WA SPIRIT OF RACING AWARD

The award will be presented to a person who has displayed exemplary dedication to WA racing and the benefit of the community, participants or horses.

INTRODUCED: 2023

EXEMPLARY DEDICATION

The WA Spirit of Racing Award will honour exceptional commitment to the support and advancement of WA racing and its participants. This may be evident through either a significant effort within a year or consistent and sustained efforts over a longer period of time.

ENTRY REQUIREMENTS

Nominations for WA Spirit of Racing Award can be made by:

- A licenced thoroughbred trainer
- A licenced thoroughbred breeder or stud master
- A thoroughbred race club
- A licenced stable hand, track rider, stable foreman or jockey

Note: Nominations will not be accepted from members of the public, Racing WA staff or others outside the above list.

Nominations can be submitted online from Monday, 12 June 2023 until Wednesday, 12 July 2023. More details will be available when nominations open. The winner will be notified on Wednesday, 19 July 2023.

The award will be presented at the WA Thoroughbred Awards on Saturday, 12 August 2023.

YOUR NEW DESTINATION FOR RACING INFORMATION AND DATA

The old Customer Racing Information System (CRIS) has officially closed. Racing WA will now be the place to go for race fields, results and form on the Racing and Wagering WA (RWWA) website.

There will be new features and functionalities added to the platform over the next 12 months, including integration of content and replays from further camera angles.

The end goal for the website is to become a one-stop-shop for WA's three racing codes - covering thoroughbred, harness and greyhound racing content and information.

**RACING WA CAN BE ACCESSED FROM.
WWW.RACINGWA.COM.AU OR VIA THE
RWWA WEBSITE.**

TRIALS AND JUMPOUTS

ELIGIBILITY TO TRIAL

Trainers are advised that restrictions on horses permitted to barrier trial, as printed in each edition of The Races WA.

Trainers are advised to familiarise themselves with the eligibility restrictions for horses to trial by clicking here. Horses entered for trials that are not eligible under this criteria, will be permitted to trial but be subject to a further fee of \$110 (additional to the standard trial fee).

HORSES ELIGIBLE FOR TRIALS ARE:

Horses referred back to trials by Stipendiary Stewards.

Horses which have not raced or trialled in the preceding 6 weeks.

All two-year-old horses. Must be ridden by a licensed jockey or apprentice who has ridden in at least fifty races. Consideration will be given to apprentices (including trainees) who have ridden in less than 50 races, to ride unraced horses (3yo and over) provided the horse has completed a satisfactory trial and is free of any embargo.

All three-year-old horses.

All unraced horses. Must be ridden by a licensed jockey or apprentice who has ridden in at least fifty races. Consideration will be given to apprentices (including trainees) who have ridden in less than 50 races, to ride unraced horses (3yo and over) provided the horse has completed a satisfactory trial and is free of any embargo.

Horses ridden by non-permit apprentices, or apprentices who have had less than fifty race rides.

PLEASE BE ADVISED

Trainers wishing to trial a horse not eligible under the standard conditions (see above) must declare this at the time of nomination and will be subject to a further fee of \$110 (additional to the standard trial fee).

LATE NOMINATIONS will **NOT BE ACCEPTED** unless under exceptional circumstances, such as communication or clerical error.

TRIAL ENTRIES

A HORSE MUST COMPLETE A SATISFACTORY TRIAL WITH THE FOLLOWING GEAR PRIOR TO APPLICATION FOR ITS USE IN A RACE:

(Trainers should request approval with stewards at trials)

BARRIER BLANKET

BLINDFOLD

CORNELL COLLAR – Refer National Equipment Register conditions.

Trainers are reminded that no horse shall be permitted to start in a trial unless the following has been completed.

- Horse registered with Racing Australia (48 hours prior to close of nominations)
- Stable return lodged with Racing Australia (24 hours prior to close of nominations)

TRIAL FEES

Senior Jockey \$100.00 (ex. GST)

Apprentice Rides \$40.00 (ex. GST)

HORSES ELIGIBLE FOR SUPERVISED JUMP OUTS ARE:

Unraced horses.

Unnamed horses (must be branded).

In accordance to the Register of Nationally Approved Gear –

Prior to being permitted to wear a combination of Blinkers/Visor Blinkers or Winkers with a Nose Roll in a race, a two year old or unraced horse must trial to the satisfaction of the Stewards prior to acceptance time wearing the relevant gear. Horses which have previously raced do not have to trial for approval.

Trainers please be advised that it is an obligation that the ID CARD is presented when a horse first trials and if such requirement is not met, Stewards will record that the inspection was not completed and as such the horse will not be permitted to trial or race until the ID CARD is presented - This can be at its second trial or first race start.

These are organised trials and will be conducted under the supervision of the Stipendiary Stewards. Heats will be for:

* In determining the eligibility of any horse to compete in "Special Conditions" races in Western Australia, any wins in a group, listed, or restricted listed race in any area shall be deemed to be a metropolitan win.

CONDITIONS FOR RESTRICTED RACES

AR1A.A Maiden Race is one restricted to horses which at the time of starting have never won on the flat a race at a registered meeting or any advertised race in any country.

A Trophy Race is a race in which the prizemoney and/or value of any trophy to the winner does not exceed \$5,000.

A Class A Race is one restricted to horses which, at the time of starting, have not generated prizes in the aggregate worth more than \$6,000 for wins in races on the flat and have never won a race on the flat outside Australia.

A Class B Race is one restricted to horses which, at the time of starting, have not generated prizes in the aggregate worth more than \$12,500 for wins in races on the flat and have never won a race on the flat outside Australia.

* The value of the prize to the winner shall not exceed:

in a Class A Race - \$6,000

in a Class B Race - \$12,500.

Provided that Class A and/or Class B races shall not be programmed for TAB meetings, except in the Northern Territory, King Island and approved country areas of Western Australia, and that each Principal Racing Authority should restrict Class A and Class B races to "remote/minor" race meetings, as determined by the Principal Racing Authority.

A CLASS ONE RACE is one restricted to horses which, at the time of starting, have not won more than one race on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse.

Further provided that, notwithstanding the foregoing provisions, the winner of any Group Race, Listed Race or Restricted Listed Race shall be ineligible.

A CLASS TWO RACE is one restricted to horses which, at the time of starting, have not won more than two races on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse. Further provided that, notwithstanding the foregoing provisions, the winner of any Group Race, Listed Race or Restricted Listed Race shall be ineligible.

A CLASS THREE RACE is one restricted to horses which, at the time of starting, have not won more than three races on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse. Further provided that, notwithstanding the foregoing provisions, the winner of any Group Race, Listed Race or Restricted Listed Race shall be ineligible.

A CLASS FOUR RACE is one restricted to horses which, at the time of starting, have not won more than four races on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse. Further provided that, notwithstanding the foregoing provisions, the winner of any Group Race, Listed Race or Restricted Listed Race shall be ineligible.

A CLASS FIVE RACE is one restricted to horses which, at the time of starting, have not won more than five races on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse.

Further provided that, notwithstanding the foregoing provisions, the winner of either of the following races shall be ineligible:

- (a) Any Group Race; or
- (b) Any Listed Race or Restricted Listed Race in which horses older than 2yo could run.
- (c) More than one Listed Race or Restricted Listed Race in which 2yos only could run.

A CLASS SIX RACE is one restricted to horses which, at the time of starting, have not won more than six races on the flat provided that, in determining the eligibility of any horse, no account shall be taken of any wins in Class A, Class B or Trophy races other than a win as a Maiden horse.

Further provided that, notwithstanding the foregoing provisions, the winner of the following races shall be ineligible:

- (a) Any Group Race; or
- (b) Any Listed Race or Restricted Listed Race in which horses older than 2yo could run; or
- (c) More than one Listed Race or Restricted Listed Race in which 2yos only could run.

QUALITY HANDICAP When a race has a maximum top-weight advertised in the race programme, the maximum weight will be applied to horses who based on the handicap scale allocated by the Handicapper would otherwise be allocated a weight exceeding that maximum topweight. For example, in a race with a handicap scale of 90+ with a maximum top-weight of 62kg, if Horse A is the highest rated horse at 110 and Horse B is the next highest rated horse at 100, Horse A will be allocated 62kg and Horse B 59kg.

STANDARD 'SET WEIGHT & PENALTIES' CONDITIONS FOR 2YO PLATES

RACING IN WESTERN AUSTRALIA IS A THRIVING COMMUNITY.

At its heart are the wonderful racehorses and greyhounds that bring it to life.

Sheer excitement and enjoyment aside, there is one overriding reason why about 24,500 people are part of the Western Australian racing world.

Animals are everything to us.

We respect and advocate for the animals of the industry, with constantly evolving welfare standards and regulations to protect their wellbeing.

We are passionate people. We are dog people. We are horse people.

GENERAL RACING AND TRAINING CONDITIONS

RULES

All race meetings in Western Australia shall be held under the Rules, Regulations and Conditions of Racing and Wagering Western Australia (RWWA).

POWERS OF RWWA

RWWA reserves the right from time to time to alter the date of running to make any alteration or modification in the programme, including the sequences or times of the races; to alter the dates and times for taking entries, the declaration of handicaps and acceptances, to vary the amounts of prize-money, forfeits and acceptance fees advertised, or the distance of any race; to combine any two races on such conditions as RWWA may think fit; to extend the time for taking entries in the case of insufficient entries and call further entries; to delete a race from the program; to impose any other conditions, regulations and directions the Committee or Stewards may consider necessary; to change the venue of the meeting should it consider the conditions existing so warrant or to cancel the meeting for any reason thought fit.

LIABILITY DISCLAIMER

Notwithstanding that it or he may have acted negligently neither the Club, Chairman, RWWA nor any member of these bodies nor any officer, agent, independent contractor or employee shall be under any liability to any person for any loss, damage or injury (including death) of or to any horse or person while on any premises of the Club or while on any approach thereto or while using any facility provided by the Club or while in the custody or control or under the direction of any officer, agent, independent contractor or employee acting in the course of his duty as such officer, agent, independent contractor or employee.

IMPORTED HORSES

Any owner, or trainer who nominates a horse which has raced outside the State of Western Australia shall:

- (i) lodge with Racing and Wagering Western Australia at or before the time of starting of the race in which it is entered, a clearance from the Principal Club in whose territory such horse last raced or from an Association recognised by such Principal Club, and
- (ii) for the first nomination of such horse for any race in this State, supply at or before the time of closing of entries, particulars in writing of all its wins and of its last six performances and for any future nominations by subsequent performances of such horse until its first start in this State provided that where the weights for a race are declared within twenty four hours of the closing of nominations the aforementioned details shall be supplied at least twenty-four hours before the time of closing of such entries.

CLUB NOT LIABLE FOR ENTRY

Neither RWWA, the Club nor the Secretary shall in any way be responsible for any errors which may occur in any entry, acceptance or other form filled in by any Official at the request of the nominator or trainer or the agent of any nominator or trainer.

BOUND BY RULES

Every nominator and trainer whose horse is entered for any race. Whether such entry is made by the nominator or trainer or the agent of any nominator or trainer or any Official at the request of or on behalf of any nominator, trainer or agent, shall be bound by the RWWA Rules and Regulations and the By-Laws and Conditions of the Club.

GROUP, LISTED & PRIME METROPOLITAN RACES

In Group/Listed races or any prime metropolitan race in which horses older than three can compete, entries are accepted on the condition that the nomination or declaration of acceptance for any horse may be rejected by the Handicapper.

DISCRETIONARY BALLOTING

In any race where discretionary balloting is to apply, the Committee may, in the event of the number of horses exceeding the safety limit at the barrier, in its absolute discretion, irrespective of a horse's weight, eliminate any horse or horses from the race and/or exclude any horse or horses from the operation of the usual balloting conditions.

DOUBLY ENGAGED

No horse shall run more than once on the same day at any meeting.

PENALTY

Except where otherwise stated, the winner of any race or races after the declaration of weights, shall carry such penalty (if any) as the Handicapper may impose for each win.

RACE DIVISIONS

Where the division of a race will result in more races being conducted at the meeting than that funded by RWWA, then a minimum of 75% of the original advertised prize money must be offered for each division. Each division shall be worth an equal amount. The division of any race must be approved by the RWWA Racing Manager.

ARRIVAL ON COURSE - GROUP AND LISTED RACES

Runners in Group and Listed races must be presented on course two hours prior to the advertised start time of the race, unless otherwise advised by RWWA Stewards.

UPDATED SCHEDULE OF FEES

(effective from 1 August 2020)

Non-Acceptance Fee: \$45

Late Scratching Fee (prior to close of final riders): \$100

Late Scratching Fee: \$249.70

Trial Fees:

Senior Jockey \$94.00

Apprentice Rides \$40.00

*All fees are exclusive of GST

BALLOTING CONDITIONS

Where the number of horses in any race exceeds the number set down by the Stewards or Committee of the Club RWWA may, except where special balloting conditions apply, implement any or all of the following conditions to eliminate horses to meet the limits.

- (a) Subject to the provisions of LR51A (1) any horse considered a final acceptor for more than one race at the same meeting shall be withdrawn from the race with the higher number of acceptors. Provided that horses will always be withdrawn from a non-feature race and not be withdrawn from a Group, Listed or other race advertised as Discretionary Balloting. A horse declared an emergency runner in any race may be engaged as an acceptor for another race at the same meeting.
- (b) Any horse engaged to run at a meeting that has already accepted will be relegated to the lowest emergency position in any subsequent race that horse is entered for. Provided that horses will be exempt from this clause if the subsequent race is a Group, Listed or other race advertised as Discretionary Balloting.
- (c) In the event of the time for nominations being extended because of insufficient entries (or some other reason), any horse which had been nominated by the inaugural nomination time shall be given preference for a start over any horse which was nominated after the time for extending entries was announced, except when the horse is engaged to run at a meeting that has already accepted.
- (d) Any horse classified by the Handicapper below the declared minimum weight shall be eliminated in order of the Handicappers rating. Horses with the same rating will be separated at the Handicapper's discretion. The Handicapper may, at his discretion, elevate any horse in the ballot, irrespective of that horse's rating, to correct an obvious anomaly in the ballot. For ballot purposes, the rating of all fillies and mares is increased by 4 points to recognise the 2kg sex allowance.
- (e) Any maiden horse nominated to run in a handicap race will be relegated in the ballot below horses that have already won a race, unless the maiden horse was placed second or third within its last three starts where it will be balloted by the Handicappers rating. Maiden horses relegated under this clause will be balloted in accordance with the standard maiden balloting conditions listed below under section (I).
- (f) Notwithstanding the foregoing conditions RWWA and the Committee of the Club may, in its absolute discretion, eliminate any horse or horses from a race, and/or exclude any horse or horses from the operation of any or all of the preceding elimination conditions, irrespective of the age, allotted weight or Handicappers rating of the horse concerned.
- (g) RWWA reserves the power to make provision for the naming of horses as Emergency Runners subsequent to any ballot; provided that when it is determined that a race shall be run in two or more divisions at close of nominations, the Emergency Runners named in any division may be placed in any other division to take the place of horses withdrawn at time of final acceptances.

- (h) RWWA and the Committee of the Club reserves to itself the power to transfer the nomination of any horse balloted or withdrawn from the race in which it was entered to a suitable race on the same day, or another meeting where entries close on the same day. Provided that where a horse has not been withdrawn from the race prior to the time appointed for final acceptances the acceptance of the horse so transferred shall be taken as the nominator's approval of such transfer and for the purpose of eligibility, qualification or race conditions shall be deemed to have been nominated in the race to which it was transferred. Further provided that where the other horses in such race have not been withdrawn prior to the time appointed for final acceptances, the acceptance of such horses shall be taken as confirmation of the nominator's approval of the transfer of the horses concerned.
- (i) RWWA reserves to itself the power to extend the acceptances of any given race and allow any horse withdrawn between release of weights and original scratching time to be reinserted into the field prior to the release of acceptances.
- (j) No liability shall be incurred to the nominator of any horse or to any other person in consequence of or by reason of any departure whether intentional or otherwise from these conditions.
- (k) In any case not provided for under the Rules, the decision of RWWA shall be final.

(I) MAIDEN RACES

- i. Horses which have not received prize money within their last 5 starts to be placed in order of total number of starts.
- ii. Horses which have received the lowest aggregate prize money within their last five starts. Horses with equal aggregate prize money to be placed in order at the Handicappers discretion.
- iii. Horses which have had two unplaced race starts.
- iv. Horses which have had one unplaced race start.
- v. Unraced horses. (Horses placed first in trials will take preference over trial placegetters. Trial placegetters will take preference over unplaced trial runners. Horses which need to be separated within trial categories shall be done so at the discretion of the Handicapper ie: Trial winner category, trial placegetter category etc.)
- vi. Horses which have earned prizemoney by placing 2nd – 5th in a prime metropolitan race within their last 3 starts; or have earned prizemoney by placing 2nd – 4th in a provincial or midweek metropolitan race within their last 3 starts; or have earned prizemoney by placing 2nd – 3rd in a country race within their last 3 starts. Horses to be placed in descending order of prizemoney earned in last 3 starts.

* In balloting maiden races prizemoney for placings 1st to 6th only is taken into account.

TRAINER & OWNER REFORMS (TOR)

NOTICE OF AMENDMENTS TO CO-OWNER AGREEMENT (COA)

Summary:

Since the commencement of the TOR in August 2017, Racing Australia has been continually monitoring the effectiveness of its processes and agreements, including via feedback from Principal Racing Authorities and industry participants.

Racing Australia is now amending the COA to address issues that have arisen during the TOR's first year of operation.

A summary of the amendments to the COA is set out below.

- **Clause 1.1 & 1.2** – To identify the effective date (1 August 2018) of the revised COA.
- **Clause 3.6(d)** – Proviso that where owners with 50% ownership of a horse wish to accept a trainer's fees notice, and owners with the other 50% ownership wish to object to the fees notice, the managing owner must object on behalf of the owners.
- **Clause 4.3** – To clarify the sale process where an owner wants to sell only their interest in the horse, as opposed to where the ownership group (with majority consent) wants to sell the whole horse.

The revised COA is available at www.racingaustralia.horse

Date of effect: 1 August 2018

NOTICE REGARDING THE NUMBER OF MEMBERS IN A SYNDICATE AND NEW RULE IN RELATION TO SECRET COMMISSIONS

NUMBER OF MEMBERS IN A SYNDICATE

Racing Australia previously made an amendment to AR.69(c) to correlate with ASIC's decision to increase the maximum number of members in a registered syndicate from 20 to 50 (for the purposes of obtaining exemption from a number of the provisions of the Corporations Act in respect of managed investment schemes).

Syndicates containing from 20 to 50 members are restricted to those entitled to exemption under ASIC Corporations (Horse Schemes) Instrument 2016/790 (or any instrument, regulation or class order that replaces or supersedes that Instrument.)

Any queries in regard to the number of members permitted in a Syndicate should be directed to the RWWA Licensing and Registration Department

“Provided the syndicate has been registered in accordance with the Rules of Racing and complies with the Regulations.”

RULE AR.48 IN RELATION TO SECRET COMMISSIONS

This rule deals with the issue of Secret Commissions in racing.

This new rule applies to all those involved in the selling and trading of Thoroughbreds. Any such person must not receive, solicit or offer any payment or benefit that has not been fully disclosed and consented by all parties involved in the ownership, sale and purchase of that horse.

Please refer to the RWWA Rules of Racing that appear in the Industry - Integrity section of the RWWA website for details of the wording of AR.48.

PRE-ACCEPTANCE FINANCIAL INFORMATION REQUIREMENTS (GST COMPLIANCE)

When participants win stakes, bonuses or are paid any fees, a financial transaction has occurred that requires the correct treatment of GST. In order for this to take place all participants are required to submit a completed GST Declaration Form, prior to racing, so that the appropriate payment calculation can be made when stakes are processed. This form also provides RWWA with the participants banking information to make a timely payment.

If RWWA does not have completed GST Declaration Forms, the ATO require that RWWA withhold payments at a rate of 46.5% (highest tax rate) and forward to the ATO, when a GST Declaration Form has not been completed. This is a requirement under the GST Act and participant can obtain this information under the NAT 3346 guidelines on the ATO website. These funds can then be claimed as a credit by the participant in their annual income tax return.

In order to avoid payments being withheld, it is vital that your completed GST Declaration Forms is submitted prior to acceptance for a race. RWWA is currently working on system changes to implement this.

TRANSFER OF OWNERSHIP

Funds are often withheld at the request of the 'new' owner when a transfer of ownership has taken place, as the outgoing owner has not submitted the paperwork to RWWA's Licensing & Registrations Department within the correct time. There are specific rules that apply to each code in the treatment of transfers. These being;

Harness Rule 109 - the paperwork must be submitted within 7 days of entering into a lease or prior to the horse next racing, whichever is earlier and Rule 111 in respect to a transfer of ownership.

Thoroughbred AR.34 - in respect to a lease the Principal Racing Authority may refuse to accept for registration any lease, and may insist on the inclusion in a lease of provisions it considers essential.

Greyhounds R117 - within ten (10) days lodge a prescribed transfer of ownership form and Rule 119 in respect of a lease.

These rules will now be enforced so that the owner recorded with RWWA at the time of racing will be paid any monies earned. Payments will no longer be held due to paperwork not being lodged within the required time. With regard to licences, GST forms must be included with each Lease or Transfer submitted to RWWA.

LEADING OF TWO OR MORE HORSES

Local Rule 124 states:

Leading of Horses

1. The practice of leading two or more riderless horses at the same time is prohibited
2. The Stewards may penalise any person breaching this rule or found responsible for a breach of this rule

The rule prohibits any person from leading two or more riderless horses at the same time at any place or time.

TRAINER'S RESPONSIBILITY REGARDING 'NOTIFICATION OF ANY HORSE'S ILLNESS, CONDITION OR OCCURRENCE THAT MAY AFFECT ITS RUNNING IN A RACE'.

Trainers are reminded of the provisions and potential implications of rule of racing, AR.140.

X`The following are examples of, but not limited to, conditions or occurrences requiring notification to Stewards under the provisions of this rule;

- Any surgery aimed at correcting a condition that may have

NOTICES

adversely impacted a horse's prior performances i.e. upper respiratory tract surgery or surgery to correct lameness, limb inflammation/pain or gait dysfunction.

- A horse is required to have a long period of rest to heal a pre-existing injury i.e. tendon/ligament strain.
- Lameness or musculoskeletal inflammation/pain.
- Injury to any part of the body which could potentially adversely impact on the horse's performance or consist of a welfare or public perception issue on race day, or have resulted in an interrupted preparation.
- Any condition or occurrence that has resulted in a horse missing consecutive days of normal exercise or sufficiently interrupted, and thus adversely impacted, a horse's preparation for its next race.
- Any systemic illness that has adversely impacted on a horse's health or wellbeing or may have resulted in an interrupted preparation i.e. colic attack, any illness causing loss of appetite.

IMPORTANT CHANGES TO THOROUGHBRED REGISTRATION ARRANGEMENTS

Thoroughbred Racing participants using the RWWA CRIS site would have noticed the below link from Racing Australia (RA). Racing and Waging Western Australia (RWWA) wishes to confirm important changes to registration functions.

From 1 December 2019, administrative duties attached to registration queries and applications will be moved from RWWA to Racing Australia (RA).

This is being done to help facilitate a more streamlined registration process for industry participants.

While RWWA will retain the functions of New Jockey Silk Applications and Promotor Syndicates, all applications for Transfer of Ownership, Syndicates, Leases, Jockey Silk Renewals, Change of Percentage, Change of Share, Deceased Estates, Banking & GST, will be received and processed by RA.

These documents will be able to be processed online or by lodging them direct to RA by email deputyregistrar@racingaustraliahorse.com.au. RA can be contacted via their website, email or by phone 1800 870 799.

APPROVED PROMOTERS

The following named persons are the only persons approved by RWWA and licensed by the Australian Securities and Investments Commission (ASIC) to promote ownership shares in horse racing schemes.

Prospective owners should be mindful that any person promoting shares in a racehorse must hold a current Australian Financial Services Licence (AFSL) with the *conditions shown below.

TRANSFER'S OF OWNERSHIP - POLICY ADVICE

It is a requirement under the Rules of Racing for the name or names of every person or persons having any share or interest in the ownership or lease of a horse to be declared to RWWA prior to racing. Back-dating transfers or similar where such dates retrospectively affect the ownership of a horse in a race already run is therefore contrary to these principles. Furthermore once payments have been correctly made by RWWA based on recorded ownership details, it is impractical to attempt to re-allocate stakes to revised owners after the event.

Industry participants, in particular those involved in horse ownership, are therefore advised when completing the required Application to Transfer (or similar document that alters the official recorded ownership,) the Date of Transfer cannot be dated prior to the horse's last race start. The practice of back-dating the Date of Transfer so as to include dates where the horse has already raced will not be accepted and instead the Date of Transfer will be given the effective date of processing. Where race starts are not included in any back-dating then the indicated Date of Transfer will be recorded.

This policy shall be consistently applied across all codes.

SPECIAL NOTICE TO ALL RACE CLUBS, LICENSED TRAINING VENUES, TRACK MANAGERS AND TRAINERS.

Section 22 of the Occupational Health and Safety Act 1984, places certain obligations on persons in control of a workplace that may relate to Clubs and Training tracks in the following terms:

22. Duties of persons who have control of workplaces

(1) A person that has, to any extent, control of —

NOTICES

(a) a workplace where persons who are not employees of that person work or are likely to be in the course of their work; or

(b) the means of access to and egress from a workplace, shall take such measures as are practicable to ensure that the workplace, or the means of access to or egress from the workplace, as the case may be, are such that persons who are at the workplace or use the means of access to and egress from the workplace are not exposed to hazards.

(2) Where a person has, by virtue of a contract or lease, an obligation of any extent in relation to the maintenance or repair of a workplace or the means of access to and egress from the workplace, the person shall be treated for the purposes of subsection (1) as being a person that has control of that workplace or that means of access or egress.

(3) A reference in this section to a person having control of any workplace or means of access to or egress from a workplace is a reference to a person having control of that workplace or that means of access or egress in connection with the carrying on by that person of a trade, business or undertaking (whether for profit or not).

(Sections 4-6 repealed)

(7) This section does not apply to a person whose duties are set out in section 20.

Where a trainer engages a person to carry out any type of work either inside or outside his/her premises and the person suffers an injury or disease as a result of that engagement and the injury or disease is of a prescribed nature it must be reported forthwith to WorkSafe. The kinds of injuries to an employee which must be notified are:

- A fracture of the skull, spine or pelvis
- A fracture of any bone in the arm other than in the wrist or hand and any bone in the leg other than in the ankle or foot;
- An amputation of an arm, hand, finger, joint, leg, foot, toe or toe joint;
- The loss of sight of an eye;
- Any injury other than those referred to above which, in the opinion of a medical practitioner, is likely to prevent the employee from being able to work within 10-days of the day on which the injury occurred.

Section 35 (1)(a) & (d) of the RWWA Act 2003 prescribes that it is a function of RWWA to “(a) control, regulate and supervise racing in the State” and “(d) to supervise racing clubs and their affairs.” Further Section 43 provides RWWA with authority to issue directions to a racing club or an allied body to carry out works to improve safety at racecourses or training tracks and obligates such clubs to comply with any such directions.

In order to ensure proper discharge of its legislated functions, RWWA directs that all race clubs, managers of training venues and Trainers notify RWWA Stewards of any diseases or injuries of the nature of the above sustained by jockey's, driver's or any other registered persons whilst engaged in activity regulated by licence that occurs at their venues. It is not intended that this alleviates race clubs, manager's of training venues or trainers of any legal responsibilities they may have under other Acts, such as the OHS Act 1984, however ensures RWWA can discharge its functions in relation to racing in Western Australia and ensure the proper investigation and reporting of these incidents to WorkSafe.

DISPUTE RESOLUTION - ONE CENTRAL POINT FOR LODGEMENT OF COMPLAINTS

From time to time RWWA customers seek assistance in resolving disputes regarding horse ownership, the training of horses, unpaid accounts etc.

The Racing Integrity Department (Stewards) understand how difficult, at times, it is for these matters to be settled amicably and can offer advice, and to some extent assistance, on how these matters may be

resolved.

Any queries in regards to disputes of this nature should be directed to the Integrity Operations Coordinator - Mark Kemp on 9445 5227.

Notwithstanding the wide powers of RWWA and its officials, particularly the Stewards, have under the Rules those powers do not extend to dispute resolution to the extent that Stewards can compel a party to act in any way not specifically outlined in the Rules themselves. Neither do the Stewards have authority to force a person to sign away or forsake a share or interest in an animal, which has been afforded to them in accordance with the relevant Rules of Racing, or make any orders with respect to compensatory payments. This should not deter a person contacting the RWWA Integrity Department (Stewards), on the above number, who will provide advice in terms of Rules and RWWA procedures and policies and ensure these are being complied with. Matters that cannot be resolved through the application of the Rules and policies, become a civil dispute between the parties which must be resolved accordingly.

Unless a dispute involves an alleged breach of the Rules, RWWA and its officials will not become directly involved. The exception is where a dispute is the subject of proceedings at law, in which case RWWA and its officials will be guided by any decision of a court.

Any complaint against a person for an alleged breach of the Rules must be made in writing and directed to the Chief Steward of the respective racing code.

SYNDICATES & PARTNERSHIPS

All current and prospective syndicate or partnership members should be aware of the ramifications of buying shares in a racehorse.

The promotion of a scheme which sells shares in a racehorse is subject to Corporations Law and there are significant penalties for schemes that are found to be operating contrary to the law.

Importantly the laws are in place to provide protection for persons who may purchase an ownership interest in a racehorse which is offered in such a scheme.

A horse racing syndicate must be registered with the Australian Securities and Investment Commission (ASIC) before it can operate if it is a “managed investment scheme” (MIS) for the purposes of the Corporations Act. This will generally be the case if the syndicate:

- has more than 20 members; or
- is promoted by a person in the business of promoting syndicates

unless the investors in the scheme are “wholesale clients” for the purpose of the Corporations Act.

The promoter is required to have an Australian Financial Services Licence (AFSL).

A promoter of a syndicate can avoid the requirement to register a managed investment scheme with ASIC if it registers as an approved promoter with RWWA. Once approved by RWWA, the promoter can then apply to ASIC for an AFSL.

RWWA is a Lead Regulator and as such is required;

- (a) to keep a register of all promoters of horse racing schemes to which the co-regulation arrangements applies;
- (b) to register schemes which the lead regulator has agreed to regulate;
- (c) to ensure that a promoter's disclosure statement or offer document contains sufficient information to allow investors to make an informed decision and to check the accuracy of this information;

NOTICE REGARDING TONGUE TIE POLICY

Racing Australia, in accordance with stewards throughout Australia, has issued a change in regards to Tongue Tie Policy. The new standers will come into effect as of 1 April 2020 are as shown below.

Tongue Ties & Tongue Clips

Approval for use: Tongue Ties and Tongue Clips are approved for use for the purposes of AR 206(1), subject to the conditions set out below.

Specifications: Tongue Ties must be either: (a) leather strap or rubber band (at least 15mm wide); or (b) lycra or neoprene (at least 50mm wide).

Application: Tongue Ties and Tongue Clips must not be applied more than 30 minutes prior to race time.

Proper application: All Tongue Ties are to be looped around the tongue and secured around the lower jaw. Tongue Ties must be clearly visible at all times. Tongue Ties must never be attached to the bit or bridle.

Tongue position: Tongues which are tied must remain inside the horse's mouth in its usual position.

Tongue Clips: Tongue Clips must be rubber and attached to the bit. Tongue Clips with strap are also permitted.

Removal: Tongue Ties and Tongue Clips must be removed as soon as practicable.

Effective date: 1 April 2020

RWWA RACING INDUSTRY NOTICE - NEW LOCAL RULES OF RACING PERTAINING TO THE EUTHANASIA OF HORSES

WA racing industry participants are hereby notified of new Thoroughbred and Harness local Rules of Racing pertaining to the euthanasia of Thoroughbred and Standardbred horses.

These rules come into effect from 1 November 2020.

New local Thoroughbred Rule LR 225 and local Harness Rule LR 96C (Euthanasia of Horses) states;

It shall be an offence for any person bound to the Rules of Racing to at any time:

1. Organise, permit, allow or consent to any horse that they have control of, being transported or conveyed to any premises which is not a registered knackery, registered abattoir, or veterinary clinic where they are aware or ought to be aware, that the horse is to be euthanised.
2. Organise, permit, allow or consent to any horse that they have control of, being transported or conveyed to any place or facility outside of Western Australia where they are aware or ought to be aware, that the horse is to be euthanised.

For the purposes of this rule, a registered knackery or abattoir is any facility or place where animals are slaughtered and processed for consumption of any kind, or otherwise disposed of, which is registered with, and under the regulation of, the Department of Primary Industries and Regional Development, and has established a Memorandum of Understanding with RWWA.

RWWA advises that for the purposes of this rule there is currently one approved facility, that being the Southdale facility, that is registered with, and under the regulation of, the Department of Primary Industries and Regional Development and has established a Memorandum of Understanding with RWWA.

Participants must carefully consider all available options for the rehoming of retired racehorses and all efforts to rehome physically and behaviourally sound racehorses must be made.

It should be noted that this rule does not prohibit, where necessary, on farm/property humane euthanasia of a horse, by a registered

veterinarian, or by a properly trained and experienced person using a prescribed humane method detailed within the relevant standards and guidelines (Australian Animal Welfare Standards and Guidelines – Land Transport of Livestock 2012), provided such horse is under the care and control of a licensed person or owner at that property at the time such euthanasia takes place.

Participants are also reminded of their obligations under the Rules of Racing that the euthanasia or death of any registered racehorse must be notified to the relevant racing authority within the period prescribed by the rules and using the correct notification form.

SENIOR RIDER EMBARGO ON HORSES

To ensure the safety of riders and other industry participants, Racing and Wagering Thoroughbred Stewards impose a Senior Rider Embargo on horses that demonstrate unsatisfactory racing manners or that have poor pre-race or barrier manners with either a Jockey or Apprentice Jockey riding.

The assessment of such intractability will be undertaken by the Steward In Charge of the race meeting or trial together with other panel members and the trainer of such horse is then notified of the decision with the policy then brought to their attention.

A horse will be deemed to have performed in an unsatisfactory manner to the extent of having a Senior Rider Embargo placed on it, including but not limited to any of the following behaviours:

- Over-racing or excessive pulling, hanging, or lugging, racing erratically, unruly pre- or post-race manner, poor barrier / starting manner.

Once such embargo is recorded, it can only be ridden by a Jockey in trials and races until it is formally reconsidered and then lifted.

Given the important safety considerations involved, the following criteria must be met when an application is received for the embargo to be lifted:

1. When a trainer believes the horse has improved and overcome the issue leading to the imposition of the embargo, they must approach the Steward In Charge of the meeting where it is next racing to watch the horse with a view to requesting the embargo to be lifted.
2. The Steward In Charge is then to report back to the Chief Steward or Deputy Chief Steward and provide his recommendation as to whether the embargo should be lifted. The Chief Steward or Deputy Chief Steward will review the vision in consultation with the Jockey Coaches and a decision then made. The embargo must then be lifted prior to the Apprentice Jockey being named. Or, where a trainer wishes to have the embargo removed prior to the above procedure, the request must be made to the Racing Department at the time of nominations. The Racing Department will then contact the Chief Steward or Deputy Chief Steward and / or the Manager Careers and Training who will consult with relevant parties, including at least one Jockey Coach, and the decision will then be relayed to the trainer prior to the declaration of final riders. The Embargo must be lifted prior to the Apprentice Jockey being named. Or, Where a Jockey is indisposed at a race meeting and there is no suitable senior rider available to replace that Jockey, the Steward In Charge may, at his or her discretion, (where possible discussing this with a Jockey Coach) permit a Senior Apprentice Jockey (in their final year of apprenticeship) who has either a 1.5kg or no claim to ride the horse in that race. The Steward In Charge will then advise the trainer immediately following the race as to whether the embargo should be lifted or remain in place.

VETERINARY NOTICES

NOTICE TO THOROUGHBRED TRAINERS - INTRA-ARTICULAR INJECTIONS STAND-DOWN PERIOD

Trainers and Veterinarians attention is drawn to the revised Rule of Racing, AR.87, which relates to intra-articular treatments in Thoroughbred racehorses. The revised rule is effective from 1st January 2020.

The revised AR.87 now prohibits the intra-articular administration ("joint injection") of any substance to a Thoroughbred racehorse within 8 clear days prior to a race, official trial or jump-out.

AR.87 now reads as follows:

- (1) If a horse has been subjected to an intra-articular injection:
 - (a) the horse is ineligible for; and
 - (b) a trainer must not enter or start the horse in, any race, official trial, or jump-out for 8 clear days following midnight on the day of the administration.
- (2) If a horse has been subjected to, or the Stewards reasonably suspect a horse has been subjected to, an intra-articular injection at any time during the 8 clear days prior to the day of a race, official trial, or jump-out, the Stewards may order the scratching of the horse from the relevant event.
- (3) If a horse has been nominated and/or entered for a race, official trial, or jump-out, a person must not:
 - (a) administer;
 - (b) cause to be administered;
 - (c) attempt to administer; or
 - (d) be party to the administration of, an intra-articular injection to the horse at any time within 8 clear days of the race, official trial, or jump-out.

A Clear Day is defined within the Rules to mean a twenty-four hour period from 12:01 a.m. to 12 midnight. For practical purposes, a clear day restriction means that the calculation of the number of days for which the procedure/treatment is banned does not take into account the day of treatment nor the day of competition. As such a stand down time of 8 clear days equates to 10 regular days when including the day of administration and the day of competition.

For the purpose of AR.87 and by way of example, if a horse was subjected to an intra-articular administration of a substance at any time on a Monday (1st day of the month), that horse would be ineligible to race, trial or jump-out, until the Wednesday of the following week (10th day of the month).

Trainers are referred to the RWWA Thoroughbred Clear Day Rule chart available under veterinary notices on the RWWA website to further assist with the application of clear day principles.

This prescribed stand-down time is intended as a minimum period before competition within which any substance must not be administered intra-articularly, including any shorter-acting medications. This stand down period must not be confused with the recommended "withdrawal" time of the particular medication used. The "withdrawal" period for a prohibited substance is calculated to ensure a horse is presented clear of the prohibited substance when competing. In certain situations, specifically for longer acting corticosteroid preparations such as methylprednisolone, and for injections into low volume joints such as the lower hock joints, the recommended "withdrawal" period may be much longer than the minimum stand down time prescribed by AR.87, and as such must continue to be observed.

Note: The administration of intra-articular substances is a "treatment" according to AR.104 and therefore must be recorded by a trainer and/or their veterinarian as required by this Rule. Trainers are reminded that all race horses must be presented to race free of prohibited substances. For advice concerning the use of therapeutic products that may contain

prohibited substances trainers should consult their stable veterinarian, or contact the RWWA Veterinary Department on (08) 9445 5459 or (08) 9445 5305.

ARSENIC - Notice to Horse Trainers

Trainers and industry participants are reminded that Arsenic is a prohibited substance under both the Harness and Thoroughbred Australian Rules of Racing, when found at a level above the threshold value of 0.30 milligrams per litre in urine.

Arsenic is a chemical element which occurs in many minerals and trace amounts may be present commonly in feeds and in groundwater in the environment.

Registered veterinary products that contain Arsenic based compounds include:

Arcyl Solution for Injection Ferrocyl injection

Troy Invigorate Injection Jurocyl Injection.

Horse trainers are therefore reminded to avoid using these preparations close to racing, and a useful guideline is not to administer them following a single dose within a 5 clear day period before racing. Multiple administrations will prolong this period, so extreme caution must be exercised if administering them on consecutive days. The administration of any of these preparations must be recorded as treatment in a trainer's medication log book.

A recent Australian study concluded that it is possible that Arsenic levels in horse urine may be elevated following the ingestion by a horse of Chromated Copper Arsenate (CCA) treated pine timber, a common component of horse stables and paddock fencing.

Consequently, RWWA Stewards advise that it would be prudent for trainers and industry participants to conduct an environmental audit of their facilities to ensure they eliminate access of the racehorses in their care to CCA treated pine timber products, or any other product that may present a similar risk of an elevated Arsenic level in any race day sample.

RWWA Stewards recently concluded several inquiries into matters relating to the presentation of horses by trainers with Arsenic levels above the threshold. In those matters a conviction without penalty was recorded and the horses concerned were disqualified. RWWA provides notice to trainers and industry participants that future action taken by RWWA Stewards, in matters relating to the presentation of horses with Arsenic levels which exceed the threshold, may result in penalties being imposed, regardless of any evidence relating to ingestion of CCA treated timber products or any other source.

Queries can be directed to your Veterinarian or the RWWA Veterinary Department on (08) 9445 5459.

22 February, 2018.

COBALT - NOTICE TO TRAINERS

Cobalt is a naturally occurring trace element which may normally be present in horses at very low levels as a result of the ingestion of feedstuffs that contain it in trace amounts. Cobalt is also present in the structure of vitamin B12 (cyanocobalamin). However, it is known that excessive amounts of cobalt have an effect on the blood system and therefore it can also be considered as a prohibited substance according to the Rules of Racing when it is at levels above those naturally occurring or as a result of routine nutritional sources, thus a threshold level was introduced into the rules of racing to control the use of cobalt in race horses.

The rules of racing prescribe a threshold limit for cobalt in race day urine samples at 100micrograms per litre and in race day plasma samples at 25 micrograms per litre.

Therefore trainers are advised:

- That a normal racing diet is more than sufficient to meet a horse's nutritional requirements for cobalt and vitamin B12.

VETERINARY NOTICES

- Injectable cobalt supplements, banned under provisions of AR252A, offer no nutritional advantages because incorporation of cobalt into the vitamin B12 molecule occurs within the horse's gut.
- To consult with their veterinarians to ensure that their oral supplementation regimen provides only the amount of cobalt necessary to meet the scientifically established nutritional requirements of the horse for cobalt.
- To administer only nutritional supplements that are manufactured or marketed by reputable companies and to administer such supplements only at the manufacturer's recommended dose and frequency of administration.
- To avoid the simultaneous use of multiple supplements containing cobalt and vitamin B12.
- That administering products that are inadequately labelled, that make claims to enhance racing performance or to be 'undetectable', or which are marketed over the internet is extremely unwise.
- To comply with the one clear day restriction on the injection of any substance prior to racing.

Whilst the threshold has been set at a level to allow for normal levels of cobalt supplementation through routine nutritional sources, trainers are advised that the administration of certain registered vitamin supplements, particularly by injection, close to racing may result in a level of cobalt in a subsequent sample that exceeds this threshold. Trainers are therefore advised to avoid the use of these supplements close to racing.

No injections within one clear day prior to racing

The rules of racing make it an offence for any person (including a trainer, anyone else in charge of a racehorse or a veterinarian) to insert a hypodermic needle into a horse within the one clear day prior to a race.

By way of example, if a horse is racing on a Saturday, the last time that the horse may be injected is midnight on the Thursday prior to the race. The horse must not be injected on the Friday or at any time on the Saturday prior to the running of the race. The one clear day ban on injections prior to competition includes, but is not limited to, the administration by injection, whether intravenously, intramuscularly, subcutaneously or any other route, of the following medications and substances:

- intravenous infusions, fluids and electrolytes;
- vitamin and mineral supplements;
- haematopoietic (blood building) agents;
- all Schedule 4 Prescription Animal Remedies and Prescription Medicines for injection; and
- any other agents for administration by injection.

However, it is noted that, for the purpose of proving a breach of AR.178AB, it is not necessary to establish what (if any) substance was injected, or was attempted to have been injected, into the horse.

Importantly, under the new rule, a person must not, without the permission of the Stewards, insert a needle into a horse for the purpose of blood sampling for health and fitness assessment during the one clear day prior to a race. The obvious exception to the Rule is the collection of official pre-race or out-of-competition blood samples at the direction of the Stewards for the purpose of drug analyses.

IMPORTANT NOTE: The timing of the administration of many injectable products will be determined by the detection periods for the prohibited substances contained in those products. In most cases, the detection periods will be in excess of the one clear day prior to competition.

TESTING OF NON-RACE DAY (ELECTIVE) SAMPLES

Trainers should be aware that unpredictable and prolonged excretion times can result from the therapeutic use of certain, specific prohibited substances including long-acting corticosteroids (particularly Depo-Medrol - methyl-prednisolone acetate) and procaine, from the use of procaine penicillin.

Elective testing is strongly recommended for the above medication categories as reliable detection times are difficult, and in some cases impossible, to provide.

Through the Stewards, the ChemCentre will analyse non-race day elective urine samples for certain long-acting therapeutic medications, to determine the suitability for racing after treatment.

The following long-acting medications can be tested for under the program:

- Corticosteroids (i.e. Depo-Medrol)
- Procaine (from procaine penicillin)

Trainers and veterinarians are encouraged to use this service; however, it does not remove the responsibility, under the Rules of Racing, for a trainer to present all animals under their control free of any prohibited substances on race-day.

a) Sample Submission

1. Urine is required for testing unless specified otherwise.
2. Samples are submitted through the RWWA Stewards or Veterinary Department.
3. Stewards/RWWA Veterinarians must be advised prior to sample submission.
4. Trainers will be charged through the RWWA accounting system.
5. Samples should be submitted in a clean jar/container with lid or a urine collection bottle available from the Stewards.
6. The following details must be supplied when samples are submitted.
 - Animal name and sex.
 - Medication name/s for which the sample is to be tested.
 - Treatment details i.e. medication/dose/date administered.
 - Trainer's name and contact details
7. Stewards will advise trainer when results are received

Cost of sample analysis (all prices include GST)

- \$200.00 per medication category
- Results will be available approx. 7 working days after sample submission to the ChemCentre.
- For further information contact the RWWA Veterinary Department 9445 5459 or Stewards

SCREENING LIMITS

It is hereby notified that screening limits applicable to the following therapeutic substances, applicable in both Thoroughbred and Harness Racing, are set out as follows:

- acepromazine - 0.02 nanograms per millilitre (ng/mL) in plasma
- acepromazine - 0.02 nanograms per millilitre (ng/mL) in plasma
- acepromazine - 10ng/mL of the 2-(1-hydroxyethyl) promazine sulphoxide metabolite in urine
- betamethasone - 0.20ng/mL in urine
- butorphanol - 0.01ng/mL in plasma
- butorphanol - 1ng/mL in urine
- carprofen - 100ng/mL in plasma

VETERINARY NOTICES

- carprofen – 100ng/mL in urine
- clenbuterol – 0.1ng/mL in urine (date of effect 1 April 2023)
- dantrolene – 3ng/mL of the 5-hydroxydantrolene metabolite in unhydrolysed urine
- detomidine – 0.02ng/mL of the 3'-hydroxydetomidine metabolite in plasma
- detomidine – 2ng/mL of the 3'-hydroxydetomidine metabolite in urine
- dexamethasone – 0.2ng/mL in urine
- diclofenac – 50ng/mL in urine
- dipyrone – 1000ng/mL of the 4-methylaminoantipyrine metabolite in urine
- eltenac – 50ng/mL in urine
- firocoxib – 2ng/mL in plasma
- flunixin – 1ng/mL in plasma
- flunixin – 100ng/mL in urine
- frusemide – 0.1ng/mL in plasma
- frusemide – 50ng/mL in urine
- hyoscine butylbromide (or n-butylscopolammonium) – 0.05ng/mL in plasma
- hyoscine butylbromide (or n-butylscopolammonium) – 25ng/mL in urine
- ipratropium – 0.25ng/mL in urine
- ketoprofen – 2ng/mL in plasma under the condition of a single IV or oral dose
- ketoprofen – 100ng/mL in urine
- lignocaine – 0.05ng/mL in plasma
- lignocaine – 10ng/mL of the 3'-hydroxylignocaine metabolite in urine
- meclofenamic acid – 5ng/mL in plasma
- meclofenamic acid – 250ng/mL in urine
- medetomidine – 0.02ng/mL of 3'-hydroxymedetomidine in plasma
- medetomidine – 5ng/mL of 3'-hydroxymedetomidine in urine
- meloxicam – 1ng/mL in plasma
- meloxicam – 10ng/mL in urine
- mepivacaine – 0.05ng/mL in plasma
- mepivacaine – 10ng/mL of the 3'-hydroxymepivacaine metabolite in urine
- methocarbamol – 100ng/mL in urine (when restricted to a single oral or IV treatment of no more than 5 grams of methocarbamol)
- naproxen – 250ng/mL in urine
- phenylbutazone – 100ng/mL in plasma
- phenylbutazone – 100ng/mL in urine
- romifidine – 1ng/mL in urine
- salbutamol – 0.5ng/mL in urine
- triamcinolone acetate – 0.5ng/mL in urine
- vedaprofen – 5ng/mL in plasma
- vedaprofen – 50ng/mL in urine

Screening limits do not affect liability

The implementation of screening limits in racing is not intended and

does not operate to mean that for the purpose of the Rules of Racing the therapeutic substance only becomes a prohibited substance if and when the screening limit is exceeded.

It shall not be a defence to any charge under the rules of racing that the result of any initial screening test should have been below the screening limit for the therapeutic substance in question."

Advice of detection periods

Industry participants are advised that more information on the detection periods for many of the therapeutic drugs assigned screening limits is available on the Agrifutures

website: agrifutures.com.au/rural-industries/thoroughbred-horses/

In making any decision regarding the administration of a prohibited substance to a horse that is entered to race, industry participants are reminded of their responsibilities in undertaking the appropriate level of due diligence and risk analysis in researching the available information on detection periods, including the seeking of veterinary advice and adding an adequate safety margin. Participants are advised to take a conservative approach, and consider all variables such as dose, length of treatment and route of administration, when calculating withdrawal times for therapeutic substances where information on detection times is available.

Participants are also advised that a best-practice approach would dictate that no medication, irrespective of its detection period, should be given within 2 clear days of racing.

OFFICIAL RACING LABORATORIES

"Official Racing Laboratory" means an analytical racing laboratory which is approved by Racing Australia.

Note: The following have been approved by Racing Australia as Official Racing Laboratories:

Australian Racing Forensic Laboratory, Sydney

Queensland Racing Integrity Commission - Racing Science Centre, Brisbane

Racing Analytical Services Limited, Melbourne

Racing Chemistry Laboratory, Chemistry Centre (W.A.), Perth

The Hong Kong Jockey Club Racing Laboratory, Sha Tin, Hong Kong

New Zealand Racing Laboratory Services Limited, Avondale, Auckland, New Zealand

Sport and Specialised Analytical Services, LGC, Fordham, Ely, Cambridgeshire, United Kingdom

Australian Sports Drug Testing Laboratory, Sydney ChemCentre, Western Australia

National Measurement Institute (NMI), Sydney (trace element analysis)

Institute of Biochemistry, German Sport University, Cologne, Germany

Laboratory of Racing Chemistry, Tochigi, Japan (reserve portion/B sample analysis)

CONTROL OF RACE DAY TREATMENT/MEDICATION OF RACEHORSES

With a number of Rules now restricting medication and treatments of various kinds before competition, the following are guidelines regarding medications/treatments that may be approved by the Stewards on veterinary advice when a request is made to the Stewards for permission to treat a horse on race day.

VETERINARY NOTICES

Guidelines for treatments/medications that can be permitted on race day prior to the race – prior approval of the Stewards not required

Topical application of hoof oils/dressings/grooming products

The application of routine, non-medicated hoof oils/dressings is permitted on the day of racing. The exception is those products that contain medications or herbs that claim therapeutic effects such as analgesia or anti-inflammatory actions.

The application of commercial baby oil or petroleum jelly preparations to lubricate/prevent chaffing of a body area, or a grooming product, is permitted to be applied pre-race. Any product so used must be kept in its original container that has applied to it the original product label, must not be altered or modified by the addition of any other substance/s, and must be available for inspection by the Stewards and official veterinarian. The Stewards may take possession of any such preparation for testing for prohibited substances.

Shampoos and fly sprays

Shampoos, including those that are antiseptic or contain an anti-fungal agent, are permitted to be used on race day prior to racing. Fly sprays are permitted to be used on race day prior to racing.

Physical therapy as treatment

Vibratory massage systems may be used in the stable on the morning of the day of the race but are not permitted on the racecourse.

The application of ice/cold water to musculoskeletal structures

The application of ice or chilled water to, or the use of whirlpool boots or systems such as “Game Ready” on musculoskeletal structures are permitted in the trainer’s stables on the morning of race day but are not permitted to be used pre-race in the race day stalls on-course.

Treatments/medications permitted on race day before the race – prior approval of the Stewards required

Other topical preparations

While creams, ointments and powders for topical use are considered to be medications, circumstances may arise when a horse suffers a minor wound that does not affect its suitability to race but would benefit from the application of a topical antibiotic or antiseptic treatment. Such a preparation must be a registered veterinary preparation or human therapeutic good which contains only an antibiotic or antiseptic as its active ingredient, and which is clearly stated as such on its product label. Any product so used must be kept in its original container that has applied to it the original product label, must not be altered or modified by the addition of any other substance/s, and must be available for inspection by the Stewards and official veterinarian. The Stewards may take possession of any such preparation for testing for prohibited substances.

Trainers must apply to the Stewards for permission to administer a topical antiseptic/antibiotic preparation before a race on race day. Horses having received such permission for the application of a topical medication must be inspected by an official veterinarian on arrival at the racecourse.

Treatments/medications prohibited on race day prior to the race;

Routes of administration

Unless excepted in the guidelines above, any substance administered by injection, by stomach tube, by paste, by dose syringe, by topical application or by inhalation will be considered to be a treatment and just not be administered on race day prior to the race. Furthermore, there are other pre-competition restrictions on certain treatments/procedures that are imposed by AR.64G, AR.178AA and AR.178AB.

Clay poultices

Clay poultices may be applied to the legs no later than the day before racing but must be removed the morning of the race and must not be re-applied on race day before the race. All traces of clay poultices must be removed prior to arrival on-course.

Glycerine and Vicks Vaporub®

The application of products such as Glycerine and/or Vicks Vaporub® by any means is not permitted prior to racing on race day.

Physical therapy as treatment

The following physical treatments are not permitted to be used at any time before racing on the day of a race:

- acupuncture
- laser and infra-red treatments
- chiropractic manipulations
- magnetic field therapy
- transcutaneous electrical nerve stimulation (TENS) and any other form of electrical stimulation
- Extra-corporeal shock wave treatment (ESWT)
- Shock wave treatment of racehorses is prohibited for seven clear days prior to racing

NOTICE TO TRAINERS

BAN ON INJECTABLE PRODUCTS CONTAINING COBALT SALTS

From 1 May 2021, the Australian Rules of Racing will prohibit:

- the possession of injectable products containing cobalt salts; and
- the administration of cobalt salts by injection.

These bans are set out in new rules AR 252A (possession) and AR 254A (administration). Penalties apply for failure to comply with these rules.

Racing Australia reiterates its view that there is no place for injectable supplements containing cobalt salts in racing when there is no therapeutic rationale for their use. This is because (among other things):

- a typical daily diet of a racehorse meets their daily dietary cobalt requirement;
- there have been no reported cases of cobalt deficiency in horses; and
- there is no nutritional, medical or welfare justification for the administration of cobalt by injection to a horse at any time.

There are four injectable veterinary products that have been either previously or currently registered and/or available for use in horses that contain cobalt salts.

- NV V.A.M Injection;
- Troy Hemoplex Injection;
- Hemo-15 Vitamin-Amino Acid Injection; and
- NV Haemo Injection.

Possession and/or administration of these products (and any other registered or unregistered injectable products that contain cobalt salts) are prohibited under the new rules from 1 May 2021.

Trainers are advised to check the active constituents of all injectable veterinary supplements they currently hold. Further, it is advised that trainers carefully check the active constituents of any injectable veterinary supplements at the time of purchase to ensure that no injectable products are purchased or held that would be an offence under the new rules.

Notice regarding the detection of the bronchodilator drug clenbuterol

The International Screening Limit (ISL) for clenbuterol of 0.1ng/ml in urine has been adopted by Racing Australia and will be implemented by Australian racing laboratories with effect from 1 April 2023.

This will have important implications for the detection of clenbuterol following its administration to racehorses, and will lead to a **prolongation of detection times** for this substance.

The European Horserace Scientific Liaison Committee (EHSCL) has published detection time information for clenbuterol following both oral and nebulised administration. The published detection times of **13 days (oral)** and **6 days (nebulised)**, for the stated dosage regimen and pharmaceutical preparations, are valid for the new ISL to be applied by Australian racing laboratories.

The EHSCL detection time document can be found here;

[https://www.ehslc.com/images/uploads/documents/EHSLC_DETECTION_TIMES_\(updated_1_February_2021\).pdf](https://www.ehslc.com/images/uploads/documents/EHSLC_DETECTION_TIMES_(updated_1_February_2021).pdf)

It should be noted that the revised detection times for clenbuterol are longer than the 3 - 4 days (oral) and 2 days (nebulised) previously reported, using the analytical methodology at that time, in the Australian Equine Veterinary Association (now Equine Veterinarians Australia - EVA) publication 'Detection of Therapeutic Substances in Racing Horses' ('The White Book').

Veterinarians are therefore advised that recommended withdrawal periods for treatment with clenbuterol (for example, in products including, but not limited to, *Airway Gel*, *Claire Gel*, *Broncopulmin Powder*, *Ventipulmin Granules*, *Ventipulmin Injection* and products in combination with trimethoprim and sulfadiazine) must be based on the published EHSCL detection times and not on the previous advice provided in the 'The White Book', and that trainers are warned accordingly.

The EHSCL detection times appear, alongside those previously published in 'The White Book', in the current Equine Veterinarians Australia (EVA) publication 'Equine Medication Detection and Withdrawal Times: A Survey of Veterinarians in Australia'.

It is important to note that a withdrawal (or withholding) period is not the same as a detection period. Any withdrawal period should be calculated based on the published detection time, with the addition of a suitable safety margin based on the circumstances of the administration, including dose, route of administration and preparation administered.

It should also be noted that none of the veterinary preparations containing clenbuterol registered for use in Australia are registered for administration by nebulisation. Such administration therefore represents off-label use of these products.

The screening limit of 0.1ng/mL in urine for clenbuterol will come into effect on **1 April, 2023**.

AR 252A Possession of injectable products containing cobalt salts

- (1) A person must not have in his or her possession, or on his or her premises, any injectable product which contains cobalt salts.
- (2) The Stewards may confiscate any product referred to in subrule (1) and use it as evidence in any inquiry, hearing or other proceeding under the Rules.

AR 254A Administration of cobalt salts by injection

- (1) A person must not:
 - (a) administer;
 - (b) cause to be administered;
 - (c) attempt to administer; or
 - (d) be a party to the administration or attempted administration of, a product containing cobalt salts to a horse by injection.
- (2) If the Stewards are satisfied that a horse has been, or is likely to have been, administered a product containing cobalt salts by injection, the Stewards may prevent the horse from starting in any race, official trial or jump-out.
- (3) If a horse has been administered a product containing cobalt salts by injection, but the horse competes in a race, official trial or jump-out, the horse may be disqualified from that race, official trial or jump-out.
- (4) For the purposes of this rule, an "injection" includes, but is not limited to, the insertion of a hypodermic needle into a horse.

Date of effect: 1 May 2021

NOTICE TO TRAINERS

PROHIBITED SUBSTANCE – ZOLEDRONIC ACID

Racing Australia is aware that the APMVA has issued a PERMIT TO ALLOW SUPPLY AND MINOR USE OF AN UNREGISTERED VETERINARY CHEMICAL PRODUCT for Zoledronic Acid.

The substances set out in Schedule 1, Part 1, Division 1 of the Rules of Racing (i.e. Prohibited List A) are specified as prohibited substances at all times.

Racing Australia is of the view that these substances have no place in the treatment of racehorses and that their use is a risk to the integrity of racing and/or the welfare of horses.

Trainers are reminded that pursuant to Item 23 of Prohibited List A, Zoledronic Acid is listed as a prohibited substance. Accordingly, it is prohibited at all times.

Trainers are reminded of their obligations under the Rules of Racing with respect to substances that are listed in Prohibited List A, bearing in mind that any finding of guilt could result in a substantial penalty.

This includes Trainers' obligations under AR 250, which provides that a person must not have in their possession any prohibited substance on Prohibited List A or any substance or preparation containing a prohibited substance on Prohibited List A. Accordingly, Trainers are reminded that they must not have in their possession (which clearly includes being located/stored at their stables) any Zoledronic Acid or any preparation containing Zoledronic Acid.

THOROUGHBRED RACING CLEAR DAY RULE CHARTS

THE CHARTS BELOW RELATE TO THOROUGHBRED RULES OF RACING WHICH PROHIBIT THE ADMINISTRATION OF SUBSTANCES OR TREATMENTS FOR A NUMBER OF CLEAR DAYS PRIOR TO A RACE, OFFICIAL TRIAL OR JUMP OUT.

THESE CHARTS SEEK TO ASSIST THE TRAINER BY VISUALLY SHOWING THE DAYS ON WHICH SUBSTANCES OR TREATMENTS CANNOT BE ADMINISTERED.

THE YELLOW HIGHLIGHTS REPRESENT **CLEAR DAYS** ON WHICH THE SUBSTANCE OR TREATMENT CAN NOT BE ADMINISTERED. THE GREEN HIGHLIGHTS REPRESENT THE DAY OF THE **RACE, OFFICIAL TRIAL OR JUMP OUT**. THE RED HIGHLIGHTS REPRESENT THE **LAST DAY THE SUBSTANCE OR TREATMENT CAN BE ADMINISTERED**. SUBSTANCES OR TREATMENTS CANNOT BE ADMINISTERED ON THE DAY OF A RACE OR OFFICIAL TRIAL, PRIOR TO THAT RACE OR OFFICIAL TRIAL.

JUNE 2021

AMENDMENTS TO RULES OF RACING

AMENDMENTS TO RWWA RULES OF THOROUGHBRED RACING

In accordance with Section 45 (1) (a) of the Racing and Wagering Western Australia Act 2003, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Thoroughbred Racing be amended as detailed below.

AMENDMENTS TO NATIONAL RULES EFFECTIVE 1 JUNE 2023

Add New Rule 88B

AR 88B Horses returning from extended layoffs, injuries etc.

(1) Where a horse has not participated in a race for 12 months or more, the trainer and any other person in charge of the horse must comply with the Racing Australia Code of Practice: Horses that have not started for 12+ months (as amended from time to time) in respect of any future running of the horse in a race, official trial or jump-out.

(2) Where a horse is detected with a cardiac arrhythmia, or where a cardiac arrhythmia has been identified, following a race, official trial, jump-out, or at any other time, including, but not limited to, following track work, the trainer and any other person in charge of the horse must;

(a) report the detection or identification of a cardiac arrhythmia to the Stewards without delay, and

(b) comply with the Racing Australia Code of Practice: Cardiac arrhythmias detected during post-race inspections (as amended from time to time) in respect of any future training of the horse and/or running of the horse in a race, official trial or jump-out.

(3) Where a horse has sustained a major fracture and/or undergone major orthopaedic surgery, the trainer and any other person in charge of the horse must comply with the Racing Australia Code of Practice: Compulsory reporting of major fractures, orthopaedic surgery and approval of affected horses to return to racing (as amended from time to time) in respect of reporting such events and any future training of the horse and/or running of the horse in a race, official trial or jump-out. For the purposes of this subrule, "major fracture" and "major orthopaedic surgery" have the meanings given to them in the Code of Practice.

Amend AR 78

AR 78 12+ year old horses

...

(2) The Stewards may give their express permission for a horse aged 12 years to start in a race/s during its 12 year old racing season, if:

(a) the trainer provides to the Stewards a veterinary report in respect of the horse's condition and suitability to race, and any other information, examination or report as required by the Stewards;

(b) the trainer complies with the Racing Australia Code of Practice: Veterinary Inspections for 12 year old horses (as amended from time to time); and

(c) the Stewards are satisfied that the horse is suitable to race.

Amend AR 297

AR 297 Decision to retire named horse

...

(3) If a horse ceases to be eligible to race or be trained under this

rule, a person must not reinstate the horse to race or be trained **without unless he or she complies with the Racing Australia Code of Practice: Reinstatement of a retired racehorse (as amended from time to time) and obtains the express permission of a PRA or the Stewards.**

Summary

Racing Australia has introduced nationally consistent policies to address the following issues:

1. Horses that have not started in a race for 12 months or longer – returning to training and racing;
2. Horses that have experienced a cardiac arrhythmia after a race – returning to training and racing;
3. Horses that have suffered a major fracture and/or undergone major orthopaedic surgery – mandatory reporting and returning to training and racing;
4. Horses aged 12 years – pre- and post-race veterinary inspections; and
5. Horses that have been retired from racing – reinstatement for training and racing.

Each of these policies seek to improve horse welfare outcomes by clearly defining the protocols that must be adhered to when a horse is returning to training/racing after an extended period or serious injury.

These policies are given force under the Rules of Racing as Racing Australia Codes of Practice. While participants have general obligations to comply with such Codes and may be penalised for non-compliance (see AR 16 and AR 233), new rules have been introduced to impose specific obligations regarding participants' compliance with these new Codes, as follows:

- New AR 88B in Part 5 – Eligibility of horses to race, Division 2 – Restrictions/ exclusions in relation to participation of horses in races etc for 1-3 above;
- Amendments to AR 78 for 4 above; and
- Amendments to AR 297 for 5 above.

The Racing Australia Codes of Practice are located on their website via the following link;

<https://racingaustralia.horse/FreeServices/Codes-of-Practice.aspx>

These amendments come into effect as from 1 June 2023.

AMENDMENT TO LOCAL RULES

The current RWWA local rules and policies dictate that horses are only allowed to compete twice in one day, at certain race meetings including Landor and picnic meetings.

Some of the horses competing at these meetings were retired racehorses and despite the amateur status of them the distances raced were also not insignificant, which brought into question the propriety of allowing horses to compete in two races of 600-1000m in length. The contemporary racing environment surrounding the welfare of racing, and ex-racing animals, no longer supports practices of this kind.

The RWWA Animal Welfare Committee and the RWWA Integrity Department agreed to make adjustments to the local rules of racing and relevant supporting policies to limit horses to only compete in one race on any one day.

The Integrity Department will subsequently liaise with the committees of picnic race clubs to assist them to adopt this principle and thus meet contemporary community animal welfare standards.

AMENDMENTS TO RULES OF RACING

The wording, within Local Rule 57 (1) - except for at a meeting conducted by a Club where Stewards have granted permission for horses to run more than once on the same day as published in the Racing Calendar from time to time, has therefore now been removed.

The rule, following amendment as from 28 March 2023 will now read;

LR 57 LIMIT ON ACCEPTANCES

(1) Subject to LR57(2), a horse must not be declared an acceptor for more than one race to be conducted on any day.

(2) An emergency acceptor in any race may be declared an acceptor in another race at the same race meeting.

(3) If a horse is declared an acceptor for races in breach of LR57(1):

(a) The horse must be eliminated from a race or races in accordance with the balloting conditions published in the Racing Calendar from time to time.

(b) The Nominator or trainer of such horse is liable for:

(i) the scratching fee for any race from which the horse is eliminated; and

(ii) such penalty as the Stewards may impose.

AMENDMENT TO NATIONAL RULES (effective 1 February 2023)

1. Add New Rule 88A as follows:

AR 88A Horses (less than 4 years) treated with bisphosphonates

(1) This rule only applies to horses that are aged less than 4 years at the time of the relevant administration or attempted administration.

(2) A person must not:

(a) administer;

(b) cause to be administered;

(c) attempt to administer; or

(d) be a party to an administration or attempted administration of, any bisphosphonate to a horse aged less than 4 years.

(3) A horse that has been subjected to an administration of any bisphosphonate is:

(a) ineligible to participate in any race, official trial, jump-out or trackwork for a minimum of 12 months from the date of administration; and

(b) not permitted to race until 1 August of the year the horse turns 4.

(4) If a horse is subjected to an administration of any bisphosphonate:

(a) the trainer or owner of the horse (or his or her authorised agent) must, as soon as practicable after such administration, notify the Stewards;

(b) the Stewards shall then ensure that details of such administration and the horse's ineligibility to race are recorded in Racing Australia's national online database.

(5) A person must not:

(a) enter or run a horse in a race, official trial, jump-out or trackwork in contravention of subrule (3); or

(b) fail to notify the Stewards as required by subrule (4)(a).

(6) It is a defence to a charge laid under subrule (5) that the person was not aware, and should not reasonably have been aware, that the horse had been subjected to an administration of any bisphosphonate.

(7) For the purposes of this rule, a bisphosphonate includes but is not limited to tiludronic acid (disodium tiludronate) or clodronic acid (clodronate disodium tetrahydrate).

(8) Nothing in this rule affects Prohibited List A, which includes zoledronic acid and any other bisphosphonates not registered for veterinary use in Australia.

2. Add New Rule 88AA as follows:

AR 88AA Horses (4 years or older) treated with bisphosphonates

(1) This rule only applies to horses that are aged 4 years or older at the time of the relevant administration or attempted administration.

(2) A horse that has been subjected to an administration of any bisphosphonate is ineligible to participate in any race, official trial or jump-out at any time during the 30 clear days following midnight on the day of the administration.

(3) Where a horse has been nominated and/or entered for a race, official trial or jump-out, a person must not:

(a) administer;

(b) cause to be administered;

(c) attempt to administer; or

(d) be a party to an administration or attempted administration of, any bisphosphonate to the horse at any time within 30 clear days of the race, official trial or jump-out.

(4) A trainer must not enter or run a horse in any race, official trial or jump-out where the horse has been subjected to an administration of any bisphosphonate during the 30 clear days prior to the day of the race, official trial or jump-out.

(5) Where:

(a) a horse has been subjected to an administration of any bisphosphonate at any time during the 30 clear days prior to the day of a race, official trial or jump-out; or

(b) the Stewards reasonably suspect that there has been such an administration (as referred to in subrule (5)(a)),

the Stewards may order the scratching of the horse from the relevant race, official trial or jump-out.

(6) For the purposes of this rule, a bisphosphonate includes but is not limited to tiludronic acid (disodium tiludronate) or clodronic acid (clodronate disodium tetrahydrate).

(7) Nothing in this rule affects Prohibited List A, which includes zoledronic acid and any other bisphosphonates not registered for veterinary use in Australia.

Bisphosphonates are drugs that inhibit the normal biological mechanism for bone maintenance/repair, which can lead to an accumulation of micro-damage and bone fragility.

Bisphosphonates can also cause retention of calcified growth cartilage in skeletally immature animals, leading to developmental orthopaedic disease.

To compound these issues, bisphosphonates are potent analgesics and may disguise the signs of underlying serious

AMENDMENTS TO RULES OF RACING

orthopaedic injuries such as stress fractures in young animals.

Racing Australia advises that, for these reasons, bisphosphonates should never be used in young, skeletally immature, athletic horses.

Racing Australia also notes the ratification of the IFHA position (under Articles 6D and 6E of the International Agreement on Breeding Racing and Wagering), which is to:

- ban the administration of bisphosphonates to horses under the age of 3 years and 6 months; and
- prohibit administration of bisphosphonates to a horse on the day of a race or on any of the 30 days before the day of the race in which the horse is declared to run.

Racing Australia believes it is prudent for the Australian rules to adopt an age of 4 years (by calendar year/season of birth) as a more rational way of clearly demarcating to which horses this rule applies.

Accordingly, two new rules restricting the use of bisphosphonates in the racing industry have been introduced in respect of horses aged less than 4 years and 4 years or older.

Racing Australia has advised of the following additions to the National Rules which are applicable in Western Australia from 29 July 2022

AR 36A Fitness and propriety restrictions on persons who can own or race a horse

(1) Racing Australia, a PRA or the Stewards (as applicable) may restrict any person from holding an ownership or lease interest in a horse if, in their opinion, the person is not a fit and proper person to own or lease a horse.

(2) Without limiting subrule (1), except where otherwise permitted by Racing Australia, a PRA or the Stewards (as applicable), a person is not permitted to hold an ownership or lease interest in a horse if the person:

(a) has been convicted of an indictable criminal offence or a criminal offence involving violence against a person or dishonest activity in the previous 10 years;

(b) has been convicted of an offence under any animal welfare or prevention of cruelty to animals legislation in the previous 10 years; or

(c) is an undischarged bankrupt or is taking advantage of the laws in force for the time being relating to bankruptcy.

(3) Subject to subrule (4), a person must not enter or cause to be entered a horse in a race, official trial or jump-out where a person who is not permitted to hold an ownership or lease interest in the horse pursuant to subrule (1) or (2) purports to hold such an interest in the horse.

(4) Notwithstanding Racing Australia, a PRA or the Stewards assessing a person as fit and proper or not, any other PRA/s may conduct its own assessment as to that person's fitness and propriety before permitting him or her to own, lease or race a horse in that PRA's jurisdiction.

(5) For the sake of clarity and without limiting any other provisions of the Rules, an ownership or lease interest includes an interest held by a person (from 0% to 100% inclusive) as a:

- (a) director or shareholder of a company;
- (b) partner of a partnership or firm;
- (c) trustee of a trust;
- (d) manager or member of a syndicate,

and any other interest or position where the person is able to

exercise any control or influence in respect of a horse, or either directly or indirectly has the power to vote or participate in decisions in respect of the horse. (AR 36A added GG 29/7/22)

AR 36B Ownership via certain trusts prohibited

Without limiting any other provisions of the Rules and except where permitted by a PRA, an ownership or lease interest in a horse is not permitted to be held in a trust where the persons having an interest in the horse, beneficial or otherwise, are not readily and accurately identifiable (for example, where the trust is a discretionary trust with broad and potentially unlimited beneficiaries).

Add a Local Rule definition of "Controlling Body" with effect from 29 July 2022

There are some rules within the RWWA Rules of Thoroughbred Racing that refer to "Controlling Body" rather than the thoroughbred term "Principal Racing Authority" (PRA).

In order to provide clarification of what the meaning of a "Controlling Body" is, the following definition has been added;

Controlling Body means a relevant body or entity (including RWWA), provided for by legislation, that has the control and general supervision of Thoroughbred, Harness or Greyhound Racing within a State, Territory or Country.

AMENDMENTS TO RWWA RULES OF THOROUGHBRED RACING (effective 24 June 2022)

The Racing and Wagering Western Australia Board has repealed the local rules of racing, in each code, which required COVID-19 vaccination for racing participants.

These rules, which have been in place since 5 February 2022, have been vital in safeguarding the operation of racing through the pandemic but are no longer required.

Licences for racing participants which had been cancelled or suspended due to non-compliance with the rule will be reinstated.
