GAP UPDATE

GAP Intake

We are aware that some trainers have had difficulties in applying for an assessment spot with the new assessment booking process. We do not want to prejudice trainers who are experiencing difficulties with the technology. Our intention was to create a system that was semi-automated to allow trainers to book themselves in. This system has certainly been successful but like any new program we have identified improvements we can make. While we are working on these we have come up with the following plan.

Any trainers that have not made successful bookings for August or September can now nominate one dog for assessment and we will do our best to work through that list starting October and onwards. This allowance is being made for trainers who have a dog ready to submit onto the program but are having difficulties with technology. We hope other trainers will not take advantage of this option as it will defeat the purpose and will mean we cannot cater for those in the industry who are struggling with booking into the new system.

Important points

- Trainers who haven't been able to book a dog in August or September due to technological difficulties can nominate one dog for October onwards.
- This will mean we will not be opening bookings in the first week of September for October as we have done the past two months. The plan will be to recommence this booking system in the first week of October for November.
- This option is open from 12.30pm Wednesday the 2nd August and will be capped at 12.30pm on Thursday the 3rd August to keep numbers realistic
- Dogs must be ready for retirement
- Please email nominations to gapintake@rwwa.com.au and include dogs race name, microchip number, last start date (if applicable) and trainers details
- Trainer must have had dog in kennels for at least 4 weeks

CHANGES TO ABANDONED MEETINGS AND/OR RACES FROM AUGUST 4 ONWARDS

From August 4 onwards the Abandoned meeting payments will increase by 10%.

Abandoned Meeting

Where a meeting is abandoned after 8am on the day it is scheduled to be held, the following industry participant payments will apply:

- \$165 per runner discretionary payment eligible to compete at the time of the abandonment, should the meeting be abandoned after the advertised time for the commencement of kennelling, due to a non-natural event such as a mechanical failure to the lure or starting boxes.
- \$88 per runner eligible to compete at the time of the abandonment, should the meeting be abandoned on or after 2 hours before the advertised time for the commencement of kennelling, due to a natural event such as inclement or dangerous weather.
- \$55 per runner eligible to compete at the time of abandonment, should the meeting be abandoned prior to 2 hours before the advertised time for the commencement of kennelling.

MANDURAH TRACK UPDATE

An email update was sent to trainers regarding the progress at the Mandurah track.

The project has moved on from the initial demolition and discovery phase and has now entered the true construction phase heading towards completion.

Significant progress is expected over the next few weeks and what was only a shell of a track recently will soon resemble a full blown race track again.

As you can see in the photos the new rail infrastructure, fencing, starting box slabs and semaphore board are coming along well.

KENNEL NOTES – FROM THE STEWARDS

AMENDMENTS TO RWWA RULES OF GREYHOUND RACING

In accordance with Section 45 (1) (c) of the Racing and Wagering Western Australia Act 2003, notice is hereby given that the Board of Racing and Wagering WA has resolved that the RWWA Rules of Greyhound Racing be amended as detailed below.

AMENDMENTS TO NATIONAL RULES (effective 1 August 2023)

Add Sub-Rule 138 (e)

138 Meaning of exempted substance

An exempted substance includes the following substances:

(e) cyclosporin, tacrolimus, oclacitinib or lokivetmab when administered to a greyhound as an immunomodifier and where it has been prescribed by a veterinarian for the sole purpose of treating or preventing a chronic condition in a greyhound including superficial chronic keratitis (pannus) or allergic/atopic dermatitis.

Summary

Following a review by GA Veterinary & Analyst Committee and consultation with the Australian Greyhound Working & Sporting Dogs Veterinarians group within the AVA, the following four immunomodifying substances are added as exempted substances as they may be required to treat conditions such as pannus or allergic/atopic dermatitis.

Amend Sub-Rule 139 (1) (n)

139 Permanently banned prohibited substances, and certain offences in relation to them

1. The following prohibited substances, or any metabolite, isomer or artefact of any of them are deemed to be permanently banned prohibited substances:

n. hypoxia inducible factor (HIF)-1 stabilisers, including but not limited to cobalt and FG-4592, and hypoxia inducible factor (HIF) activators including but not limited to argon and xenon.

Summary

Amended to correct the wording from GF-4592 to FG-4592

Add Sub-Rule 140 (h)

140 Prohibited Substances subject to a threshold

In addition to the exempted substances, a substance is not a prohibited substance for certain offences identified in these Rules if detected at or below the following thresholds in a sample of the specified sample type:

(h) prednisolone at or below a mass concentration of 50 nanograms per millilitre in a sample of urine taken from a greyhound.

Summary

Following an administration study by Greyhound Racing Victoria (GRV) (oral), an historical administration study

by Greyhound Racing NSW (topical - eye), a population study by Racing Analytical Services Limited (RASL) and

GRV, a population study by LGC Sports Drug Laboratory in the United Kingdom and Great Britain (GB)

Greyhound Board, and a subsequent risk analysis with Greyhounds Australasia (GA) Veterinary & Analyst

Committee and GB Greyhound Board, the following internationally harmonised threshold has been agreed to for

prednisolone.

Thoroughbreds and Harness racing in Australia have a urinary threshold for prednisolone (free prednisolone) of

10 ng/mL (ug/L).

The GA Veterinary & Analyst Committee has agreed to the limit of 50 ng/mL in urine and has confirmed that this

should be prescribed as a threshold, to align with other codes, and be technically consistent.

Add Sub-Rule 146 (6) (g)

146 Therapeutic substances and screening limits

(6) The following screening limits apply:

(g) ketoprofen at a mass concentration of 5 nanograms per millilitre in a sample of plasma or 10

nanograms per millilitre in a sample of urine.

Summary

Following an administration study by the GB Greyhound Board, and subsequent risk analysis performed by GA

Veterinary and Analysis Committee (VAC), the above internationally harmonized screening limits have been

agreed to for ketoprofen.

Add Sub-Rule 147 (6) (d)

147 Residue substances and residue limits

(6) The following residue limits apply:

(d) procaine at a mass concentration of 5 nanograms per millilitre in a sample of plasma or 200

nanograms per millilitre in a sample of urine.

Summary

Following an administration study by Greyhound Racing Victoria, and subsequent risk analysis with GA

Veterinary & Analysts Committee and GB Greyhound Board, the above internationally harmonized residue limits

have been agreed to for procaine.

Amend Sub-Rule 25 (6)

25 Minimum Vaccination Requirements

(6) Unless a Controlling Body determines otherwise, a greyhound must not compete in any Event within five days

of the date it was administered a vaccine.

Summary

This National Rule has been introduced in line with the current Local Rule 25 which altered the seven days that a

greyhound must not compete, to five days.

AMENDMENTS TO LOCAL RULES (Effective 1 August 2023)

Delete Local Rule 25 Vaccination ineligibility

L25 Vaccination ineligibility

Pursuant to Rule 25 (6) the period of time that a greyhound must not compete in any Event shall be within five

days of the date it was administered a vaccine.

KENNEL NOTES – FROM THE STEWARDS

2022 to use or possess a tanned and professionally processed dry skin for purposes of trialling or

Summary

This rule is to be deleted as the date referred within it has now expired and National Rules are applicable.

Add Local Rule definition of “Possession”

possession for the purposes of these rules the Greyhounds Australasia (National) Rules definition of

possession does not apply and instead if any article, substance or thing is found at any premises (including any

vehicle, trailer or other means to transport greyhounds) used in relation to the training or racing of greyhounds,

then any person who owns, trains, races or is in charge of greyhounds at these premises is deemed to have

such article, substance or thing in their possession. Possess shall have a similar meaning.

Summary

Clearly outlines what “possession” means within the rules.

Delete Local Rule 148

L148 Possession of Substances

For the purposes of Rule 148, if any substance is found at any premises used in relation to the training or

racing of greyhounds, then any person who owns, trains, races or is in charge of greyhounds at these

premises is deemed to have the substance in their possession.

Summary

This rule is deleted as “possession” is now clearly defined within the new Local definition.

Updated Policy - Greyhound Passport for Export with effect 1 August 2023.

Greyhounds Australasia (GA) advise the Board approved update to policy for the approval of Greyhound Passport for export and the execution of Greyhound Australasia Rule 44 and Rule 45.

The updated policy provides clarification on destination country requirements (excluding New Zealand) for GA Greyhound Passport approval where greyhounds are being exported, for the purpose of:

- Racing and/or
- Breeding.

From August 1, 2023, Greyhounds Australasia recognised Racing & Breeding Authorities are limited to:

- Great Britain – Greyhound Board of Great Britain
- Ireland – Greyhound Racing Ireland
- Ireland – Irish Coursing Club
- United States of America – National Greyhound Association

Where the intended destination for the export of a greyhound is a country or jurisdiction where Greyhounds Australasia has no formal association with a recognised racing or breeding regulatory authority, a Greyhounds Australasia Passport will not be granted.

Exemption of destination requirements for GA Greyhound Passports, may be made for greyhounds that have been retired in accordance with the GA Rules and are being exported for the purpose of companion animal/pet.

All GA Greyhound Passport processing remains a Fee Free Service.

Under the revised policy, the destination exemption has been extended to a complimentary GA Greyhound Passport application for non-registered persons (third party owners) of retired greyhounds seeking export.

The Greyhound Passport for a retired greyhound is subject to confirmation that the greyhound is compliant with the GA Rules, in particular:

- GAR 22 Notification of retirement, and
- GAR 24 Mandatory sterilization of greyhounds retired as pets.

A Greyhound Passport can only be issued following the receipt and approval of a completed Greyhounds Australasia Greyhound Passport application form – forms are available at

<https://galtd.org.au/participant-services/passports/application-for-greyhound-passport/>

GREYHOUND INJURY FULL RECOVERY SCHEME (GIFRS)

Under GIFRS the ownership of a greyhound sustaining an eligible injury at a race meeting, or official trial, is transferred to RWWA's Greyhounds as Pets (GAP) program, following which the injured greyhound is transported to emergency care and all associated costs of surgery and rehabilitation are covered by RWWA. If suitable, the greyhound will then be rehomed post recovery through GAP's standard processes. To enter this scheme the managing owner is required to make a co-contribution of \$250. This scheme complements the Greyhound Injury Surgery Rebate (GISR), where RWWA offers a financial contribution, for eligible cases, to help the trainer and owner pay for the costs of veterinary care and rehabilitation.

RACING IN WESTERN AUSTRALIA IS A THRIVING COMMUNITY.

At its heart are the wonderful racehorses and greyhounds that bring it to life.

Sheer excitement and enjoyment aside, there is one overriding reason why about 24,500 people are part of the Western Australian racing world.

Animals are everything to us.

We respect and advocate for the animals of the industry, with constantly evolving welfare standards and regulations to protect their wellbeing.

We are passionate people. We are dog people. We are horse people.
