in other horses. The rule change includes a discretionary element that allows Racing Australia/Principal Racing Authorities to waive any relevant ownership restriction where they believe it will assist in reducing the training debt owed by a defaulting owner.

These changes will not affect a defaulting owner's existing ownership in other horses (if any) given the potential for that to affect other innocent owners.

### AMENDMENTS TO NATIONAL RULES

#### Amend AR297(4)(d)

*Without limiting their powers to refuse to reinstate a horse to race or be trained in their absolute discretion, for the purposes of subrule (3) a PRA or the Stewards must not grant permission for a horse to be reinstated to race or be trained unless:*

*(d) the relevant PRA or the Stewards have considered the wishes of the last owner/s of the horse prior to retirement from racing in respect of any future reinstatement, as notified on the relevant form (including a Stable Return where applicable).*

### Rationale

Racing Australia has advised of the above correction (in bold) to AR 297(4)(d),
